Above section 34642 meets 1/25-5/14.

Work Experience provides opportunities for students to acquire and demonstrate employer-desired workplace competencies and skills. Learning objectives are developed that link job duties to the student's area of study and/or career goals. Any job or internship may qualify. Students must complete 54 work hours for each credit earned. There are required meetings with the Faculty Advisor and workplace supervisor.

Students must have a job, internship or volunteer position as well as supervisor approval before registering for this course. You should plan to start the course in the first days of the class (by completing Forms A, B, C-Draft, Orientation Quiz). The Employer Agreement (Form B) must be submitted prior to any work hours counting for work experience. All course materials are distributed in Canvas. Students must complete the first assignments prior to Census or will be dropped from the course. For additional information regarding the course, program, or internship opportunities, or to receive the Application (Form A) and Employer Agreement (Form B) prior to the start of the semester, you can send an email to workexp@cuesta.edu.

Above section 34974 meets 1/19-3/13.

he majority of this blended course is scheduled with in person meetings (less than 51% of the course in distance education), and an online component. You will need to attend scheduled in-person meetings, utilize a device and maintain a reliable internet connection to access online course information. Before registering, please review the Course Welcome Letter/Sample Syllabus for essential instructor specific information. If the Welcome Letter or Sample Syllabus is unavailable, contact the instructor directly for assistance. Staying informed will ensure a smooth start to your online learning experience.

VOCE 565D - INTRODUCTION TO LIVESTOCK HEALTH

Provides students with an introduction to livestock health including applicable requirements of animal husbandry and farm safety. Applies principles that address animal care, housing, and feeding as they relate to animal health. Includes the evaluation of techniques for avoiding, recognizing, and treating common health problems. Covers the application of sustainable agricultural practices, and exploration of potential career paths. Repeatable.

Work Experience - Cooperative

WEXP 262 - WORK EXPERIENCE

Provides opportunities to connect academic curricula to experiential learning in the workplace as an internship, Service Learning placement or general employment. Allows students to develop and work on learning objectives in workplace competencies and technical skills relevant for their course of study and career pathway. Students must work 54 hours for each unit of credit earned, in half-unit increments (27 hours), up to a maximum of 4 units. Employment can be paid or unpaid. Transfer: CSU. Repeatable 3 times only.
