## Bond Income and Expenditure Summary

The first series of obligation bonds was issued in March of 2015 in the amount of \$75,000,000. The bonds were sold at a premium (an amount in excess of face value) and generated an additional \$6,114,164.05. The premium can only be used for limited items and traditionally is used to cover some administrative bond costs such as the cost of issuance and the underwriter's discount. The remaining amount is required to be paid to the county treasurer for the repayment of outstanding bonds. The premiums usage is included in the summary below.

As of June 30, 2017, interest income in the amount of \$75,919.19 has been received for the 4th Quarter of Fiscal Year 2016-17.
