Veteran’s Education Benefits
Information Packet

It is important to read and understand the information in this packet including the Cuesta College Veteran’s Bulletin Standards of Progress and Attendance. Failure to adhere to the Standards of Progress and Attendance may result in repayment of funds received and/or nonpayment of future educational benefits.

Federal law requires that all prior training, including your military training, be evaluated for allowable credit. You will be required to provide a Student Education Plan (SEP) prepared by a Cuesta College academic counselor. Your official transcripts from all prior colleges attended as well as your military transcripts must be on file in the Admissions & Records Office before the SEP can be prepared. An appointment is required for FIRST TIME students.

Your SEP will list your educational goal (major) as well as all courses that are required to achieve that goal. You will be certified for classes you have listed on your Veteran’s Request for Certification form only if they are listed on your SEP as classes that meet general education requirements, major requirements, prerequisites, or remedial coursework. Certification will only be completed for courses in which you are officially enrolled. WAITLIST courses will not be certified. Most students receiving Veterans Education Benefits do not need elective credits or PE activity courses.

Submit your Veteran’s Request for Certification form as soon as you register to expedite the certification process. Avoid changing your schedule once registered as this may create future payment issues, but if it is necessary to make schedule changes, you must notify the Veteran’s Office promptly. If extenuating circumstances exist for a withdrawal, please contact the Veteran’s Coordinator.

Standards of Progress and Attendance

In addition to the Academic Policies and Procedures as published in the Cuesta College Catalog of Information and Courses applying to all students, Public Law requires education assistance benefits to veterans and other eligible persons be discontinued when the student ceases to attend or to make satisfactory progress toward completion of their training objective. The school is required to have and to enforce standards of progress and conduct for the programs to be approved for Veterans Administration Benefits. *No payment of education benefits will be made for courses for which the grade assigned is not used when computing graduation requirements.*

**ATTENDANCE:** Regular attendance at all class sessions is a primary obligation of the student. Both the successful completion of college work and the financial support of the college are dependent on regular attendance. A normal class period is 50 minutes in length and students are required to remain for the entire period. Each college instructor will explain the absence policy for his or her class at the beginning of the semester; however, failure to attend regularly may result in a reduction of the student’s final grade, or in the student being dropped from the class altogether. In the event of a prolonged illness, instructors should be notified. Veterans should contact the Veterans Center Coordinator.

**ADD/DROP PERIOD:** The add/drop period is a brief period at the beginning of a semester officially designated by the school for unrestricted enrollment changes by students. The first two weeks of semester length classes are considered the add/drop period where no penalty is assessed in grade point average (GPA) determination. Other semester length classes; be sure you review the deadlines in Class Finder or consult with a Cuesta College Counselor.

**EXTENUATING CIRCUMSTANCES:** Circumstances which directly hinder the student’s pursuit of a course and which are judged to be out of the student's control. Some of the general categories of extenuating circumstances are: serious illness; serious illness or death in the student's immediate family; unavoidable conditions arising in connection with the student's employment such as geographical transfer or change in the hours or conditions of employment; discontinuance of a class by the school; or active duty military service, including active duty for training. Receipt of a failing grade upon completion of a course due to unsatisfactory work may be considered under extenuating circumstances if the student can demonstrate good faith in pursuit of a course AND the student submits evidence that they applied for tutorial aid, or consulted an academic counselor regarding an attempt to remedy the unsatisfactory work before completion. The VA requires documentary evidence in support of statements.

**REPEATING COURSES:** A student may not repeat a course in which a "C" or higher grade has been received. A grade of "D" may be repeated when school policy requires a "C" grade for transfer or the major requirements. Students may repeat for VA benefits a course in which a grade of "W", "I", "NC", “NP", or "F" has been earned.

**GRADING SYSTEM/ MINIMUM SATISFACTORY GRADE LEVEL:** A VA benefit recipient must receive and maintain a minimum 2.0 ("C") GPA for all units for which they are certified each semester/session unless written extenuating circumstances are provided. The following is how GPA is determined:

Any grade in which the student receives 0.0 grade point is considered failing for VA progress standards. The GPA is computed by dividing the total number of grade points by the total number of credits attempted for which grades were given.
GOOD STANDING, PROBATION, AND DISMISSAL: Below is a brief summary of the college’s academic progress standards. Refer to the college catalog for more information. Notification of any probation status will be made by the Admissions & Records Office and Veteran Center Coordinator to the student within 30 days of receipt of the grades.

General: Students at Cuesta College are required to maintain a specific level of academic performance to be in good standing. If a student has attempted twelve (12) more credits at Cuesta College but cannot maintain good standing, he/she will be placed on probation.

Good Standing: A 2.00 (C) is the minimum Cuesta College standard for a satisfactory GPA. The college’s minimum progress standard requires that a student complete at least 50 percent of the credits attempted with a letter grade.

Academic Probation: The student who has a grade point average (GPA) of less than 2.00 (C) for the most recently completed semester will be on academic probation. Second-time academic probation will result if an academic dismissal exists if at the end of the student’s next semester they have not achieved a 2.00 cumulative GPA.

Progress Probation: The student who has attempted twelve or more credits at Cuesta College, but has not completed at least 50 percent of those credits with a letter grade or a passing/credit grade will be on progress probation. Second-time progress probation exists if a student on first-time progress probation has not completed 50 percent of the attempted credits during the next semester. Third-time progress probation will result in a progress dismissal.

Dismissal: A student who does not meet the college’s minimum standards while on second-time academic probation status or third-time progress probation will be subject to dismissal from the college. A dismissed student is not eligible to register for credit classes.

Certification following reinstatement: Veteran’s Request for Certification must be received along with documentation from the counseling department that you are eligible to register for classes. Refer to the college catalog to review the procedures for reinstatement following dismissal.
