

16 Week Calendar Steering Committee Notes: Agenda 13

Meeting #12 Notes

Continued discussion and consideration of draft schedule grid and scheduling table.

Jacqui brought recent classroom schedules for the group to review and it was noted that there is room to accommodate longer classes, even in the most heavily used lecture rooms.

The group reviewed the 6|65|50 schedule and it suggested that the Friday classes start at the same time. This change was implemented.

Next – development of the application letter to CCCCCO. Meeting will resume after a response is received from the CCCCCO.

Agenda #13

Cal Poly Update

CCCCO request

Parking Lot
