- Discussed survey results from faculty survey and student survey. Student results as noted below.

#### 16-Week Student Survey Results

- over 180 students have responded
- 42% of students feel that it would be easier to balance their school, work and personal life.
  - 43% feel it would be harder to balance
  - 15% are neutral
- 51% of respondents feel that will improve their completion time
  - 37% are neutral and only 12% feel that it will delay their completion time
- 45% of respondents feel that it will be easier to manage their coursework and study habits
  - 36% feel that it would be harder to manage
  - 19% are neutral.
- overwhelmingly stated that they'd be likely to seek supportive services during a college hour (71%).

Drafted list of requests for Dr. Greg Baxley and CCFT (that Jill will email) including PT salary concerns, legislation that requires longer classes when in 16 week format, and timeline for an official vote.

I appreciate the great work you have done in reaching this milestone!
