

16 Week Calendar Steering Committee Notes: Agenda 5

Agenda #5:

1. Reports from subgroups
 - a. Schedule Grid & Scheduling Table
 - b. Educational Implications
 - c. Curriculum Scan
2. Parking Lot
3. Other

Meeting #4 Notes

Scheduling Grid and Scheduling Table discussion of evening out the concept of winners and losers in schedule grid. Also discussed new attendance accounting impacts as CCCC moves to a unit based apportionment model. Ryan and Matt will be asked to run scenarios.

Educational Implications noted that Automotive Tech, Welding, and EMT have identified potential space challenges based on current class schedules.

Curriculum Scan noted that they are meeting soon.

Parking Lot: Academic Calendar Subgroup to consider governance schedule, summer schedule, and Flex required to reach 16.8 term length multiplier.
