General Enrollment

Enrollment in the required course, KINE 201, has stabilized over the past three years. Moreover, as the course is now offered online, the enrollment looks to increase.

General Student Demand (Fill Rate)

General Efficiency (FTES/FTEF)

KINE 201 has continuously been more efficient than the college, whereas HEED 204 has not. This difference in efficiency may have been solved by offering less sections.

Provide and comment on any other data that is relevant to your program such as state or national certification/licensure exam results, employment data, etc. If necessary, describe origin and/or data collection methods used.

The current KINA offerings are weighted in the "Fitness" category. This has created a significant increase in students applying for a waiver from the three-movement category in the ADT. To address this issue, work has begun to move classes from the fitness category into other, also appropriate categories, such as Dance.
