It does not duplicate other training programs in the area. (You cannot prove a negative).

III. Is of demonstrated effectiveness as measured by the employment and completion success of its students, [Core Indicator Reports \(Summary by TOP code\)](#)

The reason the legal and paralegal programs were shown together in this report is because the Perkins indicators are shown for the whole of "Law". The Perkins report is shown below for the most recently available data which unfortunately was 2020-2021. It shows for all

programs with a Top Code starting with 14. The district (or college) met or exceeded the state in the first four Core Indicators (Skill Attainment, Completions, Persistence, and overall Employment). The college was below the state average in NT, which I believe is non-traditional participation and completion. Given this data is 3 years old, it would be informative to see what had changed after some time passing post-Covid.
