

CULINARY ARTS

ASSOCIATE DEGREE & CERTIFICATE PROGRAMS

2021-2022 CATALOG

DESCRIPTION

The Cuesta College Culinary Arts program offers students a variety of interesting and challenging courses from which to learn about food, including ingredient production, procurement, recipe development, dish preparation, plating, catering, product production, and the food industry.

The Culinary/Hospitality Associate in Science Degree, Culinary Arts Foundation Certificate of Specialization, and Culinary Arts Studies Certificate of Achievement provide job skills in a career technical educational program, and contribute to preparing students for careers in restaurants, bakeries, healthcare facilities, and craft production facilities.

The Plant-Based Sustainable Nutrition, Agriculture, and Culinary Arts Certificate of Specialization is listed under the Nutrition Department and Program Information Sheet.

Popular topics in Culinary Arts include: Food service career opportunities, professional chef attributes, kitchen management, food safety, equipment, preparation of classic stocks and mother sauces, breakfast dishes, proteins, pastas, breads, vegetables, culinary gardening, dressings, fruits, cakes, and pastries. Students have the opportunity to learn a variety of dish preparations, including regional traditions and contemporary variations, like whole-plant and allergen-free.

The Culinary Arts program is designed to integrate academic and lab training with real life experience in the field of Culinary Arts. Selected courses within the curriculum meet requirements for entry level employment, ServSafe Manager certification, transferability to CSU, and also provide students with lifelong learning knowledge, as well as consumer and industry-applicable skills.
