# ASSOCIATE DEGREES AND CERTIFICATES

To apply for an associate degree or certificate, complete the Cuesta College Associate Degree Application or the Cuesta College Certificate Application. An official evaluation of your records will be completed to determine if you have met your stated degree or certificate requirements. You may be automatically awarded degrees and/or certificates for which you have met the requirements but have not yet applied. You will be notified when your records have been evaluated.

Degree candidates are encouraged to participate in the Cuesta College Commencement Ceremony which takes place each May on the San Luis Obispo campus. Commencement information is available on the Evaluations Office website or commencement website at <http://bit.ly/cuestagrad>

## CATALOG RIGHTS

Catalog rights allow a student the ability to self-identify a particular catalog year which they will fulfill the published requirements for a particular degree or certificate. Catalog rights protect students from being unfairly disadvantaged when degree or certificate patterns change from one catalog year to the next. Thus, students may choose to graduate under catalog requirements in effect during the academic year they first enroll at Cuesta, or, during any preceding catalog year during the time of their continuous enrollment at Cuesta College. Continuous enrollment is defined as enrollment at Cuesta during at least one fall or spring term each academic year. Students who are not enrolled at Cuesta for two regular consecutive semesters (e.g. fall and spring) must follow degree and certificate requirements in effect at the time of their re-enrollment at Cuesta College. Students who are no longer enrolled at Cuesta College, but wish to obtain an active degree or certificate will need to fulfill the current degree/certificate requirements.

## RESIDENCY CREDIT REQUIREMENTS FOR DEGREE, CERTIFICATE, GE CERTIFICATION AND APPLICATION OF ALTERNATIVE EDUCATION CREDIT

Residency credit does **not** refer to with whether or not a student is a resident of the State of California.

Residency credit is defined as credits earned while in residence at the campus granting the degree, certificate, general education certification, or application of alternative education credit.

Credit that does not satisfy the residency credit requirement:

- Advanced Placement
- Credit-by-Exam
- Military
- Other alternative education credit

Residency credit required for the awarding of Cuesta

College degrees, certificates and general education certifications:

- **DEGREES** - Minimum of 12 semester credits
- **CERTIFICATE OF ACHIEVEMENT** - Minimum of two of the required courses
- **CERTIFICATE OF COMPETENCY** - Minimum of one of the required courses
- **CERTIFICATE OF COMPLETION** - Minimum of one of the required courses
- **CERTIFICATE OF SPECIALIZATION** - Minimum of one of the required courses
- **CSU GENERAL EDUCATION CERTIFICATION** - Minimum of one course (at least three semester credits)
- **IGETC** (Intersegmental General Education Transfer Curriculum) – Minimum of one course (at least three semester credits)

Residency credit required for the application of alternative education credit:

- **CREDIT-BY-EXAM** - Minimum 12 semester credits with "C" average work
- **ADVANCED PLACEMENT**- Minimum 12 semester credits
- **MILITARY CREDIT**- Minimum 12 semester credits of "C" average work

  - Arts and Humanities
  - Science
  - Social and Behavioral Sciences

For Depth, two courses must be from a single discipline  
For Breadth, at least three disciplines must be selected

## ASSOCIATE DEGREES FOR TRANSFER (ADT)

### A Degree with a Guarantee

Cuesta College offers Associate Degrees for Transfer to the CSU. This includes Associate in Arts (AA-T) and Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. Cuesta College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific or campuses, but can make you more competitive.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120 semester credits baccalaureate degree within 60 semester or 90 quarter credits.

To view the most current list of Cuesta College Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to <https://icangotocollege.com/associate-degree-for-transfer>. Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

#### Requirements:

1. Completion of 60 semester credits or 90 quarter credits that are eligible for transfer to the California State University, including:
2. The California State University General Education Breadth Requirements (CSU GE) or the Intersegmental General Education Transfer Curriculum (IGETC), and
3. A minimum of 18 semester credits or 27 quarter credits in a major or area of emphasis, as determined by the community college district.
4. A minimum overall grade point average of 2.0 in all CSU-transferable coursework.
5. A “C” or better grade or a “P” grade if the course is taken on a pass/no-pass basis, in all courses required

for the major or area of emphasis. External exams such as Advanced Placement, etc. are not subject to this grade restriction.

Per SB 1440 guidelines, students earning Associate Degree for Transfer are exempt from having to satisfy Cuesta’s local general education/graduation requirements.

Consult with the Cuesta College Transfer Center for mandatory application, evaluation and notification deadlines.

#### Important Information for Transfer-bound Students

Earning an associate degree may not guarantee transfer readiness into a particular CSU or UC campus or major. Consult with an academic counselor for details and a thorough evaluation of your transferable credits, grade point average, and lower division major preparation.

#### Required Records for Degree Evaluation

Cuesta College incorporates **all** associate degree applicable coursework from all regionally accredited institutions attended, into overall totals for the degree.

Official transcripts are required from all post secondary institutions attended. Incomplete or missing transcripts and other records will cause the degree to be denied.

Official documentation is required for Advanced Placement scores and other sources of alternative education.

Any foreign credentials must be independently evaluated and the official independent evaluation submitted to the Evaluations Office. Academic Credentials Evaluation Institute, Inc. (ACEI) is the preferred provider for independent evaluation of foreign credentials (<https://acei1.com>), and a “comprehensive” evaluation is required.

## CUESTA GENERAL EDUCATION

General education is a cohesive pattern of courses intended to serve three purposes: to strengthen students’ essential intellectual skills; to broadly introduce students to the core concepts and methods of the major disciplines; and to prepare students to lead enriched lives in our multicultural society. General education courses are distinguished from those required for a major or allowed as freely chosen electives. Courses in the general education category are “general” in two senses: independently, they survey the core concepts and methods of the discipline in which they are included; and they point, where possible, to the influences and contributions of the discipline to other disciplines, culture, human history and our quest to understand our universe.

Through this program, students will acquire the ability to think and communicate clearly and effectively both orally and in writing; to use mathematics and other symbolic systems; to understand the modes of inquiry of the major disciplines; to appreciate the structures and processes of the natural environment; to be aware of other cultures and times; to achieve insights by thinking about ethical and social problems; to understand and appreciate the history of U.S. culture and its governing institutions.

## OVERARCHING GENERAL EDUCATION OUTCOMES

Upon completion of the general education course pattern, in addition to the area-specific outcomes, students should be able to:

- identify, explain, and analyze the core concepts and methods of the major discipline in which the course is included;
- identify, explain, and analyze the influences and contributions of the specific discipline to other disciplines, cultures, human history, and our quest to understand the universe.
- organize, integrate, and critically analyze information within the course, using these skills to generate and evaluate alternative perspectives; and
- prepare students to live enriched lives in our multicultural society.

### AREA A: PHYSICAL AND LIFE SCIENCES

After successfully completing courses in this category, students will:

- demonstrate understanding of the scientific method and its role in research, analyze problems in a structured way, and develop and employ strategies for solutions using scientific principles.
- demonstrate understanding of the empirical bases for current scientific theories, how those theories develop and change, and how they explain the natural world.
- appreciate the influence of scientific knowledge on the development of civilization.

### AREA B: SOCIAL AND BEHAVIORAL STUDIES

After successfully completing courses in this category, students will:

- demonstrate understanding of the theories and be able to employ and evaluate the methods of social science inquiry.
- analyze and critically assess ideas about the individual, social groups, institutions and society, as well as their interrelationships, structure and function.
- use this knowledge to develop a capacity for self-understanding and to understand contemporary issues, conflicts, problems and their origins.

### AREA C: ARTS AND HUMANITIES

After successfully completing courses in this category, students will:

- recognize the value of the great works of the human imagination in a broad context and understand their contribution to human culture.
- analyze and appraise cultural/artistic achievements in verbal and/or non-verbal forms.

Since language acquisition is a door to understanding the arts and humanities of other cultures, students who acquire second language skills also fulfill the category C requirement.

### AREA D: ENGLISH AND MATH COMPETENCY REQUIREMENT

Competency in reading, written expression, and mathemat-

ics must be demonstrated. The reading and written expression competency requirement is satisfied by completing English 201A, or an equivalent college level writing course with a grade of "C" or better, from a regionally accredited institution.

The mathematics competency requirement is satisfied by completing Math 126B or 127, or a higher college level mathematics course, with a grade of "C" or better. Equivalent college level mathematics courses completed at regionally accredited colleges and universities are also acceptable.

(Note: Students who have been in attendance at Cuesta or any regionally accredited institution prior to Fall 2009 should see a Cuesta counselor to establish catalog rights regarding competency requirements.)

### AREA D1: COMMUNICATIONS IN ENGLISH

After successfully completing this category, students will be able to:

- read and write effective expository and argumentative prose with a focus on inquiry as well as persuasion.
- read critically in order to comprehend the central ideas and rhetorical techniques in the assigned texts.
- demonstrate an ethical use of various rhetorical techniques in their written work.

### AREA D2: ANALYTICAL THINKING

After successfully completing this category, students will be able to:

- construct and analyze statements in a formal symbolic system, and understand the relationship between the symbolic system and its various applications in the real world.
- appreciate the strengths and limitations of the system, its logical structure, and its derivation.

### AREA E: AMERICAN INSTITUTIONS

After successfully completing courses in this category, students will:

- demonstrate understanding of the impact of social, political, and economic forces in the historical development of the U.S.
- employ interpretative skills to analyze historical causes and effects.
- demonstrate an enhanced understanding of the interrelationship among the branches of our government over time.
- develop an understanding of U.S. cultural and social diversity, and ethnic, gender, and class conflict.

### DIVERSITY REQUIREMENT

After successfully completing the requirement, students will be able to:

- identify, assess, and challenge biased assumptions and behaviors of individuals and societal institutions.
- analyze inter-group relations within categories of identity, such as race, ethnicity, gender, religion, sexual orientation, class, ability, nationality, or age.

- examine struggles of non-dominant groups for power, justice, and access to resources.

### **HEALTH REQUIREMENT**

After successfully completing this requirement, students will be able to apply a breadth and depth of knowledge that is inclusive of all the dimensions of health (e.g., spiritual, environmental, social, mental, emotional, and physical). The scope and content of the health education course work in this requirement provides the student with the knowledge and problem solving skills essential to evaluate health literature, analyze personal health risks and promote lifestyle choices. This preparation empowers the student to make relevant choices applicable to their genetic, environmental, and health risk factors that ultimately optimize mind/body/spirit health over a lifetime.

- Describe and discuss content of the major chronic diseases in the United States.
- Evaluate individual risk factors for chronic diseases from a genetic, environmental, and lifestyle perspective.
- Describe and discuss content about communicable diseases/infections (e.g., STI's, Hepatitis C) including symptoms and prevention.
- Analyze the influence of environmental and nutritional concepts on food choices.
- Relate diet, exercise, and stress management to prevention of diseases and psychological well being.
- Develop an appropriate physical fitness program that includes cardiovascular conditioning, muscle strength and endurance training, and flexibility.
- Examine the relationship between values and beliefs and mental health. Utilize this relationship to create effective interpersonal communication in relationships, coping, prevention of addictive behaviors and personal safety.
- Analyze and apply spiritual concepts to improve health and wellness.

Alert! The Fall 2023 Cuesta General Education pattern will be available after May 2023. See a counselor for the '23-'24 pattern.

## Fall 2022 Cuesta College Associate Degree AA/AS General Education and Graduation Requirements

This AA/AS General Education pattern and Graduation Requirements apply to students earning an Associate of Arts (AA) or Associate of Science (AS) degree at Cuesta. Students planning to earn an Associate Degree for Transfer (AS-T or AA-T) should follow the CSU GE or IGETC pattern.

A Cuesta College Associate degree ("Associate in Arts" or "Associate in Science") is awarded after completion of the following:

- 60 semester/90 quarter credits of degree applicable course work, with at least 12 of the 60 earned at Cuesta College to meet "residency" requirements
- An overall grade point average of 2.0 in all degree applicable course work attempted
- Completion of a specified major/program of study, (program list available at <https://www.cuesta.edu/academics/index.html>)
- Completion of the Cuesta AA/AS General Education pattern and Cuesta Graduation Requirements listed on this document

Appropriate general education course work from their regionally accredited colleges or universities may be applied to this general education pattern. ## CAREER AND VOCATIONAL PROGRAMS

In addition to programs that prepare students for University transfer, Cuesta also offers career and technical programs designed to prepare students for immediate employment in a specific technical or vocational area. These programs range in length from one semester to several years to complete, depending on the area of study. The curriculum for these specialized programs is monitored by an advisory committee, which includes business and industry leaders, as well as Cuesta faculty and staff from the specific occupation or profession. Cuesta's programs are evaluated and reviewed on a regular basis to make certain that the curriculum is kept up to date with current industry and licensing standards, and to ensure that students are receiving the most relevant training and education available for their chosen field.

Cuesta College offers both Associate Degrees and Certificate Programs with career and vocational emphases:

### Associate in Arts and Associate in Science Degrees

Cuesta offers a variety of Associate in Arts and Associate in Science degrees in Technical and vocational subjects. An Associate Degree requires completion of a minimum of 60 semester credits of degree-applicable course work, to include major related course work, general education, and Cuesta graduation requirements in Health Education and Diversity. A minimum 2.0 overall GPA is required, and all courses required for a major must be earned with "C" grades or better. See the "Associate Degrees and Certificates" section of this catalog for additional information.

### Certificate of Specialization

A Certificate of Specialization is a course (or group of courses) designed to prepare a student for work in a specific field or profession. Unlike the Associate's degrees, Certificates of Specialization do not require completion of general education or graduation requirements. Most Certificates of Specialization total 15.5 semester credits or less. They are awarded to students who have completed the Certificate requirements with a minimum of "C" grade in each course required for the Certificate, who have met Cuesta residency requirements, and who have applied for the Certificate through the Enrollment Services office.

### Certificate of Achievement

A Certificate of Achievement is a group of courses designed to prepare a student for work in a specific field or profession. Unlike the Associate's degrees, Certificates of Achievement do not require completion of general education or graduation requirements. Certificates of Achievement must total 8 credits or more, and the completed Certificate is posted to the student's official transcript. They are awarded to students who have completed the Certificate requirements with a minimum of "C" grade in each course required for the Certificate, who have met Cuesta residency requirements, and who have applied for the Certificate through the Enrollment Services office.

### Certificate of Competency

A Certificate of Competency is a course (or group of courses) designed to those students in a recognized

career field articulated with degree applicable coursework, completion of an associate degree, or transfer to a baccalaureate institution. Unlike the Associate's degrees, Certificates of Competency do not require completion of general education or graduation requirements. They are awarded to students who have completed the Certificate based on program requirements for the Certificate who have met Cuesta residency requirements, and who have applied for the Certificate through the Enrollment Services office.

### Certificate of Completion

A Certificate of Completion are state-approved non-credit certificates programs of study. Unlike the Associate's degrees, Certificates of Completion do not require completion of general education or graduation requirements. They are awarded to students who have completed the Certificate based on program requirements for the Certificate, who have met Cuesta residency requirements, and who have applied for the Certificate through the Enrollment Services office.

Often students who have obtained employment after earning a Certificate of Achievement, a Certificate of Specialization, a Certificate of Competency, or a Certificate of Completion will return to Cuesta to continue with additional requirements needed to earn an Associate in Arts or an Associate in Science degree. Counselors are available to assist students with this process.

## EVALUATIONS, SUBSTITUTION WAIVERS AND POLICY APPEALS

Degrees and certificates are awarded by the Evaluations Office after a student has applied for the degree or certificate and after a formal review of the student's academic records has been made. Students who are planning to earn a degree or certificate should schedule regular appointments with a counselor to make sure that they are taking the right courses to meet their desired educational goal.

In certain circumstances, students may initiate a Substitution Waiver petition through Counseling Services to request use of coursework not already identified though transcript evaluation to meet requirements for one of Cuesta's degrees or certificates. These substitution course waiver petitions must first be reviewed by a counselor, and then are forwarded to the academic division office for review and decision by the academic division chair and the Dean of Academic Affairs. If approved, the form is submitted to Enrollment Services to retain a formal record of the decision.

In certain extenuating circumstances, students may submit an Evaluations Office "Policy Appeal for Extenuating Circumstances" to the Associate Dean of Financial Aid and Records when they have certain impediments that prevent them from completing all requirements for a degree or certificate, such as all general education course work, or all graduation requirements. The Associate Dean of Financial Aid has final say in the determination about whether to grant this appeal. Contact the Evaluations Office at (805) 546-3141 for further information.

## CREDIT FOR ALTERNATIVE EDUCATION

Cuesta College affirms that there is merit in awarding college credit for other than the traditional classroom experiences. Therefore, Cuesta College awards credit according to the policies stated below.

### Independent Studies

The option of Independent Study at Cuesta College provides an opportunity for an in-depth study or practicum experience by an individual student in a selected topic under the direction of an instructor. In order to qualify, a student must be in good standing, must be enrolled in another class in addition to the independent study course, and must have completed the prerequisite and preparatory course work. A student may not earn more than two credits for an independent study course in any semester/session. To initiate independent study, a student should confirm through the Enrollment Services Office eligibility to enroll in an independent study course and should contact the appropriate academic division.

Independent Studies follows all policies pertaining to academic credit classes.

## AP 4235 CREDIT FOR PRIOR LEARNING

References: Education Code Section; 66025.71, 66700, 70901, Sections 70901 and 70902, Title 5 Sections 55002, 55023, 55021, 55025, 55052, 55052

Students may demonstrate proficiency in a course eligible for Credit for Prior Learning and receive college credit through the approved alternative methods for awarding credit listed below:

- Achievement of a satisfactory score on an Advanced Placement (AP) examination
- Achievement of a satisfactory score on a Higher Level (HL) International Baccalaureate (IB) examination
- Achievement of a satisfactory score on the College Level Examination Program (CLEP)
- Evaluation of Joint Service Transcripts (JST)
- Achievement of an examination administered by other agencies approved by the District
- Evaluation of industry-recognized credential documentation
- Evaluation of student-created portfolios
- Satisfactory completion of an institutional examination, known as Credit by Examination, administered by the college in lieu of completion of an active course listed in the current college catalog
- Validated volunteer and civic activities (e.g. Peace Corps)

### Determination of Eligibility for Credit for Prior Learning

- The student must be in good standing in the District
- The student must have previously earned credit or noncredit from the District and have been re-admitted to Cuesta College as an active student, or the student must be enrolled in a current term in the District
- Students must have an official Comprehensive Student Education Plan

- The course must be listed in the current Cuesta College Catalog
- The student must not currently be enrolled in the course to be challenged
- Credit by Examination: The student must be registered in the District and neither currently enrolled in nor have received credit for a more advanced course in the same subject (may be waived by department)

A student shall be referred to the college's appropriate authority for assessment of prior learning if the student:

- is a veteran, a reserve, or an active-duty member of the armed forces, or
- holds industry-recognized credentials, or
- requests credit for a course based on their prior learning

Credits acquired by examination are not applicable to meeting of such unit load requirements as Selective Service deferment, Veterans, or Social Security benefits. Credits acquired by examination shall not be counted in determining the 12 semester hours of credit in residence required for an Associate degree.

### Prior Learning Assessment Grading Policy

- Grading shall be according to the regular grading system in accordance with Administrative Procedure 4230 Grading and Academic Record Symbols
- Students shall be offered a "Pass/No Pass" option, in accordance with Administrative Procedure 4232 Pass/No Pass Grading, if that option is ordinarily available for the course
- Pursuant to AP 4230 Grading and Academic Record Symbols and AP 4231 Grade Changes, students shall be given the opportunity to accept, decline or appeal the grade assigned by the faculty including cases of Credit by Examination

### Transcription of Credit for Prior Learning

- The student's academic record shall be clearly annotated to reflect that credit was earned by assessment of prior learning
- Credit earned by Credit for Prior Learning for a course shall be applied in the same way as if the course was completed by the student having enrolled in the course. This includes as appropriate:
  - o California Intersegmental General Education Transfer Curriculum (IGETC)
  - o California State University General Education (CSUGE) Breadth
  - o local community college general education requirements or requirements for a student's chosen program, or
  - o electives for students who do not require additional general education or program credits to meet their goals

### Fees for Credit for Prior Learning Assessment

- The District may charge a fee for Credit for Prior Learning assessment by examination. Fees may not exceed the enrollment fee which would be associated

with enrollment in the course for which the student seeks credit by examination.

**Advanced Placement - See Administrative Procedure 4236 Advanced Placement Credit.**

**International Baccalaureate**

Students requesting Credit for Prior Learning using International Baccalaureate (IB) shall receive credit for completing a satisfactory score on a District approved Higher level (HL) International Baccalaureate (IB) examination under the following circumstances:

- Official IB transcripts must be on file in the Records Office
- The student achieved a minimum acceptable score on the IB examination as recommended by the District's IB equivalency guide

**College Level Examination Program**

Students requesting Credit for Prior Learning using the College Level Examination Program shall receive credit for completing a satisfactory score on a District-approved College Level Examination Program (CLEP) under the following circumstances:

- Official CLEP transcripts must be on file in the Records Office
- The student achieved a minimum acceptable score on the CLEP examination as recommended by the District's CLEP Equivalency Guide

**Credit for Military Service/Training**

Students interested in Credit for Prior Learning using Joint Service Transcripts shall receive credit as recommended by the American Council on Education (ACE) Directory and approved by the appropriate discipline faculty of the college under the following circumstances:

- The student shall complete the Credit for Prior Learning assessment petition available in the Counseling or Records Office
- Official transcripts must be on file in the Records Office. These may include Joint Services Transcript (JST), Sailor/Marine American Council on Education Registry Transcript (SMART), Army and American Council on Education Registry Transcript Service (AARTS), Community College of the Air Force (CCAF), Coast Guard Institute (CGI), DANTES/USAFI, Defense Language Institute Foreign Language Transcripts (DLIFLC), Defense Manpower Data Center (DMDC), DLPT Examinee Results, DA Form 330 Language Proficiency Questionnaire, or verified copies of DD214 or DD295 military records.
- Credit course equivalency shall be determined by the faculty of the appropriate discipline

**Industry-Recognized Credentials**

Students interested in Credit for Prior Learning using industry-recognized credential(s) shall receive credit as recommended by the appropriate division chair or faculty designee:

- The student shall complete the Credit for Prior Learning assessment petition available in the Counseling or Records office

- Enrollment services shall grant credit for industry-recognized credential(s) that have already been evaluated and approved by the appropriate division chair or faculty designee

- If an industry-recognized credential(s) has not yet been evaluated and approved by the appropriate faculty:

- The student meets with the division chair or faculty designee to receive further instructions for industry-recognized credential(s) assessment
- The student submits all industry-recognized credential documents to the division chair or faculty designee for assessment of prior learning
- If the division chair or faculty designee determine the industry certification adequately measures mastery of the course content as set forth in the Course Outline of Record, the appropriate faculty shall sign the petition with the recorded grade, attach the industry-recognized credential(s), and forward the completed petition and supporting documents to the Records Office to be kept on file and recorded on the student transcript

**Student-Created Portfolio Assessment**

Students interested in Credit for Prior Learning using a student-created portfolio shall receive credit as recommended by the appropriate division chair or faculty designee under the following circumstances:

- A department approved portfolio assessment rubric for the course is on file
- The student shall complete the Credit for Prior Learning assessment petition available in the Counseling or Records Office
- The student meets with the division chair or faculty designee to receive further instructions for student-created portfolio assessment
- The student submits all portfolio documents to the division chair or faculty designee for assessment of prior learning
- If the division chair or faculty designee determine the student-created portfolio adequately measures mastery of the course content as set forth in the Course Outline of Record, the appropriate faculty shall sign the petition with the appropriate grade and forward it to the Records Office to be kept on file and recorded on the student transcript

**Credit by Examination from Within the District**

The division chair or faculty designee shall determine whether a student requesting Credit by Examination is sufficiently well prepared to warrant being given this opportunity. This determination is based upon a review of previous course work and/or experience.

Students wishing to take a course through Credit by Examination are encouraged to informally discuss the matter with the division chair or faculty designee and instructor prior to initiating the formal process. All steps must be completed in the order listed or the Petition for Credit by Examination shall not be processed. The Petition for Credit by Examination must be completed prior to the end of the current semester or session.

Upon satisfactory completion of an exam administered by the District, college credit will be awarded. A separate examination must be completed for each course for which credit is to be awarded. This credit will be accepted in lieu of a specific course listed in the Cuesta College Catalog.

The District Credit by Examination Process:

In order to permit students to demonstrate that they have met the objectives of a course through experience in the work place, foreign language proficiency, or some other process outside the conventional academic setting, students may earn credit by receiving a passing grade on an examination administered by the appropriate instructional department/program. The completion of Credit by Examination may require the demonstration of other skills or the completion of assignments in addition to an examination.

Upon completion of a Comprehensive Student Education Plan, students interested in Credit for Prior Learning using Credit by Examination shall receive credit as recommended by the appropriate division chair or faculty designee under the following circumstances:

The Credit by Examination Procedures

- Student shall complete the Credit for Prior Learning assessment petition available in the Admissions and Records Office
- Student meets with the division chair or faculty designee further instructions for Credit by Examination
- If the division chair or faculty designee determine the Credit by Examination assessment measures mastery of the course content as set forth in the Course Outline of Record, the appropriate faculty shall sign the petition with the recorded grade and forward to the Admissions and Records office to be kept on file and recorded on the student transcript. Completed exam materials must remain on file with the department/program for three years

This policy shall be reviewed every three years and the findings reported to the Chancellor's Office. Findings shall include data disaggregated by gender and race/ethnicity including:

- the number of students who received credit for prior learning,
- the number of credits awarded per student,
- retention and persistence rates of students earning credit for prior learning,
- completion data (for certificate, degree, and transfer) for students earning credit for prior learning, and
- qualitative assessments by students of the policies and procedures.

Office of Primary Responsibility: Office of Instruction

## **AP 4236 ADVANCED PLACEMENT CREDIT**

Reference: Education Code Section 79500

A student who earns a score of 3 or higher on a College Board Advanced Placement (AP) exam in a subject area that is similar to a subject area required for the Cuesta local General Education (GE) pattern may use the AP exam in lieu

of a college course to satisfy the local GE area. In addition, for purposes of attaining 60 degree applicable units needed to earn an Associate's degree, Cuesta will award the same amount of unit credit for each AP exam as is awarded by the California State University system. (e.g. AP U.S. History is awarded 6 semester credits towards an Associate's degree).

The acceptance of an AP exam in satisfaction of a major-specific course work is a decision made by the faculty at the college or university that will be awarding the degree. The determination about whether an individual AP exam is accepted in lieu of major specific course work for a particular major varies significantly from campus to campus. On a case-by-case basis, decisions about the applicability of an AP exam towards a major specific course required for a local Cuesta College degree (non-transfer) may be made by Cuesta discipline faculty.

For any AP examination that the District does not offer a course similar in content, the District will award credit in the General Education area shown on the California Community College General Education AP List. If there is no General Education area that fits the AP Examination, the District may award elective credit.

## **CREDITS NOT ACCEPTED TOWARD DEGREES/ CERTIFICATES/CERTIFICATIONS**

### **Continuing Education Units (CEU)**

Continuing education courses are designed for personal enrichment or job advancement and are not applicable to degrees or certificates.

### **Non-Degree Applicable Credits**

Non-degree applicable college courses are not applied to degrees or certificates. Degree applicability is determined according to the catalog for the semester/session in which course was taken.

### **Credits from Non-Accredited Institutions**

Cuesta College only accepts course work from regionally accredited institutions.

### **Upper Division Course Work**

Upper division courses may be applied to Cuesta College general education area or major and/or elective requirements based on content equivalency to general education area, major, or elective requirements.

Upper division courses in math or English composition may be used to satisfy competency requirements for the Associate degree.

Policy on the use of upper-division coursework on the IGETC and CSU GE is governed by the University of California and California State University system. Consult the IGETC Standards and CSU Executive Order 1100 for complete details.

### **Course Work from Religious-Affiliated Institutions**

Course work taken from regionally accredited church or religious-affiliated institutions is accepted as long as the course is not specific to the application of a single doctrine.

# TRANSFER TO THE CALIFORNIA STATE UNIVERSITY (CSU) SYSTEM

Cuesta College offers lower division (freshman and sophomore) courses to meet both major preparation and general education requirements for students planning to transfer to the California State University (CSU). Students are advised to check with Cuesta College Counseling Services for detailed information about specific campus, major, and general education requirements.

## Minimum requirements for transfer as an upper division student to the CSU

- Complete 60 semester (90 quarter) transferable credits.
- Complete at least 30 semester (45 quarter) credits of general education courses with at least "C-" grade or better including:
  - Oral Communication (Area A1 of the CSU GE-Breadth)
  - Written Communications (Area A2 of the CSU GE-Breadth)
  - Critical Thinking (Area A3 of the CSU GE Breadth)
  - Mathematics (Area B4 of the CSU GE-Breadth)
- Attain a grade point average of 2.0 or better (2.40 for non-California residents) in all transferable college units attempted. (Note that a higher GPA is required for most CSU campuses.)
- Stay in good academic standing at the last college or university attended prior to transfer (e.g. eligible to re-enroll at that college or university).

## Completion of General Education (CSU GE-Breadth)

The CSU requires completion of 48 lower division credits of general education for graduation, 39 of which may be certified by Cuesta College. Courses taken to fulfill Areas A1, A2, A3, and B4 of the CSU GE pattern must be completed with grades of "C-" or better, to meet minimum CSU admission requirements. It is strongly recommended that students complete all or most of their CSU GE as part of their minimum 60 credits required for transfer. Students who complete the CSU GE pattern prior to transfer will not be held to additional lower division GE requirements after transfer. The CSU also accepts the Intersegmental General Education Transfer Curriculum (IGETC) toward fulfillment of lower division general educations. Click here to view the most current CSU GE pattern:

<https://www.cuesta.edu/academics/GeneralEducationPatterns.html>

## Partial CSU GE Certification

It is possible to complete separately any of the Areas or sections (A-E) at Cuesta College and receive partial CSUGE certification in any or several of these areas. If you are not fully certified, it will be necessary for you to complete the remaining areas (and perhaps other areas) after transferring as defined by the catalog of the transfer school.

## CSU GE Breadth for STEM Majors within ADTs

Students pursuing Biology, Chemistry or Environmental Science ADTs may complete CSU GE Breadth for STEM, deferring one lower-division course in Area 3 and one lower-division course in Area 4 until after transfer. CSU GE Breadth for STEM is applicable only to majors for which the Transfer Model Curriculum specifies. A CCC preparing a CSU GE Breadth for STEM certification as part of an ADT shall ensure that the student has completed the following before transfer:

- a. All courses in Areas A, B, and E of the traditional GE curriculum; and
- b. One course in Subarea C1 Arts and one course in Subarea C2 Humanities; and
- c. Two courses in Area D from two different disciplines

Alert! The Fall 2023 CSU General Education pattern will be available after May 2023. See a counselor for the '23-'24 pattern.

## 2022-2023 CSU General Education Pattern

### CSU GE CERTIFICATION

"Certification" means that Cuesta College has verified that a student has completed the lower-division general education (GE) requirements for the California State University system (CSU). In the CSU system, students will be required to complete 9 units of upper-division general education coursework after transfer.

Certification from a community college is important, because without it, students will be held to the specific CSU GE requirements at the CSU campus to which they are transferring. This typically involves additional lower-division coursework. Once a student is fully "certified" by Cuesta, however, a CSU campus will identify the student as having completed the necessary pattern of lower-division GE requirements, without further need to take additional lower division GE coursework that may be specific to an individual CSU. (Partial CSU GE Certification is also possible; see a counselor for details.)

Coursework from other United States regionally accredited institutions may be applied to Cuesta's CSU GE agreement. Coursework from outside of Cuesta College must first be evaluated by Cuesta to determine appropriate placement for CSU GE. **Courses for A1, A2, A3 and B4 must have a C- or higher.** Courses with a grade of D- or higher can be applied to the other CSU GE areas. (Consult a counselor for details.) A "Credit" or "Pass" that is defined by institutional policy as being equivalent to a grade of "C-" or higher may be applied to meet CSU GE requirements for Area A1, A2, A3 and B4. A "Credit" or "Pass" that is defined by institutional policy as being equivalent to a "D-" or higher may be applied to CSU GE requirements for Areas B1, B2, B3, C, D and E and F.

Students who are enrolled as new college students (after high school graduation) beginning Fall 2021 will need to complete Area F "Ethnic Studies" if they wish to obtain full CSUGE Certification prior to transfer. With the addition of Area F, only two courses in Area D "Social Behavioral Sciences" will be required, instead of three. Please see a counselor for details.

It is the student's responsibility to request certification of CSU GE, with the exception of those students who are earning an Associate Degree for Transfer (AA-T or AS-T), in which case Certification is automatic because it is required as part of the degree.

Requests for certification are available from the Graduation Link in the student's MyCuesta Pathways Worksheet, or at: <https://www.cuesta.edu/student/student-services/admreg/gradready/index.html>

### APPLYING TO THE CSU

Applications to the CSU are available online at [www.calstate.edu](http://www.calstate.edu). Many campuses are at or approaching full capacity in a number of academic disciplines, so are likely to close to applications after the priority filing period. Campuses which are less impacted may accept applications past the priority filing period.

Students are encouraged to attend an application workshop during the months of October and November.

### PRIORITY APPLICATION FILING PERIODS

**Fall Term:** October 1 – November 30. **Spring Term:** August 1-31st. Not all campuses accept applications for the Spring term. Consult a counselor for details.

**Cal Poly San Luis Obispo** is the only CSU campus on the quarter system. Applications are accepted for Fall quarter only during the Fall application filing period.

## 2022-2023 CSU General Education Pattern

To meet lower division general education requirements for the CSU system, students may follow the pattern of study outlined below or, the Intersegmental General Education Transfer Curriculum (IGETC)

### **CSU General Education “Certification”**

General Education Certification refers to official notification from a CA community college that a transfer student has completed courses fulfilling CSU lower-division general education requirements. The CSU GE Certification is a notification posted to the student’s official CA Community College transcript, after completion. It will ensure CSU campus acceptance of courses taken in the specific general education areas in which the coursework is certified. Full GE Certification may not be required prior to transfer, particularly for some “high unit” majors such as Engineering and other STEM majors that require an extensive amount of lower division major preparation. A “CSU GE Partial Certification” by the California Community College is allowed when some but not all areas of the CSU GE Pattern have been completed.

**Full CSU GE Certification** is awarded to students who have completed all sections of Cuesta’s CSU General Education Pattern. Students must satisfactorily complete at least 39 lower-division credits, distributed as follows:

**AREA A: 9 Semester Credits:** One course from each group: A1, A2, A3

**AREA B: 9 Semester Credits:** Complete areas B1, B2, B3 and B4

**AREA C: 9 Semester Credits:** Three courses to include at least one course from Arts (C1) and one course from Humanities (C2), and a third course from either C1 or C2

**AREA D: 6 Semester Credits:** Two courses, courses may be from the same or different disciplines

**AREA E: 3 Semester Credits:** One course

**AREA F: 3 semester Credits:** One course

The CSU GE pattern listed above is effective for students entering college for the first time in the Fall of 2021, after their high school graduation. Students who have attended college prior to the Fall of 2021 (after high school graduation) may be eligible to complete a slightly different pattern. See a counselor for details.

### **US History, Constitution and American Ideals:**

All CSU campuses require students to complete college-level coursework in “US History, Constitution and American Ideals.” By completing HIST 207A (or HIST 207B), and POLS 202 at Cuesta as part of the Cuesta CSU GE pattern, students can satisfy this graduation requirement prior to transfer. To streamline time to graduation after transfer, it is recommended, but not required, that students try to complete this area before transfer to a CSU.

# TRANSFER TO THE UNIVERSITY OF CALIFORNIA (UC) SYSTEM

The University of California gives highest priority to transfer students from the California Community Colleges. Cuesta College students can become eligible for admission to the UC by meeting specific course and GPA requirements, and by meeting with a counselor early to be apprised of specific campus and major requirements and selection criteria.

The requirements described below represent the minimum academic standards students must attain to be eligible for admission to the University. Meeting the minimum requirements does not guarantee admission to the University, nor does it guarantee admission to a particular campus. Admission to the campus and program of choice often requires students to meet more demanding standards. See a counselor for more detail and information.

At UC, a transfer student is defined as a student who has enrolled in at least one regular term (fall, winter, or spring) at a college or university following the summer of his/her high school graduation. Students who meet the university's definition of a transfer student are held to junior-level transfer admission requirements and not freshmen admission requirements. A student who attends college in a summer term immediately following his/her high school graduation, and/or who has completed college work while in high school is still considered a freshman applicant.

## Junior-level Transfer Admission Requirements

The vast majority of transfer students come to the University at the junior level from California community colleges. In order to meet minimum UC eligibility criteria as a junior level transfer, students must fulfill the following criteria:

1. Complete 60 semester (90 quarter) units of UC transferable college credit with a GPA of at least 2.40 (higher for non-residents).
2. Complete either the Intersegmental General Education Transfer Curricula (IGETC) pattern, or, complete the following 7-course pattern, earning a grade of C or better in each course:
  - Two UC transferable college courses (3 semester or 4-5 quarter units each) in English composition.
  - One UC transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning;
  - Four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

Note that meeting minimum UC admission criteria is often not sufficient preparation to gain admission to most UC campuses.

## Preparation for Transfer

1. Meet minimum eligibility for admission (see Admission Requirements listed above).
2. Prepare for upper-division study in the chosen major: transfer students should select a major and take courses that meet major requirements. In most cases, completing at least a portion of the major requirements is essential to gain admission to the major. Major preparation information is available at [www.assist.org](http://www.assist.org) and Cuesta counselors are available to assist students in how to best prepare for their major.
3. Complete an appropriate set of general education course requirements and electives, as time allows.

Transfer students have two options for fulfilling GE preparation for the UC, depending on the campus and major selected:

- IGETC – accepted by both the UC and CSU, is most helpful for students who know they want to transfer but have not yet decided upon a particular institution, campus or major.
- or
- Campus-specific general education requirements of the college or campus they plan to attend. (see [assist.org](http://assist.org))

## The UC Campuses are:

UC Berkeley  
UC Davis  
UC Irvine  
UC Merced  
UC Los Angeles  
UC Riverside  
UC San Diego  
UC San Francisco (graduate only)  
UC Santa Barbara  
UC Santa Cruz

## IGETC Certification

For the University of California (UC) and California State University (CSU)

Completion of the Intersegmental General Education Transfer Curriculum (IGETC) with certification will permit a student to transfer to a UC or CSU campus without the need, after transfer, to take additional lower-division general education courses to satisfy campus-specific general education requirements. All courses taken for IGETC must be completed with a grade of "C" or better (or score of 3 or higher on AP tests). Grades of "C-" are not acceptable. The IGETC Certification must be requested by the student; applications are available in the Enrollment Services office. Pre-major courses may also count towards IGETC; see a counselor for details. Cuesta College will "pass along" courses taken from other colleges and university into the

IGETC pattern, as appropriate and based on the policies outlined in the IGETC Standards.

The IGETC is well suited for students planning majors in the Arts, Humanities, or Social and Behavioral Sciences. Students who intend to transfer into majors that require extensive lower-division major preparation, such as engineering and many of the physical and natural sciences, should concentrate on completing the pre-major prerequisites ahead of completion of the IGETC, to be most competitive for admission into these majors.

## Intersegmental General Education Transfer Curriculum (IGETC) 2022-2023

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education program that community college transfer students may use to fulfill lower-division general education requirements for either the UC or the CSU system. The IGETC pattern is most useful for students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus. Completion of IGETC does NOT guarantee admission, nor is it required for admission.

Some students may be better served by taking courses that fulfill the CSU General Education-Breadth requirements or the requirements of the UC campus or other college to which they plan to transfer. Students pursuing majors that require extensive lower-division major preparation may not find the IGETC option to be advantageous. Engineering, Architecture, and Liberal Studies are examples of those majors. UC San Diego Colleges of Roosevelt and Revelle, UC Berkeley Haas School of Business and College of Environmental Design (Architecture & Landscape Architecture majors) will not accept the IGETC. Schools of Engineering do not generally recommend the IGETC. Before selecting the IGETC pattern as your General Education choice, please see a counselor for assistance in planning your program.

For information about Partial IGETC Certifications and IGETC for STEM majors, please refer to the Cuesta College catalog.

Courses completed at a California Community College will be applied to the subject area in which they were listed by the institution at which the work was completed. Coursework from other United States regionally accredited institutions may be used on IGETC. Coursework must be evaluated by a Cuesta Counselor or Evaluator before they will be applied to Cuesta's IGETC pattern. All courses must be completed with a grade of C (2.0) or higher. A "Credit" or "Pass" that is defined by institutional policy as being equivalent to a grade of C (2.0) or higher may be applied to meet IGETC requirements. Foreign coursework from non-US regionally accredited institutions may not be applied, based on UC system policy. Course credit earned on the basis of acceptable scores on Advanced Placement (AP) or International Baccalaureate (IB) exams can be applied toward IGETC certification (see the charts at the end of this chapter for a list of acceptable AP/IB courses and scores.)

Important: All courses must be completed with grades of C (2.0) or higher. Courses used to meet IGETC requirements must have a minimum of 3 semester or 4 quarter units. (Exceptions may be made for English Composition and math. See a counselor for details.)

Before petitioning for IGETC certification, students are strongly urged to consult with a Cuesta College counselor to verify that they have fulfilled their IGETC requirements.

Some private and out-of-state colleges and universities will accept the completed IGETC to meet their lower-division general education requirements. See a Counselor for details.

Alert! The Fall 2023 IGETC pattern will be available after  
May 2023. See a counselor for the '23-'24 pattern.

**GROUP 5C: Stand Alone Lab Science Courses that may be paired with a lecture course above to meet the lecture/lab requirement. Underlined courses above include lecture and laboratory combined.**

**ANTH** 201L; **ASTR** 210L; **BIO** 212L, 220L, 222L; **OCEN** 210L

**AREA 6A: Language Other Than English (Required for UC only)**

There are a variety of ways to satisfy the IGETC “Language other than English” Competency requirement.

1. **Completion of one of the following Cuesta College courses: ASL 202, FR 202, GER 202 or SPAN 202.**
2. Completion of the second semester, second level (i.e., 4th semester) of high school instruction in a language other than English, with a C- or better.
3. Satisfactory completion, with a grade of C or higher, of two years formal schooling at the sixth grade level or higher in an institution where the language of instruction is not English.
4. Satisfactory score of the SAT II: Subject Test in Language Other Than English (LOTE). If exam was taken before May 1995, use first score listed; if taken after May 1995, use second score listed:
  - Chinese with listening: 500/520
  - French/French with listening: 500/540
  - German/German with listening: 500/510
  - Hebrew (Modern): 500/470
  - Italian: 500/520
  - Japanese with listening: 500/510
  - Korean/Korean with listening: /500
  - Latin: 500/530
  - Spanish/Spanish with listening: 500/520
5. Satisfactory score of 3 or higher on the College Board Advanced Placement (AP) Examinations in Languages Other Than English (LOTE).
6. Satisfactory score of 5 or higher on the International Baccalaureate (IB) Higher Level Examinations in Language Other Than English (LOTE).
7. Satisfactory completion of an achievement test administered by a community college, university, or other college in a Language Other Than English (LOTE). It is at the discretion of the college to offer this option to students.
8. Language Other Than English (LOTE) “O” Level Exam with a grade of A, B, or C.
9. Language Other Than English (LOTE) International “A” Level Exam with a score of 5, 6, or 7.
10. A Defense Language Institute Language Other Than English (LOTE) course that is indicated as passed with a C or higher on the official transcript.

**CSU GRADUATION REQUIREMENTS IN US HISTORY, CONSTITUTION, AND AMERICAN IDEALS**

NOTE: Not part of the IGETC requirements, but may be completed prior to transfer. Courses used to meet this requirement may also be used to satisfy other requirements for IGETC.

**AMERICAN HISTORY AND INSTITUTIONS** - 6 semester units; one course selected from each group (which may be credited toward satisfying requirements from Areas 3 and 4.)

**US GROUP 1:**

**HIST 207A or 207B**

**US GROUP 2 & 3:**

**POLS 202**

## Applying non-Cuesta Coursework to IGETC

The following is a summary of requirements for applying non-Cuesta courses to IGETC:

1. The institution is accredited by the Western Association of Schools and Colleges or an equivalent accrediting body.
2. A course taken at a California Community College is applied to the subject area in which it is listed by the institution where the work was completed (check assist.org for college IGETC lists).
3. Coursework from other U.S. regionally accredited institutions may be used on IGETC. Coursework must be evaluated by a counselor to be sure it conforms to the IGETC Standards.
4. The grade received in the course is C (2.0) or higher. A grade of C- (C minus) is not acceptable for IGETC. A "Credit" or "Pass" that is defined by institutional policy as being equivalent to a grade of C (2.0) or higher may be applied to IGETC requirements.
5. Foreign coursework from non-United States regionally accredited institutions cannot be used for IGETC.
6. Each course is a minimum of 3 semester or 4 quarter units. (Exceptions may be made for English composition or math. See a counselor for details).
7. All courses that meet IGETC requirements are completed by the end of the semester that the student is petitioning for certification.

## WHAT IS THE IGETC?

The **Intersegmental General Education Transfer Curriculum (IGETC)** is a course pattern available to students enrolled in CA Community Colleges (CCC) which will satisfy the lower-division breadth/general education requirements at both the University of California (UC) and the California State University (CSU). Many independent/private and out-of-state colleges and universities will also accept the IGETC.

IGETC is most useful for students who know they want to transfer to a University but who have not yet decided upon a particular institution (UC, CSU, private, or out-of-state school) or who are undecided on a major. It is also appropriate for students who have already decided to pursue majors offered in the Social Sciences, Humanities, or Arts.

Students who are preparing for high unit majors such as engineering, math, computer science, and physical or life sciences should prioritize completing their major program prerequisites and meeting transfer admission requirements, before focusing on completing the IGETC.

Completion of the IGETC will permit a student to transfer from a California Community College (CCC) to a California State University (CSU) or University of California (UC) campus without the need, after transfer, to take additional lower-division, general education courses. Advantages of completing IGETC include more flexibility in class selection at the university and timely progress to degree completion.

In accordance with CSU system policy, students transferring to a CSU with a completed IGETC will still need to complete nine semester units of upper division general education, and may be held to other campus specific graduation requirements outside of general education and major coursework.

### Who is Eligible to Complete the IGETC?

The IGETC was developed by the Academic Senates of the CCC, UC and CSU, as a way for first time CCC college students to follow one general education pattern that would be accepted by both the CSU and the UC systems. Students who enroll at a UC or CSU campus, then leave and attend a community college, and subsequently return to a different UC or CSU campus may also use the IGETC.

### Who is Not Eligible to Complete IGETC?

Students who initially enroll at a UC campus, then leave and attend a community college, and subsequently return to the same UC campus are considered "readmits" by the UC system. Such students cannot use the IGETC. CSU does not have a system-wide policy that addresses this issue. Questions regarding the use of IGETC for a student who has recently been enrolled at a CSU should be directed to the specific campus the student wishes to attend.

### Is Completion of the IGETC Required for Admission?

Completion of the IGETC is not a requirement for transfer admission, nor does it guarantee admission into the CSU or UC. It is one of several options for a CCC transfer student to complete general education requirements prior to transfer. However, particularly for non-STEM majors, completing the IGETC may be beneficial to a student's competitiveness for transfer, and will also facilitate time to graduation after

transfer. Consult with a counselor and/or [assist.org](http://assist.org) to determine whether completing the IGETC is a good option for a specific major and/or campus.

### What is a Partial Certification of IGETC?

Students who do not finish the IGETC before transferring will be held to the campus specific lower-division general education/ breadth requirements of their university campus. Courses completed at the CCC will be applied to the CSU or UC's general education pattern as appropriate. CCC's may grant a "partial certification" of IGETC to students who are missing no more than two courses from the pattern. Students who obtain a partial IGETC certification should work with their transfer institution to determine how the two missing courses will be completed (whether at the university, or the CCC during summer, for example). Students who have been granted partial IGETC certification do not need to return to the community college for a full certification; this process is finalized by the 4-year campus. Consult with a counselor to see if a specific campus accepts partial certification for the intended major.

### What is IGETC for STEM?

IGETC for STEM is a separate IGETC track available to students planning a major in science, technology, engineering or mathematics. IGETC for STEM allows students in these majors to defer some of the humanities and social sciences courses until after transfer.

The IGETC for STEM allows the student to complete up to three courses after transfer. The following IGETC courses need to be completed before transfer:

- All courses in Areas 1 (except 1C for UC-bound students), 2, and 5 of the traditional IGETC; and
- One course in Area 3A; one course in Area 3B; and two courses in Area 4, taken from two different disciplines.

The following courses may be deferred until after transfer:

- One remaining lower-division general education course in Area 3;\*
- One remaining lower-division general education course in Area 4;\* and
- Completion of Area 6A (Language Other Than English) for UC-bound students who have not already satisfied it through proficiency\*

\*These deferred lower division courses are replaced with calculus and/or science courses required by the major before transfer.

The UC will accept IGETC for STEM for students who are earning Associate Degrees for Transfer (ADTs) in Biology, Chemistry, and Environmental Science. Check with a counselor for additional details as specific UC campuses may have additional restrictions on IGETC for STEM for certain majors.

### Minimum Grade Requirement (GPA)

A minimum grade of "C" is required in each college course applied to the IGETC. A "C" is defined as a minimum of 2.0 grade points on a 4.0 scale. A "C-" grade, valued at less

than 2.0 grade points on a 4.0 scale, cannot be used for IGETC certification. Exception: For the UC Language Other Than English (LOTE) requirement, Area 6A, the University of California does not count "minus" or "plus" grades for high school coursework, only the whole grade is used. In other words, a "C-" grade completed in high school is counted as a "C". The only part of the IGETC that may be satisfied through high school course work is Language Other Than English, Area 6A.

#### **Credit/No Credit-Pass/No Pass**

Courses in which a student receives a "Credit/Pass" grade may be applied to IGETC, if the community college's policy states that a "Credit/Pass" designation is equivalent to a "C" grade (2.0 grade points on a 4.0 scale) or better. It is important to keep in mind that some CSU and UC campuses have limitations on the number of "Credit/No Credit" ("Pass/No Pass") courses that may be used to transfer or to meet degree requirements. The UC system allows a maximum of 14 semester (21 quarter) units graded "Pass/No Pass" (Credit/No Credit) basis of the 60 UC transferable semester units required for admission.

There is no CSU system-wide policy about unit limitations for "Pass/No Pass" grades. Therefore, each campus has established its own policy on limitations of courses transferred with grades of "Credit/Pass".

#### **Minimum Unit Value**

To be applied to the IGETC, a course must have a minimum unit value of at least 3 semester or 4 quarter units. It is not acceptable to take three 1 unit courses to fulfill a 3 unit requirement because of the lack of depth and scope of 1 unit courses. Exception: 3-quarter unit Math and English courses that have been determined to meet IGETC Area/s 1A or 2 standards may be applied if they are a part of a two term sequence, and if both of the courses have been completed with "C" grade (2.0 on a 4.0 scale) or higher. The course sequence must also meet the rigor of IGETC standards. Consult with a counselor for details.

#### **Use of AP and IB exams**

IGETC course credit may be earned for AP test scores of 3, 4 or 5 on Advanced Placement (AP) exams. Similarly, scores of 5, 6 or 7 on select International Baccalaureate (IB) Higher Level exams may also be applied to IGETC, as determined by UC faculty and as outlined in the IGETC Standards, Policies and Procedures Manual. For more information, refer to the AP and IB charts in this catalog, or consult with a counselor.

#### **Which Institution Certifies the IGETC, Partial IGETC or IGETC STEM?**

Students who have completed coursework at more than one CCC should have their IGETC certified by the last CCC they attend.

If a student requests an IGETC certification from a CCC that is not the last school of attendance, it is at the discretion of that community college to certify. IGETC certification can be processed by a CCC without regard to current enrollment status or number of units accrued at a particular CCC. The "Full," "Partial" or "STEM" IGETC Certification is posted to the student's transcript by the CCC certifying the student.

#### **CSU Graduation Requirement in "U.S. History, Constitution, and American Ideals"**

In addition to general education requirements, the CSU system has established a graduation requirement called "U.S. History, Constitution, and American Ideals". Students can generally satisfy this requirement prior to transfer by completing one course in U.S. History and one course in American Government. Students who are completing the IGETC and who are planning to apply to both a CSU and a UC system should try to complete both a U.S. History and an American Government course as part of their IGETC pattern, to facilitate their time to graduation after transfer to the CSU.

#### **Coursework from another California Community College**

IGETC approved courses completed at another CCC will be applied to the IGETC pattern at the CCC the student is currently attending without question. IGETC course approval dates can be verified by consulting the website [assist.org](http://assist.org). Courses with an IGETC approval date of fall 1991 may be applied to the IGETC if completed prior to fall 1991. Courses approved after fall 1991 may only be applied to the IGETC if completed on or after the approval date.

Courses from Outside of the CA Community Colleges  
Appropriate college level general education coursework in the humanities, mathematics, social sciences, and physical and life sciences, completed at United States regionally accredited institutions, will be regularly applied to the IGETC. In consultation with the IGETC Standards, Policies and Procedures Manual, care will be taken to review course outlines for content, prerequisites, texts and unit values. It is the student's responsibility to supply appropriate course syllabi from an outside institution, when requested by the counselor, for consideration of an IGETC area. Particularly close review will be taken when evaluating non-CCC courses towards fulfillment of IGETC Area 1B, "Critical Thinking and Composition" due to the very specific course content requirements in this area. Very few non-CCC second semester English Composition courses offer a course in Critical Thinking/English Composition that conforms to IGETC guidelines.

Upper division work may also be applied to IGETC areas, in limited circumstances, when appropriate. There is no limitation on the number of courses completed at non-CA community colleges that can be included in the IGETC certification.

#### **International Coursework**

Courses completed at institutions outside of the United States may only be applied to IGETC if the international institution also has a United States regional accreditation. No other non-U.S. college coursework may be applied to IGETC, with the exception of international course work used to fulfill Area 6A, "Language Other Than English", which is a proficiency requirement and which can be validated in several ways. Consult a counselor to determine if non-US coursework is acceptable to fulfill Area 6A. Students with a substantial amount of international coursework completed at a non-United States regionally accredited institution should be encouraged to follow the CSU or UC campus specific general education pattern.

## ADVANCED PLACEMENT POLICY

College credit is awarded for Advanced Placement (AP) exams passed with scores of 3, 4, or 5. This chart depicts how Advanced Placement exam scores are applied to Cuesta's local General Education requirements, to the CSU General Education pattern, and to the IGETC (UC General Education pattern). It also depicts the total number of transfer units students earn towards Cuesta's AA or AS degrees and CSU and UC BA or BS degrees.

The acceptance of an AP exam in satisfaction of major-specific course work is an individual campus decision, and policy differs from campus to campus. Therefore, transfer-bound students are strongly advised to see a counselor to determine if their AP exam will be accepted in lieu of a college course that is required for their major at their desired transfer institution. Students with AP exam credit should also see a counselor before completing a college course of comparable content, as it may be considered duplication and units may not be granted for both.

Official exam score reports are required in order to post appropriate AP credit to your myCuestaPathway. Official score reports should be directed to Cuesta's Admissions and Records Office. Information about ordering AP score reports can be found online: <https://apstudents.collegeboard.org/sending-scores>.

### CUESTA COLLEGE POLICY FOR INTERNATIONAL BACCALAUREATE (IB) EXAMS

The International Baccalaureate (IB) Organization originated in Switzerland in 1968, with the goal of developing a standardized, academic, and globally minded education for students whose parents were employed in diplomatic organizations around the world. Comprised of programs spanning from grade school through high school, the IB “Diploma Programme” is a two-year program for high school students and includes the following subject areas: Language and Literature, Language Acquisition, Individuals and Societies, Science, Mathematics, and Arts. Students may choose to study a subject at either a Higher Level “HL” designation or a Standard Level “SL” designation. Students may earn either an IB Diploma (successful completion of 3 HL and 3 SL exams), or an IB Certificate in a specific subject area (e.g. “Biology”).

Both the CSU and UC systems award college credit for specific IB exams. The UC system will award 30 quarter (20 semester) units towards transfer admission to students who completes the IB Diploma with a score of 30 or above. Students who do not earn the IB Diploma, but who do earn an IB Certificate with a score of 5, 6, or 7 on a Higher Level exam will receive 8 quarter (5.3 semester units) per Certificate towards UC transfer admission.

The CSU system does not award a designated unit total for the award of an IB Diploma, but does award 6 semester units towards transfer admission for the HL subject certificates noted below, (with the exception of Psychology, which awards 3 semester units). Neither the CSU nor the UC

award college credit for SL Certificates. Credit for additional HL subject Certificates not noted below may be granted by an individual CSU, based on campus-specific policy. (See individual CSU campus catalogs or websites for this determination).

Both the CSU and the UC systems have also established system-wide policy to identify when an IB subject Certificate will satisfy a specific California State University General Education (CSU GE), and the Intersegmental General Education Transfer Curriculum (IGETC) subject area. Cuesta College will apply these same IB subject Certificates towards the local AA/AS General Education pattern. This information is noted in the chart below.

The decision about whether a particular IB subject Certificate will substitute for a major-specific course on a particular CSU or UC campus is an individual campus decision. Students with IB exam credit should see a counselor for assistance in determining whether additional IB course or unit credit beyond GE will apply. Students should also see a counselor before completing a college course of comparable content to an IB Certificate, to avoid possible duplication of credit.

Official exam score reports are required in order to post appropriate IB credit is applied to your myCuestaPathway. Direct score reports to Cuesta College Admissions and Records. Official score reports should be directed to Cuesta’s Admissions and Records Office. Score reports can be requested from the IBO site at <https://www.ibo.org/programmes/diploma-programme/assessment-and-exams/requesting-transcripts/>

## CLEP (COLLEGE LEVEL EXAM PROGRAM)

This chart depicts the CLEP subject and exam scores that will satisfy a Cuesta General Education requirement. Exam credit is applied towards an AA/AS General Education subject area only; no course specific articulation exists between Cuesta courses and CLEP exams. This chart also depicts when a CLEP exam is accepted by the CSU (California State University) as applicable to the CSU GE pattern. CSU campuses may also grant additional units for elective credit towards a baccalaureate degree. The CSU CLEP Exam Policy can be found at: <https://www2.calstate.edu/attend/student-services/casper/Pages/external-exam-credit.aspx>.

The UC (University of California) system does not award transfer or GE subject credit for CLEP exams.

Official CLEP exam score reports are required in order to post appropriate CLEP credit to your myCuestaPathway. Official score reports should be directed to Cuesta's Admissions and Records <https://www.cuesta.edu/student/studentservices/admrrreg/index.html> Office. Information about ordering CLEP score reports can be found online: <https://clep.collegeboard.org/earn-college-credit/your-score>.

\*For the CSU system, if a student passes more than one CLEP test in the same language other than English (e.g., two exams in Spanish), then only one examination may be applied to the baccalaureate. For each test in a language other than English, a passing score of 50 is considered "Level I" and earns six units of baccalaureate credit; the higher score listed for each test is considered "Level II" and earns additional units of credit and placement in CSU GE Area C2.
