ACHEMICAL CALENDER 2005-2006
MISSION STATEMENT

VISION
Cuesta College is a premier community college providing accessible, high quality education that focuses on student success, lifelong learning, and community vitality.

Vision: Cuesta College es un colegio universitario que provee educación de alta calidad para asegurar el éxito estudiantil, aprendizaje de toda la vida, y vitalidad comunitaria.

MISSION
Cuesta College makes lifelong learning happen. We enable students to achieve their academic, transfer, workforce preparation, career advancement, and personal goals. Building on our tradition of excellence, we serve our community by providing programs and services that produce students who can succeed in a diverse and rapidly changing society, participate effectively in their local communities, and live responsible and rewarding lives. As a learning college, we provide a supportive environment for students and employees, assess student and institutional outcomes, improve performance, forge strategic partnerships, and maximize opportunities for learning.

Mision: La misión de Cuesta College es asistir a nuestros estudiantes a lograr sus metas académicas y personales, trasladarse a universidades de cuatro años, adquirir técnicas de trabajo, y avanzar en sus carreras. En base a nuestra tradición de excelencia, ofrecemos programas que preparan a nuestros estudiantes para triunfar en una sociedad diversa, tomar parte activa en sus comunidades, y conducir vidas responsables. Asimismo, proveemos un ambiente de apoyo a estudiantes y trabajadores, asesoramos a nuestros estudiantes y nuestros logros institucionales, mejoramos nuestro rendimiento, facilitamos la formación de asociaciones y oportunidades de aprendizaje.

VALUES
Excellence — We pride ourselves on providing high quality faculty and staff who create relevant and innovative programs and services that result in desired student learning outcomes.

Integrity — We strive to maintain public trust by being responsible, honest, and trustworthy with our students, staff, and community.

Diversity — We embrace diversity by respecting the dignity of every individual, accepting differences, and striving to be inclusive.

Responsiveness — We respond to the changing needs of our students and communities through open access, flexible learning options, and adapting to change.

Caring — We provide a safe, supportive, and participative environment that treats everyone respectfully and fairly and allows students and employees to recognize their strengths, clarify their goals, achieve success, and enrich their lives.

Collaboration — We are committed to creating an internal environment that fosters a sense of community and to achieving success through collaboration with business, community, and educational partners.

VALORES
Excelencia—Nuestro profesorado y trabajadores ofrecen servicios de alta calidad para asegurar el éxito estudiantil.

Integridad—Procuramos mantener la confianza del público siendo responsables y honrados en nuestras relaciones con los estudiantes, trabajadores, y la comunidad.

Diversidad—Respetamos la dignidad de cada individuo y aceptamos sus diferencias.

Sensibilidad para Responder—Respondemos a las necesidades de nuestros estudiantes y nuestras comunidades en forma abierta y flexible y adaptando a cambios.

Dedicación—Proveemos un ambiente de apoyo y tratamos a todos de manera respetuosa permitiendo a nuestros estudiantes que reconozcan sus habilidades, clarifiquen sus metas, y logren una vida exitosa.

Colaboración—Nos comprometemos a crear un ambiente interno que acoge un sentido de comunidad y lograr éxito a través de la colaboración de negocios, la comunidad y otras instituciones educativas.
LOCATION
Cuesta College, the “home” college of San Luis Obispo County, operates two campuses within the San Luis Obispo County Community College District and offers some course work at off-campus locations in the district, including the Arroyo Grande Center in South County.

The San Luis Obispo Campus is located in the Chorro Valley between the cities of San Luis Obispo and Morro Bay on California’s beautiful, coast-hugging Highway One. Here the college has a permanent campus on 150 district-owned acres, leased facilities on adjacent California National Guard property, and a 75-acre field campus.

The North County Campus sits on 105 acres among the rolling hills of Paso Robles on Buena Vista Drive near the junction of Highway 101 and Highway 46 East.

San Luis Obispo County is well known for its outstanding recreational features such as stream, lake, and ocean sports and an extensive park system.

HISTORY
The original junior or community college in San Luis Obispo County was initiated as a postgraduate division of San Luis Obispo High School in 1916 and remained in operation until the United States entered into World War I. In 1936, the San Luis Obispo High School District again formed a junior college, which remained in operation until June 1959.

During the 1964-65 college year, the San Luis Obispo County Junior College District offered a limited evening division program with 463 students registering for the fall semester and 696 enrolling for the spring semester. Temporary quarters were established at Camp San Luis Obispo, a California National Guard facility located halfway between San Luis Obispo and Morro Bay. Classes and offices were situated in refurbished barracks, recreation rooms and mess halls.

Despite the District’s modest beginnings, 917 day students and 991 evening students were enrolled in classes by the fall of 1965. Evening division classes also were conducted at three other locations in the county - Arroyo Grande, Atascadero and Paso Robles. On October 4, 1965, the Board of Trustees of the San Luis Obispo County Junior College District named the new college “Cuesta College.” In 1971, the “junior” college district was renamed to “community college.”

In 1970, ground was broken for the college’s first permanent buildings, located on a 150-acre campus west of Camp San Luis Obispo. During the following 30 years, classroom buildings, a library, observatory, student center, art and music lab building, art gallery, high tech learning center, children’s center and offices were constructed on the San Luis Obispo campus. By spring, 2002, the student population on the San Luis Obispo Campus grew to more than 8,400 students.

In fall 1998, the college opened its North County Campus, which was built with private funds. The North County Campus now serves approximately 2,200 students in day as well as evening classes. Temporary buildings accommodate classrooms, a science lab, a library and a multi-purpose room on the 105-acre site. The September 2003 groundbreaking for the North County Campus’ first permanent building, the 23,764 square-foot Allied Health, Math and Science Building, was made possible by the passage of Proposition 47. The building opened in 2005.
In 2001, Cuesta opened a South County Center at Arroyo Grande High School, providing expanded class offerings and services. The facility is another step in Cuesta’s ongoing effort to reach South County students.

Cuesta College now serves more than 11,000 students. The college has become a center for community use by individuals, families and community groups on an extended-day and year-round basis.

Historia: La universidad comunitaria del Condado de San Luis Obispo se formó inicialmente como una extensión de la Escuela Secundaria de San Luis Obispo en 1916 y permaneció abierta hasta que los Estados Unidos entró en la Primera Guerra Mundial. En 1936, el Distrito de la Escuela Secundaria de San Luis Obispo formó otra vez el colegio universitario, el cual se mantuvo en operación hasta junio de 1959.

El 16 de abril de 1963, el Condado de San Luis Obispo aprobó la formación de una universidad comunitaria para servir a siete escuelas secundarias públicas del distrito. El Distrito del Colegio Universitario de San Luis Obispo sirvió los Distritos de la Escuela Secundaria de Arroyo Grande, de Atascadero, de Coast Joint Union, de Paso Robles, de San Luis Obispo, de Shandon y de Templeton.

En el otoño de 1998, se abrieron las puertas de la ciudad universitaria del Condado Norte, la cual fue fundada con fondos privados. La ciudad universitaria del Condado Norte actualmente sirve a aproximadamente 2,200 estudiantes diurnos y nocturnos. Los edificios temporarios ocupan 105 hectáreas y acomodan varias aulas, un laboratorio de Ciencias, una biblioteca, y un cuarto de uso múltiple. Proposición 47 aprobada en septiembre de 2003 hizo posible la construcción del primer edificio permanente de 23,764 pies cuadrados en el Condado Norte, el edificio de Salud Aliada, Matemática y Ciencias. Este edificio se abrió en 2005.

Cuesta College sirve en la actualidad a 11,000 estudiantes. La universidad se ha convertido en un centro para la comunidad para individuos, familias y grupos comunitarios durante todo el año.
ACREDITATION

Cuesta College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges [10 Commercial Blvd., Suite S04, Novato, CA 94949 (415) 506-0234]. All courses and curricula have been approved by the Board of Governors of the California Community Colleges. Cuesta College is fully authorized to give courses which parallel the first two years of the California State University and the University of California curricula and which qualify a student for transfer to these and other accredited colleges and universities throughout the United States.

The Associate Degree Registered Nursing program at Cuesta College has been approved by the California Board of Registered Nursing.

The Psychiatric Technician program has been approved by the California Board of Vocational Nurse and Psychiatric Technician Examiners.

EVENING CLASSES

A varied schedule of college credit and non-credit classes is provided in the evening. In addition to classes housed in the regular facilities on the San Luis Obispo and North County campuses, evening classes are offered at Arroyo Grande High School, Nipomo High School, and at Paso Robles High School. These classes parallel all other Cuesta College classes in college credit value, prerequisites, standards, content, time devoted to preparation of assignment, and examination. Attendance and withdrawal rules, scholarship standards, and requirements for graduation with an Associate in Arts or Associate in Science degree.

WEEKEND COLLEGE

College credit and non-credit courses are offered on weekends (Friday evenings and/or Saturdays) during the regular semester. Students who attend Weekend College can complete certificate and degree requirements in addition to general education courses for transfer.

SUMMER SESSION

The summer session offers a varied schedule of classes. Attendance and withdrawal rules, scholarship standards, and requirements for graduation with an Associate in Arts or Associate in Science degree are the same as for a regular semester.

NON-CREDIT

Cuesta College offers a growing variety of non-credit classes in five areas:

1. short term vocational classes designed for upgrading job skills;
2. wellness classes designed to enhance an individual’s physical fitness;
3. English as a Second Language classes designed for community members whose native language is not English;
4. citizenship classes designed for community members seeking to become U.S. citizens; and
5. Emeritus College classes designed for community members over the age of 55. These courses were created at Cuesta to meet local community needs and are designed for the adult learner whose goals are personal enrichment.
LIBRARIES

The Cuesta College Libraries on the San Luis Obispo Campus and the North County Campus support the educational program of the college. Books, periodical subscriptions and audiovisual materials are closely coordinated with curriculum offerings. Holdings include general education and vocational education materials, and other resources for updating and increasing skills and knowledge.

Through an electronic information system, students can search the Cuesta College library catalog to determine what is owned and whether it is checked out. In addition, students can search indexes of periodicals, some of which include full text of the articles, and use the Internet to connect to catalogs of other libraries and other sources of information wherever they may be located. Remote searches of the Cuesta College library catalog can be performed over the Internet using Netscape or Internet Explorer at http://library.cuesta.edu. Currently enrolled students may also use this portal to gain remote access to full-text periodical articles and e-books.

To assist students and community residents with their informational and research needs, librarians are available at the information desk on the San Luis Obispo Campus whenever the library is open and designated hours at the North County Campus. College librarians hold advanced degrees and as part of the college faculty teach research skills and help students locate the best resources for their educational needs.

Library facilities include areas for studying, photocopying, microcomputer use and group seminars. Comfortable surroundings invite leisurely browsing, reading and viewing, and provide a quiet place for contemplation and learning.

To borrow library materials, students must show photo identification. Community residents must show a current I.D. with local street address to use a courtesy library card.

Friends of the Library

The Friends of the Library is a volunteer membership organization founded in 1980 to promote the welfare of the Cuesta College Library. In addition to making financial contributions to the library, Friends of the Library regularly sponsors lecturers and social and cultural events that are open to the public. More information is available from the office of the Director of Learning Resources.

COMMUNITY PROGRAMS

Cuesta College fulfills its mission by providing a comprehensive source for lifelong learning, career education, recreational opportunities and cultural development in a friendly, accessible environment. For more information call (805) 546-3132, FAX (805) 546-3968, or visit http://www.communityprograms.net.

Cuesta’s community education, special events, and recreation programs serve four essential functions in the college district:

- To contribute to the cultural, intellectual, recreational, and social life of the residents of the district and to offer training for workforce improvement. Community education and recreational activities as well as special events are self-supporting activities, funded by participants’ fees rather than by district (tax) funds.
- Community education offers a diverse curriculum with short courses and workshops in areas such as art, computers, home and garden, science and outdoor studies, personal and professional development, business and finance. Programs offered through the community education program are responsive to the needs and interests of the community’s children, adults and senior citizens.
- Community recreation activities and class offerings are designed to meet the leisure time, sports, wellness and recreational pursuits of youth and adults in the district. Recreation classes and activities include team sports leagues and camps; fitness, martial arts, and dance classes; a complete aquatics instructional program for youth and adults; and individual and team sport instruction.
- Special events are scheduled to encourage the educational, cultural and personal enrichment of youth, adults and seniors in the district. Events include musical and dance performances, children’s programs, presentations by speakers, workshops, conferences and festivals.
- To develop leadership and provide educational services that utilize special skills, interests, and knowledge of college faculty and other professional community instructors. These services include:
  - Fee-supported short courses and workshops in areas such as vocational, avocational, and personal enrichment classes.
  - Continuing education courses to satisfy professional growth or relicensure requirements for professionals.
  - College for Kids educational program for elementary and middle school students, Writers’ Conference, special workshops and conferences.
  - Concerts, musical productions, and dance and theatre promoting local artists.
  - Instructional sports camps and swimming program for children.
  - To be a center of community life by scheduling college facilities and services on a year-round basis for individuals, families and community groups.
  - To collaborate with community groups, county organizations and businesses in developing programs, facilities and educational services for comprehensive coverage of the district.
Cuesta College and a student who enrolls, enter into an agreement for the purpose of realizing the student’s educational goal through the college’s established programs, policies, and requirements.

Pursuant to the requirements of the Seymour-Campbell Matriculation Act of 1986, the San Luis Obispo County Community College District reaffirms its commitment to serve all students who can profit from its instructional programs to ensure them equal educational opportunity, to provide them the necessary services for optimizing their opportunities for success, and to help students obtain the appropriate information/assistance for achieving their educational goals.

**CONTRACT WITH CUESTA COLLEGE**

The responsibilities of Cuesta College under this agreement will entail providing matriculation services which shall include:

- The processing of applications for admission in a timely manner;
- Pre-orientation and orientation services designed to provide, on a timely basis, needed information about instructional programs, course prerequisites, student services, college regulations, and student rights and responsibilities;
- Assessment of students with California Community College Chancellor-approved tests to determine student competency in computational and language skills; to assist where possible in identification of aptitudes, interests, educational objectives; and evaluate study and learning skills;
- Counseling and advising to assist students in interpreting test results and in developing and updating their educational plans through the Student Educational Plan (SEP) process;
- A follow-up system to detect and inform students of early signs of academic difficulty and to monitor the academic progress of each student;
- Referral of students to: (a) support services which may be available, including but not limited to, counseling/advising, financial aid, campus employment/placement services and Extended Opportunity Programs and Services (EOPS); and (b) specialized curriculum offerings including, but not limited to, pre-collegiate basic skills courses and programs in English as a Second Language (ESL);
- Ensuring that all prerequisite courses are valid and necessary for student success [California Education Code Title 5, Section 58106(e)] and ensuring the right of each student to enroll in courses for which he or she can meet necessary and valid prerequisite courses [California Education Code Title 5, Section 55530(a)].

The student’s responsibilities under this agreement include:

- The expression of at least a broad educational intent upon enrollment;
- The declaration of a specific educational objective after completion of 15 semester units of degree-applicable credit course work;
- Diligence in class attendance and completion of assigned course work;
- The completion of course(s) and maintenance of progress toward an educational goal, according to standards established by the district and the state.
- Abides by the policies and regulations of the college.

Failure of a student to abide by the responsibilities outlined above may result in the district suspending or terminating any or all of the college services outlined above [California Education Code Title 5, Section 55530(d)].

To initiate a challenge of a regulatory provision of matriculation, the student must contact the Vice President, Student Support, San Luis Obispo Campus Building 3100, Room 3107, or call (805) 546-3116 to initiate the process.

**ADMISSION**

Cuesta College admission information is available:

- at the Cuesta College website, http://www.cuesta.edu
- by calling the college’s Registration Hotline, (805) 546-3126
- in the Cuesta College Class Schedule

**WHO MAY ATTEND (OPEN ENROLLMENT POLICY)**

Cuesta College offers “open door” admission for:

- any person with a high school diploma;
- any person 18 years of age or over who does not hold a high school diploma or a high school equivalent diploma;
- students who have passed the California State Proficiency Exam or equivalent. A copy of the certification is required if under 18;
- transfer students from colleges, universities, and other post-secondary programs;
- any person who has served in the Armed Forces of the United States;
- students interested in completing postsecondary coursework for personal development, vocational training, and/or transfer to a four-year educational institution;
- Minors currently enrolled in K-12, who in the opinion of their school principal, would benefit from concurrent enrollment in “advanced scholastic” or “vocational” coursework at Cuesta College. A Cuesta College Permit to Enroll with specific courses identified and approved by the school principal, along with parents’ signature is required prior to registration.
Residency Requirements
Any person enrolling at Cuesta College in credit or non-credit courses is subject to residency requirements determined by the California Education Code, classified as follows:

Resident Student:
A resident student is one who has established both physical presence in the State of California for more than one year immediately preceding the first day of instruction each semester and who has demonstrated an intent to make California his/her state of legal residence. Demonstration of intent is attained by filing California State Income Tax forms, obtaining a California drivers license, or other reasonable evidence of permanent stay in California.

• Persons who are 19 years of age or older may establish residency in accordance with the above statement. Year of residency must begin after the eighteenth birthday.
• Persons who are under 19 years of age may establish residency in accordance with the above “resident” definition and the following:
  • Married minors may establish their own residence.
  • The residence of the supporting parent is the student’s residence. In the event of death of both parents, minors may determine their own residence.
  • Residence of an unmarried minor who has a parent living cannot be changed by his/her own act, by appointment of a legal guardian, or by relinquishment of a parent’s right of control (EC S68000).
• Students who have a “permanent residence visa” may establish residency in accordance with the preceding “resident” definition. Foreign students attending Cuesta College on an F-1 Visa, except refugees, are considered non-residents.
• All Foreign students must present a copy of their Visa at the time of application.
• Students with a permanent residency card must provide their Alien Registration number.
• Los estudiantes que tienen tarjeta de residencia permanente, necesitan someter su número de registro de residente permanente empezando con la letra A.
• Refugees and asylees may establish residency in accordance with the preceding “resident” definition.

Exemption to non-resident tuition exists when documentation is presented for any one of the following:
• Attended a California high school, or high school equivalent, for a minimum of 3 years and earned a California high school diploma, or equivalent;
• Full-time credentialed employee of a California public school enrolling in college for purposes of fulfilling credential-related requirements;
• Seasonal agricultural worker for at least a total of two months of each of the past two years;
• Full-time employee, or spouse, or dependent of a full-time employee of any of the following college/universities: California Community Colleges, California State University, University of California, or Maritime Academy.

Please contact the Cuesta College Admissions Office at (805) 546-3140 for additional information.

Inglés como Segundo idioma
Cuesta College ofrece cursos que le prepararán para cursar diversos campos de estudios. También, para aquellas personas que necesitan aprender el inglés, se ofrecen clases de inglés en las que se le da énfasis a la fonética, a la conversación, al vocabulario, a la lectura y a la gramática. Asimismo, se ofrecen exámenes de asesoramiento para determinar el nivel de conocimiento del idioma a las personas interesadas en tomar cursos de inglés como segundo idioma. Vea la sección “Inglés como Segundo Idioma” para una descripción de las clases en el catálogo de clases. Además de estos cursos se le ofrece asistencia voluntaria en el Laboratorio de Idiomas y en el Learning Skills Center, donde pueden adquirir conocimientos básicos del idioma y de la cultura de los Estados Unidos, valiéndose de algunos de los métodos más modernos en la enseñanza. Para más información sobre estas clases puede comunicarse con el profesorado de Inglés como Segundo Idioma al teléfono (805) 546-3941 o al 546-3123.

Residencia
Un estudiante es residente si ha vivido por más de un año en California y considera el estado de California su estado legal. El estudiante que no ha vivido en California por más de un año se clasifica como no-residente y será responsable por pagar la cuota de no-residentes al matricularse.
Ciertos estudiantes califican para una exención de la cuota de no residentes:

• Los empleados de tiempo completo de una escuela pública de California que necesitan complementar sus credenciales.
• Los trabajadores que se dedican a labores agrícolas estacionales por un mínimo de dos meses durante dos años consecutivos.
• Los empleados de tiempo completo, sus cónyuges, o los dependientes del empleado de tiempo completo de una universidad comunitaria de California, Universidad del Estado de California, Universidad de California, o Academia Marítima.
• Aquellos estudiantes que han completado por lo menos 3 años de escuela secundaria en California y que se han graduado de una escuela secundaria en California.

La matrícula para el semestre del otoño se abre a finales de junio, y la del semestre de la primavera se lleva a cabo entre semestres (véase el calendario en la primera parte de este catálogo). Usted necesita completar la solicitud de admisión si va a asistir a Cuesta College por primera vez o si ha faltado dos semestres o más. La solicitud de admisión se encuentra disponible en el internet al www.cccapply.org, o en la forma impresa en las Oficinas de Admisiones de todos los centros de Cuesta College.

Favor comunicarse con la Oficina de Admisiones de Cuesta College para más información.

**FALSIFICATION OF ADMISSION INFORMATION**

A student who falsifies any information required on the Cuesta College admission application or other college documents may be dismissed from the college.

El estudiante que falsifica información en los documentos o formas de admisión de Cuesta College, será expulsado de sus clases.

**WHO NEEDS TO APPLY?**

**New first-time college students:**

Students who have never attended Cuesta College must submit an admission application. Students wishing to enroll in special programs may have additional admission requirements to be completed prior to registering.

**Former students:**

Students who have attended Cuesta College in the past. Students who did not attend the previous semester, are not required to submit an admission application but do not have priority to register. Former students who have been absent two or more semesters must submit an admission application.

---

**Minors As Special Part-time Students**

*(High School Enrichment Students):*

Cuesta College may admit as a special part-time student anyone in public, private or parochial school, grades nine through twelve (9-12), who, in the opinion of the college president, may benefit from instruction. The majority of these students are concurrently enrolled in high school and are referred to as High School Enrichment students. Minors, grades K-8, may attend Cuesta College concurrently, but will need to meet with the Cuesta College Director of Admissions and Records or Executive Dean at the North County Campus, prior to registration.

The High School Enrichment student is expected to follow regulations and procedures established for all college students. High School Enrichment students are not required to pay the enrollment fee, but are responsible for all other applicable fees. Residents of other states and foreign countries are subject to non-resident tuition. High School Enrichment students will receive college credit for community college courses they complete.

A student applying as a high school enrichment student must submit an admission application and meet all of the following requirements each semester until the student has graduated from high school, achieved high school graduation equivalency, or become 18 years of age:

• Demonstrate the ability to benefit from advanced scholastic or vocational work as determined by the Cuesta College Board of Trustees;
• Receive a written, positive recommendation for specific coursework from the principal of the school of attendance on a Cuesta College Permit to Enroll request;
• Receive written parental consent to attend Cuesta College on a Permit to Enroll request;
• Meet all course prerequisites;
• Enroll in 11 or fewer units;
• To enroll in 12 units, a student must be authorized to attend Cuesta College by the Public School District or the County Board of Education if the student attends public school, and;
• Undertake courses of instruction that would provide “scope and duration sufficient to satisfy the requirement of the Law.”

Special admission of minors is authorized by the following California Education Code Sections: 76001 and 48800 (special part-time students), 76001.5 and 48800.5 (special full-time students), and 76002 (summer school).
International students:

Cuesta College is approved by the United States Department of Justice as an institution of higher learning for non-immigrant F-1 & M-1 Visa students. In addition to completing an application for admission to Cuesta College, F-1 & M-1 Visa students must comply with the following to be admitted to Cuesta College:

- Completion of an International Student Application, which includes a financial certificate, health and insurance certification, transcript requirement and a test of English as a foreign language (as noted in the “Test of English as a Foreign Language” section).
- Deadline for submitting the International Student Application is June 1 for the summer session and fall semester, and December 1 for the spring semester. A $25 processing fee must accompany the International Student Application.

Certificate of Financial Responsibility

Students must show evidence of ability to pay non-resident fees and must maintain 12 units a semester. Completion of a financial certificate is required to verify that the student has sufficient financial resources for physical maintenance, housing, and educational costs.

Test of English as a Foreign Language (TOEFL)

Classes are conducted in English; therefore, it is necessary to be proficient in reading, writing, and speaking the language. For this reason, Cuesta College requires all international (F-1) students applying for admission to submit proof of passing the Test of English as a Foreign Language (TOEFL) with a score of 500 or better.

Transcripts of International Student Academic Records

Students must provide certified transcripts of academic records achieved during all prior high school and college attendance. Transcripts must be translated into English and must bear the school seal and be signed by the registrar or another appropriate official. For credits from accredited international colleges or universities to be used toward an associate degree or transfer general education certification, the records must be evaluated by a recognized credential evaluation service.

Health Certification and Insurance

The prospective applicant must provide a certificate of a negative skin test or a chest X-ray for tuberculosis.

Certification of Current Health Insurance Coverage which covers accident or illness while in the U.S. will be required.

I-20

Cuesta College will issue the I-20 to the student after all admission requirements have been met.

General

International students concurrently enrolled at any California State University, University of California, or another community college may enroll for not more than six units and must have the written consent of their advisor from the college where the I-20 is on file.

Prospective Visa students must apply for admission while residing in their homeland unless they are transfer students. Transfer students must contact the Admissions Office for direction on applying and transferring their I-20 to Cuesta College.
Additional admission requirements are in place for the following programs:

- Agricultural Technology
- Psychiatric Technician
- Registered Nursing

**Agricultural Technology**

The Agricultural Technology Program is a cooperative educational program between Cuesta College and California Polytechnic State University, San Luis Obispo. The program enables qualified Cuesta students to enroll in specified lower division Cal Poly courses in the College of Agriculture while concurrently attending Cuesta College. Students enrolled in this program may earn an Associate in Science degree in any of eleven majors: agricultural systems management, animal science, bioresource and agricultural engineering, crop science, dairy product technology, dairy production, environmental horticulture science/floral design, environmental horticultural science/landscape design, environmental horticulture science/plant production, food science, or fruit science.

Agricultural technology students complete general education and elective course work at Cuesta College and major courses within the College of Agriculture at Cal Poly. Fees are paid to each institution for every term, and grades are posted to the student’s transcript at the institution where the course was completed. Upon completion of the required course work and completed degree application, Cuesta College grants Associate in Science degrees to students in the program.

Students who have been academically disqualified from the College of Agriculture at Cal Poly are not eligible to participate in the Agricultural Technology Program until all conditions for readmission to Cal Poly have been met.

Application deadlines for the Agriculture Technology program are:

- Fall - September 1
- Winter - December 1
- Spring - March 1
- Summer - Not Permitted

Interested students should contact the Cuesta College Admissions Office at (805) 546-3140 or the Cuesta Transfer/Career Services vocational counselor at (805) 546-3100 x2333.

**Psychiatric Technician**

Students interested in applying to the Psychiatric Technician Program are encouraged to attend a Psychiatric Technician information workshop and are strongly urged to consult with a counselor before they register for course work in the prerequisite class, Introduction to Psychiatric Technician.

All deadlines must be met for admission to the program. The following are requirements for consideration for admission to the Psychiatric Technician program:

- Satisfaction of the assessment tests. (Satisfactory score on placement exam, course work at the appropriate level.)
- A current Psychiatric Technician Application on file in the Psychiatric Training Program Office at Atascadero State Hospital. To submit an application, call (805) 468-3175 or 468-3099.
- Application for Admission to Cuesta College.
- Official college transcripts must be on file in the Cuesta College Admissions and Records Office.
- Completed physical examination and background screening is required for final acceptance.
- Completion of the orientation course, Psych Tech 10, Introduction to Psychiatric Technician, with a passing grade.

Fulfilling the preceding criteria does not guarantee admission to the next beginning class. Completion of the above makes the applicant eligible for consideration, via a random selection from a pool of qualified applicants.
Students interested in applying to the Registered Nursing Program are strongly urged to consult with a counselor and attend a nursing information workshop before they register for course work in prerequisite classes.

The following are requirements for consideration for admission to the Registered Nursing program:

- A current completed Registered Nursing application on file in the Admissions and Records Office by deadline date.
- Graduation from an accredited high school or its equivalent.
- Acceptance as a student at Cuesta College. Official college transcripts must be on file in the Admissions and Records Office by date stated in the current Nursing Program Application of the year preceding anticipated enrollment.
- Completion of Biology 4, 5, 6, and English 1A with a grade of “C” or better by the end of the fall semester of the year preceding anticipated enrollment.
- Satisfactory completion of the nursing assessment tests.
- Completed physical examination required for final acceptance. (California Education Code Title 5, Section 51823 [f]).
- Completed background check and drug screening are required for final acceptance.
- All applicable deadlines must be met for admission to the program.

Fulfilling the preceding criteria does not guarantee admission to the next beginning class. Completion of the above makes the applicant eligible for selection for a class or, placement on a wait list.

Students can achieve eligibility for the National Council Licensure Examination in Registered Nursing in three ways:

- Complete all required courses for the Associate in Science degree in Registered Nursing.
- Complete all Board of Registered Nursing required content without a degree.
- Complete the 30-unit optional program (only L.V.N.s are eligible).
ASSessment testing

Mathematics Assessment

New students, or those who have not completed prerequisite coursework at a high school, college or university, are expected to take a mathematics assessment test prior to enrolling in any non-transferable mathematics course (Math 3, 7, 19, 21, 23, 23SI, 24A, 25, 26A, 26B, 27 and 27SI). Students not wishing to take a mathematics assessment test, may enroll in Mathematics 3 (Arithmetic). Transferable mathematics courses (those numbered 29 and above) have academic prerequisites that must be verified prior to registration.

English Assessment

New students, or those who have not completed prerequisite coursework at a college or university, are expected to take an English assessment test prior to enrolling in English 100 (Basic Reading and Writing) or higher levels of English and/or Academic Skills 36 (Reading Essentials).

The assessment results and other multiple measures will be used by the student and a Cuesta College counselor in a pre-registration workshop to select the most appropriate classes, based on demonstrated ability.

Students transferring from other California community colleges are encouraged to submit their recent assessment test scores with recommended course placement to avoid additional assessment testing at Cuesta College [Title 5, Section 55530(c)]. However, if the placement from another community college is into English 1A (transferable English) and the student’s prior English assessment did not include an essay, the student must also take Cuesta’s essay-only exam.

In keeping with Cuesta College’s commitment to assure each student equal opportunity to demonstrate competency or knowledge, the district shall monitor assessment test results to determine if a disproportionate impact may exist for particular groups of students. If such an impact is detected, a plan shall be developed (in consultation with the California State Chancellor’s Office) to correct the disproportionate impact [California Education Code Title 5, Section 55512(a)].

Who Should Take Assessment Tests?

Placement testing for Cuesta College is available to students when they are in their senior year of high school or when they are ready to begin the matriculation process for entrance. Students who have not completed prerequisite courses at another college and want to enroll in English 100 or higher, or any math higher than Math 3 are expected to take an assessment test. Testing may also be required for other courses that have academic prerequisites which students must meet to enroll in those courses.

The only students who are specifically exempt from assessment are those taking courses (whose units total six or less) for personal enrichment or those students already possessing a college degree from an accredited institution. Note that a student is not exempt if the course desired has either a mathematics or English prerequisite, regardless of the number of units sought.

Assessment Appeal forms for both English and mathematics are available at the Matriculation Services Office, San Luis Obispo Campus, Building 3400, Room 3419, or call (805) 546-3951.

Why Is Assessment Testing Important?

The college considers assessment testing to be one of the most valuable services it offers. Students find it gives them an important window to their basic abilities and interests. Assessment testing is diagnostic and can guide students in directions that can save them valuable time (sometimes more than a semester), grief (from a poor grade point average due to course failure), and effort in achieving their educational and career goals.

Para información acerca de examenes de asesoramiento para aprender inglés, vea la sección “Información Para Las Personas Que Hablan Español,” o por favor de llamar (805) 546-3140.

Assessment Testing for Students with Disabilities

The college has a commitment to assure each student an equal opportunity to demonstrate competency or knowledge in a subject area. Therefore, students with verified disabilities (according to California Education Code Title 5 regulations) are expected to demonstrate the same competency or knowledge as their non-disabled peers. Accommodations will be made on an individual basis in the method or format of examinations. These accommodations may be requested by a faculty member, Disabled Student Programs and Services (DSPS) faculty or the student with a disability. The request for accommodation shall be made in advance through the Director of Academic Support/Disabled Students Programs and Services at the San Luis Obispo Campus, (805) 546-3148. For the North County Campus call (805) 591-6215. A verification of disability is required.

Exemptions to Assessment Testing

Assessment is mandatory if results are required to meet a course prerequisite. Students may be exempt from assessment testing if they meet one of the exemption criteria listed below:

- Enrolling in six units or less (except for units required to meet a course prerequisite)
- Earned an Associate or higher degree
- Are a non-matriculating K-12 grade student
- Are concurrently enrolled in another college or university and are receiving matriculation services at that college or university
- Are taking courses for personal interest only
- Are taking courses for advancement in current job/career
- Are taking courses to maintain a certificate or license
COUNSELING SERVICES

The primary goal of Counseling Services is to provide the necessary educational, vocational, and personal support to enable students to succeed at Cuesta College. Students should come for counseling when they need help with any kind of problem that might affect their academic performance. Because course selection is so important, and four-year college requirements change so frequently, students should consult with a counselor on a regular basis before registering for classes.

Counselors are available by appointment and on a drop-in-basis. Appointments can be scheduled one week in advance, either in person or by phone for 30 minutes and can be made with a specific counselor. Drop-in is best for short-term academic planning, quick questions, referral to college and community services or emergency problem-solving. Drop-in is first come, first served with the counselor available at that time and is generally no longer than 15 minutes per students.

Due to the large number of students, there are certain times of the academic year when counseling is available by drop-in only - usually July, August, December and early January. To avoid the lengthy waits and rushed atmosphere associated with drop-in only, students should plan ahead. To plan for fall semester, make an appointment during spring before the end of April. To plan for spring semester, make an appointment in September or early October.

Appointments

Counseling Services at the San Luis Obispo Campus are located in the Library Building, Room 3101A. It is staffed both day and evening. Appointments can be made one week in advance beginning the first working day of the week. To schedule an appointment, call (805) 546-3138 between 9:00 a.m. and 4 p.m.

Other Campuses/Centers

During the academic year, counseling assistance is provided for students who enroll in classes at one of the college’s other sites.

Arroyo Grande Center (Arroyo Grande High School):
For appointments call Counseling Services at the San Luis Obispo Campus from 9:00 a.m. to 4 p.m., (805) 546-3138 or the Arroyo Grande, South County Centers from 5:00 p.m. to 9:00 p.m. Monday - Thursday at (805) 474-3913.

North County Campus (Paso Robles):
Counseling Services at the North County Campus are located in Building 3000. Appointments can be made at Student Services, Room N3013 and N3019.

For information refer to the summer, fall or spring class schedules. For appointments call Student Services at (805) 591-6241 from 9:00 a.m. to 4 p.m.

Academic and Personal Counseling

Academic and personal counseling support is provided for continuing students through individual and small group sessions. For personal counseling contact the student Health Center at (805) 546-3171.

Counselors provide the following services:

Orientation/Advisement:
Orientation provides basic information regarding Cuesta College services and programs, as well as student rights and responsibilities. During advisement, a student and a counselor use a student’s assessment scores and previous academic history to plan a program of study appropriate to the skill level and educational goal of the student. Orientation/advisement is conducted in group settings.

The Cuesta College New Student Orientation is designed to help you get off to a “Great Start”. You will learn about the requirements for a certificate, Associate Degree and transfer, as well as policies and procedures of the college. You can participate in a New Student Orientation by attending a Group Orientation on the Cuesta campus or by completing an Online Orientation.

Great Start Workshop Orientation:
Scheduled Great Start group orientation sessions on the Cuesta campus are offered immediately after the English and math assessment session and are approximately two hours long. Students must submit an admission application prior to signing up for a Great Start Workshop at www.cuesta.edu/apply/asp click on “Application” and follow the steps to apply. Students can sign up for the Great Start orientation online through the Assessment Test site or by contacting the Assessment Office at 805-546-3951.

Online Orientation:
Once an application for admission has been submitted and confirmation has been received, the online orientation is available to all Cuesta students by logging into PAWS at www.cuesta.edu/paws.asp. The online orientation allows students to choose their goal (AA, CSU, or UC) and proceed on the appropriate path to accomplish their goal.
Exemptions to Orientation:
Students may be exempt from participation in orientation if they meet one of the exemption criteria listed below:
• Enrolling in six units or less;
• Earned an Associate or higher degree;
• Are a non-matriculating K-12 grade student;
• Are concurrently enrolled in another college or university and are receiving matriculation services at that college or university;
• Are taking courses for personal interest only;
• Are taking courses for advancement in current job/career (updating job skills);
• Are taking courses to maintain a certificate or license.

Financial Aid students will have completed their required first semester Student Education Plan (SEP) by completing either the group orientation on a Cuesta campus or the online orientation.

Student Educational Plan (SEP):
After the semester begins, students are encouraged to see a counselor in order to develop a personalized Student Educational Plan (SEP) which charts the student’s future through college.

LOCAL HIGH SCHOOL OUTREACH:
Liasons to local high schools are provided to support the enrollment of local students at Cuesta College.

Specialized and Targeted Counseling:
Counselors also provide specialized and targeted counseling for the following groups of students:
• Extended Opportunity Programs and Services (EOPS): Academic and personal counseling for qualified students.
• Disabled Student Programs and Services (DSPS): Academic and personal counseling for qualified students.
• International Students: Cuesta College enthusiastically welcomes international students from around the world. The international student counselor provides academic counseling and assists the student with the paperwork required for change of status, practical training, extension of stay, reinstatement to student status, and transfer to other institutions of learning.
• Re-entry Students: The Re-entry Program is designed to be a support system for students 25 and older, returning to school after an absence of 5 or more years. The services include:
  • “Great Start” Assessment and Orientation (prospective students)
  • Academic Counseling by appointment or walk-in
  • Priority Registration (limited number of semesters)
  • Information postcards and newsletters
  • Activities and social events
  • Reentry Center (San Luis Obispo campus)
  • Reentry course offerings (San Luis Obispo campus)
FEES

REGISTRATION FEES
The college reserves the right to make changes, additions and/or deletions to the list of fees and charges during the academic year when deemed necessary by action of the State of California, the administration and/or the Board of Trustees.

In the case of a fee increase or decrease, students enrolled in the effected term will be subject to the fee increase or decrease for that term. The student's account will reflect the changes that occur and the fee payment policy will govern the credit or collection of these fees.

Students should be prepared for the following expenses. Other expenses will vary with individual student needs. Contact the Counseling Department for help with questions concerning articulation or major requirements.

<table>
<thead>
<tr>
<th>Enrollment Fee*</th>
<th>$26 per unit</th>
</tr>
</thead>
<tbody>
<tr>
<td>Material Fee</td>
<td>Varies per class (if applicable, see the current class schedule)</td>
</tr>
<tr>
<td>Student Center Fee*</td>
<td>$1 per unit at the San Luis Obispo Campus for a maximum of $10 per academic year (no fee charged during summer session)</td>
</tr>
</tbody>
</table>
| Health Center Fee* | $13 per semester  
                     $10 per summer session |
| ASCC Student ID Card | $10 per semester  
                      $5 per summer session |
| Student Representation Fee | $1 per semester |
| Textbooks and Supplies | $50-$85 average per course |

Non-Resident Tuition (in addition to preceding fees)

| Out-of-State Students | $160 per unit for all units attempted per semester plus enrollment fee |
| International Students | $160 per unit for all units attempted per semester plus enrollment fee |

Audit Fee - See Auditing section of Catalog.

Parking Permit Fees (Day or Evening)

San Luis Obispo and North County Campuses

| Automobiles, vans, trucks | $20 per semester  
                           | $7.50 per summer session |
| Motorcycles, mopeds      | $5 per semester  
                           | $2.50 per summer session |
| Each additional vehicle  | $5 per semester  
                           | $2 per summer session |

A daily permit is available at Park-Ur-Self machines located in the parking lots.

*These fees may not apply to students who, at the time of enrollment, are recipients of benefits under the TANF (CalWORKs), the SSI/SSP or the General Assistance programs.

Enrollment Fee (Education Code Section 76300)

The basic Enrollment Fee is charged per unit of enrollment and is set by the State of California. This fee is subject to change and is currently set at $26 per unit.

Non-Resident Tuition (Education Code Section 76140)

The cost of tuition for out of state and international students is in addition to the enrollment fee. Non-resident status is based on admission application information. Students are notified within 2 weeks of their status and may view residency in PAWS status check screen. If you have questions about your residency status, please contact the Admissions and Records Office for assistance.

Parking citations will be issued for violations of campus parking and traffic regulations. A copy of these regulations is given to students when they purchase parking permits or may be obtained from the Public Safety Office.

The fine for parking violations is set by the Cuesta College Board of Trustees. Most violations are $20 to $54. The fine for unauthorized parking in handicapped spaces is $275. For a complete list of parking fines, contact the Public Safety Office.
Health Fee (Education Code Section 76355)
In accordance with the California Education Code and District policy, Cuesta College has a mandatory health fee. Students, excluding those with the exceptions listed, are required to pay the $13 fee each semester regardless of the number of units they are taking. This fee is nonrefundable once the semester begins.

Health Fee Exemptions
The following scenarios may exempt students from paying the Health Fee:

• Students who are taking classes only at the South County Centers.
• Any student who depends exclusively upon prayer for healing in accordance with the teaching of a bona fide religious sect, denomination, or organization, provided that the student presents documentary evidence of an affiliation with such a bona fide religious sect, denomination or organization.
• Any student who is attending Cuesta under an approved Apprenticeship program.
• Low income students, including students who demonstrate financial need in accordance with the methodology set forth in federal law or regulation for determining the expected family contribution of students seeking financial aid and students who demonstrate eligibility according to income standards established by the Board of Governors and contained in Section 5820 of Title 5 of the California Code of Regulations.
• Prior to registration, a student must provide documentation of the above exemptions to the Cashier’s Office.

ASCC Student ID Card Fee
The Associated Students of Cuesta College (ASCC) Student ID Card fee provides a college picture ID and helps fund student jobs, student activities and services, as well as college programs. This optional fee provides support to the following programs:

- Emergency book loans
- Easy access to library services
- Children’s Center
- Free legal counseling
- Movies, games and music - ASCC Social Club **
- Intercollegiate sports**
- Free lap swim**
- Student art shows and intercollegiate music festivals
- Activities and Student Center support**
- Clubs and organizations

**San Luis Obispo Campus only

If the ASCC Student ID card is lost, stolen, mutilated or destroyed, the student is provided, free of charge, one replacement during the student’s Cuesta career. For any additional cards there is a $2 replacement fee. The ASCC Student ID Card is to be purchased/renewed each semester, even if the student has already had her or his picture taken. This fee is non-refundable once the semester begins.

Student Center Fee (Education Code Section 76375)
The Student Center Fee is designated for the sole purpose of supporting the Student Center and is charged to all students taking classes at the San Luis Obispo Campus. The fee, which is not to exceed $10 per academic year, is based on the number of units taken during this period at the rate of $1 per unit. An academic year consists of fall and spring semesters. It does not include the summer session. The fee is not charged for units taken at the North County Campus and at the South County Centers.

Student Center Fee Exemptions
The Student Center Fee shall not apply to:

• A student enrolled in non-credit courses.
• A student who is a recipient of the benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or the General Assistance program. To have the fee waived, a student must provide documentation of participation in these programs through the Financial Aid Office prior to registration.
• Students enrolled in courses at North County Campus or South County Centers only.

Student Representation Fee
A vote of the students authorized the collection of a mandatory $1.00 Student Representation fee from every credit student each semester. Monies collected will be used by the student government to advocate and lobby for student legislative issues such as eliminating fee hikes, advocating for adequate childcare for student parents, and increasing state funding for community colleges. Other uses include leadership training, meeting with other student leaders and elected officials, and necessary supplies to support students in their advocacy and lobbying efforts.

The fee is charged during the registration process. A student can refuse to pay the fee for religious, political, financial, or moral reasons. Students must sign a waiver prior to registration.

The fee is nonrefundable once the semester begins. Forms are available in the Admissions and Records Office and the Cashier’s Office at all campus locations. The form is also available on the Web at http://academic.cuesta.edu/admrreg/polforms.htm for students to print and complete. The form may be submitted to the Admissions and Records Office or faxed to (805) 546-3975.

Associated Student Governments are allowed to implement the Student Representation fee according to Educational Code 76060.5. This per-semester fee can be utilized by the ASCC to fund only those purposes listed above.

NOTE: The Student Representation fee cannot be used to support individual candidates or campaigns.

For further information, please contact your ASCC Representative at the San Luis Obispo campus Student Center, Building 5300.
Fee Payment Policy

All fees associated with the college must be paid at the time of walk-in registration. Fees may be paid by check, cash, or credit card (VISA, Discover, or MasterCard). Students registering online through WEBReg will have the option of paying immediately by credit card, by submitting payment to the Cuesta College Cashier, or using the online payment system at www.cuesta.edu/paws.asp within five working days. A $10 service fee will be charged for all checks returned for insufficient funds.

Students who register, but find they are unable to attend, must drop their classes and request a refund of fees paid. Students who drop classes are still responsible for paying the fees incurred based on the drop date, according to the Refund Policy. Refer to the fee schedule for refund dates. Cuesta College does not drop students from their classes for non-payment of fees. Instead a delinquent debt hold is placed on the student’s records that blocks them from registering in classes and accessing their student records and official transcripts.

Students enrolled in noncredit courses will not receive units of credit or grades and are not charged enrollment, non-resident tuition, health, student representation, or student center fees. Some courses may have material fees that are due at registration. Parking and refund policies apply to students enrolled in noncredit courses.

REFUNDS

Students are responsible for dropping courses and initiating a written request for a refund. Requests for refunds will be considered according to the date the student submits the request and according to the following refund policy. The request forms may be obtained from the student services cashier, and from the Cuesta website. A refund check will be mailed to the student within six to eight weeks from the date submitted.

A Full Refund includes enrollment, non-resident tuition (if applicable), health, ASCC Student ID Card, Student Center and student representation fee, material and parking fees (parking permit must be returned in usable condition). A Partial Refund includes Enrollment and Student Center fees.

There are no refunds for parking fees, material fees, student representation fee, ASCC fee, or health fee after the official first day of instruction each semester and summer session.

Refer to the current class schedule for specific deadlines.

Refund Policy

• Students will receive a full refund for any classes canceled by the college or from which they are administratively dropped. Students must apply for these refunds.
• Students will receive a refund for enrollment fees, less a $10 service fee for processing the refund.
• Non-resident students who withdraw prior to the first official day of instruction will receive 100 percent of their non-resident fees.
• Non-resident students who withdraw during the first week of instruction will be refunded 80 percent of their non-resident fees.
• Non-resident students who withdraw during the second week of instruction will be refunded 50 percent of their non-resident fees.
• Requests for refunds will not be processed after the fourth week of instruction for 18-week courses. Courses must be dropped during the first two weeks of the semester for students to be eligible for a refund.
• If a student is erroneously determined to be a non-resident and pays non-resident fees, such fees will be refunded provided acceptable proof of California residence is presented within the period for which the fee was paid.
• For short-term courses (less than 18 weeks), no refunds are given after 10 percent of the class has been completed.
• These deadlines relate to fall and spring semester only. See the summer session class schedule for specific summer session deadlines.

Refunds for Registration Fee Overpayment

In the event that a student overpays registration fees, the amount of the overpayment will be credited to the student’s account. The credit will be applied to any additional registration fees incurred in the event that the student adds classes.

If no additional fees are incurred, overpayment refunds will be automatically processed within six to eight weeks. Refunds will be mailed to the student’s address on file in the Admissions and Records Office.
RECORDS AND GRADING POLICIES

MAINTENANCE ALLOWANCE FOR STUDENTS FROM MODOC AND MONO COUNTIES

Students attending Cuesta College from Modoc and specific areas of Mono county are eligible for a maintenance allowance if they maintain a permanent address in either county and all requirements are met.

For information about the specific eligibility requirements, contact the Cuesta College Admissions and Records Office at (805) 546-3955.

RESTRICTING STUDENT SERVICE - HOLDS

Cuesta College will block student access to service by placing holds when the student has not met their obligations for the following:

- Neglected to submit the Admission Application Signature Page;
- Unpaid Registration Fees;
- Neglected to return library books or pay fines;
- Neglected to return equipment, uniforms or materials.
- Neglected to pay other debt due the Student Health Center and Bookstore.

In most cases once the student returns the materials or pays the delinquent debt their hold will be released. Students may check their hold status through PAWS, the Cuesta College online student portal.

Library Fines

Under authority of Section 72237 of the California Education Code, Cuesta College may withhold grades, transcripts, diplomas, and registration privileges from any student who fails to return books or materials to the library when due.

Students shall have their records released when they:

- Return books or materials
- Pay charges for books or library materials.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) — RELEASE OF INFORMATION

Directory Information

In compliance with the Family Educational Rights and Privacy Act, Cuesta College treats the following student information as directory information that can be disclosed without a specific release of information from the student: name, field of study, degrees/awards, participation in officially recognized activities/sports, dates of attendance, grade level and enrollment status (e.g., undergraduate or graduate; full-time or part-time).

Students may restrict the release of directory information by written request available in the Admissions and Records Office.

Non-Directory Information

In compliance with FERPA guidelines, a student must provide self-identifying information in a signed and dated written request to the Cuesta College Records Office for the release of non-directory information. The receipt of a written request by fax satisfies this requirement.

Electronic Files

The Family Educational Rights and Privacy Act does not differentiate between the medium of storage or the method of transmission. There is no legal difference between the level of protection afforded to physical files over those that are stored or transmitted electronically or in any other form.

Access to Records

- Any currently enrolled or former student has a right of access to any and all records relating to the student and maintained by the college. Individuals who applied to the school but did not attend are not covered by FERPA. The full policy and procedure for review of a student’s records are available from the Director of Admissions and Records.
- Students 18 years of age or older may examine all records in their name. These records are not available to any other person other than appropriate college personnel, unless released by the student. Legal exception is provided to the above regulation, and these exceptions will be explained to any person who requests the information from the Director of Admissions and Records.
- Each student has a right to challenge any record which is kept by the college. The Director of Admissions and Records is responsible for all student records. Challenge of records, if any, shall be in writing to the director. A decision will be made within five school days to uphold or reject the challenge of any record. When the challenge of a record is upheld, that record shall be amended. If the challenge of a record is denied, the student may appeal this decision to the college’s governing board (Board of Trustees).
- The specific regulations governing the Family Educational Rights and Privacy Act are available in the office of the Director of Admissions and Records.
TRANSCRIPTS

Cuesta College Transcripts

Official transcripts of Cuesta College records are available upon written request from the Records Office.

Transcripts ordered electronically will be mailed within 3-5 working days from the date of request in most cases. An electronic notification will inform the student of the status of their transcript order and notify them of any holds. The fee for the electronic transcript request is $5.00 per copy. Transcripts ordered in-person and by mail will be mailed within 7-10 working days and cost $3.00 per copy after the first two free copies. Unofficial transcripts are available for viewing and printing through PAWS on the Cuesta College website. Access to PAWS requires the student identification number and PIN. Transcripts will not be produced for students who have a hold on their records.

Non-Native Transcript Evaluation

Official transcripts from other institutions must be submitted to Cuesta College Records Office prior to enrollment. Lower division (freshman/sophomore level) coursework from accredited colleges and universities will be evaluated and may be transferred to Cuesta College to meet certificate requirements, degree requirements and requirements for transfer certification. If non-native units are from a college or university, which is on the quarter system, these units will be converted to semester units (quarter units/1.5=semester units).

Non-native coursework will be evaluated using the grades received at that institution. Cuesta College considers a grade of C- as substandard and eligible for repetition.

Upon application of the associate degree or transfer certification, non-native coursework units will be posted to the Cuesta College student record. Applications for the associate degree and transfer certification are available in the Admissions and Records Office and on the website.

GRADING POLICIES

GRADES

As adopted by the Board of Governors, February 29, 1980, the following grades are used in evaluating student work (grade points per unit based on a 4 point scale are in parentheses):

- A Excellent (4)
- B Good (3)
- C Satisfactory (2)
- D Passing, less than satisfactory (1)
- F Failing (0)
- CR Credit — At least satisfactory; units awarded are not counted in GPA
- NC No Credit — Less than satisfactory or failing; units are not counted in GPA but are included in progress probation/dismissal calculations.
- I Incomplete — Incomplete academic work for unforeseeable, emergency, and justifiable reasons. Condition for removal of the “I” shall be stated by the instructor in a written record with a copy to the student. The “I” must be made up before the end of the following regular semester or it will be considered as an “F” grade. The “I” symbol shall not be used in calculating units attempted nor for grade points.
- IP In Progress — The “IP” symbol shall be used to denote that the class extends beyond the normal end of an academic term. “IP” shall not be used in calculating grade point average.
- RD Report Delayed — This symbol is assigned by the Director of Admissions and Records only. It is used when there is a delay in reporting grades due to circumstances beyond the control of the student. This is a temporary notation and is not used in calculating GPA.
- W Withdrawal — The “W” symbol is assigned when a student officially withdraws between the beginning of the fourth and end of the twelfth week of instruction for full semester courses. For courses that are less than 18 weeks in length, withdrawal must be made during the first 20 percent of the course. (During summer sessions the withdrawal period extends through the fourth week of instruction.) Students who withdraw prior to the fourth week of instruction for full semester courses, or prior to the completion of the first 20 percent of the course for short courses, shall have no notation (“W” or any other) on their record. The academic record of a student who remains in a class beyond the twelfth week must reflect a symbol other than a “W.”
- MW Military Withdrawal — The “MW” symbol is assigned when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, an “MW” may be assigned at any time after the twelfth week deadline for dropping classes. Military withdrawals shall not be counted in progress probation and dismissal calculations.
Grade Changes

After a grade has been issued, only the instructor has the authority to change the grade per California Education Code Section 76224. A student wishing to have a posted grade changed must submit appropriate documentation to the instructor who issued the grade and must request that the grade be changed. Based on an evaluation of the student’s progress in the course and the documentation, the instructor may or may not change the grade. Grade changes must be delivered to the Office of the Director of Admissions and Records by the instructor.

There is a deadline of six months from the date that the grade is posted to initiate a grade change.

Course Grades

Grades are available for viewing within Cuesta’s student portal, PAWS, four weeks after the last day of the term. Grades are not automatically sent to students. Students may submit a self-addressed, stamped envelope to the Admissions and Records Office to have grades mailed to them, or they may access their grades via Cuesta College’s PAWS website at http://www.cuesta.edu/paws.

Credit/No Credit Grading

• A student may select “credit/no credit” through the fourth week of instruction for 18-week courses or, if the course is less than 18 weeks in duration, within the first 20 percent of the course. Students may change back to a letter grade prior to the fourth week or 20 percent deadline. After the fourth week or 20 percent deadline, students may not reverse their credit/no credit grading decision.
• No more than 12 units of “credit/no credit” may be applied toward the Associate in Arts or Associate in Science degree.
• Courses listed on the schedule as “credit/no credit” grading option may be taken only once for “credit/no credit.” The student may, however, repeat the course for a letter grade.
• Students shall receive a “CR” (credit) if, at the end of the semester, a grade of “C” or better is earned. The “CR” shall, when recorded, add units completed but shall have no effect on the grade point average.
• Students doing work that is unsatisfactory (Grade of “D” or “F”) shall receive a “NC” (no credit) which, when recorded, will not increase units completed and will not be used to calculate the grade point average. However, units attempted for which an “NC” is recorded shall be considered in academic progress calculations to determine probation and dismissal status.
• Students may only select one course per semester on the “credit/no credit” option. Some courses are graded only on a “credit/no credit” basis. Enrollment in these courses would not affect the student’s right to select one additional class within the guidelines listed above.
• Students repeating a course, in which a substandard grade was earned, may not request a repeat discount if the credit/no credit grading option was selected for the second attempt.

ACADEMIC RENEWAL REGULATIONS

Cuesta College recognizes that a student may in the past have completed academic coursework at an institution of higher learning that is not reflective of the student’s present scholastic ability. The college also believes that there is merit in allowing students a chance for “academic renewal” so they are not unduly penalized in their educational pursuits for past substandard performance. Accordingly, Cuesta College provides the opportunity for academic renewal as follows:

Course Repetition: Substandard Work

• Students who have received a grade of “D” or “F” may repeat the course and receive a new grade and the units of credit attempted.
• Courses listed on the schedule with a “credit/no credit” grading option may be taken only once for “credit/no credit.” The student may, however, repeat the course for a letter grade.
• In any course repetition, the last grade recorded will be used in determining the overall grade point average. However, when course repetition occurs, the permanent record shall be annotated in such a manner that all work remains legible.
• Students wishing to repeat a course must obtain and complete a “Course Repetition” form from the Admissions and Records Office. The completed form will be routed to the Admissions and Records Office where it will remain on file until the end of the semester when grades are submitted and the new grade is recorded.
• An equivalent course completed at another accredited college or university for which substandard academic performance was recorded at Cuesta, may be repeated under the conditions stated above. Official transcripts from the other institution must be submitted to Cuesta College. Students may also be requested to submit a copy of the course outline or catalog description to confirm course equivalency.

Restriction on Course Repetition

Repetition of Courses for which Substandard Work Has Been Recorded

Students cannot register for a course in which they received an unsatisfactory course grade (D, F, W, or NC) more than three times. Students will be barred from registering in the course until the student:

• obtains a “Request to Exceed Repeat Limit” form from the Admissions and Records Office;
• meets with a counselor to develop a remediation plan noted on the form;
• receives approval on the form from a counselor or an instructor; and
• receives approval on the form from the Director of Admissions and Records at the San Luis Obispo Campus or the Executive Dean of the North County Campus.
POLICIES (CONTINUED)

Repetition of Courses for which Substandard Work Has NOT Been Recorded (California Education Code Title 5, Section 55763)

- Students who have previously received a grade of “C” or better may repeat the course if circumstances exist that justify such repetitions. However, the grade awarded for courses repeated under this section may not be counted in calculating a student’s grade point average.
- When course repetition under this section occurs, the student’s permanent academic record shall be annotated in such a manner that all work remains legible.

To exercise this option students must file a “Request to Repeat a Course with a Grade of ‘C’ or Better” form with the Admissions and Records Office after it has been approved by an instructor or counselor. The petition must be approved prior to enrollment.

Academic Renewal Through Alleviation of Courses without Course Repetition (California Education Code Title 5, Sections 55764 and 55765)

- Classes where substandard grades have been received may be disregarded in the computation of a student’s grade point average if the work was substandard but not reflective of the student’s present scholastic level of performance. This policy may be applied to two distinct semesters of work. This is a one-time-only option.
- A period of at least two years must have elapsed since the completion of the work to be alleviated.
- To alleviate course work, the student must have completed a minimum of:
  - 15 semester units with at least a 3.0 GPA, or
  - 30 semester units with at least a 2.5 GPA, or
  - 45 semester units with at least a 2.0 GPA.
- The student must file a “Course Alleviation” form with the Admissions and Records Office. If the course alleviation is approved by a counselor and the Director of Counseling Services, the alleviated course work will be noted as such on the student’s permanent record by the Admissions and Records Office.
- Courses taken at another accredited college or university, indicating substandard performance, are eligible for course alleviation as mentioned above. Course work alleviated from transfer institutions will apply only to graduation requirements from Cuesta College. Cuesta is unable to alleviate work from any other institution’s records for the purpose of transferring to another college or university.

Dates and times of registration are published for each semester and the summer session in a class schedule and on the Cuesta College website.

ACADEMIC PROBATION AND DISMISSAL

Students who earn unsatisfactory grades may jeopardize their enrollment at Cuesta. Academic achievement is monitored during the fall and spring semesters excluding summer session. A student is placed on academic probation at the end of a semester if the student’s semester grade point average is less than 2.0, or “C-average,” on a four-point scale (A=4, B=3, C=2, D=1, F=0).

A student who earns less than a 2.0 GPA for two consecutive semesters is subject to dismissal from the college. For the purpose of this section, semesters are considered consecutive on the basis of the student’s pattern of enrollment. For example, a student earning less than a 2.0 in Fall 2003 and Fall 2004 would be subject to dismissal if the student did not attend Cuesta during Spring 2004.

Dismissed students are not allowed to attend the subsequent semester. They must “sit out” for one full semester before regaining eligibility for enrollment.

To appeal academic dismissal, the student must attend a reinstatement workshop and sign a reinstatement contract that specifies the remedial actions a student must complete in order to remain enrolled. A student shall be removed from Academic Dismissal when the semester GPA earned is 2.0 or higher. If the student does not comply with the terms of the contract, the student will be required to “sit out” one semester.

PROGRESS PROBATION AND DISMISSAL

Students who fail to complete courses in which they enroll may jeopardize their enrollment at Cuesta. Academic progress is monitored during the fall and spring semesters excluding summer session. A student who has enrolled in a total of 12 units at Cuesta is placed on progress probation at the end of a semester if the percentage of all Cuesta College units in which a student has enrolled, for which entries of “W,” “I,” and “NC” are recorded, reaches or exceeds 50 percent.

A student on progress probation because of an excess of units for which entries of “W,” “I,” and “NC” are recorded shall be removed from probation when the percentage of units in this category drops below 50 percent.

A student who has been placed on progress probation for the third consecutive semester is subject to dismissal from the college.

To appeal progress dismissal, the student must attend a reinstatement workshop and sign a reinstatement contract that specifies the remedial actions a student must complete in order to remain enrolled. If the student does not comply with the terms of the contract, the student will be required to “sit out” one semester.

Contact the Office of the Director of Admissions and Records for additional information.

SCHOLASTIC ACKNOWLEDGMENTS

Academic Honor List

Students who enroll and complete 12 or more units and earn a 3.25 grade point average with no grade lower than a “C” will be placed on the Academic Honor List. The student’s academic record at Cuesta College will be annotated to reflect this achievement. Once a semester, students who qualify are notified by letter from the Vice President of Student Support and the achievement is posted under the qualifying semester on the student’s academic transcript. In order to qualify in any particular semester, the student must enroll in 12 or more units and earn a 3.25 grade point average with no grade lower than a “C.”

Students in the Registered Nursing Program may make the Academic Honor List using the criteria listed above; however, due to the number of contact hours in this program, an R.N. student will be considered when enrolled in 11 or more units.

Graduating With Honors

Students who meet the requirements for graduation with a cumulative grade point average of 3.5 to 3.74 qualify for honors recognition. This acknowledgment is posted on the student’s diploma and on the academic transcript. Students receiving honors are recognized at commencement with a green cord.

Graduating With High Honors

Students who meet the requirements for graduation with a cumulative grade point average of 3.75 to 4.0 qualify for high honors recognition. This acknowledgment is posted on the student’s diploma, the academic transcript and in the commencement ceremony program. Students receiving high honors are recognized at commencement with a white cord.

Alpha Gamma Sigma (AGS) Honor Society

Alpha Gamma Sigma (AGS) is a state-wide community college student honor society with the purpose of fostering, promoting, maintaining, and recognizing scholarship. In addition, AGS members develop character and civic responsibility through service to AGS, the college, and the community. The Gamma Gamma chapter at Cuesta College provides its membership scholarship opportunities, social activities, and leadership-building skills. Membership is based on grade point average. More information can be obtained from the Student Development Office. Recognition of AGS membership is posted on Cuesta transcripts. Students with AGS membership are recognized at commencement with a gold cord.
STUDENT COMPLETION AND TRANSFER RATES

In four decades of service to the community, Cuesta College has helped thousands of students reach a wide variety of educational goals, including completion of associate degrees, completion of certificate programs, and successful transfer to four-year institutions.

In compliance with the Student-Right-to-Know (SRTK) and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the San Luis Obispo County Community College District and Cuesta College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 1999, a cohort of all certificate-, degree-, and transfer-seeking first-time, full-time students were tracked over a three-year period. Their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at Cuesta College, nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, 35.3 percent attained a certificate or degree or became ‘transfer-prepared’ during a three-year period, from Fall 1999 to Spring 2002. Students who are ‘transfer-prepared’ have completed 60 transferable units with a GPA of 2.0 or better.

Based on the cohort defined above, 25.7 percent transferred to another postsecondary institution, prior to attaining a degree, certificate, or becoming ‘transfer-prepared’ during a five-semester period, from Spring 2000 to Spring 2002.

OPEN CLASSES

It is the policy of Cuesta College to offer classes to any person who has been admitted and who meets course prerequisites as officially approved by the State of California, the local Board of Trustees, or the California Education Code Title 5.

CLASSIFICATION OF STUDENTS

Freshman: A student with less than 30 semester units of college credit
Sophomore: A student who has completed 30 or more semester units of college credit
Full-time: A student enrolled for 12 or more units (Fall, Spring semester)
A student enrolled for 4 or more units summer session
Part-time: A student enrolled in less than 12 units (Fall, Spring semester)
A student enrolled in less than 4 units summer session
Enrichment Student: A non-high school graduate under 18 years of age who is concurrently attending high school and Cuesta College.

PRIORITY REGISTRATION POLICY

Registration into Cuesta College courses begins in June for the fall semester, November for spring semester, and April for summer session. Cuesta College registration is available primarily over the web through the WEBReg program on PAWS at www.cuesta.edu/paws.asp. Walk-in registration dates also are scheduled prior to the start of each new term.

First-time college students are encouraged to attend an assessment of English and math skills and an orientation prior to registering in Cuesta College courses.

Access to registration is based on Cuesta College Board Policy 6009 shown below.

The Priority Registration Policy regulates the availability of limited class space in a fair manner that facilitates the registration process.

Board Policy 6009 Priority Registration

To regulate the availability of limited class space, provide for fairness, and facilitate the registration process, procedures to provide priority registration for students on the basis of need are required. The following is a list of priority groups in the order that they will gain access to registration activities.

PRIORITY 1: Applicants for graduation who are continuing Cuesta College students and will complete remaining degree or certificate requirements within the semester. (Students will receive one-time only priority in this classification.)

PRIORITY 2: Graduating seniors from local area high schools who are processed through matriculation and who apply by the application deadline (fall only).

PRIORITY 3: Documented eligible students participating in the Disabled Student Program and Services (DSPS), Extended Opportunity Program and Services (EOPS), CalWORKs Program, students participating in Intercollegiate Athletics during the semester of active team participation, ASCC leaders, students in the Re-entry Program, students in the Pre-nursing Program, students serving as Facilitator Assisted Learning (FAL) facilitators, student employees, staff, faculty, retired faculty and staff having earned emeritus distinction; and dependent children, spouses, and partners of faculty or staff.

PRIORITY 4: Continuing Cuesta College students will receive priority registration based on the total number of Cuesta College units completed. Unit increments:

4.1 Equal to or greater than 48.0 units.
4.2 Equal to or greater than 24.0 units and less than 48.0 units.
4.3 Equal to or greater than 12.0 units and less than 24.0 units.
4.4 Less than 12.0 units.
PRIORITY 5: First-time students, including high school enrichment and new re-entry students, who are processed through matriculation and who apply by the application deadline.

PRIORITY 6: First-time, returning, and transfer students who apply for admission and register during open access registration periods.

STUDENT COURSE LOAD
A full-time student is a student who is enrolled in a minimum of 12 units per semester (4 units by the second class meeting for short courses and summer session courses). Students enrolled in fewer than 12 units are considered to be less than full-time. Students are limited to a maximum of 19 units during the fall and spring semesters (9 units during the summer session), including both day and evening classes. In order to take more than the maximum number of units, a student must have an outstanding academic record and must obtain approval from a counselor before registering.

ADDITION COURSES
Students must add classes by the second week of instruction for regular semester courses or by the second class meeting for short courses and summer session courses. Once instruction begins, all adds require instructor approval. Necessary instructor-arranged course transfers still will be allowed beyond the normal deadline for adding. In order to officially add a course, the student may add using web registration (PAWS WEBReg) or submit appropriate forms to the Admissions and Records Office by the deadline contingent upon instructor approval.

Auditing
Since auditing is permitted in some classes on a space-available basis only, students choosing to audit courses must delay registration for the courses until the last day of the regular registration period. Students will not receive academic credit for audited courses. Information and forms are available in the Admissions and Records Office.

WITHDRAWAL FROM COLLEGE AND DROPPING OF COURSES
Any student leaving the college after registering must officially withdraw from the institution. To obtain a withdrawal from the college, a student must drop their courses on the web through PAWS WEBReg, or complete the appropriate forms provided in the Admissions and Records Office, and submit for processing.

A student may drop a class without receiving a “W” grade if the drop is processed by the fourth Friday of the semester for regular semester courses or within the first 20 percent of the class for short courses and summer session courses.

A student may drop a class with a “W” grade before 60 percent of the semester or session has been completed.

INSTRUCTIONAL PERIOD  DROP DEADLINE
Fall/spring semester  End of twelfth week
Summer session  End of fourth week
Short course  60 percent of the length of short course

Thereafter, a grade other than a “W” must be awarded, and an “F” is likely if the student has not arranged with the instructor to complete minimum course requirements. Drop forms are available in the Admissions and Records Office at any campus location and on the Cuesta College web site.

Withdrawal from classes after the end of the twelfth week may be made based on extenuating circumstances upon petition to the Director of Admissions and Records and with appropriate valid documentation. Extenuating circumstances are verified cases of accidents, illnesses, or other circumstances beyond the control of the student (California Code Title 5, Section 55758).

Military Withdrawal
Military withdrawal occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. The student must verify such orders at the time of the withdrawal. Students withdrawing under this college policy will receive a grade of “MW” for each course from which they withdraw and shall be entitled to a full refund of all enrollment fees paid to the college unless academic credit has been awarded.

OFFICIAL TRANSCRIPTS
All applicants must submit official transcripts of all prior high school and college work. Transcripts are to be forwarded to the Cuesta College Admissions and Records Office.

Transcripts submitted to the college are considered property of Cuesta College and will not be released to students or other colleges or agencies.

PREREQUISITES AND COREQUISITES
The purpose of prerequisites, corequisites and advisories is to enhance a student's chance of success in a desired course. A prerequisite is a course (or equivalent skill or prior experience) that a student must pass (or must possess) before enrolling in a more advanced course. A corequisite is a course in which a student must enroll at the same time as (or before) enrolling in the desired course. Successful completion of a prerequisite is achieved by a final course grade of “C” or better. An advisory is a course that a student is encouraged (but not required) to take before enrolling in a more advanced course. In addition, some courses — such as music performance, intercollegiate athletics, and honors programs — limit enrollment based on an audition or other screening procedure.
Transcript Evaluation - Prerequisites

To enroll at Cuesta College, two copies of a high school and/or college transcript (if any) should be obtained at least two weeks before registration for classes. One copy must be an official (sealed) copy and is to be submitted to the Admissions and Records Office. This copy will be kept on file for college use and cannot be released again to the student or another institution.

An unofficial copy (not a sealed copy) is to be hand-carried by the student to all advising and registration activities to validate that the necessary prerequisite courses have been met with a “C” grade or better. Students are strongly advised NOT to rely on forwarded transcripts. In such cases, the student should contact Counseling Services at the San Luis Obispo Campus, (805) 546-3138, or at the North County Campus, (805) 591-6225; or the Evaluations Office, (805) 546-3141, to clear any prerequisites. The student may need to provide a copy of the course description from the catalog of a private college or out-of-state college.

Prerequisite/Corequisite Challenge for Continuing Students

Continuing students will be allowed to enroll in an advanced course, without a Challenge Petition, if they are currently enrolled at Cuesta College in the required prerequisite for that course. If the student fails to receive a grade of “C” or higher in that prerequisite course, the student must drop the advanced course and reregister in the prerequisite course. If the student neglects to drop the advanced course the Admissions and Records Office will administratively drop them from the course.

Students wishing to reenroll (repeat) in the prerequisite course will need to complete a Petition to Repeat a Substandard Course to gain access to register for the course through WEBReg. This petition will also prompt the Records Office staff to discount the grade received in the initial class once the grades are processed for the repeated course.

Prerequisite/Corequisite Challenge Procedures

Students have the right to challenge course prerequisites. They have the responsibility to provide documentation to support their challenge.

A “Prerequisite/Corequisite Challenge” requires a written explanation of alternative course work (background or abilities) which, in the student’s opinion, adequately prepares the student for the course.

A “Prerequisite/Corequisite Challenge” form can be obtained from the Admissions and Records Office on the San Luis Obispo campus and the Student Services Office on the North County campus.

Reasons for challenging a prerequisite/corequisite may include one or more of the following:

- A prerequisite/corequisite is not reasonably available to a student with a Student Educational Plan (SEP). Reasonably available is defined as any open seat(s) in any scheduled course within the last two semesters.
- The student believes the prerequisite was established in violation of state regulations or in violation of the district-approved prerequisite/corequisite process.
- The student believes the prerequisite/corequisite is discriminatory or being applied in a discriminatory manner. Discriminatory is defined as prerequisites/corequisites being arbitrarily enforced with some group(s) of students and not with other(s) or having a disproportionate impact on a particular group of students.
- The student has the documented knowledge based upon a multiple measure assessment (certificate of completion, transcript, syllabus, or copies of exams/challenge examination) of ability to succeed in the course without meeting the listed prerequisite(s).
- A student is completing work at another institution for which final grades are not yet available. The student must provide proof of enrollment. The student may enroll in the class by submitting the Prerequisite Challenge form in advance of accessing PAWS WEBReg or at the walk-in registration activity. The student will be dropped from the course if the minimum grade required is not met and/or the transcript with minimum grade is not submitted and verified by the deadline date.

Should a student wish to ask questions concerning the prerequisite/corequisite/advisory course process, the student should contact the Director of Counseling, (805) 546-3147 ext. 2238. Students may also stop by the office to make an appointment. The office is located in San Luis Obispo Campus Building 3100, Room 3101.

Upon filing a “Prerequisite/Corequisite Challenge” form, the student may enroll in the challenged class by presenting the challenge form to the Evaluations Office prior to registration or at the time of registration. The challenge form will be processed and acted upon by appropriate personnel within five working days. The student takes responsibility for enrolling in the challenged class by presenting this form at registration. The student will be dropped if the transcripts/grades requested are not submitted by the deadline date. The student will be dropped if the transcripts/grades submitted reflect that the prerequisite was not met.
REGISTRATION (CONTINUED)

REMEDIAL COURSE WORK LIMITATION
A student who has completed 30 units of remedial course work, but who has not attained full eligibility for college-level work, shall be dismissed from the college and referred to adult non-credit education courses unless a waiver has been granted.

“Remedial course work” refers to pre-collegiate basic skills courses which are designated as non-degree credit courses, the purpose of which is to prepare students for successful completion of associate degrees, transfer, or certificate courses. These courses are specifically designed to meet the needs of underprepared students so that the quality and rigor of the associate degree curriculum is protected.

A waiver of the limitation on remedial course work may be provided to any student who shows significant measurable progress toward the development of skills appropriate to the student’s enrollment in college-level courses. Measurable progress is defined by transcripts, pre- and post-test measures, demonstrated progress toward an educational goal sustaining progress of education or social goals and objectives as documented in a Student Educational Plan (SEP). If a waiver is granted, its duration should not exceed one academic year and would normally be of one semester’s duration.

Students enrolled in one or more courses of English as a Second Language (ESL) or students identified by the district as having a learning disability are exempt from the 30-semester-unit limitation (California Education Code Title 5, Section 55756.5).

ATTENDANCE
Normal progress and successful completion of scholastic work depends upon regular attendance. Students are expected to attend all classes and laboratories for which they are registered. Instructors set an attendance policy for each class, and it is the student’s responsibility to know and comply with each one. Instructors may drop a student from a class for infractions of the attendance policy. (To assure a seat in the class, students are advised to attend the first class session.)

It is the student’s responsibility to officially withdraw from a course which the student is no longer attending. Failure to officially withdraw from a class may result in an “F” or failing grade. The “F” will be considered a valid grade and can only be changed by the instructor.

STUDENT FOLLOW-UP: “EARLY ALERT”
Early in each semester students who are having academic difficulty are contacted by the Director of Counseling Services. Early Alert notices, if given, will appear on the student’s Status Check page in PAWS. An e-mail and letter are sent to each student about the problem with a recommendation that the student confer with the instructor(s) and/or receive additional support services (math lab, writing lab, tutoring, etc.).

Follow-up services also monitor student progress in order to inform students who may be on probation or disqualification of the appropriate services and assistance programs available.

FINAL EXAMINATIONS
Final examinations will be given in all courses at the end of each semester, short course, or summer session. Dates and times are listed in the schedule of classes and on the Cuesta College web site.

CHANGE OF RULES AND REGULATIONS
The college reserves the right to make changes, additions and/or deletions to the list of rules and regulations during the school year when deemed necessary by action of the administration and/or Board of Trustees.

STUDENT RESPONSIBILITY
Students are held individually responsible for the information contained in the Cuesta College Catalog and in the Student Code of Conduct. Failure to read and comply with college regulations will not exempt students from whatever penalties they may incur.

All students are expected to conduct themselves in an acceptable manner while on campus or at off-campus sites and when representing Cuesta College in any off-campus activity. Specific rules and regulations, and applicable penalties for violation of the Student Code of Conduct (California Education Code Title V, sections 66300, 76030, and 76033), located on pages 30-32. Each student has the responsibility to be aware of college regulations. The following are significant excerpts from the Student Code of Conduct.

Students have the right to free expression, advocacy and action except to the extent that it unreasonably interferes with, obstructs, interrupts, or detracts from the operation of the college or the promotion of its educational or community objectives.

Non-students or persons not affiliated with the college who interfere, obstruct, interrupt, or distract from the operation of the college or the promotion of its educational or community objectives are subject to criminal action under the State of California Penal Code, Section 602.10.
SEXUAL HARASSMENT (BOARD POLICY R1575)

Definition
“Sexual harassment” means unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature, made by someone from or in the workplace or in the educational setting, and includes but is not limited to:

1. Making unsolicited written, verbal, physical, and/or visual contacts with sexual overtones. (Examples of sexual harassment which appear in a written form include, but are not limited to: suggestive or obscene letters, notes, invitations. Examples of verbal sexual harassment include, but are not limited to: leering, gestures, display of sexually aggressive objects or pictures, cartoons, or posters.)

2. Continuing to express sexual interest after being informed that the interest is unwelcomed.

3. Making reprisals, threats of reprisal, or implied threats of reprisal following a rebuff of harassing behavior. The following are examples of this type of sexual harassment within the workplace: implying or actually withholding grades earned or deserved; suggesting that a poor performance evaluation will be written; or suggesting that a scholarship recommendation or college application will be denied.

4. Engaging in explicit or implicit coercive sexual behavior within the work environment which is used to control, influence, or affect the employee’s career, salary, and/or work environment.

5. Engaging in explicit or implicit coercive sexual behavior within the educational environment that is used to control, influence, or affect the educational opportunities, grades, and/or learning environment of a student.

6. Offering favors or educational or employment benefits, such as grades or promotions, favorable performance evaluations, favorable assignments, favorable duties or shifts, recommendations, reclassifications in exchange for sexual favors.

Procedures
Procedures for investigating complaints shall be the same as those outlined in Board Policy 1565 Unlawful Discrimination Complaint Procedure.
SUMMARY OF YOUR RIGHTS TO SEEK AN INFORMAL RESOLUTION OR FILE A FORMAL COMPLAINT OF DISCRIMINATION OR SEXUAL HARASSMENT

(This is only a summary; please see Board Policy 1565 and 1575)

INFORMAL RESOLUTION OR FORMAL COMPLAINT PROCEDURE:

1. You have the right to request that the charges be resolved informally, at which time the District will undertake efforts to informally resolve the charges. To start the informal resolution process, please contact the Executive Director of Human Resources and Labor Relations in the administration building, room 8003, or by phone at (805) 546-3129.

2. You do not need to participate in informal resolution;

3. You have the right to file a formal complaint (see below for the procedure in doing so);

4. You will not be required to confront or work out problems with the person accused of unlawful discrimination;

5. You may file a non-employment-based complaint with the Office for Civil Rights of the U.S. Department of Education (OCR) where such a complaint is within that agency’s jurisdiction.

6. If your complaint is employment-related, you may file a complaint with the U.S. Equal Employment Opportunity Commission (EEOC) and/or the California Department of Fair Employment and Housing (DFEH) where such a complaint is within that agency’s jurisdiction.

PURPOSE OF THE INFORMAL RESOLUTION PROCESS

The purpose of the informal resolution process is to allow an individual who believes she/he has been unlawfully discriminated against to resolve the issue through a mediation process rather than the formal complaint process. Typically, the informal resolution process will be invoked when there is a simple misunderstanding or the complainant does not wish to file a formal complaint. An informal resolution may require nothing more than a clarification of the misunderstanding or an apology from the respondent and an assurance that the offending behavior will cease. You will be notified of the proposed informal resolution proposed by the District.

If you pursue the informal resolution process, you should note the following important points:

1. You will need to sign a document which indicates that you have selected the informal resolution process.

2. The District will complete its investigation within the time required by Board Policy 1565 unless you voluntarily rescind your complaint prior to completion.

3. Selecting the informal resolution process does not prevent you from later deciding to file a formal complaint (subject to all of the rules for filing a formal complaint). For example, if you are not satisfied with the outcome of the informal resolution process (including the District’s proposed resolution), you may elect to file a formal complaint.
District Policies and Regulations (continued)

**How to File a Formal Complaint:**

1. A formal complaint must be initiated by filling out the attached form approved by the State Chancellor’s Office. That form is attached as the last page of board policy 1565, and has the title heading of “Unlawful Discrimination Complaint Form.” You must send that completed form to either:

   - San Luis Obispo County Community College District, Attn: Executive Director of Human Resources and Labor Relations, Administration Building, Room 8003, San Luis Obispo, CA 93403-8106;
   
   or
   
   - Chancellor’s Office, California Community Colleges, 1102 Q Street, Sacramento, California 95814-6511, Attention: Legal Affairs Division

2. The complaint must allege unlawful discrimination prohibited under Title 5, section 59300.

3. The complaint must be filed by one who alleges that he or she has personally suffered unlawful discrimination or by one who has learned of such unlawful discrimination in his or her official capacity as a faculty member or administrator.

4. In any complaint not involving employment, the complaint must be filed within one year of the date of the alleged unlawful discrimination or within one year of the date on which the complainant knew or should have known of the facts underlying the specific incident or incidents of alleged unlawful discrimination.

5. In any complaint alleging discrimination in employment, the complaint shall be filed within 180 days of the date the alleged unlawful discrimination occurred, except that this period will be extended by no more than 90 days following the expiration of that 180 days if the complainant first obtained knowledge of the facts of the alleged violation after the expiration of 180 days.

**What Happens When a Formal Complaint Is Filed?**

The District will then complete an “Administrative Determination.” Within 90 days of receiving an unlawful discrimination complaint filed under Title 5, sections 59300 et seq., the District will complete the investigation and forward a copy of the investigative report (containing the administrative determination) to the State Chancellor, a copy or summary of the report to the complainant, and written notice setting forth all the following to both the complainant and the State Chancellor:

1. The determination as to whether there is probable cause to believe discrimination occurred with respect to each allegation in the complaint;

2. A description of actions taken, if any, to prevent similar problems from occurring in the future;

3. The proposed resolution of the complaint; and

4. The complainant’s right to appeal to the District Board of Trustees and the State Chancellor.
SEXUAL ASSAULT (BOARD POLICY 1580)

Cuesta College is committed to maintaining a safe campus, a campus free of violence and the threat of violence. All persons who come onto the campus or onto any facility maintained by the college are expected to treat others with respect and consideration.

Cuesta College will not tolerate any physical or sexual assault or threat of assault, including acquaintance rape, on its campus or at facilities maintained by the college. Where there is probable cause to believe that the college’s regulations prohibiting sexual assault have been violated, the college will pursue vigorous investigative action through its own channels. Disciplinary actions include the possibility of suspension or dismissal from the college.

A student or employee charged with sexual assault can be prosecuted under California penal code statutes and disciplined under the college’s Code of Student Conduct and board policy. Even if the criminal justice authorities choose not to prosecute, the college can pursue disciplinary action.

Cuesta College is committed to doing everything within its power to prevent sexual assaults from occurring and disciplining assailants when rape or other assault occurs on campus property or at college-sponsored events, and to provide prompt and compassionate services to students, faculty and staff who are raped or otherwise sexually assaulted. The college is further committed to ensuring that students, faculty, and staff are not adversely affected for bringing forward a charge of rape or sexual assault.

In order to provide a safe environment for students, faculty, staff, and guests, the college has established a multifaceted program composed of response procedures, prevention and education guidelines, services for victims, and sanctions.

STUDENT CONDUCT (BOARD POLICY 6200)

The Board of Trustees shall establish rules and regulations for student conduct while on campus and/or engaged in any college-sponsored activity.

The Vice President of Student Support shall be responsible for enforcing rules and regulations for all activities of students at times and places when students are under college jurisdiction, except that individual teachers are given the power to suspend students for good cause for the remainder of the subject school day, plus up to one additional class meeting. The Vice President of Student Support or designee is responsible for administering the disciplinary functions.

Scope of Application

These rules apply to all actions of students of the college on District property and at all activities sponsored by the college or registered student organizations, whether occurring on or off the campuses or other instructional sites.

Standard of Conduct

Students attending Cuesta College assume an obligation to conduct themselves in a manner compatible with the Student Code of Conduct and Academic Honesty Regulations, and the Student Computer Technology Access Agreement.
**STANDARD OF CONDUCT (BOARD POLICY R6200)**

Students enrolled in Cuesta College assume an obligation to conduct themselves in a manner compatible with the college’s function as an educational institution.

**Student Code of Conduct**

The following examples of conduct are considered unacceptable and shall constitute just cause for discipline including but not limited to removal, suspension or expulsion of a student.

1. Dishonesty, including, but not limited to, cheating, plagiarism, or knowingly furnishing false information to the college;

2. Forgery, alteration, or misuse of college documents, records, or identification;

3. Disrupting, obstructing, or interfering with instructional, administrative, disciplinary, or other functions or activities of the college;

4. Physical abuse, threat, or assault of any person on District-owned or controlled property or at college-sponsored or supervised functions; or conduct which threatens or endangers the health or safety of any such person;

5. Stealing, damaging, or attempting to steal, or to damage District property or private property on District facilities or knowingly receiving stolen District property or private property on campus.

6. Unauthorized entry into or occupancy of any buildings or other facilities owned, rented, leased by, or otherwise under the control of the college;

7. Unauthorized possession or use of any personal property or equipment of the college;

8. Violation of college policies or of campus regulations, including, but not limited to, campus regulations concerning student organizations, the use of college facilities, or the time, place, and manner of public expression;

9. Disorderly conduct or lewd, indecent, or obscene conduct or expression;

10. Failure to comply with directions of college officials acting in the performance of their duties;

11. Possession, the attempt to purchase, or use of illegal drugs, use of any alcoholic beverages, or other controlled substances.

12. Any act which is defined as a felony, misdemeanor or infraction under the laws of the State of California or which violates any duly-adopted rule or regulation of the college.

**Academic Honesty**

Academic Honesty is essential to the academic community. Students expect that the Cuesta faculty is fair, truthful and trustworthy. The faculty expects that Cuesta students will share these same values. Students who violate these principles by cheating, plagiarizing, or acting in other academically dishonest ways are subject to disciplinary procedures. Below are some examples of academically dishonest behavior. If you are unclear about a specific situation, ask your instructor.

**Examples of Academic Dishonesty:**

- Copying from another student’s exam
- Giving answers during a test to another student
- Using notes or electronic devices during an exam when prohibited
- Taking a test for someone else
- Submitting another student’s work as your own, e.g. copying a computer file that contains another student’s own work
- Knowingly allowing another student to copy/use your computer file(s) as his or her own work
- Completing an assignment for another student
- Plagiarizing or “kidnapping” other people’s thoughts, words, speeches or artistic works by not acknowledging them through proper documentation

At the discretion of the instructor, students caught being academically dishonest may receive a failing grade on the assignments in question, be dropped from the class, or be failed in the course. Beyond this, the student may be subject to disciplinary action as determined by the Vice President of Student Support or designee. An appeals process is available to the student through the office of the Vice President of Student Support. It is recommended that the faculty member report any acts of academic dishonesty to the Vice President of Student Support or designee.
This is to communicate what other users, instructors, and the District expects of students when using college computer technology and facilities. Failure to conform to these stipulations can result in disciplinary action. Violations of regulations in the use of computer technology will be addressed in accordance with the college Academic Honesty and Student Code of Conduct Policies, available for reference in the college catalog or by requesting copies from Student Services. (The Academic Honesty Policy is also included in the class schedule.) Computer technology and facilities are provided for the purpose of completing academic requirements.

A. Students may use the technology and facilities to:
1. Complete course assignments;
2. Conduct academic research;
3. Communicate with faculty and students.

B. User Responsibilities
User responsibilities include, but are not limited to:
1. Using only their own designated ID, passwords/PIN, and accounts, and keeping IDs, passwords/PIN, and account information confidential. It is recommended that users change their passwords/PIN periodically;
2. Using software and electronic materials, including shareware, in accordance with copyright, trademark, and licensing agreements and restrictions;
3. Accurately identifying and representing themselves in electronic messages, files, and transactions;
4. Saving all work on a floppy disk, zip disk or other removable storage media and not on the hard drive unless instructed to do so by your instructor;
5. Allowing lab technicians to scan disks before they are inserted into the disk drive as a precaution to insure the safety of the computers;
6. Asking appropriate Cuesta College personnel for assistance if unfamiliar with the operating system.

C. Prohibitions
Prohibitions include, but are not limited to:
1. Damaging equipment, data, software, software protection, encryption or restriction on applications and files; including, introducing invasive or destructive programs (such as viruses, worms, and Trojan horses);
2. Disrupting or unauthorized use of accounts, access codes, passwords, or identification numbers;
3. Impeding or disrupting the use of computer technology and communications resources by game playing, sending an excessive or unreasonable number of messages, sending messages of unreasonable size (with large attachments); making or printing excessive copies of documents, files, data, or programs;
4. Violating copyrights, trademarks, and/or license agreements;
5. Accessing, using or copying another user’s account, ID number, password, electronic files, data, or e-mail without prior authorization; or allowing such use by others;
6. Using District computer technology and communications resources in any unlawful manner including fraudulent, threatening, libelous, obscene, or harassing communications; procuring, or distributing obscene or pornographic material;
7. Circumventing or attempting to circumvent local, network, or remote security measures;
8. Altering or attempting to alter system software;
9. Altering or attempting to alter system hardware without Computer Services approval;
10. Modifying or attempting to crash or hack into computer technology or communications resources;
11. Accessing or attempting to access restricted portions of any operating system or security software unless authorized to do so;
12. Installing or removing software unless authorized to do so;
13. Using computer technology and/or communications resources for private commercial or other personal purposes;
14. Copying software that has not been placed in the public domain and distributed as freeware; inspecting, changing, altering, copying, or distributing proprietary data programs, files, disks, or software without authorization;
15. Falsely identifying and/or representing one’s self in the use of computer technology and communications resources.

The District may access, review, copy and disclose information entered or retained in computer technology and communications resources.
A. Speech and Advocacy

1. General Principle: Students have the right of free expression, advocacy, and action except to the extent that it interferes with, obstructs, interrupts, or detracts from the operation of the college or the promotion of its educational or community objectives.

2. Time, Place, and Manner Regulations: The time, place, and manner of exercising speech and advocacy within the limits described in the General Statement shall be subject to prior approval by the Vice President of Student Support or designee. To be approved, an activity will require orderly conduct, non-interference with college functions or activities, and identification of sponsoring groups or individuals, and shall provide for one or more open discussion areas. It is expected that “good taste” will be exercised by all students. The Vice President of Student Support or designee shall provide reasonable protection to persons on campus against practices, which would make them involuntary audiences.

3. Non-college Speakers: Registered student organizations may invite non-college speakers to address meetings on campus only upon prior notification and approval of the Superintendent/President or designee, who may deny the use of available college facilities if the meeting is deemed to be incompatible with the educational objectives and established policies of the college. Individual students or student groups which have not qualified as registered student organizations may not invite non-college speakers to address meetings on campus.

Whenever the Vice President of Student Support or designee considers it appropriate in furtherance of educational objectives and established policies, the following may be required:

a. That the meeting be chaired by a person approved by the Vice President of Student Support or designee; and/or
b. That the speaker be subject to questions from the audience.

It shall be the intent of the Vice President of Student Support or designee to assure opportunity for the expression of a variety of viewpoints, except those specified prohibited in Board Policy 7850, Use of College Facilities.

B. Speakers and Political Events Not Sponsored by Student Organizations:

Free Speech Areas:

San Luis Obispo Campus:
1. The Cuesta College Patio - Behind the cafeteria;
2. The Flag Pole Area;

North County Campus:
1. Flagpole area of campus courtyard.
   a. The entire area would be available for the discussion of all issues or philosophies, which are discussed in normal speaking voice.
   b. Brochures may be handed out to individuals but may not be left in stacks or posted on school bulletin boards without appropriate approvals. All discarded brochures are to be picked up by those who distributed them.
   c. No amplification equipment will be allowed without prior approval by the Vice President of Student Support or designee.
   d. No speakers or brochures which advocate any illegal activity or the overthrow of the Government of the United States would be allowed to use the Free Speech Area.
   e. Free speech areas will be under the supervision of the Vice President of Student Support or designee.
   f. No speakers may interfere with the activities of students or others using the designated Free Speech Areas.
1. Registration of Student Organizations: An organization in which active membership is limited to students and academic and administrative staff of the college may become a registered student organization by complying with the registration procedures established by the Associated Students of Cuesta College and the Vice President of Student Support, which shall include the name of the organization, its purposes, its officers, and such other information as may be specified in campus regulations.

2. Standard of Conduct and Discipline: Student organizations are required to comply with college policies and campus regulations and are subject to revocation of registration or other discipline for violation of such policies or regulations.

3. Use of College Name: A student organization shall not use the name of Cuesta College or abbreviations thereof as a part of its own name approved in accordance with 1 above.

A registered student organization may state that its membership is composed of students or students and staff of Cuesta College but shall not indicate or imply that it is acting on behalf of the college or with its approval or sponsorship.

4. Use of College Facilities by Student Organizations: Registered student organizations may use college facilities for meetings and activities in accordance with Board Policy 7850 Use of College Facilities. The Vice President of Student Support or designee may grant approval for fund raising, recruiting participants, posting and distributing literature. Registered student religious organizations shall be extended the same privileges as other registered organizations, except as limited by federal and state law.

5. Taking Positions on Issues: Registered student organizations may take and publish positions on issues, and shall make it clear in so doing that they are not representing the views of the college or of the student government or of the student association as a whole.

A. Types of Discipline

1. Warning: Notice to the student(s) that continuation or repetition of specified conduct may be cause for further disciplinary action.

2. Censure: Written reprimand for violation of specified regulation.

3. Disciplinary Probation: Exclusion from participation in privileges or extracurricular college activities as set forth in the notice of disciplinary probation for a specified period of time.

4. Restitution: Reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair, replace, or otherwise compensate for damages.

5. Interim Suspension: Exclusion from classes and other privileges or activities as set forth in the notice of interim suspension, pending final determination of an alleged violation.

6. Suspension: Exclusion from classes and other privileges or activities as set forth in the notice of suspension for a definite period of time.

7. Dismissal: Termination of student status for an indefinite period. The student(s) may be readmitted to Cuesta College with the specific approval of the Superintendent/President’s or designee.

8. Expulsion: Permanent termination of student status without possibility of readmission.

B. Administration of Discipline:

1. A student(s) may be disciplined for improper conduct when such conduct is a part of any college activity.

2. The Vice President of Student Support or designee may appoint faculty, student, individual, or committee advisors, to consider potential disciplinary action, but has the final authority for administration of student discipline except that expulsion requires approval by the Superintendent/President of the college.

3. The Vice President of Student Support or designee may impose any discipline provided herein when there is reason to believe that substantial grounds exist for such discipline.

4. During the term of any discipline which does not terminate student status, students continue to be subject to District policies, regulations, and procedures.

5. Pre-discipline conference/notice: Students charged with misconduct shall be provided with written notice to meet with the Vice President of Student Support or designee regarding the basis for possible disciplinary action. The notice must be given at least twenty-four (24) hours prior to the scheduled appointment.

6. The meeting with the Vice President of Student Support or designee should include:
   a. A written statement of charges to the student(s);
   b. A reasonable opportunity at the meeting for the student(s) to personally answer the charges;
Following the meeting, the student(s) shall either accept the disciplinary action, if any, or within forty-eight (48) hours (two school days) following receipt of the written notice of proposed disciplinary action, file at the office of the Vice President of Student Support or designee a written notice of intent to appeal to the Student Conduct Appeals Committee.

C. Appeal
   Level I
   1. The student(s) shall file with the Appeals Committee, within twenty-four (24) hours (one school day) following filing of a notice of intention to appeal, a specific written response to each of the charges. Any charge to which the student(s) does not respond shall be deemed to be true.
   2. The Appeals Committee shall include a hearing officer appointed by the Superintendent/President, administrator (Vice President of Student Support may not serve), faculty member appointed by the Academic Senate, and a student representative appointed by the Associated Students of Cuesta College.
   3. A meeting of the Appeals Committee shall be convened not earlier than twenty-four (24) hours after submission of the student’s response to the charges, to hear the appeal and to make a decision in the case.
   4. The hearing before the Appeals Committee is not a judicial proceeding. The Appeals Committee recognizes the student’s right to a fair opportunity to hear the charges and evidence in support thereof, right to present oral and documentary evidence on his/her behalf, right to present a written argument on conclusion of the hearing and right to have an accurate copy of the minutes of the hearing furnished to the student.
   5. The appeals committee shall submit its decision to the student within ten (10) working days of the hearing.

Level II
6. Within twenty-four (24) hours (one school day) after receiving the decision of the Appeals Committee, the student(s) may appeal the decision in writing to the Superintendent/President. Such appeal may be based only on the grounds that:
   a. Required procedures have not been followed and the student(s) has/have been demonstrably damaged;
   b. There is insufficient evidence to support the decision of the Appeals Committee;
   c. One or more members of the Appeals Committee have, prior to the hearing, formed an opinion as to whether the student(s) has/have or has/have not committed the acts with which charged; and must include all supportive evidence.
   d. The Superintendent/President will evaluate the evidence and submit findings in writing to the student within fifteen (15) working days after receiving the appeal.

Level III
7. Every student has the final right of appeal to the Board of Trustees when dismissal or expulsion has been imposed.
8. A final written appeal may be made to the Board of Trustees within thirty (30) working days of the written response of the Superintendent/President. The Board will evaluate the evidence and render its decision within thirty (30) days of the initial meeting of the Board at which the matter is discussed.
The Board of Trustees determines that the following policies govern the participation of alcohol- or drug-impaired students in the Associate Degree Nursing Program.

1. The nursing program, in addition to offering an academic program, includes clinical course work. The safety of patients under the care of student nurses must be assured. The instructor and the Director of Nursing Programs may take immediate corrective action to remove a student impaired by alcoholism or drug abuse from the clinical program if the student demonstrates by his/her conduct and performance in the clinical setting that he/she is a danger to the health and safety of patients under his/her care.

2. After evaluation and due process, students considered by the Director of Nursing Programs to be impaired by drugs or alcohol will be allowed to continue their studies, including clinical course work, as long as they are adhering to the provisions of a contract between the college and the student for the student’s retention.

3. Information on the student’s condition is confidential and will not be disclosed except when necessary to protect the safety of patients under the care of student nurses.

4. An individual contract of retention will be developed by the student, rehabilitation therapist, and the Director of Nursing and shall specify:
   a. That the student must participate in an approved drug or alcohol treatment and rehabilitation program for the duration of his/her nursing program studies.
   b. That evidence of satisfactory attendance and progress will be provided to the college on a regularly scheduled basis.
   c. That the student will consent to periodic random drug screening as part of the treatment and rehabilitation program.
   d. That the impaired student will give all medications under direct supervision and that the student will not have access to keys to medications.
   e. That if the student fails to adhere to the conditions of the contract for retention, the same procedure will be followed as with any other student on probation; the circumstances of the violation will be reviewed by the nursing faculty as a whole; and recommendations for the retention or dismissal will be made to the Director of Nursing Programs, who will then make the decision after advising the Vice President, Student Support.

5. Information on the student’s dismissal from the nursing program will be reported to the Board of Registered Nursing when such information is requested by the Board of Registered Nursing.

A grievance shall mean a complaint, other than one dealing with civil rights discrimination,* which has been filed by a student or by a student’s designee on his/her behalf. The primary purpose of the following procedure is to secure at the earliest level possible an equitable solution to a complaint.

LEVEL 1.
The student should contact in person the Vice President of Student Support (or designee appointed by the Vice President of Student Support) and present his/her complaint. If the grievance is not resolved, the student can submit to the Vice President of Student Support (or designee) a written appeal for further consideration. (Time limit: ten calendar days from the date of appointment with the Vice President of Student Support, or designee.)

LEVEL 2.
A Student Appeals Committee, made up of three faculty and three student members jointly appointed by the Vice President of Student Support (or designee), and the ASCC President, then will be convened within ten calendar days after receiving the appeal and will submit its finding to the student in writing within an additional ten days. If the complaint is not resolved, a written appeal can be filed by the student to the President/Superintendent within ten calendar days. When a grievance involves the Vice President of Student Support (or designee) (Level 1) and/or the Associated Students Cuesta College (A.S.C.C.) President and the Vice President of Student Support (or designee) (Level 2), those responsibilities listed above for these two positions at Levels 1 and 2 shall be assumed by the Superintendent/President (or designee appointed by the Superintendent/President) of the District.

LEVEL 3.
The student will appeal in writing with all supportive evidence to the President/Superintendent (or designee) who will evaluate the evidence and submit his/her finding in writing to the student within ten calendar days after receiving the appeal.

LEVEL 4.
A final written appeal may be made to the Board of Trustees within thirty calendar days of the written response of the President/Superintendent (or designee). The decision of the Board will be given within thirty calendar days of the initial meeting at which the complaint is discussed.
SERVICE ANIMALS (BOARD POLICY 7985)

Purpose
This policy is to provide regulations regarding the use of service animals on District property, to comply with ADA Regulations; and to ensure that an individual with a verifiable disability, visual or not, who needs a service animal may participate in and benefit from District and College services, programs, and activities.

SERVICE ANIMALS (BOARD POLICY R7985)

Background
1. Service animals are animals trained to assist individuals with disabilities in the activities of normal living. The Americans with Disabilities Act (ADA) definition of a service animal is “... any ... animal individually trained to do work or perform tasks and functions that a person who is disabled cannot perform for himself or herself, and for the benefit of an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals who are hearing impaired to intruders or sounds, providing minimal protection or rescue work, pulling a wheelchair, or fetching dropped items.” If an animal meets this definition, it is considered a service animal regardless of whether it has been licensed or certified by a state or local government or a training program.

2. Regulations implementing Title II of the ADA (28 C.F.R. Section 35.130(b)(7)), California law (Civil Code Section 54 et seq. and Penal Code Section 365.5), and San Luis Obispo County Community College District policy (Board Policy 7965 § VIII) allows service animals to accompany persons with verifiable disabilities onto the Cuesta College campus.

3. This policy differentiates “service animals” from “pets”, describes types of service animals, denotes campus locations that are off-limits to service animals based only on issues of safety, and sets behavioral guidelines for service animals.

Definitions
1. Service Animal: Any animal individually trained to do work or perform tasks for the benefit of a person with a verifiable disability. Service animals are usually dogs. A service animal is sometimes called an assistance animal. If there is a question as to whether an animal is a service animal, contact one of the resources listed below:
   a. Director of Disabled Student Programs and Services;
   b. Director of Public Safety.

2. Partner/Handler: A person with a service or therapy animal. A person with a verifiable disability is called a partner; a person without a disability is called a handler.

3. Team: A person with a verifiable disability (or handler) and his or her service animal. The twosome works as a cohesive team in accomplishing the tasks of everyday living.

4. Trainee: An animal undergoing training to become a service animal. Trainees are permitted on District property, in accordance with regulations addressed above. A trainee will be housebroken and fully socialized. To be fully socialized means the animal will not, except under rare occasions, bark, yip, growl, howl, or make any type of disruptive noises; will have a good temperament and disposition; will not show fear; will not be upset or agitated when it sees another animal; and will not be aggressive. A trainee will be under the control of the handler at all times, who may or may not have a disability. If the trainee begins to show improper behavior, the handler will act immediately to correct the animal or will remove the animal from District property.

5. Therapy Animal: An animal with good temperament and disposition, and who has reliable, predictable behavior, selected to visit people with disabilities or people who are experiencing the frailties of aging or confinement as a therapy tool. The animal may be incorporated as an integral part of a treatment process. A therapy animal does not assist an individual with a disability in the activities of daily living. The therapy animal does not accompany a person with a disability all the time. Thus, a therapy animal is not covered by laws protecting service animals and the rights given to service animals.

6. Pet: A domestic animal kept for pleasure or companionship. Pets are not permitted in College facilities. Permission may be granted only by the Director of Public Safety for a pet to be in a college facility for a specific reason at a specific time (e.g., a pet dog or cat is used as a demonstration tool in a zoology class, speech class, etc.).
## Types of Service Animals

1. **Service Dog:** A dog that has been specially trained as a “Guide Dog”, “Hearing Dog”, “Sig Dog”, “Seizure Dog”, or “Assistance Dog”.

2. **Guide Dog:** A dog carefully trained to serve as a travel tool by persons with severe visual impairments or who are blind.

3. **Hearing Dog:** A dog that has been trained to alert a person with significant hearing loss or who is deaf when a sound (e.g., a knock on the door) occurs.

4. **Sig Dog:** A dog trained to assist a person with autism. The dog alerts the partner to distracting repetitive movements common among those with autism, allowing the person to stop the movement (e.g., hand flapping). A person with autism may have problems with sensory input and need the same support services from a dog that a dog might give to a person who is blind or deaf.

5. **Seizure Dog:** A dog trained to assist a person with various types of seizure disorders; how the dog serves the person depends on the person’s needs. The dog may stand guard over the person during a seizure, or the dog may go for help. A very few dogs have somehow learned to predict a seizure and warn the person in advance.

6. **Assistance Dog:** A dog that has been specially trained to assist a person who has mobility or health impairment. Types of duties the dog may perform include carrying, fetching, opening doors, ringing doorbells, activating elevator buttons, steadying a person while walking, helping a person up after the person falls, pulling a wheelchair, etc.

## Requirements of Service Animals and Their Partner/Handler

1. **Vaccinations:** The animal must be immunized against diseases common to that type of animal. Dogs must have had the general maintenance vaccine series, including but not limited to vaccinations against rabies, distemper, and parvovirus. Other animals must have had the appropriate vaccination series specific for the type of animal, [County Code § 9.08.150, 9.08.170, 9.08.180, 9.08.190]. All vaccinations must be current. Though dogs in San Luis Obispo County are not required to wear or display a rabies vaccination tag, the owner must provide proof of a rabies vaccination upon request.

2. **Licensing:** The County of San Luis Obispo ordinance [§ 9.08.160], following state law requires all dogs be licensed by the time they reach 4 months of age. Guide dogs, hearing dogs, dogs serving mobility-impaired persons, and other service animals receive the license at no cost, [County Code Title IX, § 9.08.260].

3. **Health:** The animal must be in good health, displaying no skin, eye, ear, or nose irritation, infection, or discharge, unless the animal has a release from a veterinarian showing the animal free of any health risk to the public. The animal must be free of fleas and external parasites.

4. **Leash and Control:** The animal must be on a leash at all times. The partner/handler must be in control of the animal at all times. The care and supervision of a service animal is solely the responsibility of its partner/handler.

5. **Cleanup:** The partner/handler must follow District policy in cleaning up after the animal defecates. District policy requires the partner/handler to: always carry equipment sufficient to clean up the animal’s feces whenever the animal and partner/handler are off the partner’s property, or animal’s home base.

6. **Registration:** A partner/handler who is a District disabled student who wishes to bring a service animal/trainee onto the campus must register his/her animal with the Disabled Student Programs and Services (DSPS) Department. Employees and other partners/handlers who wish to bring service animals onto the campus must register their animals with the Public Safety Office. Visitors with service animals must check in with the Public Safety Office. (See form attached.)

---

1 Due to formatting issues above noted form is not attached to this Board Policy but may be found at http://academic.cuesta.org/president/BP/BP7000/7985.doc
When a Service Animal Can Be Asked to Leave

1. Disruption: The partner/handler of an animal that is unruly or disruptive (e.g., barking other than warning or protection, running around, bringing attention to itself) may be asked to remove the animal from District property. If the improper behavior happens repeatedly, the partner/handler may be told not to bring the animal onto District property until the partner/handler takes significant steps to mitigate the behavior. Mitigation can include, but is not limited to, muzzling a barking animal, refresher training for both the animal and the partner/handler, or providing proof of additional certified training from a state licensed facility.

2. Health: Service animals that are ill should not be taken into public areas. A partner/handler with an ill animal may be asked to leave the District property.

3. Uncleanliness: Partners/handlers with animals that are unclean, noisome and/or bedraggled may be asked to leave District property. An animal that becomes wet or muddy, but is otherwise clean, should be considered a clean animal. Animals that shed in the spring sometimes may look bedraggled. If the animal in question is well groomed, consider the animal tidy even though its spring coat is uneven and messy-appearing or it has become wet from weather or weather-related incidents.

Areas Off Limits to Service Animals

1. Mechanical Rooms/Custodial Closets: Mechanical rooms, such as boiler rooms, facility equipment rooms, electric closets, elevator control rooms, and custodial closets are off-limits to service animals. The machinery and/or chemicals in these rooms may be harmful.

2. Areas Where Protective Gear is Necessary: Any room where protective gear is worn is off-limits to service animals. Examples impacting students include the foundry, glass laboratory, wood and metal shops, photographic lab, and chemistry or biology labs.

3. Areas Where There is a Danger to the Service Animal: Any room, including a classroom, where there are sharp metal cuttings or other sharp objects on the floor or protruding from a surface; where there is hot material on the floor (e.g., molten metal or glass); where there is a high level of dust; or where there is moving machinery is off-limits to all service animals.

Exceptions:

1. A Dean and Division Chair/Director, in consultation with an instructor, may authorize opening a laboratory to service animals.

2. A Dean and Division Chair/Director of a research laboratory or an instructor in a classroom or teaching laboratory with moving equipment may grant permission to an individual service animal and partner/handler team to enter the research laboratory, classroom, or teaching laboratory with moving machinery. Admission for each team will be granted or denied on a case-by-case basis. The final decision shall be made based on the nature of machinery and the best interest of the service animal. Example: The machinery in a classroom may have moving parts at a height such that the tail of a large dog could easily be caught in it; which is a valid reason for keeping large dogs out. However, a very small hearing dog may be shorter than any moving part and, therefore, considered for admission to the classroom.

3. Access to other designated off-limits areas may be granted on a case-by-case basis by the Director of Learning Support/Disabled Student Programs and Services.

4. To be granted an Exception: A student partner/handler who wants his or her service animal to be granted admission to an off-limits area should contact the Disabled Student Program and Services (DSPS) Department and any non-student partner/handler, including an employee, who wants his or her service animal to be granted admission to an off-limits area should contact the Public Safety Department. An employee of DSPS or Public Safety, respectively, should fill out the disability accommodation request form for the partner/handler and then the partner/handler should take the form to the appropriate Dean, Division Chair, or instructor for his/her signature. This form will remain in the student’s file in DSPS or on file in Public Safety, as appropriate, for the current semester only.

5. The District will work with a partner/handler whose service animal has been excluded for an off-limits area to otherwise reasonably accommodate the partner/handler’s needs.
Evaluation Procedures

1. The District’s Director of Learning Skills/Disabled Students Programs and Services or Director of Public Safety must determine whether the service animal meets the basic ADA definitions. This determination is based upon whether the service animal has been trained to provide the specific task or service required by the individual because of his/her disability (ies) and whether the animal can actually provide that task or service. If the animal cannot perform the identified task or service, the District may exclude the animal from its facilities and campuses.

2. The District must rigorously analyze whether the presence of the service animal would actually have a significant effect upon the service, program, or activity involved. If the District determines that the use of the service animal causes a fundamental alteration in District services, programs, or activities, the District may exclude the animal from its facilities and campuses. (28 C.F.R. § 130 (b)(7).)

3. The District must determine whether the presence of a particular service animal poses a significant risk to the health or safety of other persons that cannot be eliminated by a modification of policies, practices, or procedures, or by the provision of auxiliary aids or services. In doing so the District must make an individualized assessment based on reasonable judgment that relies on current medical knowledge or on the best available objective evidence to determine the probability that the potential injury will actually occur. If the District determines that the presence of the service animal does pose a direct threat to the health or safety of persons participating in District service, programs, or activities, the District may exclude the animal from its facilities and campuses. (28 C.F.R. § 36.208.)

4. If the District determines that the use of a particular service animal will not be permitted, the Director of Learning Support/ Disabled Student Program Services will take the following steps to ensure that the individual with a disability is not discriminated against on the basis of that disability:

   a. Determine whether alternative modifications to District policies, practices, or procedures can be made to permit the individual to participate in District services, programs, or activities.

   b. Determine whether academic adjustments or auxiliary aids may be used by a student with a disability to permit his/her participation in District services, programs, or activities.

5. An individual with a disability who is denied the use of a service animal may appeal to the Vice President/Assistant Superintendent of Student Services.

Complaints

Anyone dissatisfied with a decision made concerning a service animal should refer to the Unlawful Discrimination Grievance Procedures. (Board Policy 1565)

SMOKING/NON-SMOKING (BOARD POLICY 2773)

The Board of Trustees of the San Luis Obispo County Community College District is committed to promoting a tobacco-free environment. Effective January 1, 2004, the following regulations are applicable to employees, students, and the public; and shall be implemented on District sites.

SMOKING/NON-SMOKING

1. Smoking any form of tobacco or non-tobacco products is permitted only in designated areas of District property.
2. Designated areas shall be identified by prominent signage.
3. Smoking is prohibited in District vehicles.
4. The District shall make available to employees and students through the District Health Services a referral list of treatment centers for smokers, and other information on smoking that may assist individuals who wish to stop using tobacco products.
5. Communication of this policy/regulation shall be by means of prominently displayed “No Smoking” signs, notices in the College schedule of classes, catalog, web site, and distribution of the policy/regulation to students and employees.
6. Enforcement of this policy/regulation shall be in accordance with established procedures for enforcement of other regulations.

AUTHORITY OF INSTRUCTOR RELATING TO ACADEMICS

An instructor may remove a student for good cause from his or her class for the day of removal and the next class meeting (Educational Code 76032 and 76033). The instructor shall immediately report the removal to the Vice President of Student Support for appropriate action. During the period of removal, a student shall not be returned to the class from which her or she was removed without the concurrence of the instructor of the class.

An Instructor may drop from class a student who is neglecting the work of the course.
It is the mission of Academic Support:

• to help all students achieve their personal, educational, and vocational goals by promoting the learning strategies and attitudes necessary for academic success;
• to encourage independent learning so that students can educate themselves continuously throughout their lifetimes;
• to promote student success by sharing knowledge of the learning process with students, faculty, administration, and staff in a collaborative partnership for the enhancement of learning;
• to help faculty infuse learning strategies and active learning experiences into their teaching methodologies; and
• to recognize and respect the diversity within our learning community by providing appropriate and effective academic support.

This mission is fulfilled by offering the following learning and teaching assistance to students and faculty:

**SAN LUIS OBISPO ACADEMIC SUPPORT**

**ACADEMIC SKILLS COURSES** are offered in reading, grammar, spelling, math, test preparation, test and performance anxiety, word processing, study skills, and college success. These courses help students review, refresh, or refine academic skills and strategies needed for success in college and beyond. Refer to Class Finder on the web or the Academic Skills in the published class schedule for available classes each semester.

**ACADEMIC SUCCESS WORKSHOPS** are offered throughout the year. Sample workshops include test preparation, memory techniques, time management, textbook reading strategies, and critical thinking. Workshops are open to all students free-of-charge. Topics and dates are posted in the Academic Support Center, Building 3300, and around campus.

**ACADEMIC SUPPORT LAB** is available to any Cuesta College student who wishes to improve his/her academic and learning skills. Students may come in for a comprehensive assessment of their learning needs, use particular instructional modules to supplement coursework, and/or improve their basic skills by enrolling in an open-entry computer and audio/video tutorial lab course. Students work independently on one or more of the following skills: grammar, writing, vocabulary, spelling, math, reading, critical thinking, study skills, mathematics, English as a Second Language, keyboarding, and word processing. The PLATO Integrated Learning System software is available in the lab. Students work on mastering individual skills, at the appropriate difficulty level, and at their own pace. Students may also earn .5 or 1.0 unit of credit by signing up for ACASK 5. Report to the lab, located in Building 3300, Monday through Thursday, 8:30 a.m. to 12:30 p.m., to arrange hours.

**MATH LAB** provides tutorial assistance on a drop-in basis to students needing help in Math 3 through Math 65B. Computer access is available for students to work on Mediated Math, Minitab, Geometer’s Sketchpad, Derive, and other software. Hours are posted in Building 3300.

**TUTORIAL SERVICES** provides free individual, small group, and drop-in tutoring in most academic subjects. One hour of tutoring per week, per class is provided for each content area. Students may sign-up at the Tutorial Services Reception Desk in Building 3300. Peer tutors are faculty recommended, have received a “B” or better in the courses they tutor, and complete a tutor-training class during their first semester as a tutor. Tutors are trained to help students develop long-term learning strategies that facilitate independent learning.

**WRITING CENTER** provides writing assistance to students on a drop-in basis and is available to all students. Students meet with an English instructor to have specific questions answered regarding structure and content. Papers are NOT proofread. Hours are posted in Building 3300.

**NORTH COUNTY CAMPUS ACADEMIC SUPPORT**

**ACADEMIC SKILLS COURSES** are offered in reading, writing, grammar, spelling, math, study skills’ and college success. These courses help students review, refresh, or refine academic skills and strategies needed for success in college and beyond. Refer to Class Finder on the web or to Academic Skills in the published class schedule for available classes each semester.

**ACADEMIC SUCCESS WORKSHOPS** are offered throughout the year. Sample workshops include test preparation, memory techniques, time management, textbook reading strategies, and critical thinking. Workshops are open to all students free-of-charge. Flyers with topics and dates are posted around campus and on the Student Services’ bulletin board.

**OPEN LAB** provides drop-in assistance for writing, math, and ACASK 5 instruction. Writing students may meet with an English instructor to have specific questions answered regarding structure and content. Papers are NOT proofread. Math students needing help in Math 3 through Math 65B are provided with computer access to work on Mediated Math, Minitab, Geometer’s Sketchpad, Derive, and other software. The PLATO Integrated Learning System software is available in the lab. Hours are posted in Room N5004 and around the campus.
Career Connections provides a centralized location where students can identify and receive information about available full and part-time jobs in the community as well as employment programs available at Cuesta College. These include job placement, internships, work-study positions, and cooperative work-experience.

In collaboration with ASCC, SLL, Counseling, the Career Transfer Center, and others, Career Connections offers students access to practical workplace experience that relates to the educational goals and academic achievement of the Cuesta student.

Career Connections serves the San Luis Obispo community by working with employers to place a qualified workforce. Career Connections provides a centralized location for local businesses to post job openings, conduct interviews, and meet with students on a formal or informal basis.

Career Connections is located in the Student Center, Room 5310. Feel free to stop by. Office hours are 9:00 a.m. to 4:00 p.m., Monday through Thursday and 9:00 a.m. to 12:00 p.m. on Friday.
Licensed children’s centers are at the San Luis Obispo campus and the other at the North County campus, located in Paso Robles. Both are programs planned, facilitated and created by early childhood education professionals. Both centers follow the academic calendar. We serve children from 18 months to 5 years of age. Our centers are open Monday through Friday, 7:15 am to 5:00 pm.

Supervisors in our program have minimum qualifications of a four-year degree in Early Childhood Education, Child or Human Development, with experience and education primarily in early education. Lead Instructional Assistants (classroom master teachers) all have a minimum of an Associates of Arts degree in Early Childhood Education or Child Development, often with a Bachelor or Arts or Science degree. All must qualify as Master Teachers, or above, on the California Child Development Permit Matrix.

Our children’s centers are lab schools for Early Childhood Education students at Cuesta College. Students working on their ECE Associate of Arts degree complete their teacher training through the center programs.

Our program gives priority to full-time students, part-time students, faculty and staff of Cuesta College. The community at large is encouraged to call about openings. A new list is started at the beginning of each semester.

The waiting list for spring semester begins the first day of the proceeding fall semester classes. The waiting list for fall semester begins the first day of the proceeding spring semester classes. A new list is started at the beginning of each semester.

Registration begins on the first working day in May for fall semester and on the first working day in December for spring semester. We re-enroll children who are currently attending first, then call families on our waiting lists, on a first come, first serve basis.

Childcare fees are due monthly with a yearly enrollment fee per child. If certain eligibility requirements are met, parents can qualify for subsidized payments through the campus CARE EOPS program, (805-546-3144), or through the San Luis Obispo EOC Child Care Resource Connection (805-541-2272), the county resource and referral agency.

To inquire about childcare at the San Luis Obispo campus, please call (805) 546-3285. For our North County campus please call (805) 591-4273.

A California State Preschool Program is located at the San Luis Obispo campus and is operated by the San Luis Obispo County Office of Education. The State Preschool program serves children 3 - 5 years of age, and follows the school year calendar. For information regarding this program, please call (805) 782-7275.

Cuesta College Community Programs provides a comprehensive source for lifelong learning, career education, recreation opportunities, and cultural development in a friendly, accessible environment for people of all ages. For more information call (805) 546-3132, FAX (805) 546-3968, or visit www.communityprograms.net.

Cuesta’s community education, special events, recreation programs, and aqua fitness classes serve four essential functions in the college district:

• To contribute to the cultural, intellectual, recreational, and social life of the residents of the district, and to offer training for workforce improvement.
• To develop leadership and provide educational services which utilize special skills, interests, and knowledge of college faculty and other professional community instructors.
• To be a center of community life by scheduling college facilities and services on an extended and year-round basis for individuals, families, and community groups.
• To collaborate with community groups, county organizations, and businesses in developing programs, facilities and educational services for comprehensive coverage of the district.

Cooperative Work Experience is a collaborative program between Cuesta College, community employers, and students. Successful completion of this course will provide significant benefits in working together toward a balance of the student’s academic program with work-based readiness skills. Staff coordinators guide students to accomplish specific and measurable job objectives. Laboratory credit is given for hours worked. Students learn practical methods to improve communication, teambuilding, and problem-solving skills. For more information about Work Experience and program requirements call: (805) 546-3100, ext. 2522.
Disabled Student Programs and Services (DSPS) promotes the full participation of students with disabilities in all aspects of their post secondary education. DSPS advocates and facilitates equal educational opportunities through appropriate support services, curricula, instruction, policies, and funding allocations. DSPS works to eliminate discrimination against students with disabilities and to promote their independence, growth, productivity, and equality.

Cuesta College provides support services and instruction to students with verified disabilities who can benefit from instruction. College facilities, courses, and programs are designed to accommodate the special needs of students with disabilities and to be in compliance with the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973, and California Education Code Title 5.

Students with verified disabilities who wish to request special accommodations through DSPS must complete an application for services, and meet with a specialist to determine reasonable accommodations. A Student Educational Contract (SEC) is developed with each student, outlining the support services and/or instruction appropriate for the student.

Students with disabilities must meet the following levels of independence:

- The ability to negotiate campus facilities independently or with the assistance of one’s own attendant; and
- The ability to take care of personal needs unassisted or to provide one’s own attendant.

Disability categories served include learning disability, physical disability (visual or mobility), psychological disability, communication disability (speech, language or hearing/deafness), acquired brain impairment, developmental disability, and other disabilities that may require support services or instruction.

Support services are specialized services available to students with disabilities and are in addition to the regular services provided to all students. Such services enable students to participate in activities, programs, and classes offered by the college. Services include, but may not be limited to, alternative testing, sign language interpreters, notetakers, readers, scribes and tutors, registration assistance, academic support, disability related counseling, and evaluation of need for and access to adaptive equipment. If you have a verified disability and need college materials in an alternative format, contact DSPS or the Vice President of Student Support for assistance. Services for students with verified disabilities are available through DSPS or by contacting the Vice President of Student Support.
Extended Opportunity Programs and Services (EOPS) is a state-funded program that provides assistance, support, and encouragement to students who qualify economically as well as academically.

Cuesta College’s EOPS targets two priority elements for student eligibility: financial need and need for academic support. The program offers an EOPS orientation; academic, career, and personal counseling; student success workshops; leadership training; priority registration; EOPS book grants; tutorial referrals; an EOPS newsletter; field trips; and related academic and social activities.

A student must meet the following qualifications to receive services in the program:

- Be a California resident;
- Be enrolled full-time at Cuesta College (12 units);
- Not have completed more than 70 degree-applicable units;
- Complete the FAFSA with the Financial Aid office and be BOGW “A” or “B” eligible;
- Display a need for academic support, as reflected in mathematics and English assessment scores or prior academic history.

Cooperative Agencies and Resources for Education (CARE)
Cooperative Agencies and Resources for Education (CARE), administered by EOPS, helps single CalWORKs/Temporary Assistance for Needy Families (TANF) parents by providing support activities related to parenting and student success. Services include referrals to support services, a child care/transportation grant, placement at the Cuesta College Children’s Center, and coordination of workshops and conferences for single parents.

The EOPS/CARE office at the San Luis Obispo Campus is located in the Library Building, Room 3133. The EOPS/CARE Office at the North County Campus is located in Building N3000, Room N3017.

Financial Aid
Asistencia Financiera: se habla español.
Teléfono: (805) 546-3100 ext. 2231 o (805) 591-6202.

Financial aid programs are available to help students who might otherwise be unable to complete their education. Students may apply for financial aid in the form of grants, scholarships, loans, and work study.

Financial aid funds are administered in accordance with a nationally established policy of financial assistance for education. The basis of this policy is the belief that students and their families have the primary responsibility for meeting educational costs. The amount of the contribution expected from students is determined by careful analysis of family financial strength, taking into consideration net income, number of dependents, allowable expenses, indebtedness, and assets. Dependent students will provide data for both themselves and their parents, while independent students will provide data for themselves and their spouse, if married. Congress has established procedures that are used in making an evaluation of how much families can be expected to contribute.

Financial Aid Programs
Cuesta College participates in the following federal, state, and local financial aid programs:

- **BOGW**: The Board of Governors fee waiver is a state program that waives the registration fee, even for those students attending less than half-time. The BOGW application also will waive the Health Fee if the student submits the application prior to registration.
- **Federal Pell Grant**: The Pell Grant is the largest federal grant program and is intended to serve as a foundation to all other forms of aid. Funds are disbursed directly to eligible students to cover educationally-related expenses.
- **Federal Stafford Student Loan Program**: This is a government loan commonly referred to as a guaranteed student loan. The Stafford-subsidized student loan accrues no interest while a student is enrolled at least half-time. Repayment begins six months after the student leaves school or drops below half-time status.
- **Federal Supplemental Educational Opportunity Grant (SEOG)**: A federal grant (limited funding) is awarded to students with the highest need.
- **Federal Work Study (FWS)**: Campus employment (limited funding) is awarded to students with the highest need.
**STUDENT PROGRAMS AND SERVICES (CONTINUED)**

- **State Cal Grant B and Cal Grant C:** These are two state programs administered by the California Student Aid Commission. Cal Grant B provides a living allowance (and sometimes tuition/fee assistance) for very low-income/ disadvantaged students with high potential. Cal Grant C assists vocational students with tuition and training costs. Students must be enrolled in a community college vocational program from four to 24 months in length. Students can apply for these Cal Grants when completing the Free Application for Federal Student Aid (FAFSA) and GPA Verification Form. The initial Cal Grant deadline is March 2 each year.

- **Campus Scholarships:** In addition to government funding, Cuesta has a campus scholarship program. These funds, made available through private donors, are awarded annually by the Financial Aid Committee. The application deadline is March 2 each year.

**Application**

Financial aid funds come from appropriations made by the federal and state governments and through scholarship awards made by individuals and other public and private agencies and organizations. Hence, each of these funds MUST be administered according to different sets of policies, regulations and/or specific requirements.

Cuesta recommends use of the Free Application for Federal Student Aid (FAFSA). This application form is a tool for determining need for the BOGW, Federal Pell, SEOG, FWS, and Stafford Loan, as well as the Cal Grants. FAFSA applications are available in the Financial Aid Office beginning the January preceding the academic year the student plans to attend. A student can also apply over the Internet at http://www.fafsa.ed.gov instead of using the paper form.

To apply for campus scholarships, it is necessary to complete a separate application. The scholarship applications are also available in the Financial Aid Office and on our website http://academic.cuesta.edu/finaid beginning the December preceding the academic year the student plans to attend. The annual deadline is March 2.

**Student Eligibility**

To receive federal financial aid, the Department of Education requires that you MUST:

- Be a citizen or eligible noncitizen of the United States;
- Have a valid Social Security Number;
- Have a high school diploma or a General Education Development (GED) certificate or pass an approved “ability to benefit” test;
- Enroll in an eligible program as a regular student seeking a degree or certificate;
- Register (or have registered) for Selective Service, if you are a male between the ages of 18-25;
- Be making satisfactory academic progress;
- Not owe a refund on a federal grant or be in default on a federal educational loan;
- Complete a drug rehabilitation program for individuals convicted of any offense under federal or state law involving the possession or sale of a controlled substance.

To be eligible for California grants, you MUST:

- Be a resident of California;
- Have “financial need” based on the criteria for the Board of Governor’s Fee Waiver or Cal Grant Program.

**Ability to Benefit Testing for Non-High School Graduates**

In order to qualify for financial aid, any person 18 years of age or older who has not earned a high school diploma, or has not received a satisfactory General Education Diploma (GED) test score, or has not passed a high school proficiency test will need to demonstrate evidence of the ability to benefit from college instruction by passing an exam designed for that purpose. Cuesta College administers an Ability To Benefit exam once each month during the school year. Sign-ups are conducted through the Assessment Office located in San Luis Obispo Campus Building 3400, Room 3414. Call (805) 546-3951 to sign up by telephone. To take the exam at the North County Campus, call (805) 546-6225 for an appointment.

**Student Educational Plan (SEP) / Orientation**

If you are a FIRST-TIME FRESHMAN and have a GED or its equivalent, you should submit an Orientation Verification form obtained by attending an in-person orientation or complete the Online Orientation, which can be accessed through WebReg or your Personal Access to Web Services (PAWS). This will fill the Financial Aid requirement for an SEP/Orientation for your first semester as a First-Time Freshman ONLY. Once you enroll in Cuesta, schedule a counseling appointment in order to complete your matriculation planning process.

If you are a Continuing Cuesta Student and you have attended no other colleges, you must submit a current SEP. Contact the Counseling Office at (805) 546-3138 to make an appointment.

If you are a Transfer Student or you have attended other schools since high school, you will need a SEP.

**To obtain a SEP:**

1. Request that your official academic transcripts, plus a general education pattern, from ALL previous schools you have attended be forwarded to Cuesta.
2. Verify with the Admissions and Records Office that Cuesta College has received ALL of your official academic transcript(s).
3. Make an appointment with an Academic Counselor at the Counseling Office. You will complete your SEP with the counselor at that time.
4. Submit a copy of your SEP to the Financial Aid Office.
Federal law requires men, 18 through 25 years old, to be registered with the Selective Service System (SSS). Females are excluded from the requirement. The law applies to male citizens and immigrant aliens but not to foreign students who hold student visas. Men must be registered before they can receive federal or state financial aid for school, including loans and grants. Registration forms are available at any post office, at the Cuesta College Admissions and Records Office, and at the Financial Aid Office. Or, a man can register on-line by visiting the SSS home page at www.sss.gov on the World Wide Web.

**Standards For Satisfactory Progress For Financial Aid Eligibility**

When a student accepts a financial aid award, he/she enters into a contract. The student agrees to successfully complete the number of units for which he/she received payment and to make satisfactory progress toward his/her educational goal. Progress will be evaluated at the end of each semester by the standards listed below.

This policy has been developed for students receiving federal financial aid to assist in academic planning and success. Federal regulations require a student to move toward the completion of a degree or certificate when receiving financial aid. Federal regulations state that academic progress standards MUST include a review of periods of enrollment in which the student did not receive aid as well as the semesters they did receive aid. For the purpose of financial aid eligibility, Cuesta College students MUST meet the following minimum standards to be applied to units attempted at all accredited post-secondary education institutions. These standards are applied to all previous college course work, whether or not the student received financial aid.

- **Minimum Unit Requirements:** Students are required to complete a minimum number of units per semester according to their enrollment status:
  - **Full time:** 12 units
  - **Three-quarter time:** 9 units
  - **Half time:** 6 units
  - **Less than half time:** all units attempted
  - Withdrawals (W), Repeats, Incompletes (I), No Credits (NC), Failing Grades (F), or units achieved by challenging courses are not considered units completed for financial aid purposes. All courses offered with units of credit at Cuesta College will be considered valid units, including basic skills courses.
  - Students must maintain an overall cumulative GPA of 2.0 in all Cuesta College course work.

- **Maximum number of units attempted:** The amount of financial aid a student receives is limited by the student’s educational goal/objective. A student may continue to receive financial aid provided the student has not attempted more than 150 percent of the units required for his or her educational goal. Attempted units are defined as units in which the student enrolls, whether or not the student completes those units or withdraws from them. Once a student achieves his or her goal or exceeds the number of attempted units, he or she is no longer eligible for financial aid. For example, if a student’s educational objective is to earn an associate degree, the student is required to earn 60 units to complete that goal. Therefore, a student may earn up to 90 units (150 percent of the units required for the goal) and still be eligible for financial aid. Once the student earns beyond 90 units, he or she is no longer eligible for financial aid.

*Note: Transfer credits from other institutions will be included in the maximum unit count if applicable toward the student’s current objective.*

- **Students must identify a Cuesta College academic or vocational goal.** Entering students are to attend a Cuesta College Orientation Workshop. All continuing students must annually complete a Student Educational Plan (SEP) with an academic counselor.

- **First-time financial aid applicants with a cumulative GPA below 2.0 from course work at Cuesta College or another institution may apply for financial aid and, if eligible, will be awarded for one semester only. This initial semester will be considered a probationary period.**

- **Remedial Units:** Funding is limited to a maximum of 30 remedial units. Federal regulations define “remedial” as courses that do not apply to a degree, certificate or transfer program. For clarification, students can refer to the Remedial Course Work Limitation section of this college catalog or contact their academic advisor.

**Financial Aid Probation**

Any student who does not maintain satisfactory academic progress in any semester shall be placed on probation for the following semester. While on probation, the student will continue to receive grants provided they agree to complete the minimum units for which they received payment. However, loan eligibility may be affected. At the end of the probation period, the student’s academic progress will be reviewed again. Probationary status will be removed if the student has met the Satisfactory Academic Progress standards. Students who do not make satisfactory academic progress during the probationary semester will be placed on financial aid suspension.
Financial Aid Suspension

Students who are placed on financial aid suspension are ineligible to receive financial aid. Students may request reinstatement of financial aid upon proof of completion of at least half-time status with a cumulative 2.0 GPA.

Students who have had their financial aid eligibility suspended may file an appeal with the Financial Aid Advisory Committee, if they feel they had special circumstances that prevented them from making satisfactory progress. The committee will meet in person with the student filing the appeal. If the advisory committee grants mitigating circumstances for a semester of unsatisfactory progress, financial aid eligibility will be extended for one semester. This semester will be considered a probationary period. Students may receive an approved appeal only once while at Cuesta College.

Return of Title IV Funds

The U.S. Department of Education requires institutions and students to repay or refund unearned student aid funds. Student aid may be considered unearned if a student withdraws completely during a term in which federal Title IV money was received. Refund and repayment regulations specify, in a complex formula, exactly how much is due back to the federal programs from the institution and/or the student.

The Higher Education Act Amendments of 1998 adopted a new approach for the return of unearned federal funds. The new approach became law on October 7, 1998, and was implemented during the 2000/2001 year.

Schools have certain responsibilities if a student with Title IV funds:
• Officially withdraws,
• Drops out,
• Is expelled,
• Takes an unapproved leave of absence, or
• Fails to return from an approved leave of absence.

When a student completely withdraws, the institution determines what percent of the term has not yet expired (determined on a day-to-day basis). That percentage becomes the amount of money that was not “earned” by the student or institution. When only 40 percent of the term remains, 100 percent of funds are considered to be earned.

The return of Title IV funds applies only to federal financial aid funds received, excluding federal work-study earnings. There is no impact on state or institutional funds.

Cuesta College complies with all refund requirements established by the federal Title IV financial aid regulations. These regulations may differ from the college’s regular refund policy. The college’s current financial aid return to Title IV policy may be obtained from the Financial Aid Office.

Financial Aid Office Locations

The Financial Aid Office locations are:
• San Luis Obispo Campus Library Building, Room 3121B, San Luis Obispo, CA, 93403, (805) 546-3143
• North County Campus, Building N3000, Room N3015, 2800 Buena Vista Dr., Paso Robles, CA, (805) 591-6202
• Arroyo Grande Center, Arroyo Grande High School, 900 Wing, Orchard Ave., Arroyo Grande, CA, (805) 474-3913
• Nipomo Center, Nipomo High School, C/O Cuesta College, San Luis Obispo, CA, (805) 546-3143
• Information can be accessed on the Cuesta College website at http://academic.cuesta.edu/finaid
• FAX (805) 546-3152

The Director of Financial Aid will make available the institutional accreditation documents and the Title IV participation agreement upon student request. The Title IV Code for Cuesta College is 001192.
HEALTH SERVICES

The Student Health Center, in San Luis Obispo Campus Building 2800, is normally open during the day when classes are in session and is open for limited evening hours. In addition, the college operates a Student Health Center at the North County Campus in Building N3000 with limited hours. For specific information on hours, or to make an appointment, call the San Luis Obispo Campus center at (805) 546-3171, or the North County Campus center at (805) 591-6200, ext. 4207. Information can be accessed on the Cuesta College website at http://www.cuesta.edu/campus/health.

The goals of the Student Health Center are to help students achieve and maintain optimum physical, mental and emotional health, and to educate students toward taking responsibility for their own health. Information on medical records is strictly confidential. All students who have paid the health fee are eligible to receive services*, which include the following:

• First Aid Treatment and Illness Assessment
• Temporary Rest Area
• Services and Referrals:
  - Low Cost Medical Care
  - Family Planning/Sexual Health Information
  - Stress Reduction
  - Diet and Nutrition
  - Personal Counseling/Crisis Prevention and Intervention
  - Substance Abuse
  - Insurance Claim Processing for Campus/Athletic Injuries
  - Voluntary Low Cost Medical Insurance, Dental Plan (referral to outside carriers)

  - Registered Nurse
  - Mental Health Professionals
• Screening and Testing by Appointment:
  - Primary Care Clinic
  - Blood Pressure/Height and Weight
  - Vision and Hearing
  - Tuberculosis Skin Test
  - Male/Female Sexual Health

*Not all services are available at the North County Campus at this time.

INSTITUTE FOR PROFESSIONAL DEVELOPMENT

The Institute for Professional Development (IPD) addresses the Cuesta College mission to support economic growth through assessment, training, coaching, consulting, and facilitation. Training and support services are offered either on or off campus, with flexible hours, no prerequisites and no grades. Business support is delivered through customized contract training for individual company needs, and one-on-one consulting. IPD has the finest staff of professionals, certified trainers, Cuesta facility, and industry specialists. IPD is a fee-based program. Training costs are highly competitive. For more information, contact the Institute for Professional Development, Cuesta College at (805) 546-3180, fax (805)546-3181, or log on to the website at http://www.cuesta.org/commty/ipd.
Cuesta College is a member of the Western State Conference. Other community college conference members include Allan Hancock, Bakersfield, Citrus, College of the Canyons, Glendale, Los Angeles Pierce, Los Angeles Valley, Moorpark, Oxnard, Santa Barbara, Santa Monica, Ventura and West Los Angeles. Intercollegiate activities include:

Eligibility rules for intercollegiate competition are prescribed by the Constitution of the Community College League of California and its Commission on Athletics. In order to participate in intercollegiate sports, the student:

- Must be registered for classes no later than one month after the beginning of the semester;
- Must be enrolled in and regularly attending 12 units or more;
- After the first season of competition, must complete 24 semester units or 36 quarter units before the second season of competition in any one sport, including units earned during the first season of competition;
- Once a student becomes an athlete, he/she must maintain a 2.0 GPA to be eligible for additional seasons of sports;
- Must have a Student Educational Plan (SEP) on file.

These regulations are subject to change by conference officials and by the Community College League of California.

Athletic eligibility is determined in the Admissions and Records Office. Questions may be referred to the Vice President of Student Support (or designee).

The PASS program consists of six components:

- Academic Advisement
- Academic Status
- Learning Assistance
- Student Athlete Success Class
- Scholarship Recognition
- Personal Development

Athletes who intend to transfer and compete at a four-year college or university should consult Counseling Services regarding eligibility and transfer requirements.

**STUDENT LIFE AND ACTIVITIES/LEADERSHIP STUDIES**

**Student Life & Leadership**

The purpose of the Student Life & Leadership program is to assist the student population in the development of programs that serve and actively involve a wide range of students. Opportunities for personal growth are extended to students through leadership and peer counseling courses and programs, community and elementary school internships*, clubs and organizations, intercollegiate athletics, and campus events produced by the students themselves.

*Paid internships available. Contact the Financial Aid Office for more information.

**Leadership Studies Program**

The Leadership Studies program provides a variety of opportunities for students to challenge their perceptions of leadership and to guide them to a new way of critically thinking about their own leadership potential. Courses offered can be used toward earning Certificates of Completion in either Leadership Studies or Service Leadership. Many of the courses offered in this division concentrate on learning how to develop the leader within; raising self-esteem; improving critical-thinking skills; experiencing greater self-awareness; increasing self-motivation; developing mutually supportive relationships; problem-solving/decision-making techniques; and helping others. Courses are interactive and experiential, offering many hands-on opportunities for field work and practicum experiences outside the classroom. Check the current class schedule for course offerings.
Cuesta College’s student government develops a broad spectrum of activities, programs, and services for the student body. Its goals are to provide social contact, entertainment, and leadership opportunities for the campus community. Extracurricular activities foster a sense of unity among individuals, as well as among student groups pursuing specialized interests.

The complete planning and production of various events provide excellent experience for student leaders and enjoyable activities for all. Lectures, film series, forums, bands, community awareness programs, and seasonal and special events are all within the scope of student government sponsorship.

The broad array of student activities involves the educational experience of all members of the Associated Students of Cuesta College. Students plan and develop them and, by taking an active role, experience a personal satisfaction and growth beyond their academic pursuits.

The Associated Students of Cuesta College (ASCC) operates under regulations authorized in the California Education Code and in the policies of the Cuesta College Board of Trustees. The ASCC is the college’s official student government organization. It operates on the San Luis Obispo campus. Membership is open to all students who purchase an ASCC Student ID card.

The ASCC is established to promote the general welfare of Cuesta College students; to guarantee equality of opportunity among students; to offer an experience in practice of the American democratic government; and to encourage student participation in, planning for, and involvement in a comprehensive program of student activities. It offers students opportunities to participate in social and cultural events, to share in governance activities, to interact with professionals, and to create and administer their own organizations and programs.

The Student Center, located on the San Luis Obispo Campus only, provides a place for comprehensive student life opportunities and activities. Students can take advantage of the various experiences offered in the Student Center, including the ASCC Social Club, which offers free movies, games, and live music events. Free legal counseling services are available here for ASCC Student ID cardholders. Club and student government offices also are located in the Student Center. The Student Center is a great place to take a break between classes or possibly get involved beyond the classroom experience. Call (805) 546-3289 for more information.

The Small Business Development Center (SBDC) contributes directly to the economic development mission of Cuesta College. The SBDC provides business technical assistance services to any existing or startup business. The SBDC is a program of Cuesta College in partnership with the California Community Colleges Chancellor’s Office, University of California, Merced and the U. S. Small Business Administration. The primary mission of the SBDC is to offer prepaid (by your tax dollars) one-on-one counseling to the small business community. Services also include workshops covering the basics of start-up, financing a small business and marketing a product or service. Other topic specific workshops are offered as community needs are assessed. Through small business successes, the SBDC contributes to job creation and retention in the region and helps businesses have a positive impact on the local and regional economies.

The SBDC is located at 3566 S. Higuera Street, Suite 100 in San Luis Obispo. For more information contact the SBDC at (805) 549-0401 or check out the website at www.smallbusinessinfo.org
The Transfer/career Center is located on the second floor of the San Luis Obispo Campus Library building. The phone number is (805) 546-3162.

Transfer/Career Services

The Transfer/Career Center has a wide variety of resources available to university bound students including college and university catalogs and information, college search materials, major and career books, and study abroad brochures and catalogs. The Center maintains information about university transfer requirements, the university application process, and articulation and transfer admission agreements. In addition, the Center provides internet access with links to assist students completing online admissions applications and researching colleges.

Transfer counselors are available to help students identify their educational goals, research colleges and programs, determine university admission requirements, evaluate transcripts and develop student educational plans (SEP’s). Appointments to meet with a counselor can be made one week in advance beginning the first working day of the week and are available from 8:30 a.m. to 4:00 p.m. Monday through Thursday and from 10:30 a.m. to 4:00 p.m. on Friday.

Transfer/Career Center staff serve as liaisons to colleges and universities and advocate for students in the admission process. Center staff also coordinate university representative visits in which university outreach staff come to campus to meet with Cuesta students individually.

Transfer admission Agreements (TAA’s) are commitments that selected colleges and universities make to Cuesta students who meet specific unit, GPA and course requirements. A TAA serves as a contract between the student and college or university. Students who have completed a TAA with a counselor and have met contractual requirements are guaranteed admission.

CUESTA COLLEGE NOW HAS TRANSFER AGREEMENTS WITH THE FOLLOWING UNIVERSITIES:

- UC Santa Cruz
- UC Riverside
- UC Santa Barbara
- UC Davis
- UC Irvine
- UC Merced
- CSU Monterey Bay
- CSU Northridge
- CSU Sacramento
- CSU San Jose
- CSU Fullerton
- Cal Poly Pomona
- Sonoma State University
- Columbia College
- Chapman University
- University of La Verne
- University of Maine (Library Information Technology)

Filing Dates for Transfer Students

Students should check with the Transfer Center for information regarding application deadlines for transfer to UC, CSU or independent colleges and universities or see www.csumentor.edu; www.vcop.edu/pathways; www.aiccumentor.org.

Career Services

Career services are available to assist students in exploring and clarifying their career goals, researching occupational fields, and making their educational plans accordingly. Students may make arrangements with a career counselor to complete online assessments of their interests and personality, use the Eureka Career Information System to obtain information about specific occupations, and check out any of a large number of books related to career and educational planning.

Students wishing to do in-depth career assessment and planning are encouraged to take Couns 54, Career Exploration, and/or Couns 61, Career Readiness and Job Shadowing, nine-week career decision-making and planning courses taught by career counselors.
Transferring to California Polytechnic State University

California Polytechnic State University, San Luis Obispo (Cal Poly) is a part of the California State University (CSU) system. Because admission to Cal Poly is highly competitive, the university utilizes a comprehensive strategy to determine undergraduate admission selection. Candidates are screened and ranked by major. The competitive nature of each major is based on the number of applications received, compared to the number of openings available, and to each applicant’s qualifications.

Applicants for a specific term are asked to submit, by a stated deadline, a Cal Poly application for admission (via the CSUMentor Internet site), which collects the necessary data to rank each applicant in the selection pool. Selection criteria include each applicant’s program of study in college, academic performance in college classes, and extracurricular activities and work experience.

The Cal Poly Admissions website provides comprehensive information on the admission selection process. Transfer students should pay special attention to the prerequisite coursework listed for their major on the Transfer Preparation Guide available on the Cal Poly Admissions website at www.ess.calpoly.edu/_admiss/.

Because of the special conditions of admission to Cal Poly, it is strongly recommended that students work closely with a Cuesta counselor to prepare a Student Educational Plan. The course articulation (course equivalency) agreement between Cal Poly and Cuesta College maximizes the number of classes that will transfer for degree credit. In addition to major-specified prerequisite courses, Cal Poly will give preference for most majors to students who complete their General Education Breadth Certification or the Intersegmental General Education Transfer Curriculum (IGETC) prior to transfer. Students applying as upper-division transfer applicants to Cal Poly with all recommended prerequisite courses completed for their major traditionally have a higher rate of acceptance to the University.

Articulation Agreements

Students who wish to transfer need to become familiar with the articulation agreements Cuesta has established with four-year universities and colleges in general education and in specific majors.

Articulation agreements are available to students through counselors/academic advisors and in the Transfer Center. Most articulation agreements also can be accessed through the Internet or ASSIST (www.assist.org). Easy-to-follow instructions allow students access to specific course requirements for all colleges where Cuesta has established agreements.

ASSIST

ASSIST (Articulation Subsystem Stimulating Inter-institutional Student Transfer) is a student-transfer information system available at www.assist.org. ASSIST displays reports describing how courses completed at a California community college will be applied to an undergraduate degree when they are transferred to a California State University or University of California campus. As the official repository of articulation for California’s public colleges and universities, ASSIST provides the most accurate and up-to-date information available about student transfer within the state of California. Students who are planning to transfer to a California State University or a University of California campus are encouraged to utilize ASSIST information (in consultation with a counselor) for important information about the transfer and articulation process.

CAN: The California Articulation Number System

CAN is a supplemental common course numbering system aimed at helping students and faculty identify courses that are accepted for credit toward fulfilling major preparation requirements at the California State University (CSU). Some ASSIST reports include CAN numbers for some courses. If a community college course has a CAN identifier, such as CAN MATH 8, that course can be used in place of any CSU course that has the same CAN identifier and is required to satisfy lower-division major requirements. Course substitutions using CAN only apply to major requirements and do not apply to general education requirements. Students seeking to satisfy general education requirements at community college should consider the IGETC or CSU GE-Breadth certification programs. For more information about CAN identifiers and how they can help you find courses that are appropriate for your academic goals, see a community college counselor or a CSU admissions advisor.
VETERANS

Cuesta College is approved for the training of veterans under the various public laws of the United States and the California Veterans Program.

Any student who plans to enroll under any federal or state program should contact the Cuesta College Veterans Office, which will supply all necessary forms and information. Students who are children or widows of veterans who died as a result of military service, or who are dependents of veterans who are totally disabled as a result of such service or peacetime military service since September 16, 1940, may be eligible for assistance from the Veterans Administration or the State of California. Satisfactory scholarship and attendance are required for all students receiving benefits from any federal or state agency.

Rules and regulations pertaining to veterans’ training are subject to change at any time. Veterans are advised to check with the Cuesta College Veterans Office to receive a copy of the latest requirements, rules, and regulations. It is the veteran’s responsibility to inform the Veterans Office of any changes to his or her schedule and program.

WORKFORCE DEVELOPMENT PROJECTS

CalWORKs

CalWORKs at Cuesta College is a comprehensive program designed to provide fast-track curriculum options, employment services, academic and career counseling, and supportive services for the welfare-to-work student. Welfare-to-work students are those who are enrolled at Cuesta College and receive cash assistance from the Department of Social Services.

Services include:

- Career education and job seeking skills including vocational assessments as well as resume and interview preparation;
- Integrated job training and education programs;
- Networking with other established Cuesta programs to provide support services;
- Placement of CalWORKs students in work activities that enable them to meet work requirements, gain practical work experience, and meet educational goals, i.e., work study positions, internships, and job placement on/off campus;
- Academic counseling, crisis intervention, supportive counseling;
- Child care vouchers for eligible CalWORKs participants not funded through Department of Social Services.

In partnership with community agencies such as, the Department of Social Services, One Stop Career Centers, as well as local employers, the goal of CalWORKs is to assist the TANF student’s transition from welfare to employment and financial self-sufficiency.

CalWORKs staff are located at Career Connections, Student Center, Room 5310. Office hours are 8:00 a.m. to 5:00 p.m., Monday through Friday.

ASSOCIATE DEGREE REQUIREMENTS

ASSOCIATE DEGREE APPLICATION
A Cuesta College Application for Associate Degree (A.A./A.S.) must be completed by each student who wishes to receive an Associate in Arts or Associate in Science degree. The application is available on the Admissions and Records web site and should be submitted to the Admissions and Records Office one semester in advance of the term in which the student plans to complete the requirements.

DEGREES AND CERTIFICATES
Degrees and certificates are awarded at the completion of each semester after degree requirements have been confirmed. Degree posting dates reflect the final date of the traditional semester or session in which the requirements were completed. See Instructional Programs section for a listing of degree and certificate programs.

Degree candidates are encouraged to participate in the Cuesta College commencement ceremony which takes place each spring on the San Luis Obispo campus.

Only those candidates whose degree requirements have been met will receive a diploma and/or a certificate.

Cuesta graduates may request a replacement diploma through the Evaluations office at a cost of $10.00.

CATALOG RIGHTS
A student who satisfies the following definition of attendance will follow the Cuesta College curriculum for degrees, general education, and certificates in effect:

- at the time the student began attendance at a California Community College, California State University, or University of California; or
- at the time the student began attendance at Cuesta College; or
- as outlined in a subsequent Cuesta College catalog.

“Attendance” means attendance in at least one semester or two quarters each academic year. A student who misses two consecutive semesters, or three quarters in an academic year, excluding summer school, will lose catalog rights. In that case, the student must follow (1) the Cuesta College catalog that coincides with the student’s date of re-enrollment, or (2) a subsequent Cuesta College catalog. A total withdrawal in a semester does not constitute a one-semester break in enrollment when “Ws” are posted on a student record. Campus authorities may authorize or require substitutions for discontinued courses in certificate or degree programs.

RESIDENCY REQUIREMENT
Residency Requirements are met by enrolling in coursework through Cuesta College. Courses taken through “challenge” or credit by exam do not meet residency requirements.

- A.A./A.S. DEGREE - A minimum of 12 semester units must be completed in residence at Cuesta College before a degree may be granted.
- ADVANCED PLACEMENT CREDIT - A minimum of 12 units must be completed in residence at Cuesta College before credit can be awarded.
- CERTIFICATE OF PROFICIENCY - A minimum of two of the required courses must be completed in residence at Cuesta College.
- GENERAL EDUCATION CERTIFICATION - A minimum of 3 units must be completed in residence at Cuesta College before certification may be granted.
- HOSPITAL DIPLOMA CREDIT - A minimum of 12 units must be completed in residence at Cuesta College before credit can be awarded.
- MILITARY CREDIT - A minimum of 12 units must be completed in residence at Cuesta College before credit can be awarded.

REQUIREMENTS FOR ASSOCIATE IN ARTS OR ASSOCIATE IN SCIENCE DEGREE
Graduates from Cuesta College have conferred upon them the degree of Associate in Arts or Associate in Science. Requirements for graduation are prescribed by the Board of Governors of the California Community Colleges and the District Board of Trustees.

General Studies Degree
Sixty (60) semester units of college level work with an average of “C” or better are required (2.0 GPA). A minimum of 12 semester degree applicable units must be completed at Cuesta College. A.S., requires 18 units in math/science courses.

- Minimum of 18 semester units of General Education (Refer to “General Education Requirements.”)
- English and math competency requirements
- Health requirement
- Diversity requirement

Transfer Studies Degree
Sixty (60) semester units of college level work with an average of “C” or better are required (2.0 GPA). A minimum of 12 semester degree applicable units must be completed at Cuesta College. A.S., requires 18 units in math/science courses.

- Minimum of 39 semester units of General Education Includes certification of General Education for CSU or IGETC (UC/CSU).
- Health requirement
- Diversity requirement
ASSOCIATE DEGREE REQUIREMENTS (CONTINUED)

**Designated Degree**

Sixty (60) semester units of college level work with an average of “C” or better are required (2.0 GPA). A minimum of 12 semester degree applicable units must be completed at Cuesta College.

- Minimum of 18 semester units of General Education (Refer to “General Education Requirements.”)
- English and math competency requirements
- Health requirement
- Diversity requirement
- The specific course requirements listed for the Designated Degree under the “Degree and Certificates” section of this catalog.

**General Education**

General education is a coherent pattern of courses intended to serve three purposes: Taken as a whole, the program is intended to strengthen students’ essential intellectual skills; broadly introduce students to the core concepts and methods of the major disciplines; and prepare students to lead enriched lives in our multicultural society. General education courses are distinguished from those required for a major or allowed as freely chosen electives. Courses in the general education category are “general” in two senses: independently, they survey the core concepts and methods of the discipline in which they are included; and they point, where possible, to the influences and contributions of the discipline to other disciplines, culture, human history and our quest to understand our universe.

Through this program, students will acquire the ability to think and communicate clearly and effectively both orally and in writing; to use mathematics and other symbolic systems; to understand the modes of inquiry of the major disciplines; to appreciate the structures and processes of the natural environment; to be aware of other cultures and times; to achieve insights by thinking about ethical and social problems; to understand and appreciate the history of US culture and its governing institutions.

***CRITERIA FOR GENERAL EDUCATION COURSES***

Courses that fulfill general education requirements must:

1. Require post-secondary skills in reading, writing, and critical thinking.
2. Be an introductory or survey course that presents the core concepts and methods of a major discipline as the main focus of instruction.
3. Require thinking competencies that enable a student to organize, integrate and critically analyze information; and to use these skills to generate and evaluate alternative perspectives.

**Associate in Arts or Science Degree**

In order to qualify for a degree from Cuesta College, students must complete 60 associate degree applicable semester units with a 2.0 grade point average. At least 12 of the 60 units must be earned at Cuesta. Students must take a minimum of 18 units of General Education coursework (one course in each category) and meet the English and Math competency requirements, the Health Education requirement, and the diversity requirement. A.S., requires 18 units in math/science courses.

**General Education Categories and Requirements**

Categories of courses that fulfill general education requirements and the criteria for inclusion in each of the categories are as follows:

**Area A1: Communications in English**

After successfully completing courses in this category, students will write or orally deliver effective expository and argumentative discourse with a focus on inquiry as well as persuasion. Students will be able to read and listen critically in order to comprehend and communicate their understanding of the central ideas and rhetorical techniques in the assigned texts. They also will be able to demonstrate an ethical use of various rhetorical techniques in their written and/or spoken work.

Select from the following fulfillment alternatives:

**Alternative 1**

**English**

56 College Reading and Writing (4)
65 Basic Technical Communication (4)

**OR**

**Alternative 2**

Fulfill the English competency* requirement through assessment and complete **one** of the following:

**English**

1 Technical Writing and Oral Communications (4)
1A English Composition (4)
1C English Composition: Critical Thinking (3)

**Journalism**

1A News Writing and Reporting (3)
1B Introduction to Mass Communication (3)

**Speech**

1A Public Address (3)
10 Small Group Discussion (3)
12 Intercultural Communications (3)
15 Argument and Debate (3)
ASSOCIATE DEGREE REQUIREMENTS

(AREA A2: ANALYTICAL THINKING)
After successfully completing courses in this category, students will be able to construct and analyze statements in a formal symbolic system, and understand the relationship between the symbolic system and its various applications in the real world. Students will also appreciate the strengths and limitations of the system, its logical structure, and its derivation.

Select from the following fulfillment alternatives:

Alternative 1
Math
19 Elementary College Mathematics (3)
22 Two-Semester Beginning Algebra: Part 2 (5)
23 Elementary Algebra (5)
30 College Mathematics for the Humanities (3)

OR

Alternative 2
Fulfill the Math competency* requirement through assessment and complete one of the following:

Computer Information Systems
14 Beginning Basic Programming (3)
17 “C” Programming Language (3)
31 Fundamentals of computer Science I (4)

Electronics Technology
116 Digital Circuits (4)

Math
26A Intermediate Algebra - Part 1 (5)
26B Intermediate Algebra - Part 2 (5)
27 Intermediate Algebra (5)
29 Trigonometry (3)
30 College Mathematics for the Humanities (3)
31 Trigonometry with Geometric Foundations (5)
32 College Algebra
36 Introduction to Applied Statistics (3)
42 Precalculus Algebra (5)
45 Finite Mathematics (3)
47 Introduction to Statistics (4)
55 Calculus for Business and Management (3)
63 Precalculus Mathematics (5)
65A Analytic Geometry and Calculus (5)

Philosophy
8 Introduction to Logic (3)

*ENGLISH AND MATH COMPETENCY REQUIREMENT
Competency in reading, written expression, and mathematics must be demonstrated. The reading and written expression competency requirements are satisfied by either being assessed at the eligible level for English 1A; or by completing English 1 or English 1A with a passing grade; or by taking English 56, or English 65 with a grade of “C” or better.
The math competency requirement is satisfied by completing Math 19 or 22 or 23 with a grade of C or better or by scoring a 70% or higher on either the Cuesta College Math Assessment Test # 2 or the Math 23 Proficiency Test.

(AREA B: PHYSICAL AND LIFE SCIENCES)
After successfully completing courses in this category, students will understand the scientific method and its role in research, analyze problems in a structured way, and develop and employ strategies for solutions using scientific principles. Students will understand the empirical bases for current scientific theories, how those theories develop and change, and how they explain the natural world. Students also will appreciate the influence of scientific knowledge on the development of civilization.

30 Technical Physics (3)

Psychology
2 Introduction to Biological Psychology (3)

AREA C: ARTS AND HUMANITIES

After successfully completing courses in this category, students will recognize the value of the great works of the human imagination in a broad context and understand their contribution to human culture. They will be able to analyze and appraise cultural/artistic achievements in verbal and/or non-verbal forms. Since language acquisition is a door to understanding the arts and humanities of other cultures, students who acquire second language skills also fulfill the category C requirement.

Select one from the following courses:

Art
100 Art Appreciation (3)
103 Survey of Art History: Old Stone Age through Gothic (3)

AREA D1: SOCIAL AND BEHAVIORAL STUDIES

After successfully completing courses in this category, students will understand the theories and be able to employ and evaluate the methods of social science inquiry. Students will be able to analyze and critically assess ideas about the individual, social groups, institutions and society, as well as their interrelationships, structure and function. Students will be able to use this knowledge to develop a capacity for self-understanding and to understand contemporary issues, conflicts, problems and their origins.

AREA D2: AMERICAN INSTITUTIONS

After successfully completing courses in this category, students will understand the impact of social, political, and economic forces in the historical development of the US. Students will be able to employ interpretative skills to analyze historical causes and effects. Students will have an enhanced understanding of the interrelationship among the branches of our government over time. Students will also develop an understanding of US cultural and social diversity, and ethnic, gender, and class conflict.

Select one from the following courses:

History
7A  History of the United States (3)
7B  History of the United States (3)

Political Science
2  Government of the United States (3)
DIVERSITY REQUIREMENT:

After successfully completing the requirement, students will be able to identify, assess, and challenge biased assumptions and behaviors of individuals and societal institutions; analyze inter-group relations within categories of identity, such as race, ethnicity, gender, religion, sexual orientation, class, ability, nationality, or age; and examine struggles of non-dominant groups for power, justice, and access to resources.

Select one from the following:

- Anthropology
  - Cultural Anthropology (3)
  - California Indians (3)
- Business Education
  - International Business (3)
- Early Childhood Education
  - Multicultural/Anti-bias Curriculum (3)
- English
  - Multicultural Voices in American Literature (3)
  - Literature by Women (3)
- Family Studies
  - Developmental Patterns of Women (3)
- Health Education
  - Women’s Health Issues (3)
  - Multicultural Health (3)
- History
  - History of the Role of Women (3)
- Legal
  - Introduction to Law (3)
- Psychology
  - Introduction to Social Psychology (3)
- Sociology
  - Social Problems (3)
  - Minority Group Relations (3)
  - Introduction to Women’s Studies (3)
- Speech
  - Intercultural Communication (3)

Completion of Nursing, Registered Degrees:
- A.S., Nursing, Registered
- C.P., Nursing, Registered
- C.P., Nursing. Registered (30 Unit Option)

HEALTH REQUIREMENT:

After successfully completing this requirement, students will be able to apply a breadth & depth of knowledge that is inclusive of all the dimensions of health e.g., spiritual, environmental, social, mental & emotional, and physical. The scope and content of the health education course work this requirement provides the student with the knowledge and problem solving skills essential to evaluate health literature, analyze personal health risks and promote lifestyle choices. This preparation empowers the student to make relevant choices applicable to their genetic, environmental, and health risk factors that ultimately optimize mind/body/spirit health over a lifetime.

- Descriptive and discussion content of the major chronic diseases in the United States.
- Evaluation of individual risk factors for chronic diseases from a genetic, environmental, and lifestyle perspective.
- Descriptive and discussion content about communicable diseases/infections (e.g., STI’s, Hepatitis C) including symptoms and prevention.
- Analyzing the influence of environmental and nutritional concepts on food choices.
- Relating diet, exercise, and stress management to prevention of diseases and psychological wellbeing.
- Developing an appropriate physical fitness program that includes cardiovascular conditioning, muscle strength and endurance training, and flexibility.
- Examining the relationship between values and beliefs and mental health. Utilize this relationship to create effective interpersonal communication in relationships, coping, prevention of addictive behaviors and personal safety.
- Analyze and apply spiritual concepts to improve health and wellness.

Select one from the following:

- Health Education
  - Health Education (3)
  - Women’s Health Issues (3)
  - Multicultural Health (3)

Completion of Nursing, Registered Degrees:
- A.S., Nursing, Registered
- C.P., Nursing, Registered
- C.P., Nursing. Registered (30 Unit Option)
CUESTA COLLEGE offers two types of academic programs with occupational emphasis: programs leading to an Associate in Arts or Associate in Science degree and programs leading to a Certificate of Proficiency and/or Certificate of Completion. Both provide instruction in the skills and knowledge needed to enter or to make progress in an occupation. The student who wants to pursue a career-oriented program must be eligible to enroll at Cuesta College.

The Associate in Arts and Associate in Science degree programs require completion of a series of general education, health, and diversity courses in addition to courses which are career-oriented. Refer to the “Associate Degree Requirements” section of this catalog.

Vocational programs are developed by the college in close cooperation with advisory committees composed of representatives from business, industry, and the college. These advisory committees review course content to make certain that the instruction and curriculum provide current skills, and recommendations are made to update the curriculum. In this manner, students in these programs receive the most current information and skills to prepare them for employment in their chosen field.

Frequently a student’s educational goal will change. The college recognizes the mobility within our society and the necessity of changing education needs and goals. Therefore, students can switch from a degree program to a certificate program without loss of credit. The reverse is also true.

Certificate programs require completion of a course or a series of courses. Typically, students who seek certificates wish to complete a career program as quickly as possible to obtain employment. Many students complete the requirements for the certificate, attain employment, and return to Cuesta College to complete the additional general education requirements for an Associate degree or requirements for transfer.

A list which includes the various career programs with transfer, degree, or certificate designation appears on pages 72-74. Following the list are the specific course(s) required for each transfer, degree, and certificate program.

Counseling Services can provide additional information to plan a specific program not covered in this catalog.

Courses listed in this catalog may not be offered each semester. Consult with a college counselor or obtain a current class schedule to determine if a needed class is being offered.

CUESTA COLLEGE shall grant a Certificate of Completion to those students who have satisfactorily completed the requirements with a minimum grade of “C” for a specific course or courses in a specialized area of study.

CUESTA COLLEGE shall grant a Certificate of Proficiency to those students who have satisfactorily completed the requirements in a specialized area of study.

Requirements for the Certificate of Proficiency shall be as follows:

- Successfully complete the minimum of prescribed courses in the major area of study. At least two of the courses must be taken at Cuesta College.
- A minimum grade of “C” for each course.

Application for the certificate of completion and proficiency are available on the Cuesta website and in the Admissions and Records Office.

The Evaluations Office will determine progress toward a degree at the time a degree application is submitted. Included in the evaluation will be consideration of course work according to college policy. Students may initiate a waiver/substitution petition through Counseling Services for special circumstances.

Continuing Education Units (CEU)

Though earned at colleges and universities, continuing education courses are designed for personal enrichment or job advancement and may not be used toward degree requirements.

Non-Degree Applicable Units

Non-degree applicable college courses may not be used to meet degree curriculum or unit requirements. There will be no exceptions to this policy. Designation of degree applicable or non-degree applicable will be according to the catalog the student is following.

CUESTA COLLEGE only will accept course work from institutions that are recognized by a regional accrediting agency.

A publication titled, “Accredited Institutions of Postsecondary Education,” published by the American Council on Education, is used for verification of accreditation. The publication is available in Counseling Services and in the Evaluations Office.
Course credit from colleges and universities that are at the upper division, junior or senior level, as determined by the institution, will not be used toward the 60 semester units required for an associate degree. A student may petition to have upper division course content satisfy certain degree and certificate requirements. Contact Counseling Services for clarification of the waiver/substitution petition process.

**CREDIT FOR ALTERNATIVE EDUCATION**

Cuesta College affirms that there is merit in awarding college credit for other than the traditional classroom experiences when those experiences represent learning that may be validated. Therefore, Cuesta College awards credit according to the policies stated below.

**Advanced Placement Examination**

Cuesta College recognizes the high level of achievement of the student who has successfully completed one or more advanced placement examinations authorized by the College Entrance Examination Board (CEEB) and shall award credit based upon the criteria established by the college. Students may receive credit but no grade for some courses if they have scored a 3, 4, or 5 on the College Board Advanced Placement Examination (AP). The students must have completed at least 12 units at Cuesta College prior to receiving AP credit. For more information contact the Director of Counseling Services.

**Credit for Educational Training in the Military**

For currently enrolled students, in good standing, who have completed at least 12 units of “C” average work at Cuesta College, the college may grant up to 12 units of college credit in accordance with the recommendations of the American Council on Education for educational training completed in the military service. Educational work completed through the United States Armed Forces Institute (USAFI) will also be accepted with no unit maximum. For more information contact the Admissions and Records Office.

**Credit by Examination (Challenge of Courses)**

Credit by examination enables students to use their acquired knowledge, abilities and competencies to challenge certain existing courses for units of credit.

Petitions for credit by examination must be complete and submitted to the Admissions and Records Office no later than the Friday of the fourth week of the fall or spring semester or the Friday of the second week of summer session.

These requirements must be met in order to qualify for Credit by Examination:

- The course is listed in the catalog and appears on the list of classes that may be challenged.
- The student has completed all prerequisites for the course.
- The student is duly registered, in good standing, and has completed at least 12 units of “C” average work at Cuesta College.

The following restrictions apply per Cuesta College Board Policy R6400:

- A course may be challenged for a letter grade or on a credit/no credit basis if the course has an either/or grade option code.
- A maximum of 15 semester units may be challenged.
- A course may not be challenged more than once.
- Units received through a challenge may not be used to satisfy eligibility requirements for athletics, financial aid or veteran’s benefits.
- For courses that involve a lab, the examination will include a lab portion, studio portfolio evaluation or a similar demonstration of ability.
- Units received through challenge may not be used to satisfy residency requirements for the associate degree.

For more information, refer to the “Petition for Credit by Examination” form available in the Admissions and Records Office.

**Independent Studies**

The option of Independent Study at Cuesta College provides an opportunity for an in-depth study or practicum experience by an individual student in a selected topic under the direction of an instructor. In order to qualify, a student must not be on academic probation, must be enrolled in another class in addition to the independent study course, and must have completed the prerequisite and preparatory course work. A student may not earn more than two units for an independent study course in any term. To initiate independent study, a student should confirm through the Admissions and Records Office eligibility to enroll in an independent study course and should contact the appropriate academic division.
Credit for Hospital Diploma

A student who holds a current California R.N. license and who has earned at least 12 units of Cuesta College credit in residence may receive up to 35 Cuesta College credits for work previously earned at a hospital diploma nursing school as follows:

• Up to 18 semester units of course credit for specific diploma school nursing subject courses that have been evaluated by the Cuesta College director of nursing as equivalent to one or more of the courses required in the major for the current Cuesta College Registered Nursing designated degree; and
• Up to 12 semester units of additional elective, not-specified credit, none of which can be used for requirements in general education.

California Highway Patrol Academy and Approved Sheriff’s Academies

For currently enrolled students, in good standing, who have completed at least 12 units of “C” average work at Cuesta College, up to 12 elective units may be allowed upon completion of the California Highway Patrol Academy or any approved academy of an administration of justice unit. For more information contact the Criminal Justice department of the Business Education Division.

College Level Examination Program (CLEP)

The College Level Examination Program (CLEP) provides credit for successful completion of examinations and is based upon the premise that significant learning can and does take place outside of an educational institution. Evaluation of CLEP exams are conducted by the appropriate instructional area. CLEP exams are subject to an evaluation based upon meeting course context. Students may petition the director of counseling services for review and credit for each examination. This avenue is available for currently enrolled students in good standing. For more information contact the Director of Counseling Services.

Tech Prep

Local High School Students may receive Cuesta College credit for approved technical and vocational courses, through the San Luis Obispo County Tech Prep Articulation Agreement process. A specialized “Credit by Examination process” allows high school students to challenge the content and/or skill proficiency of specific courses, provided a valid Tech Prep articulation agreement between the student’s high school and Cuesta College is maintained. Enrollment fees are waived for students currently enrolled in high school who have been in residence in San Luis Obispo County for at least one year. Each student must fill out a Cuesta College admission application and a “Permit to Enroll” form, and submit a transcript to the Cuesta College Records Office.

For more information, contact the Tech Prep Office at 805-546-3100 ext 2533.

AUTOMOTIVE TECHNOLOGY A.S. DEGREES

Students must pass a minimum of two certification tests for the National Institute of Automotive Service Excellence (ASE).

Automotive Technology Certificates of Proficiency

The program of study is designed to facilitate entry into a growing technology-oriented field or to upgrade those already working in the area of automotive mechanics. Nine specialized Certificates of Proficiency are offered in the area of Automotive Technology. In addition to the prescribed curriculum, a student must pass the certification test for The National Institute for Automotive Service Excellence (ASE) for that specialty area.

If the student has completed a high school automotive lab class, or has experience in the auto repair industry, the ATECH 66 Automotive Maintenance & Light Repair Course requirement has been satisfied; however, students may take the class if they wish.

A.S., ADVANCED ENGINE PERFORMANCE TECHNICIAN

DEGREE AND CERTIFICATE REQUIREMENTS (CONTINUED)
### A.S., BIOLOGICAL SCIENCE

**Required Courses (10 units)**
- **BIO 1A** Biology 5
- **BIO 2** General Botany 5
- or **BIO 3** General Zoology (5)

Plus 32 units from the following:
- **BIO 1B** Biology 5
- **BIO 4** General Bacteriology 5
- **BIO 5** Human Anatomy 4
- **BIO 6** General Human Physiology 5
- **BIO 8G** Biology Seminar: General Topics 1
- **BIO 9C** Coastal Biology Field Studies 1
- **BIO 9D** Desert Biology Field Studies 1
- **BIO 9H** Hawaiian Biology Field Studies 1-3
- **BIO 9S** Sierra Biology Field Studies 1
- **BIO 10E** Natural History of the Eastern California Mountains & Deserts 2
- **BIO 10R** Natural History of the Coast Ranges 2
- **BIO 10V** Natural History of Death Valley National Park 2
- **BIO 12** Human Biology 3
- **BIO 12L** Human Biology Lab 1
- **BIO 13** Genetics and Society 3
- **BIO 20** Environmental Biology 3
- or **BIO 20** Environmental Biology (3)
- and **BIO 20L** Environmental Biology Lab (1)
- **BIO 21** Concepts of Ecology 3
- **BIO 22** Introduction to Marine Science 3
- and **BIO 22L** Introduction to Marine Science Laboratory 1
- **BIO 24** Principles of Natural History 3
- **BIO 47** Independent Studies .5-2

### C.P., ENVIRONMENTAL BIOLOGY

**Required Courses (8 units)**
- **BIO 20** Environmental Biology 3
- **BIO 20L** Environmental Biology Lab 1
- **BIO 21** Concepts of Ecology 4

Plus 4 units from the following:
- **BIO 1A** Biology 5
- **BIO 1B** Biology 5
- **BIO 2** General Botany 5
- **BIO 3** General Zoology 5
- **BIO 8E** Biology Seminar: Environmental 1
- **BIO 9C** Coastal Biology Field Studies 1
- **BIO 9D** Desert Biology Field Studies 1
- **BIO 9H** Hawaiian Biology Field Studies 1-3
- **BIO 9S** Sierra Biology Field Studies 1
- **BIO 10E** Natural History of the Eastern California Mountains & Deserts 2
- **BIO 10R** Natural History of the Coast Ranges 2
- **BIO 10V** Natural History of Death Valley National Park 2
- **BIO 16** Plants & People 4
- **BIO 22** Introduction to Marine Science 3
- or **BIO 22** Introduction to Marine Science (3)
- and **BIO 22L** Introduction to Marine Science Laboratory (1)
- **BIO 24** Principles of Natural History 3
- **BIO 26** Understanding Rare Species in California 1

Plus 9 units from the following:
- **CHEM 10** Introductory Chemistry 4
- **CJ 10** Principles of Investigation 3
- **ENGL 1A** English Composition 4
- or **ENGL 1** Technical Communication (4)
- **ENGL 56** College Reading and Writing 4
- **ENGL 65** Basic Technical Communication 4
- **GEOL 20** Geology of California 3
- **SPCH 1A** Public Address 3
## A.A., Broadcast Communications

Required Courses (19 units)

<table>
<thead>
<tr>

### Degree and Certificate Requirements (continued)
C.C., WORD PROCESSING
Required Courses (15.5 units)
CAOA 23 Business English 3
CAOA 25 Business Calculations 3
CAOA 28 Office Technology and Telecommunications 3
CAOA 29 Computer Applications/Office Administration Internship .5
CAOA 46 Beginning Word Processing: Microsoft Word 3
or CAOA 48 Beginning Word Process: WordPerfect for Windows (3)
CAOA 49 Advanced Word Processing: WordPerfect for Windows 3
or CAOA 50 Advanced Word Processing: Microsoft Word(3)

Plus 2-3 units from the following:
CAOA 20A Beginning Computer Keyboarding and Document Processing 3
CAOA 20B Intermediate Computer Keyboarding and Document Processing 3
CAOA 20R Review Computer Keyboarding 2
CAOA 20S Speed and Accuracy Computer Keyboarding 2

A.S., COMPUTER INFORMATION SYSTEMS, PROGRAMMING
Required Courses (44 units)
BUS 1A Principles of Accounting 4
BUS 45 Introduction to Business 3
BUS 83 Management and Supervision 3
CIS 10 Introduction to Computer Applications 4
CIS 12 Beginning COBOL Programming 3
CIS 17 “C” Programming Language 3
CIS 19 Object Oriented Programming - C++ 3
or CIS 21 C#.NET Programming (3)
CIS 31 Fundamentals of Computer Science I 4
CIS 32 Fundamentals of Computer Science II 2
CIS 33 Fundamentals of Computer Science III 2
CIS 114 Introduction to Visual Basic 3
ECON 1A Principles of Economics 3
ENGL 1 Technical Communication 4
BUS 18 Business Law 3

C.C., INTERNET APPLICATIONS DEVELOPER
Required Courses (17 units)
CAOA 64 Introduction to Database Management 3
CIS 114 Introduction to Visual Basic 3
CIS 115 Visual Basic for Internet Application 3
CIS 141 Data Base Administration 4
LIBINF 6 Web Page Development with HTML 3
LIBINF 7 Javascript Fundamentals 1
## A.S., Computer Network Administration

</tr>
</tbody>
</table>

Plus 6-7 units from the following:

- CAOA 61 Introduction to Spreadsheets 3
- CAOA 64 Introduction to Database Management 3
- CIS 14 Beginning Basic Programming 3
- CIS 17 "C" Programming Language 3
- CIS 19 Object Oriented Programming – C++ 3
- CIS 31 Fundamentals of Computer Science I 4
- CIS 114 Introduction to Visual Basic 3
- CIS 122 Introduction to Linux 3
- CIS 141 Database System Administration 4
- CIS 143 Web Site Administration 4
- ELTECH 120 Microcomputer Architecture and Programming 4
- ELTECH 154 Advanced Microcomputer Maintenance 4
- LIBINF 7 Web Page Development with HTML 3
- LIBINF 11 Javascript Fundamentals 1

*CONTINUED*
A.A., CRIMINAL JUSTICE

Students must pass all classes with a grade of “C” or better.
A minimum of 12 units in Criminal Justice must be earned at
Cuesta College.

Required Courses (28 units)

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>

C.C., ELECTRONICS AUTOMATION

**Required Courses (15 units)**
- ELTECH 124 Industrial Electronics 4
- ELTECH 128 Programmable Logic Controllers 4
- ELTECH 135 Robotics Technology 4
- ELTECH 139 Computer Numerical Controls 3

C.C., POWER AND INSTRUMENTATION

**CERTIFICATE**

**Required Courses (16 units)**
- ELTECH 124 Industrial Electronics 4
- ELTECH 128 Programmable Logic Controllers 4
- ELTECH 157 Computer Instrumentation and Control 4
- ELTECH 167 Power Systems and Rotating Electrical Machinery 4

C.C., EMERGENCY MEDICAL TECHNOLOGY

**Required Course (6 units)**
- EMT 1 Emergency Medical Technician I 6

C.C., EMERGENCY MEDICAL TECHNOLOGY

**Hazardous Materials First Responder Operational**

Students must receive an 80% or better on the final exam to receive certification from EMSA.
- Required Course (1.5 units)
  - EMT 3 Hazardous Materials First Responder Operational 1.5

C.C., EMERGENCY MEDICAL TECHNICIAN

**REFRESHER**

Students must receive an 80% or better on the final exam to receive certification from EMSA.
- Required Course (1.5 units)
  - EMT 2 Emergency Medical Technician I Refresher 1.5

C.C., EMERGENCY VEHICLE OPERATORS

**AMBULANCE**

- Required Course (.5 units)
  - EMT 4 Emergency Vehicle Operator - Ambulance .5
### C.P., COMPUTER AIDED DESIGN/DRAFTING (CAD)

All courses must be completed with a grade of “C” or better.

#### Required Courses (17 units)
- ARCH 111 Design and Visual Communication I 4
- ARCH 230 Architectural Computer Aided Drafting 3
- ARCH 231 Introduction to Architectural Practice 3
- ENGR 26 Engineering Drawing I 4
- ENGR 27 Engineering Drawing II 3

Plus 6 units from the following:

- ARCH 110 Architectural Design & Presentation Computer Graphics 3
- ARCH 112 Design and Visual Communication II 4
- ARCH 115 Architectural Modelmaking 2
- ARCH 220 Green Building with LEED Training 1
- CIS 10 Introduction to Computer Applications 4
- CTECH 50 Introduction to Construction 3
- ENGR 1 Plane Surveying 3

#### C.C., AUTOCAD - LEVEL I

Required Courses (1 unit)
- ENGR 25 AutoCAD 1

#### C.C., AUTOCAD - LEVEL I AND ENGINEERING DRAWING

Required Courses (4 units)
- ENGR 26 Engineering Drawing I 4

#### C.C., AUTOCAD - LEVEL II/INVENTOR

Required Courses (3 units)
- ENGR 27 Engineering Drawing II 3

---

### A.S., ENGINEERING

Completion of this program prepares the students for admission to any college or university in the engineering discipline of their choice. All courses are fully articulated and transferable. All courses listed must be completed with a “C” grade or better.

#### Required Courses (40 units)

- CHEM 1A General College Chemistry 5
- CIS 10 Introduction to Computer Applications 4
- ENGR 50 Engineering Statics 3
- MATH 65A Analytic Geometry and Calculus 5
- MATH 65B Analytic Geometry and Calculus 5
- MATH 83 Calculus 4
- MATH 85 Differential Equations 4
- PHYS 8A Principles of Physics 5
- PHYS 8B Principles of Physics 5

Plus 13 units (of which 9 must be earned at Cuesta) from the following, with a minimum of 3 courses from the Engineering discipline:

- CIS 11 Fortran for Scientists and Engineers 2.5
- CIS 17 “C” Programming Language 3
- ENGR 1 Plane Surveying 3
- ENGR 17 Introduction to Electronic Circuit Analysis 4
- ENGR 45 Materials Engineering 3
- ENGR 48 Introduction to Engineering 1
- ENGR 51 Engineering Dynamics 3
- ENGR 52A Strength of Materials I 2
  and ENGR 52B Strength of Materials II 2
- GEOL 10 Physical Geology 4
- PHYS 8C Modern Physics 3
- WELD 70A Basic Welding 3-4

---

### A.S., ENGINEERING

Completion of this program prepares the students for admission to any college or university in the engineering discipline of their choice. All courses are fully articulated and transferable. All courses listed must be completed with a “C” grade or better.

#### Required Courses (40 units)

- CHEM 1A General College Chemistry 5
- CIS 10 Introduction to Computer Applications 4
- ENGR 50 Engineering Statics 3
- MATH 65A Analytic Geometry and Calculus 5
- MATH 65B Analytic Geometry and Calculus 5
- MATH 83 Calculus 4
- MATH 85 Differential Equations 4
- PHYS 8A Principles of Physics 5
- PHYS 8B Principles of Physics 5

Plus 13 units (of which 9 must be earned at Cuesta) from the following, with a minimum of 3 courses from the Engineering discipline:

- CIS 11 Fortran for Scientists and Engineers 2.5
- CIS 17 “C” Programming Language 3
- ENGR 1 Plane Surveying 3
- ENGR 17 Introduction to Electronic Circuit Analysis 4
- ENGR 45 Materials Engineering 3
- ENGR 48 Introduction to Engineering 1
- ENGR 51 Engineering Dynamics 3
- ENGR 52A Strength of Materials I 2
  and ENGR 52B Strength of Materials II 2
- GEOL 10 Physical Geology 4
- PHYS 8C Modern Physics 3
- WELD 70A Basic Welding 3-4
Students transferring to four-year colleges or universities are urged to include Psychology 1A and Sociology 1A as part of their General Education/Breadth requirements.

Required Courses (24 units)

FAMST 2 The Child, Family and Community 3
FAMST 5 Life Management 3
FAMST 10 Introduction to Human Services 3
FAMST 12 Human Development: Life Span 3
FAMST 14 Intimacy, Relationships, and the Family 3
FAMST 15 Developmental Patterns of Women 3
FAMST 16 Parenting 3
FAMST 18 Human Sexuality 3

Plus 6 units from the following:

FAMST 11 Introduction to the Teaching Profession 3
FAMST 20 Aging in the 21st Century: Social Gerontology 3
LEADER 53 Peer Counseling 2
or LEADER 55 Community Internship 3
PSYCH 1A Introductory Psychology 3
SOC 1A Introduction to Sociology 3
SOC 6 Minority Group Relations 3
WRKEXP 52 Cooperative Work Experience Education - Occupational .5
and WRKEXP 52L Cooperative Work Experience Lab - Occupational .5-3.5

Required Courses (7 units)

FAMST 11 Introduction to the Teaching Profession 3
FAMST 20 Aging in the 21st Century: Social Gerontology 3
LEADER 53 Peer Counseling 2
or LEADER 55 Community Internship 3
PSYCH 1A Introductory Psychology 3
SOC 1A Introduction to Sociology 3
SOC 6 Minority Group Relations 3
WRKEXP 52 Cooperative Work Experience Education - Occupational .5
and WRKEXP 52L Cooperative Work Experience Lab - Occupational .5-3.5

C.C., FAMILY CHILD CARE PROVIDER

Required Courses (7 units)

ECE 54 Essentials of Child Safety, Health, and Nutrition 1
or Certificates from community training covering the requirements of Title 22
ECE 60 Family Child Care Seminar .5-3
ECE 64 Family Child Care: Focus on the Provider 1
ECE 65 Family Child Care: Focus on the Business 1
ECE 66 Family Child Care: Focus on the Family 1
ECE 67 Family Child Care: Focus on the Child 1
HEED 4* Standard First Aid and CPR 2

* Current certification in Standard First Aid and CPR may be substituted for HEED 4.
A.A., Fashion Design

Required Courses (36 units)

ENGR 25 AutoCAD 1
FDM 10 Introduction to Fashion 3
FDM 12 Textiles 3
FDM 14 Apparel Evaluation 3
FDM 15 Design Analysis and Color Theory 3
FDM 16 Fashion Illustration 3
FDM 18 Commercial Fashion Design 3
FDM 20 Fashion Analysis 3
FDM 25 History of Fashion: Classic Through 19th Century 3
FDM 60 Product Development 3
or FDM 26 20th Century Trends and Designs (3)
FDM 63 Clothing Construction 3
FDM 65 Pattern Development 2
FDM 70 Fashion Portfolio Presentation 3

Plus 3 units from the following:
ART 100 Art Appreciation 3
ART 121 Beginning Drawing 2-3
ART 122 Intermediate Drawing 2-3
ART 123 Life Drawing 2-3

Plus 3 units from the following:
BUS 45 Introduction to Business 3
BUS 70* Dealing with Change .5
BUS 71* Team Building .5
BUS 72* Communicating with People .5
BUS 73* Conflict Resolution .5
BUS 74* Customer Service .5
BUS 75* Values & Ethics .5
BUS 76* Attitude in the Workplace .5
BUS 77* Stress Management .5
BUS 78* Decision Making & Problem Solving .5
BUS 79* Time Management .5
FDM 25** History of Fashion: Classic Through 19th Century 3
or FDM 26** 20th Century Trends and Designs (3)
FDM 30 Fashion Buying 3
FDM 35 Fashion Promotion 3
CIS 10 Introduction to Computer Applications 4
FDM 40 Visual Merchandising and Display 3
FDM 47 Independent Study: Fashion Design and Merchandising .5-2
or WRKEXP 52 Cooperative Work Experience
Education - Occupational (.5)
and WRKEXP 52L Cooperative Work Experience
Lab - Occupational (.5-3.5)

### A.A., A.S. General Studies

**A.S. Requires 18 units in Math/Science Courses**

Sixty (60) semester units of college level work with an average of 2.0 grade point average. A minimum of 12 semester units must be completed at Cuesta College.

- General Education Requirements - 18 units
- Health Requirement
- Diversity Requirement

### Geology

### General Studies (Transfer)

**See Transfer Studies**
A.S., HOSPITALITY

Required Courses (28 units)

HOSP 5* Front Office Operations 3
HOSP 10* Hospitality Marketing and Sales 3
HOSP 15* Housekeeping Operations 3
HOSP 20* Supervision in the Hospitality Industry 3
HOSP 25* Hospitality Law 3
HOSP 30* Food and Beverage Operations 3
HOSP 35* Hospitality Security and Loss Prevention 3
HOSP 40* Hospitality Training and Development Skills 3
WRKEXP 50L Cooperative Work Experience 3.5
WRKEXP 52 Cooperative Work Experience Educational-Occupational .5

Plus 4 units from the following:

BUS 1A Principles of Accounting 4
or BUS 1B Principles of Accounting (4)
BUS 51 Elements of Accounting 4
CIS 10 Introduction to Computer Applications 4
MATH 23 Elementary Algebra 5
* Completion of courses earns Hotel Lodging Association certificates.

C.P., HOSPITALITY

Required Courses (24 units)

HOSP 5 Front Office Operations 3
HOSP 10 Hospitality Marketing and Sales 3
HOSP 15 Housekeeping Operations 3
HOSP 20 Supervision in the Hospitality Industry 3
HOSP 25 Hospitality Law 3
HOSP 30 Food and Beverage Operations 3
HOSP 35 Hospitality Security and Loss Prevention 3
HOSP 40 Hospitality Training and Development Skills 3
A.A., INTERIOR DESIGN

Required Courses (42 units)

ARCH 111 Design and Visual Communication I 4
CIS 10 Introduction to Computer Applications 4
CTECH 50 Introduction to Construction 3
ENGR 25 AutoCad 1
INTDES 10 Interior Design 3
INTDES 11 Design & History of Furnishings 3
INTDES 12 Textiles 3
INTDES 15 Design Analysis and Color Theory 3
or FDM 15 Design Analysis and Color Theory (3)
INTDES 17 Rendering & Rapid Visualization for Interior Design 3
INTDES 19 Interior Architectural Drafting 3
INTDES 20 Materials and Products of Interior Design 3
INTDES 22 Interior Space and Light Planning 3
INTDES 28 Residential and Commercial Interior Design 3
INTDES 35 Professional Practices 3

Plus 6 units from the following:

ARCH 112 Design and Visual Communication II 4
ART 100 Art Appreciation 3
ART 121 Beginning Drawing 2-3
BUS 46 Retail Merchandising 3
BUS 48 Small Business Management 3
BUS 49 Entrepreneurship 4
BUS 86 Human Relations 3
CTECH 80A Building Code 1, Architectural Design Provisions 3
FDM 40 Visual Merchandising and Display 3
INTDES 55 Interior Design: California Excursions 2
INTDES 60 Interior Design: European Excursions 2

C.P., INTERIOR DESIGN

Required Courses (42 units)

Plus 3 units from the following:
- BCST 21: Introduction to Broadcasting (3 units)
- BCST 26: Writing for Electronic Media (3 units)
- SPCH 1A: Public Address (3 units)
C.C., LEADERSHIP STUDIES

Required Courses (10.5-14 units)
LEADER 47* Independent Studies: Leadership .5-2
LEADER 61A Philosophy of Leadership 1.5
LEADER 61B Leadership Success Strategies Seminar 1.5
LEADER 62 Student Leadership (minimum 2 semesters) 4-6
LEADER 63 Exploring Leadership-Making a Difference 3

* NOTE: The Independent Study course for this certificate must include a project related strictly to Leadership Studies.

C.C., SERVICE LEADERSHIP

Required Courses (7.5-13 units)
LEADER 47* Independent Studies: Leadership .5-2
LEADER 53 Peer Counseling 2
LEADER 55 Community Internship (minimum 2 semesters) 1-3, 1-3
LEADER 61A Philosophy of Leadership 1.5
LEADER 61B Leadership Success Strategies Seminar 1.5

* NOTE: The Independent Study course for this certificate must include a project related strictly to Service Leadership.

A.A., LEGAL STUDIES: BUSINESS EMPHASIS

Required Courses (12 units)
ECON 1A Principles of Economics 3
GOV 2 Government of the United States 3
LEGAL 17 Introduction to Law 3
SOC 1A Introduction to Sociology 3

Plus 14 units from the following:
BUS 1A Principles of Accounting 4
BUS 1B Principles of Accounting 4
BUS 18 Business Law 3
BUS 45 Introduction to Business 3
CIS 10 Introduction to Computer Applications 4
ECON 1B Principles of Economics 3
MATH 47 Introduction to Statistics 4
or MATH 49 Statistics for Business (5)
MATH 55 Calculus for Business and Management 3

A.A., LEGAL STUDIES: SOCIAL SCIENCE EMPHASIS

Required Courses (12 units)
ECON 1A Principles of Economics 3
GOV 2 Government of the United States 3
LEGAL 17 Introduction to Law 3
SOC 1A Introduction to Sociology 3

Plus 12 units from the following:
ANTH 3 Cultural Anthropology 3
BUS 18 Business Law 3
ECON 1B Principals of Economics 3
GOV 1 Introduction to Political Science 3
GOV 4 World Politics 3
GOV 6 Comparative Government 3
GOV 9 Introduction to Political Theory 3
HIST 4A History of Western Civilization 3
HIST 4B History of Western Civilization 3
HIST 7A History of United States 3
HIST 7B History of United States 3
MATH 47 Introduction to Statistics 4
PHIL 8 Introduction to Logic 3
PHIL 13 Philosophical Classics in Ethics and Social Philosophy 3
# Degree and Certificate Requirements (Continued)

### C.C., Medical Assisting

**Required Courses (14 units)**
- MEDAST 10 Medical Assisting Basics 2
- MEDAST 11 Medical Assisting Fast Track 12

### C.C., Introductory Medical Coding

**Required Course (4 units)**
- MEDAST 6 Introductory Medical Coding 4

### C.C., Medical Financial Management

**Required Courses (6 units)**
- MEDAST 6 Introductory Medical Coding 4
- MEDAST 7 Medical Insurance Claim Management 2

### C.C., Phlebotomy

**Required Course (3 units)**
- MEDAST 9 Phlebotomy 3

### A.A., Jazz Studies

**Required Courses (21 units)**
- MUS 3A Music Theory 5
- MUS 3B Music Theory 5
- MUS 3C Music Theory 3
- MUS 12 Applied Music (4 times) 8

And 8 units from the following:
- MUS 23 Vocal Jazz Ensemble 2-3
- MUS 31 Jazz Ensemble 1-3
- MUS 33 Jazz Improvisation 2
- MUS 32A Concert Jazz Ensemble 1-3

Plus 6 units from the following:
- MUS 20 Elementary Voice 2
- MUS 38 Music Appreciation: Jazz History 3
- MUS 58 Elementary Piano 2
- MUS 60 Jazz Piano Techniques 1-2

### A.A., Music Performance

**Required Courses (25 units)**
- MUS 3A Music Theory 5
- MUS 3B Music Theory 5
- MUS 3C Music Theory/Counterpoint 3
- MUS 12 Applied Music x 4 8
- MUS 20 Elementary Voice 2
- or MUS 58 Elementary Piano (2)
- MUS 34 Music Theory/Orchestrating, Scoring & Arranging 2

Plus 8 units from the following:
- MUS 6 Composing for Film and Video 3
- MUS 22 Intermediate Voice 2
- MUS 23 Vocal Jazz Ensemble 3
- MUS 25 Wind Orchestra 2
- MUS 26 Band 3
- MUS 27 Instrumental Small Ensemble 1-3
- MUS 28 Mixed Chorus 1-3
- MUS 29 Chamber Singers 2
- MUS 31 Jazz Ensemble 3
- MUS 32A Concert Jazz Ensemble 3
- MUS 40 Recording Arts I 2
- MUS 41 Recording Arts II 2
- MUS 50 Music Theater Workshop 3
- MUS 51 Music Theater Performance 3
- MUS 55 Master Chorale 2
- MUS 56 Orchestra 2
- MUS 59 Intermediate Piano 2
- MUS 62 Choral Music II Baroque 2
- MUS 63 Choral Music III Romantic 2
- MUS 64 Choral Music IV Modern 2
Conviction by any court of a crime requires prior clearance by the Department of Health Services before providing patient care.

**Required Course (5 units)**
NRAST 48 Nursing Assistant 5

**C.C., NURSING ASSISTANT, ACUTE CARE NURSE ASSISTANT**

**Required Course (3 units)**
NRAST 45 Acute Care Nurse Assistant 3

**C.C., NURSING ASSISTANT, EKG MONITOR OBSERVER**

**Required Course (1 unit)**
NRAST 25 EKG Monitor Observer 1

**C.C., NURSING ASSISTANT, HEALTH UNIT COORDINATOR**

**Required Course (2.5 units)**
NRAST 51 Health Unit Coordinator 2.5

Adherence to Cuesta College NRAD student policies is required for progress within and graduation from the program and satisfaction of eligibility to take professional licensure examinations. All nursing courses must be completed with a minimum grade of “C” to progress within and to graduate from the program in order to fulfill Designated Degree requirements.

**Conviction of a felony or of any offense substantially related to the qualifications, functions and duties of a Registered Nurse may constitute grounds for denial of licensure.**

**Required Courses (81.5-84.5 units)**

- NRAD 1* Foundations of Nursing/Caring 2
- NRAD 1A* Nurse Caring Concepts 2
- NRAD 1B* Nurse Caring Practicum I 5
- NRAD 1D* Decision Making Data I 2
- NRAD 2A* Nurse Caring Family Concepts 3
- NRAD 2B* Nurse Caring Practicum II 8
- NRAD 2D* Decision Making Data II 2
- NRAD 3A* Nurse Caring Concepts III 2
- NRAD 3B* Nurse Caring Practicum III 5
- NRAD 3D* Nurse Caring for Medical-Surgical Clients 2
- NRAD 4* Nurse Leadership/Management 1
- NRAD 4A* Nurse Caring Concepts for Clients Psychiatically at Risk 2
- NRAD 4B* Nurse Caring for People at Risk Practicum 6
- NRAD 4D* Nurse Caring for People at Risk Concepts 2
- NRAD 20* Supplementary Nursing Skills Practice (3 semesters) 5,5,5
- BIO 4* General Bacteriology or Equivalent 4-5
- BIO 5* Human Anatomy 4
- BIO 6* General Human Physiology or Equivalent 4-5
- ENGL 1A* English Composition or Equivalent 3-4
- HIST 7A History of the United States 3
- or HIST 7B History of the United States 3
- or GOV 2 Government of the United States 3
- HUMANITIES Any course meeting graduation requirements 3
- PSYCH 1A* Introductory Psychology 3
- SOC 1A* Introduction to Sociology 3
- SPCH 1A* Public Address or a course in interpersonal relations or communications skills 3
- or SPCH 10 Small Group Discussion (3)
- or SPCH 15 Argumentation and Debate (3)

* Courses required to be eligible to sit for boards, without a degree.
Adherence to Cuesta College NRAD student policies is required for progress within and graduation from the program and satisfaction of eligibility to take professional licensure examinations. All nursing courses must be completed with a minimum grade of “C” to progress. Conviction of a felony or of any offense substantially related to the qualifications, functions and duties of a Registered Nurse may constitute grounds for denial of licensure.

TRANSFER TO THE CALIFORNIA STATE UNIVERSITY (CSU) SYSTEM
TRANSFER TO THE UNIVERSITY OF CALIFORNIA (UC) SYSTEM
INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)
Cuesta College offers courses to meet lower division (freshman and sophomore) General Education requirements for transfer to universities and colleges both public and private. For specific majors, consult the appropriate four-year catalog. Cuesta College Counseling Services will provide additional information in planning a specific freshman and sophomore year program for students. The California State University (CSU) General Education pattern is subject to change. Students are advised to check with Counseling Services.

**GENERAL EDUCATION BREADTH PATTERN FOR THE CSU SYSTEM**

To obtain a bachelor’s degree from the CSU system, a student must complete a minimum of 48 semester hours of General Education courses, nine of which must be upper division units.

Cuesta College may certify a maximum of thirty-nine (39) units as having fulfilled the CSU lower division General Education requirements. No more than thirty (30) semester units may be certified for areas B through D combined. It is required that the students complete all of Area A and B3 with grades of “C” or better prior to transfer. A class taken at another accredited institution may be included in Cuesta’s certification if the class would have been certified at the other institution. At Cuesta, ASSIST is used to provide accurate data about articulation agreements, thus reducing the possibility of students receiving incorrect information. Visit ASSIST at http://www.assist.org.

**GENERAL EDUCATION CERTIFICATION**

Applications for General Education certifications can be obtained in the Admissions and Records Office. To be fully certified, students must complete 9 units in each area of A, B, C, and D, and 3 units in area E.

**DISTRIBUTION OF COURSES**

The following courses are applicable to the General Education requirements that may be certified by Cuesta College. They must be distributed as follows ( p = course prerequisite).

**AREA A: COMMUNICATION IN THE ENGLISH LANGUAGE**

A minimum of nine (9) semester units is required to satisfy the CSU General Education requirements in this area. Included are courses that involve one, or all, of the following: oral communication, written communication, critical thinking, and consideration of common fallacies in reasoning. Cuesta College will certify a maximum of nine (9) units in this area. Area A must be completed with a grade of “C” or better prior to transfer.

**AREA B: PHYSICAL UNIVERSE, LIFE FORMS AND MATHEMATICAL CONCEPTS**

A minimum of nine (9) units is required. Choose one (1) course each from B1, B2, and B3. At least one lab course is required in B1 or B2 area.

**Required from the following courses:**

**Required Courses**

- SPCH 1A Public Address (3)
- SPCH 10 Small Group Discussion (3)
- *SPCH 15 Argumentation and Debate (3)

**Course cannot be double counted.**

**[A1] SPEECH**

<table>

- *3A History of World Civilization (3)
- *3B History of World Civilization (3)

**Philosophy**
- 5 Introduction to the Bible (3)
- 6 Introduction to Philosophy (3)
- 9 World Religions (3)
- 12 Philosophical Classics in Theory of Reality (3)
- 13 Philosophical Classics in Ethics and Social Philosophy (3)

**Sign Language**
- 15A Beginning American Sign Language (3)
- 15BP Intermediate American Sign Language (3)

*Course(s) cannot be double counted*

**Area D: Social, Political, and Economic Institutions**

A minimum of nine (9) semester units is required. Choose one course from D1, D2, and D3:

**Required Courses**

[D1] **U.S. History**
- HIST 7A History of the U.S. (3)
- HIST 7B History of the U.S. (3)

[D2] **Political Science**
- POLSCI 2 Government of the U.S. (3)
  *(Prior to Fall 2004 GOV 2)*

The above courses satisfy the United States History, Constitution, and American Ideals requirement (California Education Code, Title 5, Section 40404). However, certain CSU campuses will not allow them to be counted under the General Education requirements. Students should check the General Education requirements of the CSU campus to which they plan to transfer to determine whether “double counting” is allowed.
Select one (1) course from the following:

Anthropology
1. Physical Anthropology (3)
2. Archaeology (3)
3. Cultural Anthropology (3)
20. California Indians (3)
25. Contemporary Culture of the World (3)

Early Childhood Education
2. The Child, Family and Community (3)

Economics
1A*. Principles of Economics (3)
11. Global Economics (3)

Family Studies
2. The Child, Family and Community (3)
14. Marriage and Family Relations (3)

Geography
1. Physical Geography (3)
2. Cultural Geography (3)

History
*3A. History of World Civilization (3)
*3B. History of World Civilization (3)
4A. History of Western Civilization (3)
4B. History of Western Civilization (3)
*7A. History of the U.S. (3)
*7B. History of the U.S. (3)
8A. History of Latin America (3)
8B. History of Latin America (3)
10. History of California (3)
12. History of the Mexican-American (3)
19. History of the Far East (3)
33. Afro-American History (3)
35. The History of African Civilization (3)
39. The History of the Role of Women (3)

* Course(s) cannot be double counted

Leagl
17. Introduction to Law (3)

Political Science (Prior to Fall 2004 Government)
1. Introduction to Political Science (3)
4. World Politics (3)
5. Law and Politics: Introduction to Legal Controversies (3)
6. Comparative Government (3)
9. Introduction to Political Theory (3)

Sociology
1A. Introduction to Sociology (3)
1B. Social Institutions (3)
2. Social Problems (3)

Speech Communication
12. Intercultural Communication (3)

**AREA E: LIFELONG UNDERSTANDING AND SELF DEVELOPMENT**

A minimum of three (3) semester units is required to satisfy the CSU General Education requirement in this area. Included in this area are classes designed to equip people for lifelong understanding and development of themselves as integrated physiological and psychological entities. Cuesta will certify a maximum of three (3) units in this area. Select three (3) units from the following courses:

Academic Skills (Prior to Spring 2004 Learning Skills 102)
25. College Success (3)

Dance
55. Ballet (0.5-1)
56. Jazz Dance (0.5-1)
58. Dance Choreography and Performance (2)

Physical Education Activity (1) (no more than one activity class may be included)

Family Studies
12. Human Development Life Span (3)
15. Developmental Patterns of Women (3)
16. Parenting (3)
18. Human Sexuality (3)
20. Introduction to Gerontology (3)

Health Education
2*. Health Education (3) or
3*. Women’s Health Issues (3) or
8*. Multicultural Health (3)
6. Health Aspects of Drug Use (3)

*Plus one physical education activity if taken prior to Fall 2000.

Leagl
17. Introduction to Law (3)

Political Science (Prior to Fall 2004 Government)
1. Introduction to Political Science (3)
4. World Politics (3)
5. Law and Politics: Introduction to Legal Controversies (3)
6. Comparative Government (3)
9. Introduction to Political Theory (3)

Nutrition
10. Nutrition (3)

Psychology
1A. Introductory Psychology (3)
6. Introduction to Social Psychology (3)
35. Psychological Principles of Communication (3)

Sociology
6. Minority Group Relations (3)

Note: Additions to the General Education Breadth Pattern can be located on the ASSIST web site at http://www.assist.org.
ADMISSION AS A TRANSFER STUDENT TO THE CSU SYSTEM

Admission as a transfer student to a CSU campus is subject to change. Check with Counseling Services for confirmation.

A student will qualify for admission as a transfer student if the student has a grade point average of 2.0 or better in all transferable units attempted, was in good standing at the last college attended, and meets the following standards:

1. Was eligible as a freshman, or
2. Was eligible as a freshman except for the college preparatory subjects in English and mathematics and has satisfied the subject deficiencies, or
3. Has completed sixty (60) transferable semester units and has satisfied any deficiencies in college preparatory English and mathematics (non-residents must have a grade point average of 2.4 or better).

The CSU campuses are:

- Bakersfield
- Cal Poly Pomona
- Cal Poly San Luis Obispo
- Channel Islands
- Chico
- Dominguez Hills
- California Maritime Academy
- Fresno
- Fullerton
- East Bay (formerly Hayward)
- Humboldt
- Long Beach
- Los Angeles
- Monterey Bay
- Northridge
- Sacramento
- San Bernardino
- San Diego
- San Francisco
- San Jose
- San Marcos
- Sonoma
- Stanislaus
Course requirements vary from one UC campus to the next. Therefore, students should work with a counselor to first select a particular UC campus to formulate a strategy for completing that campus’ admissions requirements, major requirements, and general education requirements. Students should consult the catalog of the UC campus of their choice to find out specific details regarding transfer, major, and breadth requirements.

Students in this category must:

A. Complete 60 semester units or 90 quarter units of transferable college course work with a grade point average of at least 2.40, and

B. Complete a course pattern requirement (with at least a “C” grade in each course) to include:
   1. Two transferable college courses (3 semester or 4-5 quarter units each) in English composition: English 1A and English 1C; and
   2. One transferable college course (3 semester or 4-5 quarter units) in Mathematical Concepts and Quantitative Reasoning; and
   3. Four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: Arts and Humanities; Social and Behavior Sciences; or Physical and Biological Sciences. The Intersegmental General Education Transfer Curriculum (IGETC) will satisfy the above new requirements.

Students who did not satisfy the Subject Requirement based on their high school record must take transferable college courses in the subjects they are missing, earn a grade of “C” or better in each course, and earn an overall “C” (2.0) average in all transferable college course work.

Students who met the Subject and Scholarship Requirements from high school, but who did not meet the Examination Requirement (SAT/ACT), must complete a minimum of 12 semester (18 quarter) units of transferable work and earn an overall “C” (2.00) average in all transferable college course work. Students need not take the examinations required of freshmen.

**Eleanor Roosevelt & Revelle do not accept IGETC.**
INTERSEGMENTAL GENERAL EDUCATION
TRANSFER CURRICULUM (IGETC)

Students are advised to contact a Cuesta counselor regarding changes to the UC admissions requirements, changes to the Intersegmental General Education Transfer Curriculum (IGETC) pattern, and changes to the “pass-along” policy.

Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University or the University of California system without the need, after transfer, to take additional lower division, general education courses to satisfy campus general education requirements. The course requirements for all areas must be completed before IGETC can be certified. Applications for IGETC certification are available in the Admissions and Records Office. Official transcripts must be on file before applying for IGETC certification. UC transfers must complete all subject areas prior to transferring to the UC system.

IGETC is subject to change and it is the student’s responsibility to check with Counseling Services and the Transfer Center regarding the current status of IGETC. Cuesta will “pass along” coursework from other accredited colleges excluding UCs. See Counseling Services for details. For updates to the IGETC list visit the ASSIST web site at http://www.assist.org.

All courses must be completed with grades of “C” or better.
1 Indicates courses that may be counted in one area only.
2 Indicates that transfer credit may be limited by either UC or CSU or both. Consult with a counselor for additional information.
L Designates courses with a laboratory.

AREA 1 – ENGLISH COMMUNICATION

For CSU, three (3) courses required, one (1) from each group below, three (3) semester units; for UC, two (2) courses required, one (1) from Group A and B.

Group A: English Composition
1 Course (4 semester units)
English 1A English Composition (4)

Group B: Critical Thinking - English Composition
1 Course (3 semester units)
English 1C Critical Thinking and Composition (3)

Group C: Oral Communication (CSU Requirement Only)
1 Course (3 semester units)
Speech 1A Public Address (3)

AREA 2 – MATHEMATICAL CONCEPTS AND QUANTITATIVE REASONING

1 course (3 semester units)
Math 322 College Algebra (3)
Math 362 Introduction to Applied Statistics (3)
Math 422 Precalculus Algebra (5)
Math 45 Finite Mathematics (3)
Math 472 Introduction to Statistics (4)
Math 492 Statistics for Business (5)
Math 552 Calculus for Business & Management (3)
Math 632 Precalculus Mathematics (5)
Math 65A2 Analytic Geometry & Calculus (5)
Math 65B Analytic Geometry & Calculus (5)
Math 83 Calculus (4)
Math 85 Differential Equations (4)
Math 87 Linear Analysis (5)

AREA 3 - ARTS AND HUMANITIES

At least 3 courses, 1 course from Arts, 1 course from Humanities and the third course from either area (9 semester units).

Arts
Art 100 Art Appreciation (3)
Art 103 Survey of Art History: Old Stone Age through Gothic (3)
Art 104 Survey of Art History: Renaissance through 19th Century (3)
Art 105 Survey of Art History: 20th Century (3)
Art 106 Survey of Art History: Non-Western Art (3)
Dance 50 Dance History (3)
Dance 52 Dance Culture (3)
Drama 5 Introduction to Dramatic Literature (3)
Drama 62 Theater Appreciation (3)
Drama 18 Main Styles in Film (3)
Music 35 Music Appreciation: Classical Music (3)
Music 37 Music Appreciation: American Popular Music (3)
Music 38 Music Appreciation: Jazz History (3)

Humanities
English 1B English Composition: Introduction to Literature (3)
English 5 Introduction to Poetry (3)
English 6 Introduction to the Novel (3)
English 7 Introduction to the Short Story (3)
English 8 Introduction to Drama (3)
English 12A American Literature (3)
English 12B American Literature (3)
English 13 Multicultural Voices in American (3)
English 15 Shakespeare (3)
English 16 Literature and Film (3)
English 17 Literature by Women (3)
English 44A European Literature (3)
INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

English 44B  European Literature (3)
English 46A  Survey of British Literature (3)
English 46B  Survey of British Literature (3)
*History 3A  History of World Civilization (3)
*History 3B  History of World Civilization (3)

NOTE: Additions to the IGETC list can be located on the ASSIST web site at [http://www.assist.org](http://www.assist.org).

### GRADUATION REQUIREMENT IN U.S. HISTORY, CONSTITUTION AND AMERICAN IDEALS

Courses used to meet this requirement may not be used to satisfy requirements for IGETC, but may be completed prior to transfer.

Six (6) units, one (1) course from #1 and one (1) course from #2.

1. History 7A or 7B
2. Political Science 2 (Prior to Fall 2004 Government 2)
ACADEMIC SKILLS - ACASK

5 ACADEMIC SUPPORT LABORATORY (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Non-Applicable

Provides students with specialized programs designed to improve basic skills in reading, spelling, grammar, vocabulary, mathematics, study skills, and English as a Second Language. Students work independently and at their own pace using computers, audio-tutorial tapes, and supplemental materials. Laboratory time is arranged with the instructor. Course may be taken 4 times.

10 TEST PREPARATION: OCCUPATIONAL (1.0)
6.0 hours lecture per week*
Associate Degree Applicable

Prepares prospective employees to successfully take the necessary placement test or qualifying examination to apply for employment in a variety of occupations, such as the psychiatric technician placement test and the civil service examination. The specific content, skills, knowledge, and the most appropriate test-taking approaches will be included to build confidence, and reduce uncertainty, confusion, and test anxiety. The goal is to maximize each individual’s potential to achieve the highest possible score on the placement test or qualifying examination.

15 ADJUNCT STUDY SKILLS (0.5)
1.5 hours laboratory per week
Associate Degree Applicable

Learn, practice, and apply time management, textbook reading, critical thinking, note taking, and test taking skills to specific content courses through combining small group collaborative instruction and individualized lab modules covering study skills appropriate to various content courses.

20 LEARNING ESSENTIALS FOR COLLEGE SURVIVAL (1.5)
3.0 hours lecture per week
Associate Degree Applicable

Presents essential study methods that promote college success. Including, but not limited to; managing and maximizing learning and study time; critical thinking; levels of comprehension; understanding textbooks and other written material; active listening and notetaking strategies; test preparation: synthesizing and reviewing course content; test taking strategies; and campus resources. Course may be taken 4 times.

25 COLLEGE SUCCESS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

A comprehensive course that integrates personal growth and values, academic study strategies, and critical and creative thinking proficiency. This survey course focuses on life management, learning styles, personal and educational values, time management, instructor-student relations, maintaining health, memory and concentration, lecture note-taking, textbook studying, subject-specific studying, test taking, using the library, critical analysis, problem solving, and creative thinking. Emphasis is on the attainment of life-long success in academic, professional and personal development.

Transfer: CSU; UC.

27 TEST AND PERFORMANCE ANXIETY (1.5)
3.0 hours lecture per week*
Associate Degree Applicable
Advisory: ENGL 56

Explores the relationship between the physiological, psychological, and emotional responses to test and performance anxiety. Course investigates the theories of stress and anxiety and offers guided practice in the cognitive, meditative, and biofeedback-aided techniques to manage anxiety while taking a test, succeeding in math, giving a speech, and/or competing in a sports event.

Transfer: CSU.

30A INTRO PHONETIC FOUNDATIONS FOR READING AND SPELLING (3.5)
4.5 hours per week: (3.0 hours lecture, 1.5 hours laboratory)
Associate Degree Non-Applicable

Develops an awareness of sound identity and sequence in words. Promotes the ability to use single-syllable word attack generalizations and introduces multi-syllable concepts. Features multi-sensory and discovery learning. Designed for students with learning disabilities. Contact the instructor as soon as you enroll to schedule the required 1.5 weekly lab hours.

30B ADVANCED PHONETIC FOUNDATIONS FOR READING AND SPELLING (3.5)
4.5 hours per week: (3.0 hours lecture, 1.5 hours laboratory)
Associate Degree Non-Applicable

Continues to develop phonemic awareness and self-correction skills. Teaches multi-syllable word attack generalizations, prefixes, suffixes, and strategies for visual memory and proofreading. Continues to use multi-sensory and discovery learning. Contact the instructor as soon as you enroll to schedule the required 1.5 weekly lab hours.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
32 **READING COMPREHENSION** (1.0 to 2.0)
2.0 hours lecture per week
Associate Degree Non-Applicable

Designed for students who have difficulty understanding and remembering what they read. Includes progressive instruction in sentence, paragraph, essay, and textbook chapter comprehension. An appointment with a Disabled Student Programs and Services faculty member prior to enrollment is strongly advised. Course may be taken 3 times.

34 **BUILDING READING ESSENTIALS** (3.0)
3.0 hours lecture per week
Associate Degree Non-Applicable

Promotes review, improvement, and development of the basic reading skills needed to be prepared for ACASK 36: Reading Essentials. This preparation includes the skills fundamental to effective reading and clear thinking by increasing vocabulary through word attack skills, by analyzing the structure of written material through identifying stated and implied main ideas, by discerning the relationships of supporting details, and by valid inferences. Active reading strategies are stressed for optimal comprehension. Course may be taken 2 times.

36 **READING ESSENTIALS** (3.0)
3.0 hours lecture per week
Associate Degree Non-Applicable

Advisory: ACASK 34 or qualified score on the Cuesta College Assessment Test

Promotes understanding and retention of textbook information. Explores myths and misconceptions of the reading process and facilitates increased reading efficiency. Promotes interpretive and application skills of comprehension and develops vocabulary through the integration of content area materials.

47 **INDEPENDENT STUDIES: ACADEMIC SKILLS** (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable

Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken. Advisory: Eligibility for ENGL 56

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of tutor training or disability research. Course may be repeated 4 times (only if each time has a different topic emphasis). Transfer: CSU.

50 **WRITING FUNDAMENTALS** (3.0)
3.0 hours lecture per week
Associate Degree Non-Applicable

Presents the sequential development of writing, beginning with sentence structure, grammar and mechanics. Practice is provided in creating a topic sentence, pre-writing, writing and revising whole paragraphs. Particular attention is paid to focusing on the topic and providing adequate support for main idea statement. Critical thinking and organizational skills are developed through mapping and brainstorming techniques for writing logical and well structured paragraphs. A multisensory approach to the writing process is emphasized to ensure success for the learning disabled student with processing deficits. An appointment with a Disabled Student Programs and Services faculty member prior to enrollment is strongly advised. Course may be taken 4 times.

55 **SPELLING ESSENTIALS** (3.0)
3.0 hours lecture per week
Associate Degree Non-Applicable

Advisory: Eligibility for ENGL 56

Introduces techniques for improving spelling competence with emphasis on understanding and analyzing spelling errors.

58 **GRAMMAR ESSENTIALS** (1.5)
3.0 hours lecture per week
Associate Degree Non-Applicable

Focuses on the basic grammar, punctuation, and usage skills essential for effective writing. Course may be taken 4 times.

75 **ARITHMETIC FUNDAMENTALS** (4.0)
4.0 hours lecture per week
Associate Degree Non-Applicable

Provides a basic arithmetic and math study skills course for students who have a history of difficulties in mathematics. This course uses alternative and active approaches for learning the concepts and skills of place value, basic operations, fractions, decimals, percentages, word problems, learning styles, and math study strategies. Course may be taken 2 times.

93 **ACADEMIC SKILLS SPECIAL TOPIC** (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
99  SUPERVISED TUTORING  (0.0)
1.0 hours laboratory per week
Prerequisite: Enrollment in a Cuesta College credit course and referral by a counselor and/or instructor

Provides students one-to-one and small group tutoring in basic skills and content area courses. Includes assessment of study skills, exam reviews and study sessions. Repeatable.

101  COMPUTER ACCESS EVALUATION  (0.5)
0.5 hours lecture per week
Associate Degree Non-Applicable

Provides a diagnostic evaluation to determine whether the student possesses the necessary skills to benefit from participation in the Assistive Technology Center for the Disabled. Evaluation areas include cognitive processing abilities, keyboard access, general mobility and seating, educational or vocational goals.

104  ADAPTED STUDIES: LECTURE  (1.0 to 2.0)
2.0 hours lecture per week
Associate Degree Non-Applicable

Presents curricula and instruction, not available in other courses in a lecture format, to meet identified special learning needs of disabled students. May include advanced training in comprehension, phonetics, computer-assisted instruction, or other specialized topics. An appointment with a Disabled Student Programs and Services faculty member prior to enrollment is strongly advised.
Course may be taken 4 times.

107  ADAPTED STUDIES: LABORATORY  (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Non-Applicable

Presents individualized curricula and instruction to meet identified special learning needs of disabled students. May include computer assisted instruction, audiotutorial programs, individual assignments, or tutoring in specialized topics. An appointment with a Disabled Student Programs and Services faculty member prior to enrollment is strongly advised.
Course may be taken 4 times.

110  KEYBOARDING FOR COMPUTER ACCESS  (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Non-Applicable

Provides keyboarding basics to students with disabilities. Incorporates adaptive technologies into the context of computer tutorials.
Course may be taken 2 times.

113  COMPUTER ACCESS: ADAPTED WORD PROCESSING  (1.0)
3.0 hours per week: (1.5 hours lecture, 1.5 hours laboratory)
Associate Degree Non-Applicable
Advisory: Ability to type 15 words per minute

Presents a 9-week basic word processing course. Emphasizes assistive hardware and software (speech synthesizers, screen enlargers, spell-checkers, keyboard alternatives) and beginning word processing skills (editing, saving, printing, formatting, file management). Designed for students with verified disabilities. Course may be taken 2 times.

119  INTRODUCTION TO COMPUTERS USING ASSISTIVE TECHNOLOGY  (3.0)
3.0 hours lecture per week
Associate Degree Non-Applicable

An introduction to computers designed for students with disabilities. Discusses the history of the personal computer as well as how it relates to students with disabilities. Students will also learn about the components that make up a personal computer and relevant information which will enable them to create an ideal computer system for themselves.
Course may be taken 4 times.

122  INTRODUCTION TO THE INTERNET USING ASSISTIVE TECHNOLOGY  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Non-Applicable

An introduction to the Internet designed for students with disabilities. Discusses the Internet as well as how it relates to students with disabilities. Students will also learn about the components that make up the Internet and relevant information, which will allow them to search on the Internet with the latest search engines. New technologies affecting the Internet will also be discussed and used in context to the educational setting.
Course may be taken 4 times.

125  COMPUTER ACCESS: ADAPTED WORD PROCESSING I  (2.0)
3.0 hours per week: (1.5 hours lecture, 1.5 hours laboratory)
Associate Degree Non-Applicable
Advisory: Ability to type 20 words per minute (depending upon nature of disability)

Introduces the use of microcomputer access technologies for students with physical or learning disabilities within the context of word processing.
Course may be taken 2 times.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.

<td>DIAGNOSTIC TESTING FOR LEARNING DISABILITY</td>
<td>0.5</td>
<td>Assesses eligibility for Disabled Student Programs and Services according to California Community College Title V regulations. Develops an Individual Educational Plan (IEP). Provides placement recommendations, support, and counseling. An appointment with a Disabled Student Programs and Services faculty member prior to enrollment is strongly advised.</td>
</tr>
<tr>
<td>147</td>
<td>INDEPENDENT STUDIES: ACADEMIC SKILLS</td>
<td>0.5 to 2.0</td>
<td>Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of learning skills under the direction of an instructor. An appointment with a Disabled Student Programs and Services faculty member is strongly advised. Course may be repeated 4 times (only if each time has a different topic emphasis).</td>
</tr>
<tr>
<td>168</td>
<td>TUTOR TRAINING: SELECTED TOPICS</td>
<td>0.5 to 1.0</td>
<td>Provides specialized information and guided practice in designated topics or projects. Tutors gain expertise in subject areas not offered in other tutor training courses. An appointment with the Tutorial Services Coordinator prior to enrollment is strongly advised.</td>
</tr>

AG TECHNOLOGY - AGTECH

5 VINEYARD PRUNING (0.5)
9.0 hours lecture per week*
Associate Degree Applicable

Presents theory and field practice of pruning head, cane, and cordon vines. Includes training of young and mature vines.

10 PROPAGATION TECHNIQUES (0.5)
9.0 hours lecture per week*
Associate Degree Applicable

Presents rootstock and “T” budding of older vines to change varieties. Examines pros and cons of various propagation techniques used in vineyards. Covers care of vines following budding.

15 VINEYARD IRRIGATION AND FERTILIZATION (1.0)
6.0 hours lecture per week*
Associate Degree Applicable

Studies rootstocks and phylloxera concerns, water and nutrition needs, water application techniques, irrigation and fertilizer injection systems.

20 VINEYARD CANOPY MANAGEMENT (1.0)
9.0 hours lecture per week*
Associate Degree Applicable

Studies the latest techniques in developing trellis systems to improve both grape and wine quality.

30 BASIC VITICULTURE (1.0)
3.0 hours lecture per week*
Associate Degree Applicable

Basic principles of plant growth, physiology, and anatomy as they pertain to grapevines. Fundamentals of irrigation, fertilization, and pest management will be discussed.

35 PEST CONTROL MANAGEMENT UPDATE (0.5)
9.0 hours lecture per week*
Associate Degree Applicable

Presents lectures in entomology and related subjects in pest control management. Also provides update training for persons with a pest control license. Course may be taken 4 times.

40 SOIL FERTILITY AND QUALITY IN CENTRAL COAST VITICULTURE (0.5)
9.0 hours lecture per week*
Associate Degree Applicable

Presents basic soil science and soil quality issues needed in growing wine grapes in the Central Coast wine growing region. The focus is on soil textures, soil fertility, soil quality and estimating the available water holding capacities. Soil profiles and other essential soil properties will be investigated by using backhoe pits.

93 AGRICULTURE TECHNOLOGY SPECIAL TOPIC (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.
## ANTHROPOLOGY - ANTH

### 1 PHYSICAL ANTHROPOLOGY (3.0)
3.0 hours lecture per week  
Associate Degree Applicable  
*Advisory: ENGL 56*

Presents an introduction to, and history of, evolutionary theory, its application to human evolution, humans' relationship to primates, and the significance of racial differences.  
*Transfer: CSU; UC. (CAN ANTH 2)*

### 1L PHYSICAL ANTHROPOLOGY LABORATORY (1.0)
3.0 hours laboratory per week  
Associate Degree Applicable  
*Corequisite: ANTH 1*

Utilizes the hands-on laboratory approach in studying primatology, osteology, dentition, genetics and human variation. Both fossil and contemporary will be studied.  
*Transfer: CSU; UC.*

### 2 ARCHAEOLOGY (3.0)
3.0 hours lecture per week  
Associate Degree Applicable  
*Advisory: ENGL 56*

Presents an introduction to archaeological theory and concepts, as well as an overview of both New and Old World archaeology.  
*Transfer: CSU; UC. (CAN ANTH 6)*

### 3 CULTURAL ANTHROPOLOGY (3.0)
3.0 hours lecture per week  
Associate Degree Applicable  
*Advisory: ENGL 56*

Presents an introduction to the concepts of cultural anthropology, different perspectives for the study of culture and their application. Primitive cultures are studied both as they existed before contact with Western civilization and as they are today.  
*Transfer: CSU; UC. (CAN ANTH 4)*

### 20 CALIFORNIA INDIANS (3.0)
3.0 hours lecture per week  
Associate Degree Applicable  
*Advisory: ENGL 56*

Presents a history of the California Indians, including their prehistory, the Indians at the time of European contact, the Spanish period, the early Anglo-American period, and the Indians today.  
*Transfer: CSU; UC.*

### 21 NORTH AMERICAN INDIANS (3.0)
3.0 hours lecture per week  
Associate Degree Applicable  
*Advisory: ENGL 56*

Studies the North American Indians, including their lifestyle at the time of contact, their reactions to European contact, and the Indians at present.  
*Transfer: CSU; UC.*

### 25 CONTEMPORARY CULTURES OF THE WORLD (3.0)
3.0 hours lecture per week  
Associate Degree Applicable  
*Advisory: ENGL 56*

Studies the ways of life of people in different regions of the world, including Latin America, Middle East, East Asia, and Africa. Beliefs, values, and other social characteristics such as family, economics, and religion will be studied.  
*Transfer: CSU; UC.*

### 47 INDEPENDENT STUDIES: ANTHROPOLOGY (0.5 to 2.0)
6.0 hours laboratory per week  
Associate Degree Applicable  
*Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken*

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of anthropology under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).  
*Transfer: CSU; UC.*

---

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
ARCHITECTURE - ARCH

101  SURVEY OF ARCHITECTURAL EDUCATION AND PRACTICE  (1.5)
1.5 hours lecture per week
Associate Degree Applicable

Exploration of the major paradigms which have guided the development of architectural education and the profession. Survey of the roles of the architects and an introduction to curricula and programs designed to prepare students for careers in architecture.

Transfer: CSU; UC.

102  INTRODUCTION TO ARCHITECTURE AND ENVIRONMENTAL DESIGN  (1.5)
1.5 hours lecture per week
Associate Degree Applicable

Introduces the professional fields of architecture, engineering, city planning, construction and landscape design. Includes the design process and development as a basis for architectural analysis. This course is not taught at Cuesta College, but may be taken at Cal Poly through concurrent enrollment.

Transfer: CSU; UC.

110  ARCHITECTURAL DESIGN & PRESENTATION COMPUTER GRAPHICS  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CIS 10 or equivalent and completion of or concurrent enrollment in ARCH 111

Introduces computer design and presentation skills for architecture students including image editing, page layout, and 3D modeling.

Transfer: CSU.

111  DESIGN AND VISUAL COMMUNICATION I  (4.0)
8.0 hours per week: (2.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable

Presents principles, concepts, methods and skills pertaining to freehand and drafted drawings employing orthographic, axonometric, oblique and lineal perspective drawing systems to represent ideas, objects and environments. Includes principles and concepts of two- and three-dimensional visual design. Covers basic color theory principles, concepts and application; basic physical model building concepts and skills; shadow casting principles, conventions and techniques for orthographic, axonometric, oblique and perspective drawing systems.

Transfer: CSU; UC.

112  DESIGN AND VISUAL COMMUNICATION II  (4.0)
8.0 hours per week: (2.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ARCH 111 and Completion of or concurrent enrollment in ARCH 110

Continuation and extension of the content and issues introduced in ARCH 111, plus the principles, concepts, methods and skills pertaining to the freehand, drafted and digital visualization and communication of quantitative and qualitative information to support analysis and conceptualization.

Transfer: CSU; UC.

113  ARCHITECTURAL PORTFOLIO PRESENTATION  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ARCH 111
Advisory: Concurrent enrollment in ARCH 252

Prepares students with skills and resources needed to present work in a consistent and unified portfolio for job procurement and transfer credit. This studio based design course focuses on the development of a professional architectural portfolio representing student architectural design, model making and visual communication skills.

Transfer: CSU; UC.

115  ARCHITECTURAL MODEL MAKING  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ARCH 111 and CTECH 50
Advisory: Completion of or concurrent enrollment in ARCH 112, ARCH 231, or high school drafting

Introduces basic concepts and creation of 3D scaled material architectural models for visual representation and communication of architectural design.

Course may be taken 4 times.

Transfer: CSU.

207  ARCHITECTURAL ENVIRONMENT CONTROL SYSTEMS  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: PHYS 5B
Advisory: Completion of or concurrent enrollment in ARCH 252

Introduces the theory and application of climate, energy use and comfort as determinates of architectural form. Includes architectural methods of ventilating, cooling, heating, and lighting for envelope-load dominated buildings. Acceptable for credit, CSU, (credit based on portfolio review).

Transfer: CSU.
220  GREEN BUILDING DESIGN WITH LEED TRAINING  (1.0)
1.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ARCH 207, ARCH 231, CTECH 50, or comparable professional experience

Introduces Green Building Design and prepares architecture students and design and construction professionals for LEED accreditation with an introduction to the U.S. Green Building Council LEED Rating System, green building design fundamentals, and industry resources, processes and strategies for green design.
Transfer: CSU.

230  ARCHITECTURAL COMPUTER AIDED DRAFTING AND DESIGN  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: ARCH 231

Presents the use of computer aided drafting and design software as a tool for generating construction drawings, 3D modeling and design presentations. This course provides an introduction to the use of Architectural Desktop and 3D Studio VIS as it applies to architectural practice.
Transfer: CSU.

231  INTRODUCTION TO ARCHITECTURAL PRACTICE  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CTECH 50 and ARCH 111

Introduces wood construction methods, processes, and their documentation.
Transfer: CSU.

251  ARCHITECTURAL DESIGN FUNDAMENTALS I  (5.0)
9.0 hours per week: (3.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ARCH 112

Presents theories, principles, methods and means of creative problem solving, two- and three-dimensional visual organizations to communicate concepts and meanings, basic verbal and visual communication skills, analysis of the built environment with emphasis on the creation and interrelationship of architectural form, function and light.
Transfer: CSU; UC.

252  ARCHITECTURAL DESIGN FUNDAMENTALS II  (5.0)
9.0 hours per week: (3.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ARCH 251
Advisory: Completion of or concurrent enrollment in ARCH 113 and ARCH 207

Continuation of theories, principles, methods and means of creative problem solving, two- and three-dimensional visual organizations to communicate concepts and meanings, basic verbal and visual communication skills, analysis of the built environment with emphasis on the creation and interrelationship of architectural form, function, structure and context.
Transfer: CSU; UC.

254  ADVANCED ARCHITECTURAL GRAPHIC COMMUNICATION  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ARCH 111 and ARCH 112
Advisory: ARCH 251

Presents advanced architectural presentation drawing and graphic communication skills with emphasis on representing quantitative and qualitative information, ideas, and concepts with freehand sketching and drawing techniques. Includes abstract diagramming, the use of color and the design of two-dimensional graphic communications with direct application in a community design charrette.
Course may be taken 4 times.
Transfer: CSU.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
**ART**

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*

**93  ART SPECIAL TOPIC* (0.5 to 4.0)

Examines a special topic in the field of study related to the discipline offering this course.

**100  ART APPRECIATION (3.0)**

3.0 hours lecture per week
Associate Degree Applicable
**Advisory: Eligibility for ENGL 56**

Introduces the form, content, and media of the visual arts. Overview of artistic methods, materials, and language, exploring cultural and historical significance. Presents major art movements and styles including prehistoric to contemporary. **Transfer: CSU; UC.**

**103  SURVEY OF ART HISTORY: OLD STONE AGE THROUGH GOTHIC (3.0)**

3.0 hours lecture per week
Associate Degree Applicable
**Advisory: Eligibility for ENGL 1A**

Presents the first of a three-semester course in the history of Western art. Includes cultural and historical background of Prehistoric (Paleo-lithic and Neolithic periods), Ancient Near Eastern, Egyptian, Aegean, Greek, Roman, and Medieval art traditions. Discusses and compares the cultural background of each of these artistic traditions. **Transfer: CSU; UC. (CAN ART 2)(ART 103 + ART 104 + ART 105 = CAN ART SEQ A)**

**104  SURVEY OF ART HISTORY: RENAISSANCE THROUGH 19TH CENTURY (3.0)**

3.0 hours lecture per week
Associate Degree Applicable
**Advisory: Eligibility for ENGL 1A**

Presents the second of a three-semester course in the history of Western art. Includes cultural and historical background of the Renaissance, Baroque, Rococo, Neo-Classic, Romantic, Realist, Impressionist, and Post-Impressionist periods of art. **Transfer: CSU; UC. (ART 103 + ART 104 + ART 105 = CAN ART SEQ A)(ART 104 + ART 105 = CAN ART 4)**

**105  SURVEY OF ART HISTORY: MODERNISM AND POST-MODERNISM (3.0)**

3.0 hours lecture per week
Associate Degree Applicable
**Advisory: Eligibility for ENGL 1A**

Presents an overview of the art movements, artists and issues of Modernism and Post-Modernism. This includes art from the mid-nineteenth century, through the twentieth century and contemporary art. Includes the social, political, and aesthetic context of the time. **Transfer: CSU; UC. (ART 103 + ART 104 + ART 105 = CAN ART SEQ A)(ART 104 + ART 105 = CAN ART 4)**

**106  SURVEY OF ART HISTORY: NON-WESTERN ART (3.0)**

3.0 hours lecture per week
Associate Degree Applicable
**Advisory: Eligibility for ENGL 1A**

Surveys the art traditions of African, Asian, Native American, Pre-Columbian, and other non-Western cultures as expressions of their religions and philosophies. Compares non-Western to Western art to reveal cross-cultural influences and explains the diversity of 20th century art. **Transfer: CSU; UC.**

**119  ART ISSUES SEMINAR (1.0)**

1.0 hours lecture per week
Associate Degree Applicable
**Advisory: ENGL 56**

Presents lectures and discussions concerning a specific topic in contemporary or historical art issues or theory. Provides the opportunity for an in-depth study and analysis of individual artists, art works, movements and contemporary trends in art making and criticism. Course may be taken 3 times. **Transfer: CSU.**

**120  FUNDAMENTALS OF 2-D DESIGN (3.0)**

6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Introduces the basic design elements and principles common to all visual art forms. Provides studio experience in the practical application of design and color theory through creative assignments. **Transfer: CSU; UC. (CAN ART 14)**
121 BEGINNING DRAWING (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Presents an overview of the art of drawing in an historical and contemporary context by introducing the basic practice and theories of drawing as a fine art. It introduces basic elements and principles of design, a variety of drawing media, and the use of drawing as a personal means of visual expression and communication.

Transfer: CSU; UC. (CAN ART 8)

122 INTERMEDIATE DRAWING (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 121

Continues ART 121 with an emphasis on composition and content.
Course may be taken 2 times.
Transfer: CSU; UC.

123 LIFE DRAWING (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 122

Presents the fundamentals of anatomy and representation of the human form in various attitudes and movements. The skeleton and live models will be used.

Transfer: CSU; UC.

124 INTERMEDIATE LIFE DRAWING (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 123

Continues ART 123 with an emphasis on personal interpretation and the use of the figure in composition.
Course may be taken 3 times.
Transfer: CSU; UC.

130 BEGINNING PAINTING (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 120 and ART 121

Introduces basic painting techniques, methods, materials and language, including color mixing, brushwork, and composition.
Transfer: CSU; UC.

131 INTERMEDIATE PAINTING (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 130

Presents a continuation of ART 130 with an emphasis on contemporary issues in painting. Composition and content is also stressed.
Course may be taken 4 times.
Transfer: CSU; UC.

132 WATERCOLOR PAINTING (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 120 and ART 121

Explores the fundamental techniques and creative use of aqueous media in painting on paper.
Transfer: CSU; UC.

133 INTERMEDIATE WATERCOLOR PAINTING (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 132

Continues ART 132 with an emphasis on problem-solving, composition and development of personal style.
Course may be taken 3 times.
Transfer: CSU; UC.

134 FIGURE PAINTING (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 123 and ART 130
Advisory: ART 124 and ART 131

Introduces the fundamentals of painting from the human figure, the creative use of various painting media, and the figure in context.
Course may be taken 4 times.
Transfer: CSU; UC.

140 INTRODUCTION TO PRINT MEDIA (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Introduces a variety of print media including traditional historical printmaking practices such as relief, etching, and stencil. Includes contemporary print media such as photocopy, offset lithography, computer generated images and artists’ books. Presents the art of printmaking in an historical and contemporary context.
Transfer: CSU; UC.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
141 ETCHING  
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: ART 121  

Offers instruction and studio practice in etching and related intaglio printmaking techniques as well as the designing of images appropriate to these techniques. Course may be taken 4 times.  
Transfer: CSU; UC.  

143 BOOK ARTS  
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: ART 120  

Presents an investigation of the book form as a vehicle of creative expression. Explores the book structure through the history, concepts and the creative application of this unique art object, in which the content is not limited to words alone. Course may be taken 4 times.  
Transfer: CSU.  

144 PHOTOGRAPHY  
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)  
Associate Degree Applicable  
Advisory: Eligibility for ENGL 56  

Introduces black and white still photography as a fine art in an historical and contemporary context. Presents traditional darkroom practices through projects that introduce the elements and principles of design. Emphasizes use and care of 35mm cameras, related photography equipment, black and white film processing and photographic enlargements. NOTE: A 35mm camera is required for class.  
Transfer: CSU; UC.  

145 INTERMEDIATE PHOTOGRAPHY  
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: ART 144  

Continues study of photography as a fine art as introduced in ART 144. Presents intermediate level concepts and darkroom techniques in black and white still photography. The development of photography as a means of personal expression, the infusion of content, and composition will be stressed. Course may be taken 4 times.  
Transfer: CSU; UC.  

146 CAMERA ART  
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: ART 144  

Explores photography as an art form including cross-media hybrids such as painting with light, handcoloring and drawing on photographic images, use of liquid light, combining images and words, and conventional photography. Course may be taken 4 times.  
Transfer: CSU.  

147 DIGITAL VIDEO EDITING  
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)  
Associate Degree Applicable  

Presents an overview of digital non-linear video editing, including acquiring digital video and combining and editing source material to create complete digital movies. Topics include: basic editing techniques, cuts and transitions, adding and altering audio, titling, keying and transparency, and applying filters and effects. Course may be taken 4 times.  
Transfer: CSU.  

148 DIGITAL VIDEO EFFECTS  
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)  
Associate Degree Applicable  

Presents the art and science of digital compositing for visual effects and 2D animation, utilizing Adobe After Effects for film and video applications. Explores technical and aesthetic issues. Course may be taken 4 times.  
Transfer: CSU.  

149 DIGITAL PHOTOGRAPHY  
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: ART 144 and ART 156  

Introduces concepts and technical fundamentals of digital photography as an extension to traditional photography. Presents practices and techniques unique to digital photography through projects that emphasize personal expression, the infusion of content and composition. Emphasizes the practical and aesthetic issues of digital photography, care and use of digital cameras, and other equipment related to digital photography. Course may be taken 4 times.  
Transfer: CSU.  

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
**150 MACINTOSH OPERATING SYSTEM** (1.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Introduces the Macintosh Operating System, computer hardware basics, technology, terminology, peripheral equipment and general practices used when operating a personal computer. Basic computer graphics and related graphics hardware are introduced.

**153 DIGITAL ART** (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Introduces the use of the Macintosh computer, specific to art applications and the creation of fine art. Instruction will focus on the Macintosh operating system, and the use of current industry standard vector-based drawing and raster-based image editing softwares, computer hardware basics, technology, terminology, peripheral equipment and general practices used when operating a personal computer.

**Transfer:** CSU; UC.

**154 INTERMEDIATE DIGITAL ART** (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Prerequisite: ART 153

Continuation of ART 153 with emphasis on the more complex tools and procedures of the software which is introduced in ART 153. Presents intermediate level of integration of digital media with natural art media. Critiques focus on contemporary aesthetic and ethical issues in digital art as well as the design attributes of the artwork.

Course may be taken 2 times.

**Transfer:** CSU; UC.

**155 VECTOR GRAPHICS** (1.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Advisory: ART 150 or basic computer skills

Presents primary instruction in the use of industry standard vector-based drawing program. It includes instruction on the use of various digital input devices, complex file storage and transfer systems and output options for hard copy print and screen presentations.

**Transfer:** CSU; UC.

**156 IMAGE EDITING** (1.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Advisory: ART 150 or basic computer skills

Presents primary instruction in the use of the industry standard image editing program. It includes instruction on the use of various digital input devices, complex file storage and transfer systems and output options for hard copy print and screen presentations.

**Transfer:** CSU; UC.

**157 DIGITAL PAINTING** (1.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Advisory: ART 150 or basic computer skills

Presents primary instruction on the use of the industry standard software for digital painting. It includes instruction on the use of various digital input devices, complex file storage and transfer systems, and output options for hard copy and screen presentations.

**Transfer:** CSU; UC.

**158 PAGE LAYOUT** (1.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Advisory: ART 150 or basic computer skills

Presents primary instruction in the use of the industry standard software for digital graphics layout. It includes instruction on the use of various digital input devices, complex file storage and transfer systems, and output options for hard copy.

**Transfer:** CSU.

**160 CONCEPTUAL BLOCKBUSTING** (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Advisory: ENGL 56

Presents students with basic concepts to enhance innate creative abilities. Explores the mental and emotional factors involved in the creative process; linear and non-linear thinking, and multiple intelligences. Numerous creative problem-solving techniques, invention, scientific, and artistic case studies are explored. The underlying assumption is that innovation is a skill which can be learned.

**Transfer:** CSU.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
165 MOTION GRAPHICS (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Advisory: ENGL 56

Introduces the basic principles of animation, interactivity, and other time-based media projects. Students will preview how these are used to construct games, animations and interactive media.
Course may be taken 2 times.
Transfer: CSU.

166 GRAPHIC DESIGN (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 153

Principles and processes used in visual communication. This class focuses on the creative and practical exploration in the area of visual communication. Topics in this class are fundamental to the creation of digital layout, graphics, illustrations, photography, animation, video and multimedia. Projects incorporate symbols and typography into visual design, exploring interrelationships between the formal elements and symbolic content.
Transfer: CSU.

167 INTERMEDIATE GRAPHIC DESIGN (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 166

Continues the practical skills of ART 166 emphasizing critical assessment of the design principles used in visual communication as well as creative and practical exploration. Topics in this class are fundamental to the creation of digital layout, graphics, illustrations, photography, animation, video and multimedia.
Transfer: CSU.

168 TYPOGRAPHY (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Advisory: ENGL 56

Introduces basic principles in the effective use of type. Emphasis is on the use of typography in graphic design. Topics include the history of type, aesthetic qualities of letterforms, anatomy of the letter, typeface and style, and compositional arrangement.
Transfer: CSU; UC.

170 FUNDAMENTALS OF 3-D DESIGN (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Introduces the basic elements and principles of three-dimensional design. Presents a variety of studio problems using basic sculptural materials, tools and methods. Presents an overview of 3D design in historical and contemporary context.
Transfer: CSU; UC. (CAN ART 16)

171 BEGINNING SCULPTURE (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Introduces the issues and techniques of contemporary sculpture. Assignments emphasize ideas and personal expression while utilizing the elements and principles of design. Projects explore materials such as fabrication with plaster, metal, mixed media, and wood, and contemporary approaches such as site-specific and installation sculpture.
Transfer: CSU; UC. (CAN ART 12)

172 INTERMEDIATE SCULPTURE (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 171

Continues study of issues and techniques of contemporary sculpture as introduced in ART 171. Presents intermediate level assignments in fabrication and introduces the casting process. Additional emphasis will be placed on large-scale projects such as site-specific, performance, installation and public art. Course may be taken 4 times.
Transfer: CSU.

173 FIGURE SCULPTURE (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 123, ART 170, or ART 171

Introduces basic anatomy including the opportunity to sculpt from a live model using traditional and contemporary techniques and materials. Emphasizes development of individual, creative work within directed assignments. Course may be taken 4 times.
Transfer: CSU; UC.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
174  SCULPTURE FOUNDRY  (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Successful completion of Art 170 or Art 171 or equivalent study to be presented in a portfolio and evaluated by the instructor

Provides instruction and practice in bronze casting of sculpture using the lost wax processes including direct modeling and mold making. Emphasizes contemporary art issues related to bronze sculpture.
Course may be taken 4 times.
Transfer: CSU.

180  CERAMICS  (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Introduces the practice and appreciation of ceramics as a fine art covering the basic elements and principles of three-dimensional design, methods and materials specific to ceramic media, and the use of ceramics as a personal means of visual expression and communication. Presents an overview of the art of ceramics in an historical and contemporary context.
Transfer: CSU; UC. (CAN ART 6)

181  CERAMICS  (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 180

Continues ART 180 with an emphasis on throwing on the potter’s wheel, sculptural form derived from wheel-thrown objects, and sculptural form combining wheel and handbuilt forms.
Course may be taken 3 times.
Transfer: CSU; UC.

182  INTERMEDIATE CERAMICS  (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 180

Explores contemporary issues in ceramic art and the more technically involved construction and decorating methods. Covers large scale handbuilding, advanced wheel work, glaze testing, and kiln stacking.
Course may be taken 4 times.
Transfer: CSU; UC.

183  CERAMIC SCULPTURE  (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ART 180 or a comparable college-level beginning ceramics class
Advisory: ART 170 and/or ART 171

Presents contemporary and traditional processes and materials in their application to the construction of ceramic sculpture. Course may be taken 4 times.
Transfer: CSU; UC.

190  ART EXCURSIONS  (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in any art class
Advisory: Eligibility for ENGL 1A

Presents an opportunity for fine arts students to sketch and study original works of art in museums, galleries, art schools, and other sites in the Los Angeles and San Francisco areas. Sketchbook drawings and/or journal notes may be used by the student as a basis for developing an independent art work or essay.
Course may be taken 4 times.
Transfer: CSU.

193  PORTFOLIO PRESENTATION  (2.0 to 3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Advisory: ENGL 36

Develops basic skills in resume formulation, selecting, mounting and photographing art work for portfolio presentation to future college or vocational agencies. Examines opportunities and requirements for work in various art-related fields, and investigates goals relative to individual development. Recommended for art majors and minors.
Course may be taken 2 times.
Transfer: CSU.

195  ART GALLERY  (3.0 to 5.0)
11.0 hours per week: (2.0 hours lecture, 9.0 hours laboratory)
Associate Degree Applicable
Advisory: ART 120, ART 170, and ART 190

Explores theoretical, technical and aesthetic aspects of exhibiting works of art, as well as providing actual experience in operating an art gallery. Students will work with exhibiting artists, learn about contemporary issues in art and the relationship between gallery, artist and viewing public. Students assist in design, publicity, installation and management of the Cuesta College Art Gallery.
Course may be taken 4 times.
Transfer: CSU.
199  INDEPENDENT STUDIES: ART  (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory
course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum
experience by an individual student in a selected topic of Art
under the direction of an instructor.
Course may be repeated 4 times (only if each time has a different
topic emphasis).
Transfer: CSU; UC.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.
ASTRONOMY - ASTR

10   ASTRONOMY  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 23 or MATH 23SI or equivalent
Advisory: Eligibility for ENGL 1A

Presents the astronomy of planets, satellites, asteroids, comets, meteors, the sun, stars, and galaxies.
Course may be taken 4 times.
Transfer:  CSU; UC.

10L   ASTRONOMY LAB  (1.0)
3.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: MATH 23 or MATH 23SI or equivalent
Corequisite: ASTR 10
Advisory: Eligibility for ENGL 1A

Laboratory application of the principles presented in ASTR 10.
Transfer:  CSU; UC.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.
AUTOMOTIVE TECHNOLOGY - ATECH

</tbody>
</table>
| 60          | AUTOMOTIVE ELECTRICAL ACCESSORIES | (4.0) | 6.0 | hours per week: (3.0 hours lecture, 3.0 hours laboratory) | | Associate Degree Applicable  
Advisory: Eligibility for ENGL 56 or ENGL 65  
Prepares students to perform electrical and electronic testing, troubleshooting, and repair procedures on the modern vehicle. Covers body and accessory circuits, power options, instrumentation, and interfacing between engine and body control computers. |
| 63          | AUTOMOTIVE FUEL SYSTEMS: CARBURETION | (3.0) | 6.0 | hours per week: (2.0 hours lecture, 4.0 hours laboratory) | | Associate Degree Applicable  
Advisory: Eligibility for ENGL 56 or ENGL 65  
Studies automotive fuel systems including filters, tanks, lines, safety equipment, pumps, carburetors, and computer controlled carburetors.  
Transfer: CSU. |
| 64          | BASIC AREA CLEAN AIR CAR COURSE | (4.0) | 4.0 | lecture per week | | Associate Degree Applicable  
Prerequisite: Minimum one year of trade experience in emissions/tune-up or 180 hours (9 semester units) of accredited training in tune-up, fuel and electrical courses  
Covers the rules and regulations governing the Smog Check Program, inspection procedures using the BAR97 Emissions Inspection System (EIS), and an overview of Onboard Diagnostics II (OBDII). Successful completion of ATECH 64 meets a portion of the requirements for technicians seeking an Emission Basic (EB) or Emission Advanced EA Smog Check Technician License.  
Course may be taken 4 times. |
| 66          | AUTOMOTIVE MAINTENANCE AND LIGHT REPAIR | (2.0) | 3.0 | hours per week: (1.5 hours lecture, 1.5 hours laboratory) | | Associate Degree Applicable  
Advisory: Eligibility for ENGL 56 or ENGL 65  
Prepares students to perform safety inspections, battery service, oil and lubrication, cooling system, ignition system, brake inspection, wheel bearings and minor repairs. |

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
Introduces the many facets of operating an automotive repair business, including entrepreneurship, franchising, market analysis, physical facilities, financing, organization, taxes, insurance, bookkeeping, legal aspects. Material is covered from both the employee’s and the employer’s point of view.

Presents lecture and lab instruction centering around the working environment in the automotive repair industry. Students are assigned to a commercial automotive repair facility for their laboratory experience. Lectures cover such topics as work habits, resumes, interviewing, attitude, safety, labor laws, record keeping, and rules and regulations pertinent to the automotive repair industry.

Course may be taken 4 times.

Transfer: CSU.

Presents the fundamentals of automotive body repair. Includes instruction in body construction, welding, metalworking methods and equipment used in the auto body repair industry. Emphasis is placed on developing the knowledge and manipulative skill necessary for gainful employment in the auto body repair industry.

Presents an advanced course in automotive body and fender repair which combines laboratory work on campus and on-site research in a commercial repair facility. This course covers estimating damage, frame alignment, trim work, upholstery removal and installation, shop management, and major collision damage repair. Emphasis is placed on developing the knowledge and manipulative skill necessary for gainful employment in the automotive collision repair industry.

Presents complete vehicle refinishing, color matching techniques, color theory and custom painting as well as vehicle detailing. Prepares students for employment as an automotive painter. Course may be taken 2 times.

Presents the fundamental operation, service, diagnosis, and repair of clutch assemblies, manual transmissions and transaxles, rear wheel drive (RWD) drive shafts and universal joints, front wheel drive (FWD) half-shafts and constant velocity joints, rear axle assemblies and differentials, and drive axle wheel bearings as applied to automobiles and light duty trucks.

Transfer: CSU.

Presents the operation, diagnosis, repair, and overhaul of rear wheel drive manual transmissions, front wheel drive manual transaxles, and rear wheel drive axles as applied to automobiles and light duty trucks both foreign and domestic.

Transfer: CSU.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
COURSES  (CONTINUED)

82  AUTOMATIC TRANSMISSIONS  (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56 or ENGL 65
Introduces fundamental operations, rebuilding procedures, and service of torque converters and automotive automatic transmissions. Provides preparation for Automotive Service Excellence Certification.

84  BRAKING SYSTEMS  (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: ATECH 109 and eligibility for ENGL 56 or ENGL 65
Presents automotive braking systems including conventional drum type brakes, disc brakes, vacuum and hydraulic boosters, and anti-lock brake systems. Provides training for licensing by the Bureau of Automotive Repair and by Automotive Service Excellence Certification. Transfer: CSU.

86  CHASSIS AND SUSPENSION SYSTEMS  (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56 or ENGL 65
Presents suspension geometry and design, wheel alignment, active suspension systems, wheel balancing, tires, and steering systems. Provides training toward Automotive Service Excellence Certification.

87  AUTOMOTIVE FUEL INJECTION AND TURBOCHARGERS  (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56 or ENGL 65
Presents both mechanical and electrical fuel injection systems for automotive gasoline and diesel fuel engines as well as automotive and light truck turbochargers.

88  AUTOMOTIVE HEATING AND AIR CONDITIONING  (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56 or ENGL 65
Provides theory and practical application of the function and repair of heating and air conditioning systems as applied to domestic and imported automobiles. Provides training toward Automotive Service Excellence Certification.

93  AUTOMOTIVE TECHNOLOGY SPECIAL TOPIC  (0.5 to 4.0)
Associate Degree Non-Applicable
Examines a special topic in the field of study related to the discipline offering this course.

109  INTRODUCTION TO AUTOMOTIVE COMPUTERS  (2.5)
4.0 hours per week: (2.0 hours lecture, 2.0 hours laboratory)
Associate Degree Applicable
Covers the theory, operation, and basic test procedures for on-board computers found on domestic and imported vehicles. Designed for entry level automotive study.

120  AUTOMOTIVE IGNITION SYSTEMS  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Covers modern vehicle ignition system theory, diagnosis, and repair. Includes IT, EI, and Coil-On-Plug systems. Course may be taken 2 times.

125  ENGINE PERFORMANCE  (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: ATECH 52, ATECH 109, ATECH 120 or one year in the automotive trade
Studies automotive engine performance theory and operation including fuel, electrical, emission, and computer systems. Emphasizes tune-up, pollution control, and driveability diagnostic techniques. Course may be taken 2 times.

127  ENHANCED CLEAN AIR CAR COURSE  (1.0)
2.0 hours per week: (1.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in ATECH 64
Provides training as required by the California Bureau of Automotive Repair to meet Advanced Emission Specialist Technician license requirements. Includes training on Smog Check failure analysis and operation of the Bar-97 dynamometer testing system. Course may be taken 3 times.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.

</table>

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
8G  BIOLOGY SEMINAR: GENERAL TOPICS  (1.0)  
1.0 hours lecture per week  
Associate Degree Applicable  
Prerequisite: Completion of or concurrent enrollment in any college biology course  
Advisory: ENGL 56  

Presents discussions in the latest developments in biology and allied fields with an emphasis on general topics.  
Transfer: CSU; UC.  

9C  COASTAL BIOLOGY FIELD STUDIES  (1.0)  
54.0 hours laboratory by arrangement per week*  
Associate Degree Applicable  
Prerequisite: Completion of or concurrent enrollment in any college biology laboratory course  
Advisory: BIO 22  

Emphasizes observations and techniques used to appreciate and evaluate California’s coastal ecosystems. Camping, food, and other expenses will be the responsibility of the students.  
Transfer: CSU; UC.  

9D  DESERT BIOLOGY FIELD STUDIES  (1.0)  
54.0 hours laboratory by arrangement per week*  
Associate Degree Applicable  
Prerequisite: BIO 20 or any college biology laboratory course  
Advisory: ENGL 56  

Presents a field study course on the California deserts. Includes the formation of the deserts and the ecological relationship of desert plants and animals. Practices field techniques used in data collection and analysis. Camping, food, and other expenses will be shared by the students. UC credit contingent upon UC review.  
Transfer: CSU; UC.  

9H  HAWAIIAN BIOLOGY FIELD STUDIES  (1.0 to 3.0)  
36.0 hours per week: (9.0 hours lecture, 27.0 hours laboratory)*  
Associate Degree Applicable  

Presents a field study course on the Natural History of Hawaii. Includes the formation of the islands and the ecological relationship of the island plants and animals. Transportation and Land costs are the responsibility of the students. Course may be taken 4 times.  
Transfer: CSU; UC.  

9S  SIERRA BIOLOGY FIELD STUDIES  (1.0)  
54.0 hours laboratory by arrangement per week*  
Associate Degree Applicable  
Prerequisite: BIO 20 or any college biology lab course  
Advisory: ENGL 56  

Studies Sierra ecosystems with emphasis on riparian and meadow habitats, Alpine and coniferous forest ecology and grandeur. Practices field study observations and techniques. Camping, food, and other expenses will be the responsibility of students.  
Transfer: CSU; UC.  

10E  NATURAL HISTORY OF EASTERN CALIFORNIA MOUNTAINS & DESERTS  (2.0)  
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Advisory: Eligibility for ENGL 1A  

Presents a lecture and field study course on the ecology and natural history of Eastern California mountains and deserts. Includes the study of their geological history, native plant and animal communities, human impacts, and the history and function of the preservation and conservation of ecosystems including the U.S. Forest Service and Bureau of Land Management. A field trip will reinforce and elaborate upon lecture material. Field techniques also will be taught on the field trip. Students will be required to maintain and turn in a standardized field notebook. Camping, food, transportation, and other expenses will be the responsibility of the students. Students should be prepared for camping in both hot and cold (freezing) environments and for extensive hiking on and off trails over rugged terrain at elevations greater than 10,000 feet. Course may be taken 2 times.  
Transfer: CSU; UC.  

10R  NATURAL HISTORY OF THE COAST RANGES  (2.0)  
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Advisory: Eligibility for ENGL 1A  

Presents a lecture and field study course on the ecology and natural history of the coast ranges. Includes the study of their geological history, native plant and animal communities, human impacts, and the history and function of the preservation and conservation of ecosystems including the national forest, Bureau of Land Management, and California state parks. A field trip will reinforce and elaborate upon lecture material. Field techniques also will be taught on the field trip. Students will be required to maintain and turn in a standardized field notebook. Camping, food, transportation, and other expenses will be the responsibility of the students. Students should be prepared for camping in a moist, coastal environment and extensive hiking on and off trails from sea level to over 2000 feet over rugged terrain. Course may be taken 2 times.  
Transfer: CSU; UC.  

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
**COURSES (CONTINUED)**

**10V  NATURAL HISTORY OF DEATH VALLEY NATIONAL PARK**  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: Eligibility for ENGL 1A

Presents a lecture and field study course on the ecology and natural history of Death Valley National Park (DVNP). Includes the study of its geological history, native plant and animal communities, human impacts on DVNP ecosystems, and the history and function of the National Park Service. A field trip to DVNP will reinforce and elaborate upon lecture material. Field techniques also will be taught on the field trip. Students will be required to maintain and turn in a standardized field notebook. Camping, food, transportation, and other expenses will be the responsibility of the students. Students should be prepared for camping in hot deserts, high mountain elevations (8000+ feet), and extensive hiking on and off trails.
Course may be taken 2 times.
Transfer: CSU; UC.

**11  LIFE SCIENCE**  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: ENGL 56

Introduces the non-biology major to the organization and evolution of life and the structure and function of living systems from cells to biomes. Utilizes the lecture and laboratory approach to instruction.
Transfer: CSU; UC.

**12  HUMAN BIOLOGY**  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Introduces fundamental structural and functional concepts of the human body systems, and their disorders and therapies. Designed for non-science majors and provides an appreciation for popular interests such as fitness, immunity, inheritance, and common medical terminology.
Transfer: CSU; UC.

**12L  HUMAN BIOLOGY LABORATORY**  (1.0)
3.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: Completion or concurrent enrollment in BIO 12
Advisory: ENGL 56

Laboratory to accompany Human Biology (BIO 12), a general education course for non-biology majors and pre-health related fields. Provides an introduction to the biology of the human species, designed to create an awareness and understanding of the human body functions, human’s place in nature and the mechanics of human heredity. Provides direct participation in experiments, demonstrations, and discussions. Topics include elements of human anatomy and physiology, nutrition, disease, elements of human heredity and environmental adaptations, and interpretations of relevant current topics in biology.
Transfer: CSU; UC.

**13  GENETICS IN SOCIETY**  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Introduces basic principles of genetics and heredity. Emphasizes current advances in genetics, including stem cell research, cloning, cancer, and genetically modified crops. Investigates the social consequences and ethical implications of biotechnology in medicine and agriculture.
Transfer: CSU; UC.

**16  PLANTS & PEOPLE**  (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable

Designed for plant enthusiasts who do not have a strong science background. Includes the basic structure, physiology, reproduction, taxonomy, evolution, and ecology of plants. Discusses varied uses of plants by people of different cultures throughout history. Laboratory work includes setting up experiments, growing, and propagating plants. Students will also learn basic gardening techniques and how to design water-efficient sustainable gardens using California native plants.
Transfer: CSU; UC.

**20  ENVIRONMENTAL BIOLOGY**  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 1A

Presents a study of biological concepts, processes, and organismal biology, including scientific methodology, metabolism, genetics, evolution and ecology. These concepts are used to assess environmental issues including human population growth, biodiversity, biological conservation, pollution, and resource and energy use.
Transfer: CSU; UC.
COU RSES  (CONTINUED)

20L  ENVIRONMENTAL BIOLOGY LAB  (1.0)
3.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in BIO 20
Advisory: Eligibility for ENGL 1A

Presents an optional laboratory course designed to complement BIO 20, Environmental Science. Applies and expands knowledge gained in BIO 20 through field trips, laboratory investigations, and special projects.
Transfer: CSU; UC.

21  GENERAL ECOLOGY  (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: ENGL 56 and eligibility for MATH 7

Studies plant and animal communities emphasizing the interrelationships of living organisms and their living and non-living environment. The emphasis in lecture is on major principles describing these interrelationships including evolution, energy flow and nutrient cycling via food webs, competition, and predation. The emphasis in the laboratory is on the gathering and interpretation of ecological data in lab and field.
Transfer: CSU; UC.

22  INTRODUCTION TO MARINE SCIENCE  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Presents and integrates the fundamental geological, physical, chemical, and biological aspects of ocean processes. Provides a general introduction to marine research, technology, history and man’s interrelationship with the sea.
Transfer: CSU; UC.

22L  INTRODUCTION TO MARINE SCIENCE LABORATORY  (1.0)
3.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in BIO 22

Presents an applied, optional course designed to augment BIO 22, through open-sea, laboratory and intertidal investigations.
Transfer: CSU; UC.

24  PRINCIPLES OF NATURAL HISTORY  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: ENGL 56

Presents an ecological approach to the natural history of terrestrial plants and animals in California. Emphasizes classification, relationships to environment, interrelationships, problems of life, economic importance, and field biology techniques.
Transfer: CSU; UC.

26  UNDERSTANDING RARE SPECIES IN CALIFORNIA  (1.0)
2.0 hours lecture per week*
Associate Degree Applicable
Advisory: ENGL 56

Introduces the importance of rare species, studies reasons for rarity, and examines methods of preservation. Biological, economical and political influences on rare species are considered.
Transfer: CSU.

42H  HONORS SEMINAR: BIOLOGY  (1.0)
1.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 1A

Provides the opportunity for broadening the student’s background in general education and for providing a study of selected topics in biology. Emphasis shall be on discussion and analysis of subject matter and current advancements. Open only to students admitted to the Honors Program. Course may be taken 4 times.
Transfer: CSU; UC.

43  FACILITATOR ASSISTED LEARNING: BIOLOGY SEMINAR  (0.5)
9.0 hours lecture per week*
Associate Degree Applicable
Advisory: ENGL 56

Develops interpersonal skills, understanding of the learning process, and effectiveness as a facilitator. Seminar prepares students to facilitate in their subject area. Course may be taken 3 times.
Transfer: CSU.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
**44A  FACILITATOR ASSISTED LEARNING PRACTICUM: ANATOMY**

1.0 hours lecture per week  
Associate Degree Applicable  
Advisory: ENGL 56

Provides practical applications of facilitator assisted learning (FAL) in small groups of anatomy students.  
Course may be taken 4 times.  
**Transfer:** CSU.

**44B  FACILITATOR ASSISTED LEARNING PRACTICUM: BIOLOGY**

1.0 hours lecture per week  
Associate Degree Applicable  
*Prerequisite: Completion or concurrent enrollment in BIO 43  
Advisory: ENGL 56

Provides practical applications of facilitator assisted learning (FAL) in small groups of biology students.  
Course may be taken 4 times.  
**Transfer:** CSU.

**47  INDEPENDENT STUDIES: BIOLOGY**

6.0 hours laboratory per week  
Associate Degree Applicable  
*Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of biology under the direction of an instructor.  
Course may be repeated 4 times (only if each time has a different topic emphasis).  
**Transfer:** CSU; UC.

**93  BIOLOGY SPECIAL TOPIC**

Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

---

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.  
Asterisk coded courses are always taught in less than a full semester.*
BROADCAST COMMUNICATIONS - BCST

21  INTRODUCTION TO BROADCASTING  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents the history of the development of radio, television, and cable as technical tools for communication and studies the relationship of this technology to the broadcasting industry, considering such topics as FCC, comparisons of international and American broadcasting, PBS and commercial organizations, regulations, programming sales and advertising, ratings, criticism, free speech implications, and cable and CCTV applications.
Transfer: CSU.

23  VIDEO OPERATIONS  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents the theory and demonstration of video control room and studio equipment. Offers beginning students a comprehensive overview of video studio and field operations, technical fundamentals, and basic program production.
Transfer: CSU.

24A  BASIC AUDIO PRODUCTION  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents basic fundamentals of sound, psychoacoustics, sound equipment, and procedures for obtaining the first media job. Laboratory practice provides hands-on use of equipment.
Transfer: CSU.

24B  ADVANCED AUDIO PRODUCTION  (3.0)
7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
Prerequisite: BCST 24A or equivalent

Emphasizes polishing basic production skills and developing new and more complex production techniques through computer (Digidesign Pro Tools) editing and audio recording. Provides laboratory practice in the day-to-day operation of the campus radio station.
Transfer: CSU.

24C  ADVANCED AUDIO PRODUCTION  (3.0)
7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
Prerequisite: BCST 24B with a grade of C or better
Advisory: Eligibility for ENGL 56

Builds upon the skills introduced in BCST 24B. Introduces theory of programming, format operations, and management of small market stations. Provides experience in news scripting and on-the-air newscasting. Introduces quick punch advanced recording using the Digidesign Pro Tools audio computer. Provides laboratory practices in the day-to-day operation of the campus radio station. Provides some staff members for KGUR radio station.
Transfer: CSU.

24D  ADVANCED AUDIO PRODUCTION  (3.0)
7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
Prerequisite: BCST 24C with a grade of C or better
Advisory: Eligibility for ENGL 56

Builds upon the skills and techniques introduced in BCST 24C. Further develops production skills with the introduction of Digidesign Pro Tools mixdown and mastering techniques, and bouncing tracks. Air personality skills emphasized. Provides laboratory practice in the operation day-to-day operation of the campus radio stations. Provides some staff members for KGUR radio station.
Transfer: CSU.

25A  VIDEO STUDIO PRODUCTION  (3.0)
7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in BCST 23

Provides experience in the creation and production of studio video material, including use of TV cameras, switching equipment, studio lighting, audio equipment, and other components of video. Students participate in video productions as performers, camera operators, switchers, floor managers, video and audio engineers, producers, and directors.
Transfer: CSU.

25B  FIELD VIDEO PRODUCTION AND EDITING  (3.0)
7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in BCST 23

Provides experience in the creation and production of single-camera-field video program material. Students will get experience in single-camera-field shooting, non-linear editing, producing, writing, and evaluating.
Transfer: CSU.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
ALL course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.

**26 WRITING FOR ELECTRONIC MEDIA** (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A or equivalent with a grade of C or better

Introduces the principles, techniques, and style of writing for electronic media. Includes the writing of commercials, public service announcements, news, editorials, narration, and dramatic presentations. Introduces an analysis of content and ethical considerations of the electronic media.

**Transfer:** CSU.

**30A TELEVISION INTERNSHIP** (3.0)
9.0 hours laboratory by arrangement per week
Associate Degree Applicable
Prerequisite: BCST 25A and approval of station management

Provides practical supervised work experience as a regular staff member in a local area television station. Includes work in the production department of a station helping to prepare for and operate equipment during newscasts which may include studio camera operation, floor directing, teleprompter operation, and other assigned responsibilities.

**Transfer:** CSU.

**30B TELEVISION INTERNSHIP** (3.0)
9.0 hours laboratory by arrangement per week
Associate Degree Applicable
Prerequisite: BCST 25B and approval of the station management

Provides practical supervised experience working as a regular staff member in a local television station. Includes field shooting, videotape editing, field sound operation, and other production responsibilities as assigned.

**Transfer:** CSU.

**30C TELEVISION INTERNSHIP** (3.0)
9.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: BCST 25A or BCST 25B and approval of station management

Provides practical supervised work experience as a regular staff member in a local cable company, television station, or other facility. Includes working for independent production companies or advertising agencies.

**Transfer:** CSU.

**30D TELEVISION INTERNSHIP** (3.0)
9.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: BCST 25A or BCST 25B and approval of the station management

Provides practical supervised work experience as a regular staff member in a local area cable company, television station, or other facility. Includes working for independent production companies or advertising agencies.

**Transfer:** CSU.

**47 INDEPENDENT STUDIES: BROADCAST** (0.5 to 2.0)
COMMUNICATIONS

6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of broadcast communications under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).

**Transfer:** CSU.

**93 BROADCAST COMMUNICATIONS** (0.5 to 4.0)
SPECIAL TOPIC

Associate Degree Non-Applicable

Examines a special topic in the field of study related to the discipline offering this course.
All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.

### BUSINESS - BUS

#### 1A  PRINCIPLES OF ACCOUNTING  (4.0)
4.0 hours lecture per week  
Associate Degree Applicable  
Advisory: Eligibility for ENGL 56 and MATH 23 or MATH 23SI

Provides basic principles of accounting for service and merchandising enterprises. Includes an analysis of books of original and final entry, preparation of financial statements, deferrals and accruals, use of special journals and subsidiary ledgers, notes, allowance method for write-offs, inventory methods, methods of depreciating plant assets, and payroll systems.  
**Transfer:** CSU; UC. (CAN BUS 2)(BUS 1A + BUS 1B = CAN BUS SEQ A)

#### 1B  PRINCIPLES OF ACCOUNTING  (4.0)
4.0 hours lecture per week  
Associate Degree Applicable  
**Prerequisite:** BUS 1A

Provides accounting for partnerships and corporations. Includes consolidated statements, statement of changes in financial position, financial statement analysis, accounting for bonds, cost accounting, cost-profit-volume and differential analysis, and accounting for non-profit organizations.  
**Transfer:** CSU; UC. (CAN BUS 4)(BUS 1A + BUS 1B = CAN BUS SEQ A)

#### 18  BUSINESS LAW  (3.0)
3.0 hours lecture per week  
Associate Degree Applicable  
Advisory: Eligibility for ENGL 56

Offers basic legal knowledge essential to business with emphasis on the laws of contract, sales, agency and employment, commercial paper, property, and secured transactions. Includes study of nature and background of American law, courts, and court procedures.  
**Transfer:** CSU; UC. (CAN BUS 8)

#### 19  INTERNATIONAL BUSINESS LAW  (3.0)
3.0 hours lecture per week  
Associate Degree Applicable  
**Advisory:** ENGL 56

Offers basic legal knowledge essential to business including study of nature and background of American law and courts and court procedures with emphasis on both domestic and international laws of contract, sales, agency, employment, business organizations, commercial paper, property, and dispute resolution.  
**Transfer:** CSU; UC.

#### 29  BUSINESS INTERNSHIP  (1.0 to 3.0)
8.0 hours per week: (0.5 hours lecture, 7.5 hours laboratory)  
Associate Degree Applicable  
**Prerequisite:** 6 units of Business classes

Provides students an opportunity to experience the responsibilities of an employee in a business setting related to their courses of study in business. Course may be taken 4 times.

#### 40  ADVERTISING  (3.0)
3.0 hours lecture per week  
Associate Degree Applicable  
**Prerequisite:** BUS 43  
**Advisory:** Eligibility for ENGL 56

Introduces the student to the principles, purposes and practices of advertising; the importance of correct appeal, style, headline, typography, color, layout, ethics; and other problems involved in the creation and evaluation of effective advertising. (No artistic ability required.)  
**Transfer:** CSU.

#### 41  SALES  (3.0)
3.0 hours lecture per week  
Associate Degree Applicable  
**Advisory:** Eligibility for ENGL 56

Presents principles, purposes, and practices of personal selling and its importance to an organization and to a free enterprise economic system.  
**Transfer:** CSU.

#### 43  MARKETING  (3.0)
3.0 hours lecture per week  
Associate Degree Applicable  
**Advisory:** Eligibility for ENGL 1A

Introduces fundamentals of product planning, pricing, distribution and promotion of goods, services and non-profits; market research, consumer behavior, international business, and the industrial market.  
**Transfer:** CSU.

#### 45  INTRODUCTION TO BUSINESS  (3.0)
3.0 hours lecture per week  
Associate Degree Applicable  
**Advisory:** Eligibility for ENGL 56

Introduces the field of business and business economics. Includes functions, characteristics, organization, operation, and general problems of business. Surveys the various fields of business management, distribution, records, selling, finance, and production.  
**Transfer:** CSU; UC.

<td>Provides the student with certain key skills in the area of attitude so that they may effectively maintain a positive attitude at the workplace and at home. Concepts of how attitudes are communicated, the three types of attitudes and how to adjust one’s attitude will be presented. Course may be taken 2 times.</td>
</tr>
</tbody>
</table>

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
COURSES (CONTINUED)

77  STRESS MANAGEMENT  
    4.5 hours lecture per week*  
    Associate Degree Applicable

Acquaints the student with various skills the supervisor needs to help employees. Included is the recognition of stress and how to manage it. Course may be taken 2 times.

78  DECISION MAKING & PROBLEM SOLVING  
    4.5 hours lecture per week*  
    Associate Degree Applicable

Introduces the student to decision making and problem solving as a supervisor. Course may be taken 2 times.

79  TIME MANAGEMENT  
    4.5 hours lecture per week*  
    Associate Degree Applicable

Introduces the student to time management principles and specific tools that assist in making maximum use of time. Course may be taken 2 times.

80  EFFECTIVE LABOR RELATIONS  
    4.5 hours lecture per week*  
    Associate Degree Applicable

Provides students with an understanding of the elements of an effective labor relations program for today’s workforce. Topics will include understanding principal labor legislation, ways to respond to legal challenges and how to develop basic labor relations approach. Course may be taken 2 times.

83  MANAGEMENT AND SUPERVISION  
    3.0 hours lecture per week*  
    Associate Degree Applicable  
    Advisory: Eligibility for ENGL 56

Discusses the process of management and how to supervise employees in today’s business climate. The behavioral aspects of managing human resources are emphasized with a focus on the current practices of world-class companies. Transfer: CSU.

86  HUMAN RELATIONS  
    3.0 hours lecture per week*  
    Associate Degree Applicable  
    Advisory: Eligibility for ENGL 56

Introduces students to the basic principles of how to manage employees in various organizational settings such as business, government and the service sector. Transfer: CSU.

93  BUSINESS SPECIAL TOPIC  
    0.5 to 4.0

Examines a special topic in the field of study related to the discipline offering this course.

96  WORKPLACE HUMAN RELATIONS  
    2.0

Discusses the process of forming personal attitudes, identifying and changing our personal attitudes, the behavioral aspects of interpersonal relationship and self-esteem are studied. Personal communication skills concepts are discussed. Cultural diversity awareness and increased team building skills are explored.
COURSES (CONTINUED)

CHEMISTRY - CHEM

1A GENERAL COLLEGE CHEMISTRY (5.0)
7.0 hours per week: (4.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MATH 27, MATH 27SI or its equivalent with a grade of C or better and CHEM 10, High School Chemistry or equivalent with a grade of C or better

Presents the first semester of a one-year course in the fundamental principles of chemistry. Topics covered include kinetic-molecular treatment of gases, atomic structure and the periodic law, thermochemistry, chemical bonding, correlation of structure with properties, quantitative relationships in chemical reactions, chemical formulas and equations. Laboratory work includes a study of precision and accuracy, standard methods of gravimetric and volumetric analysis, and some computer acquisition and analysis of data.
Transfer: CSU; UC. (CAN CHEM 2)(CHEM 1A + CHEM 1B = CAN CHEM SEQ A)

1B GENERAL COLLEGE CHEMISTRY (5.0)
7.0 hours per week: (4.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CHEM 1A with a grade of C or better

A continuation of Chemistry 1A with particular reference to the periodic classification of the elements and the laws of chemical equilibrium as illustrated by the qualitative scheme of analysis. Topics covered will include chemical kinetics, thermodynamics, aqueous equilibria, free energy entropy, electrochemistry, coordination chemistry, nuclear and organic chemistry. Laboratory work will include quantitative work as well as a qualitative scheme of analysis for cations and anions and some computer acquisition and analysis of data.
Transfer: CSU; UC. (CAN CHEM 4)(CHEM 1A + CHEM 1B = CAN CHEM SEQ A)

10 INTRODUCTORY CHEMISTRY (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MATH 23, MATH 23SI or equivalent, with a grade of C or better

Presents an introduction to chemistry and chemical laboratory techniques and methods, including a survey of important chemical principles, a description of the elements, and their compounds.
Transfer: CSU.

10FAL INTRODUCTORY CHEMISTRY WITH FACILITATOR ASSISTED LEARNING (4.0)
7.0 hours per week: (3.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MATH 23, MATH 23SI or equivalent

Presents an introduction to chemistry and chemical laboratory techniques and methods, including a survey of important chemical principles and a description of the elements and their compounds. One lab hour per week will utilize Facilitator Assisted Learning to practice problem solving.
Transfer: CSU; UC.

11 INTRODUCTORY ORGANIC/BIOCHEMISTRY (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CHEM 10 or equivalent

Presents a semester course of organic and biochemistry. The classification, structure, reactions, bioenergetics, biosynthesis, and chemical communication of organic compounds are studied. In the laboratory, techniques and types of reactions are studied.
Transfer: CSU; UC.

12A ORGANIC CHEMISTRY (5.0)
9.0 hours per week: (3.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CHEM 1B with a grade of C or better

Presents the first semester of a one-year course in organic chemistry. The structure and physical properties of the aliphatic, alicyclic and aromatic compounds are correlated with attention to nomenclature and reaction mechanisms. The concepts of stereochemistry, nucleophilic substitution, electrophilic addition and spectroscopy will be introduced. In the laboratory, separation techniques and synthesis reactions will be performed.
Transfer: CSU; UC.

12B ORGANIC CHEMISTRY (5.0)
9.0 hours per week: (3.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CHEM 12A with a grade of C or better

Presents the second semester of a one-year course in organic chemistry. The study of reaction types and mechanisms will be correlated with structures. In addition, carbohydrates, fats, proteins and nucleic acids will be studied in conjunction with certain cellular processes. Organic synthesis, structural features, and literature materials will be studied.
Transfer: CSU; UC.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
43  **FACILITATOR ASSISTED LEARNING**  
**CHEMISTRY SEMINAR**  
(0.5)  
9.0 hours lecture per week*  
Associate Degree Applicable  

Develops interpersonal skills, understanding of the learning process, and effectiveness as a facilitator. Seminar prepares students to facilitate in their subject area.  
Course may be taken 2 times.  
**Transfer:** CSU.  

44  **FACILITATOR ASSISTED LEARNING**  
**PRACTICUM: CHEMISTRY**  
(1.0)  
1.0 hours lecture per week  
Associate Degree Applicable  
*Prerequisite:* CHEM 10 or CHEM 10FAL  

Provides practical applications of facilitator assisted learning (FAL) in small groups of chemistry students.  
Course may be taken 4 times.  
**Transfer:** CSU.  

47  **INDEPENDENT STUDIES: CHEMISTRY**  
(0.5 to 2.0)  
6.0 hours laboratory per week  
Associate Degree Applicable  
*Prerequisite:* The student must have completed preparatory course work in the field in which the study is to be undertaken  

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of chemistry under the direction of an instructor.  
Course may be repeated 4 times (only if each time has a different topic emphasis).  
**Transfer:** CSU; UC.  

93  **CHEMISTRY SPECIAL TOPIC**  
(0.5 to 4.0)  
Associate Degree Non-Applicable  

Examines a special topic in the field of study related to the discipline offering this course.  

---  

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.  
Asterisk coded courses are always taught in less than a full semester.*
## COMPUTER APPLICATIONS/OFFICE ADMINISTRATION - CAOA

### 20A BEGINNING COMPUTER KEYBOARDING (3.0)  
AND DOCUMENT PROCESSING  
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
*Advisory: ENGL 56*

Designed for all students whose keyboarding skill will be primary and/or secondary to their vocation and/or for personal use. Provides basic keyboarding skills by touch, using a microcomputer with a 10-key pad. Includes basic formatting instructions for letters, tables, and reports.

### 20B INTERMEDIATE COMPUTER KEYBOARDING AND DOCUMENT PROCESSING (3.0)  
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
*Prerequisite: CAOA 20A or ability to type 30 words per minute  
Advisory: CAOA 46 or CAOA 51A, CAOA 51B and CAOA 51C*

Designed for all students whose keyboarding skill will be primary and/or secondary to their vocation and/or personal use. Provides the primary purposes of building speed and accuracy and arranging letters, memos, reports, business forms and tables in proper format.

### 20R REVIEW COMPUTER KEYBOARDING (2.0)  
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
*Prerequisite: CAOA 20A or ability to type 20 words per minute*

Presents a review of basic operations and machine functions of the computer. Emphasizes keyboarding techniques, methods, drills, and strategies in order to further develop keyboarding capabilities, and reviews basic formatting skills.

### 20S SPEED AND ACCURACY COMPUTER KEYBOARDING (2.0)  
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
*Prerequisite: CAOA 20R or ability to type 30 words per minute*

Increases skills in typing speed and accuracy to meet requirements of advanced keyboarding word processing classes. Emphasizes keyboarding basics through keystroking analysis and corrective drills.

### 23 BUSINESS ENGLISH (3.0)  
4.0 hours per week: (3.0 hours lecture, 1.0 hours laboratory)  
Associate Degree Applicable  
*Advisory: Eligibility for ENGL 56*

Provides an essential course in the writing of sentences and paragraphs necessary to prepare business communications including email messages, memos, letters, and short reports. Introduces principles and correct application of English grammar, style, word usage, language structure, punctuation and sentence construction.

### 24 MACHINE TRANSCRIPTION SKILLS (3.0)  
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)  
Associate Degree Applicable  
*Prerequisite: CAOA 20B or ability to type 35 words per minute and CAOA 46, CAOA 48 or CAOA 51A, CAOA 51B and CAOA 51C*

Emphasizes a high degree of skill in transcribing from machine dictation and improves proofreading skills. Continues keyboarding, spelling, vocabulary, and word division skills used in writing letters, reports, memos, and other written communications.  
*Transfer: CSU.*

### 25 BUSINESS CALCULATIONS (3.0)  
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
*Advisory: Eligibility for ENGL 56*

Provides students with a functional knowledge of electronic calculators and helps them learn to solve efficiently and skillfully various types of problems involving the four arithmetic processes. This functional knowledge includes using proper techniques in the basic operations, understanding the machine parts, interpreting the answers, and recording the answers. Introduces a calculator program on the computer.  
*Transfer: CSU.*

### 26 VOICE RECOGNITION SOFTWARE WITH DOCUMENT APPLICATION (3.0)  
4.0 hours per week: (3.0 hours lecture, 1.0 hours laboratory)  
Associate Degree Applicable

Uses voice-recognition software in place of the computer keyboard to create documents and navigate the Internet. Covers dictation procedures and voice commands to input text, access program menus, and activate keyboard commands. Uses voice dictation to create e-mail messages, memorandums, letters, and other business documents. Reviews punctuation, capitalization, number usage, and word usage principles in the context of creating business documents by voice.

---

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
27 BUSINESS COMMUNICATIONS (4.0)
4.0 hours lecture per week
Associate Degree Applicable
Prerequisite: CAOA 23

Presents a study of the principles and techniques applicable to all forms of effective business communication. Covers general areas of grammar mechanics and sentence structure. Emphasis is on memorandums, e-mail, routine request letters, positive response letters, negative response correspondence, persuasive communication, and goodwill and special messages. Includes informal and formal reports, proposals, resumes and cover letters, and follow-up messages.
Transfer: CSU.

28 OFFICE TECHNOLOGY AND TELECOMMUNICATIONS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: Ability to type 25 words per minute

Introduces typical office routines and responsibilities; principles, practices, and terminology as applied to most common filing methods; business forms; record keeping; office automation; communication and bank services; telephone procedures; human relations; telecommunications; and job securing processes.

29 COMPUTER APPLICATIONS/OFFICE ADMINISTRATION INTERNSHIP (0.5)
3.0 hours per week: (0.5 hours lecture, 2.5 hours laboratory)*
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in CAOA 28

Provides students an opportunity to experience the responsibilities of an office employee in a business setting.

46 BEGINNING WORD PROCESSING (3.0)
MICROSOFT WORD
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable
Prerequisite: Ability to type 35 words per minute

Introduces basic operations and components of a microcomputer and the Microsoft Word word processing program. Includes text entry, formatting, locating, editing, printing, fonts, writing tools, tabs, merging, headers/footers, and footnotes/endnotes.
Course may be taken 2 times.
Transfer: CSU.

47 INDEPENDENT STUDIES: COMPUTER APPLICATIONS/OFFICE ADMINISTRATION (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of Computer Applications/Offer Administration under the direction of an instructor.
Course may be repeated 4 times (only if each time has a different topic emphasis).

48 BEGINNING WORD PROCESSING: WORDPERFECT FOR WINDOWS (3.0)
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable
Prerequisite: Ability to type 35 words per minute

Introduces basic operations and components of a microcomputer and the WordPerfect word processing program. Includes text entry, editing, formatting, managing documents, fonts, printing, writing tools, tabs, headers/footers, footnotes/endnotes, manipulating text, and merging.
Course may be taken 2 times.
Transfer: CSU.

49 ADVANCED WORD PROCESSING: WORDPERFECT FOR WINDOWS (3.0)
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable
Prerequisite: CAOA 48

Introduces advanced operations of word processing. Emphasizes WordPerfect’s formatting documents with special features; macros; graphics and graphic elements; Draw and TextArt; columns; tables; charts; outline feature; sorting and extracting text; styles; creating tables, indexes, and lists; and working with the Web.
Course may be taken 2 times.
Transfer: CSU.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
167

COURSES (CONTINUED)

50 ADVANCED WORD PROCESSING: MICROSOFT WORD (3.0)
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable
Prerequisite: CAOA 46

Introduces advanced operations of word processing. Emphasizes Microsoft Word’s macros, hyphenation, bookmarks, borders, clip art, Draw program, WordArt, Equation Editor, World Wide Web, home pages, hyperlinks, tables, charts, columns, styles, sort and select, outlines, fill-in form templates, table of contents, and index features.
Course may be taken 2 times.
Transfer: CSU.

51A BEGINNING WORD PROCESSING MODULE I (1.0)
4.5 hours per week: (2.5 hours lecture, 2.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: CAOA 20B or ability to type 35 words per minute
Advisory: ENGL 56

Introduces basic operations and components of a microcomputer and the word processing program. Includes text entry, editing, formatting, spell checking, and printing functions.
Course may be taken 2 times.
Transfer: CSU.

51B BEGINNING WORD PROCESSING MODULE II (1.0)
4.5 hours per week: (2.5 hours lecture, 2.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: CAOA 20B or ability to type 35 words per minute and CAOA 51A or the basic knowledge of the word processing program
Advisory: ENGL 56

Introduces special features of the word processing program. Includes formatting, tabs, merging, multiple page documents, headers and footers, footnotes and endnotes, and find and replace.
Course may be taken 2 times.
Transfer: CSU.

51C BEGINNING WORD PROCESSING MODULE III (1.0)
4.5 hours per week: (2.5 hours lecture, 2.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: CAOA 20B or ability to type 35 words per minute and CAOA 51A or the basic knowledge of the word processing program
Advisory: ENGL 56

Introduces special features of the word processing program. Includes creating tables, columns, framing and borders, WordArt or TextArt, and draw programs.
Course may be taken 2 times.
Transfer: CSU.

52 COMPUTERIZED ACCOUNTING USING QUICKBOOKS PRO (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: BUS 1A or BUS 51

Provides students familiar with accounting concepts the knowledge, skills, and practice needed to use microcomputers for accounting applications. Includes inputting and electronically managing general journal, specialized journals, financial statement analysis, payroll, inventory, accounts receivable, accounts payable, depreciation, and other accounting applications. Provides training for entry-level computerized bookkeepers, small business owners, and students pursuing further accounting courses.
Course may be taken 2 times.
Transfer: CSU.

53 ESSENTIALS OF MS PUBLISHER (2.0)
2.0 hours lecture per week
Associate Degree Applicable
Advisory: CAOA 66

Introduces the basics of desktop publishing using MS Publisher. Provides an opportunity for the student to use graphic design and layouts to enhance messages with predefined layouts; programmed guidance through the creation process; and, the ability to personalize, change, completely re-design from basics.
Course may be taken 2 times.

54 ESSENTIALS OF MS OUTLOOK (2.0)
2.0 hours lecture per week
Associate Degree Applicable
Advisory: CAOA 66

Introduces the computer user to an electronic desktop information management (DIM) system; a central location from which to create, view, and organize all computer information. Simplifies organizational tasks, journal entries, works with Web addresses by allowing the storage, management and navigation to web sites.
Course may be taken 2 times.

55 INTRODUCTION TO VOICE RECOGNITION SOFTWARE (1.0)
1.0 hours lecture per week
Associate Degree Applicable

Provides an opportunity for the student to learn speech recognition software and introductory concepts for the student to dictate phrases and sentences into a word processing program.
Course may be taken 2 times.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
56 TEST PREP FOR MICROSOFT OFFICE SPECIALIST(MOS) CERTIFICATION (0.5)
4.5 hours lecture per week*
Associate Degree Applicable

Provides students with the opportunity to become a Specialist in the Microsoft office programs (Word, Excel, Powerpoint, Access or Outlook.) Includes unlimited review and practice tests along with test-taking strategies. Upon completion of class, student will be prepared to take MOS certification exams. Course may be taken 4 times.

60 MICROCOMPUTER OPERATIONS (3.0)
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable
Prerequisite: CAOA 20A, CAOA 62 or ability to type 25 words per minute
Advisory: ENGL 56

Provides an overview of computer hardware, software, and operating system concepts used on computer systems. Students will use a computer to execute problem solving exercises using the operating system. Students will be able to customize the start-up of the operating system and will be able to optimize the use of the operating system.

61 INTRODUCTION TO SPREADSHEETS (3.0)
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable
Prerequisite: CAOA 62, CAOA 20A or ability to type 25 words per minute
Advisory: Eligibility for ENGL 56

Introduces the basics of an electronic spreadsheet program. Provides hands-on experience to create the various functions of spreadsheets, macros, databases, and charts. Learn to analyze, identify, and apply the principles needed to apply these various functions.
Transfer: CSU.

62 INTRODUCTION TO BEGINNING COMPUTER KEYBOARDING (1.0)
3.0 hours per week: (1.5 hours lecture, 1.5 hours laboratory)*
Associate Degree Applicable

Introduces typing fundamentals, machine functions, keyboard use, and speed and accuracy drills. Designed to develop a minimum typing speed of 20 words a minute.

64 INTRODUCTION TO DATABASE MANAGEMENT (3.0)
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable
Prerequisite: CAOA 62, CAOA 20A or ability to type 25 words per minute
Advisory: Eligibility for ENGL 56

Introduces the basics of database management by implementing simple databases. Includes creating, querying, sorting, indexing, and manipulating a database file and generating reports and labels. Create custom screens, work with multiple database files, and work with advanced command and report structures applying the knowledge and skills acquired in this course.
Transfer: CSU.

65 ADOBE INDESIGN, INTRODUCTION TO ELECTRONIC DOCUMENTS (3.0)
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable

Presents primary instruction in the use of Adobe InDesign, a design-oriented publishing tool. Create documents and integrate text and graphics to produce files that may be printed inhouse, printed commercially, or published to a web site.
Transfer: CSU.

66 INTRODUCTION TO COMPUTER BASICS (1.0)
3.0 hours per week: (2.0 hours lecture, 1.0 hours laboratory)*
Associate Degree Applicable

Covers the basics of the computer’s Windows operating system. Includes working with folders and files, customizing the operating system environment, using a browser to explore and search the World Wide Web.
Transfer: CSU.

67 POWERPOINT (1.0)
1.0 hours lecture per week
Associate Degree Applicable
Prerequisite: CAOA 62, CAOA 20A or ability to type 25 words per minute
Advisory: Eligibility for ENGL 56

Introduces the functions of the PowerPoint program, enabling the production of high-quality output for presentation to an audience. Include delivering web presentations. Course may be taken 2 times.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
68  INTRODUCTION TO PHOTOSHOP

3.0 hours lecture per week
Associate Degree Applicable
Advisory: CAOA 62, CAOA 20A or ability to type 25 words per minute

Presents the basic components of image editing using Adobe Photoshop 6.0, including color management, image formats, and image creation. Concentrates on the Photoshop environment and the use of selections, layers, masks, channels, paths, type, painting tools, blending modes, and filters. Projects include compositing, retouching, and creating images for both the print process and web publishing.
Course may be taken 4 times.
Transfer: CSU.

69  INTRODUCTION TO WEB PUBLISHING: DREAMWEAVER

5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: CAOA 62 OR CAOA 20A or ability to type 25 words per minute and manage personal computer files. LIBINF 7 and CAOA 68

Introduces Web publishing using Macromedia Dreamweaver. Includes web design terms, techniques and publishing issues; use of Dreamweaver software for Website creation, editing and publishing; and the use of graphic image editing techniques in relation to Web publishing.

70A  INTRODUCTION TO DATABASE MANAGEMENT MODULE I

4.5 hours per week: (2.5 hours lecture, 2.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: CAOA 62, CAOA 20A or ability to type 25 words per minute
Advisory: ENGL 56

Introduces the basics of database management. Includes creating and manipulating a database file, and creating and modifying custom forms.
Course may be taken 2 times.
Transfer: CSU.

70B  INTRODUCTION TO DATABASE MANAGEMENT MODULE II

4.5 hours per week: (2.5 hours lecture, 2.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: CAOA 70A and CAOA 62, CAOA 20 or ability to type 25 words per minute
Advisory: ENGL 56

Introduces the basics of database management. Create various reports, create and modify select queries, and implement one-to-many relationships within a database.
Course may be taken 2 times.
Transfer: CSU.

70C  INTRODUCTION TO DATABASE MANAGEMENT MODULE III

4.5 hours per week: (2.5 hours lecture, 2.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: CAOA 70B and CAOA 62, CAOA 20 or ability to type 25 words per minute
Advisory: ENGL 56

Introduces the basics of database management. Create many-to-many relationships, create a main form and subform, use cascade update and cascade delete, create parameter query, use aggregate functions, and use macros.
Course may be taken 2 times.
Transfer: CSU.

71A  INTRODUCTION TO SPREADSHEETS-MODULE I

4.5 hours per week: (2.5 hours lecture, 2.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: CAOA 62, CAOA 20A or ability to type 25 words per minute
Advisory: ENGL 56

Introduces the basics of an electronic spreadsheet program.
Provides hands-on experience to create formulas and to manipulate multiple workbooks.
Course may be taken 2 times.
Transfer: CSU.

71B  INTRODUCTION TO SPREADSHEETS-MODULE II

4.5 hours per week: (2.5 hours lecture, 2.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: CAOA 71A and CAOA 62, CAOA 20A or ability to type 25 words per minute
Advisory: ENGL 56

Introduces the basics of an electronic spreadsheet program.
Includes formatting, page set-up, and printing tips and techniques. Learn to create charts and macros, and use lists and built-in functions.
Course may be taken 2 times.
Transfer: CSU.

71C  INTRODUCTION TO SPREADSHEETS-MODULE III

4.5 hours per week: (2.5 hours lecture, 2.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: CAOA 71B and CAOA 62, CAOA 20A or ability to type 25 words per minute
Advisory: ENGL 56

Introduces the basics of an electronic spreadsheet program.
Includes naming cells and ranges, linking and embedding, using templates, and enhancing the worksheet.
Course may be taken 2 times.
Transfer: CSU.
72 PHOTOSHOP ELEMENTS (1.5)
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)*
Associate Degree Applicable

Presents image-editing basics for amateur photographers and
photo hobbyists. Provides tools and features for users to touch
up and enhance photos from digital cameras or scanners; create
original images with paintbrushes, textures and special effects;
merge photos into panoramas; and other image editing tasks.

73 ADOBE ACROBAT (1.5)
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)*
Associate Degree Applicable

Presents primary instruction in the use of Adobe Acrobat. Create
PDF files and slideshows, review PDF files, set up email-based
reviews, and add digital signatures.

93 COMPUTER APPLICATIONS/OFFICE ADMINISTRATION SPECIAL TOPIC (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the
discipline offering this course.

520C ADVANCED COMPUTER KEYBOARDING AND DOCUMENT PROCESSING (0.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Advisory: CAOA 51A, CAOA 51B and CAOA 51C or CAOA 20B,
CAOA 520B, CAOA 45 or ability to type 40 words per minute

Continues the development of the speed and accuracy levels
necessary for an acceptable keyboarding performance in an
office. Emphasis is placed on building production skill in
keyboarding accurate business correspondence, manuscripts,
materials for duplication, and various business forms.

520R REVIEW COMPUTER KEYBOARDING (0.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Advisory: CAOA 20A, 520A, or ability to type 20 words per
minute

Presents a review of basic operations and machine functions
of the IBM computer. Emphasizes keyboarding techniques,
methods, drills, and strategies in order to further develop
keyboarding capabilities, and reviews basic formatting skills in
centering, correspondence, reports, and business forms.

520S SPEED AND ACCURACY COMPUTER KEYBOARDING (0.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Advisory: CAOA 20R, 520R, or ability to type 30 words per
minute

Increases skills in typing speed and accuracy to meet
requirements of advanced keyboarding word processing classes.
Emphasizes keyboarding basics through keystroking analysis and
corrective drills.

520B INTERMEDIATE COMPUTER KEYBOARDING AND DOCUMENT PROCESSING (0.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Advisory: CAOA 51A, CAOA 51B and CAOA 51C or CAOA 20A,
CAOA 520A, CAOA 46 or ability to type 30 words per minute

Designed for all students whose keyboarding skill will be
primary and/or secondary to their vocation and/or personal use.
Provides the primary purposes of building speed and accuracy
and arranging letters, memos, reports, business forms and tables
in proper format.

562 INTRODUCTION TO BEGINNING COMPUTER KEYBOARDING (0.0)
3.0 hours per week: (1.5 hours lecture, 1.5 hours laboratory)

Introduces typing fundamentals, machine functions, keyboard
use, and speed and accuracy drills. Designed to develop a
minimum typing speed of 20 words a minute.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.
10 INTRODUCTION TO COMPUTER APPLICATIONS
4.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 56 or eligibility for ENGL 1A
Advisory: CAOA 20A, CAOA 62 or ability to type 25 words per minute

Introduces computer terminology, relationship between hardware and software, computer operating systems and application software such as word processing, spreadsheet, database management programs, Web features, and linking between application programs.
Transfer: CSU; UC. (CAN CSCI 2)

11 FORTRAN FOR SCIENTISTS AND ENGINEERS
4.0 hours per week: (2.0 hours lecture, 2.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MATH 65A or equivalent

Presents the Fortran language for programming computers. Includes techniques for analyzing problems and devising algorithms for the computer solution of problems requiring the use of elementary algebraic concepts.
Transfer: CSU; UC.

12 BEGINNING COBOL PROGRAMMING
4.0 hours per week: (3.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MATH 23, MATH 23SI or equivalent

Presents an introduction to programming computers using the Cobol programming language. Includes techniques for analyzing problems and devising algorithms for the computer solution of problems requiring the use of elementary algebraic concepts.
Transfer: CSU; UC.

14 BEGINNING BASIC PROGRAMMING
4.0 hours per week: (3.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MATH 23, MATH 23SI or equivalent

Presents an introduction to structured programming using the QUICK BASIC programming language. Includes techniques for analyzing problems and devising algorithms for the computer solution of problems requiring the use of elementary algebraic concepts.
Transfer: CSU; UC. (CAN CSCI 6)

17 “C” PROGRAMMING LANGUAGE
4.0 hours per week: (3.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable

Presents a course in programming computers using the ANSI “C” programming language. Includes techniques for analyzing problems and devising algorithms for the computer solution of problems requiring the use of elementary algebraic concepts.
Transfer: CSU; UC. (CAN CSCI 16)

19 OBJECT ORIENTED PROGRAMMING - C++
4.0 hours per week: (3.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Advisory: CIS 17, CIS 31 or CIS 114

This course presents the fundamental concepts of object oriented programming using the C++ language. The course includes techniques for problem analysis and software design with algorithmic problem solutions using basic procedural constructs. The course includes an introduction to simple data structures and their relation to software design.
Transfer: CSU; UC.

21 C# .NET PROGRAMMING
4.0 hours per week: (3.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Advisory: CIS 17, or CIS 19, or CIS 31, or CIS 114

Presents the fundamentals of the C# programming language and application development in the “DOT-NET” environment. Concepts include basic C# language syntax and structure, object-oriented design and programming, event handling, user interfaces, elementary data structures, and database connectivity.
Transfer: CSU; UC.

31 FUNDAMENTALS OF COMPUTER SCIENCE I
4.0 hours lecture per week
Associate Degree Applicable
Advisory: CIS 17 or CIS 114

Presents the fundamentals of an engineering approach to software development. Includes techniques for problem analysis and software design, implementation and verification. Includes algorithmic problem solving using basic procedural constructs and solving computational problems requiring an understanding of intermediate algebraic concepts. Introduction to object oriented programs, graphical user interfaces and software engineering.
Transfer: CSU; UC.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
32  FUNDAMENTALS OF COMPUTER SCIENCE II  (2.0)
4.0 hours lecture per week*
Associate Degree Applicable
Prerequisite: CIS 31

Continues the fundamentals of algorithmic problem solving and applications in the engineering of modern computer software using procedural and object-based methods and object oriented programming languages. Presents the principles of abstract data types, including the specification and implementation of simple abstractions such as tables, stacks, queues and lists. Includes basic searching and sorting algorithms and introduces the analysis of algorithms and recursion.
Transfer:  CSU; UC.

33  FUNDAMENTALS OF COMPUTER SCIENCE III  (2.0)
4.0 hours lecture per week*
Associate Degree Applicable
Prerequisite: CIS 32
Corequisite: CIS 41

Introduces advanced concepts in JAVA including: theory, generic programming implementation, applications, and analysis of Associated algorithms including lists, stacks, queues, hash tables, trees, and graphs, recursion, iteration, searching, and sorting algorithms and analysis.
Transfer:  CSU; UC.

40  MICROCOMPUTER ARCHITECTURE & PROGRAMMING  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CIS 17 or CIS 31
Advisory: MATH 24A and ENGR 19

Presents basic microprocessor concepts including internal architecture, memory, addressing, and control through the use of assembly language. Students will write a variety of assembly language programs to perform logic functions and high speed hardware control operations. The use of assemblers, linkers, and debugging tools will be explored.
Transfer:  CSU; UC.

41  DISCRETE STRUCTURES  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 29 and MATH 42 or Math 63 or High School equivalent

Introduction to structures of computer science: numbers, sets, relations, functions and trees. This course includes propositional and predicate logic, applications of predicate logic: preconditions, postconditions, invariants, guards; inductive proofs; applications to verification of algorithms; introduction to complexity of algorithms.
Transfer:  CSU; UC.

47  INDEPENDENT STUDIES:  (0.5 to 2.0)
COMPUTER & INFORMATIONAL SCIENCE
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken.

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of computer and information science under the direction of an instructor.
Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer:  CSU.

51  INTRODUCTION TO WEB PUBLISHING:  (3.0)
FRONTPAGE
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: CIS 10

Overview of the fundamentals of web publishing. This course provides an understanding of web publishing issues and the internet as well as a thorough working knowledge of Microsoft Frontpage.
Transfer:  CSU.

93  COMPUTER INFORMATION SYSTEMS  (0.5 to 4.0)
SPECIAL TOPIC
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.
111 INSTALLING AND MAINTAINING COMPUTER SOFTWARE  (2.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)*
Associate Degree Applicable

Presents the fundamentals of computer software installation and maintenance. Includes techniques for installing computer applications on various computer platforms. Students will learn how to install and upgrade personal computer software.

112 TROUBLESHOOTING COMPUTER APPLICATIONS  (2.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)*
Associate Degree Applicable

Presents the fundamentals of troubleshooting and repair of computer software. The course includes communication strategies and techniques for the diagnosis and repair of malfunctioning applications on various computer platforms. Includes the use of diagnostic tools and vendor services. Intended for students completing an Associate in Science degree in Computer Systems Technician program.

114 INTRODUCTION TO VISUAL BASIC  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MATH 23, MATH 23SI or equivalent

Introduces programming skills necessary to create Microsoft Visual Basic desktop applications. Instructs how to build custom, multiple-form applications incorporating menus, status bars, and custom toolbars. Includes writing code for input field validation and debug applications using debugging tools. Uses standard controls, control arrays, and create controls dynamically. Implements centralized error-handling in applications and creates setup programs to distribute applications.

Transfer: CSU.

115 VISUAL BASIC FOR INTERNET APPLICATIONS  (3.0)
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable
Advisory: CIS 114 or beginning programming language

Introduces Visual Basic as a tool for creating interactive web pages and linking to business applications. Topics from elementary programming techniques to more advanced subjects such as Active Server Pages and Active Data Objects will be covered. Course may be taken 4 times.

117 FUNDAMENTALS OF OBJECT-ORIENTED PROGRAMMING FOR TECHNICIANS  (2.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)*
Associate Degree Applicable

Presents concepts of computer programming using an object-oriented computer programming language. Includes techniques for problem analysis, software design, implementation, and verification with particular reference to object-oriented programming languages.

118 FUNDAMENTALS OF PROGRAMMING FOR THE INTERNET  (2.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)*
Associate Degree Applicable

Presents concepts of writing computer programs for use on the Internet. Includes techniques for problem analysis, software design, implementation, and verification with particular reference to object-oriented programming.

121 OPERATING SYSTEMS CONCEPTS I  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable

Presents the fundamentals of computer operating systems using the Windows operating system as the primary example. Covers how to install, configure and troubleshoot an operating system. Examines operating system concepts associated with applications software support and computer resource management and control.

122 INTRODUCTION TO LINUX  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: ELTECH 153

Presents detailed coverage of operating system concepts and provides the hands-on training necessary for the installation, configuration, and maintenance of the Linux operating system. Subjects covered include file system management and applications support, print server administration, creating user accounts and user groups, networking protocols and TCP/IP networking services, system backup and troubleshooting.

123 MICROCOMPUTER PERIPHERALS  (2.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)*
Associate Degree Applicable

Present the fundamentals of computer peripheral devices. Students will learn how to install and troubleshoot various internal and external computer system components.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
126  NETWORK OPERATING SYSTEMS CONCEPTS (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ELTECH 153 or equivalent
Advisory: CIS 130

Presents the concepts and provides the hands-on training necessary for the installation, configuration, and maintenance of a network based computer operating system. Subjects covered include client operating system installation and configuration, network resource location and access using directory services, managing the configuration database (registry), file systems and applications support. Networking protocols and TCP/IP networking services are examined, along with the above topics, during extensive hands-on exercises on a laboratory network. Course may be taken 4 times.

128  WINDOWS SERVER ADMINISTRATION (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ELTECH 153
Advisory: CIS 121

Provides the knowledge and skills necessary to perform network server configuration and administration tasks for a typical business network using the Windows Server operating system. Topics will include: configuring network resources, and Active Directory services, server performance optimization, backup strategies, auditing and monitoring network resources and events. Course may be taken 4 times.

130  NETWORKING FUNDAMENTALS (2.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)*
Associate Degree Applicable
Advisory: ELTECH 153

Provides students with classroom and laboratory experience in current and emerging networking technology. Topics include network terminology and protocols, the OSI and TCP/IP networking models, network topologies and media access control techniques, local area networks (LAN’s) and internetworking devices (repeaters, hubs, switches, and routers). Special attention is paid to LAN configuration and operation, media types, and IP addressing schemes.
Transfer: CSU.

131  ROUTER THEORY AND TECHNOLOGY (2.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: CIS 130

A course on router technology, router configuration, dynamic routing, and routing protocols. Other topics include Ethernet, Token Ring, and Fiber Distributed Data Interface (FDDI) network architectures, and detailed coverage of Transport Control and Internetworking Protocols (TCP/IP). Students will perform router initialization, configuration, testing, and troubleshooting using console ports, over the network Telnet sessions, and Trivial File Transport Protocol (TFTP) servers.
Transfer: CSU.

132  ADVANCED ROUTING AND SWITCHING (2.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: CIS 131

Presents advanced routing concepts such as: the Interior Gateway Routing Protocol (IGRP), network security and traffic control using Access Control Lists, and Novell’s IPX internetworking protocol. It also covers LAN switch configuration and technology, Virtual LANs, and the principles of Local Area Network design.
Transfer: CSU.

133  WIDE AREA NETWORKING (2.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: CIS 132

Presents concepts and protocols related to Wide Area Network (WAN) management and design. Detailed coverage is devoted to the Point-to-Point Protocol (PPP), Frame Relay, ISDN, DSL, Leased Lines (T1/T3), and Virtual Private Networks (VPNs). Hierarchical WAN design techniques are used in the completion of a Threaded Case Study (TCS).
Transfer: CSU.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
141 DATABASE SYSTEM ADMINISTRATION (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CAOA 64
Advisory: CIS 128

Provides the knowledge and skills required to install, configure, administer, and troubleshoot Microsoft SQL Server 2000 client-server database management system. Topics include architecture, planning, upgrading, installation, file management, security, backup and restoration of the data, performance issues, constructing and using structured query language (SQL) statements, creating/ transferring/deleting databases, and managing users. This course prepares students for the Microsoft Certified Professional (MCP) exam #70-228: Installing, Configuring, and Administering Microsoft SQL Server Enterprise Edition.
Course may be taken 4 times.

143 WEB SITE ADMINISTRATION (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CIS 128 or equivalent

Provides a solid understanding of what is going on behind the scenes of a Web Site. Coursework emphasizes Web Site structure, performance factors, Web Server maintenance, basic programming techniques, and scripting languages. Security issues such as daemons, auditing, IP spoofing and sniffing, firewalls, encryption, Java security, CGI security and viruses are covered.
Course may be taken 4 times.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.
CONSTRUCTION TECHNOLOGY - CTECH

47  INDEPENDENT STUDIES: CONSTRUCTION TECHNOLOGY  (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the technical field in which the study is to be undertaken

Provides an opportunity for in-depth study or practicum experience by an individual student in a selected topic in the construction technology area with support and direction from an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU.

50  INTRODUCTION TO CONSTRUCTION  (3.0)
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable
Advisory: ENGL 56 or ENGL 65

Presents the use and application of construction processes and materials for residential, commercial, heavy and highway construction. Covers topics such as elements of city planning, contracting, designing, construction finance, and real estate principals.
Transfer: CSU.

55  BASIC WOODWORKING  (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Presents the application of power and hand tools to the mill and cabinet trade. Examines types of woods, both hard and soft. Deals with methods of fastening and types of fasteners and joints. Emphasizes general power tools such as table saw, jointer, planer, drill press, sander, shaper and lathe. Safety, capabilities and techniques are covered. Course may be taken 2 times.
Transfer: CSU.

56  MACHINE WOODWORKING/FURNITURE  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CTECH 55

Presents the study, design, and development of practical applications for basic furniture cabinet, table, and chair construction as utilized by the wood products industry. Includes partitions, face frame, carcase, and basic door and drawer construction used in the furniture industry. Covers operation of woodworking machines, tools and processes, techniques, and care and suitability of tools and machines. Course may be taken 4 times.

57  CABINET MAKING/32 MM EUROPEAN CONSTRUCTION  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CTECH 55

Introduces European 32mm production methods as used in cabinetmaking. Includes European design and space utilization, European machinery, hardware, and the latest in European systems. Examines the influence of the 32mm system on the American cabinetmaking industry. Course may be taken 4 times.

58  CABINET MAKING/FACE FRAME CONSTRUCTION  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CTECH 55

Presents traditional face frame cabinet construction as applied in kitchens and bathrooms. Covers design, layout, and material analysis. Includes hands-on experience in carcase construction, face frames, partitions and construction of doors and drawers. Course may be taken 4 times.

63  CONSTRUCTION MANAGEMENT  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56 or ENGL 65

Presents the principles and practices of construction management for small firms, with emphasis on marketing, cost accounting, job costing, ownership structure, financing, legal requirements, and construction bonding.

64  BLUEPRINT READING  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56 or ENGL 65 and CTECH 50

Introduces basic skills in interpreting blueprints used in construction and interpreting requirements of a plan check. Covers architectural working drawings of residential, light construction, and commercial buildings. Provides an overview of building code provisions in a plan check.

65  BLOCK MASONRY  (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Introduces basic concrete block masonry skills. Includes manufacture, sizes and shape, installation techniques, basic plan reading, estimating, scaffolding, and concrete coring. Course may be taken 4 times.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
COURSES (CONTINUED)

66  BRICK MASONRY (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Advisory: CTECH 65

Provides lecture, demonstrations and training on the installation and uses of brick masonry, veneer fireplaces and cultured stone. Includes basic blueprint reading and estimating for masonry. Course may be taken 4 times.

68  RESIDENTIAL PLUMBING (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

Introduces basic residential plumbing theory, installation techniques, plan reading and estimating methods. Course may be taken 2 times.

69  RESIDENTIAL WIRING (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Advisory: CTECH 50

Introduces basic residential wiring skills. Includes basic electrical theory, installation techniques, basic plan reading, estimating and wiring methods. Course may be taken 2 times.

70  ADVANCED WOODWORKING (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CTECH 55

Introduces advanced wood and cabinet making skills. Examines the types of woods, plywoods, and composites used in European and faceframe cabinet systems. Includes methods of fastening cabinet joints, cabinet design, and production techniques. Course may be taken 2 times.

71A  HOMEBUILDING - LAYOUT AND CONCRETE I (3.0)
12.0 hours per week: (4.0 hours lecture, 8.0 hours laboratory)*
Associate Degree Applicable
Advisory: CTECH 50

Provides basic instruction in the skills required for employment in building construction. Includes instruction in tool, equipment, and construction site safety, surveying, blueprint reading, concrete formwork, backhoe operations, and concrete flatwork. Course may be taken 2 times.

71B  HOMEBUILDING - LAYOUT AND CONCRETE II (2.0)
12.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: CTECH 71A

Provides instruction to develop speed and skill through repetition and increasing responsibility for employment in building layout and concrete construction. Course may be taken 2 times.

72A  HOMEBUILDING - FLOOR AND WALL FRAMING I (3.0)
12.0 hours per week: (4.0 hours lecture, 8.0 hours laboratory)*
Associate Degree Applicable
Advisory: CTECH 50

Provides basic instruction in the skills required for employment in building construction. Includes instruction in rough carpentry, floor systems, wall framing, ceiling joists, exterior siding, shear walls, trusses, windows and roof sheathing, and fireplaces. Course may be taken 2 times.

72B  HOMEBUILDING - FLOOR AND WALL FRAMING II (2.0)
12.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: CTECH 72A

Provides instruction to develop speed and skill through repetition and increasing responsibility, for employment in rough carpentry including floor systems, wall framing, exterior siding, shear walls, trusses, windows, roof sheathing, and fireplaces. Course may be taken 2 times.

73A  HOMEBUILDING - ROOF FRAMING I (3.0)
12.0 hours per week: (4.0 hours lecture, 8.0 hours laboratory)*
Associate Degree Applicable
Advisory: CTECH 50

Introduces types of roof and stair systems, roofing, estimating live and dead loads, and specialized structural systems. Course may be taken 2 times.

73B  HOMEBUILDING - ROOF FRAMING II (2.0)
12.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: CTECH 73A

Provides an opportunity to develop speed and skill in framing roof systems, stair systems and specialized structural systems. Course may be taken 2 times.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
**COURSES (CONTINUED)**

74A **HOMEBUILDING - FINISH CARPENTRY I** (3.0)
12.0 hours per week: (4.0 hours lecture, 8.0 hours laboratory)*
Associate Degree Applicable
*Advisory: CTECH 50*

Provides basic instruction in the skills required to install interior and exterior doors, cabinet systems, interior and exterior trim, including stair cases, wainscot, decks and railings. Also covers basic millwork and machine use for making special moldings. Course may be taken 2 times.

74B **HOMEBUILDING - FINISH CARPENTRY II** (2.0)
12.0 hours laboratory per week
Associate Degree Applicable
*Prerequisite: CTECH 74A*

Course provides an opportunity to develop speed and skill in installing doors, installing cabinets, installing base, window, closet and wall trim, decks, railings, and interior finish. Course may be taken 2 times.

75 **BASIC HEATING, REFRIGERATION AND AIR CONDITIONING** (3.0)
3.0 hours lecture per week
Associate Degree Applicable
*Advisory: ENGL 56 or ENGL 65*

Introduces residential gas heating, commercial refrigeration, and residential air conditioning. Includes demonstrations and systematic problem solving of electrical and mechanical malfunction.

76 **BASIC WATER TREATMENT** (3.0)
3.0 hours lecture per week
Associate Degree Applicable
*Advisory: MATH 23 or MATH 23SI*

Prepares the student to become a Water Treatment Plant Operator, Grade 1 or Grade 2. Includes the study of plant operation, water sources and treatment, reservoir management, coagulation and flocculation, sedimentation, filtration, disinfection, taste and odor control, and corrosion control.

77 **WATER DISTRIBUTION SYSTEMS** (3.0)
3.0 hours lecture per week
Associate Degree Applicable
*Advisory: MATH 23 or MATH 23SI*

Prepares the student to be an operator for water storage and distribution systems. Provides an understanding of the basic operational and maintenance concepts of water distribution systems. Develops the ability to analyze and solve problems such as tastes and odors, corrosion damage, and system failures when they occur.

80A **BUILDING CODE I, ARCHITECTURAL DESIGN PROVISIONS** (3.0)
3.0 hours lecture per week
Associate Degree Applicable
*Advisory: CTECH 50 and eligibility for ENGL 65*

Introduction to the Building Code, concentrating on the permit process and fundamental architectural design requirements involving occupancies, maximum allowable area, type of construction, proximity to property lines, exiting, fire protection, disabled access, elevators, and construction safety. This course is the first in a series of two which will familiarize the student with building code provisions relating to the design and construction of residential and commercial structures. The emphasis will be on requirements which limit or specify the building space to be created.

80B **BUILDING CODE II, STRUCTURAL DESIGN AND MATERIAL PROVISIONS** (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Application of the Building Code, concentrating on basic structural requirements for wood, concrete, steel, and masonry construction. The course will cover code provisions for site preparation, foundations, roofing, and interior/exterior finish materials. This course is the second in a series of two which will familiarize the student with building code provisions relating to the design and construction of residential and commercial structures. The emphasis will be on requirements relating to the structural design of the building and the materials used to create the building space. Course may be taken 2 times.

81 **NATIONAL ELECTRICAL CODE** (3.0)
3.0 hours lecture per week
Associate Degree Applicable
*Advisory: CTECH 69 and ENGL 56 or ENGL 65*

Introduces the use of the National Electrical Code. Promotes an understanding of the electrical code necessary to the installation of such systems and the need to safeguard the public through uniformity and safety in building laws.

82 **UNIFORM PLUMBING AND MECHANICAL CODES** (3.0)
3.0 hours lecture per week
Associate Degree Applicable
*Advisory: CTECH 70 and ENGL 56 or ENGL 65*

Introduces the use of the Uniform Plumbing and Mechanical Code. Promotes an understanding of the plumbing and mechanical codes necessary to the installation of plumbing and HVAC systems and the need to safeguard the public through uniformity and safety in building laws. Course may be taken 2 times.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
83A COMMERICAL WIRING AND ELECTRICAL SYSTEMS  (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable

Presents planning, construction, and testing of a typical commercial electrical installation including: plans and specifications, applicable codes, load calculations, wire sizing, conduit fill analysis and bending, branch circuits, feeders, grounding practices, transient surge supression, uninterruptable power supply selection and installation techniques. Course developed in conjunction with the California Apprenticeship Council’s standards for the State Electrical Certification Examination.
Course may be taken 4 times.

83B INDUSTRIAL WIRING AND ELECTRICAL SYSTEMS  (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable

Studies the responsibilities and knowledge required for professional industrial electricians working under current state certification requirements including: the industrial electrical service, power and lighting, feeder bus systems, panelboards, fiber optics and other high bandwidth data cabling systems, harmonics and filtering, hazardous locations, power factor, ballasts, transformers, switching systems, grounding and bonding, installation techniques, and applying code requirements to all aspects of industrial wiring systems. Course developed in conjunction with the California Apprenticeship Council’s standards for the State Electrical Certification Examination.
Course may be taken 4 times.

93 CONSTRUCTION TECHNOLOGY SPECIAL TOPIC  (0.5 to 4.0)
Associate Degree Non-Applicable

Examines a special topic in the field of study related to the discipline offering this course.

569 RESIDENTIAL WIRING  (0.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Advisory: CTECH 50

Introduces basic residential wiring skills. Includes basic electrical theory, installation techniques, basic plan reading, estimating and wiring methods.

570 ADVANCED WOODWORKING  (0.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Prerequisite: CTECH 55, CTECH 555 or consent of instructor

Introduces advanced wood and cabinet making skills. Examines the types of woods, plywood, and composites used in European and faceframe cabinet systems. Includes methods of fastening cabinet joints, cabinet design, and production techniques.

571A HOMEBUILDING - LAYOUT AND CONCRETE I  (0.0)
12.0 hours per week: (4.0 hours lecture, 8.0 hours laboratory)
Advisory: CTECH 50

Provides basic instruction in the skills required for employment in building construction. Includes instruction in tool, equipment, and construction site safety, surveying, blueprint reading, concrete formwork, backhoe operations, and concrete flatwork.

571B HOMEBUILDING - LAYOUT AND CONCRETE II  (0.0)
12.0 hours laboratory per week
Prerequisite: CTECH 71A, CTECH 571A or consent of instructor

Provides instruction to develop speed and skill through repetition and increasing responsibility for employment in building layout and concrete construction.

572A HOMEBUILDING - FLOOR AND WALL FRAMING  (0.0)
12.0 hours per week: (4.0 hours lecture, 8.0 hours laboratory)
Advisory: CTECH 50

Provides basic instruction in the skills required for employment in building construction. Includes instruction in rough carpentry - floor systems, wall framing, ceiling joists, exterior siding, shear walls, trusses, windows and roof sheathing, and fireplaces.

572B HOMEBUILDING - FLOOR AND WALL FRAMING II  (0.0)
12.0 hours laboratory per week
Prerequisite: CTECH 72A, CTECH 572A or consent of instructor

Provides instruction to develop speed and skill through repetition and increasing responsibility for employment in rough carpentry including floor systems, wall framing, exterior siding, shear walls, trusses, windows, roof sheathing, and fireplaces.
573A HOMEBUILDING - ROOF FRAMING I
12.0 hours per week: (4.0 hours lecture, 8.0 hours laboratory)
Advisory: CTECH 50

Introduces types of roof and stair systems, roofing, estimating live and dead loads, and specialized structural systems.

573B HOMEBUILDING - ROOF FRAMING II
12.0 hours laboratory per week
Prerequisite: CTECH 73A, CTECH 573A or consent of instructor

Provides an opportunity to develop speed and skill and framing roof systems, stair systems and specialized structural systems.

574A HOMEBUILDING - FINISH CARPENTRY I
12.0 hours per week: (4.0 hours lecture, 8.0 hours laboratory)
Advisory: CTECH 50

Provides basic instruction in the skills required to install interior and exterior doors, cabinet systems, interior and exterior trim, including stair cases, wainscot, decks and railings. Also covers basic millwork and machine use for making special moldings.

574B HOMEBUILDING - FINISH CARPENTRY II
12.0 hours laboratory per week
Advisory: CTECH 74A or CTECH 574A

Course provides an opportunity to develop speed and skill in installing doors, installing cabinets, installing base, window, closet and wall trim, decks, railings, and interior finish.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
**COUNSELING - COUNS**

**50 MATH ANXIETY**
2.0 hours lecture per week
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in MATH 23, MATH 23SI or equivalent

Presents cognitive and behavioral techniques to reduce math anxiety as well as effective strategies for solving mathematical problems at the elementary algebra level.

**52 ORIENTATION TO COLLEGE FOR RE-ENTRY STUDENTS**
2.0 hours lecture per week*
Associate Degree Applicable

Directed toward the adult re-entry student, 25 years or older. Presents self exploration, goal setting, and developing a student education plan. Covers issues of time and stress management, value clarification, problem solving, decision making, college resources, and support systems.

**54 CAREER EXPLORATION**
2.0 hours lecture per week*
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Assesses the student’s interests, skills, personality, values, and includes career research in a planning process. Applies assessment information to occupational possibilities and choice of college majors.
Transfer: CSU.

**56 STUDENT SUCCESS**
2.0 hours lecture per week*
Associate Degree Applicable
Advisory: ENGL 56

Prepares students for a successful college experience. College skills will include the understanding of campus/community diversity, communication, financial planning for college, utilizing campus/community resources, setting educational priorities to include looking at major and certificate programs, and understanding of college rules, regulations, and policies.

**58 GREAT START TO COLLEGE**
0.5 hours lecture per week*
Associate Degree Applicable
Prerequisite: Completion of “Great Start” Assessment and Orientation Workshop
Advisory: ENGL 100

Introduces new students to Cuesta College and prepares them for their first semester. Students attend a “Great Start” Assessment Testing and Orientation workshop to understand the requirements for their educational goal of transfer, Associate Degree or certificate, as well as policies and procedures of the college. Students also attend student success workshops and complete a Student Education Plan (SEP).

**60 PLANNING FOR TRANSFER**
3.0 hours lecture per week*
Associate Degree Applicable
Advisory: ENGL 56

Designed to provide students with information and resources to facilitate a smooth transfer from Cuesta College to four year colleges and universities. Students learn to research transfer possibilities, find a school which fits their academic and personal needs, and develop a Student Educational Plan to plan transfer goal(s). transfer goal.

**61 CAREER SKILLS AND JOB SHADOWING**
2.0 hours lecture per week*
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Introduces career readiness concepts through exploration of personal work attitudes and skills, study of job search techniques, and job shadowing experiences.
Transfer: CSU.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
CRIMINAL JUSTICE - CJ

2  INTRODUCTION TO CRIMINAL JUSTICE  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  
Advisory: ENGL 56  

Presents the history, philosophy, and organization of the criminal justice system. Surveys criminal procedures and theories of crime, punishment, rehabilitation, and prevention. Reviews standards for professionalism in the system.  
Transfer: CSU; UC.

4  PRINCIPLES AND PROCEDURES OF THE JUSTICE SYSTEM  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  

Presents legal processes, responsibilities, and interrelationships of each component of the justice system. Includes a review of case and common law, pertinent court decisions, case methodology and research.  
Transfer: CSU.

6  CONCEPTS OF CRIMINAL LAW  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  

Presents elements of the penal code and general laws about crimes against persons, property, standards of morality, and the state.  
Transfer: CSU; UC.

8  LEGAL ASPECTS OF EVIDENCE  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  

Presents kinds of evidence and principles of admissibility, witness competency, privileged communications, and hearsay. Includes the procedures to be followed in evidence collection and preservation.  
Transfer: CSU.

10  PRINCIPLES OF INVESTIGATION  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  

Presents investigation fundamentals of crime scene search, collecting/ recording evidence, interviews and interrogation. Covers procedures used in investigating various kinds of criminal activity.  
Transfer: CSU.

12  JUVENILE JUSTICE PROCEDURES  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  

Presents the organization, functions, and jurisdiction of juvenile justice agencies. Covers juvenile processing and detention, case disposition, statutes, and court procedures.  
Transfer: CSU.

13  CONCEPTS OF ENFORCEMENT SERVICES  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  

Presents concepts, responsibilities, and techniques of police patrol in handling ordinary police occurrences, including public service responsibilities.  
Transfer: CSU.

24  POLICE-COMMUNITY RELATIONS  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  
Advisory: ENGL 56  

Examines the interrelationships between criminal justice agencies and the community. Emphasizes a public service image, an understanding of ethnic groups, and skills in confrontations with the public during crises.  
Transfer: CSU; UC.

47  INDEPENDENT STUDIES: CRIMINAL JUSTICE  (0.5 to 2.0)  
6.0 hours laboratory per week  
Associate Degree Applicable  
Prerequisite: The student must have completed preparatory course work in the technical field in which the study is to be undertaken  

Provides an opportunity for in-depth study or practicum experience by an individual student in a selected topic of criminal justice under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).  
Transfer: CSU.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
CULINARY ARTS - CULART

10  CULINARY ARTS FUNDAMENTALS I  (2.5)
10.0 hours per week: (2.5 hours lecture, 7.5 hours laboratory)*
Associate Degree Applicable

Introduces the student to the culinary arts profession and the professional kitchen. Emphasis on basic cooking methods, equipment use, and ingredients provides the student with a beginning understanding of food chemistry and cooking techniques. The course includes “hands-on” experience managing the dining room and kitchen in the production of stocks, broths, sauces, gravies, soups, and breakfast cookery.
Transfer: CSU.

13  FOOD SERVICE SAFETY AND SANITATION  (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Examines the principles of hygiene and sanitation and their application to food service operations. Emphasis is placed on the implementation of proper methods and procedures and the food handlers responsibility in maintaining high sanitation and safety standards.
Transfer: CSU.

20  CULINARY ARTS FUNDAMENTALS II  (1.5)
6.0 hours per week: (1.5 hours lecture, 4.5 hours laboratory)*
Associate Degree Applicable
Prequisite: CULART10
Corequisite: CULART25

Engages the student in the practical kitchen application of vegetable, grain, starch and the principles and practices used in producing pantry items in a commercial environment. A variety of menu items are prepared including salads, salad dressings, sandwiches, and vegetable, grain and legume dishes.
Transfer: CSU.

25  BAKING AND BAKING SCIENCE I  (1.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)*
Associate Degree Applicable
Prequisite: CULART 10
Corequisite: CULART20

Introduces the student to the basic skills needed for professional baking. Enables the student to learn and practice the skills and methods of the production of bread, desserts, and other baked goods using quantity production techniques.

93  CULINARY ARTS SPECIAL TOPIC  (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
DANCE

25 DANCE IMPROVISATION AND COMPOSITION
3.0 hours laboratory per week
Associate Degree Applicable

Exploration and development of improvisational and composition skills for the craft of choreography. Course may be taken 4 times. Transfer: CSU; UC.

28 SOCIAL DANCE FORMS
3.0 hours laboratory per week
Associate Degree Applicable

Introduction to social dance techniques. Instruction and practice to include Swing, Cha Cha, Waltz, Fox Trot, Rumba and Tango dances. Course may be taken 4 times. Transfer: CSU; UC.

49 DANCE ENSEMBLE
9.0 hours laboratory per week
Associate Degree Applicable

Prerequisite: By audition or consent of instructor
Advisory: One semester of dance technique in ballet, jazz, or modern recommended

A laboratory course providing instruction in various dance techniques, choreography, music collaboration, make-up, costume construction, light design, and set construction, cumulating in an informal dance performance. Requires rehearsal. Course may be taken 4 times. Transfer: CSU; UC.

50 DANCE HISTORY OF THE 20TH CENTURY
3.0 hours lecture per week
Associate Degree Applicable

A study of 20th century social and theatrical dance forms in the context of western societies with an emphasis on American dance. Influential choreographers, dancers and theorists will be discussed. Transfer: CSU; UC.

52 DANCE CULTURES OF THE WORLD
3.0 hours lecture per week
Associate Degree Applicable

An introductory overview to some of the major dance traditions of the world. Emphasis is on why people dance, how they dance and why they dance the way they do. The particular forms may vary each semester but may include: African, Asian, Native American, Flamenco, Hawaiian and primitive dance. Transfer: CSU; UC.

54 INTRODUCTION TO DANCE
3.0 hours laboratory per week
Associate Degree Applicable

Introduces the technique, history and choreography of the three major dance forms: ballet, jazz dance, and modern dance. Includes a final performance. Course may be taken 4 times. Transfer: CSU; UC.

55 BALLET
3.0 hours laboratory per week
Associate Degree Applicable

“Beginning Ballet”: Introduces classical ballet. Develops alignment, turnout, muscular control, grace, flexibility, five basic positions, terminology, and rhythm. “Intermediate Ballet”: Reviews fundamentals of ballet techniques with increased complexity and introducing additional movement vocabulary. Development of strength in feet by means of exercises on demi-point, development of stability and strength in legs by increasing the number of movements covered. Development of technique by executing the movements in a faster tempo. Course may be taken 4 times. Transfer: CSU; UC.

56 JAZZ DANCE
3.0 hours laboratory per week
Associate Degree Applicable

Introduces jazz dance techniques including phrasing, performance, technique, choreography, and the presentation of simple dance. Course may be taken 4 times. Transfer: CSU; UC.

58 DANCE CHOREOGRAPHY AND PERFORMANCE
6.0 hours laboratory per week
Associate Degree Applicable

Presents basic dance techniques and choreography as they apply to dance production. Requires rehearsal and performance of selected student and/or faculty pieces. Presents choreography and dance production experience in a professional stage setting to broaden and expand comprehension of dance as an artistic and commercial form of expression. Course may be taken 4 times. Transfer: CSU; UC.

DRAMA - DRA

1A PRINCIPLES OF ACTING  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  
Advisory: Eligibility for ENGL 56  
Explores each person’s creative artistic expression and emphasizes the study of acting as a discipline. The fundamental techniques of acting are explored by analyzing plays with an emphasis on the actor’s approach to personal awareness, characterization, and the performer’s relationship to all parts of the play’s production.  
Transfer: CSU; UC. (CAN DRAM 8)

1B PRINCIPLES OF ACTING  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  
Prerequisite: DRA 1A, DRA 48 or DRA 52  
Continues the study of the theory and practice of acting with special emphasis on styles and forms of acting.  
Transfer: CSU; UC. (CAN DRAM 22)

2 APPLIED PRINCIPLES OF ACTING  (3.0)  
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: DRA 1A  
Presents experience in ensemble interaction within the framework of dramatic works. Provides an opportunity to perform in workshop scenes and to present a program of short dramatic works for an audience.  
Transfer: CSU; UC.

5 INTRODUCTION TO DRAMATIC LITERATURE  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  
Advisory: Eligibility for ENGL 1A  
Surveys the development of the world theatre from Greek drama to the present time as observed in the reading of representative plays. Introduces the playwrights, works, conventions, and traditions of important movements in the history of the theatre.  
Transfer: CSU; UC.

6 THEATRE APPRECIATION  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  
Advisory: Completion of or concurrent enrollment in ENGL 56  
A study of the combined elements of theatre through examination of current and classical plays with special emphasis on dramatic analysis and cultural significance for non-drama majors. Also provides background in various technical aspects of production and in the skills and talents required to successfully produce both plays and musicals.  
Transfer: CSU; UC.

7 INTRODUCTION TO THE THEATRE  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  
Advisory: Eligibility for ENGL 1A  
Introduces theatre and related crafts such as costuming, lighting, and theatre architecture. Emphasizes awareness of components constituting an artistic entity and the ability to objectively evaluate a professional or non-professional performance.  
Transfer: CSU; UC. (CAN DRAM 18)

8 VOICE FOR THE ACTOR  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  
Advisory: DRA 1A  
Designed to (1) improve natural, clear, unaffected speech, and (2) eliminate negative habits and regional accents: exercises for physical tension, vocal support, tone production, vocal quality, and articulation.  
The course may be taken 3 times.  
Transfer: CSU; UC.

11A STAGECRAFT  (3.0)  
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)  
Associate Degree Applicable  
Introduces theatre shop equipment and basic construction techniques needed for design and fabrication of stage scenery and props.  
Transfer: CSU; UC.

11B STAGECRAFT  (3.0)  
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: DRA 11A  
Provides a basic background in technical drawing and fabrication of theatre scenery, props, and related stage properties through research and construction assignments.  
Transfer: CSU; UC.
*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.

<td>PRACTICUM: GUIDANCE OF THE YOUNG CHILD</td>
<td>(3.0)</td>
<td>7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory)</td>
<td></td>
<td>ECE 6 and Department of Social Services Title XXII, Section 101216B requires current TB clearance</td>
<td>Corequisite: ECE 7</td>
</tr>
</tbody>
</table>

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
9  PROGRAM: CURRICULUM AND ENVIRONMENT (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ECE 3 and ECE 7
Corequisite: ECE 10

Studies theories of play, creativity, and concept development as they relate to the preschool program. Develops the learning environment for young children including goals, curriculum, materials, equipment, and the interaction of children, staff, and families. Meets Title XXII requirements: DS 3.
Transfer: CSU.

10  PRACTICUM: CURRICULUM AND ENVIRONMENT (4.0)
10.0 hours per week: (1.0 hours lecture, 9.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ECE 8 and Department of Social Services Title XXII, Section 101215B requires current TB clearance
Corequisite: ECE 9

Applies principles of behavior and development which help to meet the needs of young children individually and in group settings. Includes theories of play, creativity, and concept development in planning, providing and evaluating the preschool program. Provides supervised practical experience in a preschool program. Meets Title XXII requirements: DS 3.
Transfer: CSU.

11  MUSIC AND MOVEMENT ACTIVITIES FOR YOUNG CHILDREN (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligible for ENGL 56

Presents techniques and guidelines for teaching movement exploration, physical education, and music to the preschool through grade three child. Examines the child’s need for effective movement skills and musical experiences. Meets Title XXII requirements: DS 3, DS 5.
Transfer: CSU.

14  PREKINDERGARTEN LEARNING & DEVELOPMENT GUIDELINES (0.5)
9.0 hours lecture per week
Associate Degree Applicable

Presents the Prekindergarten Learning and Development Guidelines developed by the California Department of Education. The Guidelines represent the best practices as defined by NAEYC for education appropriate for children ages’ three through five, including children with disabilities and other special needs.

15  MULTICULTURAL/ANTI-BIAS CURRICULUM (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: Eligibility for ENGL 56

Explores issues of diversity and social justice and applies these concepts to early childhood education curriculum. Includes construction of educational materials and participation in a variety of experiential activities. Meets Title XXII requirements: DS 3, DS 5. Acceptable for ES 114, Cal Poly.
Transfer: CSU.

20  ART FOR CHILDREN (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Presents the study of the developmental sequence of children’s art and the teaching implications for children from age two through age eight with an emphasis on creative expression, aesthetic development, cultural and art heritage. Introduces a variety of media including drawing, painting, collage, printmaking, clay, assemblage, mask and puppet making. Meets Title XXII requirements: DS 3, DS 5.
Transfer: CSU.

22  CRAFTS FOR SCHOOL AGE CHILDREN (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Presents the universal nature of crafts including their historical origins and current applications. Introduces a variety of crafts appropriate for school age children including weaving, dyes, embroidery and appliqué, quilting, candle making, jewelry and paper creations. This class fulfills part of the 12 units required for teachers in early childhood education programs.
Transfer: CSU.

34  CHILDREN’S LITERATURE (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A

Presents a survey of literature for children from infancy through elementary school with an emphasis on a diversity perspective. Introduces the genre: picture books, traditional literature, fantasy, poetry, historical fiction, realistic fiction, biography and informational books. Emphasizes understanding, analysis, appreciation and application through an in-depth examination of a variety of children’s books. Meets Title XXII requirements: DS3, DS5.
Transfer: CSU.
36 UNDERSTANDING THE CHILD WITH SPECIAL NEEDS
3.0 hours lecture per week
Associate Degree Applicable

Examines the characteristics of children with special needs and how to effectively meet their individual needs. Presents the identification, educational needs, behavior management, family relationships, children’s rights and community resources of/for the child with special needs.

41 INTERNSHIP
7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ECE 10, an interview and Department of Social Services Title XXII, Section 101216B requires current TB clearance

Provides selected advanced students an opportunity to experience the responsibilities of being intern staff members in a preschool program. Meets Title XXII requirements: DS 3.
Transfer: CSU.

42 INFANT-TODDLER CAREGIVING
3.0 hours lecture per week
Associate Degree Applicable

Presents theories, techniques, and guidelines for the appropriate care, nurturing and guidance of infants and toddlers. Examines the materials, equipment and activities appropriate for children from infancy through age three. Examines the special needs of infants and toddlers with regard to health and safety, nutrition, rest and toileting. Meets Title XXII requirements: DS 4.
Transfer: CSU.

42A INFANT-TODDLER CAREGIVING
MODULE I
9.0 hours lecture per week*
Associate Degree Applicable

Presents theories, techniques, and guidelines for the appropriate care, nurturing and guidance of infants and toddlers. Examines the principles of caregiving for infants and toddlers, caregiving routines and group care, caregiving as curriculum, and cross cultural communication.
Transfer: CSU.

42B INFANT-TODDLER CAREGIVING
MODULE II
9.0 hours lecture per week*
Associate Degree Applicable

Presents theories, techniques, and guidelines for the appropriate care, nurturing and guidance of infants and toddlers. Examines play as curriculum, development of attachment, implications of early brain development, and adult caregiving roles.
Transfer: CSU.

42C INFANT-TODDLER CAREGIVING
MODULE III
9.0 hours lecture per week*
Associate Degree Applicable

Presents theories, techniques, and guidelines for the appropriate care, nurturing and guidance of infants and toddlers. Examines the development of perception and motor skills.
Transfer: CSU.

42D INFANT-TODDLER CAREGIVING
MODULE IV
9.0 hours lecture per week*
Associate Degree Applicable

Presents theories, techniques, and guidelines for the appropriate care, nurturing and guidance of infants and toddlers. Examines the development of cognition, the development of language and communication and their importance in the development of the brain. Explores the impact of culture on communication and special considerations for special needs children.
Transfer: CSU.

42E INFANT-TODDLER CAREGIVING
MODULE V
9.0 hours lecture per week*
Associate Degree Applicable

Presents theories, techniques, and guidelines for the appropriate care, nurturing and guidance of infants and toddlers. Examines the development of emotions and social skills. Explores the development of self esteem, fears, trust, security, and autonomy. Presents guidance techniques appropriate for infants and toddlers.
Transfer: CSU.
191

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.

COURSES (CONTINUED)

42F  INFANT-TODDLER CAREGIVING (0.5)
MODULE VI
9.0 hours lecture per week*
Associate Degree Applicable

Presents theories, techniques, and guidelines for the appropriate care, nurturing and guidance of infants and toddlers. Examines the physical environment: equipment, safety, and group size. Explores the social environment: culture and self image, parental background and cultural perspectives, communication between parent and caregiver, and staff development.
Transfer: CSU.

44  SUPERVISION AND ADMINISTRATION OF PARENT PROGRAMS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ECE 5 or one year of Early Childhood Education teaching experience

Explores the interdependent relationship between the teacher and the parent(s) of a young child. Investigates the wide range of activities in parent involvement, parent participation, and parent education in early childhood education. Presents techniques for working with parent(s), including: development of long-range plans, interview and guidance skills, and the ability to work with small and large groups. Meets Title XXII requirements: DS 6 Basic.
Transfer: CSU.

45  ADULT SUPERVISION, EVALUATION AND STAFF RELATIONS IN ECE (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ECE 7 or one year of Early Childhood Education teaching experience

Presents principles and practices in staff relations and the supervision and evaluation of staff in early childhood programs. Includes the study of the method of clinical supervision and performance evaluation, leadership styles, group dynamics, conflict resolution, staff development, staff diversity, staff roles and responsibilities. Meets Title XXII requirements: DS 6 Advanced: DS 6 Advanced
Transfer: CSU.

46  ADMINISTRATION AND SUPERVISION OF EARLY CHILDHOOD SCHOOLS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ECE 44 or ECE 45

Presents principles and practices in supervision and management of preschools, child care centers, and other programs. Includes the study of program planning, organizing, budgeting requirements, developing personnel policy, doing record keeping, following legal requirements and establishing relationships with community, parents, and regulatory agencies. Meets Title XXII requirements: DS 6 Advanced.
Transfer: CSU.

47  INDEPENDENT STUDIES: EARLY CHILDHOOD EDUCATION (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of early childhood education under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU.

50  EARLY CHILDHOOD EDUCATION SEMINAR (0.5 to 3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Examines current issues in the field of early childhood education affecting children from infancy through age twelve. Meets Title XXII requirements: DS 3, DS 5. Course may be taken 4 times.

51  FUNDAMENTALS OF CHILD GROWTH AND DEVELOPMENT (2.0)
2.0 hours lecture per week
Associate Degree Applicable

Presents a study of human development from conception to adolescence. Examines cognitive, language, moral, physical, social, and emotional development, both typical and atypical. Fosters the understanding of human behavior and self-awareness.

Examines a special topic in the field of study related to the discipline offering this course.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
## COURSES

### ECONOMICS - ECON

#### 1A PRINCIPLES OF ECONOMICS
3.0 hours lecture per week  
Associate Degree Applicable  
*Prerequisite: MATH 23, MATH 23SI or equivalent*  
*Advisory: Eligibility for ENGL 56*

Introduces the concepts and tools of macroeconomic analysis, especially as they apply to the United States economy. Includes the economizing problem; resource allocation between the private and public sectors; national income determination; fiscal and monetary policies as they relate to business cycles; and alternative views of Keynesians, Monetarists and supply-siders as they relate to solving economic problems.  
**Transfer:** CSU; UC. (CAN ECON 2)

#### 1B PRINCIPLES OF ECONOMICS
3.0 hours lecture per week  
Associate Degree Applicable

Presents a continuation of ECON 1A with emphasis on the concepts and tools of microeconomic analysis as they pertain to the economics of the firm and resource allocation; current economic problems such as antitrust regulations, rural economics, urban economics, income distribution, the radical critique; international economics and the world economy.  
**Transfer:** CSU; UC. (CAN ECON 4)

#### 11 GLOBAL ECONOMICS
3.0 hours lecture per week  
Associate Degree Applicable  
*Advisory: ECON 1A*

Examines international trade patterns and the underlying economic theory. Issues to be investigated include trade policies, the emergence of developing nations, and international mobility. Included will be an exploration of past and present international financial relations.  
**Transfer:** UC.

#### 47 INDEPENDENT STUDIES: ECONOMICS
6.0 hours laboratory per week  
Associate Degree Applicable  
*Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken*

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of Economics under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).

---

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
EDUCATIONAL SERVICES - EDSER

120 EDUCATIONAL SERVICES EDUCATION (0.5 to 8.0)
SEMINAR
8.0 hours lecture per week*
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Examines current issues in the field of study relating to the educational program sponsoring the training/workshop seminar. Course may be taken 3 times.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
ELECTRONICS TECHNOLOGY - ELTECH

10 INTRODUCTION TO ROBOTICS (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable

Introduces basic principles of robot operation, applications, and programming. Students will analyze basic robot configurations and industrial applications, as well as proper uses, safety and workplace environment. Students will configure trainer robots for various applications, and program them with script language for process automation. Team robot design and competition will integrate many of the course concepts.

13 INTRODUCTION TO ELECTRONICS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 23 or MATH 23SI
Advisory: MATH 24A

Introduces fundamental topics in electricity and electronics. Principles and theory of DC and AC electronics are studied with heavy emphasis on basic concepts. Circuit analysis, test, measurement, and troubleshooting methods will be studied using computer simulation software.

15 COMPUTER MAINTENANCE SEMINAR (2.0)
36.0 hours lecture per week*
Associate Degree Non-Applicable

Prepares the student for the “A+” computer service technician certification. The course covers basic concepts of computer maintenance. Troubleshooting techniques, fault isolation, software configuration, hardware configuration, and PC maintenance will be some of the topics addressed.

30L TECHNICAL PHYSICS LAB (1.0)
3.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: MATH 23 or MATH 24A
Corequisite: PHYS 30

Presents applied physics concepts and experiments that support Technical Physics (PHYS 30) lecture material. The experiments form the basis of a well-balanced course in physics for the student who plans a career in a technical or vocational field. Experiments cover topics such as measurement systems, acceleration, friction, forces, power, work, levels, gears, simple machines, gas laws, pressure, volume, flow, heat, and waves. Physics concepts will be taught using industrial equipment whenever practical to show relationship between real world applications and physical laws.

47 INDEPENDENT STUDIES: ELECTRONICS TECHNOLOGY (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the technical field in which the study is to be undertaken

Provides an opportunity for in-depth study or practicum experience by an individual student in a selected topic in the Electronics Technology area with support and direction from an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU.

93 ELECTRONICS TECHNOLOGY SPECIAL TOPIC (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

111 LABORATORY TECHNIQUES I (1.0)
6.0 hours laboratory per week*
Associate Degree Applicable

Presents safety instruction for industrial situations, schematic interpretation, test equipment utilization, and circuit construction. Signal generators, test meters and oscilloscopes will be used. Students also will learn circuit board production techniques including soldering.

113 ELECTRONICS FUNDAMENTALS (6.0)
8.0 hours per week: (5.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in MATH 24A, MATH 27 or MATH 27SI

Introduces a broad range of topics in electricity and electronics. Fundamentals of DC, AC, transistors, and digital logic are all addressed with heavy emphasis on basic concepts. Circuit analysis methods and troubleshooting will be studied using a hands-on approach.
Transfer: CSU.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
115  ANALOG DEVICES  (2.0)  
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)*  
Associate Degree Applicable  
Prerequisite: ELTECH 113  
Advisory: ELTECH 124  

Presents fundamental concepts in: transistor amplifiers, silicon controlled rectifiers, and op-amp circuits. Class and lab projects will include the building and troubleshooting of circuits using both schematic/simulator tools and actual hardware.

116  DIGITAL CIRCUITS  (4.0)  
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: ELTECH 13 and ELTECH 111 or ELTECH 113  

Presents basic digital logic concepts, binary, octal, hexadecimal numbers used in digital logic systems, logic gates, counters, registers, sequential logic, integrated and programmable logic devices. These concepts will be expanded to include design applications.  
Transfer: CSU.

118  WIRELESS COMMUNICATION AND CONNECTIVITY  (2.0)  
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: ELTECH 112  
Advisory: ELTECH 113  

Course includes topics related to wireless network communications systems. This is an introductory course with broad exposure to the wireless communication field. General coverage of topics include: network communication channels, bandwidth and channel capacity, modulation and demodulation of digital information, transmission mediums, digital encoding and decoding, data communication protocols, wireless network topologies, and wireless connectivity.  
Transfer: CSU.

120  MICROCOMPUTER ARCHITECTURE AND PROGRAMMING  (2.0)  
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Advisory: CIS 114 and ELTECH 116  

Presents basic microprocessor concepts including internal architecture, memory, addressing, and control through the use of assembly language. Students will write a variety of assembly language programs to perform logic functions and hardware control operations. The use of assemblers, linkers, and debugging tools will be explored.  
Transfer: CSU.

122  LOGICAL TROUBLESHOOTING TECHNIQUES  (2.0)  
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)*  
Associate Degree Applicable  
Prerequisite: ELTECH 113  
Advisory: ELTECH 124  

Presents basic troubleshooting techniques at both the system and component levels. Covers logical and systematic troubleshooting processes; interpretation of block diagrams, flow charts, and schematics for use in fault isolation; determining signal flow paths in schematic diagrams; fault isolation methods such as bracketing, and half splitting; fault isolation in parallel systems and multiple channel systems; troubleshooting tools and techniques using: extender boards, chip clips, jumpers, piggyback IC’s, and applications of heat and cold.

124  INDUSTRIAL ELECTRONICS  (4.0)  
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: ELTECH 13 and ELTECH 111 or ELTECH 113  
Advisory: ELTECH 116  

Course includes basic topics related to industrial electronics. A brief review of analog circuits is expanded upon to develop more advanced circuit concepts. Topics include FET’s, SCR’s, basic components involved in motor control, DC and AC motors, and their controller circuits will be covered. Operational amplifiers will be covered, and their applications to sensor instrumentation. Transducers and applications to various sensors for heat, flow, force, etc. will be developed. Troubleshooting techniques for the above topics will be incorporated with each section.  
Transfer: CSU.

127  FLUID AND PNEUMATIC TECHNOLOGY  (4.0)  
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Advisory: PHYS 10  

Presents basic topics related to fluid and pneumatic systems and devices. Basic physics relating to fluid hydraulics and pneumatics will lead into applied topics such as tanks, pumps, pump filters, accumulators, actuators, valves, compressors, and pressure regulators. Some advanced topics such as accumulator circuits, directional control valves, sequencers, accumulator circuits, directional control valves, sequencers, pilots and solenoid controlled valves, and servo flow controlled valves will be addressed.  
Transfer: CSU.
128 PROGRAMMABLE LOGIC CONTROLLERS (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ELTECH 113
Advisory: CIS 14 or CIS 114 and ELTECH 120 or ELTECH 124

Course includes basic topics related to Programmable Logic Controllers (PLC). Topics include a discussion of the PLC’s purpose, basic operation, functions, and applications. PLC architecture and hardware will be investigated including I/O structures and configurations, central processing unit, and power supplies. PLC programming basics including relay ladder logic, extended relay instructions, timers and counters, math functions, data and bit manipulation will be studied. Programs will be written and debugged in a laboratory environment that interfaces to electromechanical, hydraulic and pneumatic equipment. PLC peripherals and accessories will also be studied.

Transfer: CSU.

135 ROBOTICS TECHNOLOGY (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: CIS 14, ELTECH 113 and PHYS 30

Introduces the history and use of robots in industry. Standard arm configurations and hardware including principles of path control, motion sensing, speed and position control, and servo-actuators are examined. Arm configuration, basic mechanics and kinematics of arm structure and hardware are investigated. End-effectors, supplemental tooling hardware, and sensors are studied in workcell applications. Includes programming the controller in a high level language using a teach pendant.

Transfer: CSU.

138 NUMERICAL CONTROL SYSTEMS (2.5)
7.0 hours per week: (4.0 hours lecture, 3.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: ENGR 26
Advisory: CIS 14 or CIS 114

Students will study CAD and CAM software and its application to manufacturing processes. Software will be utilized to design components that will be produced on CNC machinery. The basics of CNC hardware and operation, as well as programming will be studied. The mathematics of controlling tool paths, the integration of software and hardware, and the manufacturing of products using CNC machines will be applied to lab experiments.

139 COMPUTER NUMERICAL CONTROLS (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: CIS 14 and ENGR 26

Presents basic concepts in CAD and CAM software and its application to manufacturing processes. Software will be utilized to design components that will be produced on CNC machinery. The basics of CNC hardware and operation, as well as programming in one, two, and three dimensions will be studied. The mathematics of controlling tool paths, the integration of software and hardware, and the manufacturing of products using CNC machines will be applied to lab experiments. 

Transfer: CSU.

144 COMPUTER INTEGRATED MANUFACTURING (2.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ELTECH 138
Advisory: ELTECH 128 and ELTECH 135

This course combines the concepts of robotics, computer numerical control, and automation programming into an integrated manufacturing setting. Control of manufacturing processes by both centralized and distributed computer systems will be studied. The manufacturing processes using CAD design, CAM implementation and finished CNC product, will be integrated into a robotic assembly line utilizing a vision inspection system for quality control. Broader CIM concepts of Just In Time (JIT) manufacturing, Database Management System (DBMS), Manufacturing Resource Planning (MRP), and OSI-based Manufacturer’s Automation Protocol (MAP) will be discussed or implemented in lab settings.

150 INDUSTRY INTERNSHIP (2.0 to 4.0)
10.0 hours per week: (1.0 hours lecture, 9.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ELTECH 144

Students obtain and complete a cooperative work placement with emphasis on development and use of technical, analytical, report writing and presentation skills. Students complete work term logs, employment-related technical reports and presentations. Course may be taken 4 times.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
The course will develop the students’ ability to plan, schedule, self-direct, evaluate, build communication skills, and develop team building techniques. Students are required to undertake a large manufacturing and automation project, simulating as nearly as possible the integration of advanced technologies. Course may be taken 4 times.

153 MICROCOMPUTER FUNDAMENTALS FOR TECHNICIANS (3.0)  
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Advisory: ELTECH 113

Introduces fundamental concepts involved with upgrading and repairing personal computer systems. Includes topics on the “A+” computer service technician certification. Lectures and labs will cover internal microcomputer operation, operating systems, primary and secondary storage methods (system memory modules and disk drives), adapter cards, serial and parallel ports, and power supplies. Different components and subsystems will be compared and evaluated based on performance specifications and design considerations. Course may be taken 4 times.  
Transfer: CSU.

154 ADVANCED MICROCOMPUTER MAINTENANCE (4.0)  
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: ELTECH 153 or equivalent  
Advisory: MATH 24A

Prepares the student for the COMPTIA “A+”, and “SERVER+” computer service technician certifications. The course builds on basic concepts taught in the Microcomputer Fundamentals course, and incorporates digital troubleshooting practices taught in the Digital Circuits course. PC hardware, internal architecture, Multiple OS’s, advanced software tools, storage devices, RAID controllers, Dual Processor systems, hard disk recovery, communications devices, video and audio will be studied. Troubleshooting techniques, fault isolation, software configuration, hardware configuration, and PC maintenance will also be addressed.  
Transfer: CSU.

Addresses topics on the BICSI LEVEL I industry standard network cabling certification test. Presents basic concepts in network cabling and its application to network infrastructure. Basic terminology, cable types, wiring structures, installation factors and techniques will be discussed. LAN topologies, wiring technology, management, and standards will be investigated and applied to lab practice. Termination techniques for twisted pair and fiber optic cables and connectors will be studied and applied. Fiber optic theory, cable design, and cabling techniques will be investigated. Testing of network cabling and terminations using conductivity, bandwidth, attenuation, and time domain reflectivity will be explored. Course may be taken 4 times.  
Transfer: CSU.

156 ADVANCED NETWORK CABLELING CERTIFICATION (2.0)  
3.0 hours per week: (1.5 hours lecture, 1.5 hours laboratory)  
Associate Degree Applicable  
Advisory: ELTECH 113, ELTECH 155, MATH 23

Presents advanced network connectivity topics included in the BICSI Level 2 and Technician certifications. Includes advanced copper cabling and terminations, fiber optic theory, cabling, and termination techniques. Grounding and bonding, performance testing, and inspection of copper and fiber systems will also be covered.  
Course may be taken 4 times.  
Transfer: CSU.

157 COMPUTER INSTRUMENTATION AND CONTROL (4.0)  
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Advisory: ELTECH 124

Course includes topics related to basic process instrumentation and control developed in conjunction with Pacific Gas and Electric’s (PG&E’s) I&C technician training program. A brief review of industrial electronics is expanded upon to develop more advanced process instrumentation and control concepts. Topics include advanced applications of components used in both DC and AC motor control, recorders, control valves and actuators, temperature sensors, pressure sensors, level sensors, flow sensors and instrumentation maintenance techniques.  
Transfer: CSU.
167  POWER SYSTEMS AND ROTATING ELECTRICAL MACHINERY  (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: ELTECH 124

Course includes topics related to fundamental industrial electrical maintenance training developed in conjunction with Pacific Gas and Electric’s (PG&E’s) Electrical Maintenance Training Program. A brief review of electrical theory and practical troubleshooting is expanded upon to develop comprehensive electrical power system concepts. Topics include power drawings and circuit diagrams, grounding-cabling and conduit, meters, power transformers, circuit protection, relays, rotating electrical machinery, electrical testing equipment, bolting practices, controllers, safety and fire protection.
Transfer: CSU.
EMERGENCY MEDICAL TECHNOLOGY - EMT

1  EMERGENCY MEDICAL TECHNICIAN I  (6.0)
7.0 hours per week: (6.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: California Code of Regulations, Title 22 Section 100066 (2) requires verifying CPR training equivalent to the American Heart Association’s Guidelines at the Healthcare Provider level.
Advisory: Eligibility for ENGL 56

Presents the techniques of emergency medical care presently considered within the responsibilities of the Emergency Medical Technician 1. Includes laboratory practice of selected skills. Students must be 18 years of age or older to be certified.
Transfer: CSU.

2  EMERGENCY MEDICAL TECHNICIAN I REFRESHER  (1.5)
7.0 hours lecture per week*
Associate Degree Applicable
Prerequisite: Emergency Medical Technician 1 certificate

Reviews and updates knowledge and skills required to qualify for the State of California Emergency Medical Technician Level 1 certification. EMT Basic certificate and social security numbers will need to be received in the nursing office in order to register online for this course.

3  HAZARDOUS MATERIALS FIRST RESPONDER OPERATIONAL  (1.5)
9.0 hours lecture per week*
Associate Degree Applicable

Presents the theory to be used in an emergency medical response to hazardous materials incidents, a guide for first responders. After successful completion of this course, the student will receive a California State certificate for Hazardous Materials First Responder “Operational” and Emergency Medical Response to Hazardous Materials Incidents. Course may be taken 4 times.

4  EMERGENCY VEHICLE OPERATORS - AMBULANCE  (0.5)
5.5 hours per week: (4.0 hours lecture, 1.5 hours laboratory)*
Associate Degree Applicable
Prerequisite: Valid CA driver’s license and be 18 years or older

Presents ambulance operators with knowledge and skills to operate vehicles so that vehicle, equipment, crew, and patients will be delivered safely and efficiently. The safety of the public will be assured during all phases of the delivery of Emergency Medical Services (EMS) involving the ambulance. Course may be taken 4 times.

93  PARAMEDICAL SPECIAL TOPIC  (0.5 to 4.0)
Associate Degree Non-Applicable

Examines a special topic in the field of study related to the discipline offering this course.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
EMERITUS COLLEGE - EMCOLL

400 LITERATURE BY LOCAL AUTHORS (0.0)
3.0 hours lecture per week*

Presents discussion of selected novels, short story collections, and poetry by San Luis Obispo area writers. These works are considered in the context of contemporary fiction and poetry using techniques of reading, analysis, and discussion.

401 WRITING BITS AND PIECES OF PERSONAL HISTORY (0.0)
3.0 hours lecture per week*

Introduces the use of memoirs, essays, vignettes, and letters to write small incidents of personal history after reading and discussing examples of these genres. Student writing is read, discussed, revised, and edited.

406 COMPOSING YOUR LIFE STORY (0.0)
3.0 hours lecture per week*

Presents the process of ordering and developing chronologically a personal history, including introductory genealogical research and preservation of family historical materials.

407 FUNDAMENTAL MUSIC THEORY FOR SENIORS (0.0)
3.0 hours lecture per week*

Presents the fundamentals of music theory in an overview of classical and popular music from the earliest recorded to the present. This class includes the study of musical themes, melodic and bass lines, and orchestra instruments as well as participation in music games and singing.

408 BEGINNING MUSIC ARTS FOR SENIORS (0.0)
3.0 hours lecture per week*

Develops critical listening ability and enriches musical experiences with the study of style, intonation, and lyrical content of musical selections. Attendance at concerts and preliminary and follow-up discussions help students to become more critical listeners.

409 SENIOR CHORUS (0.0)
3.0 hours lecture per week*

Studies choral literature including selections from the 16th century to the present, encompassing numerous musical styles. The class presents vocal exercises, fundamentals of music theory, and the aesthetics of music. A performance for family and friends may conclude the class.

411 CREATIVE WRITING FOR SENIORS (0.0)
3.0 hours lecture per week*

Introduces the writing of creative nonfiction, plays, poetry, or short fiction. Students read and discuss published writing and workshop their own writing.

413 PASTEL DRAWING AND PAINTING FOR SENIORS (0.0)
3.0 hours lecture per week*

Introduces the techniques and materials of pastel with emphasis on color, form, value, composition, perspective, and visual creativity. Subjects covered include landscape components, still life, and the human form.

415 YOGA FOR SENIORS (0.0)
3.0 hours laboratory per week*

Presents yoga to enhance health and well-being. Instruction and practice includes passive exercise adapted for students over the age of 50, relaxation while stretching, strengthening, deep breathing, postural alignment, yoga asanas (postures) to enhance and develop full range of motion, flexibility of muscles, strengthening of musculature while holding poses.

420 FINANCE: WILLS AND TRUSTS (0.0)
3.0 hours lecture per week*

Presents the pros and cons of wills and trusts, the process of probate, the types of trusts and of powers of attorney. Students find out what they need to know to make informed estate-planning decisions.

421 GREAT LITERATURE: SELECTED READING (0.0)
3.0 hours lecture per week*

Presents a guided reading of a selected great work of literature such as Dante’s Inferno or Virgil’s Aeneid or a play by William Shakespeare. Reading selection changes each session. Discussion of theme, setting, characterization occurs in class; in addition, students read aloud portions of the work and learn about the historical and cultural context of its writing.

422 ACCOUNTING: FINANCIAL STATEMENTS (0.0)
3.0 hours lecture per week*

Presents the content and construction of financial statements, and the interpretation and application of their contents.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
**COURSES (CONTINUED)**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>423</td>
<td>ART: WATERCOLOR</td>
<td>0.0</td>
<td>Introduces the fundamentals of watercolor. Planning and preparation, color mixing and theory, design and composition, perspective are included. Several painting techniques and criteria for evaluation are taught as students create and critique their work.</td>
</tr>
<tr>
<td>424</td>
<td>ART: PAINTING/OIL PAINTING</td>
<td>0.0</td>
<td>Presents theories of color mixing and composition, and the process of critiquing. Students create a piece of work in oil or acrylic.</td>
</tr>
<tr>
<td>425</td>
<td>ART HISTORY</td>
<td>0.0</td>
<td>Presents an overview of art emphasizing historical development and cultural influences. Discussion and evaluation of works may center on a particular period or type of art such as modernism or impressionism or folk art, or may be a more general presentation spanning several centuries.</td>
</tr>
<tr>
<td>426</td>
<td>DRAMA: READER’S THEATRE</td>
<td>0.0</td>
<td>Presents an opportunity to analyze, interpret, and perform orally a work of literature. Selections may be chosen from drama, poetry, short stories or novels, and are adapted specifically for in-class dramatic readings.</td>
</tr>
<tr>
<td>427</td>
<td>NUTRITION AND HEALTH FOR ADULTS OVER FIFTY</td>
<td>0.0</td>
<td>Presents the basics of nutrition, how older adults’ nutritional needs differ, and how to meet those needs. Students learn about shopping in today’s marketplaces and how to eat to aid recovery from surgery and illness.</td>
</tr>
<tr>
<td>428</td>
<td>FILM APPRECIATION</td>
<td>0.0</td>
<td>Studies major films to consider historical context, dramatic issues, artistic and technical objectives, and the process and elements of filmmaking.</td>
</tr>
<tr>
<td>429</td>
<td>PHOTOGRAPHY: EQUIPMENT AND TECHNIQUES</td>
<td>0.0</td>
<td>Presents camera choices, developing and printing techniques available through commercial developers, light and composition, and traveling with a camera.</td>
</tr>
<tr>
<td>431</td>
<td>TRANSITIONS: MIDLIFE AND BEYOND</td>
<td>0.0</td>
<td>Examines the changes of midlife and beyond such as retirement, bereavement, travel, community involvement, and grandparenting, with the intent to discuss, anticipate, and respond to concerns and challenges.</td>
</tr>
<tr>
<td>432</td>
<td>GENEALOGICAL RESEARCH</td>
<td>0.0</td>
<td>Provides an introduction to and overview of genealogical research, including the collection of genealogical information from a variety of sources and the composition of pedigree charts and history sheets.</td>
</tr>
</tbody>
</table>

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
1  PLANE SURVEYING (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MATH 29 or equivalent

Introduces the principles and practices of surveying, including the use of the engineer’s tape, level, transit, and the use of an EDM (Electronic Distance Measurement). This equipment will be used to perform computations for horizontal and vertical distances, profiles, azimuths and bearings, traverse closures, topographic mapping, earthwork and land grading, and horizontal and vertical curves. Maps and land description also will be discussed.
Transfer: CSU; UC. (CAN ENGR 10)

17  INTRODUCTION TO ELECTRONIC CIRCUIT ANALYSIS (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: PHYS 8B

Presents an integrated transient and steady-state analysis of linear DC and AC circuits by use of the mesh and node approach. Examines network theorems, phasors, complex-frequency concepts, and computer circuit analysis.
Transfer: CSU; UC. (CAN ENGR 6)(CAN ENGR 12)

19  LOGIC AND SWITCHING CIRCUITS (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CIS 17 or CIS 31

Introduces digital circuits and logic design for computer science and electrical engineering students. Topics include numbering systems and binary mathematics, Boolean algebra and circuit minimization techniques, combinational and sequential circuit analysis and design.
Transfer: CSU.

25  AUTOCAD (1.0)
6.0 hours per week: (4.0 hours lecture, 2.0 hours laboratory)*
Associate Degree Applicable
Advisory: CIS 10 or basic knowledge of a Windows operating environment

Introduction to AutoCAD. Topics include all basic drawing commands, layers, dimensioning, and editing objects. Intended for those students wanting to learn the software and not necessarily how to draw. Ideal for professional engineers and architects or students in architecture or interior design. This course is exactly the same material as the first six weeks of ENGR 26 (18 week course).
Course may be taken 2 times.

26  ENGINEERING DRAWING I (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable

Introduction to engineering drawing using AutoCAD. Topics include geometric construction, orthographic projection, isometrics, sectionals, auxiliaries, descriptive geometry, dimensioning, and working drawings. The first six weeks of this course are the same as ENGR 25.
Course may be taken 4 times.
Transfer: CSU; UC.

27  ENGINEERING DRAWING II (3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ENGR 25 or ENGR 26

Presents advanced subjects in engineering drawing using AutoCAD and Inventor. Course topics include 3D, macros, customization, and an introduction to AutoLisp.
Course may be taken 4 times.
Transfer: CSU; UC.

45  MATERIALS ENGINEERING (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CHEM 1A

Presents the fundamentals of the structure of matter. Introduces physical and mechanical properties of materials including metals, alloys, ceramics, insulating materials, semi-conductors, and polymers. Provides a study of heat treatments, materials selection, corrosion phenomena, and equilibrium diagrams.
Transfer: CSU; UC. (CAN ENGR 4)

47  INDEPENDENT STUDIES: ENGINEERING (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the technical field in which the study is to be undertaken

Provides an opportunity for in-depth study or practicum experience by an individual student in a selected topic in the engineering area with support and direction from an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU; UC.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
48  **INTRODUCTION TO ENGINEERING**  (1.0)
1.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56 or ENGL 65

Broad overview of the field of engineering, including professional societies and their student chapters, professional licensing and registration, professional codes of ethics, the elements of engineering design, and the scope of analysis and design activities undertaken by private and public sector civil design professionals.

**Transfer:** CSU; UC.

---

50  **ENGINEERING STATICS**  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: PHYS 8A

Analyzes forces on structures in equilibrium, properties of forces, moments, couples and resultant, conditions for equilibrium, friction, centroids, and area moments of inertia. Introduces mathematical modeling and problem-solving utilizing vector mathematics.

**Transfer:** CSU; UC. (CAN ENGR 8)

---

51  **ENGINEERING DYNAMICS**  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGR 50

Analyzes the dynamics Associated with motion of rigid bodies and particles, including velocity, acceleration, relative motion, energy, work, momentum, and impulse. Utilizes vector mathematics.

**Transfer:** CSU; UC.

---

52A  **STRENGTH OF MATERIALS I**  (2.0)
4.0 hours lecture per week*
Associate Degree Applicable
Prerequisite: ENGR 50

Study of stresses, strains, and deformations Associated with axial, torsional, and flexural loading of bars, shafts, and beams. Includes analysis of elementary determinate and indeterminate mechanical and structural systems.

**Transfer:** CSU; UC.

---

52B  **STRENGTH OF MATERIALS II**  (2.0)
4.0 hours lecture per week*
Associate Degree Applicable
Prerequisite: ENGR 52A

Study of stress and strain transformations, analysis of beam deflection and rotation, indeterminate beams, and column buckling.

**Transfer:** CSU; UC.

---

60  **STRUCTURAL SYSTEMS FOR ARCHITECTS**  (2.0)
2.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGR 50

Introduces the concepts of structural integrity and stability, structural subsystems, and methods of analysis.

**Transfer:** CSU.

---

70  **NUCLEAR POWER PLANT SYSTEMS**  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGR 26

Presents a description of systems and major components, their function, materials of construction design, operating characteristics, limits of operation, system interfaces, and where applicable, control systems and limits associated with a Pressurized Water Reactor (PWR) commercial nuclear power plant. Access to the course requires current employment at PG&E Diablo Canyon Power Plant.

---

72  **BASIC RADIATION PROTECTION TECH & RADIATION MEASUREMENTS LAB**  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: ENGR 70 and PHYS 5B

Introduces the principles and applications of health physics covering radiation sources, biological effects of radiation and radiation dosimetry fundamentals. Presents a description of radiation detection instrumentation, external personnel monitoring systems, and internal dosimetry techniques used in industry. Environmental survey techniques including standards, contamination, control, air sampling, waste management and emergency planning are examined.

---

74  **REACTOR CORE FUNDAMENTALS**  (2.0)
2.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGR 70 and PHYS 5B

Introduction to the basic concepts of nuclear reactor core physics. Topics include: neutron sources and energies; flux, cross-sections, reaction rates; power and energy. Neutron life cycle, six factor formula and reactivity are defined and examined. Reactivity defects for given reactivity coefficients and temperature changes are calculated. Applications to various reactor designs involving different core geometrics for heterogeneous and homogeneous systems are made.

---

93  **ENGINEERING SPECIAL TOPIC**  (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

---

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.

Asterisk coded courses are always taught in less than a full semester.
ENGLISH - ENGL

1 TECHNICAL WRITING AND ORAL COMMUNICATION (4.0)
4.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 50, ENGL 56 or ENGL 65 with a grade of C or better

Presents work in effective written communication, including persuasive letters and memos, informative short reports, comprehensive and clear instructions, and an analytical formal report. Introduces students to basic oral communication for the workplace.
Transfer: CSU.

1A ENGLISH COMPOSITION (4.0)
4.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 50, ENGL 56 or ENGL 65 with a grade of C or better

Provides a study of and practice in the use of language and writing of argumentative/analytical essays and research papers.
Transfer: CSU; UC. (CAN ENGL 2) (ENGL 1A + ENGL 1B = CAN ENGL SEQ A)

1B ENGLISH COMPOSITION: INTRODUCTION TO LITERATURE (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a grade of C or better

Introduces the study of the novel with emphasis on understanding, analysis, and appreciation of the novel through an in-depth examination of a variety of literary works.
Transfer: CSU; UC.

1C ENGLISH COMPOSITION: CRITICAL THINKING (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a grade of C or better

Introduces the study of the short story with emphasis on understanding, analysis, and appreciation of the short story through an in-depth examination of a variety of literary works.
Transfer: CSU; UC.

5 INTRODUCTION TO POETRY (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a grade of C or better
Advisory: ENGL 1B

Introduces the study of poetry with emphasis on understanding, analysis, and appreciation of poetry through an in-depth examination of a variety of literary works.
Transfer: CSU; UC.

6 INTRODUCTION TO THE NOVEL (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a grade of C or better
Advisory: ENGL 1B

Provides an introduction to the study of literature with further training in writing and critical thinking. Emphasis is placed on analysis of selected literary forms and types, specifically the short story, drama, and poetry.
Transfer: CSU; UC. (CAN ENGL 4) (ENGL 1A + ENGL 1B = CAN ENGL SEQ A)

12A AMERICAN LITERATURE (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a grade of C or better

Presents a survey of American literature from the pre-colonial period to the Civil War. Introduces the study of major American writers against their historical backgrounds. Such writers as Bradstreet, Paine, Franklin, Jefferson, Poe, Cooper, Irving, Bryant, Melville, Hawthorne, Longfellow, Emerson, Thoreau, Whitman, and Dickinson are studied.
Transfer: CSU; UC. (CAN ENGL 14) (ENGL 12A + ENGL 12B = CAN ENGL SEQ C)

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.
All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.

12B AMERICAN LITERATURE  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a grade of C or better
The study of major America writers from the Civil War up through contemporary times. Includes writers such as Twain, Howells, Crane, London, Hemingway, Steinbeck, Faulkner, Wright, Dos Passos, Frost, Pound, Eliot, Stevens, Cummings, O’Neill, Tennessee Williams, Arthur Miller, O’Connor, Alice Walker, Berryman, Lowell, Sexton and Plath.
Transfer: CSU; UC. (CAN ENGL 16)(ENGL 12A + ENGL 12B = CAN ENGL SEQ C)

13 MULTICULTURAL VOICES IN AMERICAN LITERATURE  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a grade of C or better
Introduces current literary study which focuses upon issues of race, gender, class, sexual orientation, and ethnicity in American literature. Surveys American history and culture in the context of its multicultural literary tradition from the early Native American tradition to present day. Emphasizes the formation of minority discourse against and within American mainstream culture and its literary tradition. Uses poems, novels, short stories, and essays for study.
Transfer: CSU; UC.

15 SHAKESPEARE  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a grade of C or better
Introduces Shakespeare’s works with emphasis on analysis of character and structured scene and requires preparation of critical papers based on analytical reading and investigation.
Transfer: CSU; UC.

16 LITERATURE AND FILM  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a grade of C or better
Presents the techniques of literary criticism to analyze films and the literary works that inspired them. Examines narrative in film and the criteria for evaluating films and literature emphasizing objective analysis and comparison and contrast.
Transfer: CSU; UC.

17 LITERATURE BY WOMEN  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a grade of C or better
Presents a survey of literature by women of English-speaking countries from the Middle Ages to the 21st century, with an emphasis on comparing historically oppressed women writers (including African-American and lesbian writers) to those in the mainstream. Authors covered include Phillis Wheatley, Anne Bradstreet, Mary Wollstonecraft, Jane Austen, Sojourner Truth, Harriet Beecher Stowe, Kate Chopin, Willa Cather, Gertrude Stein, Virginia Woolf, Zora Neale Hurston, Anne Sexton, Maya Angelou, Adrienne Rich, Toni Morrison, Sylvia Plath, Audre Lorde, Alice Walker, and Louie Erdrich.
Transfer: CSU; UC.

31 CREATIVE WRITING  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a grade of C or better
Presents an opportunity for creative literary expression and emphasizes techniques in writing poems, and/or short stories, and/or plays for informal discussion and criticism by the class and by the instructor. Provides the opportunity to discover one’s talent and to practice writing skills.
Transfer: CSU; UC. (CAN ENGL 6)

42H HONORS SEMINAR: ENGLISH COMPOSITION  (1.0)
1.0 hours lecture per week
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in ENGL 1A
Provides the opportunity for broadening a student’s background in general education and for providing study and practice in greater depth in writing. Emphasis is on discussion and analysis of subject matter, issues related to the field of study and current advancements in the field. Open only to students admitted to the honors program.
Transfer: CSU; UC.

44A EUROPEAN LITERATURE  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a grade of C or better
Presents a survey of European literature from the early Greeks up through the Renaissance of the 15th and 16th centuries. Major works and authors covered include Homer, Sophocles, Aristophanes, Plato, Aristotle, Virgil, Ovid, Catullus, “The Song of Roland,” Dante, Boccaccio, Petrarch, Rabelais, Cellini, Erasmus, Machiavelli, and Cervantes.
Transfer: CSU; UC.
44B  EUROPEAN LITERATURE  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a grade of C or better

Presents a survey of European literature from the Neo-classical Age up into the moderns of the 20th century. Major authors covered include Moliere, Racine, Voltaire, Rousseau, Goethe, Flaubert, Tolstoy, Ibsen, Chekhov, Baudelaire, Kafka, Sarte, and Camus.
Transfer: CSU; UC.

46A  SURVEY OF BRITISH LITERATURE  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a grade of C or better

Presents a survey of British literature from the Middle Ages through the 18th century. Introduces the study of major British writers against their historical backgrounds. Such writers as Chaucer, Spenser, Shakespeare, Jonson, Donne, Milton, Dryden, Swift, Pope, Johnson, and Boswell will be studied.
Transfer: CSU; UC. (CAN ENGL 8)(ENGL 46A + ENGL 46B = CAN ENGL SEQ B)

46B  SURVEY OF BRITISH LITERATURE  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 1A with a C or better

Presents a survey of major British writers extending from the Romantic Period through the 20th century, focusing on such writers as Wordsworth, Coleridge, Byron, Shelley, Keats, Tennyson, Browning, Arnold, Hopkins, Yeats, Lawrence, Eliot, Auden, Thomas, and Woolf.
Transfer: CSU; UC. (CAN ENGL 10)(ENGL 46A + ENGL 46B = CAN ENGL SEQ B)

56  COLLEGE READING AND WRITING  (4.0)
4.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 100 with a C or better or equivalent

Provides a basic course in college reading and writing with individual attention to sentence structure, paragraph and essay structure, grammar, and critical thinking skills.

65  BASIC TECHNICAL COMMUNICATION  (4.0)
4.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 100 or equivalent

Provides a basic course in technical communication with attention to the fundamentals of written and verbal communication in business and industry.

93  ENGLISH SPECIAL TOPICS  (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

100  BASIC READING AND WRITING  (4.0)
4.0 hours lecture per week
Associate Degree Non-Applicable
Prerequisite: ACASK 36 and ACASK 50 with a C or better or ESL 6A and ESL 6B with a C or better or qualifying score on the Assessment test or equivalent

Introduces students to the language arts through intensive reading, writing, and critical thinking. Emphasizes the process approach to reading and writing. Provides a basic course in sentence and paragraph construction, with limited introduction to the essay.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
ENGLISH SECOND LANGUAGE - ESL

1  ESL READING, WRITING, AND GRAMMAR, LEVEL 1  (6.0)
   6.0 hours lecture per week
   Associate Degree Non-Applicable
   Prerequisite: ESL Placement Test

Focuses on building English language skills for speakers of other languages with an emphasis on reading, writing, grammar, listening and speaking at the beginning level. May be taken concurrently with ESL 15, ESL 25, or ESL 35.

1A ESL READING AND CONVERSATION, LEVEL 1  (0.5 to 3.0)
   3.0 hours lecture per week
   Associate Degree Non-Applicable
   Prerequisite: ESL placement test

Focuses on reading and conversation for the non-native speaker at the beginning level. No English is required.

1B ESL WRITING AND GRAMMAR, LEVEL 1  (3.0)
   3.0 hours lecture per week
   Associate Degree Non-Applicable
   Prerequisite: ESL placement test

Focuses on writing and grammar for the non-native speaker at the beginning level. No English is required.

2  ESL READING, WRITING, AND GRAMMAR, LEVEL 2  (6.0)
   6.0 hours lecture per week
   Associate Degree Non-Applicable
   Prerequisite: High-beginning score on the ESL placement test or successful completion of ESL 1

Focuses on building English language skills for speakers of other languages with an emphasis on reading, writing, grammar, listening and speaking at the high-beginning level. May be taken concurrently with ESL 15, ESL 25 or ESL 35.

2A ESL READING AND CONVERSATION, LEVEL 2  (3.0)
   3.0 hours lecture per week
   Associate Degree Non-Applicable
   Prerequisite: High-beginning score on the ESL placement test or completion of ESL 1A with a grade of C or better

Focuses on reading and conversation at the high-beginning level.

2B ESL WRITING AND GRAMMAR, LEVEL 2  (3.0)
   3.0 hours lecture per week
   Associate Degree Non-Applicable
   Prerequisite: High-beginning score on the ESL placement test or completion of ESL 1B with a grade of C or better

Focuses on writing and grammar at the high-beginning level.

3  ESL READING, WRITING, AND GRAMMAR, LEVEL 3  (6.0)
   6.0 hours lecture per week
   Associate Degree Non-Applicable
   Prerequisite: Low-intermediate score on the ESL placement test or successful completion of ESL 2

Focuses on building English language skills for speakers of other languages with an emphasis on reading, writing and grammar at the low-intermediate level. May be taken concurrently with ESL 15, ESL 25 or ESL 35.

3A ESL READING AND CONVERSATION, LEVEL 3  (3.0)
   3.0 hours lecture per week
   Associate Degree Non-Applicable
   Prerequisite: Low-intermediate score on the ESL placement test or completion of ESL 2A with a grade of C or better

Provides group and individual instruction for improvement of reading and conversation skills in English for non-native speakers at the low-intermediate level.

3B ESL WRITING AND GRAMMAR, LEVEL 3  (3.0)
   3.0 hours lecture per week
   Associate Degree Non-Applicable
   Prerequisite: Low-intermediate score on the ESL placement test or completion of ESL 2B with a grade of C or better

Provides group and individual instruction for improvement of writing and grammar skills in English for non-native speakers at the low-intermediate level.

4  ESL READING, WRITING, AND GRAMMAR, LEVEL 4  (6.0)
   6.0 hours lecture per week
   Associate Degree Non-Applicable
   Prerequisite: High-intermediate score on the ESL placement test or completion of ESL 3 with a grade of C or better

Focuses on building English language skills for speakers of other languages with an emphasis on reading, writing and grammar at the high-intermediate level. May be taken concurrently with ESL 15, ESL 25 or ESL 35.
4A  ESL READING AND CONVERSATION, LEVEL 4  (3.0)
3.0 hours lecture per week
Associate Degree Non-Applicable
Prerequisite: High-intermediate score on the ESL placement test or completion of ESL 3A with a grade of C or better

Provides group and individual instruction for improvement of reading and listening/speaking skills in English for non-native speakers at the high-intermediate level. Special focus is on developing vocabulary and idiomatic expression in reading and speaking English.

4B  ESL WRITING AND GRAMMAR, LEVEL 4  (3.0)
3.0 hours lecture per week
Associate Degree Non-Applicable
Prerequisite: High-intermediate score on the ESL placement test or completion of ESL 3B with a grade of C or better

Provides group and individual instruction for improvement of writing and grammar skills in English for non-native speakers at the high-intermediate level.

5  ESL READING, WRITING, AND GRAMMAR, LEVEL 5  (6.0)
6.0 hours lecture per week
Associate Degree Non-Applicable
Prerequisite: Low-advanced score on the ESL placement test or completion of ESL 4 with a grade of C or better

Focuses on building English language skills for speakers of other languages with an emphasis on reading, writing and grammar at the low-advanced level. May be taken concurrently with ESL 15, ESL 25 or ESL 35.

5A  ESL READING AND CONVERSATION, LEVEL 5  (3.0)
3.0 hours lecture per week
Associate Degree Non-Applicable
Prerequisite: Advanced score on the ESL placement test or completion of ESL 4A with a grade of C or better

Provides group and individual instruction for improvement of reading comprehension and oral expression skills in English for non-native speakers at the advanced level.

5B  ESL WRITING AND GRAMMAR, LEVEL 5  (3.0)
3.0 hours lecture per week
Associate Degree Non-Applicable
Prerequisite: Advanced score on the ESL placement test or completion of ESL 4B with a grade of C or better

Provides group and individual instruction for improvement of writing and grammar skills in English for non-native speakers at the advanced level.

6A  ENGLISH AS A SECOND LANGUAGE, WRITING AND GRAMMAR, LEVEL 6  (6.0)
6.0 hours lecture per week
Associate Degree Non-Applicable
Prerequisite: High-advanced score on the ESL placement test or completion of Level 5 with a grade of C or better

Focuses on building English language skills for speakers of other languages with an emphasis on writing and grammar at the high-advanced level. May be taken concurrently with ESL 6B and ESL 15, ESL 25, or ESL 35.

6B  ENGLISH AS A SECOND LANGUAGE, READING, LEVEL 6  (3.0)
3.0 hours lecture per week
Associate Degree Non-Applicable
Prerequisite: High-advanced score on the ESL placement test or completion of Level 5 with a grade of C or better

Focuses on building English language skills for speakers of other languages with an emphasis on reading at the high-advanced level. May be taken concurrently with ESL 6A and ESL 15, ESL 25, or ESL 35.

15  ESL 15 BEGINNING LEVEL CONVERSATION  (2.0 to 3.0)
3.0 hours lecture per week
Associate Degree Non-Applicable
Prerequisite: Beginning-level score on the oral component of the ESL placement test

Focuses on basic communication skills in listening comprehension and speaking for speakers of other languages and enables the beginning-level student to function in common English-speaking situations. Prepares students for ESL 25.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
FAMILY STUDIES - FAMST

2  CHILD, FAMILY AND COMMUNITY (3.0)
   3.0 hours lecture per week
   Associate Degree Applicable
   Prerequisite: ENGL 56

   Studies patterns of family living in contemporary society, emphasizing the varying roles and interaction of family members and factors which affect family life. Discusses cultural, social, economic, racial, and ethnic differences. Focuses on the developing child and emphasizes the influences of family and community. Same as ECE 2. Meets Title XXII requirements: DS 2.
   Transfer: CSU; UC.

5  LIFE MANAGEMENT (3.0)
   3.0 hours lecture per week
   Associate Degree Applicable

   Life Management provides individuals with skills for understanding and using internal and external resources to function effectively in society now and in the future. Major topics covered in the course include: the effects of cultural forces and future trends on values, standards, and goals; skills for decision making, time, personal energy, stress, and conflict management; and techniques for improving self-esteem and self-understanding, values clarification, and interpersonal relationships.
   Transfer: CSU.

10 INTRODUCTION TO HUMAN SERVICES (3.0)
   3.0 hours lecture per week
   Associate Degree Applicable
   Advisory: ENGL 56

   Presents an overview and history of the human services, with emphasis on the groups needing services in contemporary society. Acquaints students with career opportunities in, and the education and job requirements of the different services.
   Transfer: CSU.

11 INTRODUCTION TO THE TEACHING PROFESSION (3.0)
   5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
   Associate Degree Applicable
   Advisory: ENGL 56

   Provides a minimum of 45 hours of supervised observation and participation in cooperating public schools. Discussion focuses on instructional practice and subject matter taught in the grades observed, as well as the historical, philosophical and social foundations of American public education. Examines opportunities, requirements, responsibilities, new directions, and rewards in teaching. Places students in a more informed position regarding the decision to pursue a career in education.
   Transfer: CSU; UC.

12 HUMAN DEVELOPMENT: LIFE SPAN (3.0)
   3.0 hours lecture per week
   Associate Degree Applicable
   Advisory: ENGL 56

   Integrates the physical, social, emotional and cognitive aspects of human development throughout the lifespan. Discusses the developmental tasks facing people at various points in the life cycle. Explores the way social interaction and cultural institutions shape the development of the individual. Meets Title XXII requirements: DS 1.
   Transfer: CSU; UC.

14 FAMILY, RELATIONSHIPS AND INTIMACY (3.0)
   3.0 hours lecture per week
   Associate Degree Applicable
   Advisory: ENGL 56

   Presents sociological, psychological and cross-cultural concepts of intimate relationships and the family unit. Focuses on diversity within and the development of committed relationships and the family unit. Emphasizes intimacy dynamics, communication processes, and assessment of functionality and wellness.
   Transfer: CSU. (CAN HEC 12)

15 DEVELOPMENTAL PATTERNS OF WOMEN (3.0)
   3.0 hours lecture per week
   Associate Degree Applicable
   Advisory: Eligibility for ENGL 56

   Studies the biological, social, and emotional development of women through the lifespan. Focuses on central issues affecting women.
   Transfer: CSU; UC.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
213

**COURSES (CONTINUED)**

16  **PARENTING**  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  
*Advisory: ENGL 56*  

Presents background for understanding parent-child relationships in the changing social environment. Examines common problems in child rearing and emphasizes development of a philosophy of parenthood and development of effective parenting behavior.  
*Transfer: CSU.*

18  **HUMAN SEXUALITY**  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  
*Advisory: ENGL 56*  

Presents an overview of the complex social, psychological, and psychological aspects of human sexuality. Examines responsible use of sexuality as a part of life adjustment.  
*Transfer: CSU; UC.*

20  **AGING IN THE 21ST CENTURY: SOCIAL GERONTOLOGY**  (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  
*Advisory: Eligibility for ENGL 56*  

Provides an introduction to the rapidly changing field of gerontology - the study of aging. Aging and the end of life are explored from a multidisciplinary perspective that views aging as not only a biological, but also a psychological, emotional and social process. Includes the effect on family members, ways of adapting living and working environments, and decisions that need to be made to prepare for death. Introduces local, state, and federal programs that can assist in meeting the needs of the aged and their families. Provides students with tools to better prepare for their parents’ and their own later years.  
*Transfer: CSU.*

47  **INDEPENDENT STUDIES:**  
**FAMILY STUDIES**  (0.5 to 2.0)  
6.0 hours laboratory per week  
Associate Degree Applicable  
*Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken*  

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of family studies under the direction of an instructor.  
Course may be repeated 4 times (only if each time has a different topic emphasis).  
*Transfer: CSU.*

93  **FAMILY STUDIES SPECIAL TOPIC**  (0.5 to 4.0)  
Associate Degree Non-Applicable  

Examines a special topic in the field of study related to the discipline offering this course.  

---

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
FASHION DESIGN AND
MERCHANDISING - FDM

10  INTRODUCTION TO FASHION (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Explores the fashion industry and careers related to design, production, and merchandising of fashion products.
Transfer: CSU.

12  TEXTILES (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Introduces fibers, yarns, fabric constructions, and finishes which affect textile selection, uses, and care; provides experiences in textile testing and fabric identification; and relates textile science to consumer textile product selection. Same as INTDES 12.
Transfer: CSU; UC.

14  APPAREL EVALUATION (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Analyzes components of apparel and related fashion accessories. Develops evaluation techniques for quality comparison.
Transfer: CSU.

15  DESIGN ANALYSIS AND COLOR THEORY (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Presents the design elements and principles as they apply to interior design, clothing, textiles, jewelry and accessories. Includes a wide variety of creative applications with special emphasis on color theory and use. Same as INTDES 15.
Transfer: CSU.

16  FASHION ILLUSTRATION (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable

Presents techniques of “quick sketch” using pencil, pen, art markers, and watercolors. Students will also learn how to show fabric texture and pattern in their finished drawings which may become part of their design portfolio.

18  COMMERCIAL FASHION DESIGN (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: FDM 16

Provides an opportunity for an in-depth study of fashion design as applied to the commercial apparel industry. Presents the concept of designing “collections” or coordinated groups of themed designs. A wide variety of creative applications will be utilized solving problems related to fashion design. Students will create original fashions using a croquis. Developing “flats” for commercial specifications is also explored.
Transfer: CSU.

20  FASHION ANALYSIS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Studies the psychological and sociological significance of clothing styles. Applies elements and principles of design of apparel and figure types to project a desired image.
Transfer: CSU.

25  HISTORY OF FASHION: CLASSIC THROUGH 19TH CENTURY (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

A survey of the evolution of apparel and accessory styles from the classic civilizations, medieval, Renaissance, Baroque, and the various periods of the 19th Century. Emphasizes the relationship of recurring styles of the past to contemporary trends. Includes the impact of sociological, technological, economic and political factors on fashion.
Transfer: CSU.

26  20TH CENTURY TRENDS AND DESIGNS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Surveys the evolution of apparel and accessory styles from the late 19th century through the present. Explores the relationship of recurring style trends between decades within the century as well as any from previous centuries. Includes sociological, technological, economic, cultural, and political factors affecting the design.
Transfer: CSU.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
COURSES (CONTINUED)

30  FASHION BUYING  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56 and MATH 23 or MATH 23SI

Principles of buying for resale in independent stores, department stores and chain stores with centralized buying. Includes buying for fashion merchandise, staples, hard and soft merchandise lines, merchandise planning and selection, resource relations, legal trade regulations, pricing, merchandising management and control. Emphasizes quantitative merchandising techniques as applied to pricing, mark-downs, discounts, stock control, budgets, income statements and balance sheets.
Transfer: CSU.

35  FASHION PROMOTION  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Principles of fashion promotion and coordination. Study of the psychology of fashion, functions of the fashion coordinator and techniques and procedures for presenting fashion. Observation and participation in an area of the fashion industry. Studies the functions of fashion coordinators and directors in retail and wholesale fields.
Transfer: CSU.

40  VISUAL MERCHANDISING AND DISPLAY  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56 and FDM 15

Presents a study of the visual approach to selling with emphasis on the how and why of display. Includes a brief history of display, contemporary visual merchandising, art principles, and sales theory. Experience in designing and constructing visual displays for merchandising strategies to increase sales and store image.
Transfer: CSU.

47  INDEPENDENT STUDIES: FASHION DESIGN AND MERCHANDISING  (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of fashion design or fashion merchandising under the direction of an instructor.
Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU.

60  APPAREL PRODUCT DEVELOPMENT  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: FDM 14

Transfer: CSU.

63  CLOTHING CONSTRUCTION  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable

Provides lecture, demonstration, and laboratory experience in the techniques of garment construction. Includes sewing equipment use and care, pattern selection and adjustments, and garment fitting and alterations. Students will construct at least one garment.
Course may be taken 2 times.
Transfer: CSU.

65  PATTERN DEVELOPMENT  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: FDM 63

Presents the flat pattern method of pattern designing with emphasis on bodices, collars, sleeves, skirts, pants, and selected design variations. Develops an understanding of pattern adjustments, garment fitting, and the use of fabric grain.
Course may be taken 2 times.

70  FASHION PORTFOLIO PRESENTATION  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: FDM 18

Preparation of a fashion design portfolio and apparel collection flats. Portfolio and contents based on research and analysis of industry trends and utilizing professional formats and techniques.
Transfer: CSU.

93  FASHION MERCHANDISING & DESIGN  (0.5 to 4.0)
SPECIAL TOPIC
Associate Degree Non-Applicable

Examines a special topic in the field of study related to the discipline offering this course.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
FRENCH - FR

1 ELEMENTARY FRENCH (4.0)
5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable

Presents an introductory, topic-based course in contemporary French with an emphasis on listening comprehension, language acquisition, oral interaction, culture-centered reading and writing basic French. Social and cultural aspects of the French-speaking world are presented along with some of the most essential forms, structures and vocabulary in the language. Language laboratory practice required.
Transfer: CSU; UC. (CAN FREN 2)(FR 1 + FR 2 = CAN FREN SEQ A)

2 FRENCH (4.0)
5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: FR 1 or equivalent

Presents a continuation of FR 1 with intensive, topic-centered practice in listening comprehension, language acquisition, conversations and composition. Selected cultural readings from the French-speaking world including cultural vignettes, prose, and poetry. Language laboratory practice is required.
Transfer: CSU; UC. (CAN FREN 4)(FR 1 + FR 2 = CAN FREN SEQ A)

3 FRENCH (4.0)
5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: FR 2 or equivalent

Presents a continuation of FR 2 with more intensive, topic-centered practice in grammatical structures including the subjunctive, future, conditional, past conditional and past perfect tenses. Practice includes group discussions, cultural readings from the French-speaking world including cultural vignettes, and more advanced prose and poetry, and oral presentations in French.
Transfer: CSU; UC. (CAN FREN 8)(FR 3 + FR 4 = CAN FREN SEQ B)

4 FRENCH (4.0)
5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: FR 3 or equivalent

Presents a topic-centered, in-depth study of French structures at an intermediate level through interactive activities, extensive readings and authentic recordings, and compositions. Students learn to deal orally and in written form with complex situations. Language lab use is required.
Transfer: CSU; UC. (CAN FREN 10)(FR 3 + FR 4 = CAN FREN SEQ B)

10 BEGINNING FRENCH CONVERSATION AND READING (4.0)
5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable

Emphasizes basic vocabulary and pronunciations needed to converse in French. Students will also develop listening comprehension, reading skills and knowledge and understanding of French-speaking cultures. Language laboratory practice required.

20 FRENCH CONVERSATION AND READING (4.0)
5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: FR 1 or equivalent

Presents intensive practice of oral communication skills. Students will also develop reading strategies to access authentic cultural information. Language laboratory practice is required.

47 INDEPENDENT STUDIES: FRENCH (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for in-depth study by an individual student in a selected topic of French under the direction of an instructor.
Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU; UC.

63 FRENCH REVIEW (2.0)
3.0 hours per week: (2.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: FR 1 or equivalent

Presents a topic-centered review of French structures through listening comprehension, interactive activities and compositions. Cultural readings include an historical perspective to contrast with the contemporary and authentic literary selections. Language laboratory practice, including use of the CD-ROMs and the Internet, is required.
Course may be taken 4 times.
Transfer: CSU.

93 FRENCH SPECIAL TOPIC (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
GEOGRAPHY - GEOG

1 PHYSICAL GEOGRAPHY (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Studies human interaction with the basic elements of the physical environment. Includes climate, vegetation, soils, landforms, and their patterns of distribution.
Transfer: CSU; UC. (CAN GEOG 2)

2 CULTURAL GEOGRAPHY (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Studies human interaction with the basic elements of the cultural environment. Includes language, religion, economy, and other cultural phenomena and their patterns of distribution.
Transfer: CSU; UC. (CAN GEOG 4)
GEOLOGY - GEOL

10  PHYSICAL GEOLOGY  (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MATH 23 or MATH 23SI
Advisory: ENGL 56 or ENGL 65

Introduces the concepts and principles upon which geologic knowledge is based including the composition, structure, and description of the earth’s external and internal processes and features.
Transfer: CSU; UC. (CAN GEOL 2)

11  HISTORICAL GEOLOGY  (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: GEOL 10 or equivalent and MATH 23 or MATH 23SI or equivalent
Advisory: Eligibility for ENGL 1A

Presents the theory of the origin and evolution of the earth and its lifeforms; emphasizing the tectonic development of North America and its biological evolution through time.
Transfer: CSU; UC. (CAN GEOL 4)

12  GEOLOGIC HAZARDS, MAN, AND THE ENVIRONMENT  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56 or ENGL 65

Studies geologic hazards as they relate to human interaction with the environment. Emphasizes the cause of earthquakes, their recording, location, and measurement. Also covers flooding, landslides, subsidence, and volcanic hazards.
Transfer: CSU; UC.

20  GEOLOGY OF CALIFORNIA  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Introduces the principles and processes of the physical and historical geology of California.
Transfer: CSU; UC.

29A  GEOLOGICAL SCIENCE FIELD STUDIES  (1.0)
49.0 hours per week: (9.0 hours lecture, 40.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in GEOL 10, GEOL 11 or GEOL 20

Presents an on-site field study of Yosemite, the Sierra Nevada, Mono Basin, Long Valley Caldera, and Owens Valley area.
Transfer: CSU; UC.

29B  GEOLOGICAL SCIENCE FIELD STUDIES  (1.0)
49.0 hours per week: (9.0 hours lecture, 40.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in GEOL 10, GEOL 11 or GEOL 20

Presents an on-site field study of the Transverse Ranges, central San Andreas fault, Mojave desert, and the Death Valley area.
Transfer: CSU; UC.

93  GEOLOGY SPECIAL TOPIC  (0.5 to 4.0)
Associate Degree Non-Applicable

Examines a special topic in the field of study related to the discipline offering this course.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.

**GERMAN - GER**

1. **ELEMENTARY GERMAN**
   - 5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
   - Associate Degree Applicable

   Presents a topic-centered introduction to contemporary German language and culture. Students will achieve basic functional proficiency in oral and written communication skills and develop knowledge and understanding of German-speaking cultures based on social and historical contexts. Language laboratory practice is required.
   **Transfer:** CSU; UC. (CAN GERM 2)(GER 1 + GER 2 = CAN GERM SEQ A)

2. **GERMAN**
   - 5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
   - Associate Degree Applicable
   **Prerequisite:** GER 1 or equivalent

   Presents a continuation of GER 1 with topic-centered intensive practice of oral and written communication skills. Students will develop strategies to access authentic cultural information including prose, poetry and current events. Language laboratory practice is required.
   **Transfer:** CSU; UC. (CAN GERM 4)(GER 1 + GER 2 = CAN GERM SEQ A)

3. **GERMAN**
   - 5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
   - Associate Degree Applicable
   **Prerequisite:** GER 2 or equivalent

   Reviews grammar, including discussion of grammatical features beyond the elementary level including intensive oral and written drills in idiomatic construction, composition, conversation, cultural readings and language laboratory practice.
   **Transfer:** CSU; UC.

4. **GERMAN**
   - 5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
   - Associate Degree Applicable
   **Prerequisite:** GER 3 or equivalent

   A continuation of GER 3 with extensive practice in composition, conversation, and comprehension, with readings from classical and contemporary writers and with language laboratory practice.
   **Transfer:** CSU; UC.

10. **BEGINNING GERMAN CONVERSATION AND READING**
    - 5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory by arrangement)
    - Associate Degree Applicable

    Emphasizes basic vocabulary and pronunciation skills needed to converse in German. Students will also develop listening comprehension, reading skills and knowledge and understanding of German-speaking cultures. Language laboratory practice required.

20. **GERMAN CONVERSATION AND READING**
    - 5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory by arrangement)
    - Associate Degree Applicable
    **Prerequisite:** GER 1, GER 10 or equivalent

    Presents a continuation of GER 10 with intensive practice of oral communication skills. Students will also develop reading strategies to access authentic cultural information. Language laboratory practice is required.

47. **INDEPENDENT STUDIES: GERMAN**
    - 6.0 hours laboratory per week
    - Associate Degree Applicable
    **Prerequisite:** The student must have completed preparatory course work in the field in which the study is to be undertaken

    Provides an opportunity for in-depth study by an individual student in a selected topic of German under the direction of an instructor.
    Course may be repeated 4 times (only if each time has a different topic emphasis).
    **Transfer:** CSU; UC.

93. **GERMAN SPECIAL TOPIC**
    - 0.5 to 4.0
    - Associate Degree Applicable

    Examines a special topic in the field of study related to the discipline offering this course.
HEALTH EDUCATION - HEED

2 HEALTH EDUCATION (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents a broad-based survey of major health topics, emphasizing the prevention of chronic conditions, promotion of health and fitness throughout the lifespan, and the application of current trends in health to affect behavior and lifestyle changes in the student. Health issues will be discussed from a multidimensional perspective using relevant examples from a variety of diverse populations, including predominant ethnic minority groups.
Transfer: CSU; UC.

3 WOMEN'S HEALTH ISSUES (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents major health issues of special significance to women cross culturally. Emphasis will be placed on current trends in the prevention of chronic diseases and health disorders, the promotion of a positive body image, and self-empowerment. Identification of significant cultural obstacles of access for women’s health care by non-dominant groups are presented. In addition, traditional, as well as, experiential and cooperative teaching/learning strategies will be used to explore the application of lifestyle changes to individual health beliefs and practices.
Transfer: CSU; UC.

4 STANDARD FIRST AID AND CPR (2.0)
(CARDIOPULMONARY RESUSCITATION)
2.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents information and training in the immediate and temporary emergency care in case of accident or illness. Prepares the student for first-aid and C.P.R. certificate examinations.
Transfer: CSU; UC.

6 HEALTH ASPECTS OF DRUG USE (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents an in depth analysis of the major health problems Associated with the use, misuse, and abuse of drugs including herbs/plants, ergogenics, over-the-counter, prescription, controlled, and designer drugs. Emphasizes the metabolism of drugs, drug-drug and herb-drug interactions, addiction from an age, gender, and ethnic perspective, and the impact of substance use and abuse on a variety of cultures.
Transfer: CSU; UC.

8 MULTICULTURAL HEALTH (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents the major health problems facing non-dominant/minority ethnic groups related to acculturation, assimilation, and biological variations. Various health beliefs systems, folk remedies, health practices, and attitudes toward health will be analyzed to promote prejudice reduction and understanding of cultural differences. A variety of non-traditional and experiential teaching/learning strategies will be used to examine alternative approaches to healthy lifestyles.
Transfer: CSU; UC.

93 HEALTH EDUCATION SPECIAL TOPIC (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
HISTORY - HIST

3A  HISTORY OF WORLD CIVILIZATIONS  (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Surveys the major world civilizations from antiquity to the early
sixteenth century. Explores the people, ideas, and events that
have shaped the ancient world, including the social, economic,
and political institutions that have made significant contributions
to the human experience.
Transfer: CSU; UC.

3B  HISTORY OF WORLD CIVILIZATIONS  (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Surveys the major world civilizations from the early sixteenth
century to the present. Explores the people, ideas, and events that
have shaped the modern world, including the social economic,
and political institutions that have made significant contributions
to the human experience.
Transfer: CSU; UC.

4A  HISTORY OF WESTERN CIVILIZATION  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Surveys the history of Western Civilization from Mesopotamia
(ca. 3000 B.C.) to the Elizabethan Age (1603 A.D.). Emphasizes
historical methodology, physical environment, religious beliefs,
and social, political and economic factors. Explores the diverse
antecedents of Western Civilization.
Transfer: CSU; UC. (CAN HIST 2)(HIST 4A + HIST 4B =
CAN HIST SEQ A)

4B  HISTORY OF WESTERN CIVILIZATION  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Surveys the history of Western Civilization from the Stuart
dynasty in England (1603) to the present. Emphasizes historical
methodology as well as the physical environment, religious
beliefs, and social, political, and economic factors.
Transfer: CSU; UC. (CAN HIST 4)(HIST 4A + HIST 4B =
CAN HIST SEQ A)

7A  HISTORY OF THE UNITED STATES  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Presents a survey of the political, economic, social and cultural
developments of the United States to 1865 with emphasis on
development which have conditioned and characterized the
American way of life.
Transfer: CSU; UC. (CAN HIST 8)(HIST 7A + HIST 7B =
CAN HIST SEQ B)

7B  HISTORY OF THE UNITED STATES  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Surveys the political, social and cultural development of the
United States from 1865 to the present. Emphasizes those
developments which have conditioned and characterized the
American way of life.
Transfer: CSU; UC. (CAN HIST 10)(HIST 7A + HIST 7B =
CAN HIST SEQ B)

8A  HISTORY OF LATIN AMERICA  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Examines the colonial history of Latin America from discovery
to independence in 1821. Emphasizes the impact of European
and non-European contributions to a distinctive Latin American
culture. Includes a review of pre-1492 European, African, and
New World cultures.
Transfer: CSU; UC.

8B  HISTORY OF LATIN AMERICA  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Examines the rise of Latin American social, economic and
political institutions from the Age of Independence to the present.
Emphasizes the trends and themes which compose a collective
Latin American historical identity.
Transfer: CSU; UC.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.
10 HISTORY OF CALIFORNIA (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Introduces the concepts and issues that have shaped the history of California. Emphasizes the physical environment, the indigenous Indian culture, the Hispanic culture, and the American culture. Analyzes political, social, and economic factors.
Transfer: CSU; UC.

12 HISTORY OF THE MEXICAN-AMERICAN (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Surveys the major social and cultural events of people of Mexican descent north of Mexico. Presents their history in relation to the broad background of Hispanic-Mexican history. Emphasizes the history of the Southwest United States since 1848.
Transfer: CSU; UC.

19 HISTORY OF THE FAR EAST (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Surveys the social, political, and economic history of China, Japan, and other Asian countries. Emphasizes themes and concepts resulting in the current problems of the Far East and how they relate to the United States.
Transfer: CSU; UC.

33 HISTORY OF THE AFRO-AMERICAN (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Surveys the political, economic and social history of the Afro-Americans from the early 17th century to the present with emphasis on the contributions of Afro-Americans to American culture.
Transfer: CSU; UC.

35 HISTORY OF AFRICAN CIVILIZATION (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Surveys the history of Africa from antiquity to the present. Emphasizes the ancient African kingdoms, societies, and cultures before Arabic and European invasions. Studies the impact of European colonization leading to contemporary African demands for self-determination and nation-building.
Transfer: CSU; UC.

39 HISTORY OF THE ROLE OF WOMEN (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Surveys woman’s place historically and sociologically in specific cultures throughout the ages. Assesses how womankind is perceived in her role, status, limitations, and opportunities in various historic and periods and analyzes the dynamics of change in role from one person to another.
Transfer: CSU; UC.

47 INDEPENDENT STUDIES: HISTORY (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field for which the study is undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of history under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU; UC.
HOSPITALITY - HOSP

5  FRONT OFFICE OPERATIONS  (3.0)
7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory by arrangement)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56 and employment in the industry

Provides knowledge and skills to supervise a hotel front office including reservations, registration, check-out, settlement, security, accounting, and audits through study and practical application.

10  HOSPITALITY MARKETING AND SALES  (3.0)
7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory by arrangement)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56 and employment in the industry

Introduces the student to effective sales and customer service techniques in such areas as service encounters, guest behavior, data, pricing strategies, selling and entrepreneurship.

15  HOUSEKEEPING OPERATIONS  (3.0)
7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory by arrangement)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56 and employment in the industry

Provides students with the competencies necessary to successfully supervise housekeeping operations of a hotel. Presents the responsibilities of the Housekeeping Department in relation to other hotel departments and the skills necessary to supervise housekeeping and laundry staff.

20  SUPERVISION IN THE HOSPITALITY INDUSTRY  (3.0)
7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory by arrangement)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56 and employment in the industry

Introduction supervisory skills necessary in the hospitality industry such as effective communications, training, coaching, evaluating, disciplining, and managing conflict, through study and practical application.

25  HOSPITALITY LAW  (3.0)
7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory by arrangement)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56 and employment in the industry

Presents a wide range of laws regulating hotel responsibilities to guests, guest rights, hotel facility regulations, and employee rights.

30  FOOD AND BEVERAGE OPERATIONS  (3.0)
7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory by arrangement)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56 and employment in the industry

Provides the skills necessary to successfully supervise a hotel Food and Beverage Department. Includes department responsibilities and staff supervision issues in addition to the knowledge and practices of a variety of food and beverage operations including menu development, food and beverage services, scheduling and costs control.

35  HOSPITALITY SECURITY AND LOSS PREVENTION  (3.0)
7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory by arrangement)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56 and employment in the industry

Introduces hospitality security systems and strategies to address hospitality security concerns and emergency situations, through study and practical application.

40  HOSPITALITY TRAINING AND DEVELOPMENT SKILLS  (3.0)
7.0 hours per week: (1.0 hours lecture, 6.0 hours laboratory by arrangement)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56 and employment in the industry

Prepares students to assess training and development needs, mentor and train staff and evaluate training initiatives through study and practical application in a hospitality setting.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
47  INDEPENDENT STUDIES:  
   HOSPITALITY  
   (0.5 to 2.0)  
   6.0 hours laboratory per week  
   Associate Degree Applicable  
   Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken  
   Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of Hospitality under the direction of an instructor.  
   Course may be repeated 4 times (only if each time has a different topic emphasis).

93  HOSPITALITY SPECIAL TOPICS  
   (0.5 to 4.0)  
   Associate Degree Non-Applicable  
   Examines a special topic in the field of study related to the discipline offering this course.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
HUMANITIES - HUMAN

118  HISTORY OF VISUAL AND PERFORMING  (3.0)
     ARTS
     3.0 hours lecture per week
     Associate Degree Applicable
     Advisory: Eligibility for ENGL 56 is recommended

Introduces the history of visual and performing arts. The main objective of this course is to increase understanding of painting, sculpture, theatre, and music and their roles in society. The students will explore different styles and types of works of cultural production from various cultures, eras, and locations. Students will demonstrate an understanding of the basic elements of these art forms and apply this knowledge to analyze and evaluate works of art. Particular emphasis will be placed on discussions and interpretations of the value of the arts to the individual and society.
     Transfer:  CSU; UC.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
INTERIOR DESIGN - INTDES

10 INTERIOR DESIGN (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Presents an overview of interior design as a profession. Includes the basics of color and design elements necessary to plan functional, personalized interiors.
Transfer: CSU.

11 DESIGN AND HISTORY OF FURNISHINGS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56 and INTDES 10

Summarizes the development of furniture styles in France, England, and America from ancient times through the 20th century. Discusses the evolution of design based on historical foundations.
Transfer: CSU.

12 TEXTILES (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Introduces fibers, yarns, fabric constructions, and finishes which affect textile selection, uses, and care; provides experiences in textile testing and fabric identification; and relates textile science to consumer textile product selection. Same as FDM 12.
Transfer: CSU; UC.

15 DESIGN ANALYSIS AND COLOR THEORY (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Presents the design elements and principles as they apply to interior design, clothing, textiles, jewelry and accessories. Includes a wide variety of creative applications with special emphasis on color theory. Same as FDM 15.
Transfer: CSU.

17 RENDERING AND RAPID VISUALIZATION FOR INTERIOR DESIGN (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Corequisite: INTDES 10

Presents the methods, techniques and tools used for illustrating interior spaces and products with an emphasis placed on rapid design and production. Various illustration techniques in light, shade, fabric and texture will be practiced and assignments may become part of a design portfolio.
Transfer: CSU.

19 INTERIOR ARCHITECTURAL DRAFTING (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable

Presents the tools and techniques for drafting for Interior Design including: lettering, measuring techniques, scale problems, dimensioning, plans, elevations and sections. Students will develop and draft a residential or commercial floor plan, compose a drawing for furniture layout and develop specifications to accompany a full set of drawings.
Transfer: CSU.

20 MATERIALS AND PRODUCTS OF INTERIOR DESIGN (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: INTDES 10
Advisory: INTDES 22 and MATH 7

Explores the materials and products used in interior design. Demonstrates how to calculate the amount of merchandise that is needed to place an order for the materials and products. Applies design and drafting skills to create floor plans and an interior specification folder for a residential project. Examines a variety of personal and professional communication skills.
Transfer: CSU.

22 INTERIOR SPACE AND LIGHT PLANNING (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: INTDES 10

Presents techniques of planning successful interior spaces in residential and commercial buildings. Evaluation of interior space for functions of lifestyle, workstyle, human factors, standard accesses, clearances, traffic flow and ADA laws. Demonstrates the process to develop viable space plans beginning with the schematic design phase through final design drawing phase using common presentation methods. Addresses barrier free interiors, space planning of kitchens and baths, and the beginning principles of interior lighting.
Transfer: CSU.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.
28 RESIDENTIAL AND COMMERCIAL DESIGN (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: INTDES 10 and INTDES 22
Advisory: CTECH 111

Studies interior design as it relates to personal and family living spaces plus business and public spaces. Emphasis is placed on the design process; gathering information, analyzing the space, solving design problems and presenting the solution to the problem. Included will be the study of different aspects of homes and businesses such as space planning, scale, traffic flow, human factors, lighting, barrier free design, codes and regulations, furnishings, appropriate fabrics, finishes and materials used for residential and commercial structures.

35 PROFESSIONAL PRACTICES (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Presents the business practices commonly found in the field of both residential and commercial interior design. Defines the various types of interior design business formations. Examines methods of compensation for design services, contract writing, billing, purchasing, project management, marketing, professional liability, and communication skills. Explores the different professional organizations and the qualification tests. Emphasis is placed on professional and ethical practice.

47 INDEPENDENT STUDIES: INTERIOR DESIGN (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of interior design under the direction of an instructor.
Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU.

50 INTERIOR DESIGN: EUROPEAN EXCURSIONS (2.0)
36.0 hours per week: (9.0 hours lecture, 27.0 hours laboratory)*
Associate Degree Applicable
Advisory: INTDES 11

Emphasizes observations and techniques used to appreciate, evaluate, and sketch original art, decorative arts and design in museums, castles, manor houses, galleries, showrooms, and other historical sites in Europe. Airfare, food, accommodations, and other expenses will be the responsibility of the students. Course may be taken 2 times.

93 INTERIOR DESIGN SPECIAL TOPIC (0.5 to 4.0)
Associate Degree Non-Applicable

Examines a special topic in the field of study related to the discipline offering this course.

555 INTERIOR DESIGN: CALIFORNIA EXCURSIONS (0.0)
19.0 hours per week: (5.0 hours lecture, 14.0 hours laboratory)*
Advisory: INTDES 11

Emphasizes observations and techniques used to appreciate, evaluate, and sketch original art, decorative arts and/or attend seminars conducted by professionals in the design field. Excursions may include: museums, galleries, manufacturing facilities, showrooms, showcase houses and/or historical sites in California. Food and other expenses will be the responsibility of the students.

560 INTERIOR DESIGN: EUROPEAN EXCURSIONS (0.0)
36.0 hours per week: (9.0 hours lecture, 27.0 hours laboratory)*
Advisory: INTDES 11

Emphasizes observations and techniques used to appreciate, evaluate, and sketch original art, decorative arts and design in museums, castles, manor houses, galleries, showrooms, and other historical sites in Europe. Airfare, food, accommodations, and other expenses will be the responsibility of the students.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.
JOURNALISM - JOUR

1A NEWS WRITING AND REPORTING (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Introduces techniques of news reporting and writing. Provides intensive practice in gathering and evaluating information and writing basic news stories. Considers ethical and legal aspects of publications. Concentrates on the lead and simple story types, organization and structure of news stories, and the language and style of journalism.
Transfer: CSU. (CAN JOUR 2)

1B INTRODUCTION TO MASS COMMUNICATION (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Presents a survey of the field of journalism, media, and opportunities, including an introduction to journalism literature, news analysis, comparison of journalistic styles, and an introduction to the writing and structure of news stories.
Transfer: CSU; UC. (CAN JOUR 4)

1C JOURNALISM FIELD STUDIES (0.5 to 1.0)
18.0 hours lecture per week*
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents on-site studies of local, state, or national government entities, and/or publications and broadcasting stations. Students must pay their proportional part of the expenses resulting from transportation, meals, and lodging.
Course may be taken 4 times.
Transfer: CSU.

2A INTRODUCTION TO NEWS PRODUCTION (4.0)
8.0 hours per week: (2.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
Advisory: ENGL 56

Introduces hands-on preparatory news production using state-of-the-art technology to produce “The Cuestonian,” the student newspaper. Presents all aspects of the newspaper business including reporting, writing, photography, word processing, typesetting, editing, graphic design, composition, layout, desk-top publishing, and distribution.
Transfer: CSU.

2B NEWS PRODUCTION (4.0)
8.0 hours per week: (2.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
Advisory: JOUR 2A

Involves students in editorial positions using state-of-the-art computer technology to produce “The Cuestonian,” the student newspaper. Continues the study of all aspects of the newspaper business.
Transfer: CSU.

2C NEWS PRODUCTION (4.0)
8.0 hours per week: (2.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
Advisory: JOUR 2B

Involves students in major hands-on editorial positions and leadership in using state-of-the-art computer technology to produce “The Cuestonian,” the student newspaper. Continues the study of all aspects of the newspaper business. Course may be taken 2 times.
Transfer: CSU.

3 FEATURE WRITING (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 1A

Introduces feature writing techniques. Presents critical analysis of markets for nonfiction articles and practice in research and preparation of articles for both magazines and newspapers.
Transfer: CSU.

47 INDEPENDENT STUDIES: JOURNALISM (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of journalism under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU.

93 JOURNALISM SPECIAL TOPIC (0.5 to 4.0)
Associate Degree Non-Applicable

Examines a special topic in the field of study related to the discipline offering this course.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
LEADERSHIP - LEADER

47 INDEPENDENT STUDIES: LEADERSHIP (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or skill development experience by an individual student in a selected topic of Leadership under the direction of an instructor. Course may be taken 4 times.
Transfer: CSU.

50 PEER EDUCATOR - ORIENTATION LEADER (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: LEADER 53

This course is designed for students who are interested in or who have been invited to be an orientation leader. Students will become knowledgeable in campus policies, procedures, and services. Leadership theory, diversity awareness and appreciation are also explored, as well as the psychological and personal issues facing college students. Students will have the opportunity to lead group discussions, make presentations, and be trained to be SLO Days counselors, as well as peer educators on campus. Course may be taken 4 times.
Transfer: CSU.

53 PEER COUNSELING (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: Completion of or concurrent enrollment in ENGL 56 or ENGL 65

Peer Counseling is a practicum experience that helps to address positive mental health concepts. It prepares students to assist other students with issues and problems facing many college students, including self-acceptance, problem solving/decision making, and interpersonal relationships.
Transfer: CSU.

55 COMMUNITY INTERNSHIP (1.0 to 3.0)
8.0 hours per week: (0.5 hours lecture, 7.5 hours laboratory)
Associate Degree Applicable
Advisory: LEADER 53

Provides students the opportunity to explore life goals. Training helps guide students to complete learning objectives. Internship experience provides a structured, on-the-job opportunity in a human services setting, elementary school, and/or college. Students also participate in a training program at their on-site placement.
Course may be taken 4 times.
Transfer: CSU.

56 CAMPUS PEER EDUCATOR (1.0)
3.0 hours lecture per week*
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in LEADER 53

This course is designed for students who are interested in or who have been invited to be a campus peer educator. Peer education is a leadership program which takes the knowledge gained from LEADER 53 and applies it in a way to promote healthy behaviors and wellness among all members of the Cuesta College community.
Transfer: CSU.

57 CAMPUS PEER INTERNSHIP (2.0)
5.0 hours per week: (0.5 hours lecture, 4.5 hours laboratory)
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in LEADER 56
Advisory: LEADER 53

This course provides structured, on-the-job experience on campus with the opportunity to serve as a peer counselor in a student services setting. The required seminar is scheduled during the 1st, 4th, 8th, 12th, and last week of the semester.
Course may be taken 4 times.
Transfer: CSU.

60 COMMUNITY PARTNERSHIP THROUGH APPLIED VOLUNTEERISM (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: Completion of or concurrent enrollment in SOC 1A or FAMST 10

Integrates public service experience through community volunteer work with instruction on voluntarism. Presents historical perspective of volunteer work for improving human conditions. Develops interpersonal skills, awareness of civic responsibility, and sensitivity to economic conditions.
Transfer: CSU.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
61A PHILOSOPHY OF LEADERSHIP (1.5)
3.0 hours lecture per week*
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in ENGL 56 or ENGL 65

Studies group and individual leadership techniques. Identifies, classifies, and analyzes the components essential to the development of leadership. Includes definitions, traits and behaviors of leadership, personal considerations in leadership, listening skills, personal values, and problem solving. Recommended for all first-time elected or appointed officers in the Student Senate; and recommended for officers of other organizations with a voting position on the Student Senate.
Transfer: CSU.

61B LEADERSHIP: SUCCESS STRATEGIES (S) (1.5)
3.0 hours lecture per week*
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in ENGL 56 or ENGL 65

This course is designed to help students create greater success in college and in life. In so doing, discover those inner qualities necessary to become an effective leader. Such qualities touched on include personal responsibility; motivating purpose; taking effective action; building mutually supportive relationships; gaining heightened self awareness; developing emotional maturity; and believing in yourself.
Transfer: CSU.

63 EXPLORING LEADERSHIP-MAKING A DIFFERENCE (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Evaluates how purpose in life influences goals and leadership in a rapidly changing world. Analyzes responsibilities and commitments in the context of leadership for the common good and for purposeful change. Examines leadership potential. Explores how leaders and participants mutually shape the environment of an organization and/or community.
Transfer: CSU.

93 LEADERSHIP SPECIAL TOPIC (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.
23 ESTATE PLANNING AND ADMINISTRATION (2.0)
2.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56, Concurrent enrollment with PARAL 2B
Overview of the fundamental principles of estate planning and administration. Topics include estate administration, including probate proceedings and disposition of estates outside of probate, in preparation of wills, trusts, and other estate planning documents.

24 FAMILY LAW (2.0)
2.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56, Concurrent enrollment in PARAL 2A
Overview of the substantive and procedural aspects of California Family Law, including community property, marriage agreements, prenuptial, postnuptial, and separation, dissolutions, support, custody, paternity and adoption, annulment, and domestic violence.

47 INDEPENDENT STUDIES: LEGAL (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken
Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected legal topic under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).

93 LEGAL SPECIAL TOPIC (0.5 to 4.0)
Associate Degree Applicable
Examine a special topic in the field of study related to the discipline offering this course.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
LIBRARY/INFO TECHNOLOGY - LIBINF

1  INTRODUCTION TO LIBRARY SERVICES (1.0)  
3.0 hours lecture per week*  
Associate Degree Applicable  
Prerequisite: Completion of or concurrent enrollment in ONLINE 1  
Advisory: ENGL 56 with a grade of C or better  

Surveys the history, organization, services, personnel and functions of libraries and information centers. Provides beginning library/information technology students with an introduction and overview to the field and identifies job opportunities.

2  INTRODUCTION TO WEB TECHNOLOGIES AND CONCEPTS (1.0)  
1.0 hours lecture per week  
Associate Degree Applicable  

This class introduces students to the wide range of concepts and technologies involved in web publishing, and management as well as employment opportunities. Topics will include the discussion and demonstration of multimedia and web technologies, web development languages, Internet publishing ethics, network fundamentals, marketing, management, and industry employment outlook.

4  ORGANIZING INFORMATION (3.0)  
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)  
Associate Degree Applicable  
Prerequisite: Completion of or concurrent enrollment in LIBINF 1  
Advisory: Eligibility for ENGL 56  

A practical introduction to the tasks involved with cataloging book and nonbook library materials. Includes descriptive cataloging using AACR2, subject cataloging, and classification. Covers MARC formats as well as their use in the OCLC bibliographic utility and local automated library systems.

5  LIBRARY/INFORMATION CENTER COLLECTIONS (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  
Prerequisite: Completion of or concurrent enrollment in LIBINF 1  

Provides an overview of how to select, purchase, and organize print, electronic, and other materials to stock library/information center collections.

6  INTRODUCTION TO THE INTERNET (1.0)  
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)*  
Associate Degree Applicable  

Designed to prepare students to use the Internet in a research environment. Emphasis is on concepts of the global network and on use of the basic features such as electronic mail, Telnet, FTP, Gopher, World Wide Web. Hands-on exploration of these resources, evaluation of search strategies, and analysis of data located.

7  WEB PAGE DEVELOPMENT WITH HTML (3.0)  
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Advisory: LIBINF 6  

Designed to prepare students to understand HTML and the steps necessary to the effective design and development of a web site. All elements of web page design will be covered including such topics as content, navigation and aesthetics. The student will have the opportunity to demonstrate mastery of the subject by working on a collaborative web site project. This class is for the student who is new to web page development. Course may be taken 2 times.

8  LIBRARY SUPERVISORY SKILLS (1.0)  
3.0 hours lecture per week*  
Associate Degree Applicable  
Prerequisite: Completion of or concurrent enrollment in LIBINF 1  

Introduces supervisory skills within the context of a library department or branch. Covers how to train, motivate, counsel and evaluate employees, time management, delegation of work, preparation of memos and statistical reports.

9  LIBRARY PUBLIC SERVICES (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  
Prerequisite: Completion of or concurrent enrollment in LIBINF 1  

Surveys all major library services provided to the public. Focuses on the philosophy, policies and procedures Associated with reference/information and circulation services. Major emphasis is placed on skill building in defining and executing search strategies that answer information questions from the public.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
10  SCHOOL LIBRARY/MEDIA CENTER SERVICES (2.0)
3.0 hours lecture per week*
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in LIBINF 1

Explores the role of the school library media program in the educational community. Introduces students to the basic skills and competencies necessary to provide effective school library media programs for grades K-12.

11  JAVASCRIPT FUNDAMENTALS (1.0)
2.0 hours per week: (0.5 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable
Prerequisite: LIBINF 7 with a grade of C or better or consent of instructor

Introduces the fundamentals of JavaScript and web page design techniques. Course may be taken 2 times.

12  RESEARCH SKILLS FOR INFORMATION AGE (1.0)
1.0 hours lecture per week
Associate Degree Applicable

An information literacy course for students wishing to improve their research skills. This course will prepare students to effectively address different information questions, problems or issues by providing them with the skills to locate, interpret, analyze, synthesize, evaluate and communicate information.
Transfer: CSU.

14  INFORMATION TECHNOLOGY INTERNSHIP (2.0)
5.0 hours per week: (0.5 hours lecture, 4.5 hours laboratory)
Associate Degree Applicable
Prerequisite: Completion of with a grade of C or better or concurrent enrollment in 10 Library/Information Technology units from LIBINF 1, LIBINF 4, LIBINF 5, LIBINF 6, LIBINF 8, LIBINF 9, LIBINF 15, or LIBINF 17 or ten Web Development Technologies units from ART 120, BUS 43, BUS 48, LIBINF 2, LIBINF 6, LIBINF 7, LIBINF 11, LIBINF 16 or LIBINF 17 and Consent of the Instructor

Provides structured on-the-job experience in an appropriate information technology environment. (e.g., information center, library, business, etc.)

15  TECHNOLOGY IN THE WORKPLACE (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable

This course offers a practical look at proper approaches and techniques used to understand, utilize and troubleshoot workplace technology - particularly computer and multimedia technology.

16  MULTIMEDIA APPLICATIONS FOR THE WEB (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: LIBINF 7

Focus is on the various ways of creating, editing, and presenting multimedia content for use on the web.

17  ETHICS IN THE INFORMATION AGE (1.0)
1.0 hours lecture per week
Associate Degree Applicable

Focuses on ethical and legal issues of information access and publishing as applicable to the Internet. Include a basic knowledge of copyright laws, security and privacy issues, Internet advertising, and the appropriate use of the Internet as an information delivery system.

18  CONNECTING ADOLESCENTS WITH LITERATURE AND LIBRARIES (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Explores the literature and electronic resources essential for library technicians to work effectively with adolescents in the information age. Issues of materials selection, evaluation and youth programming will be related to teenage trends, popular culture, multiculturalism and other contemporary subjects of importance to adolescents.

47  INDEPENDENT STUDIES: LIBRARY/INFORMATION TECHNOLOGY (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: LIBINF 1 and other preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of Library/Information Technology (more specialized than is covered in the curriculum) under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).

93  LIBRARY INFORMATION SPECIAL TOPIC (0.5 to 4.0)
Associate Degree Non-Applicable

Examines a special topic in the field of study related to the discipline offering this course.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
MATHEMATICS - MATH

3 ARITHMETIC (3.0)
3.0 hours lecture per week
Associate Degree Non-Applicable

Provides a review of the basic skills of arithmetic. Designed as a transitional course for students who have either not taken a mathematics course for a considerable period of time or who have been in a tutorial program. This course is organized in a regular classroom setting to prepare students for a pre-algebra course.

7 PREALGEBRA (3.0)
3.0 hours lecture per week
Associate Degree Non-Applicable
Prerequisite: MATH 3 or equivalent with a grade of C or better

Presents the mathematical concepts and arithmetic skills necessary for success in elementary algebra and for further work in mathematics. The concepts are applied to numerous practical problems in order to demonstrate their applicability to real life situations. Not open to students with credit in MATH 23 or its equivalent or any course for which MATH 23 is the prerequisite.

8 INTRODUCTION TO FACTORING (1.0)
1.0 hours lecture per week
Associate Degree Non-Applicable
Prerequisite: Completion of MATH 7 or equivalent

Introduces the student to methods of factoring polynomials. Presents the topic from geometric, numeric and algebraic perspectives. Multi-sensory approaches will include manipulatives and graphing. Students should have proficiency in whole number arithmetic skills, including positives and negatives and knowledge of procedures for solving simple linear equations. Course may be taken 2 times.

10 INTRODUCTION TO GRAPHING CALCULATORS (1.0)
1.0 hours lecture per week
Associate Degree Applicable
Advisory: MATH 23 or MATH 23SI

Introduction to the capabilities of a scientific graphing calculator. Emphasis will be on the operation of a graphing calculator to perform computations, to analyze functions, and to use as a tool in solving problems chosen from a variety of disciplines.

12 CONVERTING MEASUREMENTS (1.0)
1.0 hours lecture per week
Associate Degree Applicable

Introduces the student to methods of converting from one measurement unit to another. Emphasis will be on basic applications from nutrition, nursing, chemistry, physical sciences and other disciplines.

14 WORD PROBLEMS (1.0)
1.0 hours lecture per week
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in MATH 23, MATH 23SI, MATH 27 or MATH 27SI

This course presents strategies for successfully solving word problems such as distance, mixture, work and others at the elementary and intermediate algebra level. This course is intended to help students with word problems in MATH 23 and MATH 27.

15 INTERNSHIP: MATHEMATICS (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in MATH 65A

Provides an opportunity for a tutorial experience by an individual student in selected topics in mathematics under the direction of an instructor. Course may be taken 4 times.

19 ELEMENTARY COLLEGE MATHEMATICS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 7 or equivalent with a grade of C or better

Presents a course in college mathematics for the student without any algebraic background. Topics include solving linear equations, including applications; geometry; probability and descriptive statistics; and finance.

21 TWO-SEMESTER BEGINNING ALGEBRA: PART 1 (5.0)
5.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 7 or equivalent with a grade of C or better

Presents the first half of a two-semester course in beginning algebra for the student who has no algebraic background. This course enables students to complete the equivalent of Elementary Algebra, (MATH 23) at a slower pace. Successful completion of MATH 21 or equivalent and MATH 22 is equivalent to MATH 23.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
22  TWO-SEMESTER BEGINNING ALGEBRA:  (5.0)
PART 2
5.0 hours lecture per week
Associate Degree Applicable
Prerequisite: Math 21 or equivalent with a grade of C or better
(two-semester beginning algebra, part I)

Presents the second half of a two-semester course in beginning algebra for the student who has no algebraic background. This course enables the students to complete the equivalent of Elementary Algebra (MATH 23) at a slower pace. Successful completion of MATH 21 or equivalent and MATH 22 is equivalent to MATH 23.

23  ELEMENTARY ALGEBRA  (5.0)
5.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 7 or equivalent with a grade of C or better

Presents a first course in algebra for the student without any algebraic background. Topics include solving linear equations and inequalities, solving quadratic equations by factoring, polynomial expressions, factoring, graphing linear equations and inequalities in the variables, solving systems of two linear equations and radical expressions and equations.

23SI  ELEMENTARY ALGEBRA WITH
SUPPLEMENTAL LEARNING  (5.0)
6.0 hours per week: (5.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MATH 7 or equivalent with a grade of C or better

Presents a first course in algebra for the student without any algebraic background. Topics include solving linear equations and inequalities, solving quadratic equations by factoring, polynomial expressions, factoring, graphing linear equations and inequalities in the variables, solving systems of two linear equations and radical expressions and equations. The one hour of lab per week will utilize Supplemental Instruction to practice problem solving.

24A  TECHNICAL MATH  (5.0)
5.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 23, MATH 23SI or equivalent with a grade of C or better

Presents a course in technical math for students majoring in electronics, computer networking and robotics. Topics include algebra and trigonometry, necessary for the study of DC and AC electronics. Vectors, phasors, computer number systems, Boolean algebra and logic circuits are discussed.

25  PLANE GEOMETRY  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 23, MATH 23SI or equivalent course with a grade of C or better

Presents a study of the geometry of two-dimensional Euclidean space with an emphasis on proof using deductive reasoning. An introduction to three dimensional geometry and applications of both two- and three-dimensional geometry is also presented.

26A  INTERMEDIATE ALGEBRA-PART 1  (5.0)
5.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 20D, MATH 22, MATH 23 or MATH 23SI or equivalent with a grade of C or better or a recommending score on the Cuesta College Assessment Test

Presents the first half of a two-semester course in intermediate algebra. This course enables students to complete the equivalent of Intermediate Algebra (MATH 27) at a slower pace. Topics include factoring polynomial expressions, simplifying rational expressions, absolute value equations and inequalities, functions and relations, and solving systems of linear equations and inequalities.

26B  INTERMEDIATE ALGEBRA-PART 2  (5.0)
5.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 26A or equivalent with a grade of C or better

Presents the second half of a two-semester course in Intermediate Algebra. This course enables students to complete Intermediate Algebra (MATH 27) at a slower pace. Topics include functions and relations, quadratic equations, exponential and logarithmic functions, inverse functions, and sequences and series.

27  INTERMEDIATE ALGEBRA  (5.0)
5.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 20D, MATH 22, MATH 23 or MATH 23SI or equivalent with a grade of C or better or a recommending score on the Cuesta College Assessment Test

Broadens and adds to the concepts of elementary algebra. Such additions include rational expressions, quadratic equations, functions, exponential and logarithmic functions, inverse of functions, solving systems of two or more linear equations, and sequences and series.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
27SI  INTERMEDIATE ALGEBRA WITH
SUPPLEMENTAL LEARNING
6.0 hours per week: (5.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MATH 20D, MATH 22, MATH 23, MATH 23SI or
equivalent with a grade of C or better or a recommending score
on the Cuesta College Assessment Test

Broadens and adds to the concepts of elementary algebra. Such
additions include rational expressions, quadratic equations,
functions, exponential and logarithmic functions, inverse of
functions, solving systems of two or more linear equations, and
sequences and series. The one hour of lab per week will utilize
Supplemental Instruction to practice problem solving.

29  TRIGONOMETRY
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 27 or MATH 27SI and MATH 25 or
equivalent with a grade of C or better
Advisory: MATH 42

Presents trigonometry from a function approach using both right
triangle and circular relationships. The relationships between the
angles and sides of triangles and relationships between central
angles and the coordinates of points on a circle are developed.
The course is designed to prepare the student for further study in
the mathematics required in the sciences and technical areas.
Transfer: CSU. (CAN MATH 8)

30  COLLEGE MATHEMATICS FOR THE
HUMANITIES
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 27, MATH 27SI or equivalent with a grade
of C or better

Presents applications of intermediate algebra and critical thinking
to solving contemporary problems in mathematics. Topics
include mathematical reasoning with four additional topics
selected from number systems, number theory, finance, computer
applications, probability, statistics and mathematical modeling.
Transfer: CSU; UC.

31  TRIGONOMETRY WITH GEOMETRIC
FOUNDATIONS
5.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 27, MATH 27SI or equivalent with a grade
of C or better

Presents the entire content of MATH 29 Trigonometry with
topics from MATH 25 Geometry. Topics include trigonometric
functions, equations, graphs, identities, and solution of triangles.
Also includes geometric congruence, properties of polygons,
parallel lines, similarity, areas, and volumes.
Transfer: CSU.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.
COURSES (CONTINUED)

45  FINITE MATHEMATICS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 42 or equivalent with a grade of C or better

Presents a study of sets, counting problems, probability theory and distributions, vectors and matrices with applications, Gaussian elimination, linear programming, Markov chains and selected topics from the area of business finance.
Transfer: CSU; UC. (CAN MATH 12)

47  INTRODUCTION TO STATISTICS (4.0)
4.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 27, MATH 27SI or equivalent with a grade of C or better

Presents a study of basic descriptive and inferential statistics designed to prepare students for work in the fields of economics, business, psychology, education, mathematics and applied science. Not open to students with credit in MATH 39 or MATH 49.
Transfer: CSU; UC. (CAN STAT 2)

49  STATISTICS FOR BUSINESS (5.0)
5.0 hours lecture per week
Associate Degree Applicable
Prerequisite: CIS 10 and MATH 45 or MATH 55 or equivalent with a grade of C or better

Presents a study of descriptive and inferential statistics designed for use in the field of business. Includes hypothesis testing, chi-square analysis, regression, correlation, time series, and forecasting.
Transfer: CSU; UC.

55  CALCULUS FOR BUSINESS AND MANAGEMENT (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 42 or equivalent with a grade of C or better

Presents a study of the techniques of calculus with emphasis placed on the application of these concepts to business and management related problems. The applications of derivatives and integrals of functions including polynomials, rational, exponential and logarithmic functions are studied.
Transfer: CSU; UC. (CAN MATH 34)

63  PRECALCULUS MATHEMATICS (5.0)
5.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 29 with a grade of C or better

Presents a study of college algebra, trigonometry, and an introduction to analytic geometry. The course is designed to prepare the student for calculus.
Transfer: CSU; UC. (CAN MATH 16)

65A  ANALYTIC GEOMETRY AND CALCULUS (5.0)
5.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 42 and MATH 29 or MATH 63 or equivalent with a grade of C or better

Presents a study of analytic geometry, limits, continuity, the calculus of algebraic, trigonometric, exponential and logarithmic functions as well as applications of the derivative and integral. Every topic will be taught geometrically, numerically, and algebraically.
Transfer: CSU; UC. (CAN MATH 18)(MATH 65A + MATH 65B = CAN MATH SEQ B)(MATH 65A + MATH 65B + MATH 83 = CAN MATH SEQ C)

65B  ANALYTIC GEOMETRY AND CALCULUS (5.0)
5.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 65A or equivalent with a grade of C or better NOTE: If you are transferring from a college on the quarter system the prerequisite for Math 65B is two quarters of Calculus. From Cal Poly it is Math 142 with a grade of C or better.

Presents a continuing study on integration, some first and second order differential equations, Taylor and Fourier series, multiple variable functions, vectors, and their applications. Every topic will be taught geometrically, numerically, and algebraically.
Transfer: CSU; UC. (CAN MATH 20)(MATH 65A + MATH 65B = CAN MATH SEQ B)(MATH 65A + MATH 65B + MATH 83 = CAN MATH SEQ C)

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.
83  CALCULUS  (4.0)
5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MATH 65B (Analytic Geometry and Calculus) or equivalent with a grade of C or better

Presents a study of differentiation and integration of multiple variable functions, parametric curves in two and three dimensions, optimization, line integrals, and the calculus of vector fields. Specific topics include vector functions, partial derivatives, surfaces, parametric equations, multiple integrals (with rectangular, polar, cylindrical, and spherical coordinates), and vector calculus (including line integrals, flux integrals, Greens Theorem, the Divergence Theorem, and Stokes Theorem). Every topic will be taught geometrically, numerically, and algebraically.
Transfer: CSU; UC. (CAN MATH 22) (MATH 65A + MATH 65B + MATH 83 = CAN MATH SEQ C)

85  DIFFERENTIAL EQUATIONS  (4.0)
4.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 65B or equivalent with a grade of C or better
Advisory: MATH 83

Presents an introduction to ordinary differential equations and their applications: linear differential equations, Laplace transforms, series and numerical methods.
Transfer: CSU; UC. (CAN MATH 24)

87  LINEAR ANALYSIS  (5.0)
5.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 65B or equivalent with a grade of C or better

Presents a study of separable and linear ordinary differential equations with selected applications; numerical and analytical solutions; second order differential equations; Laplace transforms. Delves into Linear Algebra with a study of vectors in n-space, matrices, linear transformations, eigenvalues, eigenvectors, diagonalization; applies linear algebra in the study of systems of linear differential equation.
Transfer: UC.

93  MATH SPECIAL TOPIC  (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
MEDICAL ASSISTING - MEDAST

6  INTRODUCTORY MEDICAL CODING  (4.0)
4.0 hours lecture per week
Associate Degree Applicable
Corequisite: NRAD 22
Advisory: MATH 3, BIO 12 and ENGL 56

A medical coding course designed to teach principles and techniques for successful coding of diagnosis and procedures. This course will include ICD-9-CM/DRG, CPT-4/HCPCS, using the correct terminology and procedure books. Both forms of coding will encompass in-patient and out-patient coding as it applies to the patient’s medical record.

7  MEDICAL INSURANCE CLAIM MANAGEMENT  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MEDAST 6
Advisory: ENGL 56

Introduces a medical insurance claim management course including management responsibilities, legal issues, managed care, third-party payers, and application of diagnostic and procedural coding required for insurance claim completion.
Transfer: CSU.

9  PHLEBOTOMY  (3.0)
9.0 hours per week: (4.5 hours lecture, 4.5 hours laboratory)*
Associate Degree Applicable
Prerequisite: Health Care Provider CPR Card
Advisory: Standard First Aid

Designed to prepare the student in essential blood specimen collecting skills to fulfill state phlebotomy certificate requirements.
Course may be taken 2 times.

10 MEDICAL ASSISTING BASICS  (2.0)
2.0 hours lecture per week
Associate Degree Applicable

Introduces the medical assisting role and responsibilities, professionalism, and medical terminology. Concepts of anatomy, physiology, and computer basics are presented to facilitate entry level medical assisting practice.

11 MEDICAL ASSISTING FAST TRACK  (12.0)
14.0 hours per week: (11.5 hours lecture, 2.5 hours laboratory)
Associate Degree Applicable
Prerequisite: Completion of with a grade of C or better or concurrent enrollment in MEDAST 10
Corequisite: Current Health Care Provider CPR and Standard First Aid

Designed to prepare the student for an entry-level position as a medical assistant. The content includes verbal and written communication, basic and advanced clinical skills, medical office management techniques, and professional employment marketing skills. Includes preceptorship experience.

93 MEDICAL ASSISTING SPECIAL TOPIC  (0.5 to 4.0)
Associate Degree Non-Applicable

Examines a special topic in the field of study related to the discipline offering this course.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
### COURSES (CONTINUED)

#### MUSIC - MUS

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Hours per Week</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>3A MUSIC THEORY</td>
<td>(5.0)</td>
<td>6.0 lecture, 1.0 laboratory</td>
<td>5.0</td>
<td>Presents a correlated course with two areas of music study: traditional harmonic practice studied through the principles of writing of the Common Practice era including scales, tonality, chords and four-part writing in root position; and aural skills which include solfege with movable do, sight-singing, and aural recognition and dictation of intervals and rhythm. This course is the first in a sequence of three. Required of all music majors. <strong>Transfer:</strong> CSU; UC. (CAN MUS 2)(MUS 3A + MUS 3B = CAN MUS SEQ A)</td>
</tr>
<tr>
<td>3B MUSIC THEORY</td>
<td>(5.0)</td>
<td>6.0 lecture, 1.0 laboratory</td>
<td>5.0</td>
<td>A continuation of MUS 3A. Written theory pursues further part-writing and study of the principles of the Common Practice era, including six-chords, six-four chords, major-minor sevenths, melodic embellishments and modulation. Aural skills are further developed through sight-singing chromatics using movable do, and melodic and harmonic dictation. This course is the second in a sequence of three. Required of all music majors. <strong>Transfer:</strong> CSU; UC. (CAN MUS 4)(MUS 3A + MUS 3B = CAN MUS SEQ A)</td>
</tr>
<tr>
<td>3C MUSIC THEORY/COUNTERPOINT</td>
<td>(3.0)</td>
<td>3.0 lecture</td>
<td>3.0</td>
<td>A continuation of MUS 3B, with contrapuntal harmonic practices of the 18th, 19th and 20th centuries. The course explores ninth chords, diminished sevenths, half-diminished sevenths, augmented sixth chords, chord beyond the ninths, whole-tone systems and current practices through four-part writing analysis, essays and discussion. Required of all music majors. <strong>Transfer:</strong> CSU; UC.</td>
</tr>
<tr>
<td>6 COMPOSING MUSIC FOR MOTION PICTURES AND TELEVISION</td>
<td>(3.0)</td>
<td>3.0 lecture, 1.0 laboratory</td>
<td>3.0</td>
<td>A study of the various aspects of composing for video, motion pictures, and television, including appropriate compositional techniques, stylistic considerations and an in-depth study of the uses and application of computer technology in writing, scoring, and synchronizing music for video and film. <strong>Transfer:</strong> CSU.</td>
</tr>
<tr>
<td>12 APPLIED MUSIC (PRIVATE LESSONS)</td>
<td>(2.0)</td>
<td>7.0 lecture, 5.0 laboratory by arrangement</td>
<td>2.0</td>
<td>A workshop/recital class and a private one-hour lesson per week. The student is required to practice on campus a minimum of five hours per week, and to enroll and participate in a large performing music ensemble. Applied lessons are available in voice, piano, strings, guitar, woodwinds, brass, and percussion. Course may be taken 4 times. <strong>Transfer:</strong> CSU.</td>
</tr>
<tr>
<td>20 ELEMENTARY VOICE</td>
<td>(2.0)</td>
<td>4.0 lecture, 3.0 laboratory</td>
<td>2.0</td>
<td>Presents a study of the techniques of voice training for solo singing. Music will range through appropriate song repertoire and selections from musicals. Class performance required. <strong>Transfer:</strong> CSU; UC.</td>
</tr>
<tr>
<td>22 INTERMEDIATE VOICE</td>
<td>(2.0)</td>
<td>4.0 lecture, 3.0 laboratory</td>
<td>2.0</td>
<td>Provides an opportunity for students to continue with advanced study of singing and preparation of song repertoire on an individual basis. Public performance required. Course may be taken 4 times. <strong>Transfer:</strong> CSU; UC.</td>
</tr>
</tbody>
</table>

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
COURSES (CONTINUED)

23 VOCAL JAZZ ENSEMBLE (2.0 to 3.0)
9.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: Audition and/or consent of instructor
Advisory: Eligibility for ENGL 56

Presents the study and performance of literature in the vocal jazz and popular music genre with emphasis upon vocal improvisation in the jazz and scat style. Student compositions and arrangements will be encouraged. Attendance at scheduled performances is required.
Course may be taken 4 times.
Transfer: CSU; UC.

24 VOCAL JAZZ WORKSHOP (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Audition and/or consent of instructor

Practice and study vocal jazz literature and techniques. Introduce vocal jazz improvisation and vocal jazz harmonies.
Course may be taken 4 times.
Transfer: CSU; UC.

25 WIND ORCHESTRA (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Audition and/or consent of instructor

Study and public performance of music written specifically for large wind orchestras (woodwinds, brass, and percussion). Limited to those students who have had experience with wind and percussion instruments.
Course may be taken 4 times.
Transfer: CSU; UC.

26 BAND (1.0 to 3.0)
9.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: Ability to play a band instrument and audition and/or consent of instructor

Presents the study and performance of appropriate wind ensemble literature with emphasis on developing repertoire for required public performances.
Course may be taken 4 times.
Transfer: CSU; UC.

27 INSTRUMENTAL SMALL ENSEMBLE (1.0 to 3.0)
9.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: Ability to play a musical instrument and audition and/or consent of instructor

Presents the study and performance of appropriate literature for limited, carefully balanced ensembles with emphasis on developing repertoire for required public performances.
Course may be taken 4 times.
Transfer: CSU; UC.

28 MIXED CHORUS (1.0 to 3.0)
9.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: Audition and/or consent of instructor
Advisory: Knowledge of music notation

Presents the study and performance of appropriate choral literature selected from the wide variety of historic eras and musical styles from the 16th Century to the present. Public performance required.
Course may be taken 4 times.
Transfer: CSU; UC.

29 CHAMBER SINGERS (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Audition and/or consent of instructor
Advisory: Previous choral experience

A small group ensemble specializing in madrigals and vocal chamber music of all cultures and time periods. Frequent performances on and off campus will be a large part of the class.
Course may be taken 4 times.
Transfer: CSU; UC.

30A MUSIC HISTORY (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: MUS 39 or MUS 3A

Studies the history of music in western civilization from the Ancient period to the culmination of the Baroque period.
Transfer: CSU; UC.

30B MUSIC HISTORY (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: MUS 30A, MUS 39 or MUS 3A

Presents a study of the history of music in the Western civilization from the end of the Baroque period to the current period, including Avant Garde and Serial Techniques.
Transfer: CSU; UC.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.
31 JAZZ ENSEMBLE (1.0 to 3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Ability to play an instrument and to read music at sight and audition and/or consent of instructor

Provides for reading, preparing, and performing of music arranged for a dance band. Presents the opportunity to arrange and compose for the band as well as to direct. Attendance at scheduled performances is required.
Course may be taken 4 times.
Transfer: CSU; UC.

32A CONCERT JAZZ ENSEMBLE (1.0 to 3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Audition and/or consent of instructor
Advisory: Ability to play an instrument

The concert jazz ensemble is a performance organization designed to acquaint the student with a wide variety of jazz and swing compositions, arrangers and guest soloists. This course will stress stylistic interpretation and ensemble playing. It will be limited to students with considerable experience.
Course may be taken 4 times.
Transfer: CSU; UC.

33 JAZZ IMPROVISATION (2.0)
3.0 hours per week: (2.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Ability to read music and play an instrument or sign and audition and/or consent of instructor
Advisory: Completion of or concurrent enrollment in MUS 3A or MUS 39

Provides an opportunity for performance and analysis of jazz improvisation. Public performances may be required.
Course may be taken 4 times.
Transfer: CSU; UC.

34 ARRANGING, SCORING, AND ORCHESTRATION (2.0)
2.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MUS 3A and MUS 3B or equivalent and knowledge of jazz literature and styles and some ability to play the piano
Advisory: Concurrent enrollment in MUS 23, MUS 28, MUS 32A, MUS 33, MUS 45 or MUS 51

Provides an opportunity for composing, arranging and orchestrating for jazz ensembles and orchestras. Focuses on the analysis of jazz and classical harmonic practices, relation of contemporary melodic and rhythmic concepts to instrumentation.
Course may be taken 4 times.
Transfer: CSU; UC.

35 MUSIC APPRECIATION: CLASSICAL MUSIC (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Introduces classical music in its evolution from the earliest recorded through the 20th century. Includes the study and analysis of significant works.
Transfer: CSU; UC.

37 MUSIC APPRECIATION: AMERICAN POPULAR MUSIC (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Introduces the non-music major to the history and literature of the popular music movement in the United States. Emphasizes musical styles and personalities from the late forties to the present.
Transfer: CSU; UC.

38 MUSIC APPRECIATION: JAZZ HISTORY (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Introduces the history and literature of jazz music in the United States. Emphasizes the styles and musical personalities involved from 1900 to the present. Designed for the non-music major.
Transfer: CSU; UC.

39 FUNDAMENTALS OF MUSIC (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: No previous musical experience necessary

Provides a thorough foundation in fundamentals of music for the non-major or the potential music major who does not have an adequate background.
Transfer: CSU; UC.

40 RECORDING ARTS I (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable

First in a sequence of four recording arts courses offering an overview of music technology. Recording Arts I is an introduction to the physics of sound, sound recording, and sound reproduction.
Transfer: CSU.
COURSES (CONTINUED)

41 RECORDING ARTS II (2.0)  
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: MUS 40  

Second in a sequence of four recording arts courses offering an overview of music technology. Covers the latest recording technology, such as digital tape recording, hard disk recording, digital work stations, and MIDI. Students will have access to the recording studio to fulfill assignments and/or record their own projects.  
Transfer: CSU.

45 JAZZ WORKSHOP (2.0)  
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: Audition  
Advisory: Ability to play an instrument  

The jazz workshop is a performance organization designed to acquaint the student with a wide variety of jazz and swing compositions, arrangers and guest soloists. Stresses stylistic interpretation and ensemble playing.  
Course may be taken 4 times.  
Transfer: CSU; UC.

47 INDEPENDENT STUDIES: MUSIC (0.5 to 2.0)  
6.0 hours laboratory per week  
Associate Degree Applicable  
Prerequisite: Audition and/or consent of instructor  

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of music under the direction of an instructor.  
Course may be repeated 4 times (only if each time has a different topic emphasis).  
Transfer: CSU; UC.

50 MUSICAL THEATRE WORKSHOP (3.0)  
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: Audition and/or consent of instructor  
Corequisite: Completion of or concurrent enrollment in MUS 3A or MUS 39  
Advisory: Previous choral or dance experience is recommended  

Develops skills for performance in Musical Theatre, including singing, acting, stage movement and choreography. Public performance may be required. Same as DRA 50.  
Course may be taken 4 times.  
Transfer: CSU; UC.

51 MUSICAL THEATRE PERFORMANCE (3.0)  
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: Completion of or concurrent enrollment in DRA 50 or MUS 50 or audition and/or consent of instructor  

Studies the techniques involved in the production of a full length musical with emphasis on acting, singing, dancing, costuming, makeup, stagecraft, and publicity. Produces one musical each semester. Public performance will be required. Same as DRA 51.  
Course may be taken 4 times.  
Transfer: CSU; UC.

53 MASTER CHORALE (2.0)  
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: Audition and/or consent of instructor  

Presents the study and performance of major historical choral works. Public performance is required.  
Course may be taken 4 times.  
Transfer: CSU; UC.

55 WORKSHOP IN INSTRUMENTAL ENSEMBLE (3.0)  
MUSIC  
9.0 hours laboratory per week  
Associate Degree Applicable  
Prerequisite: Ability to play a musical instrument and audition and/or consent of instructor  

Presents the study and performance of appropriate instrumental ensemble and orchestral music selected from standard repertoires leading to a series of public performances.  
Course may be taken 4 times.  
Transfer: CSU; UC.

56 ORCHESTRA (3.0)  
3.0 hours lecture per week  
Associate Degree Applicable  
Prerequisite: Ability to play an orchestral instrument and audition and/or consent of instructor  

Presents the study and performance of appropriate combined string and wind ensemble literature with the emphasis upon developing repertoire for required public performances.  
Course may be taken 4 times.  
Transfer: CSU.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
58  ELEMENTARY PIANO  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Introduces the student to practical keyboard facility, sight reading, harmony and performance of elementary piano repertoire. Required for music majors. Course may be taken 4 times.
Transfer: CSU; UC.

59  INTERMEDIATE PIANO  (1.0 to 2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MUS 58 or equivalent or audition and/or consent of instructor
The study and performance of concert piano literature from Baroque, Classic, Romantic, and 20th Century time periods. The student will develop and improve pianistic skills and repertoire. Course may be taken 4 times.
Transfer: CSU; UC.

60  JAZZ PIANO TECHNIQUES  (1.0 to 2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MUS 58 or equivalent or audition and/or consent of instructor
This course provides the student with basic jazz piano playing skills including voicings of 9th, 11th, and 13th chords applied to arranging lead sheets for piano. Course may be taken 4 times.
Transfer: CSU; UC.

61  CHORAL MUSIC I: RENAISSANCE AND BAROQUE PERIOD  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Audition and/or consent of instructor
Presents the study and performance of major historical choral works with concentration on the Renaissance and Baroque periods (1400-1600). Students will develop and improve choral music techniques and repertoire. Auditions will be scheduled at the beginning of each semester. Course may be taken 4 times.

62  CHORAL MUSIC II: CHORAL MUSIC OF THE CLASSICAL PERIOD  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Audition and/or consent of instructor
Presents the study and performance of major historical choral works with concentration on the Classical Period. Students will develop and improve choral music techniques and repertoire. Auditions will be scheduled at the beginning of each semester. Course may be taken 4 times.

63  MUSIC III: CHORAL MUSIC OF THE ROMANTIC TO EARLY 20TH CENTURY  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Audition and/or consent of instructor
Presents the study and performance of major historical choral works with concentration on the Romantic Period from the end of the Classical Period to the early 20th century. Students will develop and improve choral techniques and repertoire. Auditions will be scheduled at the beginning of each semester. Course may be taken 4 times.

64  MUSIC IV: MODERN PERIOD  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Audition and/or consent of instructor
Presents the study and performance of major historical choral works with concentration on the Modern Period (Post World War I to present). Students will develop and improve choral music techniques and repertoire. Auditions will be scheduled at the beginning of each semester. Course may be taken 4 times.

93  MUSIC SPECIAL TOPIC  (0.5 to 4.0)
Associate Degree Applicable
Examines a special topic in the field of study related to the discipline offering this course.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
NURSING ASSISTANT - NRST

25  EKG MONITOR OBSERVER  (1.0)
6.0 hours lecture per week*
Associate Degree Applicable

Provides the student with the skills to analyze and interpret basic cardiac rhythms. Emphasis is on recognition of clinically significant rhythms. Treatment is not covered. Concepts include basic cardiac anatomy and physiology, electrical conduction through the heart, components of the EKG waveform, and identification of normal and abnormal cardiac rhythms.

45  ACUTE CARE NURSE ASSISTANT  (3.0)
12.0 hours per week: (5.0 hours lecture, 7.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: Be a certified nursing assistant and have current "health care provider" card
Advisory: ENGL 56

Prepares the certified nurse assistant to function at a competent level in the acute care setting. Provides guidelines for acute clinical experiences. Facilitate an understanding of human beings as integrated physiological, social, and psychological organisms. Course may be taken 2 times.

48  NURSING ASSISTANT  (5.0)
18.0 hours per week: (6.0 hours lecture, 12.0 hours laboratory)*
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents theory and practice skills necessary for basic nursing care. Requires supervised clinical experiences in a skilled nursing facility. Upon completion of this course, students are eligible to take the Nurse Assistant Training and Assessment Program Test (NATAP). This will allow the candidate to obtain a certificate as a nurse assistant in the state of California. Must be able to lift 20 pounds.
Course may be taken 4 times.

51  HEALTH UNIT COORDINATOR  (2.5)
3.5 hours per week: (2.0 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable

Introduction to basic skills required of a Health Unit Coordinator in today’s health care environment.
Course may be taken 2 times.

93  NURSING ASSISTANT SPECIAL TOPIC  (0.5 to 4.0)
Associate Degree Non-Applicable

Examines a special topic in the field of study related to the discipline offering this course.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
NURSING REGISTERED ASSOCIATE DEGREE - NRAD

1 FOUNDATIONS OF NURSING/CARING (2.0)
2.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 1A

Introduces caring theory as the essence of nursing. Foundational concepts include communication, teaching/learning, nursing process, life-span. Self-care and academic success principles are introduced. Surveys historical, social, legal, economic and ethical aspects of nursing, emphasizing critical thinking, patient advocacy and caring in a multicultural society.
Transfer: CSU.

1A NURSE CARING CONCEPTS (2.0)
2.0 hours lecture per week
Associate Degree Applicable
Prerequisite: Admittance into the registered nursing program
Corequisite: NRAD 1B

Applies the foundational caring concepts of communication, teaching, learning, nursing process, caring, energy and life span as a structure for nursing practice. Provides a foundation for health promotion in a multicultural society. Introduces independent learning modules.
Transfer: CSU.

1B NURSE CARING PRACTICUM I (5.0)
11.0 hours per week: (2.0 hours lecture, 9.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Admission to the registered nursing program and Current Health Care Provider CPR card is required
Corequisite: NRAD 1D

Applies nursing concepts to the practice of nursing. Presents related nursing procedures. Provides opportunities for student practice of procedures. Provides skill practice in lab setting for the student to perform nursing care for adults and geriatric clients through structured experiences in long-term care settings and acute care hospital settings. Student will identify personal biases as they relate to the provision of culturally sensitive nursing care. Application of nursing process and cultural concepts to individual nursing care.
Transfer: CSU.

1D DECISION MAKING DATA I (2.0)
2.0 hours lecture per week
Associate Degree Applicable
Prerequisite: Admittance into the registered nursing program
Corequisite: NRAD 1A

Presents fundamental concepts and nursing care problems related to pharmacology, nutrition, fluid and electrolyte balance, diagnostic testing, and acute pain for the adult and geriatric client. Introduces math calculations for medication administration. Explores application of nursing process to nursing care problems. Cultural concepts pertinent to nursing care problems are presented.
Transfer: CSU.

2A NURSE CARING FAMILY CONCEPTS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: NRAD 1B and/or admission to the nursing program
Corequisite: NRAD 2B

Continues the study of caring concepts in greater depth and complexity. Teaches nursing care of the childbearing family, children and young through middle adulthood. Introduces family considerations in establishing short-term and long-term goals for health promotion. Continues focus on the individual assuming responsibility for health promotion and learning. Emphasizes planning, implementation and evaluation of nursing process in a multicultural society.
Transfer: CSU.

2B NURSE CARING PRACTICUM II (8.0)
20.0 hours per week: (2.0 hours lecture, 18.0 hours laboratory)
Associate Degree Applicable
Prerequisite: NRAD 1B and/or admission to the nursing program and Current Health Care Provider CPR card is required
Corequisite: NRAD 2D

Applies nurse caring concepts to the clinical practice of nursing in a wide variety of health care settings. Presents related nurse caring skills. Provides opportunity to deliver planned culturally relevant nursing care for maternity clients, infants, children, and young/middle-aged adults in moderately structured clinical practice.
Transfer: CSU.
### COURSES (CONTINUED)

**2D  DECISION MAKING DATA II**  
2.0 hours lecture per week  
Associate Degree Applicable  
Prerequisite: NRAD 1B and/or admission to nursing program  
Corequisite: NRAD 2A  

Builds on fundamental concepts related to pharmacology, nutrition, diagnostic testing across the life span. Emphasis is placed on the role of the nurse in client education. Cultural concepts pertinent to nursing care problems are presented.  
Transfer: CSU.

**2E  CRITICAL THINKING SKILLS FOR DATA DECISION MAKING**  
1.5 hours lecture per week  
Associate Degree Applicable  
Prerequisite: Admission to the Registered nursing program  
Corequisite: NRAD 2A  

Emphasizes the application of critical thinking skills to realistic clinical situations involving medication management, food-drug and drug-drug interactions and diagnostic test interpretation. Provides an interactive format for the presentation of moderately complex scenarios requiring analysis and problem solving.

**3  NURSING TRANSITIONS**  
2.0 hours lecture per week  
Associate Degree Applicable  
Prerequisite: 30 Unit Option Program Admission  
Corequisite: NRAD 3A  

Introduces caring theory as the essence of nursing. Self care and academic success principles are introduced. Surveys legal and ethical aspects of nursing, emphasizing critical thinking, patient advocacy and caring in a multicultural society. Provides an 8-week transition course required for 30 unit option students.  
Transfer: CSU.

**3A  NURSE CARING CONCEPTS III**  
2.0 hours lecture per week  
Associate Degree Applicable  
Prerequisite: NRAD 2D and/or admission to the nursing program  
Corequisite: NRAD 3B  

Applies nurse caring concepts to care of child, adult, and elderly clients with goal setting, energy, and caring problems. Includes cultural diversity and ethnic considerations, men and women’s health, musculoskeletal, nutrition and elimination, degenerative nervous system, liver, skin, acute oxygenation, hematologic, and vascular problems. Emphasizes nursing intervention.  
Transfer: CSU.

**3B  NURSE CARING PRACTICUM III**  
11.0 hours per week: (2.0 hours lecture, 9.0 hours laboratory)  
Associate Degree Applicable  
Prerequisite: NRAD 2D and/or admission to the nursing program and Current Health Care Provider CPR card is required  
Corequisite: NRAD 3D  

Applies nurse caring concepts to the clinical practice of nursing in a variety of health care settings. Presents advanced nursing skills. Provides opportunity to implement culturally relevant nursing care to clients with varied health problems.  
Transfer: CSU.

**3D  NURSE CARING FOR MEDICAL-SURGICAL CLIENTS**  
2.0 hours lecture per week  
Associate Degree Applicable  
Prerequisite: NRAD 2D and/or admission to the nursing program  
Corequisite: NRAD 3A  

Applies nursing interventions of prevention, maintenance, restoration and caring to a variety of health problems: neurologic, genitourinary, renal, endocrine. Content is related to pathophysiology, life span, barriers to goal-setting, nursing process and teaching/learning. Emphasis is also placed on the impact that this situational crisis has on the client and families ability to cope.  
Transfer: CSU.

**3G  CRITICAL THINKING SEMINAR**  
2.0 hours lecture per week  
Associate Degree Applicable  
Prerequisite: Admission to the nursing program  

For the third semester nursing student. An analysis of complex patient scenarios that require independent critical thinking for the entry level nurse. Incorporates advanced assessment skills to modify and revise the care plan for complex clients. Course may be taken 2 times.

**3H  THIRD SEMESTER NURSING READINESS**  
4.5 hours lecture per week  
Associate Degree Applicable  
Prerequisite: Admission to the nursing program  
Corequisite: NRAD 3A  

A course designed for registered nursing students entering the third semester. Nursing concepts necessary for success in the third semester are reviewed.

---

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
4 NURSE LEADERSHIP/MANAGEMENT (1.0)
1.0 hours lecture per week
Associate Degree Applicable
Prerequisite: NRAD 3D and/or admission to the nursing program
Corequisite: NRAD 4A

Continues to develop leadership and management content at the Associate Degree level as required for beginning practice. Includes the management process, assertion skills, organizational skills, decision making, and change theory. Explores work-role relationships and collegiality, including conflict resolution, reality shock and strategies to deal with burnout.
Transfer: CSU.

4A NURSE CARING CONCEPTS FOR CLIENTS (2.0)
PSYCHIATRICALLY AT RISK
2.0 hours lecture per week
Associate Degree Applicable
Prerequisite: NRAD 3D and/or admission to the nursing program
Corequisite: NRAD 4B

Applies nurse caring concepts to planning nursing care for clients at risk from mental illness, dysfunction and crisis. Presents assessment techniques, nursing diagnoses and specific nursing interventions.
Transfer: CSU.

4B NURSE CARING FOR PEOPLE AT RISK (6.0)
PRACTICUM
18.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: NRAD 3D and/or admission to the nursing program
and Current Health Care Provider CPR card is required
Corequisite: NRAD 4D

Applies culturally sensitive nursing care for people at risk in health care settings, which are varied and more complex. Provides client care experiences in a less structured environment and with increasing independence. Includes preceptorship experience, which covers a designated period of time and a variety of clients across the life span in a variety of settings.
Transfer: CSU.

4D NURSE CARING FOR PEOPLE AT RISK (2.0)
CONCEPTS
2.0 hours lecture per week
Associate Degree Applicable
Prerequisite: NRAD 3D and/or admission to the nursing program
Corequisite: NRAD 4

Applies nurse caring concepts to develop nursing care for clients at risk. Presents the critical care environment and how to establish priorities for clients with altered homeostasis. Emphasis is on clients with cardiovascular problems and crisis. Coping strategies, life style issues to promote health, and culturally relevant care are presented.
Transfer: CSU.

4E NCLEX PREPARATION (0.5)
2.0 hours lecture per week
Associate Degree Non-Applicable
Corequisite: NRAD 4B

This course is to help prepare the RN student for the state licensing exam. Critical thinking strategies required to answer the NCLEX questions are presented. A portion of this class will be hands-on computer testing to simulate the state board testing format.

17 SELF-CARE STRATEGIES (2.0)
2.0 hours lecture per week
Associate Degree Applicable

Introduces self-care concepts from a holistic viewpoint as a primary area of an individual’s responsibility. Relates stress management, humor, psychological and spiritual well-being, personal safety and social support to interpersonal and work-role relationships. Problem solving, planning and stress reduction strategies are presented.
Transfer: CSU.

18 SURVEY OF ALTERNATIVE MEDICINE (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: ENGL 56

Explores various cultural perspectives on alternative medicine. Chinese Medicine, Ayurvedic Medicine, Native and Latin American Folk Medicines, Homeopathy, Naturopathy, Herbal Medicine, Mind/Body Medicine, Chiropractic Medicine, Environmental Medicine and other approaches. These approaches are analyzed and discussed within the context of the current medical model of health care in the United States.
Transfer: CSU.

19A BEGINNING STUDENT INTERN (1.0 to 3.0)
9.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: NRAD 2B

Provides the opportunity to practice selected nursing skills learned during the first year of Associate Degree Nursing course work under the supervision of a preceptor. Offers work experience in a participating agency. Course may be taken 2 times.
Transfer: CSU.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
**COURSES (CONTINUED)**

19B  ADVANCED STUDENT INTERN  (1.0 to 3.0)
9.0 hours laboratory per week
Associate Degree Applicable
*Prerequisite: NRAD 3B*

Provides the opportunity to practice selected nursing skills learned during the first, second and third semesters of Associate Degree Nursing course work under the supervision of a preceptor. Offers work experience in a participating agency. Course may be taken 2 times.

**Transfer:** CSU.

20  SUPPLEMENTARY NURSING SKILLS  (0.5 to 3.0)
PRACTICE
9.0 hours laboratory per week
Associate Degree Applicable
*Corequisite: Enrollment in the nursing program*

Provides the opportunity to practice nursing skills in a caring environment. Nursing skills will vary from the simple to the complex. Allows for demonstration and assessment of nursing skills and knowledge learned in nursing lecture and laboratory courses. Practice opportunities vary from highly structured to less structured simulated clinical situations. Note: 0.5 unit required in first, second, and third semester.

Course may be taken 4 times.

22  MEDICAL TERMINOLOGY  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
*Advisory: ENGL 56*

Introduces medical terminology for body structure, body systems, and diagnostic work. Prefixes, suffixes and combined root forms are used to identify medical terms.

Course may be taken 2 times.

**Transfer:** CSU.

23  BILINGUAL MEDICAL TERMINOLOGY  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
*Advisory: ENGL 56*

Introduces Bilingual Medical Terminology for body structure, body systems, and diagnostic work. Prefixes, suffixes and combined root forms are used to form bilingual medical terms.

Course may be taken 2 times.

24  INTRODUCTION TO EMERGENCY CARE  (3.5)
4.5 hours per week: (3.0 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable
*Prerequisite: Completion of or concurrent enrollment in NRAD 4B or equivalent*

This course is designed for the Registered Nurse, Licensed Vocational Nurse, Paramedic, and graduating Registered Nursing student (a) who intends to make a career move into emergency care, or (b) who is working in the emergency department and seeks to develop a practical framework for practice. Licenses and/or certificates and social security numbers will need to be received in the nursing office in order to register online for this course. Course may be taken 2 times.

25  HEALTH CAREER PREPAREDNESS  (2.0)
2.0 hours lecture per week
Associate Degree Applicable

An overview of opportunities and expectations in health care careers. Basic tools for success will be presented.

**Transfer:** CSU.

26  INTRODUCTION TO THE OPERATING ROOM EXPERIENCE  (7.0)
11.0 hours per week: (5.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable
*Prerequisite: RN, NRAD 4B, or equivalent*

An introduction to the operating room course, designed for registered nurses and fourth semester nursing students. Theory and clinical will introduce the preoperative, intraoperative and postoperative period and appropriate nursing care. Course may be taken 2 times.

27  OBSTETRICAL NURSING  (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
*Prerequisite: RN license or registered nursing interim permit*

This obstetrical course is an introduction to the nursing health care needs of the laboring women, new mothers, newborns and their support systems. The strengths and needs of childbearing families are studied within their socioeconomic, ethnic, and cultural community contexts. The course has both classroom and clinical components. The student is expected to develop clinical objectives and arrange a preceptorship in an acute care setting. Course may be taken 2 times.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*

2005-06 CATALOG

COURSES (CONTINUED)

NUTRITION - NUTR

10  NUTRITION  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Studies the nutritional needs of the human life cycle including interpretation of basic food groups and their chemical composition as applied to the utilization of nutrients in the body.
Transfer: CSU; UC. (CAN HEC 2)

11  INTRODUCTION TO NUTRITION FOR HEALTH PROFESSIONALS  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

This course is designed for current or prospective members of health professions such as nurses, physicians, physician assistants, dietitians, dentists, dental hygienists, physical therapists and occupational therapists. Studies the nutritional needs of the human life cycle. Examines the biological function and chemical classification of nutrients. Relates nutrition concepts to health and disease.
Transfer: CSU.

12  PRENATAL NUTRITION  (1.0)
3.0 hours lecture per week*
Associate Degree Applicable

Examines the nutritional needs of the pregnant woman and developing fetus, including interpretation of food groups and their chemical composition as applied to the utilization of nutrients in the bodies of these particular individuals.
Transfer: CSU.

14  INFANT NUTRITION  (1.0)
3.0 hours lecture per week*
Associate Degree Applicable

Examines the nutritional needs of the infant, including the importance of breastfeeding and its chemical composition as applied to the utilization of nutrients in the bodies of these particular individuals.
Transfer: CSU.

16  TODDLER/PRESCHOOLER NUTRITION  (1.0)
3.0 hours lecture per week*
Associate Degree Applicable

Examines the nutritional needs of the toddler/preschooler, including the interpretation of food groups and their chemical composition as applied to the utilization of nutrients in the bodies of these particular individuals.
Transfer: CSU.

18  MATERNAL & CHILD NUTRITION  (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Examines the nutritional requirements of the pregnant woman, developing fetus, infant, toddler and child.
Transfer: CSU.

30  NUTRITION FOR FITNESS AND SPORT  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56 and NUTR 10

Presents a specialized course relating nutrition to physical performance and fitness. Explores current trends, controversies, and professional publications. Provides opportunity to analyze various dietary recommendations and relate them to specific physical needs.
Transfer: CSU.

47  INDEPENDENT STUDIES: NUTRITION  (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of nutrition under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU.

93  NUTRITION SPECIAL TOPIC  (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
ONLINE

1. **INTRODUCTION TO ONLINE COURSES** (0.5)
   
   4.5 hours laboratory per week*
   
   Associate Degree Applicable

   Presents different types of technologies essential to a distance education course. Topics will cover the effective use of e-mail, the Internet, and other technologies used in both online delivered classes or on-campus classes. Prepares student for succeeding in distance education courses and others that rely heavily on technology.
   
   Course may be taken 2 times.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.*
PARALEGAL - PARAL

1  INTRODUCTION TO LAW OFFICE PROCEDURES FOR PARALEGALS  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: ENGL 56

Introduces the professional responsibilities of the paralegal, including rules regarding ethical conduct and a basic overview of the legal system and research. Covers different law office management functions commonly performed by paralegals such as basic correspondence, billing and financial management, calendar and docket control management, file and record management, and library management.

2A  LAW OFFICE PROCEDURES FOR FAMILY LAW  (1.0)
3.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in LEGAL 24
Advisory: ENGL 56

Introduces the terminology and procedures used in non-litigation matters and legal documents preparation in California Family Law matters.
Course may be taken 2 times.

2B  LAW OFFICE PROCEDURES FOR ESTATE PLANNING AND ADMINISTRATION  (1.0)
3.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in LEGAL 23
Advisory: ENGL 56

Introduces the terminology and procedures used in non-litigation matters and legal documents preparation in probate and estate planning matters.

3  PARALEGAL INTERNSHIP  (1.0 to 3.0)
8.0 hours per week: (0.5 hours lecture, 7.5 hours laboratory)
Associate Degree Applicable
Prerequisite: CAOA 31, CAOA 32, CAOA 35 and BUS 17

Provides students an opportunity to experience the responsibilities of an employee in a legal setting related to their courses in paralegal studies.
Course may be taken 4 times.
Transfer: CSU.

5  CIVIL/LITIGATION PROCEDURES AND DOCUMENTS  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: CAOA 62, CAOA 20A or the ability to type 25 words per minute
Advisory: ENGL 56

Introduces the terminology and procedures used in general civil procedure and litigation including pretrial procedures, discovery, trial, and post trial procedures. Covers specific areas such as landlord/tenant disputes and employment disputes and includes procedures used in alternative dispute resolution such as arbitration and mediation. Sample pleadings, forms, and documents will be processed in logical sequence and will be accompanied by definitions, background information and step by step instructions and statements of procedures.
Course may be taken 2 times.

6  BUSINESS ORGANIZATIONS  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Successful completion of or concurrent enrollment in BUS 18
Advisory: ENGL 56

Introduces the terminology and procedures used in non-litigation matters and legal document preparation in a business law practice.

47  INDEPENDENT STUDIES: PARALEGAL  (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of Paralegal under the direction of an instructor.
Course may be repeated 4 times (only if each time has a different topic emphasis).

93  PARALEGAL SPECIAL TOPIC  (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
PHILOSOPHY - PHIL

5  INTRODUCTION TO THE BIBLE (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Introduces the literature of the Hebrew scriptures and the Christian New Testament through their history, literary conventions, authors, and sources.
Transfer: CSU; UC.

6  INTRODUCTION TO PHILOSOPHY (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents the scope, methods, and concepts of major philosophers. Analyzes their philosophies through the reading of selections from original texts.
Transfer: CSU; UC. (CAN PHIL 2)

8  INTRODUCTION TO LOGIC (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents a study of language and its functions, definitions, informal fallacies, inductive reasoning, and the fundamental concepts and techniques of traditional and modern logic.
Transfer: CSU; UC. (CAN PHIL 6)

9  WORLD RELIGIONS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 1A

Presents the history, concepts, and cultures of the world’s major religions. Emphasizes Judaism, Christianity, Islam, Hinduism, and Buddhism. Surveys Jainism, Confucianism, Taoism, Zoroastrianism, Shintoism, and Sikhism.
Transfer: CSU; UC.

12 PHILosophical CLAssics IN theory oF (3.0)
REALITY AND OF KNOWLEDGE
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 1A

Transfer: CSU; UC.

13 PHILosophical CLAssics IN ETHICS (3.0)
AND SOCIAL PHILOSOPHY
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 1A

Studies problems in ethics and social philosophy by critically analyzing a selection of classic texts.
Transfer: CSU; UC. (CAN PHIL 4)

47 INDEPENDENT STUDIES: PHILOSOPHY (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for in-depth study or a practicum experience by an individual student in a selected topic of philosophy under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU; UC.
PHYSICAL EDUCATION (ACTIVITY) - PEACT

40 SWIMMING (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable
Advisory: Meet the objectives of the preceding skill level before enrolling in the advanced levels

Provides training for students wishing to improve swimming skills in order to increase recreational enjoyment, to improve stroke technique, and to increase endurance, strength, and stamina.
Course may be taken 4 times.
Transfer: CSU; UC.

41 SPRINGBOARD DIVING (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Provides instruction and practice in springboard diving with emphasis on coordination, body mechanics and mastery of diving techniques.
Course may be taken 4 times.
Transfer: CSU; UC.

42 WATER POLO (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Provides the opportunity for swimmers to develop an interest in and knowledge of water polo. Presents the rules and fundamental skills of the game.
Course may be taken 4 times.
Transfer: CSU; UC.

47 INDEPENDENT STUDIES:
PHYSICAL EDUCATION ACTIVITY (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or skill development experience by an individual student in a selected topic of physical education under the direction of an instructor.
Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU; UC.

50 WRESTLING (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Presents the basic skill techniques involved in freestyle, Greco-Roman and college-style wrestling. Emphasizes active participation in drill and scrimmage situations.
Course may be taken 4 times.
Transfer: CSU; UC.

64 STEP TRAINING (1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Presents a total fitness program, including cardiovascular, muscular strength and flexibility fitness through a step training program.
Course may be taken 4 times.
Transfer: CSU; UC.

65 ADULT FITNESS (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Presents the opportunity, methods, materials, and knowledge for the student to begin a lifetime adult physical fitness program.
Course may be taken 4 times.
Transfer: CSU; UC.

66 ENDURANCE CONDITIONING (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Presents a programmed method of cardiovascular/respiratory fitness through walking, running, swimming and/or cycling.
Course may be taken 4 times.
Transfer: CSU; UC.

68 STRETCHING ROUTINES FOR FITNESS AND SPORTS (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Presents a program of controlled stretch patterns to increase flexibility, relax tension, and help prevent injuries in sports activities.
Course may be taken 4 times.
Transfer: CSU; UC.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
69  CIRCUIT WEIGHT TRAINING  (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Introduces an open laboratory physical fitness course designed
to develop muscular endurance and strength. Presents an
opportunity to develop a positive attitude and work habits leading
to cardiovascular efficiency, optimum body composition and
flexibility.
Course may be taken 4 times.
Transfer:  CSU; UC.

70  WEIGHT TRAINING  (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Presents the different concepts of strength, endurance and muscle
tone development of weight training. Students will use machine
and free weights for fitness development.
Course may be taken 4 times.
Transfer:  CSU; UC.

81  BADMINTON  (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Emphasizes skill techniques, strategy of singles and doubles, rule
interpretation, and court etiquette of badminton.
Course may be taken 4 times.
Transfer:  CSU; UC.

83  GOLF  (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Presents an opportunity to develop one’s knowledge and skills in
the sport of golf. Instruction emphasizes rules, strategy, etiquette
and technique.
Course may be taken 4 times.
Transfer:  CSU; UC.

85  TENNIS  (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable
Advisory:  Meet the objectives of the preceding skill level before
enrolling in the advanced levels.

Beginning Tennis: Introduces the basic skills and strokes used in
controlling play, rules, and etiquette of the game. Intermediate
Tennis: Reviews basic ground strokes, improves serving
technique, introduces advanced skills and starts on basic strategy
patterns. Advanced Tennis: Presents individual instruction to
develop player’s own personal stroke pattern and refine skills in a
competitive atmosphere.
Course may be taken 4 times.
Transfer:  CSU; UC.

91  BASEBALL  (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Presents the skills, drills, theory and practice of advanced
baseball. Presents individual and team instruction to develop
player’s own personal skills in a competitive atmosphere.
Course may be taken 4 times.
Transfer:  CSU; UC.

92  BASKETBALL  (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Emphasizes basic skills, techniques, theories, strategems, and rule
interpretations used in basketball.
Course may be taken 4 times.
Transfer:  CSU; UC.

93  PHYSICAL EDUCATION  SPECIAL TOPIC  (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the
discipline offering this course.

95  SOCCER  (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Introduces techniques, tactics, skills, rules and attitudes inherent
to the sport of soccer.
Course may be taken 4 times.
Transfer:  CSU; UC.

96  SOFTBALL  (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Presents theory, practice, and strategy of fastpitch softball.
Course may be taken 4 times.
Transfer:  CSU; UC.

97  VOLLEYBALL  (0.5 to 1.0)
3.0 hours laboratory per week
Associate Degree Applicable

Presents the theory, practice, history, and fundamentals of
volleyball. Includes offensive and defensive aspects of the game.
Course may be taken 4 times.
Transfer:  CSU; UC.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.
106  PILATES FOR HEALTH AND FITNESS  (0.5 to 1.0)  
3.0 hours laboratory per week  
Associate Degree Applicable  

Presents a progressive exercise program using the Pilates method. Exercises encompass the strength and flexibility fitness components, while focusing on alignment, efficiency of movement, balance and coordination.  
Course may be taken 4 times.  
Transfer: CSU.
*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*

**PHYSICAL EDUCATION (ADAPTED) - PEADPT**

**100 ADAPTED AQUATICS (1.0)**
3.0 hours laboratory per week
Associate Degree Applicable

Provides an individualized aquatic exercise program for students with a disability. Improves flexibility, strength, and endurance using the water as a source of buoyancy and resistance. An appointment with a Disabled Student Programs and Services faculty member prior to enrollment is strongly advised. Course may be taken 4 times.

**Transfer:** CSU; UC.

**105 ADAPTED FITNESS: WEIGHT TRAINING (0.5 to 1.0)**
3.0 hours laboratory per week
Associate Degree Applicable

Provides an individualized fitness program for students with a disability using resistive exercises and equipment. An appointment with a Disabled Student Programs and Services faculty member prior to enrollment is strongly advised. Course may be taken 4 times.

**Transfer:** CSU; UC.
PHYSICAL EDUCATION (ATHLETICS)

Asterisk coded courses are always taught in less than a full semester.

- PEATH

25 INTERCOLLEGIATE BASEBALL: (1.5 to 3.0)
   MEN
   10.0 hours laboratory per week
   Associate Degree Applicable

   Develops advanced knowledge and skills in the sport of baseball. Appropriate for students desiring the physical, mental, and emotional challenges inherent in intercollegiate baseball competition.
   Course may be taken 3 times.
   Transfer: CSU; UC.

26 INTERCOLLEGIATE BASKETBALL: (1.5 to 3.0)
   MEN
   10.0 hours laboratory per week
   Associate Degree Applicable

   Considers broad aspects of intercollegiate basketball competition with emphasis on offensive and defensive floor strategies. Attention is given to physical conditioning necessary for engaging in competitive sports and the responsibilities required of a player who participates in a team activity.
   Course may be taken 4 times.
   Transfer: CSU; UC.

27 INTERCOLLEGIATE BASKETBALL: (1.5 to 3.0)
   WOMEN
   10.0 hours laboratory per week
   Associate Degree Applicable

   Considers broad aspects of intercollegiate basketball. Emphasizes offensive and defensive floor strategies, the physical conditioning necessary for engaging in competitive sports, and the responsibilities required of a player who participates in a team activity.
   Course may be taken 4 times.
   Transfer: CSU; UC.

28 INTERCOLLEGIATE CROSS COUNTRY (1.5 to 3.0)
   10.0 hours laboratory per week
   Associate Degree Applicable

   Presents the theory and practice of cross country running and includes participation in intercollegiate competition.
   Course may be taken 3 times.
   Transfer: CSU; UC.

31 INTERCOLLEGIATE SOFTBALL: (1.5 to 3.0)
   WOMEN
   10.0 hours laboratory per week
   Associate Degree Applicable

   Develops advanced knowledge and skill in the sport of women’s softball. Provides the physical, mental, and emotional challenges inherent in intercollegiate competition.
   Course may be taken 3 times.
   Transfer: CSU; UC.

32 SWIMMING AND DIVING (1.5 to 3.0)
   10.0 hours laboratory per week
   Associate Degree Applicable

   Presents an opportunity for physically advanced students to further develop knowledge and skill in the sport of swimming and diving. Appropriate for students desiring the physical, mental and emotional challenges that are inherent in competition.
   Course may be taken 3 times.
   Transfer: CSU; UC.

33 INTERCOLLEGIATE TENNIS (1.5 to 3.0)
   10.0 hours laboratory per week
   Associate Degree Applicable

   Presents an opportunity for advanced tennis students to further develop a knowledge and skill in the sport. Appropriate for students desiring the physical, mental, and emotional challenge of intercollegiate competition.
   Course may be taken 3 times.
   Transfer: CSU; UC.

34 INTERCOLLEGIATE TRACK AND FIELD (1.5 to 3.0)
   10.0 hours laboratory per week
   Associate Degree Applicable

   Presents the theory and practice of track and field athletics. Includes the rules and fundamentals of the track and field events and participation in intercollegiate track meets.
   Course may be taken 4 times.
   Transfer: CSU; UC.

35 INTERCOLLEGIATE VOLLEYBALL: (1.5 to 3.0)
   WOMEN
   10.0 hours laboratory per week
   Associate Degree Applicable

   Presents an opportunity for physically advanced students to further develop a knowledge and skill in the sport of volleyball. This offering is appropriate for students desiring the physical, mental and emotional challenges that are inherent in competition against students representing other colleges.
   Course may be taken 3 times.
   Transfer: CSU; UC.

PHYSICAL EDUCATION (THEORY) - PETHRY

3 INTRAMURAL AND RECREATIONAL SPORT PROGRAMMING (3.0)
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable
Prerequisite: Eligibility for ENGL 56

Presents philosophy, foundations, policy and techniques underlying intramurals and recreational sport programming in schools, public, private and commercial recreation settings. Analyzes program design for club, informal, league and tournament formats. Discusses appropriate means for promotion, safety and risk management and participant recognition. Detailed sport program plan created.
Transfer: CSU.

4 RECREATION PROGRAM PLANNING (3.0)
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents a theoretical and practical approach to program planning, organization, implementation, and evaluation of recreation services in public, non-profit, private, and commercial settings. Emphasis on interrelationship of needs and interests of participants with goals and objectives, physical settings and activity content. Includes planning and conducting events under direct supervision of instructor and local agency supervisor.
Transfer: CSU.

5 INTRODUCTION TO PHYSICAL EDUCATION (2.0)
2.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents the heritage, current programs and the future potential of the physical education profession.
Transfer: CSU; UC. (CAN KINE 2)

7 INTRODUCTION TO RECREATION AND LEISURE SERVICES (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Introduces the history, philosophy, principles, organization and direction of recreation and leisure services in the public, voluntary, private and commercial sectors. Emphasizes functions, areas, facilities, clientele and career opportunities available within the profession.
Transfer: CSU. (CAN REC 2)

8 RECREATION LEADERSHIP (3.0)
4.0 hours per week: (2.5 hours lecture, 1.5 hours laboratory)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents the history, the philosophy, and the theory of recreation leadership and the Associated techniques used by modern recreation and leisure professionals. Emphasizes leadership styles, characteristics and skills.
Transfer: CSU.

10 STUDENT/ATHLETE SUCCESS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Designed to increase the student’s success in college by assisting the student in obtaining the knowledge of concepts necessary to reach educational objectives. Information and opportunities are provided for students to learn and adopt methods to be successful in college and life.
Transfer: CSU.

13 INTRODUCTION TO PREVENTION AND CARE OF ATHLETIC INJURIES (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Provides the student with basic exposure to the care and prevention of activity injuries. Includes general principles in sports medicine and athletic training.
Transfer: CSU; UC.

14 FOUNDATIONS FOR FITNESS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents the physiological principles and other factors that provide the foundations for the development and maintenance of optimal physical fitness.
Transfer: CSU.

15 THEORY OF BASEBALL (2.0)
2.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents all the fundamental phases of defensive and offensive baseball. Lectures, chalkboard discussion, demonstrations, and video studies are included in the course.
Transfer: CSU; UC.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
16  THEORY OF TRACK AND FIELD AND CROSS COUNTRY  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Introduces the basic fundamentals, techniques, rules, regulations and organization of track and field and cross country.
Transfer: CSU; UC.

18  EXERCISE LEADERSHIP AND ASSESSMENT  (3.0)
5.0 hours per week: (2.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents fundamentals of leading exercise with healthy populations, including adults, children, pregnant women and the elderly, and presents appropriate techniques of health and fitness appraisal for these populations.
Transfer: CSU.

21  WATER SAFETY INSTRUCTOR  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Advisory: Eligibility for ENGL 56 and successful completion of advanced swimming instructions and a health-screening examination.

Provides instruction and practice in American Red Cross life-saving techniques. Reviews Red Cross swimming and life-saving courses. Red Cross certification as a Water Safety Instructor may be earned.
Transfer: CSU; UC.

22  LIFEGUARD TRAINING  (2.0)
4.0 hours per week: (1.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: Successful completion of advanced swimming instruction and a health-screening examination are recommended

Prepares individuals to effectively assume the duties and responsibilities of lifeguards at swimming pools and protected (no-sur) open water beaches.
Transfer: CSU; UC.
PHYSICAL SCIENCE - PHYSCI

1A PHYSICAL SCIENCE: PHYSICS AND CHEMISTRY (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 23, MATH 23SI or equivalent
Advisory: ENGL 56 or ENGL 65

Presents a survey of the physical sciences, physics and chemistry. Not open to students who have credit for any college chemistry or physics course.
Transfer: CSU; UC.

1AL PHYSICAL SCIENCE LAB (1.0)
3.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in PHYSCI IA or equivalent

Applies laboratory principles developed in Physical Science: Physics and Chemistry.
Transfer: UC.

1B PHYSICAL SCIENCE: ASTRONOMY AND GEOLGY (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 23, MATH 23SI or equivalent
Advisory: ENGL 56 or ENGL 65

Presents a survey of the physical sciences, astronomy and geology. Not open to students who have credit for any college geology or astronomy course.
Transfer: CSU; UC.
PHYSICS - PHYS

5A  GENERAL PHYSICS  (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MATH 29 or MATH 31 or equivalent

Presents the principles of statics and dynamics of particles
and rigid bodies, harmonic motion, fluid mechanics, heat,
thermodynamics, wave motion and sound using trigonometry.
Transfer: CSU; UC. (CAN PHYS 2)(PHYS 5A + PHYS 5B =
CAN PHYS SEQ A)

5B  GENERAL PHYSICS  (4.0)
6.0 hours per week: (3.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: PHYS 5A or equivalent

Presents the principles of geometric optics, physical optics,
static and dynamic electricity and magnetism, introductory D.C.
and A.C. circuit theory, relativity, particles and waves, atomic
structure, radioactivity and nuclear reactions using trigonometry.
Transfer: CSU; UC. (CAN PHYS 4)(PHYS 5A + PHYS 5B =
CAN PHYS SEQ A)

8A  PRINCIPLES OF PHYSICS  (5.0)
7.0 hours per week: (4.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: MATH 65A or equivalent

Presents the principles of statics and dynamics of particles and
rigid bodies, fluids, harmonic motion, heat and thermodynamics
using calculus.
Transfer: CSU; UC. (CAN PHYS 8)

8B  PRINCIPLES OF PHYSICS  (5.0)
7.0 hours per week: (4.0 hours lecture, 3.0 hours laboratory)
Associate Degree Applicable
Prerequisite: PHYS 8A and MATH 65B

Presents the principles of wave motion, sound, geometric and
physical optics, static and dynamic electricity and magnetism,
D.C. and A.C. circuit theory and electromagnetic waves using

8C  MODERN PHYSICS  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: PHYS 8B

Presents the principles of relativity, waves and particles, Bohr
theory, quantum mechanics and Schroedinger’s equation,
elementary atomic structure, nuclear structure and radioactivity
using calculus and vector algebra.
Transfer: CSU; UC.

10  INTRODUCTION TO PHYSICS  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 23 or MATH 23SI
Advisory: ENGL 56 or ENGL 65

Presents a survey of physical laws and principles involved in
classical and modern physics. Not open to students who have
credit for PHSCI 1A.
Transfer: CSU; UC.

30  TECHNICAL PHYSICS  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: MATH 24A or equivalent
Corequisite: MATH 24B or equivalent

Presents the basic physics principles of statics and dynamics of
particles and rigid bodies, fluids, heat, gases, and waves.

93  PHYSICS SPECIAL TOPIC  (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the
discipline offering this course.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk.
Asterisk coded courses are always taught in less than a full semester.
POLITICAL SCIENCE - POLSCI

1  INTRODUCTION TO POLITICAL SCIENCE (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Surveys the scope, methods and theories of political science with special emphasis on contemporary political issues and problems.
Transfer: CSU; UC.

2  GOVERNMENT AND POLITICS OF THE UNITED STATES (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents an introduction to the institutions, operation, and policy outputs of the American political system at the national, state, and local levels. The structures and functions of American government will be explored in the context of their historical development and their relation to political power and interest today.
Transfer: CSU; UC. (CAN GOVT 2)

4  WORLD POLITICS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Examines the nature of relations among states. Analyzes the basic forces affecting the formulation of foreign policy and the dynamics of international politics. Emphasizes contemporary problems affecting the United States of America in relation to other nations of the world.
Transfer: CSU; UC.

5  LAW AND POLITICS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 1A

Introduces the political and constitutional context of major legal controversies, including but not limited to civil rights, civil liberties, presidential versus congressional power, and national versus state and local power.
Transfer: CSU.

6  COMPARATIVE GOVERNMENT (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Studies and compares constitutional principles, institutions, governments, and political problems of selected foreign countries and regions. Emphasizes current political philosophies, developments, institutions, and practices on a regional basis.
Transfer: CSU; UC.

9  INTRODUCTION TO POLITICAL THEORY (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: POLSCI 1 and Eligibility for ENGL 1A

Surveys the diversity of ideas and concepts in political thought from the ancients to the present, from Plato to contemporary feminism.
Transfer: CSU; UC.

37 GOVERNMENT/POLITICS INTERNSHIP (1.0 to 3.0)
9.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: POLSCI 2 and approval of instructor

Provides practical experience in the office of an elected representative, a government agency, or a non-governmental organization. Instructor will coordinate placement.

47 INDEPENDENT STUDIES: POLITICAL SCIENCE (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or practicum experience by an individual student in a selected topic of government under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU; UC.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
### PSYCHIATRIC TECHNICIAN - PSYTEC

**7 NURSING SCIENCE** (18.5)
34.5 hours per week: (14.5 hours lecture, 20.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: PSYTEC 10

Presents principles of mental health and physical health, the maintenance of health, anatomy and physiology, and an understanding of disease and its treatment. Develops the ability to perform basic care activities, provides learning experiences in the care of children, adults, and aged patients with medical/surgical conditions.

**Transfer:** CSU.

**8 CARE OF THE DEVELOPMENTALLY DISABLED** (17.0)
33.5 hours per week: (12.5 hours lecture, 21.0 hours laboratory)*
Associate Degree Applicable
Prerequisite: PSYTEC 7

Studies the care of the developmentally disabled. Provides learning experiences in community facilities and continued practice in individual and group work.

**Transfer:** CSU.

**9 PSYCHIATRIC NURSING** (18.5)
34.5 hours per week: (14.0 hours lecture, 20.5 hours laboratory)*
Associate Degree Applicable
Prerequisite: PSYTEC 7

**Transfer:** CSU.

**10 INTRODUCTION TO PSYCHIATRIC TECHNICIAN** (6.5)
40.0 hours lecture per week*
Associate Degree Applicable
Prerequisite: Admission to the Psychiatric Technician Program

Introductory psychiatric technician training program. Concepts necessary to practice safely and legally in a forensic mental institution are presented. The effect of culture and its affect on the client and care are presented.

**93 PSYCHIATRIC TECHNICIAN SPECIAL TOPIC** (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

---

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
PSYCHOLOGY - PSYCH

1A  INTRODUCTORY PSYCHOLOGY  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Introduces the field of psychology through a study of the facts and principles involved in learning, development, motivation, personality adjustment and the physiological and social bases of behavior. Presents basic concepts, vocabulary and methods of psychology. Emphasis is placed on those concepts which relate to an understanding of human behavior.
Transfer: CSU; UC. (CAN PSY 2)

2  INTRODUCTION TO BIOLOGICAL PSYCHOLOGY  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: PSYCH 1A

Presents an analysis of the biological bases of behavior in terms of evolutionary, genetic, anatomical and physiological determinants. Examines heredity, development, sensory processes and the function of the nervous and endocrine systems.
Transfer: CSU; UC.

6  INTRODUCTION TO SOCIAL PSYCHOLOGY  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: PSYCH 1A

Introduces the basic concepts, principles, issues and methods useful in understanding social behavior. Emphasizes social thinking and influence, attitudes, biases, group structure and conflict.
Transfer: CSU; UC.

33 PERSONALITY AND ADJUSTMENT  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: PSYCH 1A

Presents theories in the study of personality. Includes a comparison of healthy and unhealthy developmental patterns. Emphasizes self-management techniques as a means of understanding and changing behavior.
Transfer: CSU; UC.

35 PSYCHOLOGICAL PRINCIPLES OF COMMUNICATION  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents a psychological study of communication in terms of its role in interpersonal relationships, groups, and society. Attention is focused on the development and function of various models of communication.
Transfer: CSU.

47 INDEPENDENT STUDIES: PSYCHOLOGY  (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of psychology under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU; UC.

* All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
REAL ESTATE - RE

47 INDEPENDENT STUDIES: REAL ESTATE (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of Real Estate under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).

60 REAL ESTATE PRINCIPLES (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Presents basic real estate terminology and provides a general overview of the industry. Covers real estate law, finance, appraisal, construction, escrow, and career opportunities. Meets the Department of Real Estate’s pre-licensing requirements.

62 REAL ESTATE PRACTICES (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: RE 60

Studies the activities of the broker and salesperson in the real estate business. Includes the real estate office, listings, various disclosure forms, evaluation of listings, prospecting, advertising, exchanges, property management and leasing, land utilization and development, public relations, supervision of sales force, and ethics of the real estate business.

63 LEGAL ASPECTS OF REAL ESTATE (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Introduces the legal aspects and current laws pertaining to real estate.

64 REAL ESTATE FINANCE (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Advisory: Eligibility for ENGL 56

Introduces principles and practices of real estate finance. Emphasizes financing and techniques employed in originating and servicing home loans.

93 REAL ESTATE SPECIAL TOPIC (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
SIGN LANGUAGE - SL

15A  BEGINNING AMERICAN SIGN LANGUAGE  (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Introduces expressive and receptive skills used in American Sign Language (ASL) through vocabulary development, grammar, non-manual behaviors, and finger spelling. Provides exposure to Deaf Culture by reviewing the history of ASL, dynamics of the Deaf Community, varieties of manual communication, Deaf President Now protest, and cultural customs of communication.

Transfer: CSU; UC.

15B  AMERICAN SIGN LANGUAGE II  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: SL 15A with a grade of C or better or equivalent

Emphasizes sign language competency, vocabulary enlargement, and expressive and receptive skill development.

Transfer: CSU; UC.

15C  AMERICAN SIGN LANGUAGE III  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Prerequisite: SL 15B with a grade of C or better or equivalent

Continues skills presented in SL 15B. Emphasizes fluency in communicating with the deaf as practiced in a variety of situational contexts. Explores creative uses of American Sign Language.

Transfer: CSU; UC.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
SOCIOLOGY - SOC

1A  INTRODUCTION TO SOCIOLOGY  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Introduces the basic principles of sociology including the study of the structure of human society, and the structure and process of group life.
Transfer: CSU; UC. (CAN SOC 2)

1B  SOCIAL INSTITUTIONS  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: SOC 1A and eligibility for ENGL 56

Studies the major social institutions (family, economy, religion, education, and politics) including their structures and functions. Considers major works and draws comparisons between our institutions and those of other societies.
Transfer: CSU; UC.

2  SOCIAL PROBLEMS  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: SOC 1A and eligibility for ENGL 56

Examines current social problems and the sociological concepts, theories, and methods used in their analysis. Emphasis is on the role of power and ideology in the definition of social problems, the causes and consequences of social problems, and the methods of intervention. Topics include crime, poverty, gender inequality, race/ethnic inequality, and family problems.
Transfer: CSU; UC. (CAN SOC 4)

4  INTRODUCTION TO CRIMINOLOGY  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: SOC 1A and eligibility for ENGL 56

Introduces the basic principles of criminology including the various theories of criminal behavior and the processing of delinquency and crime including arrest, trial, detention, and release from prison.
Transfer: CSU.

6  MINORITY GROUP RELATIONS  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: SOC 1A and eligibility for ENGL 56

Surveys the characteristics of selected minority groups in America. Studies issues and social conflicts associated with minority-group dominant relationships.
Transfer: CSU; UC.

8  INTRODUCTION TO WOMEN’S STUDIES  (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: ENGL 56

Studies the interaction of gender and society. Introduces theories of gender differentiation, stratification, and gender roles. Discusses research methodology and examines current research on gender, both within and outside the United States. Investigates how social and cultural factors (e.g., race, class) have shaped the lives of men and women as well as how they have affected their social and cultural environments. Examines the role and status of U.S. women and men within the larger social structure. Women and men in varying cultural settings will be examined, with an emphasis on how social systems shape the roles of women and affect larger U.S. institutions.
Transfer: CSU.

47  INDEPENDENT STUDIES: SOCIOLOGY  (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of sociology under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU; UC.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
SPANISH - SPAN

1 ELEMENTARY SPANISH (4.0)
5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable

Presents a topic-based, introductory course in contemporary Spanish with emphasis on listening comprehension, language acquisition, oral interaction, culture-centered reading, and writing basic Spanish. Social and cultural aspects of the Spanish-speaking world are presented along with some of the most essential forms, structures, and vocabulary in the language. Language laboratory practice is required.
Transfer: CSU; UC. (CAN SPAN 2)(SPAN 1 + SPAN 2 = CAN SPAN SEQ A)

2 SPANISH (4.0)
5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: SPAN 1 or equivalent

Presents a continuation of SPAN 1 with a topic-centered, intensive practice in listening comprehension, language acquisition, oral interaction, and writing development. Selected readings from the Hispanic world include cultural vignettes, prose, and poetry. Language laboratory practice is required.
Transfer: CSU; UC. (CAN SPAN 4)(SPAN 1 + SPAN 2 = CAN SPAN SEQ A)

3 SPANISH (4.0)
5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: SPAN 2 or equivalent

Presents a continuation of SPAN 2 incorporating an intensive review with topic-centered intensive practice in listening comprehension, language acquisition, oral interaction, and paragraph writing. Selected readings from the Hispanic world include social, cultural, and history vignettes, prose, and poetry. Language laboratory practice is required.
Transfer: CSU; UC. (CAN SPAN 8)(SPAN 3 + SPAN 4 = CAN SPAN SEQ B)

4 SPANISH (4.0)
5.0 hours per week: (4.0 hours lecture, 1.0 hours laboratory)
Associate Degree Applicable
Prerequisite: SPAN 3 or equivalent

Presents a continuation of SPAN 3 and gives extensive practice in composition, conversation and comprehension. Drawing from authentic sources, the course provides a comprehensive grammar review, extensive oral practice and an introduction to literary concepts. Competency reflects the students’ emerging ability to perform both orally and in written form with complicated situations. Language lab practice is required. Lab material is computer-based and includes an interactive CD ROM, digitalized video and extensive on-line resources either created or organized by the instructor.
Transfer: CSU; UC. (CAN SPAN 10)(SPAN 3 + SPAN 4 = CAN SPAN SEQ B)

10 CONVERSATIONAL SPANISH WITH A FOCUS ON DAILY ACTIVITIES (1.0)
2.0 hours lecture per week*
Associate Degree Applicable
Prerequisite: SPAN 1 or equivalent

Presents an opportunity to practice and build upon previously acquired Spanish speaking and listening skills. Through topic-based conversations, guided discussions and skills building activities (both controlled and spontaneous), students will continue to develop their oral/aural abilities in Spanish. Course emphasis will include increasing speaking proficiency and adding to awareness of aspects of the diverse Hispanic culture. This course is offered in 9 week modules. The vocabulary component varies in accordance with the topic of the module. The grammar component is common to all modules. This course is taught in Spanish.
Course may be taken 4 times.
Transfer: CSU.

43 FACILITATOR ASSISTED LEARNING: SPANISH (0.5)
9.0 hours lecture per week*
Associate Degree Applicable
Advisory: Completion of or concurrent enrollment in ENGL 56

Develops interpersonal skills, understanding of the learning process, and effectiveness as a facilitator. Prepares students to facilitate in their subject area.
Transfer: CSU.
44A  FACILITATOR ASSISTED LEARNING  
PRACTICUM: SPANISH
(1.0)
1.0 hours lecture per week
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in SPAN 43
Advisory: Completion of or concurrent enrollment in ENGL 56

Provides practical applications of facilitator assisted learning (FAL) in small groups of Spanish language students.
Transfer: CSU.

44B  FACILITATOR ASSISTED LEARNING  
PRACTICUM: SPANISH
(1.0)
1.0 hours lecture per week
Associate Degree Applicable
Prerequisite: Completion of or concurrent enrollment in SPAN 44A
Advisory: Completion of or concurrent enrollment in ENGL 56

Provides practical applications of facilitator assisted learning (FAL) in small groups of Spanish language students.
Transfer: CSU.

47  INDEPENDENT STUDIES: SPANISH  
(0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of Spanish under the direction of an instructor.
Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU; UC.

93  SPANISH SPECIAL TOPIC  
(0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
SPEECH - SPCH

1A PUBLIC ADDRESS (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Introduces public speaking with an emphasis on clear, logical organization and effective delivery of expository and persuasive speeches.
Transfer: CSU; UC. (CAN SPCH 4)

2A ORAL INTERPRETATION OF LITERATURE (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Presents an introduction to the oral reading of prose, poetry, and dramatic literature. Emphasis is placed on techniques of delivery and literary analysis.
Transfer: CSU; UC.

10 SMALL GROUP DISCUSSION (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Provides for an exploration of discussion techniques, personality interaction and group decision making. Students will select and research the topics for class discussions.
Transfer: CSU. (CAN SPCH 10)

12 INTERCULTURAL COMMUNICATION (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 56

Focuses on the importance of culture and its effect on communication. Examines interactive patterns of communication across various cultural contexts (international, ethnic, gender, and class) and assess different methods and techniques of adapting communication to enhance and overcome the difficulties of intercultural communication. Analyzes how cultures adapt, borrow, communicate verbally and non-verbally, and are represented in a diverse world.
Transfer: CSU; UC.

15 ARGUMENTATION AND DEBATE (3.0)
3.0 hours lecture per week
Associate Degree Applicable
Advisory: Eligibility for ENGL 1A

Building, defending, and refuting arguments in formal and informal settings. Evaluation and use of evidence, reasoning, and sources. Emphasis on oral advocacy and debate skills such as organization, refutation, cross examination, and audience adaptation. Students will debate and communicate arguments orally.
Transfer: CSU; UC.

47 INDEPENDENT STUDIES: SPEECH (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable
Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of speech under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).
Transfer: CSU; UC.

93 SPEECH SPECIAL TOPIC (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.
VOCATIONAL ESL - VESL

**701  WORK-RELATED CONVERSATIONAL SKILLS, LEVEL 1 (0.0)**
3.0 hours lecture per week  
Advisory: ESL placement evaluation or equivalent

Focuses on work-related conversation, reading, and writing for the non-native speaker at the beginning level. No English is required.

**702  WORK-RELATED CONVERSATIONAL SKILLS, LEVEL 2 (0.0)**
3.0 hours lecture per week  
Advisory: VESL 1 or equivalent

Presents a continuation of VESL 1, focusing on work-related reading, conversation, and writing for the non-native speaker.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
**WELDING - WELD**

47 **INDEPENDENT STUDIES: METALS TECHNOLOGY**

6.0 hours laboratory per week
Associate Degree Applicable

*Prerequisite: The student must have completed preparatory course work in the technical field in which the study is to be undertaken*

Provides an opportunity for in-depth study or practicum experience by an individual student in a selected topic in the Welding Technology area with support and direction from an instructor.
Course may be repeated 4 times (only if each time has a different topic emphasis).

**Transfer:** CSU.

**70A BASIC WELDING**

(3.0 to 4.0)
8.0 hours per week: (2.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable

Provides for basic instruction in oxyacetylene and shielded metal arc welding. Begins with the fundamentals and quickly progresses through intermediate skills for welding steel. Includes information on cutting, braze welding, metallurgy, vertical arc welding and non-ferrous welding. An emphasis is placed on developing good manipulative welding skills for joining steel in the flat and horizontal positions.
Course may be taken 2 times.

**Transfer:** CSU.

**70B ADVANCED WELDING**

(3.0 to 4.0)
8.0 hours per week: (2.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable

*Prerequisite: WELD 70A*

Continues WELD 70A with emphasis placed on vertical and overhead welding with the shielded metal arc processes. Includes instruction on air carbon arc gouging, flux core arc welding, and development of welding procedures and techniques.

**Transfer:** CSU.

**70C WELDING: GMAW & GTAW**

(3.0 to 4.0)
8.0 hours per week: (2.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable

*Prerequisite: WELD 70A*

Presents advanced welding with Gas Tungsten Arc (Heliarc) Welding, Gas Metal Arc (Wire Feed) Welding and Flux Core Arc Welding processes on ferrous and nonferrous materials.
Course may be taken 3 times.

**Transfer:** CSU.

77 **METAL FABRICATION**

(3.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)
Associate Degree Applicable

*Prerequisite: WELD 70A*

Provides an opportunity to design and construct major projects from metal. Manufacturing processes and production techniques are included in planning and developing projects.
Course may be taken 2 times.

**Transfer:** CSU.

**80 WELDING CERTIFICATION**

(3.0 to 4.0)
8.0 hours per week: (2.0 hours lecture, 6.0 hours laboratory)
Associate Degree Applicable

*Prerequisite: Completion of or concurrent enrollment in WELD 70B*

Continues WELD 70B. Prepares the student to meet industry standards in shielded metal arc welding on plate steel. Includes performance and procedure qualification, workmanship, techniques, inspection. Provides opportunity for certification to the American Welding Society D1.1 Structural Welding Code.
Course may be taken 2 times.

**Transfer:** CSU.

**570A BASIC WELDING**

(0.0)
6.0 hours per week: (2.0 hours lecture, 4.0 hours laboratory)

Provides for basic instruction in oxyacetylene and shielded metal arc welding. Begins with the fundamentals and quickly progresses through intermediate skills for welding steel. Includes information on cutting, braze welding, metallurgy, vertical arc welding and non-ferrous welding. An emphasis is placed on developing good manipulative welding skills for joining steel in the flat and horizontal positions.

**Transfer:** CSU.

**570B ADVANCED WELDING**

(0.0)
8.0 hours per week: (2.0 hours lecture, 6.0 hours laboratory)

*Prerequisite: WELD 70A, WELD 570A or consent of instructor*

Continues WELD 70A with emphasis placed on vertical and overhead welding with the shielded metal arc processes. Includes instruction on air carbon arc gouging, flux core arc welding, and development of welding procedures and techniques.

**Transfer:** CSU.

**570C WELDING: GMAW & GTAW**

(0.0)
8.0 hours per week: (2.0 hours lecture, 6.0 hours laboratory)

*Prerequisite: WELD 70A, WELD 570A or consent of instructor*

Presents advanced welding with Gas Tungsten Arc (Heliarc) Welding, Gas Metal Arc (Wire Feed) Welding and Flux Core Arc Welding processes on ferrous and nonferrous materials.

---

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*
580 WELDING CERTIFICATION (0.0)
8.0 hours per week: (2.0 hours lecture, 6.0 hours laboratory)
Prerequisite: Completion of or concurrent enrollment in WELD 70B or WELD 570B or consent of instructor

Continues WELD 70B. Prepares the student to meet industry standards in shielded metal arc welding on plate steel. Includes performance and procedure qualification, workmanship, techniques, inspection. Provides opportunity for certification to the American Welding Society D1.1 Structural Welding Code.
*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.*

**WELLNESS - WELL**

**100  ADULT FITNESS** (0.0)
3.0 hours laboratory per week

Presents an opportunity to begin or continue a lifetime fitness program. Students will participate in activities developing flexibility, muscular endurance, muscular strength, cardiovascular and general conditioning. Group or individual activities may include weight training, aerobics, step training, running, walking, water exercise, resistance workout, use of exercise equipment, etc.

**101  ADAPTED AQUATICS** (0.0)
3.0 hours laboratory per week

Provides an individualized aquatic exercise program for students with a disability. Improves flexibility, strength, and endurance using the water as a source of bouyancy and resistance.
WORK EXPERIENCE - WRKEXP

10 INTRODUCTION TO WORKPLACE READINESS (3.0)
3.0 hours lecture per week
Associate Degree Applicable

Introduction of fundamentals for workplace readiness and job retention. Students will develop skills related to customer service, workplace attitude, written and oral communication, and ethical behavior; students will also create a resume and complete a job application, and develop qualities sought by employers. Course may be taken 4 times.
Transfer: CSU.

11 INTRODUCTION TO WORKPLACE READINESS: VESL (3.0)
8.0 hours per week: (5.0 hours lecture, 3.0 hours laboratory)*
Associate Degree Applicable

Introduction of fundamentals for workplace readiness and job retention, as well as basic ESL grammar and vocabulary pertaining to the workplace. Students will learn to develop oral and written communication skills, complete an employment application, interview techniques, build interactive workplace relations, and develop qualities sought by employers. Course may be taken 4 times.
Transfer: CSU.

47 INDEPENDENT STUDIES: WORK EXPERIENCE (0.5 to 2.0)
6.0 hours laboratory per week
Associate Degree Applicable

Prerequisite: The student must have completed preparatory course work in the field in which the study is to be undertaken

Provides an opportunity for an in-depth study or a practicum experience by an individual student in a selected topic of Work Experience under the direction of an instructor. Course may be repeated 4 times (only if each time has a different topic emphasis).

50 COOPERATIVE WORK EXPERIENCE (0.5)
0.5 hours lecture per week
Associate Degree Applicable
Prerequisite: Spring or Fall semester: maintain a minimum of 7 units including Work Experience and work a minimum of 5 hours per week Summer session: maintain enrollment in one other credit course and work 7.5 hours per week Approval of Dean or Designee
Corequisite: WRKEXP 50L

Cooperative Work Experience is a program where working students learn skills, increase performance and explore short and long range career goals on the job. Through collaborative efforts among employers, instructors, and college coordinators students accomplish specific measurable learning objectives and are given laboratory credit for hours worked. Requests for information are coordinated through the Cooperative Education Work Experience program. WRKEXP 50 and WRKEXP 50L have a credit limitation of 16 units. Course may be taken 4 times.
Transfer: CSU.

50L COOPERATIVE WORK EXPERIENCE LAB (0.5 to 3.5)
20.0 hours laboratory by arrangement per week
Associate Degree Applicable
Corequisite: LEADER 55

Examines and provides information on work-related topics. Students enrolling in this class must have a job, working a minimum of 5 hours per week, be enrolled in a minimum of 7 units, including Cooperative Work Experience, and be enrolled in LEADER 55. For summer, students must be enrolled in one other credit course, and be working a minimum of 7.5 hours per week. Course may be taken 4 times.
Transfer: CSU.

51 COOPERATIVE WORK EXPERIENCE EDUCATION - GENERAL (0.5)
0.5 hours lecture per week
Associate Degree Applicable
Prerequisite: Maintain enrollment in a minimum of 7 units, including Cooperative Work Experience, and be working a minimum of 5 hours per week
Corequisite: WRKEXP 51L

General Work Experience is supervised employment intended to assist students in acquiring desirable work habits, attitudes, and career awareness. The work experience need not be related to the student’s educational goals. Course may be taken 4 times.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
51L COOPERATIVE WORK EXPERIENCE (0.5 to 2.5)  
LAB - GENERAL
15.0 hours laboratory by arrangement per week
Associate Degree Applicable
Corequisite: WRKEXP 51

Examines and provides information on work-related topics. Students enrolling in this class must have a job, working a minimum of 5 hours per week, be enrolled in a minimum of 7 units, including Cooperative Work Experience, and be enrolled in WRKEXP 51. For Summer, students must be enrolled in one other credit course, and be working a minimum of 7.5 hours per week.
Course may be taken 4 times.

52 COOPERATIVE WORK EXPERIENCE (0.5)  
EDUCATION-OCUPATIONAL
0.5 hours lecture per week
Associate Degree Applicable
Prerequisite: Maintain enrollment in a minimum of 7 units, including Cooperative Work Experience, and be working a minimum of 5 hours per week
Corequisite: WRKEXP 52L

Occupational Work Experience is supervised employment, extending classroom learning at an on-the-job learning station, and relating to the student's educational or occupational goals. Course may be taken 4 times.
Transfer: CSU.

52L COOPERATIVE WORK EXPERIENCE (0.5 to 3.5)  
LAB - OCCUPATIONAL
20.0 hours laboratory by arrangement per week
Associate Degree Applicable
Corequisite: WRKEXP 52

Examines and provides information on work-related topics. Students enrolling in this class must have a job, working a minimum of 5 hours per week, be enrolled in a minimum of 7 units, including Cooperative Work Experience, and be enrolled in WRKEXP 52. For Summer, students must be enrolled in one other credit course, and be working a minimum of 7.5 hours per week.
Course may be taken 4 times.
Transfer: CSU.

510 INTRODUCTION TO WORKPLACE READINESS (0.0)
8.0 hours per week: (5.0 hours lecture, 3.0 hours laboratory)

Introduction of fundamentals for workplace readiness and job retention. Students will learn to develop oral and written communication skills, complete an employment application, interview techniques, build interactive workplace relations, and develop qualities sought by employers.

511 INTRODUCTION TO WORKPLACE READINESS:VESL (0.0)
8.0 hours per week: (5.0 hours lecture, 3.0 hours laboratory)

Introduction of fundamentals for workplace readiness and job retention, as well as basic ESL grammar and vocabulary pertaining to the workplace. Students will learn to develop oral and written communication skills, complete an employment application, interview techniques, build interactive workplace relations, and develop qualities sought by employers.

93 WORK EXPERIENCE SPECIAL TOPICS (0.5 to 4.0)
Associate Degree Applicable

Examines a special topic in the field of study related to the discipline offering this course.

*All course hours (lecture & lab) in the catalog are listed as semester long courses except for those courses coded with an asterisk. Asterisk coded courses are always taught in less than a full semester.
EMERITI: FACULTY

Upon retirement, regular (tenured) and temporary faculty members who have served as faculty at Cuesta College for a minimum of fifteen years shall be eligible for Emeritus Faculty Status if they have fulfilled at least nine full-time equivalent years.

Advisory committees are formed to ensure continuity between the college’s vocational training programs and the current employment needs and occupational trends of the community. These committees, whose members serve without remuneration, are comprised solely of citizens involved in the business, services, and industrial occupations of the county. The committees also serve as liaison between the vocational program and the community.

The Cuesta College Foundation was incorporated in 1973 for the purpose of providing financial support to the college. A 36-member board of directors governs the Foundation. Board membership includes representatives from the Associated Students of Cuesta College, the district board of trustees, administration, faculty, and community members from throughout San Luis Obispo County.

The Cuesta College Foundation provides essential support for college programs, services, scholarships and capital needs.

**SCHOLARSHIPS AND GRANT AWARDS**

YIN, MARGARIDA
ENGINEERING AND TECHNOLOGY
  B.A., University of Mackenzie, Brazil;
  M.A., University of California, Berkeley

YOUNG, SHERILYN
HUMAN DEVELOPMENT
  B.A., University of California, Santa Barbara;
  M.A., Antioch University, Santa Barbara

ZEBE, ERIC
ENGINEERING AND TECHNOLOGY
  Cuesta College
ANDERSON, BRADFORD (2004)
EXECUTIVE DIRECTOR, HUMAN RESOURCES AND LABOR RELATIONS
B.A., Purdue University, Indiana;
J.D., State University of New York

BELL, TRUDY (2000)
DIRECTOR, BOOKSTORE
Ventura City College;
California Polytechnic State University, San Luis Obispo

CHAĆON, DAN (2005)
ASSISTANT SUPERINTENDENT/VICE PRESIDENT, STUDENT SUPPORT
B.S., Arizona State College;
M.A., Northern Arizona University

CHAMBERS, JOY (1998)
DIRECTOR, ADMISSIONS AND RECORDS
B.S., M.A., California Polytechnic State University, San Luis Obispo

CRAWFORD, ROBIN (1996)
DIRECTOR, FINANCIAL AID
B.A., M.A., California Polytechnic State University, San Luis Obispo

CURIEL, FRANCISCO (1996)
DIRECTOR, EXTENDED OPPORTUNITY PROGRAMS AND SERVICES
B.A., Sonoma State University;
M.A., California Polytechnic State University, San Luis Obispo

DAVIES, ANNA (2004)
DEAN OF STUDENT LEARNING, SCIENCES, MATHEMATICS, NURSING AND PHYSICAL EDUCATION
B.A., Eastern Washington University;
M.Ed., City University, Washington

DOWELL, DAVID (1995)
DIRECTOR, LIBRARY/LEARNING RESOURCES
B.A., Oklahoma Baptist University;
A.M., M.S., University of Illinois at Urbana-Champaign;
Ph.D., University of North Carolina, Chapel Hill

GOLDEN, PATRICIA (2000)
DIRECTOR, FISCAL SERVICES
B.A., California State University, Northridge;
C.P.A., California State Board of Accountancy

HIGDON GANNON, CONSTANCE (2001)
GRANT WRITER AND DEVELOPER
B.A., University of California, Santa Cruz;
M.A., Indiana University Bloomington;
Ph.D., University of Texas at Austin

HOUSE, JANICE (1990)
DIRECTOR, COMPUTER SERVICES
B.S., California Polytechnic State University, San Luis Obispo

MADULI, EDRALIN (2001)
ASSISTANT SUPERINTENDENT/ VICE PRESIDENT, ADMINISTRATIVE SERVICES
B.S., California Polytechnic State University, San Luis Obispo;
M.S., University of Oklahoma;
M.B.A., Golden Gate University

MARIUCCI, ROBERT (2001)
DIRECTOR OF ATHLETICS
B.S., M.A., Northern Michigan University

MCCLAUGHLIN, SANDEE (1986)
EXECUTIVE DEAN, NORTH COUNTY CAMPUS
B.A., University of California, Santa Barbara;
M.S., California Polytechnic State University, San Luis Obispo

MUNOZ, CANDELARIO (1989)
DIRECTOR, COUNSELING SERVICES
B.A., Loyola University;
M.A., Loyola Marymount University

PARKER, MARY (1973)
DIRECTOR OF NURSING/ALLIED HEALTH
B.S., Florida State University;
M.N., University of Florida;
Ed.D., Brigham Young University, Utah

PEDRONI, PETE (1972)
DIRECTOR OF FACILITIES PLANNING AND CONSTRUCTION
A.S., Cuesta College

REECE, TERRY (2001)
DIRECTOR OF MAINTENANCE OPERATIONS AND GROUNDS
Cuesta College

ROSENWASSER, MARIE (1999)
SUPERINTENDENT/ PRESIDENT
B.S., St. Cloud State University, Minnesota;
M.A., Purdue University, Indiana;
Ph.D., University of Massachusetts at Amherst
RYAL, DAVID (1999)
DIRECTOR, SMALL BUSINESS DEVELOPMENT CENTER
   A.A., Cerritos Community College;
   Ministerial Certificate, Southern California School

SCHADE, HARRY (2001)
ASSISTANT SUPERINTENDENT/VICE PRESIDENT,
   STUDENT LEARNING
   B.A., M.A., Wayne State University, Michigan

SCHWAB, PATRICK (2004)
DIRECTOR ACADEMIC SUPPORT/DSPS
   B.S., Portland State University, Oregon;
   M.A., California State University, Los Angeles;
   Ed.D., Oregon State University

SOMMER, TONI (1998)
DEAN OF STUDENT LEARNING, WORKFORCE AND
   ECONOMIC DEVELOPMENT
   B.A., University of Hawaii, Honolulu;
   M.B.A., Chaminade University of Honolulu, Hawaii

STEPHENS, JUNE (2005)
EXECUTIVE DIRECTOR FOUNDATION/INSTITUTIONAL
   ADVANCEMENT
   B.S., M.A., University of Redlands

SYSAK, PETE (1991)
DIRECTOR, PUBLIC SAFETY
   A.A., Harbor College;
   Los Angeles County Sheriff's Academy;
   FBI National Academy, Virginia

URQUHART TACKET, KAREN (2004)
DIRECTOR OF CONTRACT EDUCATION/COMMUNITY
   PROGRAMS
   B.S., M.S., California Polytechnic State University, San Luis Obispo

ZARYCKA, MAYANNE (1999)
DIRECTOR, GENERAL SERVICES
   A.A., Cuesta College
