LOCATION

Cuesta College, the “home” college of San Luis Obispo County, operates two campuses within the San Luis Obispo County Community College District and offers an evening program of course work at off-campus centers in the district, including the Arroyo Grande Center at Arroyo Grande High School and the Nipomo Center at Nipomo High School.

The San Luis Obispo Campus is located in the Chorro Valley between the cities of San Luis Obispo and Morro Bay on California's beautiful, coast-hugging Highway One. Here the college has a permanent campus on 150 district-owned acres, leased facilities on adjacent California National Guard property, and a 75-acre field campus.

The North County Campus sits on 105 acres among the rolling hills of Paso Robles on Buena Vista Drive near the junction of Highway 101 and Highway 46 East.

San Luis Obispo County is well known for its outstanding recreational features such as stream, lake, and ocean sports and an extensive park system.

OVERVIEW

HISTORY

The original junior or community college in San Luis Obispo County was initiated as a postgraduate division of San Luis Obispo High School in 1916 and remained in operation until the United States entered into World War I. In 1936, the San Luis Obispo High School District again formed a junior college, which remained in operation until June 1959.

During the 1964-65 college year, the San Luis Obispo County Junior College District offered a limited evening division program with 463 students registering for the fall semester and 696 enrolling for the spring
transcurso de 30 años, se construyeron aulas, una biblioteca, un observatorio, de 150 hectáreas, al oeste del Campamento de San Luis Obispo. Durante el “universidad comunitaria.”

Patronato del Distrito del Colegio Unversitario nombró a la universidad durante el semestre del otoño de 1965. Además, se ofrecieron clases nocturnas de California, localizada entre San Luis Obispo y Morro Bay. Esta sede establecida en el Campamento de San Luis Obispo, la Guardia Nacional San Luis Obispo ofreció un programa nocturno con 463 estudiantes inscritos Shandon y de Templeton.

Cuesta College now serves more than 11,000 students at all campus locations. The college has become a center for community use by individuals, families and community groups on an extended-day and year-round basis.

**Historia:** La universidad comunitaria del Condado de San Luis Obispo se formó inicialmente como una extensión de la Escuela Secundaria de San Luis Obispo en 1916 y permaneció abierta hasta que los Estados Unidos entró en la Primera Guerra Mundial. En 1936, el Distrito de la Escuela Secundaria de San Luis Obispo formó otra vez el colegio universitario, el cual se mantuvo en operación hasta junio de 1959.

El 16 de abril de 1963, el Condado de San Luis Obispo aprobó la formación de una universidad comunitaria para servir a siete escuelas secundarias públicas del distrito. El Distrito del Colegio Universitario de San Luis Obispo sirvió los Distritos de la Escuela Secundaria de Arroyo Grande, de Atascadero, de Coast Joint Union, de Paso Robles, de San Luis Obispo, de Shandon y de Templeton.

En 1970, se inició la construcción de los edificios permanentes, sobre un área de 150 hectáreas, al oeste del Campamento de San Luis Obispo. Durante el transcurso de 30 años, se construyeron aulas, una biblioteca, un observatorio, un centro estudiantil, un laboratorio de arte y música, una galería de arte, un centro de aprendizaje tecnológico, un centro de cuidado de niños, y oficinas en la ciudad universitaria de San Luis Obispo. En la primavera de 2002, la población estudiantil de San Luis Obispo llegó a más de 8,400 estudiantes.

En el otoño de 1998, se abrieron las puertas de la ciudad universitaria del Condado Norte, la cual fue fundada con fondos privados. La ciudad universitaria del Condado Norte actualmente sirve a aproximadamente 2,200 estudiantes diurnos y nocturnos. Los edificios temporarios ocupan 105 hectáreas y acomodan varias aulas, un laboratorio de Ciencias, una biblioteca, y un cuarto de uso múltiple. Proposición 47 aprobada en septiembre de 2003 hizo posible la construcción del primer edificio permanente de 23,764 pies cuadrados en el Condado Norte, el edificio de Salud Aliada, Matemática y Ciencias. Este edificio se abrió en 2005.

Cuesta College sirve en la actualidad a 11,000 estudiantes. La universidad se ha convertido en un centro para la comunidad para individuos, familias y grupos comunitarios durante todo el año.

LIBRARIES

The Cuesta College Libraries on the San Luis Obispo Campus and the North County Campus support the educational program of the college. Books, periodical subscriptions and audiovisual materials are closely coordinated with curriculum offerings. Holdings include general education and vocational education materials, and other resources for updating and increasing skills and knowledge.

Through an electronic information system, students can search the Cuesta College library catalog to determine what is owned and whether it is checked out. In addition, students can search indexes of periodicals, some of which include full text of the articles, and use the Internet to connect to catalogs of other libraries and other sources of information wherever they may be located. Remote searches of the Cuesta College library catalog can be performed over the Internet using Netscape or Internet Explorer at http://library.cuesta.edu. Currently enrolled students may also use this portal to gain remote access to full-text periodical articles and e-books.

To assist students and community residents with their informational and research needs, librarians are available at the information desk on the San Luis Obispo Campus whenever the library is open and designated hours at the North County Campus and the Arroyo Grande Center. College librarians hold advanced degrees and as part of the college faculty teach research skills and help students locate the best resources for their educational needs.

Library facilities include areas for studying, photocopying, microcomputer use and group seminars. Comfortable surroundings invite leisurely browsing, reading and viewing, and provide a quiet place for contemplation and learning.

To borrow library materials, students must show photo identification. Community residents must show a current I.D. with local street address to use a courtesy library card.

Open computer labs on the San Luis Obispo and the North County campuses are provided for academic use only. Workstations are equipped with most software taught at Cuesta so that students can work on class projects outside scheduled lecture and lab times for their courses. One lab on each campus is adjacent to or in the Library. Smaller and more specialized labs are also available on the San Luis Campus on a more limited basis.

PROGRAMS WITH ADDITIONAL ADMISSION REQUIREMENTS

Additional admission requirements are in place for the following programs:

- Agricultural Technology
- Psychiatric Technician
- Registered Nursing

Agricultural Technology

The Agricultural Technology Program is a cooperative educational program between Cuesta College and California Polytechnic State University, San Luis Obispo. The program enables qualified Cuesta students to enroll in specified lower division Cal Poly courses in the College of Agriculture, Food and Environmental Science while concurrently attending Cuesta College. Students enrolled in this program may earn an Associate in Science degree in any of eleven
majors: agricultural systems management, animal science, bioresource and agricultural engineering, crop science, dairy product technology, dairy production, environmental horticulture science/floral design, environmental horticultural science/landscape design, environmental horticulture science/plant production, food science, or fruit science.

Agricultural technology students complete general education and elective course work at Cuesta College and lower division major courses within the College of Agriculture, Food and Environmental Science at Cal Poly. Fees are paid to each institution for every term, and grades are posted to the student’s transcript at the institution where the course was completed. Upon completion of the required coursework and completed degree application, Cuesta College grants Associate in Science degrees to students in the program.

Students who have been academically disqualified from the College of Agriculture, Food and Environmental Science at Cal Poly are not eligible to participate in the Agricultural Technology Program until all conditions for readmission to Cal Poly have been met.

Application deadlines for the Agriculture Technology program are:

- Completed physical examination, background check and drug screening is required for final acceptance.

**Registered Nursing**

Students interested in applying to the Registered Nursing Program are strongly urged to consult with a counselor before they register for course work in prerequisite classes.

Consult RN Department for specific admissions requirements.

**ASSESSMENT TESTING**

**Mathematics Assessment**

New students, or those who have not completed prerequisite coursework at a high school, college or university, are expected to take a mathematics assessment test prior to enrolling in any non-transferable mathematics course (Math 3, 7, 19, 21, 23, 23SI, 24A, 25, 26A, 26B, 27 and 27SI). Students not wishing to take a mathematics assessment test, may enroll in Mathematics 3 (Arithmetic). Transferable mathematics courses (those numbered 29 and above) have academic prerequisites that must be verified prior to registration.

**English Assessment**

New students, or those who have not completed prerequisite coursework at a college or university, are expected to take an English assessment test prior to enrolling in English 1A, 56 or 100.

The assessment results and other multiple measures will be used by the student and a Cuesta College counselor in a pre-registration workshop to select the most appropriate classes, based on demonstrated ability.

Students transferring from other California community colleges are encouraged to submit their recent assessment test scores with recommended course placement to avoid additional assessment testing at Cuesta College [Title 5, Section 55530(c)]. However, if the placement from another community college is into English 1A (transferable English) and the student's prior English assessment did not include an essay, the student must also take Cuesta's essay-only exam.

In keeping with Cuesta College's commitment to assure each student an equal opportunity to demonstrate competency or knowledge, the district shall monitor assessment test results to determine if a disproportionate impact may exist for particular groups of students. If such an impact is detected, a plan shall be developed (in consultation with the California State Chancellor's Office) to correct the disproportionate impact [California Education Code Title 5, Section 5512(a)].

**Who Should Take Assessment Tests?**

Placement testing for Cuesta College is available to students when they are in their senior year of high school or when they are ready to begin the matriculation process for entrance. Students who have not completed prerequisite courses at another college and want to enroll in English 100 or higher, or any math higher than Math 3 are expected to take an assessment test. Testing may also be required for other courses that have academic prerequisites which students must meet to enroll in those courses.

The only students who are specifically exempt from assessment are those taking courses (whose units total six or less) for personal enrichment or those students already possessing a college degree from an accredited institution. Note that a student is not exempt if the course desired has either a mathematics or English prerequisite, regardless of the number of units sought.

Assessment Appeal forms for both English and mathematics are available at the Matriculation Services Office, San Luis Obispo Campus, Building 3400, or call (805) 546-3951.

**Why Is Assessment Testing Important?**

The college considers assessment testing to be one of the most valuable services it offers. Students find it gives them an important window to their basic abilities and interests. Assessment testing is diagnostic and can guide students in directions that can save them valuable time (sometimes more than a semester), grief (from a poor grade point average due to course failure), and effort in achieving their educational and career goals.

**Assessment Testing for Students with Disabilities**

The college has a commitment to assure each student an equal opportunity to demonstrate competency or knowledge in a subject area. Therefore, students with verified disabilities (according to California Education Code Title 5 regulations) are expected to demonstrate the same competency or knowledge as their non-disabled peers. Accommodations will be made on an individual basis in the method or format of examinations. These accommodations may be requested by a faculty member, Disabled Student Programs and Services (DSPS) faculty or the student with a disability. The request for accommodation shall be made in advance through the Director of Academic Support/Disabled Students Programs and Services at the San Luis Obispo Campus, (805) 546-3148. For the North County Campus call (805) 591-6215. A verification of disability is required.

**Exemptions to Assessment Testing**

Assessment is mandatory if results are required to meet a course prerequisite. Students may be exempt from assessment testing if they meet one of the exemption criteria listed below:

- Enrolling in six units or less (except for units required to meet a course prerequisite)
- Earned an Associate or higher degree
- Are a non-matriculating K-12 grade student
- Are concurrently enrolled in another college or university and are receiving matriculation services at that college or university
- Are taking courses for personal interest only
- Are taking courses for advancement in current job/career
- Are taking courses to maintain a certificate or license

**COUNSELING SERVICES**

The primary goal of Counseling Services is to provide the necessary educational, vocational, and personal support to enable students to succeed at Cuesta College. Students should come for counseling when they need help with any kind of problem that might affect their academic performance. Because course selection is so important, and four-year college requirements change so frequently, students should consult with a counselor on a regular basis before registering for classes.

Counselors are available by appointment and on a walk-in-basis. Appointments can be scheduled one week in advance, either in person or by phone for 30 minutes and can be made with a specific counselor. Walk-in is best for short-term academic planning, quick questions,
referral to college and community services or emergency problem-solving. Walk-in is first come, first served with the counselor available at that time and is generally no longer than 15 minutes per students.

Due to the large number of students, there are certain times of the academic year when counseling is available by walk-in only - usually July, August, December and early January. To avoid the lengthy waits and rushed atmosphere associated with walk-in only, students should plan ahead. To plan for fall semester, make an appointment during spring before the end of April. To plan for spring semester, make an appointment in September or early October.

**Appointments**

Counseling Services at the San Luis Obispo Campus are located at the student services center in the Library Building. It is staffed both day and evening. Appointments may be made one week in advance beginning the first working day of the week. To schedule an appointment, call (805) 546-3138 between 9:00 a.m. and 5:00 p.m.

Orientation/advisement is conducted in group settings.

The Cuesta College New Student Orientation is designed to help you get off to a “Great Start”. Students can sign up for the Great Start orientation online through the Assessment Test site or by contacting the Assessment Office at 805-546-3951.

**Online Orientation:**

Once an application for admission has been submitted and confirmation has been received, the online orientation is available to all Cuesta students by logging into PAWS at www.cuesta.edu/paws.asp. The online orientation allows students to choose their goal (AA, CSU, or UC) and proceed on the appropriate path to accomplish their goal.

from the date of request in most cases. An electronic notification will inform the student of the status of their transcript order and notify them of any holds. Official transcripts from all other institutions must be submitted to Cuesta College Records Office prior to enrollment. Lower division (freshman/sophomore level) coursework from regionally accredited colleges and universities will be evaluated and may be transferred to Cuesta College to meet certificate requirements, degree requirements and requirements for transfer certification. If non-native units are from a college or university, which is on the quarter system, these units will be converted to semester units (quarter units/1.5=semester units).

Non-native coursework will be evaluated based on regional accreditation standards using the grades received at that institution. Cuesta College considers a grade of C- as substandard and eligible for repetition. Upon application for the associate degree or transfer certification, non-native coursework units will be posted to the Cuesta College student record. Applications for the associate degree and transfer certification are available in the Admissions and Records Office and on the website.

**GRADING POLICIES**

**GRADES**

As adopted by the Board of Governors, February 29, 1980, the following grades are used in evaluating student work (grade points per unit based on a 4 point scale are in parentheses):

- **A** - Excellent (4)
- **B** - Good (3)
- **C** - Satisfactory (2)
- **D** - Passing, less than satisfactory (1)
- **F** - Failing (0)
- **CR** - Credit — At least satisfactory; units awarded are not counted in GPA
- **NC** - No Credit — Less than satisfactory or failing; units are not counted in GPA but are included in progress probation/dismissal calculations.
- **I** - Incomplete — Incomplete academic work for unforeseeable, emergency, and justifiable reasons. Condition for removal of the “I” shall be stated by the instructor in a written record with a copy to the student. The “I” must be made up before the end of the following regular semester or it will be considered as an “F” grade. The “I” symbol shall not be used in calculating units attempted nor for grade points.
- **IP** - In Progress — The “IP” symbol shall be used to denote that the class extends beyond the normal end of an academic term. “IP” shall not be used in calculating grade point average.
- **RD** - Report Delayed — This symbol is assigned by the Director of Admissions and Records only. It is used when there is a delay in reporting grades due to circumstances beyond the control of the student. This is a temporary notation and is not used in calculating GPA.

**W** - Withdrawal — The “W” symbol is assigned when a student officially withdraws between the beginning of the fourth and end of the twelfth week of instruction for full semester courses. For courses that are less than 18 weeks in length, withdrawal must be made during the first 20 percent of the course. (During summer sessions the withdrawal period extends through the fourth week of instruction.) Students who withdraw prior to the fourth week of instruction for full semester courses, or prior to the completion of the first 20 percent of the course for short courses, shall have no notation (“W” or any other) on their record. The academic record of a student who remains in a class beyond the twelfth week must reflect a symbol other than a “W.”

**MW** - Military Withdrawal — The “MW” symbol is assigned when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, an “MW” may be assigned at any time after the twelfth week deadline for dropping classes. Military withdrawals shall not be counted in progress probation and dismissal calculations.

Grade Changes

After a grade has been issued, only the instructor has the authority to change the grade per California Education Code Section 76224. A student wishing to have a posted grade changed must submit appropriate documentation to the instructor who issued the grade and must request that the grade be changed. Based on an evaluation of the student’s progress in the course and the documentation, the instructor may or may not change the grade. Grade changes must be delivered to the Office of the Director of Admissions and Records by the instructor.

There is a deadline of six months from the date that the grade is posted to initiate a grade change.

Course Grades

Grades are available for viewing within Cuesta’s student portal, PAWS, four weeks after the last day of the term. Grades are not automatically sent to students. Students may submit a self-addressed, stamped envelope to the Admissions and Records Office to have grades mailed to them, or they may access their grades via Cuesta College’s PAWS website at http://www.cuesta.edu/paws.

Credit/No Credit Grading

- A student may select “credit/no credit” through the fourth week of instruction for 18-week courses or, if the course is less than 18 weeks in duration, within the first 20 percent of the course. Students may change back to a letter grade prior to the fourth week or 20 percent deadline. After the fourth week or 20 percent deadline, students may not reverse their credit/no credit grading decision.
- No more than 12 units of “credit/no credit” may be applied toward the Associate in Arts or Associate in Science degree.
Courses listed in the schedule as “credit/no credit” grading option may be taken only once for “credit/no credit.” The student may, however, repeat the course for a letter grade.

Students shall receive a “CR” (credit) if, at the end of the semester, a grade of “C” or better is earned. The “CR” shall, when recorded, add units completed but shall have no effect on the grade point average.

Students doing work that is unsatisfactory (Grade of “D” or “F”) shall receive a “NC” (no credit) which, when recorded, will not increase units completed and will not be used to calculate the grade point average. However, units attempted for which an “NC” is recorded shall be considered in academic progress calculations to determine probation and dismissal status.

Students may only select one course per semester on the “credit/no credit” option. Some courses are graded only on a “credit/no credit” basis. Enrollment in these courses would not affect the student’s right to select one additional class within the guidelines listed above.

Students repeating a course, in which a substandard grade was earned, may not request a repeat discount if the credit/no credit grading option was selected for the second attempt.

ACADEMIC RENEWAL REGULATIONS

Cuesta College recognizes that a student may in the past have completed academic coursework at an institution of higher learning that is not reflective of the student’s present scholastic ability. The college also believes that there is merit in allowing students a chance for “academic renewal” so they are not unduly penalized in their educational pursuits for past substandard performance. Accordingly, Cuesta College provides the opportunity for academic renewal as follows:

Course Repetition: Substandard Work

- Students who have received a grade of “D” or “F” may repeat the course and receive a new grade and the units of credit attempted.
- Courses listed on the schedule with a “credit/no credit” grading option may be taken only once for “credit/no credit.” The student may, however, repeat the course for a letter grade.
- In any course repetition, the last grade recorded will be used in determining the overall grade point average. However, when course repetition occurs, the permanent record shall be annotated in such a manner that all work remains legible.
- Students wishing to repeat a course must obtain and complete a “Course Repetition” form from the Admissions and Records Office. The completed form will be routed to the Admissions and Records Office where it will remain on file until the end of the semester when grades are submitted and the new grade is recorded.
- An equivalent course completed at another accredited college or university for which substandard academic performance was recorded at Cuesta, may be repeated under the conditions stated above. Official transcripts from the other institution must be submitted to Cuesta College. Students may also be requested to submit a copy of the course outline or catalog description to confirm course equivalency.

RESTRICTION ON COURSE REPETITION

Repetition of Courses for which Substandard Work Has Been Recorded

Students cannot register for a course in which they received an unsatisfactory course grade (D, F, W, or NC) more than three times. Students will be barred from registering in the course until the student:

- obtains a “Request to Exceed Repeat Limit” form from the Admissions and Records Office;
- meets with a counselor to develop a remediation plan noted on the form;
- receives approval on the form from a counselor or an instructor; and
- receives approval on the form from the Director of Admissions and Records at the San Luis Obispo Campus or the Executive Dean of the North County Campus.

Repetition of Courses for which Substandard Work Has NOT Been Recorded (California Education Code Title 5, Section 55763)

- Students who have previously received a grade of “C” or better may repeat the course if circumstances exist that justify such repetitions. However, the grade awarded for courses repeated under this section may not be counted in calculating a student’s grade point average.
- When course repetition under this section occurs, the student's permanent academic record shall be annotated in such a manner that all work remains legible.

To exercise this option students must file a “Request to Repeat a Course with a Grade of ‘C’ or Better” form with the Admissions and Records Office after it has been approved by an instructor or counselor. The petition must be approved prior to enrollment.

Academic Renewal Through Alleviation of Courses without Course Repetition (California Education Code Title 5, Sections 55764 and 55765)

- Classes where substandard grades have been received may be disregarded in the computation of a student’s grade point average if the work was substandard but not reflective of the student’s present scholastic level of performance. This policy may be applied to two distinct semesters of work. This is a one-time-only option.
- A period of at least two years must have elapsed since the completion of the work to be alleviated.
- To alleviate course work, the student must have completed a minimum of:
  - 15 semester units with at least a 3.0 GPA, or
  - 30 semester units with at least a 2.5 GPA, or
  - 45 semester units with at least a 2.0 GPA.
- The student must file a “Course Alleviation” form with the Admissions and Records Office. If the course alleviation is approved by a counselor and the Director of Counseling Services, the alleviated course work will be noted as such on the student’s permanent record by the Admissions and Records Office.
- Classes where substandard grades have been received may be disregarded in the computation of a student’s grade point average if the work was substandard but not reflective of the student’s present scholastic level of performance. This policy may be applied to two distinct semesters of work. This is a one-time-only option.
- A period of at least two years must have elapsed since the completion of the work to be alleviated.
- To alleviate course work, the student must have completed a minimum of:
  - 15 semester units with at least a 3.0 GPA, or
  - 30 semester units with at least a 2.5 GPA, or
  - 45 semester units with at least a 2.0 GPA.
- The student must file a “Course Alleviation” form with the Admissions and Records Office. If the course alleviation is approved by a counselor and the Director of Counseling Services, the alleviated course work will be noted as such on the student’s permanent record by the Admissions and Records Office.
- Courses taken at another accredited college or university, indicating substandard performance, are eligible for course alleviation as mentioned above. Course work alleviated from transfer institutions will apply only to graduation requirements from Cuesta College.
- Cuesta is unable to alleviate work from any other institution's records for the purpose of transferring to another college or university.

ACADEMIC PROBATION AND DISMISSAL

Students who earn unsatisfactory grades may jeopardize their enrollment at Cuesta. Academic achievement is monitored during the fall and spring semesters excluding summer session. A student is placed on academic probation at the end of a semester if the student’s semester grade point average is less than 2.0, or “C-average,” on a four-point scale (A=4, B=3, C=2, D=1, F=0).

A student who earns less than a 2.0 GPA for two consecutive semesters is subject to dismissal from the college. For the purpose of this section, semesters are considered consecutive on the basis of the student’s pattern of enrollment. For example, a student earning less than a 2.0 GPA in Fall 2003 and Fall 2004 would be subject to dismissal if the student did not attend Cuesta during Spring 2004.
Dismissed students are not allowed to attend the subsequent semester. They must “sit out” for one full semester before regaining eligibility for enrollment.

To appeal academic dismissal, the student must attend a reinstatement workshop and sign a reinstatement contract that specifies the remedial actions a student must complete in order to remain enrolled. A student shall be removed from Academic Dismissal when the semester GPA earned is 2.0 or higher. If the student does not comply with the terms of the contract, the student will be required to “sit out” one semester.

**PROGRESS PROBATION AND DISMISSAL**

Students who fail to complete courses in which they enroll may jeopardize their enrollment at Cuesta. Academic progress is monitored during the fall and spring semesters excluding summer session. A student who has enrolled in a total of 12 units at Cuesta is placed on progress probation at the end of a semester if the percentage of all Cuesta College units in which a student has enrolled, for which entries of “W,” “I,” and “NC” are recorded, reaches or exceeds 50 percent.

A student on progress probation because of an excess of units for which entries of “W,” “I,” and “NC” are recorded shall be removed from probation when the percentage of units in this category drops below 50 percent.

A student who has been placed on progress probation for the third consecutive semester is subject to dismissal from the college.

To appeal progress dismissal, the student must attend a reinstatement workshop and sign a reinstatement contract that specifies the remedial actions a student must complete in order to remain enrolled. If the student does not comply with the terms of the contract, the student will be required to “sit out” one semester.

Contact the Office of the Director of Admissions and Records for additional information.

**SCHOLASTIC ACKNOWLEDGMENTS**

**Academic Honor List**

Students who enroll and complete 12 or more units and earn a 3.25 grade point average with no grade lower than a “C” will be placed on the Academic Honor List. The student’s academic record at Cuesta College will be annotated to reflect this achievement. Once a semester, students who qualify are notified by letter from the Vice President of Student Support and the achievement is posted under the qualifying semester on the student’s academic transcript. In order to qualify in any particular semester, students must enroll in 12 or more units and earn a 3.25 grade point average with no grade lower than a “C.”

Students in the Registered Nursing Program may make the Academic Honor List using the criteria listed above; however, due to the number of contact hours in this program, an R.N. student will be considered when enrolled in 11 or more units.

**Graduating With Honors**

Students who meet the requirements for graduation with a cumulative grade point average of 3.5 to 3.74 qualify for honors recognition. The graduation grade point average is based on all degree applicable coursework completed at all postsecondary institutions through the term requirements completed. This acknowledgement is posted on the student’s diploma and on the academic transcript. Students receiving honors are recognized at commencement with a green cord.

**Graduating With High Honors**

Students who meet the requirements for graduation with a cumulative grade point average of 3.75 to 4.0 qualify for high honors recognition. The graduation grade point average is based on all degree applicable coursework completed at all postsecondary institutions through the term degree requirements are completed. This acknowledgement is posted on the student’s diploma and on the academic transcript. Students receiving high honors are recognized at commencement with a white cord.

**Alpha Gamma Sigma (AGS) Honor Society**

Alpha Gamma Sigma (AGS) is a state-wide community college student honor society with the purpose of fostering, promoting, maintaining, and recognizing scholarship. In addition, AGS members develop character and civic responsibility through service to AGS, the college, and the community. The Gamma Gamma chapter at Cuesta College provides its membership scholarship opportunities, social activities, and leadership-building skills. Membership is based on grade point average. More information can be obtained from the Student Development Office. Recognition of AGS membership is posted on Cuesta transcripts. Students with AGS membership are recognized at commencement with a gold cord.

**REGISTRATION**

**STUDENT COMPLETION AND TRANSFER RATES**

In four decades of service to the community, Cuesta College has helped thousands of students reach a wide variety of educational goals, including completion of associate degrees, completion of certificate programs, and successful transfer to four-year institutions.

In compliance with the Student-Right-to-Know (SRTK) and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the San Luis Obispo County Community College District and Cuesta College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 1999, a cohort of all certificate-, degree-, and transfer-seeking first-time, full-time students were tracked over a three-year period. Their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at Cuesta College, nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, 35.3 percent attained a certificate or degree or became ‘transfer-prepared’ during a three-year period, from Fall 1999 to Spring 2002. Students who are ‘transfer-prepared’ have completed 60 transferable units with a GPA of 2.0 or better.

Based on the cohort defined above, 25.7 percent transferred to another postsecondary institution, prior to attaining a degree, certificate, or becoming ‘transfer-prepared’ during a five-semester period, from Spring 2000 to Spring 2002.

**OPEN CLASSES**

It is the policy of Cuesta College to offer classes to any person who has been admitted and who meets course prerequisites as officially approved by the State of California, the local Board of Trustees, or the California Education Code Title 5.

**CLASSIFICATION OF STUDENTS**

Freshman: A student with less than 30 semester units of college credit.
Sophomore: A student who has completed 30 or more semester units of college credit
Full-time: A student enrolled for 12 or more units (Fall, Spring semester)
          A student enrolled for 4 or more units summer session
Part-time: A student enrolled in less than 12 units (Fall, Spring semester)
          A student enrolled in less than 4 units summer session
Enrichment Student: A non-high school graduate under 18 years of age who is concurrently attending high school and Cuesta College.

**PRIORITY REGISTRATION POLICY**

Registration into Cuesta College courses begins in June for the fall semester, November for spring semester, and April for summer session. Cuesta College registration is available primarily over the web through the WEBReg program on PAWS at www.cuesta.edu/paws.asp. Walk-in registration dates also are scheduled prior to the start of each new term.

First-time college students are encouraged to attend an assessment of English and math skills and an orientation prior to registering in Cuesta College courses.

Access to registration is based on Cuesta College Board Policy 6009 shown below.

The Priority Registration Policy regulates the availability of limited class space in a fair manner that facilitates the registration process.

**Board Policy 6009 Priority Registration**

To regulate the availability of limited class space, provide for fairness, and facilitate the registration process, procedures to provide priority registration for students on the basis of need are required. The following is a list of priority groups in the order that they will gain access to registration activities.

**PRIORITY 1:** Applicants for graduation who are continuing Cuesta College students and will complete remaining degree or certificate requirements within the semester. (Students will receive one-time only priority in this classification.)

**PRIORITY 2:** Graduating seniors from local high schools who are processed through matriculation and who apply by the application deadline.

**PRIORITY 3:** Documented eligible students participating in the Disabled Student Program and Services (DSPS), Extended Opportunity Program and Services (EOPS), Veterans and Veterans’ dependents receiving VA benefits to attend Cuesta College, CalWORKs Program, students participating in Intercollegiate Athletics during the semester of active team participation, ASCC leaders, students in the Re-entry Program, students in the Pre-nursing Program, students serving as Facilitator Assisted Learning (FAL) facilitators, student employees, staff, faculty, retired faculty and staff having earned emeritus distinction; and dependent children, spouses, and partners of faculty or staff.

**PRIORITY 4:** Continuing Cuesta College students will receive priority registration based on the total number of Cuesta College units completed. Unit increments:

<table>
<thead>
<tr>
<th>Increment</th>
<th>Unit Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>4.1</td>
<td>Equal to or greater than 48.0 units.</td>
</tr>
<tr>
<td>4.2</td>
<td>Equal to or greater than 24.0 units and less than 48.0 units.</td>
</tr>
<tr>
<td>4.3</td>
<td>Equal to or greater than 12.0 units and less than 24.0 units.</td>
</tr>
<tr>
<td>4.4</td>
<td>Less than 12.0 units.</td>
</tr>
</tbody>
</table>

**PRIORITY 5:** First-time students, including high school enrichment and new re-entry students, who are processed through matriculation and who apply by the application deadline.

**PRIORITY 6:** First-time, returning, and transfer students who apply for admission and register during open access registration periods.

**STUDENT COURSE LOAD**

A full-time student is a student who is enrolled in a minimum of 12 units per semester (4 units per summer session). Students enrolled in fewer than 12 units are considered to be less than full-time. Students are limited to a maximum of 19 units during the fall and spring semesters (9 units during the summer session), including both day and evening classes. In order to take more than the maximum number of units, a student must have an outstanding academic record and must obtain approval from a counselor before registering.

**ADDING COURSES**

Students must add classes by the end of the second week of instruction for regular semester courses or by the second class meeting for short courses and summer session courses. Once instruction begins, all adds require instructor approval. Necessary instructor-arranged course transfers still will be allowed beyond the normal deadline for adding. In order to officially add a course, the student may add using web registration (PAWS WEBReg) or submit appropriate forms to the Admissions and Records Office by the deadline on ining upon instructor approval.

**AUDITING**

Auditing is permitted in classes on a space-available basis only. Admission applications are not required. Instructor approval is required. Students who audit will earn no units or grades. Audit Forms are available at any Cuesta campus in the Admissions and Records, Cashier, or Student Support offices.

Audit fees are $15 per audit unit plus any course fee listed in the class schedule. For students enrolled in 10 credit units or more, the first three audit units are free. Students wishing to audit must delay payment of fees to add a class. Audit payments may be submitted to the Cashier's Office at the San Luis Obispo or North County campuses.

**WITHDRAWAL FROM COLLEGE AND DROPPING OF COURSES**

Any student leaving the college after registering must officially withdraw from the institution. To obtain a withdrawal from the college, a student must drop their courses on the web through PAWS WEBReg, or complete the appropriate forms provided in the Admissions and Records Office, and submit for processing.

A student may drop a class without receiving a “W” grade if the drop is processed by the fourth Friday of the semester for regular semester courses or within the first 20 percent of the class for short courses and summer session courses.
A student may drop a class with a “W” grade before 60 percent of the semester or session has been completed.

**INSTRUCTIONAL PERIOD** | **DROP DEADLINE**
---|---
Fall/spring semester | End of twelfth week
Summer session | End of fourth week
Short course | 60 percent of the length of the short course

Thereafter, a grade other than a “W” must be awarded, and an “F” is likely if the student has not arranged with the instructor to complete minimum course requirements. Drop forms are available in the Admissions and Records Office at any campus location and on the Cuesta College web site.

Withdrawal from classes after the end of the twelfth week may be made based on extenuating circumstances upon petition to the Admissions and Records office and with appropriate valid documentation. Extenuating circumstances are verified cases of accidents, illnesses, or other circumstances beyond the control of the student (California Code Title 5, Section 55758).

**MILITARY WITHDRAWAL**

Military withdrawal occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. The student must verify such orders at the time of the withdrawal. Students withdrawing under this college policy will receive a grade of “MW” for each course from which they withdraw and shall be entitled to a full refund of all enrollment fees paid to the college unless academic credit has been awarded.

**OFFICIAL TRANSCRIPTS**

All applicants pursuing degrees, certificates, Financial aid, or transfer must submit official transcripts of all prior high school and college work. Transcripts are to be forwarded to the Cuesta College Admissions and Records Office.

Transcripts submitted to the college are considered property of Cuesta College and will not be released to students or other colleges or agencies.

**PREREQUISITES AND COREQUISITES**

The purpose of prerequisites, corequisites and advisories is to enhance a student's chance of success in a desired course. A prerequisite is a course (or equivalent skill or prior experience) that a student must pass (or must possess) before enrolling in a more advanced course. A corequisite is a course in which a student must enroll at the same time as (or before) enrolling in the desired course. Successful completion of a prerequisite is achieved by a final course grade of “C” or better. An advisory is a course that a student is encouraged (but not required) to take before enrolling in a more advanced course. In addition, some courses — such as music performance, intercollegiate athletics, and honors programs — limit enrollment based on an audition or other screening procedure.

**Transcript Evaluation - Prerequisites**

To enroll at Cuesta College, two copies of a high school and/or college transcript (if any) should be obtained at least two weeks before registration for classes. One copy must be an official (sealed) copy and is to be submitted to the Admissions and Records Office. This copy will be retained by the college and cannot be released again to the student or another institution.

An unofficial copy (not sealed in envelope) is to be hand-carried by the student to all advising and walk-in registration activities to validate that the necessary prerequisite courses have been met with a “C” grade or better. Students are strongly advised NOT to rely on forwarded transcripts the final few weeks before class begins. In such cases, the student should contact Counseling Services at the San Luis Obispo Campus, (805) 546-3138, or at the North County Campus, (805) 591-6225; or the Evaluations Office, (805) 546-3141, to clear any prerequisites. The student may need to provide a copy of the course description from the catalog of a private college or out-of-state college.

**Prerequisite/Corequisite Challenge for Continuing Students**

Continuing students will be allowed to enroll in an advanced course, without a Challenge Petition, if they are currently enrolled at Cuesta College in the required prerequisite for that course. If the student fails to receive a grade of “C” or higher in that prerequisite course, the student must drop the advanced course and reregister in the prerequisite course. If the student neglects to drop the advanced course the Admissions and Records Office will administratively drop them from the advanced course.

Students wishing to reenroll (repeat) in the prerequisite course will need to complete a Petition to Repeat a Substandard Course to gain access to register for the course through WEBReg. This petition will also prompt the Records Office staff to discount the grade received in the initial class once the grades are processed for the repeated course at the end of the term.

**Prerequisite/Corequisite Challenge Procedures**

Students have the right to challenge course prerequisites. They have the responsibility to provide documentation to support their challenge.

A “Prerequisite/Corequisite Challenge” requires a written explanation of alternative course work (background or abilities) which, in the student's opinion, adequately prepares the student for the course.

A “Prerequisite/Corequisite Challenge” form can be obtained from the Admissions and Records Office on the San Luis Obispo campus and the Student Services Office on the North County campus.

Reasons for challenging a prerequisite/corequisite may include one or more of the following:

- A prerequisite/corequisite is not reasonably available to a student with a Student Educational Plan (SEP). Reasonably available is defined as any open seat(s) in any scheduled course within the last two semesters.
- The student believes the prerequisite was established in violation of state regulations or in violation of the district-approved prerequisite/corequisite process.
- The student believes the prerequisite/corequisite is discriminatory or being applied in a discriminatory manner. Discriminatory is defined as prerequisites/corequisites being arbitrarily enforced with some group(s) of students and not with other(s) or having a disproportionate impact on a particular group of students.
- The student has the documented knowledge based upon a multiple measure assessment (certificate of completion, transcript, syllabus, or copies of exams/challenge examination) of ability to succeed in the course without meeting the listed prerequisite(s).
- A student is completing work at another institution for which final grades are not yet available. The student must provide proof of enrollment. The student may enroll in the class by submitting the Prerequisite Challenge form in advance of accessing PAWS WEBReg or at the walk-in registration activity. The student will be
dropped from the course if the minimum grade required is not met and/or the transcript with minimum grade is not submitted and verified by the deadline date.

Should a student wish to ask questions concerning the prerequisite/corequisite/advisory course process, the student should contact the Director of Counseling. (805) 546-3147 ext. 2238. Students may also stop by the counseling office to make an appointment. The office is located in San Luis Obispo Campus Building 3100, or on the North County Campus.

Upon filing a “Prerequisite/Corequisite Challenge” form, the student may enroll in the challenged class once the form is processed. The student takes responsibility for enrolling in the challenged class online by presenting this form at walk-in registration. The student will be dropped if the transcripts and/or grades requested are not submitted by the deadline date. The student will also be dropped if the transcripts/grades submitted reflect that the prerequisite was not met.

**REMEDIAL COURSE WORK LIMITATION**

A student who has completed 30 units of remedial course work, but who has not attained full eligibility for college-level work, shall be dismissed from the college and referred to adult non-credit education courses unless a waiver has been granted.

“Remedial course work” refers to pre-collegiate basic skills courses which are designated as non-degree credit courses, the purpose of which is to prepare students for successful completion of associate degrees, transfer, or certificate courses. These courses are specifically designed to meet the needs of underprepared students so that the quality and rigor of the associate degree curriculum is protected.

A waiver of the limitation on remedial course work may be provided to any student who shows significant measurable progress toward the development of skills appropriate to the student’s enrollment in college-level courses. Measurable progress is defined by transcripts, pre- and post-test measures, demonstrated progress toward an educational goal sustaining progress of education or social goals and objectives as documented in a Student Educational Plan (SEP). If a waiver is granted, its duration should not exceed one academic year and would normally be of one semester’s duration.

Students enrolled in one or more courses of English as a Second Language (ESL) or students identified by the district as having a learning disability are exempt from the 30-semester-unit limitation (California Education Code Title 5, Section 55765.5).

**STUDENT FOLLOW-UP: “EARLY ALERT”**

Early in each semester students who are having academic difficulty are contacted by the Director of Counseling Services. Early Alert notices, if given, will appear on the student’s Status Check page in PAWS. A letter is sent to each student about the problem with a recommendation that the student confer with the instructor(s) and/or receive additional support services (math lab, writing lab, tutoring, etc.).

Follow-up services also monitor student progress in order to inform students who may be on probation or disqualification of the appropriate services and assistance programs available.

**FINAL EXAMINATIONS**

Final examinations will be given in all courses at the end of each semester, short course, or summer session. Dates and times are listed in the schedule of classes and on the Cuesta College web site.

**DISTRICT POLICIES AND REGULATIONS**

**STUDENT RESPONSIBILITY**

Students are held individually responsible for the information contained in the Cuesta College Catalog and in the Student Code of Conduct. Failure to read and comply with college regulations will not exempt students from whatever penalties they may incur.

**NONDISCRIMINATION IN DISTRICT/COLLEGE PROGRAMS**

Unlawful Discrimination Procedures

The policy of the San Luis Obispo County Community College District is to provide an educational and employment environment in which no person shall be unlawfully denied full and equal access to the benefits of or be unlawfully subjected to discrimination on the basis of ethnic group identification, national origin, religion, age, sex, race, color, ancestry, sexual orientation, or physical or mental disability in any program or activity that is administered by, funded directly by, or that receives any financial assistance from the State Chancellor or Board of Governors of the California Community Colleges.

The policy of the San Luis Obispo County Community College District is to provide an educational and employment environment free from unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment.

Employees, students, or other persons acting on behalf of the District who engage in unlawful discrimination as defined in this policy or by state or federal law may be subject to discipline, up to and including discharge, expulsion, or termination of.

**Retaliation**

It is unlawful for anyone to retaliate against someone who files an unlawful discrimination complaint, who refers a matter for investigation or complaint, who participates in an investigation of a complaint, who represents or serves as an advocate for an alleged victim or alleged offender, or who otherwise furthers the principles of this unlawful discrimination policy.

**Academic Freedom**

The San Luis Obispo County Community College District Board
of Trustees reaffirms its commitment to academic freedom, but recognizes that academic freedom does not allow any form of unlawful discrimination. It is recognized that an essential function of education is a probing of opinions and an exploration of ideas that may cause some students discomfort. It is further recognized that academic freedom insures the faculty’s right to teach and the student’s right to learn. Finally, nothing in these policies and procedures shall be interpreted to prohibit bona fide academic requirements for a specific community college program, course or activity.

When investigating unlawful discrimination complaints containing issues of academic freedom, the San Luis Obispo County Community College District will consult with a faculty member appointed by the Academic Senate with respect to contemporary practices and standards for course content and delivery.

SEXUAL ASSAULT 1580

Cuesta College is committed to maintaining a safe campus, a campus free of violence and the threat of violence. All persons who come onto the campus or onto any facility maintained by the college are expected to treat others with respect and consideration.

Cuesta College will not tolerate any physical or sexual assault or threat of assault, including acquaintance rape, on its campus or at facilities maintained by the college. Where there is probable cause to believe that the college’s regulations prohibiting sexual assault have been violated, the college will pursue vigorous investigative action through its own channels. Disciplinary actions include the possibility of suspension or dismissal from the college.

A student or employee charged with sexual assault can be prosecuted under California penal code statutes and disciplined under the college’s Code of Student Conduct and board policy. Even if the criminal justice authorities choose not to prosecute, the college can pursue disciplinary action.

Cuesta College is committed to doing everything within its power to prevent sexual assaults from occurring and disciplining assailants when rape or other assault occurs on campus property or at college-sponsored events, and to provide prompt and compassionate services to students, faculty and staff who are raped or otherwise sexually assaulted. The college is further committed to ensuring that students, faculty, and staff are not adversely affected for bringing forward a charge of rape or sexual assault.
In order to provide a safe environment for students, faculty, staff, and guests, the college has established a multifaceted program composed of response procedures, prevention and education guidelines, services for victims, and sanctions.

(Approved: 12/8/93)

**SUMMARY OF YOUR RIGHTS TO SEEK AN INFORMAL RESOLUTION OR FILE A FORMAL COMPLAINT OF DISCRIMINATION OR SEXUAL HARASSMENT**

(This is only a summary; please see Board Policy 1565 and 1575)

**INFORMAL RESOLUTION OR FORMAL COMPLAINT PROCEDURE:**

1. You have the right to request that the charges be resolved informally, at which time the District will undertake efforts to informally resolve the charges. To start the informal resolution process, please contact the Executive Director of Human Resources and Labor Relations in the administration building, room 8003, or by phone at (805) 546-3129.
2. You do not need to participate in informal resolution;
3. You have the right to file a formal complaint (see below for the procedure in doing so);
4. You will not be required to confront or work out problems with the person accused of unlawful discrimination;
5. You may file a non-employment-based complaint with the Office for Civil Rights of the U.S. Department of Education (OCR) where such a complaint is within that agency’s jurisdiction.
6. If your complaint is employment-related, you may file a complaint with the U.S. Equal Employment Opportunity Commission (EEOC) and/or the California Department of Fair Employment and Housing (DFEH) where such a complaint is within that agency’s jurisdiction.

**PURPOSE OF THE INFORMAL RESOLUTION PROCESS**

The purpose of the informal resolution process is to allow an individual who believes she/he has been unlawfully discriminated against to resolve the issue through a mediation process rather than the formal complaint process. Typically, the informal resolution process will be invoked when there is a simple misunderstanding or the complainant does not wish to file a formal complaint. An informal resolution may require nothing more than a clarification of the misunderstanding or an apology from the respondent and an assurance that the offending behavior will cease. You will be notified of the proposed informal resolution proposed by the District.

If you pursue the informal resolution process, you should note the following important points:

1. You will need to sign a document which indicates that you have selected the informal resolution process.
2. The District will complete its investigation within the time required by Board Policy 1565 unless you voluntarily rescind your complaint prior to completion.
3. Selecting the informal resolution process does not prevent you from later deciding to file a formal complaint (subject to all of the rules for filing a formal complaint). For example, if you are not satisfied with the outcome of the informal resolution process (including the District’s proposed resolution), you may elect to file a formal complaint.

**HOW TO FILE A FORMAL DISCRIMINATION COMPLAINT:**

1. A FORMAL COMPLAINT MUST BE INITIATED BY FILING OUT THE ATTACHED FORM APPROVED BY THE STATE CHANCELLOR’S OFFICE. That form is attached as the last page of board policy 1565, and has the title heading of “Unlawful Discrimination Complaint Form.” YOU MUST SEND THAT COMPLETED FORM TO EITHER:
   - SAN LUIS OBISPO COUNTY COMMUNITY COLLEGE DISTRICT, ATTN: EXECUTIVE DIRECTOR OF HUMAN RESOURCES AND LABOR RELATIONS, ADMINISTRATION BUILDING, ROOM 8003, SAN LUIS OBISPO, CA 93403-8106;
   - CHANCELLOR’S OFFICE, CALIFORNIA COMMUNITY COLLEGES, 1102 Q STREET, SACRAMENTO, CALIFORNIA 95814-6511, ATTENTION: LEGAL AFFAIRS DIVISION
2. The complaint must allege unlawful discrimination prohibited under Title 5, section 59300.
3. The complaint must be filed by one who alleges that he or she has personally suffered unlawful discrimination or by one who has learned of such unlawful discrimination in his or her official capacity as a faculty member or administrator.
4. In any complaint not involving employment, the complaint must be filed within one year of the date the alleged unlawful discrimination or within one year of the date on which the complainant knew or should have known of the facts underlying the specific incident or incidents of alleged unlawful discrimination.
5. In any complaint alleging discrimination in employment, the complaint shall be filed within 180 days of the date the alleged unlawful discrimination occurred, except that this period will be extended by no more than 90 days following the expiration of that 180 days if the complainant first obtained knowledge of the facts of the alleged violation after the expiration of 180 days.

**WHAT HAPPENS WHEN A FORMAL DISCRIMINATION COMPLAINT IS FILED?**

The District will then complete an “Administrative Determination.” Within 90 days of receiving an unlawful discrimination complaint filed under Title 5, sections 59300 et seq., the District will complete the investigation and forward a copy of the investigative report (containing the administrative determination) to the State Chancellor, a copy or summary of the report to the complainant, and written notice setting forth all the following to both the complainant and the State Chancellor:

1. The determination as to whether there is probable cause to believe discrimination occurred with respect to each allegation in the complaint;
2. A description of actions taken, if any, to prevent similar problems from occurring in the future;
3. The proposed resolution of the complaint; and
4. The complainant’s right to appeal to the District Board of Trustees and the State Chancellor.

**SEXUAL ASSAULT (BOARD POLICY 1580)**

Cuesta College is committed to maintaining a safe campus, a campus free of violence and the threat of violence. All persons who come onto the campus or onto any facility maintained by the college are expected to treat others with respect and consideration.

Cuesta College will not tolerate any physical or sexual assault or threat of assault, including acquaintance rape, on its campus or at facilities maintained by the college. Where there is probable cause to believe that the college’s regulations prohibiting sexual assault have been violated, the college will pursue vigorous investigative action through its own
channels. Disciplinary actions include the possibility of suspension or dismissal from the college.

A student or employee charged with sexual assault can be prosecuted under California penal code statutes and disciplined under the college’s Code of Student Conduct and board policy. Even if the criminal justice authorities choose not to prosecute, the college can pursue disciplinary action.

Cuesta College is committed to doing everything within its power to prevent sexual assaults from occurring and disciplining assailants when rape or other assault occurs on campus property or at college-sponsored events, and to provide prompt and compassionate services to students, faculty and staff who are raped or otherwise sexually assaulted. The college is further committed to ensuring that students, faculty, and staff are not adversely affected for bringing forward a charge of rape or sexual assault.

In order to provide a safe environment for students, faculty, staff, and guests, the college has established a multifaceted program composed of response procedures, prevention and education guidelines, services for victims, and sanctions.

**STUDENT CONDUCT (BOARD POLICY 6200)**

The Board of Trustees shall establish rules and regulations for student conduct while on campus and/or engaged in any college-sponsored activity.

The Vice President of Student Support shall be responsible for enforcing rules and regulations for all activities of students at times and places when students are under college jurisdiction, except that individual teachers are given the power to suspend students for good cause for the remainder of the subject school day, plus up to one additional class meeting. The Vice President of Student Support or designee is responsible for administering the disciplinary functions.

**Scope of Application**

These rules apply to all actions of students of the college on District property and at all activities sponsored by the college or registered student organizations, whether occurring on or off the campuses or other instructional sites.

**Standard of Conduct**

Students attending Cuesta College assume an obligation to conduct themselves in a manner compatible with the Student Code of Conduct and Academic Honesty Regulations, and the Student Computer Technology Access Agreement.

**AUTHORITY OF INSTRUCTOR**

An instructor may remove a student for good cause from his or her class for the day of removal and the next class meeting (Educational Code 76032 and 76033). The instructor shall immediately report the removal to the Vice President of Student Support for appropriate action. During the period of removal, a student shall not be returned to the class from which her or she was removed without the concurrence of the instructor of the class.

An Instructor may drop from class a student who is neglecting the work of the course.

**ATTENDANCE**

Normal progress and successful completion of scholastic work depends upon regular attendance. Students are expected to attend all classes and laboratories for which they are registered. Instructors set an attendance policy for each class, and it is the student’s responsibility to know and comply with each one. Instructors may drop a student from a class for infractions of the attendance policy. (To assure a seat in the class, students are advised to attend the first class session.)

It is the student’s responsibility to officially withdraw from a course which the student is no longer attending. Failure to officially withdraw from a class may result in an “F” or failing grade. The “F” will be considered a valid grade and can only be changed by the instructor.

**STANDARD OF CONDUCT (BOARD POLICY R6200)**

All students are expected to conduct themselves in an acceptable manner while on campus or at off-campus sites and when representing Cuesta College in any off-campus activity. Specific rules and regulations, and applicable penalties for violation of the Student Code of Conduct (California Education Code Title V, sections 66300, 76030, and 76033), are provided in this section. Each student has the responsibility to be aware of college regulations.

Students enrolled in Cuesta College assume an obligation to conduct themselves in a manner compatible with the college’s function as an educational institution.

**Student Code of Conduct**

The following examples of conduct are considered unacceptable and shall constitute just cause for discipline including but not limited to removal, suspension or expulsion of a student.

Academic Honesty

Academic Honesty is essential to the academic community. Students expect that the Cuesta faculty is fair, truthful and trustworthy. Beyond this, the student may be subject to disciplinary action as determined by the Vice President of Student Support or designee. An appeals process is available to the student through the office of the Vice President of Student Support. It is recommended that the faculty member report any acts of academic dishonesty to the Vice President of Student Support or designee.

CODE OF CONDUCT FOR STUDENTS IN THE ASSOCIATE DEGREE NURSING PROGRAM (BOARD POLICY 6202)

The Board of Trustees determines that the following policies govern the participation of alcohol- or drug-impaired students in the Associate Degree Nursing Program.

1. The nursing program, in addition to offering an academic program, includes clinical course work. The safety of patients under the care of student nurses must be assured. The instructor and the Director of Nursing Programs may take immediate corrective action to remove a student impaired by alcoholism or drug abuse from the clinical program if the student demonstrates by his/her conduct and performance in the clinical setting that he/she is a danger to the health and safety of patients under his/her care.

2. After evaluation and due process, students considered by the Director of Nursing Programs to be impaired by drugs or alcohol will be allowed to continue their studies, including clinical course work, as long as they are adhering to the provisions of a contract between the college and the student for the student’s retention.

3. Information on the student’s condition is confidential and will not be disclosed except when necessary to protect the safety of patients under the care of student nurses.

4. An individual contract of retention will be developed by the student, rehabilitation therapist, and the Director of Nursing and shall specify:
   - That the student must participate in an approved drug or alcohol treatment and rehabilitation program for the duration of his/her nursing program studies.
   - That evidence of satisfactory attendance and progress will be provided to the college on a regularly scheduled basis.
   - That the student will consent to periodic random drug screening as part of the treatment and rehabilitation program.
   - That the impaired student will give all medications under direct supervision and that the student will not have access to keys to medications.
   - That if the student fails to adhere to the conditions of the contract for retention, the same procedure will be followed as with any other student on probation; the circumstances of the violation will be reviewed by the nursing faculty as a whole; and recommendations for the retention or dismissal will be made to the Director of Nursing Programs, who will then make the decision after advising the Vice President, Student Support.

5. Information on the student’s dismissal from the nursing program will be reported to the Board of Registered Nursing when such information is
requested by the Board of Registered Nursing.

**STUDENT GRIEVANCE PROCEDURE (BOARD POLICY 6205)**

A grievance shall mean a complaint, other than one dealing with civil rights discrimination,* which has been filed by a student or by a student’s designee on his/her behalf. The primary purpose of the following procedure is to secure at the earliest level possible an equitable solution to a complaint.

**LEVEL 1.**

The student should contact in person the Vice President of Student Support (or designee appointed by the Vice President of Student Support) and present his/her complaint. If the grievance is not resolved, the student can submit to the Vice President of Student Support (or designee) a written appeal for further consideration. (Time limit: ten calendar days from the date of appointment with the Vice President of Student Support, or designee.)

**LEVEL 2.**

A Student Appeals Committee, made up of three faculty and three student members jointly appointed by the Vice President of Student Support (or designee), and the ASCC President, then will be convened within ten calendar days after receiving the appeal and will submit its finding to the student in writing within an additional ten days. If the complaint is not resolved, a written appeal can be filed by the student to the President/Superintendent within ten calendar days. When a grievance involves the Vice President of Student Support (or designee) (Level 1) and/or the Associated Students Cuesta College (A.S.C.C.) President and the Vice President of Student Support (or designee) (Level 2), those responsibilities listed above for these two positions at Levels 1 and 2 shall be assumed by the Superintendent/President (or designee appointed by the Superintendent/President) of the District.

**LEVEL 3.**

The student will appeal in writing with all supportive evidence to the President/Superintendent (or designee) who will evaluate the evidence and submit his/her finding in writing to the student within ten calendar days after receiving the appeal.

**LEVEL 4.**

A final written appeal may be made to the Board of Trustees within thirty calendar days of the written response of the President/Superintendent (or designee). The decision of the Board will be given within thirty calendar days of the written response of the President/Superintendent (or designee). A formal hearing may be requested by the student, with all supportive evidence, at the Board meeting, and the decision of the Board will be given within thirty calendar days of the initial meeting at which the complaint is discussed.

*When a student has a complaint which involves (1) sexual harassment, (2) civil rights discrimination on the basis of ethnicity, race, national origin, religious beliefs, age, gender, color, physical or mental disabilities, veteran status, sexual orientation or sexual identity, or marital status, or (3) retaliation for filing a sexual harassment or other unlawful discrimination complaint, referring a matter for investigation, participating in an investigation of a complaint, serving as an advocate for an alleged victim or alleged offender, or who otherwise furthers the principles of the District’s unlawful discrimination policy (Policy 1565), then the matter is to be referred to the Executive Director of Human Resources and Labor Relations as such matters are to be handled pursuant to Policy 1565 (unlawful discrimination) and not as a student grievance.

**SERVICE ANIMALS (BOARD POLICY R7985)**

**Purpose**

This policy is to provide regulations regarding the use of service animals on District property, to comply with ADA Regulations; and to ensure that an individual with a verifiable disability, visual or not, who needs a service animal may participate in and benefit from District and College services, programs, and activities.

**Background**

1. Service animals are animals trained to assist individuals with disabilities in the activities of normal living. The Americans with Disabilities Act (ADA) definition of a service animal is “... any . . . animal individually trained to do work or perform tasks and functions that a person who is disabled cannot perform for himself or herself, and for the benefit of an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals who are hearing impaired to intruders or sounds, providing minimal protection or rescue work, pulling a wheelchair, or fetching dropped items.” If an animal meets this definition, it is considered a service animal regardless of whether it has been licensed or certified by a state or local government or a training program.

2. Regulations implementing Title II of the ADA (28 C.F.R. Section 35.130(b)(7)), California law (Civil Code Section 54 et seq. and Penal Code Section 365.5), and San Luis Obispo County Community College District policy (Board Policy 7965 § VIII) allows service animals to accompany persons with verifiable disabilities onto the Cuesta College campus.

3. This policy differentiates “service animals” from “pets”, describes types of service animals, denotes campus locations that are off-limits to service animals based only on issues of safety, and sets behavioral guidelines for service animals.

**Definitions**

1. Service Animal: Any animal individually trained to do work or perform tasks for the benefit of a person with a verifiable disability. Service animals are usually dogs. A service animal is sometimes called an assistance animal. If there is a question as to whether an animal is a service animal, contact one of the resources listed below:
   - Director of Disabled Student Programs and Services;
   - Director of Public Safety.

2. Partner/Handler: A person with a service or therapy animal. A person with a verifiable disability is called a partner; a person without a disability is called a handler.

3. Team: A person with a verifiable disability (or handler) and his or her service animal. The twosome works as a cohesive team in accomplishing the tasks of everyday living.

4. Trainee: An animal undergoing training to become a service animal. Trainees are permitted on District property, in accordance with regulations addressed above. A trainee will be housebroken and fully socialized. To be fully socialized means the animal will not, except under rare occasions, bark, yap, growl, howl, or make any type of disruptive noises; will have a good temperament and disposition; will not show fear; will not be upset or agitated when it sees another animal; and will not be aggressive. A trainee will be under the control of the handler at all times, who may or may not have a disability. If the trainee begins to show improper behavior, the handler will act immediately to correct the animal or will remove the animal from District property.
5. Therapy Animal: An animal with good temperament and disposition, and who has reliable, predictable behavior, selected to visit people with disabilities or people who are experiencing the frailties of aging or confinement as a therapy tool. The animal may be incorporated as an integral part of a treatment process. A therapy animal does not assist an individual with a disability in the activities of daily living. The therapy animal does not accompany a person with a disability all the time. Thus, a therapy animal is not covered by laws protecting service animals and the rights given to service animals.

6. Pet: A domestic animal kept for pleasure or companionship. Pets are not permitted in College facilities. Permission may be granted only by the Director of Public Safety for a pet to be in a college facility for a specific reason at a specific time (e.g., a pet dog or cat is used as a demonstration tool in a zoology class, speech class, etc.).

**Types of Service Animals**

1. Service Dog: A dog that has been specially trained as a “Guide Dog”, “Hearing Dog”, “Sig Dog”, “Seizure Dog”, or “Assistance Dog”.

2. Guide Dog: A dog carefully trained to serve as a travel tool by persons with severe visual impairments or who are blind.

3. Hearing Dog: A dog that has been trained to alert a person with significant hearing loss or who is deaf when a sound (e.g., a knock on the door) occurs.

4. Sig Dog: A dog trained to assist a person with autism. The dog alerts the partner to distracting repetitive movements common among those with autism, allowing the person to stop the movement (e.g., hand flapping). A person with autism may have problems with sensory input and need the same support services from a dog that a dog might give to a person who is blind or deaf.

5. Seizure Dog: A dog trained to assist a person with various types of seizure disorders; how the dog serves the person depends on the person's needs. The dog may stand guard over the person during a seizure, or the dog may go for help. A very few dogs have somehow learned to predict a seizure and warn the person in advance.

6. Assistance Dog: A dog that has been specially trained to assist a person who has mobility or health impairment. Types of duties the dog may perform include carrying, fetching, opening doors, ringing doorkbells, activating elevator buttons, steadying a person while walking, helping a person up after the person falls, pulling a wheelchair, etc.

**Requirements for Faculty, Staff, and Students**

1. Allow the service animal to accompany the partner at all times on campus, except where service animals are specifically prohibited, (Section VIII).

2. Do not pet a service animal. Petting a service animal when the animal is working distracts the animal from the task at hand.

3. Do not feed a service animal. The service animal may have specific dietary requirements. Unusual food or food at an unexpected time may cause the animal to become ill.

4. Do not deliberately startle a service animal.

5. Do not separate or attempt to separate a partner/handler from his or her service animal.

**Requirements of Service Animals and Their Partner/Handler**

1. Vaccinations: The animal must be immunized against diseases common to that type of animal. Dogs must have had the general maintenance vaccine series, including but not limited to vaccinations against rabies, distemper, and parvovirus. Other animals must have had the appropriate vaccination series specific for the type of animal, [County Code § 9.08.150, 9.08.170, 9.08.180, 9.08.190]. All vaccinations must be current. Though dogs in San Luis Obispo County are not required to wear or display a rabies vaccination tag, the owner must provide proof of a rabies vaccination upon request.

2. Licensing: The County of San Luis Obispo ordinance [# 9.08.160], following state law requires all dogs be licensed by the time they reach 4 months of age. Guide dogs, hearing dogs, dogs serving mobility-impaired persons, and other service animals receive the license at no cost, [County Code Title IX, § 9.08.260].

3. Health: The animal must be in good health, displaying no skin, eye, ear, or nose irritation, infection, or discharge, unless the animal has a release from a veterinarian showing the animal free of any health risk to the public. The animal must be free of fleas and external parasites.

4. Leash and Control: The animal must be on a leash at all times. The partner/handler must be in control of the animal at all times. The care and supervision of a service animal is solely the responsibility of its partner/handler.

5. Cleanup: The partner/handler must follow District policy in cleaning up after the animal defecates. District policy requires the partner/handler to: always carry equipment sufficient to clean up the animal's feces whenever the animal and partner/handler are off the partner's property, or animal's home base.

6. Registration: A partner/handler who is a District disabled student who wishes to bring a service animal/trainee onto the campus must register his/her animal with the Disabled Student Programs and Services (DSPS) Department. Employees and other partners/handlers who wish to bring service animals onto the campus must register their animals with the Public Safety Office. Visitors with service animals must check in with the Public Safety Office. (See form attached).

**When a Service Animal Can Be Asked to Leave**

1. Disruption: The partner/handler of an animal that is unruly or disruptive (e.g., barking other than warning or protection, running around, bringing attention to itself) may be asked to remove the animal from District property. If the improper behavior happens repeatedly, the partner/handler may be told not to bring the animal onto District property until the partner/handler takes significant steps to mitigate the behavior. Mitigation can include, but is not limited to, muzzling a barking animal, refresher training for both the animal and the partner/handler, or providing proof of additional certified training from a state licensed facility.

2. Health: Service animals that are ill should not be taken into public areas. A partner/handler with an ill animal may be asked to leave the District property.

3. Uncleanliness: Partners/handlers with animals that are unclean, noisome and/or bedraggled may be asked to leave District property. An animal that becomes wet or muddy, but is otherwise clean, should be considered a clean animal. Animals that shed in the spring sometimes
may look bedraggled. If the animal in question is well groomed, consider the animal tidy even though its spring coat is uneven and messy-appearing or it has become wet from weather or weather-related incidents.

Areas Off Limits to Service Animals

1. Mechanical Rooms/Custodial Closets: Mechanical rooms, such as boiler rooms, facility equipment rooms, electric closets, elevator control rooms, and custodial closets are off-limits to service animals. The machinery and/or chemicals in these rooms may be harmful.

2. Areas Where Protective Gear is Necessary: Any room where protective gear is worn is off-limits to service animals. Examples impacting students include the foundry, glass laboratory, wood and metal shops, photographic lab, and chemistry or biology labs.

3. Areas Where There is a Danger to the Service Animal: Any room, including a classroom, where there are sharp metal cuttings or other sharp objects on the floor or protruding from a surface; where there is hot material on the floor (e.g., molten metal or glass); where there is a high level of dust; or where there is moving machinery is off-limits to all service animals.

Exceptions:

1. A Dean and Division Chair/Director, in consultation with an instructor, may authorize opening a laboratory to service animals.

2. A Dean and Division Chair/Director of a research laboratory or an instructor in a classroom or teaching laboratory with moving equipment may grant permission to an individual service animal and partner/handler team to enter the research laboratory, classroom, or teaching laboratory with moving machinery. Admission for each team will be granted or denied on a case-by-case basis. The final decision shall be made based on the nature of machinery and the best interest of the service animal. Example: The machinery in a classroom may have moving parts at a height such that the tail of a large dog could easily be caught in it; which is a valid reason for keeping large dogs out. However, a very small hearing dog may be shorter than any moving part and, therefore, considered for admission to the classroom.

3. Access to other designated off-limits areas may be granted on a case-by-case basis by the Director of Academic Support/Disabled Student Programs and Services.

4. To be granted an Exception: A student partner/handler who wants his or her service animal to be granted admission to an off-limits area should contact the Disabled Student Program and Services (DSPS) Department and any non-student partner/handler, including an employee, who wants his or her service animal to be granted admission to an off-limits area should contact the Public Safety Department. An employee of DSPS or Public Safety, respectively, should fill out the disability accommodation request form for the partner/handler and then the partner/handler should take the form to the appropriate Dean, Division Chair, or instructor for his/her signature. This form will remain in the student’s file in DSPS or on file in Public Safety, as appropriate, for the current semester only.

5. The District will work with a partner/handler whose service animal has been excluded for an off-limits area to otherwise reasonably accommodate the partner/handler’s needs.

Evaluation Procedures

1. The District’s Director of Academic Support/Disabled Students Programs and Services or Director of Public Safety must determine whether the service animal meets the basic ADA definitions. This determination is based upon whether the service animal has been trained to provide the specific task or service required by the individual because of his/her disability(ies) and whether the animal can actually provide that task or service. If the animal cannot perform the identified task or service, the District may exclude the animal from its facilities and campuses.

2. The District must rigorously analyze whether the presence of the service animal would actually have a significant effect upon the service, program, or activity involved. If the District determines that the use of the service animal causes a fundamental alteration in District services, programs, or activities, the District may exclude the animal from its facilities and campuses. (28 C.F.R. § 130 (b)(7).)

3. The District must determine whether the presence of a particular service animal poses a significant risk to the health or safety of other persons that cannot be eliminated by a modification of policies, practices, or procedures, or by the provision of auxiliary aids or services. In doing so the District must make an individualized assessment based on reasonable judgment that relies on current medical knowledge or on the best available objective evidence to determine the probability that the potential injury will actually occur. If the District determines that the presence of the service animal does pose a direct threat to the health or safety of persons participating in District service, programs, or activities, the District may exclude the animal from its facilities and campuses. (28 C.F.R. § 36.208.)

4. If the District determines that the use of a particular service animal will not be permitted, the Director of Academic Support/Disabled Student Program Services will take the following steps to ensure that the individual with a disability is not discriminated against on the basis of that disability:
   • Determine whether alternative modifications to District policies, practices, or procedures can be made to permit the individual to participate in District services, programs, or activities.
   • Determine whether academic adjustments or auxiliary aids may be used by a student with a disability to permit his/her participation in District services, programs, or activities.

5. An individual with a disability who is denied the use of a service animal may appeal to the Vice President/Assistant Superintendent of Student Services.

Complaints

Anyone dissatisfied with a decision made concerning a service animal should refer to the Unlawful Discrimination Grievance Procedures. (Board Policy 1565)

**FINANCIAL AID**

Asistencia Financiera: se habla español.
Teléfono: (805) 546-3100 ext. 2231 o (805) 591-6202.
Website http://academic.cuesta.edu/finaid

Financial aid programs are available to help students who might otherwise be unable to complete their education. Students may apply for financial aid in the form of grants, scholarships, loans, and work study.

Financial aid funds are administered in accordance with a nationally
established policy of financial assistance for education. The basis of this policy is the belief that students and their families have the primary responsibility for meeting educational costs. The amount of the contribution expected from students is determined by careful analysis of family financial strength, taking into consideration net income, number of dependents, allowable expenses, indebtedness, and assets. Dependent students will provide data for both themselves and their parents, while independent students will provide data for themselves and their spouse, if married. Congress has established procedures that are used in making an evaluation of how much families can be expected to contribute.

Financial Aid Programs

Cuesta College participates in the following federal, state, and local financial aid programs:

- Board of Governor's Fee Waiver (BOGW): The California Community College Board of Governor’s Enrollment Fee Waiver or BOGW, waives enrollment fees for California residents who meet one of the following criteria:
  - are eligible for any type of need-based financial aid;
  - receive CalWORKS, SSI or General Assistance payments or, if a dependent student, has a parent or Registered Domestic Partner (RDP) who receives this assistance; or
  - Has certification from the California Department of Veterans Affairs or the National Guard Adjutant General that the student is eligible for a dependent's fee waiver,
  - Is eligible as a recipient of the Congressional Medal of Honor or as a child of a recipient, or a dependent of a victim of the September 11, 2001 terrorist attack
  - Is eligible as a dependent of a deceased law enforcement/fire suppression personnel killed in the line of duty.
  - have a total family income within the income standards listed below or, if a dependent student, a parent's total income falls within these standards:

- Federal Academic Competitiveness Grant: Freshman and sophomore students who are eligible for a Pell Grant and U.S. citizens may receive a new Federal Academic Competitiveness Grant (ACG) of up to $750 for their first year and $1,300 for the second year. To qualify, students must have successfully completed a rigorous high school program as recognized by the U.S. Secretary of Education. Second-year students must also have maintained at least a 3.0 grade point average, and all students must maintain full-time enrollment while receiving these grants.

- Federal Stafford Student Loan Program: This is a government loan commonly referred to as a guaranteed student loan. There are two types of Stafford loans: subsidized, for which the government pays the interest while students are in school, and during grace and deferment periods; and unsubsidized, for which students are responsible for paying all the interest on the loan, from the day the loan is first disbursed to when it is paid in full. Interest payments can be deferred while they are in school. If students choose to let this interest accrue, it will be capitalized at repayment. Students must attend college at least half time to receive Stafford loan funds. Generally, repayment begins six months after students graduate, withdraw from school or enroll less than half time. All students interested in applying for a Stafford Student Loan (both subsidized and/or unsubsidized) are required to attend an Entrance Loan Counseling session to initiate the loan process. Loan Workshop dates are scheduled periodically throughout each semester and are posted on the financial aid website: http://academic.cuesta.edu/finaid

- Federal Supplemental Educational Opportunity Grant (SEOG): A federal grant (limited funding) is awarded to students with the highest need.

- Federal Work Study (FWS): Campus employment (limited funding) is awarded to students with the highest need. Students must maintain an overall Grade Point Average of 2.0 per Board of Trustees directives and be enrolled in a minimum of 6 units.

- State Cal Grant B and Cal Grant C: These are two state programs administered by the California Student Aid Commission. Cal Grant B provides a living allowance (and sometimes tuition/fee assistance) for very low-income/disadvantaged students with high potential. Cal Grant C assists vocational students with tuition and training costs. Students must be enrolled in a community college vocational program from four to 24 months in length. Students can apply for these Cal Grants when completing the Free Application for Federal Student Aid (FAFSA) and GPA Verification Form. The initial Cal Grant deadline is March 2 each year.

- California Chafee Grant for Foster Youth: Youth who are or were in foster care may qualify for up to $5,000 a year for college. To qualify, students must attend college at least half-time and their course of study must be at least one year long. Youths who have been in another state’s foster care program and meet the Independent Living Program requirements are also eligible to apply. Students who were in foster care any time between their 16th and 18th birthdays but were later reunited with their parents still qualify for the California Chafee Grant. To apply, students must submit both the FAFSA and the California Chafee Grant Application, which is available online at www.csc.ca.gov.

- Campus Scholarships: In addition to government funding, Cuesta has a campus scholarship program. These funds, made available through private donors, are awarded annually by the Financial Aid Committee. The application deadline is March 2 each year.

Application

Financial aid funds come from appropriations made by the federal and state governments and through scholarship awards made by individuals and other public and private agencies and organizations. Hence, each of these funds MUST be administered according to different sets of policies, regulations and/or specific requirements.

Cuesta recommends use of the Free Application for Federal Student Aid (FAFSA). This application form is a tool for determining need for the BOGW, Federal Pell, Federal Academic Competitiveness grant, SEOG, FWS, and Stafford Loan, as well as the Cal Grants. FAFSA applications are available in the Financial Aid Office beginning the January preceding the academic year the student plans to attend. A student also can apply over the Internet at http://www.fafsa.ed.gov instead of using the paper form.
To apply for campus scholarships, it is necessary to complete a separate application. The scholarship applications are also available in the Financial Aid Office and on our website http://academic.cuesta.edu/finaid. Scholarship applications are also available in the Financial Aid Office. To receive federal financial aid, the Department of Education requires the student to complete a separate application. The scholarship applications are also available in the Financial Aid Office and on our website http://academic.cuesta.edu/finaid. Beginning the December preceding the academic year the student plans to attend. The annual deadline is March 2.

**Student Eligibility**

To receive federal financial aid, the Department of Education requires that you MUST:

- Be a citizen or eligible noncitizen of the United States;
- Have a valid Social Security Number;
- Have a high school diploma or a General Education Development (GED) certificate or pass an approved “ability to benefit” test;
- Enroll in an eligible program as a regular student seeking a degree or certificate;
- Register (or have registered) for Selective Service, if you are a male between the ages of 18-25;
- Be making satisfactory academic progress;
- Not owe a refund on a federal grant or be in default on a federal educational loan; and
- Complete a drug rehabilitation program for individuals convicted of any offense under federal or state law involving the possession or sale of a controlled substance.
- To be eligible for California grants, you MUST:
  - Be a resident of California;
  - Have “financial need” based on the criteria for the Board of Governor's Fee Waiver or Cal Grant Program.

**Ability to Benefit Testing for Non-High School Graduates**

In order to qualify for financial aid, any person 18 years of age or older who has not earned a high school diploma, or has not received a satisfactory General Education Diploma (GED) test score, or has not passed a high school proficiency test will need to demonstrate evidence of the ability to benefit from college instruction by passing an exam designed for that purpose. Cuesta College administers an Ability To Benefit exam once each month during the school year. Sign-ups are conducted through the Assessment Office located in San Luis Obispo Campus Building 3400, Room 3414. Call (805) 546-3951 to sign up by telephone. To take the exam at the North County Campus, call (805) 546-6225 for an appointment.

**Student Educational Plan (SEP) / Orientation**

If you are a FIRST-TIME FRESHMAN and have a GED or its equivalent, you should submit an Orientation Verification form obtained by attending an in-person orientation or complete the Online Orientation, which can be accessed through WebReg or your Personal Access to Web Services (PAWS). This will fill the Financial Aid requirement for an SEP/Orientation for your first semester as a First-Time Freshman ONLY. Once you enroll in Cuesta, schedule a counseling appointment in order to complete your matriculation planning process.

If you are a continuing Cuesta student and you have attended no other colleges, you must submit a current SEP. Contact the Counseling Office at (805) 546-3138 to make an appointment.

If you are a Transfer Student or you have attended other schools since high school, you will need a SEP.

To obtain a SEP:

1. Request that your official academic transcripts, plus a general education pattern, from ALL previous schools you have attended be forwarded to Cuesta.
2. Verify with the Admissions and Records Office that Cuesta College has received ALL of your official academic transcript(s).
3. Make an appointment with an Academic Counselor at the Counseling Office. You will complete your SEP with the counselor at that time.
4. Submit a copy of your SEP to the Financial Aid Office.

**Selective Service Requirement**

Federal law requires men, 18 through 25 years old, to be registered with the Selective Service System (SSS). Females are excluded from the requirement. The law applies to male citizens and immigrant aliens but not to foreign students who hold student visas. Men must be registered before they can receive federal or state financial aid for school, including loans and grants. Registration forms are available at any post office, at the Cuesta College Admissions and Records Office, and at the Financial Aid Office. Or, a man can register on-line by visiting the SSS home page at www.sss.gov on the World Wide Web.

**Standards For Satisfactory Progress For Financial Aid Eligibility**

When a student accepts a financial aid award, he/she enters into a contract. The student agrees to successfully complete the number of units for which he/she received payment and to make satisfactory progress toward his/her educational goal. Progress will be evaluated at the end of each semester by the standards listed below.

This policy has been developed for students receiving federal financial aid to assist in academic planning and success. Federal regulations require a student to move toward the completion of a degree or certificate when receiving financial aid. Federal regulations state that academic progress standards MUST include a review of periods of enrollment in which the student did not receive aid as well as the semesters they did receive aid. For the purpose of financial aid eligibility, Cuesta College students MUST meet the following minimum standards to be applied to units attempted at all accredited post-secondary education institutions. These standards are applied to all previous college course work, whether or not the student received financial aid, and whether or not the previous college course work is relevant to the current course of study.

- **Minimum Unit Requirements:** Students are required to complete a minimum number of units per semester according to their enrollment status:
  - Full time: 12 units
  - Three-quarter time: 9 units
  - Half time: 6 units
  - Less than half time: all units attempted

Withdrawals (W), Repeats, Incompletes (I), No Credits (NC), Failing Grades (F), or units achieved by challenging courses are not considered units completed for financial aid purposes. All courses offered with units of credit at Cuesta College will be considered valid units, including basic skills courses.

- **Students must maintain an overall cumulative GPA of 2.0 in all Cuesta College course work.**
- **Maximum number of units attempted:** The amount of financial aid a student receives is limited by the student’s educational goal/objective. A student may continue to receive financial aid provided the student has not attempted more than 150 percent of the units required for his or her educational goal. Attempted units are defined as units in which the student enrolls, whether or
not the student completes those units or withdraws from them. Once a student achieves his or her goal or exceeds the number of attempted units, he or she is no longer eligible for financial aid. For example, if a student’s educational objective is to earn an associate degree, the student is required to earn 60 units to complete that goal. Therefore, a student may earn up to 90 units (150 percent of the units required for the goal) and still be eligible for financial aid. Once the student earns beyond 90 units, he or she is no longer eligible for financial aid, with the exception of the BOGW.

Note: Transfer credits from other institutions will be included in the maximum unit count if applicable toward the student’s current objective.

- Students must identify a Cuesta College academic or vocational goal. Entering students are to attend a Cuesta College Orientation Workshop. All continuing students must annually complete a Student Educational Plan (SEP) with an academic counselor.
- First-time financial aid applicants with a cumulative GPA below 2.0 from course work at Cuesta College or another institution may apply for financial aid and, if eligible, will be awarded for one semester only. This initial semester will be considered a probationary period.
- Remedial Units: Funding is limited to a maximum of 30 remedial units. Federal regulations define “remedial” as courses that do not apply to a degree, certificate or transfer program. For clarification, students can refer to the Remedial Course Work Limitation section of this college catalog or contact their academic advisor.

Financial Aid Probation

Any student who does not maintain satisfactory academic progress in any semester shall be placed on probation for the following semester. While on probation, the student will continue to receive grants provided they agree to complete the minimum units for which they received payment. However, loan eligibility may be affected. At the end of the probation period, the student’s academic progress will be reviewed again. Probationary status will be removed if the student has met the Satisfactory Academic Progress standards. Students who do not make satisfactory academic progress during the probationary semester will be placed on financial aid suspension.

Financial Aid Suspension

Students who are placed on financial aid suspension are ineligible to receive financial aid. Students may request reinstatement of financial aid upon proof of completion of at least half-time status with a cumulative 2.0 GPA.

Students who have had their financial aid eligibility suspended may file an appeal with the Financial Aid Advisory Committee, if they feel they had special circumstances that prevented them from making satisfactory progress. The committee will meet in person with the student filing the appeal. If the advisory committee grants mitigating circumstances for a semester of unsatisfactory progress, financial aid eligibility will be extended for one semester. This semester will be considered a probationary period. Students may receive an approved appeal only once while at Cuesta College.

Return Of Title IV Funds

The U.S. Department of Education requires institutions and students to repay or refund unearned student aid funds. Student aid may be considered unearned if a student withdraws completely during a term in which federal Title IV money was received. Refund and repayment regulations specify, in a complex formula, exactly how much is due back to the federal programs from the institution and/or the student.

The Higher Education Act Amendments of 1998 adopted a new approach for the return of unearned federal funds. The new approach became law on October 7, 1998, and was implemented during the 2000/2001 year.

Schools have certain responsibilities if a student with Title IV funds:
- Officially withdraws,
- Drops out,
- Is expelled,
- Earns all F’s or W’s for the semester
- Takes an unapproved leave of absence, or
- Fails to return from an approved leave of absence.

When a student completely withdraws, the institution determines what percent of the term has not yet expired (determined on a day-to-day basis). That percentage becomes the amount of money that was not “earned” by the student or institution. When only 40 percent of the term remains, 100 percent of funds are considered to be earned.

The return of Title IV funds applies only to federal financial aid funds received, excluding federal work-study earnings. There is no impact on state or institutional funds.

Cuesta College complies with all refund requirements established by the federal Title IV financial aid regulations. These regulations may differ from the college’s regular refund policy. The college’s current financial aid return to Title IV policy may be obtained from the Financial Aid Office.

**STUDENT LIFE AND LEADERSHIP**
Student Life & Leadership

The purpose of the Student Life & Leadership program is to assist the student population in the development of programs that serve and actively involve a wide range of students. Opportunities for personal growth are extended to students through leadership and peer counseling courses and programs, community and elementary school internships*, clubs and organizations, and campus events produced by the students themselves.

*Depending on course availability.

Leadership Studies Program

The Leadership Studies program provides a variety of opportunities for students to challenge their perceptions of leadership and to guide them to a new way of critically thinking about their own leadership potential. Courses offered can be used toward earning Certificates of Completion in either Leadership Studies or Service Leadership. Many of the courses offered in this division concentrate on learning how to develop the leader within; raising self-esteem; improving critical-thinking skills; experiencing greater self-awareness; increasing self-motivation; developing mutually supportive relationships; problem-solving/decision-making techniques; and helping others. Courses are interactive and experiential, offering many hands-on opportunities for field work and practicum experiences outside the classroom. Check the current class schedule for course offerings.

Student Activities

Cuesta College’s student government develops a broad spectrum of activities, programs, and services for the student body. Its goals are to provide social contact, entertainment, and leadership opportunities for the campus community. Extracurricular activities foster a sense of unity among individuals, as well as among student groups pursuing specialized interests.

The complete planning and production of various events provide excellent experience for student leaders and enjoyable activities for all. Lectures, film series, forums, bands, community awareness programs, and seasonal and special events are all within the scope of student government sponsorship.

The broad array of student activities involves the educational experience of all members of the Associated Students of Cuesta College. Students plan and develop them and, by taking an active role, experience a personal satisfaction and growth beyond their academic pursuits.

Associated Students of Cuesta College

The Associated Students of Cuesta College (ASCC) operates under regulations authorized in the California Education Code and in the policies of the Cuesta College Board of Trustees. The ASCC is the college’s official student government organization. Membership is open to all students who purchase an ASCC Student ID card.

The ASCC is established to promote the general welfare of Cuesta College students; to guarantee equality of opportunity among students; to offer an experience in practice of the American democratic government; and to encourage student participation in, planning for, and involvement in a comprehensive program of student activities. It offers students opportunities to participate in social and cultural events, to share in governance activities, to interact with professionals, and to create and administer their own organizations and programs.

Student Organizations

The college and the ASCC grant recognition to campus organizations including honor societies, service and religious organizations, those with an ethnic/multi-cultural focus, and departmental and special interest groups. The varied types of clubs not only offer an opportunity for social life but also make a fine contribution to the development of student leadership. Membership and active participation in a reasonable number of these organizations are strongly recommended by the college.

Student Center, Building 5300

The Student Center, located on the San Luis Obispo Campus only, provides a place for comprehensive student life opportunities and activities. Students can take advantage of the various experiences offered in the Student Center, including the ASCC Social Club, which offers free movies, games, a pool table, and live music events. Free legal counseling services are available here for ASCC Student ID cardholders. Club and student government offices also are located in the Student Center. The Student Center is a great place to take a break between classes or possibly get involved beyond the classroom experience. Call (805) 546-3289 for more information.

The Transfer/Career Center is located in Room 3134, first floor of the San Luis Obispo Campus Library building. The phone number is (805) 546-3162

Transfer Services

The Transfer/Career Center has a wide variety of resources available to university bound students including college and university catalogs and information, college search materials, major and career books, and study abroad brochures and catalogs. The Center maintains information about university transfer requirements, the university application process, articulation agreements and transfer admission guarantee programs. In addition, the Center provides internet access with links to assist students completing online admissions applications and researching colleges.

Transfer counselors are available to help students identify their educational goals, research colleges and programs, determine university admission requirements, evaluate transcripts and develop student educational plans (SEP’s). Appointments to meet with a counselor can be made one week in advance beginning the first working day of the week and are available from 8:30 a.m. to 4:00 p.m. Monday through Thursday and from 10:30 a.m. to 4:00 p.m. on Friday.

Transfer/Career Center staff serve as liaisons to colleges and universities and advocate for students in the admission process. Center staff also coordinate university representative visits in which university outreach staff come to campus to meet with Cuesta students individually.

Transfer Admission Guarantee (TAG programs) are commitments that selected colleges and universities make to Cuesta students who meet specific unit, GPA and course requirements. A TAG serves as a contract between the student and college or university. Students who have completed a TAG with a counselor and have met contractual requirements are guaranteed admission.

CUESTA COLLEGE NOW HAS TRANSFER ADMISSION GUARANTEES WITH THE FOLLOWING UNIVERSITIES:

- UC Santa Cruz
- UC Riverside
- UC Santa Barbara

Student wishing to do in-depth career assessment and planning are encouraged to take Couns 54, Career Exploration, and/or Couns 61, Career Readiness and Job Shadowing, nine-week career decision-making and planning courses taught by career counselors.

Transferring to California Polytechnic State University

California Polytechnic State University, San Luis Obispo (Cal Poly) is a part of the California State University (CSU) system. Because admission to Cal Poly is highly competitive, the university utilizes a comprehensive strategy to determine undergraduate admission selection. Candidates are screened and ranked by major. The competitive nature of each major is based on the number of applications received, compared to the number of openings available, and to each applicant’s qualifications.

Applicants for a specific term are asked to submit, by a stated deadline, a Cal Poly application for admission (via the CSUMentor Internet site), which collects the necessary data to rank each applicant in the selection pool. Selection criteria include completion of specified coursework, grades in specified coursework and general education classes, and extracurricular activities and work experience.

The Cal Poly Admissions website provides comprehensive information on the admission selection process. Transfer students should pay special attention to the prerequisite coursework listed for their major on the Transfer Preparation Guide available on the Cal Poly Admissions website at www.ess.calpoly.edu/_admiss/.

Because of the special conditions of admission to Cal Poly, it is strongly recommended that students work closely with a Cuesta counselor to prepare a Student Educational Plan. The course articulation (course equivalency) agreement between Cal Poly and Cuesta College maximizes the number of classes that will transfer for degree credit. In addition to major-specified prerequisite courses, Cal Poly will give preference for most majors to students who complete their General Education Breadth Certification or the Intersegmental General Education Transfer Curriculum (IGETC) prior to transfer. Students applying as upper-division transfer applicants to Cal Poly with all recommended prerequisite courses completed for their major traditionally have a higher rate of acceptance to the University.

Articulation Agreements

Students who wish to transfer need to become familiar with the articulation agreements Cuesta has established with four-year universities and colleges in general education and in specific majors.

Articulation agreements are available to students through counselors/ academic advisors and in the Transfer Center. Most articulation agreements also can be accessed through the Internet or ASSIST (www. assist.org). Easy-to-follow instructions allow students access to specific course requirements for all colleges where Cuesta has established agreements.

ASSIST

ASSIST (Articulation Subsystem Stimulating Inter-institutional Student Transfer) is a student-transfer information system available at www.assist. org. ASSIST displays reports describing how courses completed at a California community college will be applied to an undergraduate degree when they are transferred to a California State University or University of California campus. As the official repository of articulation for California’s public colleges and universities, ASSIST provides the most accurate and up-to-date information available about student transfer within the state of California. Students who are planning to transfer to a California State University or a University of California campus are encouraged to utilize ASSIST information (in consultation with a counselor) for important information about the transfer and articulation process.

CAN: The California Articulation Number System

CAN is a supplemental common course numbering system aimed at helping students and faculty identify courses that are accepted for credit toward fulfilling major preparation requirements at the California State University (CSU). Some ASSIST reports include CAN numbers for some courses. If a community college course has a CAN identifier, such as CAN MATH 8, that course can be used in place of any CSU course that has the same CAN identifier and is required to satisfy lower-division major requirements. Course substitutions using CAN only apply to major requirements and do not apply to general education requirements. Students seeking to satisfy general education requirements at community college should consider the IGETC or CSU GE-Breadth certification programs. For more information about CAN identifiers and how they can help you find courses that are appropriate for your academic goals, see a community college counselor or a CSU admissions advisor.

VETERANS

Cuesta College is approved for the training of veterans under the various public laws of the United States and the California Veterans Program.

Any student who plans to enroll under any federal or state program must contact the Cuesta College Veterans Office, (805) 546-3142 which will supply all necessary forms and information.

Students who are children or widows of veterans who died as a result of military service, or who are dependents of veterans who are totally
disabled as a result of such service or peace time military service since September 16, 1940, may be eligible for assistance from the Veterans Administration or the State of California. Satisfactory scholarship, attendance, and program progress are required for all students receiving benefits from any federal or state agency.

Rules and regulations pertaining to veterans’ training are subject to change at any time. Veterans are advised to check with the Cuesta College Veterans Office to receive a copy of the latest requirements, rules, and regulations. It is the veteran’s responsibility to inform the Veterans Office of any changes to his or her schedule and program.

ASSOCIATE DEGREE REQUIREMENTS

ASSOCIATE DEGREE APPLICATION

A Cuesta College Application for Associate Degree (A.A./A.S.) must be completed by each student who wishes to receive an Associate in Arts or Associate in Science degree. The application is available on the Admissions and Records web site and should be submitted to the Admissions and Records Office one semester in advance of the term in which the student plans to complete the requirements. Commencement ceremony will be held the last Friday of the Spring Semester.

DEGREES AND CERTIFICATES

Degrees and certificates are awarded at the completion of each semester after degree requirements have been confirmed. Degree posting dates reflect the final date of the traditional semester or session in which the requirements were completed. See Instructional Programs section for a listing of degree and certificate programs.

Degree candidates are encouraged to participate in the Cuesta College commencement ceremony which takes place each spring on the San Luis Obispo campus.

Only those candidates whose degree requirements have been met will receive a diploma and/or a certificate.

Cuesta graduates may request a replacement diploma through the Evaluations office at a cost of $10.00.

CATALOG RIGHTS

A student who satisfies the following definition of attendance will follow the Cuesta College curriculum for degrees, general education, and certificates in effect:

• at the time the student began attendance at a California Community College, California State University, University of California, regionally accredited college or university; or
• at the time the student began attendance at Cuesta College; or
• as outlined in a subsequent Cuesta College catalog.

“Attendance” means attendance in at least one semester or two quarters each academic year. A student who misses two consecutive semesters, or three quarters in an academic year, excluding summer school, will lose catalog rights. In that case, the student must follow (1) the Cuesta College catalog that coincides with the student’s date of re-enrollment, or (2) a subsequent Cuesta College catalog. A total withdrawal in a semester does not constitute a one-semester break in enrollment when “Ws” are posted on a student record. Campus authorities may authorize or require substitutions for discontinued courses in certificate or degree programs.

RESIDENCY REQUIREMENT

Residency Requirements are met by enrolling in coursework through Cuesta College. Courses taken through “challenge” or credit by exam do not meet residency requirements.

• A.A./A.S. DEGREE - A minimum of 12 semester units must be completed in residence at Cuesta College before a degree may be granted.
• ADVANCED PLACEMENT CREDIT - A minimum of 12 units must be completed in residence at Cuesta College before credit can be awarded.
• CERTIFICATE OF PROFICIENCY - A minimum of two of the required courses must be completed in residence at Cuesta College.
• GENERAL EDUCATION CERTIFICATION - A minimum of 3 units must be completed in residence at Cuesta College before certification may be granted.
• HOSPITAL DIPLOMA CREDIT - A minimum of 12 units must be completed in residence at Cuesta College before credit can be awarded.
• MILITARY CREDIT - A minimum of 12 units must be completed in residence at Cuesta College before credit can be awarded.

GENERAL EDUCATION

General education is a coherent pattern of courses intended to serve three purposes: Taken as a whole, the program is intended to strengthen students’ essential intellectual skills; broadly introduce students to the core concepts and methods of the major disciplines; and prepare students to lead enriched lives in our multicultural society. General education courses are distinguished from those required for a major or allowed as
freely chosen electives. Courses in the general education category are “general” in two senses: independently, they survey the core concepts and methods of the discipline in which they are included; and they point, where possible, to the influences and contributions of the discipline to other disciplines, culture, human history and our quest to understand our universe.

Through this program, students will acquire the ability to think and communicate clearly and effectively both orally and in writing; to use mathematics and other symbolic systems; to understand the modes of inquiry of the major disciplines; to appreciate the structures and processes of the natural environment; to be aware of other cultures and times; to achieve insights by thinking about ethical and social problems; to understand and appreciate the history of US culture and its governing institutions.

CRITERIA FOR GENERAL EDUCATION COURSES

Courses that fulfill general education requirements must:
1. Require post-secondary skills in reading, writing, and critical thinking.
2. Be an introductory or survey course that presents the core concepts and methods of a major discipline as the main focus of instruction.
3. Require thinking competencies that enable a student to organize, integrate and critically analyze information; and to use these skills to generate and evaluate alternative perspectives.

ASSOCIATE IN ARTS OR SCIENCE DEGREE

In order to qualify for a degree from Cuesta College, students must complete 60 associate degree applicable semester units with a 2.0 grade point average. At least 12 of the 60 units must be earned at Cuesta. Students must take a minimum of 18 units of General Education coursework (one course in each category) and meet the English and Math competency requirements, the Health Education requirement, and the diversity requirement. A.S., requires 18 units in math/science courses.

GENERAL EDUCATION CATEGORIES AND REQUIREMENTS

Categories of courses that fulfill general education requirements and the criteria for inclusion in each of the categories are as follows:

AREA A: PHYSICAL AND LIFE SCIENCES

After successfully completing courses in this category, students will understand the scientific method and its role in research, analyze problems in a structured way, and develop and employ strategies for solutions using scientific principles. Students will understand the empirical bases for current scientific theories, how those theories develop and change, and how they explain the natural world. Students also will appreciate the influence of scientific knowledge on the development of civilization.

DEGREE AND CERTIFICATE
GENERAL INFORMATION

CUESTA COLLEGE

CUESTA COLLEGE offers two types of academic programs with occupational emphasis: programs leading to an Associate in Arts or Associate in Science degree and programs leading to a Certificate of Proficiency and/or Certificate of Completion. Both provide instruction in the skills and knowledge needed to enter or to make progress in an occupation. The student who wants to pursue a career-oriented program must be eligible to enroll at Cuesta College.

The Associate in Arts and Associate in Science degree programs require completion of a series of general education, health, and diversity courses in addition to courses which are career-oriented. Refer to the “Associate Degree Requirements” section of this catalog.

Vocational programs are developed by the college in close cooperation with advisory committees composed of representatives from business, industry, and the college. These advisory committees review course content to make certain that the instruction and curriculum provide current skills, and recommendations are made to update the curriculum. In this manner, students in these programs receive the most current information and skills to prepare them for employment in their chosen field.

Frequently a student’s educational goal will change. The college recognizes the mobility within our society and the necessity of changing education needs and goals. Therefore, students can switch from a degree program to a certificate program without loss of credit. The reverse is also true.

Certificate programs require completion of a course or a series of courses. Typically, students who seek certificates wish to complete a career program as quickly as possible to obtain employment. Many students complete the requirements for the certificate, attain employment, and return to Cuesta College to complete the additional general education requirements for an Associate degree or requirements for transfer.

A list which includes the various career programs with transfer, degree, or certificate designation appears on pages 72-74. Following the list are the specific course(s) required for each transfer, degree, and certificate program.

Counseling Services can provide additional information to plan a specific program not covered in this catalog.

Counseling Services can provide additional information to plan a specific program not covered in this catalog.

Courses listed in this catalog may not be offered each semester. Consult with a college counselor or obtain a current class schedule to determine if a needed class is being offered.

Certificate of Completion

Cuesta College shall grant a Certificate of Completion to those students who have satisfactorily completed the requirements with a minimum grade of “C” for a specific course or courses in a specialized area of study and apply for the certificate.

Certificate of Proficiency

Cuesta College shall grant a Certificate of Proficiency to those students who have satisfactorily completed the requirements in a specialized area of study.

Requirements for the Certificate of Proficiency shall be as follows:

• Completion of certificate application
• Successfully complete the minimum of prescribed courses in the major area of study. At least two of the courses must be taken at Cuesta College.
• A minimum grade of “C” for each course.

Application for the certificate of completion and proficiency are available on the Cuesta website and in the Admissions and Records Office.

EVALUATIONS, WAIVERS AND SUBSTITUTIONS

The Evaluations Office will determine progress toward a degree at the time a degree application is submitted. Included in the evaluation will be consideration of course work according to college policy. Students may initiate a waiver/substitution petition through Counseling Services for special circumstances or when requirements change.

UNITS NOT USED TOWARD DEGREES/ CERTIFICATES

Continuing Education Units (CEU)

Though earned at colleges and universities, continuing education courses are designed for personal enrichment or job advancement and may not be used toward degree requirements.

Non-Degree Applicable Units

Non-degree applicable college courses may not be used to meet degree curriculum or unit requirements. There will be no exceptions to this policy. Designation of degree applicable or non-degree applicable will be according to the catalog the student is eligible for or is currently following.

Units from Non-Accredited Institutions

Cuesta College will only accept course work from institutions that are recognized by a regional accrediting agency.

A publication titled, “Accredited Institutions of Postsecondary Education,” published by the American Council on Education, is used for verification of accreditation. The publication is available in Counseling Services and in the Evaluations Office.

Upper Division Course Work

Course credit from colleges and universities that are at the upper division, junior or senior level, as determined by the institution, will not be used toward the 60 semester units required for an associate degree. A student must petition to have upper division course content satisfy certain degree and certificate requirements. Contact Counseling Services for clarification of the waiver/substitution petition process.

CREDIT FOR ALTERNATIVE EDUCATION

Cuesta College affirms that there is merit in awarding college credit for other than the traditional classroom experiences when those experiences represent learning that may be validated. Therefore, Cuesta College awards credit according to the policies stated below.

Advanced Placement Examination

Cuesta College recognizes the high level of achievement of the student who has successfully completed one or more advanced placement examinations authorized by the College Entrance Examination Board (CEEB) and shall award credit based upon the criteria established by the college. Students may receive credit but no grade for some courses if
they have scored a 3, 4, or 5 on the College Board Advanced Placement Examination (AP). The students must have completed at least 12 units at Cuesta College prior to receiving AP credit. For more information contact the Director of Counseling Services.

Credit for Educational Training in the Military

Petitions for credit by examination must be complete and submitted to the Admissions and Records Office no later than the Friday of the fourth week of the fall or spring semester or the Friday of the second week of summer session.

These requirements must be met in order to qualify for Credit by Examination:

- The course is listed in the catalog and appears on the list of classes that may be challenged.
- The student has completed all prerequisites for the course.
- The student is duly registered, in good standing, and has completed at least 12 units of “C” average work at Cuesta College.

- A maximum of 15 semester units may be challenged.
- A course may not be challenged more than once.
- Units received through a challenge may not be used to satisfy eligibility requirements for athletics, financial aid or veteran’s benefits.
- For courses that involve a lab, the examination will include a lab portion, studio portfolio evaluation or a similar demonstration of ability.
- Units received through challenge may not be used to satisfy residency requirements for the associate degree.

For more information, refer to the “Petition for Credit by Examination” form available in the Admissions and Records Office.

Independent Studies

The option of Independent Study at Cuesta College provides an opportunity for an in-depth study or practicum experience by an individual student in a selected topic under the direction of an instructor. In order to qualify, a student must not be on academic probation, must be enrolled in another class in addition to the independent study course, and must have completed the prerequisite and preparatory course work. A student may not earn more than two units for an independent study course in any term. To initiate independent study, a student should confirm through the Admissions and Records Office eligibility to enroll in an independent study course and should contact the appropriate academic division.

Credit for Hospital Diploma

A student who holds a current California R.N. license and who has earned at least 12 units of Cuesta College credit in residence may receive up to 35 Cuesta College credits for work previously earned at a hospital diploma nursing school as follows:

- Up to 18 semester units of course credit for specific diploma school nursing subject courses that have been evaluated by the Cuesta College director of nursing as equivalent to one or more of the courses required in the major for the current Cuesta College Registered Nursing designated degree; and
- Up to 12 semester units of additional elective, not-specified credit, none of which can be used for requirements in general education.

California Highway Patrol Academy and Approved Sheriff’s Academies

For currently enrolled students, in good standing, who have completed at least 12 units of “C” average work at Cuesta College, up to 12 elective units may be allowed upon completion of the California Highway Patrol Academy or any approved academy of an administration of justice unit. For more information contact the Criminal Justice department of the Business Education Division.

College Level Examination Program (CLEP)

The College Level Examination Program (CLEP) provides credit for successful completion of examinations and is based upon the premise that significant learning can and does take place outside of an educational institution. Evaluation of CLEP exams are conducted by the appropriate instructional area. CLEP exams are subject to an evaluation based upon meeting course context. Students may petition the director of counseling services for review and credit for each examination. This avenue is available for currently enrolled students in good standing. For more information contact the Director of Counseling Services.

Tech Prep

Local High School Students may receive Cuesta College credit for approved technical and vocational courses, through the San Luis Obispo County Tech Prep Articulation Agreement process. A specialized “Credit by Examination process” allows high school students to challenge the content and/or skill proficiency of specific courses, provided a valid Tech Prep articulation agreement between the student’s high school and Cuesta College is maintained. Enrollment fees are waived for students currently enrolled in high school who have been in residence in San Luis Obispo County for at least one year. Each student must fill out a Cuesta College admission application and a “Permit to Enroll” form, and submit a transcript to the Cuesta College Records Office.

For more information, contact the Tech Prep Office at 805-546-3100 ext 2533.

AUTOMOTIVE TECHNOLOGY
Automotive Technology A.S. Degrees
Students must pass a minimum of two certification tests for the National Institute of Automotive Service Excellence (ASE).
Automotive Technology Certificates of Proficiency
The program of study is designed to facilitate entry into a growing technology-oriented field or to upgrade those already working in the area of automotive mechanics. Nine specialized Certificates of Proficiency are offered in the area of Automotive Technology. In addition to the prescribed curriculum, a student must pass the certification test for the National Institute for Automotive Service Excellence (ASE) for that specialty area.
If the student has completed a high school automotive lab class, or has experience in the auto repair industry, the ATECH 66 Automotive Maintenance & Light Repair Course requirement has been satisfied; however, students may take the class if they wish.

TRANSFER

TRANSFER TO THE CALIFORNIA STATE UNIVERSITY (CSU) SYSTEM

TRANSFER TO THE UNIVERSITY OF CALIFORNIA (UC) SYSTEM

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)
TRANSFER TO THE CALIFORNIA STATE UNIVERSITY (CSU) SYSTEM

Cuesta College offers courses to meet lower division (freshman and sophomore) General Education requirements for transfer to universities and colleges both public and private. For specific majors, consult the appropriate four-year catalog. Cuesta College Counseling Services will provide additional information in planning a specific freshman and sophomore year program for students. The California State University (CSU) General Education pattern is subject to change. Students are advised to check with Counseling Services.

GENERAL EDUCATION BREADTH PATTERN FOR THE CSU SYSTEM

To obtain a bachelor's degree from the CSU system, a student must complete a minimum of 48 semester hours of General Education courses, nine of which must be upper division units.

Cuesta College may certify a maximum of thirty-nine (39) units as having fulfilled the CSU lower division General Education requirements. No more than thirty (30) semester units may be certified for areas B through D combined. It is required that the students complete all of Area A and B3 with grades of "C" or better prior to transfer. A class taken at another accredited institution may be included in Cuesta's certification if the class would have been certified at the other institution. At Cuesta, ASSIST is used to provide accurate data about articulation agreements, thus reducing the possibility of students receiving incorrect information. Visit ASSIST at http://www.assist.org.

GENERAL EDUCATION CERTIFICATION

Applications for General Education certifications can be obtained in the Admissions and Records Office. To be fully certified, students must complete 9 units in each area of A, B, C, and D, and 3 units in area E.

**ADMISSION AS A TRANSFER STUDENT TO THE CSU SYSTEM**

Admission as a transfer student to a CSU campus is subject to change. Check with Counseling Services for confirmation.

1. Was eligible as a freshman, or

2. Was eligible as a freshman except for the college preparatory subjects in English and mathematics and has satisfied the subject deficiencies, or

3. Has completed sixty (60) transferable semester units and has satisfied any deficiencies in college preparatory English and mathematics (non-residents must have a grade point average of 2.4 or better).

**The CSU campuses are:**

TRANSFER TO THE UNIVERSITY OF CALIFORNIA (UC) SYSTEM

ADMISSION AS A RESIDENT STUDENT TO THE UNIVERSITY OF CALIFORNIA

Course requirements vary from one UC campus to the next. Therefore, students should work with a counselor to first select a particular UC campus to formulate a strategy for completing that campus' admissions requirements, major requirements, and general education requirements. Students should consult the catalog of the UC campus of their choice to find out specific details regarding transfer, major, and breadth requirements.

Students in this category must:

A. Complete 60 semester units or 90 quarter units of transferable college course work with a grade point average of at least 2.40, and

B. Complete a course pattern requirement (with at least a “C” grade in each course) to include:
   1. Two transferable college courses (3 semester or 4-5 quarter units each) in English composition: English 1A and English 1C; and
   2. One transferable college course (3 semester or 4-5 quarter units) in Mathematical Concepts and Quantitative Reasoning; and
   3. Four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: Arts and Humanities; Social and Behavior Sciences; or Physical and Biological Sciences. The Intersegmental General Education Transfer Curriculum (IGETC) will satisfy the above new requirements.

Students who did not satisfy the Subject Requirement based on their high school record must take transferable college courses in the subjects they are missing, earn a grade of “C” or better in each course, and earn an overall “C” (2.0) average in all transferable college course work.

Students who met the Subject and Scholarship Requirements from high school, but who did not meet the Examination Requirement (SAT/ACT), must complete a minimum of 12 semester (18 quarter) units of transferable work and earn an overall “C” (2.00) average in all transferable college course work. Students need not take the examinations required of freshmen.

The UC campuses are:

UC Berkeley
UC Santa Barbara
UC Davis
UC Santa Cruz
UC Irvine
UC San Francisco (graduate only)
UC Los Angeles
UC Modesto
UC Riverside
UC San Diego**

**Eleanor Roosevelt & Revelle do not accept IGETC.

Students are advised to contact a Cuesta counselor regarding changes to the UC admissions requirements, changes to the Intersegmental General Education Transfer Curriculum (IGETC) pattern, and changes to the “pass-along” policy.

Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University or the University of California system without the need, after transfer, to take additional lower division, general education courses to satisfy campus general education requirements. The course requirements for all areas must be completed before IGETC can be certified. Applications for IGETC certification are available in the Admissions and Records Office. Official transcripts must be on file before applying for IGETC certification. UC transfers must complete all subject areas prior to transferring to the UC system.

IGETC is subject to change and it is the student’s responsibility to check with Counseling Services and the Transfer Center regarding the current status of IGETC. Cuesta will “pass along” coursework from other accredited colleges excluding UCs. See Counseling Services for details. For updates to the IGETC list visit the ASSIST web site at http://www.assist.org.

All courses must be completed with grades of “C” or better. 1 Indicates courses that may be counted in one area only. 2 Indicates that transfer credit may be limited by either UC or CSU or both. Consult with a counselor for additional information. 1 Designates courses with a laboratory. 2 Designates course has a prerequisite.

An emphasis is placed on the expanding role of the federal government and federal courts as well as the continuing tension between the individual and the state. Students consider the major social problems of our time and trace their causes in historical events. They learn that the United States has served as a model for other nations and that the rights and freedoms we enjoy are not accidents, but the results of defined set of political principles that are not always basic to citizens of other countries.
