LOCATION

Cuesta College, the “home” college of San Luis Obispo County, operates two campuses within the San Luis Obispo County Community College District and offers an evening program of course work at off-campus centers in the district, including the Arroyo Grande Center at Arroyo Grande High School and the Nipomo Center at Nipomo High School.

The San Luis Obispo Campus is located in the Chorro Valley between the cities of San Luis Obispo and Morro Bay on California’s beautiful, coast-hugging Highway One. Here the college has a permanent campus on 150 district-owned acres, leased facilities on adjacent California National Guard property, and a 75-acre field campus.

The North County Campus sits on 105 acres among the rolling hills of Paso Robles on Buena Vista Drive near the junction of Highway 101 and Highway 46 East.

San Luis Obispo County is well known for its outstanding recreational features such as stream, lake, and ocean sports and an extensive park system.

OVERVIEW

HISTORY

The original junior or community college in San Luis Obispo County was initiated as a postgraduate division of San Luis Obispo High School in 1916 and remained in operation until the United States entered into World War I. In 1936, the San Luis Obispo High School District again formed a junior college, which remained in operation until June 1959.

During the 1964-65 college year, the San Luis Obispo County Junior
College District offered a limited evening division program with 463 students registering for the fall semester and 696 enrolling for the spring semester. Temporary quarters were established at Camp San Luis Obispo, a California National Guard facility located halfway between San Luis Obispo and Morro Bay. Classes and offices were situated in refurbished barracks, recreation rooms, and mess halls.

Despite the District’s modest beginnings, 917 day students and 991 evening students were enrolled in classes by the fall of 1965. Evening division classes also were conducted at three other locations in the county - Arroyo Grande, Atascadero, and Paso Robles. On October 4, 1965, the Board of Trustees of the San Luis Obispo County Junior College District named the new college “Cuesta College.” In 1971, the “junior” college district was renamed to “community college.”

In 1970, ground was broken for the college’s first permanent buildings, located on a 150-acre campus west of Camp San Luis Obispo. During the following 35 years, classroom buildings, a library, observatory, student center, art and music lab building, art gallery, high tech learning center, children’s center, and offices were constructed on the San Luis Obispo campus. The new performing arts building is under construction and is anticipated for completion in spring 2009. By spring 2008, the student population on the San Luis Obispo Campus grew to more than 8,500 students.

Cuesta College has a long history, which dates back to the late 1960s. It is a history of teaching at off-campus instructional sites. Through the years, Cuesta has taught in Cambria, Atascadero, Paso Robles, Templeton, Arroyo Grande, and Nipomo.

In fall 1998, the college opened the North County Campus on its 105-acre site in Paso Robles. The campus was built almost exclusively with private gift support, has grown from 1,200 students the first semester to over 3,000 day and evening students in spring 2008. The site began with modular buildings to be used until permanent buildings were approved by the state. In the summer of 2005, the first permanent building opened to students: The Fox Family Building. This building houses Allied Health, Math, and Science. The college anticipates breaking ground for two additional permanent buildings in 2008-09: The North County Campus Learning Resource Center and the Trades and Technology Complex.

The South County Centers are off-campus evening instructional sites at Arroyo Grande High School and Nipomo High School, provided in cooperation with the Lucia Mar Unified School District. During the spring 2008 semester, more than 800 evening students were served at these sites.

Cuesta College now serves more than 13,000 students at all college locations. The college has become a center for community use by individuals, families, and community groups on an extended-day and year-round basis.

Historia: La universidad comunitaria del Condado de San Luis Obispo se formó inicialmente como una extensión de la Escuela Secundaria de San Luis Obispo en 1916 y permaneció abierta hasta que los Estados Unidos entró en la Primera Guerra Mundial. En 1936, el Distrito de la Escuela Secundaria de San Luis Obispo formó otra vez el colegio universitario, el cual se mantuvo en operación hasta junio de 1959.

En 1970, se inició la construcción de los edificios permanentes, sobre un área de 150 acres, al oeste del Campamento de San Luis Obispo. Durante el transcurso de 30 años, se construyeron aulas, una biblioteca, un observatorio, un centro estudiantil, un laboratorio de arte y música, una galería de arte, un centro de aprendizaje tecnológico, un centro de cuidado de niños, y oficinas en la ciudad universitaria de San Luis Obispo. Actualmente, el edificio de Bellas Artes está siendo construido; se anticipa que estará terminado en la primavera del 2009. En la primavera del 2008, el número de estudiantes aumentó a 8500 en San Luis Obispo.

En el año de 1998, se abrieron las puertas del Condado Norte, en un terreno de 105 acres en Paso Robles. La universidad, construida casi exclusivamente con fondos de donaciones privadas, empezó con 1200 estudiantes el primer semestre. En la primavera del 2008, el número de estudiantes aumentó a 3000 estudiantes diurnos y nocturnos. La localidad inició con edificios modulares, en espera de que edificios permanentes fueren aprobados y patrocinados por el estado. En el verano del 2005, el primer edificio permanente fue inaugurado: el edificio Fox, el cual sirve como centro de Matemáticas, Ciencias, y Salud. La universidad comunitaria anticipa dar comienzo a la construcción de dos edificios permanentes durante el año 2008-2009: el Centro de Recursos de Aprendizaje del Condado Norte y el Complejo de Comercio y Tecnología.

Los Centros del Condado Sur proveen educación nocturna en la Escuela Secundaria de Arroyo Grande y Nipomo, en colaboración con el Distrito Escolar de Lucia Mar. Durante la primavera del 2008, más de 800 estudiantes nocturnos recibieron educación en estas localidades. Actualmente, Cuesta College sirve como centro educacional universitario para más de 13000 estudiantes. La universidad se ha convertido en un centro de servicio para la comunidad, personas particulares, familias, y grupos comunitarios. Los servicios ofrecidos están disponibles todo el año.

The Associate Degree Registered Nursing program at Cuesta College has been approved by the California Board of Registered Nursing.

The Psychiatric Technician program has been approved by the California Board of Vocational Nurse and Psychiatric Technician Examiners.

The Paramedic Program is pending accreditation from the Committee on Accreditation of Education Programs for the Emergency Medical Services Professional.

**EVENING CLASSES**

A varied schedule of college credit and non-credit classes is provided in the evening. In addition to classes housed in the regular facilities on the San Luis Obispo and North County campuses, evening classes are offered at Arroyo Grande High School, Nipomo High School, Paso Robles High School and other common locations. These classes parallel all other Cuesta College classes in college credit value, prerequisites, standards, content, time devoted to preparation of assignment, and examination. Attendance and withdrawal rules, scholarship standards, and requirements for graduation with an Associate in Arts or Associate in Science degree are the same as for a regular semester but deadlines are based on the evening class schedule.

**WEEKEND COLLEGE**

College credit and non-credit courses are offered on weekends (Friday evenings and/or Saturdays) during the regular semester. Students who attend Weekend College can complete certificate and degree requirements in addition to general education courses for transfer.

**SUMMER SESSION**

The summer session offers a varied schedule of classes. Attendance and withdrawal rules, scholarship standards, and requirements for graduation with an Associate in Arts or Associate in Science degree are the same as for a regular semester but deadlines are based on the shorter summer schedule.

**NON-CREDIT**

Cuesta College offers a growing variety of non-credit classes in five areas:

1. Short-term vocational classes designed for upgrading job skills;
2. Wellness classes designed to enhance an individual’s physical fitness;
3. English as a Second Language classes designed for community members whose native language is not English;
4. Citizenship classes designed for community members seeking to become U.S. citizens; and
5. Emeritus College classes designed for community members over the age of 55. These courses were created at Cuesta to meet local community needs and are designed for the adult learner whose goals are personal enrichment.
6. Approved high school coursework offered to help students meet the requirements for a high school diploma.

**LIBRARIES**

The Cuesta College Libraries on the San Luis Obispo Campus and the North County Campus support the educational program of the college. Books, periodical subscriptions and audiovisual materials are closely coordinated with curriculum offerings. Holdings include general education and vocational education materials, and other resources for updating and increasing skills and knowledge.

Through an electronic information system, students can search the Cuesta College library catalog to determine what is owned and whether it is checked out. In addition, students can search indexes of periodicals, some of which include full text of the articles, and use the Internet to connect to catalogs of other libraries and other sources of information wherever they may be located. Remote searches of the Cuesta College Library catalog and databases can be performed over the Internet at http://library.cuesta.edu.

To assist students and community residents with their informational and research needs, librarians are available at the Reference desk on the San Luis Obispo Campus whenever the library is open and designated hours at the North County Campus and the Arroyo Grande Center. College librarians hold advanced degrees and as part of the college faculty teach research skills and help students locate the best resources for their educational needs.

Library facilities include areas for studying, photocopying, computer use, viewing audio/visual materials and library instruction. Comfortable surroundings invite leisurely browsing, reading and viewing, and provide a quiet place for contemplation and learning.

To borrow library materials, students must show photo identification. Community residents must show a current I.D. with local street address to use a courtesy library card.

Open computer labs on the San Luis Obispo and the North County campuses are provided for academic use only. Workstations are equipped with most software taught at Cuesta so that students can work on class projects outside scheduled lecture and lab times for their courses. One lab on each campus is adjacent to or in the Library. Smaller and more specialized labs are also available on the San Luis Campus on a more limited basis.

ADMISSIONS
RECORDS AND GRADING
REGISTRATION
DISTRICT POLICIES AND REGULATIONS
STUDENT PROGRAMS AND SERVICES
ADMISSIONS

Cuesta College and a student who enrolls, enter into an agreement for the purpose of realizing the student’s educational goal through the college’s established programs, policies, and requirements.

The admission application is the form each prospective student must complete to establish an identity with Cuesta College, to determine the student’s eligibility to attend, and to determine California residency to establish the fees the student will pay for their courses.

Students may have just one true identity with Cuesta College. It is recommended that applicants use their social security number so that multiple records are not created. Financial aid, employment, education tax credit, state licensing (RN, paramedic, engineering) student loans, and application for transfer, all require the use of the social security number. Cuesta College protects student’s identity within the student records system by providing student ID numbers. Likewise, access to myCuesta requires a unique password and questions. Students should not share their Cuesta College identification number or password with others.

Pursuant to the requirements of the Seymour-Campbell Matriculation Act of 1986, the San Luis Obispo County Community College District reaffirms its commitment to serve all students who may profit from its instructional programs to ensure them equal educational opportunity, to provide them the necessary services for optimizing their opportunities for success, and to help students obtain the appropriate information/assistance for achieving their educational goals.

CONTRACT WITH CUESTA COLLEGE

The responsibilities of Cuesta College under this agreement will entail providing matriculation services which shall include:

• The processing of applications for admission in a timely manner;
• Pre-orientation and orientation services designed to provide, on a timely basis, needed information about instructional programs, course prerequisites, student services, college regulations, and student rights and responsibilities;
• Assessment of students with California Community College Chancellor-approved tests to determine student competency in computational and language skills; to assist where possible in identification of aptitudes, interests, educational objectives; and evaluate study and learning skills;
• Counseling and advising to assist students in interpreting test results and in developing and updating their educational plans through the Student Educational Plan (SEP) process;
• A follow-up system to detect and inform students of early signs of academic difficulty and to monitor the academic progress of each student;
• Referral of students to: (a) support services which may be available, including but not limited to, counseling/advising, financial aid, campus employment/placement services and Extended Opportunity Programs and Services (EOPS); and (b) specialized curriculum offerings including, but not limited to, pre-collegiate basic skills courses and programs in English as a Second Language (ESL);
• Ensuring that all prerequisite courses are valid and necessary for student success [California Education Code Title 5, Section 58106(e)] and ensuring the right of each student to enroll in courses for which he or she can meet necessary and valid prerequisite courses [California Education Code Title 5, Section 55530(a)].

The student’s responsibilities under this agreement include:

• The expression of at least a broad educational intent upon enrollment;
• The declaration of a specific educational objective after completion of 15 semester credits of degree-applicable credit course work;
• Diligence in class attendance and completion of assigned course work;
• The completion of course(s) and maintenance of progress toward an educational goal, according to standards established by the district and the state.
• Adherence to the policies and regulations of the college.

FALSIFICATION OF ADMISSION INFORMATION

A student who falsifies any information required on the Cuesta College admission application or other college documents may be dismissed from the college.

To initiate a challenge of a regulatory provision of matriculation, the student must contact the Vice President, Student Services, San Luis Obispo Campus Building 3100, Room 3175, or call (805) 546-3116 to initiate the process.

**ASSESSMENT TESTING**

In keeping with Cuesta College's commitment to assure each student equal opportunity to demonstrate competency or knowledge, the district shall monitor assessment test results to determine if a disproportionate impact may exist for particular groups of students. If such an impact is detected, a plan shall be developed (in consultation with the California State Chancellor's Office) to correct the disproportionate impact [California Education Code Title 5, Section 55512(a)].

After a student takes the Cuesta assessment test in Math or English, she/he receives their scores. If a student's assessment results place him/her in English 099 or below and/or Math 007 or below, then the student MUST call the Counseling Office at (805) 546-3138 (or North County Campus at (805) 691-6241) to schedule an appointment PRIOR to registration. After the counselor meets with the student, a hold will be lifted allowing the student to register for the semester. ONLY a counselor can lift a hold and allow the full registration to take place.

**Mathematics Assessment**

New students, or those who have not completed prerequisite coursework at a high school, college, or university, are expected to take a mathematics assessment test prior to enrolling in any non-transferable mathematics course (Math 003, 007, 119, 021, 123, 123SI, 124A, 125, 126A, 126B, 127 and 127SI). Students not wishing to take a mathematics assessment test may enroll in Mathematics 003 (Arithmetic). Transferable mathematics courses (those numbered 229 and above) have academic prerequisites that must be verified prior to registration.

**English Assessment**

New students or those who have not completed prerequisite coursework at a college or university are expected to take an English assessment test prior to enrolling in English 201A, 156 or 099.

Assessment results and other multiple measures will be used by the student and a Cuesta College counselor in a pre-registration workshop to select the most appropriate classes, based on demonstrated ability.

Students transferring from other California community colleges are encouraged to submit their recent assessment test scores with recommended course placement to avoid additional assessment testing at Cuesta College [Title 5, Section 55530(c)]. However, if placement from another community college is into English 201A (transferable English) and the student's prior English assessment did not include an essay, the student must also take Cuesta College's essay-only exam.

New students in the English as a Second Language (ESL) program must take the ESL evaluation. Students will receive their evaluation results and class recommendations within a week after taking the test. **COUNSELING SERVICES**

The primary goal of Counseling Services is to provide the necessary educational, vocational, and personal support to enable students to succeed at Cuesta College. Students should come for counseling when they need help with any kind of problem that might affect their academic performance. Because course selection is important and four-year college requirements change frequently, students should consult with a counselor on a regular basis before registering for classes.

Counselors are available by appointment and on a walk-in-basis.
Appointments may be scheduled one week in advance, either in person or by phone, and may be made with a specific counselor. Walk-in is best for short-term academic planning, quick questions, referral to college and community services, or emergency problem-solving. Walk-in is on a first-come, first-served basis with the counselor available at that time; it is generally no longer than 15 minutes per student.

Due to the large number of students, there are certain times of the academic year when counseling is available by walk-in only—July, August, December and early January. To avoid the lengthy waits and rushed atmosphere associated with walk-in only, students should plan ahead. To plan for fall semester, make an appointment during spring before the end of April. To plan for spring semester, make an appointment in September or early October.

Appointments
Counseling Services at the San Luis Obispo Campus are located at the Student Services Center in the Library Building. It is staffed both day and evening. Appointments may be made one week in advance beginning the first working day of the week. To schedule an appointment, call (805) 546-3138 between 9:00 a.m. and 5:00 p.m.

During advisement, a student and a counselor use a student’s assessment scores and previous academic history to plan a program of study appropriate to the skill level and educational goal of the student. Orientation/advisement is conducted in group settings.

The Cuesta College New Student Orientation is designed to help students get off to a good start, learn about the requirements for a certificate, Associate Degree and transfer, as well as policies and procedures of the college. Students may participate in a New Student Orientation by attending a group orientation at the Cuesta College campus or by completing an online orientation.

Great Start Workshop Orientation:
Scheduled Great Start group orientation sessions on the Cuesta College campus are offered immediately after the English and math assessment session and are approximately two hours long. Students must submit an admission application prior to signing up for a Great Start Workshop at www.cccapply.org. Students may sign up for the Great Start orientation online through the Assessment Test site or by contacting the Assessment Office at (805) 546-3951.

Online Orientation:
Once an application for admission has been submitted and confirmation has been received, the online orientation is available to all Cuesta College students by logging into my.cuesta.edu. The online orientation allows students to choose their goal (AA, CSU, or UC) and proceed on the appropriate path to accomplish their goal.

Student Educational Plan (SEP):
After the semester begins, students are encouraged to see a counselor in order to develop a personalized Student Educational Plan (SEP) which charts the student’s future through college.

All fees associated with registration may be paid by check, cash, money order or credit card (VISA, Discover, American Express or MasterCard). Students will have the option of paying online by credit card or by submitting payment of check, cash or money order to the Cuesta College cashier within five working days. Credit card payments must be made online. The Cashier’s Office cannot accept credit card payments. A $10 service fee will be charged for checks returned due to insufficient funds.

Students who register but are unable to attend, must drop their classes and request a fee refund. Students who drop classes are responsible for paying fees incurred based on the drop date, according to the Refund Policy. Refer to the fee schedule for refund dates. Cuesta College does not drop students from their classes for non-payment of fees; however, a delinquent-debt hold is placed on the student’s records, which blocks class registration and access to student records and official transcripts.

Students enrolled in non-credit courses will not receive credits of credit or grades and are not charged enrollment, non-resident tuition, health, Student Representation, or Student Center fees. Some courses may have material fees that are due at registration. Parking and refund policies apply to students enrolled in non-credit courses.

REFUNDS
Students are responsible for dropping courses and initiating a written request for a refund. Requests for refunds will be considered according to the date the student submits the request and according to the refund policy. Request forms may be obtained from the Student Services Cashier and from the Cuesta College Website. A refund check will be mailed to the student within six to eight weeks from the date submitted.

A full refund includes enrollment, non-resident tuition (if applicable), health, ASCC Student ID Card, Student Center and Student Representation fee, material and parking fees (parking permit must be returned in usable condition). A partial refund includes enrollment and non-resident tuition.

There are no refunds for parking fees, material fees, Student Center fee, Student Representation fee, ASCC fee, or health fee after the official first day of instruction each semester and summer session.

Refer to the current class schedule for specific deadlines.

Refund Policy
• Students will receive a full refund for any classes cancelled by the college or from which they are administratively dropped. Students must apply for these refunds.
• Students must apply for all eligible refunds
• Students will receive a refund for enrollment fees, less a $10 service fee for processing the refund.
• Non-resident students who withdraw during the second week of instruction will be refunded 100 percent of their non-resident fees.
• Requests for refunds will not be processed after the fourth week of instruction for 18-week courses. Courses must be dropped during the first two weeks of the semester for students to be eligible for a refund.
• If a student is erroneously determined to be a non-resident and pays non-resident fees, such fees will be refunded provided acceptable proof of California residence is presented within the period for which the fee was paid.
• For short-term courses (less than 18 weeks), no refunds are given.
after 10 percent of the class has been completed.
• Deadlines relate to fall and spring semesters only. See the summer session class schedule for specific summer session deadlines.

Refunds for Registration Fee Overpayment
In the event that a student overpays registration fees, the amount of the overpayment will be credited to the student’s account. The credit will be applied to any additional registration fees incurred in the event that the student adds classes.
If no additional fees are incurred, overpayment refunds will be automatically processed within six to eight weeks. Refunds will be mailed to the student’s address on file in the Admissions and Records Office.

RECORDS AND GRADING POLICIES

MAINTENANCE ALLOWANCE FOR STUDENTS FROM MODOC AND MONO COUNTIES
Students attending Cuesta College from Modoc and specific areas of Mono counties are eligible for a maintenance allowance if they maintain a permanent address in either county and all requirements are met.

For information about eligibility requirements, contact the Cuesta College Admissions and Records Office at (805) 546-3955.

REstricting student service - holds
Cuesta College will block student access to service by placing holds when the student has not met their obligations for the following:
• Neglected to pay registration fees;
• Neglected to return library books or pay fines;
• Neglected to return equipment, uniforms or materials;
• Neglected to pay debt to the Student Health Center and/or Bookstore.

In most cases once the student returns the materials or pays the delinquent debt the hold will be released. Students may check their hold status through myCuesta.

Library Fines
Under authority of Section 72237 of the California Education Code, Cuesta College may withhold grades, transcripts, diplomas, and registration privileges from any student who fails to return books or materials to the library when due or have lost or damaged any books or materials.

Students shall have their records released when they:
• Return books or materials
• Pay charges for books or library materials.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) — RELEASE OF INFORMATION

Student Rights under FERPA
The Family Education Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:
• The right to inspect and review their own educational record.
• The right to seek to amend their own educational record. The student must make a written request to the Director of Admissions and Records at the San Luis Obispo campus and provide the names of the records they wish to review or amend. The administrator will respond with the timeframe and location for the materials to be reviewed.
• The right to have some control over the disclosure of information from their educational records. One exception permitting disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is defined as a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement credit personnel and health staff); a person or company with whom the College has contracted as its agent to provide service instead of using College employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College.
• The right to file a claim with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202-5920

Electronic Files
The Family Educational Rights and Privacy Act does not differentiate between the medium of storage or the method of transmission. There is no legal difference between the level of protection afforded to physical files over those that are stored or transmitted electronically or in any other form.

Directory Information
At its discretion, Cuesta College may provide “directory information” in accordance with the provisions of the Family Education Rights and Privacy Act of 1974 (FERPA). Directory information is defined as that information that would not generally be considered harmful or an invasion of privacy if disclosed. Personal identifiers, such as student identification numbers or social security numbers, race/ethnicity, gender, religious preference grades, and GPA may never be designated as directory information. Cuesta College has identified the following elements as directory information:
• Name
• Field of Study
• Degrees and Certificates earned
• Dates of attendance
• Level of enrollment (number of credits)
• Participation in officially-recognized activities and sports

TRANSCRIPTS

Cuesta College Transcripts
A written or electronic request by the student is required to release transcripts. Official transcripts of Cuesta College records are available upon written request by the student to the Records Office.

Transcripts ordered electronically will be mailed within 3-5 working
days from the date of request in most cases. An electronic notification will inform the student of the status of their transcript order and notify them of any holds. The fee for the electronic transcript request is $5.25 per copy. Transcripts ordered in-person and by mail will be mailed within 7-10 working days and cost $3 per copy after the first two free copies.

Unofficial transcripts are available for viewing and printing through myCuesta on the Cuesta College website. Access to myCuesta requires the student identification number and password. Transcripts will not be produced for students who have a hold on their records.

Non-Native Transcript Evaluation

Official transcripts from all other institutions must be submitted to Cuesta College Records Office prior to enrollment. Lower division (freshman/sophomore level) coursework from regionally-accredited colleges and universities will be evaluated and may be transferred to Cuesta College to meet certificate requirements, degree requirements, and requirements for transfer certification. If non-native credits are from a college or university on the quarter system, these credits will be converted to semester credits (quarter credits/1.5=semester credits). Non-native coursework will be evaluated based on regional accreditation standards using the grades received at that institution. Cuesta College considers a grade of C- as substandard and eligible for repetition.

Upon application for the associate degree or transfer certification (Certificate of Achievement), non-native coursework credits will be included and reviewed with the Cuesta College student record. Applications for the associate degree and transfer certification are available in the Admissions and Records Office.

**GRADING POLICIES**

**GRADES**

Courses shall be graded using the grading symbols established by Title 5. Effective fall 2008, faculty may use the following evaluative letter-grading symbols:

</tbody>
</table>

The “I” must be made up before the end of the following regular semester or it will be considered as an “F” grade. The “I” symbol shall not be used in calculating credits attempted nor for grade points. In Progress – The “IP” symbol shall be used to denote that the class extends beyond the normal end of an academic term. “IP” shall not be used in calculating grade point average.

RD Report Delayed – This symbol is assigned by the Director of Admissions and Records only. It is used when there is a delay in reporting grades due to circumstances beyond the control of the student. This is a temporary notation and is not used in calculating GPA.

W Withdrawal – The “W” symbol is assigned when a student officially withdraws between the beginning of the fourth and end of the twelfth week of instruction for full semester courses. For courses that are less than 18 weeks in length, withdrawal must be made during the first 20 percent of the course. (During summer sessions the withdrawal period extends through the fourth week of instruction.) Students who withdraw prior to the fourth week of instruction for full semester courses, or to prior to the completion of the first 20 percent of the course for short courses, shall have no notation (“W” or any other) on their record. The academic record of a student who remains in a class beyond the twelfth week must reflect a symbol other than a “W.”

MW Military Withdrawal – The “MW” symbol is assigned when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, an “MW” may be assigned at any time after the twelfth week deadline for dropping classes. Military withdrawals shall not be counted in progress probation and dismissal calculations.

**Grade Changes**

After a grade has been issued, only the instructor has the authority to change the grade per California Education Code Section 76224. A student wishing to have a posted grade changed must submit appropriate documentation to the instructor who issued the grade and must request that the grade be changed. Based on an evaluation of the student’s progress in the course and the documentation, the instructor may or may not change the grade. Grade changes must be delivered to the Office of the Director of Admissions and Records by the instructor.

There is a deadline of six months from the date that the grade is posted to initiate a grade change.

**Course Grades**

Grades are available for viewing within Cuesta College’s student portal, myCuesta, four weeks after the last day of the term. Grades are not sent to students, but an unofficial grade report may be requested by presenting a photo identification card to an Admissions & Records service center staff member at any campus location.
Pass/No Pass

- A student may select “pass/no pass” (formerly credit/no credit) through the fourth week of instruction for 18-week courses or, if the course is less than 18 weeks in duration, within the first 20 percent of the course. Students may change back to a letter grade prior to the fourth week or 20 percent deadline. After the fourth week or 20 percent deadline, students may not reverse their pass/no pass grading decision.
- Some general education, degree and certificate course work must be taken for a grade. Consult a counselor or program description. No more than 12 credits of “pass/no pass” may be applied toward the Associate in Arts or Associate in Science degree.
- Courses listed in the schedule as “pass/no pass” grading option may be taken only once for “pass/no pass.” The student may, however, repeat the course for a letter grade.
- Students shall receive a “P” (pass) if, at the end of the semester, a grade of “C” (2.0) or better is earned. The “P” shall, when recorded, add credits completed but shall have no effect on the grade point average.
- Students performing unsatisfactorily (at less than C/2.0) shall receive a “NP” (no pass) which, when recorded, will not increase credits completed and will not be used to calculate the grade point average. However, credits attempted for which an “NP” is recorded shall be considered in academic progress calculations to determine probation and dismissal status.
- Students may only select one course per semester on the “pass/no pass” option. Some courses are graded only on a “pass/no pass” basis. Enrollment in these courses will not affect the student’s right to select one additional class within the guidelines listed above.
- Students repeating a course in which a substandard grade was earned may not request a repeat discount if the pass/no pass grading option was selected for the second attempt.

ACADEMIC RENEWAL REGULATIONS

Cuesta College recognizes that a student may have completed academic coursework at an institution of higher learning that is not reflective of the student’s present scholastic ability. The college also believes that there is merit in allowing students a chance for “academic renewal” so they are not unduly penalized in their educational pursuits for past substandard performance. Cuesta College provides the opportunity for academic renewal as follows:

Course Repetition: Substandard Work (California Education Code Title 5, section 55040):

- Students who have received a grade of “D” or “F” (less than grade of “C”), may repeat the course and receive a new grade and the credits attempted.
- Courses listed on the schedule with a “pass/no pass” grading option may be taken only once for “pass/no pass.” The student may, however, repeat the course for a letter grade.
- In any course repetition, the last grade recorded will be used in calculating the grade point average. When course repetition occurs, the permanent record shall be annotated in such a manner that all work remains legible, thus ensuring a true and complete academic history.
- Students who receive a substandard grade (less than C/2.0) in a course at Cuesta College may repeat the equivalent course at another accredited college or university. Once the course is complete, an official copy of that institution’s transcript, with the repeated grade, must be submitted to Cuesta College’s Records Office. A petition for course repetition must be submitted with that information as well. The Cuesta College course with the substandard grade will be discounted from the student’s Cuesta College grade point average. The student’s permanent academic record will be annotated in such manner that all work remains legible and the repetition information is clear. Cuesta College honors the repetition actions of other accredited colleges and universities as noted on their official transcripts when determining the transfer of a student’s credits.

Restriction on Course Repetition for which Substandard Work Has Been Recorded

Students may not register for a course in which they received an unsatisfactory course grade (D, F, W, or NP) more than three times. Students will be barred from registering in the course until the student:

- obtains a Request to Exceed Repeat Limit form from the Admissions and Records Office;
- meets with a counselor to develop a remediation plan noted on the form;
- receives approval on the form from a counselor or an instructor; and
- receives approval on the form from the Director of Admissions and Records at the San Luis Obispo Campus or the Executive Dean of the North County Campus.

Repetition of Courses for which Substandard Work Has NOT Been Recorded (California Education Code Title 5, Section 55041)

- Students who have previously received a grade of “C” or better may repeat the course if special circumstances exist that justify such repetitions. The grade awarded for courses repeated under this section may not be counted in calculating a student’s grade point average and credits.
- When course repetition under this section occurs, the student’s permanent academic record shall be annotated in such a manner that all work remains legible.

To exercise this option students must file a Request to Repeat a Course with a Grade of ‘C’ or Better form with the Admissions and Records Office after it has been approved by an instructor or counselor. The petition must be approved prior to enrollment.

Academic Renewal Through Alleviation of Courses without Course Repetition (California Education Code Title 5, Section 55044)

- Past coursework in which substandard grades (less than C/2.0) were received may be alleviated (disregarded) from the student’s grade point average if the work is not reflective of the student’s present level of scholastic performance.
- A minimum of two years must have lapsed since the completion of the term to be alleviated. The policy may apply to no more than two semesters of substandard coursework, and the student may receive academic renewal only one time.
- To alleviate course work, the student must have completed a minimum of:
  - 15 semester credits with at least a 3.0 GPA, or
  - 30 semester credits with at least a 2.5 GPA, or
  - 45 semester credits with at least a 2.0 GPA.
- The student must file a Course Alleviation form with the Admissions and Records Office. If the course alleviation is approved by a counselor and the Director of Counseling Services, the alleviated course work will be noted as such on the student’s permanent record by the Admissions and Records Office.
- Courses taken at another accredited college or university, indicating substandard performance, are eligible for course alleviation as mentioned above. Course work alleviated from transfer institutions will apply only to graduation requirements from Cuesta College.
Cuesta College is unable to alleviate work from any other institution’s records for the purpose of transferring to another college or university.

**ACADEMIC PROBATION AND DISMISSAL**

Students who earn unsatisfactory grades may jeopardize their enrollment at Cuesta College. Academic achievement is monitored during the fall and spring semesters excluding summer session. A student is placed on academic probation at the end of a semester if the student's semester grade point average is less than 2.0, or “C-average,” on a four-point scale.

A student who earns less than a 2.0 GPA for two consecutive semesters is subject to dismissal from the college. For the purpose of this section, semesters are considered consecutive on the basis of the student’s pattern of enrollment. For example, a student earning less than a 2.0 in fall 2007 and fall 2008 would be subject to dismissal if the student did not attend Cuesta during Spring 2009.

Dismissed students are not allowed to attend the subsequent semester. They must “sit out” for one full semester before regaining eligibility for enrollment.

To appeal academic dismissal, the student must attend a reinstatement workshop and sign a reinstatement contract identifying the remedial actions they must complete in order to remain enrolled. The student shall be removed from Academic Dismissal when the student’s GPA earned is 2.0 or higher. If the student does not comply with the terms of the contract, the student will be required to “sit out” one semester.

**PROGRESS PROBATION AND DISMISSAL**

Students who fail to complete courses in which they enroll may jeopardize their enrollment at Cuesta College. Academic progress is monitored during the fall and spring semesters excluding summer session. A student enrolled in a total of 12 credits at Cuesta College is placed on progress probation at the end of a semester if the percentage of all Cuesta College credits in which a student has enrolled, for which entries of “W,” “I,” and “NP” are recorded, reaches or exceeds 50 percent.

A student on progress probation due to an excess of credits for which entries of “W,” “I,” and “NP” are recorded shall be removed from probation when the percentage of credits in this category drops below 50 percent.

A student placed on progress probation for the third consecutive semester is subject to dismissal from the college.

To appeal progress dismissal, the student must attend a reinstatement workshop and sign a reinstatement contract identifying the remedial actions a student must complete in order to remain enrolled. If the student does not comply with the terms of the contract, the student will be required to “sit out” one semester.

Contact the Office of the Director of Admissions and Records for additional information.

**SCHOLASTIC ACKNOWLEDGMENTS**

**Academic Honor List**

Students who enroll and complete 12 or more credits and earn a 3.25 grade point average with no grade lower than a “C” will be placed on the Academic Honor List. The student’s academic record at Cuesta College will be annotated to reflect this achievement. Students who qualify are notified by letter from the Vice President of Student Services. The achievement is posted under the qualifying semester on the student’s academic transcript.

Students in the Registered Nursing Program may make the Academic Honor List using the criteria listed above; however, due to the number of contact hours in this program, an R.N. student will be considered when enrolled in 11 or more credits.

**Graduating With Honors**

Students who meet the requirements for graduation with a cumulative grade point average of 3.5 to 3.74 qualify for honors recognition. The graduation grade point average is based on all degree applicable coursework completed at all postsecondary institutions through the term degree requirements are completed. This acknowledgement is posted on the student’s diploma and on the academic transcript. Students receiving honors are recognized at commencement with a green cord.

**Graduating With High Honors**

Students who meet the requirements for graduation with a cumulative grade point average of 3.75 to 4.0 qualify for high honors recognition. The graduation grade point average is based on all degree applicable coursework completed at all postsecondary institutions through the term degree requirements are completed. This acknowledgement is posted on the student’s diploma and on the academic transcript. Students receiving high honors are recognized at commencement with a white cord.

**Alpha Gamma Sigma (AGS) Honor Society**

Alpha Gamma Sigma (AGS) is a state-wide community college student honor society with the purpose of fostering, promoting, maintaining, and recognizing scholarship. In addition, AGS members develop character and civic responsibility through service to AGS, the college, and the community. The Gamma chapter at Cuesta College provides its membership scholarship opportunities, social activities, and leadership-building skills. Membership is based on grade point average. More information may be obtained from the Student Life and Leadership Office. Recognition of AGS membership is posted on Cuesta transcripts. Students with AGS membership are recognized at commencement with a gold cord.

**STUDENT COMPLETION AND TRANSFER RATES**

In four decades of service to the community, Cuesta College has helped thousands of students reach a wide variety of educational goals, including completion of associate degrees, completion of certificate programs, and successful transfer to four-year institutions.

In compliance with the Student-Right-to-Know (SRTK) and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the San Luis Obispo County Community College District and Cuesta College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 2004, a cohort of all certificate-, degree-, and transfer-seeking first-time, full-time students were tracked over a three-year period. Their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at Cuesta College, nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, 31.28% percent attained a certificate or degree or became ‘transfer-prepared’ during a three-year period, from Fall 2004 to Spring 2007. Students who are ‘transfer-prepared’ have completed 60 transferable credits with a GPA of 2.0 or better.
Based on the cohort defined above, 30.04% percent transferred to another postsecondary institution, prior to attaining a degree, certificate, or becoming 'transfer-prepared' during a five-semester period, from Spring 2005 to Spring 2007.

Cuesta College registration is available primarily over the web through myCuesta. Walk-in registration dates are scheduled prior to the start of each new term.

First-time college students are encouraged to attend an assessment of English and math skills and an orientation prior to registering in Cuesta College courses.

Access to registration is based on Cuesta College Board Policy 6009 shown below.

The Priority Registration Policy regulates the availability of limited class space in a fair manner to facilitate the registration process.

Board Policy 6009 Priority Registration

To regulate the availability of limited class space, provide for fairness, and facilitate the registration process, procedures to provide priority registration for students on the basis of need are required. The following list identifies priority registration access:

PRIORITY 1: Applicants for graduation who are continuing Cuesta College students and will complete remaining degree or certificate requirements within the semester. (Students receive one-time only priority in this classification.)

PRIORITY 2: Graduating seniors from local high schools who are processed through matriculation and apply by the application deadline (fall only).

PRIORITY 3: Documented eligible students participating in Disabled Student Program and Services (DSPS), Extended Opportunity Programs and Services (EOPS), Veterans and Veterans’ dependents receiving VA benefits to attend Cuesta College, CalWORKs Program, students participating in Intercollegiate Athletics during the semester of active team participation, ASCC leaders, students in the Re-entry Program, Pre-nursing Program, students serving as Facilitator Assisted Learning (FAL) facilitators, student employees, staff, faculty, retired faculty and staff having earned emeritus distinction; and dependent children, spouses, and partners of faculty or staff.

PRIORITY 4: Continuing Cuesta College students will receive priority registration based on the total number of Cuesta College credits completed. Credit increments:

</tr>
<tr>
<td>4.3</td>
<td>Equal to or greater than 12.0 credits and less than 24.0 credits.</td>
</tr>
<tr>
<td>4.4</td>
<td>Less than 12.0 credits.</td>
</tr>
</tbody>
</table>

PRIORITY 5: First-time students, including high school enrichment and new re-entry students, processed through matriculation and who apply by the application deadline.

PRIORITY 6: First-time, returning, and transfer students who apply for admission and register during open access registration periods.

ATTENDANCE

Normal progress and successful completion of scholastic work depends upon regular attendance. Students are expected to attend all classes and laboratories for which they are registered. Instructors set an attendance policy for each class, and it is the student's responsibility to know and comply with each one. Instructors may drop a student from a class for infractions of the attendance policy. (To assure a seat in the class, students are advised to attend the first class session.)

It is the student’s responsibility to officially withdraw from a course which the student is no longer attending. Failure to officially withdraw from a class may result in an “F” or failing grade. The “F” will be considered a valid grade and can only be changed by the instructor.

STUDENT COURSE LOAD

A full-time student is a student who is enrolled in a minimum of 12 credits per semester (four credits per summer session). Students enrolled in fewer than 12 credits are considered to be less than full-time. Students are limited to a maximum of 19 credits during the fall and spring semesters (nine credits during the summer session), including both day and evening classes. To take more than the maximum number of credits, a student must have an outstanding academic record and must obtain approval from a counselor before registering.

ADDITION COURSES

Students must add classes by the end of the second week of instruction for regular semester courses or by the second class meeting for short courses and summer session courses. Once instruction begins, instructor approval is required. Necessary instructor-arranged course transfers will be allowed beyond the normal deadline for adding. In order to officially add a course, the student may add using web registration or submit appropriate forms to the Admissions and Records Office by the deadline, with instructor approval.
AUDITING

Auditing is permitted in classes on a space-available basis only. Admission applications are not required. Instructor approval is required. Students who audit earn no credits or grades. Audit Forms are available at any Cuesta campus in the Admissions and Records, Cashier, or Student Services offices.

Audit fees are $15 per audit credit plus any course fee listed in the class schedule. Students enrolled in ten credits or more receive the first three audit credits free. Students wishing to audit must delay payment of fees to add a class. Audit payments may be submitted to the Cashier’s Office at the San Luis Obispo or North County campuses.

WITHDRAWAL FROM COLLEGE AND DROPPING OF COURSES

Any student leaving the college after registering must officially withdraw from the institution. To obtain a withdrawal from the college, a student must drop their courses on the web through myCuesta or complete the appropriate forms provided in the Admissions and Records Office, and submit them for processing.

A student may drop a class without receiving a “W” grade if the drop is processed by the fourth Friday of the semester for regular semester courses or within the first 20 percent of the class for short courses and summer session courses.

A student may drop a class with a “W” grade before 60 percent of the semester or session has been completed.

INSTRUCTIONAL PERIOD DROP DEADLINE
Fall/spring semester End of twelfth week
Summer session End of fourth week
Short course 60 percent of the length of short course

Thereafter, a grade other than a “W” must be awarded, and an “F” is likely if the student has not arranged with the instructor to complete minimum course requirements. Drop forms are available in the Admissions and Records Office at any campus location and on the Cuesta College web site.

Withdrawal from classes after the end of the twelfth week may be made based on extenuating circumstances upon petition to the Admissions and Records office and with appropriate valid documentation. Extenuating circumstances are verified cases of accidents, illnesses, or other circumstances beyond the control of the student (California Code Title 5, Section 55758).

Military Withdrawal

Military withdrawal occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. The student must verify such orders at the time of the withdrawal. Students withdrawing under this college policy will receive a grade of “MW” for each course from which they withdraw and shall be entitled to a full refund of all enrollment fees paid to the college unless academic credit has been awarded.

OFFICIAL TRANSCRIPTS

All applicants pursuing degrees, certificates, Financial aid, or transfer must submit official transcripts of all prior high school and college work. Transcripts are to be forwarded to the Cuesta College Admissions and Records Office.

Transcripts submitted to the college are considered property of Cuesta College and will not be released to students or other colleges or agencies.

PREREQUISITES AND COREQUISITES

Please visit the Prerequisite website for detailed information. Most of your prerequisite questions can be answered by going to:
http://academic.cuesta.edu/matric/prereq/

Prerequisites, corequisites, and advisories are intended to enhance a student’s chance of success in a desired course. If a student has not met a prerequisite or corequisite requirement, as noted in the course schedule, the student may not be allowed to enroll or remain enrolled in the course which requires the prerequisite.

Successful completion of a prerequisite or corequisite course is achieved by earning a final grade of “C” or better in the required prerequisite course.

• Prequisite: A course that a student must pass before enrolling in the more advanced course. With department approval, equivalent skills or prior experience a student possesses may also be accepted as a prerequisite for a course.

• Corequisite: A course a student must enroll in at the same time as, or complete prior to, enrolling in the desired course.

• Advisory: A course a student is encouraged, but not required, to complete prior to enrolling in a more advanced course.

- Some departments, such as music, performance, and intercollegiate athletics, limit enrollment in courses based on an audition or other screening.

NOTE:

• Clearance of prerequisite coursework completed at Cuesta is automatic. Students do not need to submit a Prerequisite Clearance Request form for prerequisite coursework completed at Cuesta.

• In order to satisfy prerequisite requirements with coursework completed at an institution other than Cuesta, students must submit a Prerequisite Clearance Request Form A. Request forms should be submitted to the Prerequisite Office or the Counseling Department.

• In-progress coursework:

- Students enrolled in prerequisite courses at Cuesta, at the time of registration for the upcoming term, will be allowed to enroll in the next level course based on their in-progress work.

- With proof of enrollment, in-progress coursework from an institution other than Cuesta can be used to provisionally clear a prerequisite. Students must complete a Prerequisite Clearance Request Form A to allow registration access.

Students who believe they will not earn a grade of C or better or have been placed on Early Alert for a course that fulfills a prerequisite requirement should meet with a counselor to discuss their options and consider reenrolling in the prerequisite course in the following term.

Students who enroll in the next level course and do not earn a grade of C or better, in the prerequisite course, will be administratively dropped from the course once grades are final and posted.

Prerequisite Clearance Request Forms

Prerequisite Clearance Request forms can be found at the Prerequisite
Office, Counseling Department, or on the prerequisite website
(http://academic.cuesta.edu/academic prereq/).

1. **FORM A – Prerequisite Clearance Request:** to be used to clear prerequisites with coursework completed at an institution other than Cuesta.

2. **FORM B – Prerequisite Challenge:** to be used to clear prerequisites that have been met through means other than course completion (previous knowledge, work experience, licensing). Student is responsible for providing evidence to support the claim and must get a signature from the appropriate department chair before prerequisite clearances can be processed.

3. **FORM C – Prerequisite Clearance Request for Physics:** to be used for Physics prerequisites completed at an institution other than Cuesta. Student is responsible for attaining the appropriate signature from the Physical Science department chairperson before prerequisite clearances can be processed.

Specific, detailed processing information can be found on the second page of each prerequisite form.

Submit prerequisite clearance and challenge forms to the Prerequisite Office or the Counseling Department.

**Transcripts Needed To Clear Prerequisites**

In order to satisfy prerequisite requirements with coursework completed at an institution other than Cuesta, students must send official (sealed) transcripts to the Records office AND submit a Prerequisite Clearance Request Form A to the Prerequisite or Counseling Offices.

Note:

- Allow at least six weeks for official transcripts to be received and processed by Cuesta’s Records office.

- In order to expedite prerequisite clearance for registration purposes, you may attach a copy of your transcript to your Prerequisite Clearance Request Form A and submit it to the Prerequisites Office. Additional documentation such as a catalog course description and/or a course outline may be required for coursework completed at out-of-state or private institutions.

Mail transcripts to: Cuesta College Records Office, P.O. Box 8106, San Luis Obispo CA 93403-8106. In addition to clearing prerequisites, official transcripts are also required for Student Education Plans, GE Certifications and all degree/certificate evaluations.

**Courses Requiring Prerequisite Verification BEFORE Registering**

**English and Literature Courses**

Prerequisites will be checked for the English and literature courses listed below. A qualifying English assessment score will place students in English 099, 156, 165, or 201A. In lieu of an assessment score, a SAT writing score of 680 or higher, an EAP score of “ready for CSU college-level English course” or a college course will clear students for having met the prerequisite to enter English 201A. A high school Advanced Placement (AP) score of 3 or higher or college coursework will clear the student for having met the equivalent of completion of English 201A at Cuesta.

Prerequisites will be checked for Math 003 or higher. A qualifying math assessment score AND documentation of previously completed math coursework will be used to determine course placement. If a student is not exempt from mandatory math assessment testing, the highest math course a student will be cleared to enter without a transcript is Math 127 (Algebra II) which is a non-transferable course. Math assessment scores AND a high school or college transcript which includes successfully completed math coursework is mandatory to satisfy prerequisite requirements for Math courses higher than Math 127. In order to use qualifying high school or non-Cuesta college courses to satisfy prerequisites, students must submit Prerequisite Clearance Request Form A along with indicated documentation.

Note: Official high school transcripts will automatically be evaluated for math and chemistry prerequisite and corequisite clearance. Students do not need to submit prerequisite clearance forms for high school math and chemistry courses, completed with a grade of “C” or better, as long as official transcripts have been received by Cuesta’s Records office BEFORE registering for the course requiring the prerequisite.

Students wishing to receive prerequisite or corequisite clearance with high school math and chemistry courses, without allowing for the six week processing period, are encouraged to submit a Prerequisite Clearance Request Form A with a copy of their high school transcript attached.

Prerequisites Challenge Procedures

Students have the right to challenge college prerequisites. Students have the responsibility to complete and submit a Prerequisite Course Challenge Form B along with documentation to support the challenge and signatures from the appropriate department chairperson before prerequisite clearances can be processed. Documentation must include information that will verify the student's ability to succeed in the course (previous knowledge, work experience, licensing).

Prerequisite Course Challenge Forms can be obtained from the Counseling or Prerequisite offices or from Cuesta's Prerequisite website. Reasons for challenging a prerequisite or corequisite may include one or more of the following:

- A prerequisite or corequisite course has not been reasonably available to a student with a Student Educational Plan (SEP). Reasonably available is defined as any open seat(s) in any scheduled course within the last two semesters.
- The student believes the prerequisite was established in violation of state regulations or in violation of the district approved prerequisite or corequisite process.
- The student believes the prerequisite or corequisite is discriminatory or is being applied in a discriminatory manner. Discriminatory is defined as a prerequisite or corequisites being arbitrarily enforced with some group(s) of students and not with other(s) or having a disproportionate impact on a particular group of students.
- The student has the documented knowledge based upon a multiple measure assessment (certificate of proficiency, transcript, credit by exam, test scores, licensing) of ability to succeed in the course without meeting the listed prerequisites.

Prerequisites Clearance Processing Time

Prerequisite clearance is NOT IMMEDIATE. Students will not be permitted to enroll in courses requiring prerequisites until their clearance has been approved. In order to ensure registration priority, it is essential to plan accordingly. See below for details.

- For coursework completed at a California Public School/College/University: 5 day processing time, upon submission of a Prerequisite Clearance Request Form A, IF required documentation is attached.
- For coursework completed at a Private or Out-of-State institutions: 10 day processing time, upon submission of a Prerequisite Clearance Request Form A, IF required documentation is attached (catalog description, course outline/syllabus may be required for final clearance).
- If an official transcript was submitted to Cuesta's Records office, at least 6 weeks prior to this request, it can be used to clear prerequisites. Please indicate the date it was submitted on the clearance form.
- Processing time is only guaranteed for requests that have required documents (transcript/report card/test scores/course description or outline) attached or if official transcripts have already been processed by Cuesta's Records office.
- The 5 day clock begins at 8:00 am on the morning following the submission of the clearance form, excluding posted school holidays and weekends (e.g. for a clearance request form submitted Tuesday at 4:30 pm, the 5 day clock will begin Wednesday at 8:00 am with status/outcome being posted by the close of business on the following Tuesday).
- An approved clearance request does not guarantee a space in any course.
- Approval of a prerequisite or corequisite course will only be used for prerequisite clearance of Cuesta College courses and NOT for unit credit nor transfer purposes. Other institutions are not obligated to accept Cuesta College's evaluation of external coursework.

DECISIONS WILL BE MAILED TO YOUR CUESTA COLLEGE EMAIL ACCOUNT

For additional information concerning the prerequisite, corequisite, advisory course process, please visit Cuesta's Prerequisite Web page (http://academic.cuesta.edu/matric/prereqs/) or contact a prerequisite specialist at (805) 546-3100 ext. 2655 or make an appointment at the Counseling Department.

REMEDIAL COURSE WORK LIMITATION

A student who has completed 30 credits of remedial course work, but who has not attained full eligibility for college-level work, shall be dismissed from the college and referred to non-credit education courses unless a waiver has been granted.

Remedial course work refers to pre-collegiate basic skills courses designated as non-degree credit courses, the purpose of which is to prepare students for successful completion of associate degrees, transfer, or certificate courses. These courses are specifically designed to meet the needs of underprepared students so that the quality and rigor of the associate degree curriculum is protected.

A waiver of the limitation on remedial course work may be provided to any student who shows significant measurable progress toward the development of skills appropriate to the student's enrollment in college-level courses. Measurable progress is defined by transcripts, pre- and post-test measures, demonstrated progress toward an educational goal sustaining progress of education or social goals and objectives as documented in a Student Educational Plan (SEP). If a waiver is granted, its duration should not exceed one academic year and would normally be of one semester's duration.

Students enrolled in one or more courses of English as a Second Language (ESL) or students identified by the district as having a learning disability are exempt from the 30-semester-credit limitation (California Education Code Title 5, Section 55756.5).

FINAL EXAMINATIONS

Final examinations will be given in all courses at the end of each semester, short course, or summer session. Dates and times are listed in the schedule of classes and on the Cuesta College website.

SEXUAL ASSAULT 1580

Cuesta College is committed to maintaining a safe campus, a campus free of violence and the threat of violence. All persons who come onto the campus or onto any facility maintained by the college are expected to treat others with respect and consideration.

Cuesta College will not tolerate any physical or sexual assault or threat of assault, including acquaintance rape, on its campus or at facilities maintained by the college. Where there is probable cause to believe that the college’s regulations prohibiting sexual assault have been violated, the college will pursue vigorous investigative action through its own channels. Disciplinary actions include the possibility of suspension or dismissal from the college.

A student or employee charged with sexual assault can be prosecuted under California penal code statutes and disciplined under the college’s Code of Student Conduct and board policy. Even if the criminal justice authorities choose not to prosecute, the college can pursue disciplinary action.

Cuesta College is committed to doing everything within its power to prevent sexual assaults from occurring and disciplining assailants when rape or other assault occurs on campus property or at college-sponsored events, and to provide prompt and compassionate services to students, faculty and staff who are raped or otherwise sexually assaulted. The college is further committed to ensuring that students, faculty, and staff are not adversely affected for bringing forward a charge of rape or sexual assault.

In order to provide a safe environment for students, faculty, staff, and guests, the college has established a multifaceted program composed of response procedures, prevention and education guidelines, services for victims, and sanctions.

SUMMARY OF YOUR RIGHTS TO SEEK AN INFORMAL RESOLUTION OR FILE A FORMAL COMPLAINT

COMPLAINT OF DISCRIMINATION OR SEXUAL HARASSMENT

(This is only a summary; please see Board Policy 1565 and 1575)

INFORMAL RESOLUTION OR FORMAL COMPLAINT PROCEDURE:

1. You have the right to request that the charges be resolved informally, at which time the District will undertake efforts to informally resolve the charges. To start the informal resolution process, please contact the Executive Director of Human Resources and Labor Relations in the administration building, room 8003, or by phone at (805) 546-3129.
2. You do not need to participate in informal resolution;
3. You have the right to file a formal complaint (see below for the procedure in doing so);
4. You will not be required to confront or work out problems with the person accused of unlawful discrimination;
5. You may file a non-employment-based complaint with the Office for Civil Rights of the U.S. Department of Education (OCR) where such a complaint is within that agency’s jurisdiction.
6. If your complaint is employment-related, you may file a complaint with the U.S. Equal Employment Opportunity Commission (EEOC) and/or the California Department of Fair Employment and Housing (DFEH) where such a complaint is within that agency’s jurisdiction.

PURPOSE OF THE INFORMAL RESOLUTION PROCESS

The purpose of the informal resolution process is to allow an individual who believes she/he has been unlawfully discriminated against to resolve the issue through a mediation process rather than the formal complaint process. Typically, the informal resolution process will be invoked when there is a simple misunderstanding or the complainant does not wish to file a formal complaint. An informal resolution may require nothing more than a clarification of the misunderstanding or an apology from the respondent and an assurance that the offending behavior will cease. You will be notified of the proposed informal resolution proposed by the District.

If you pursue the informal resolution process, you should note the following important points:

1. You will need to sign a document which indicates that you have selected the informal resolution process.
2. The District will complete its investigation within the time required by Board Policy 1565 unless you voluntarily rescind your complaint prior to completion.
3. Selecting the informal resolution process does not prevent you from later deciding to file a formal complaint (subject to all of the rules for filing a formal complaint). For example, if you are not satisfied with the outcome of the informal resolution process (including the District’s proposed resolution), you may elect to file a formal complaint.

HOW TO FILE A FORMAL DISCRIMINATION COMPLAINT:

1. A FORMAL COMPLAINT MUST BE INITIATED BY FILLING OUT THE ATTACHED FORM APPROVED BY THE STATE CHANCELLOR’S OFFICE. That form is attached as the last page of board policy 1565, and has the title heading of “Unlawful Discrimination Complaint Form.” YOU MUST SEND THAT COMPLETED FORM TO EITHER:
   • San Luis Obispo County Community College District, Attn: Executive Director Of Human Resources And Labor Relations, Administration Building, Room 8003, San Luis Obispo, CA 93403-8106;

6. Suspension: Exclusion from classes and other privileges or activities as set forth in the notice of suspension for a definite period of time.
7. Dismissal: Termination of student status for an indefinite period. The student(s) may be readmitted to Cuesta College with the specific approval of the Superintendent/President’s or designee.
8. Expulsion: Permanent termination of student status without possibility of readmission.

B. Administration of Discipline:

1. A student(s) may be disciplined for improper conduct when such conduct is a part of any college activity.
2. The Vice President of Student Services or designee may appoint faculty, student, individual, or committee advisors, to consider potential disciplinary action, but the Vice President of Student Services has the final authority for administration of student discipline except that expulsion requires approval by the Superintendent/President of the college.
3. The Vice President of Student Services or designee may impose any discipline provided herein when there is reason to believe that substantial grounds exist for such discipline.
4. During the term of any discipline which does not terminate student status, students continue to be subject to District policies, regulations, and procedures.
5. Pre-discipline conference/notice: Students charged with misconduct shall be provided with written notice to meet with the Vice President of Student Services or designee regarding the basis for possible disciplinary action. The notice must be given at least twenty-four (24) hours prior to the scheduled appointment.
6. The meeting with the Vice President of Student Services or designee should include:
   • A written statement of charges to the student(s);
   • A reasonable opportunity at the meeting for the student(s) to personally answer the charges.

Following the meeting, the student(s) shall either accept the disciplinary action, if any, or within forty-eight (48) hours (two school days) following receipt of the written notice of proposed disciplinary action, file at the office of the Vice President of Student Services or designee a written notice of intent to appeal to the Student Conduct Appeals Committee.

C. Appeal

Level I

• The student(s) shall file with the Appeals Committee, within twenty-four (24) hours (one school day) following filing of a notice of intention to appeal, a specific written response to each of the charges. Any charge to which the student(s) does not respond shall be deemed to be true.
• The Appeals Committee shall include a hearing officer appointed by the Superintendent/President, administrator (Vice President of Student Services may not serve), faculty member appointed by the Academic Senate, and a student representative appointed by the Associated Students of Cuesta College.
• A meeting of the Appeals Committee shall be convened not earlier than twenty-four (24) hours after submission of the student’s response to the charges, to hear the appeal and to make a decision in the case.
• The hearing before the Appeals Committee is not a judicial proceeding. The Appeals Committee recognizes the student’s right to a fair opportunity to hear the charges and evidence in support thereof, the right to present oral and documentary evidence on his/her behalf, the right to present a written argument on conclusion of the hearing, and the right to have an accurate copy of the minutes of the hearing furnished to the student.
• The Appeals Committee shall submit its decision to the student within ten (10) working days of the hearing.

Level II

• Within twenty-four (24) hours (one school day) after receiving the decision of the Appeals Committee, the student(s) may appeal the decision in writing to the Superintendent/President. Such appeal may be based only on the grounds that:
   • Required procedures have not been followed and the student(s) has/have been demonstrably damaged;
   • There is insufficient evidence to support the decision of the Appeals Committee;
   • One or more members of the Appeals Committee have, prior to the hearing, formed an opinion as to whether the student(s) has/have or has/have not committed the acts with which charged; and must include all supportive evidence.
• The Superintendent/President will evaluate the evidence and submit findings in writing to the student within fifteen (15) working days after receiving the appeal.

Level III

• Every student has the final right of appeal to the Board of Trustees when dismissal or expulsion has been imposed.
• A final written appeal may be made to the Board of Trustees within thirty (30) working days of the written response of the Superintendent/President. The Board will evaluate the evidence and render its decision within thirty (30) days of the initial meeting of the Board at which the matter is discussed.

CODE OF CONDUCT FOR STUDENTS IN THE ASSOCIATE DEGREE NURSING PROGRAM (BOARD POLICY 6202)

The Board of Trustees determines that the following policies govern the participation of alcohol- or drug-impaired students in the Associate Degree Nursing Program.

1. The nursing program, in addition to offering an academic program, includes clinical course work. The safety of patients under the care of student nurses must be assured. The instructor and the Director of Nursing Programs may take immediate corrective action to remove a student impaired by alcoholism or drug abuse from the clinical program if the student demonstrates by his/her conduct and performance in the clinical setting that he/she is a danger to the health and safety of patients under his/her care.

2010-2011 Catalog
2. After evaluation and due process, students considered by the Director of Nursing Programs to be impaired by drugs or alcohol will be allowed to continue their studies, including clinical course work, as long as they are adhering to the provisions of a contract between the college and the student for the student's retention.

3. Information on the student's condition is confidential and will not be disclosed except when necessary to protect the safety of patients under the care of student nurses.

4. An individual contract of retention will be developed by the student, rehabilitation therapist, and the Director of Nursing and shall specify:
   • That the student must participate in an approved drug or alcohol treatment and rehabilitation program for the duration of his/her nursing program studies.
   • That evidence of satisfactory attendance and progress will be provided to the college on a regularly scheduled basis.
   • That the student will consent to periodic random drug screening as part of the treatment and rehabilitation program.
   • That the impaired student will give all medications under direct supervision and that the student will not have access to keys to medications.
   • That if the student fails to adhere to the conditions of the contract for retention, the same procedure will be followed as with any other student on probation; the circumstances of the violation will be reviewed by the nursing faculty as a whole; and recommendations for the retention or dismissal will be made to the Director of Nursing Programs, who will then make the decision after advising the Vice President of Student Services.

5. Information on the student's dismissal from the nursing program will be reported to the Board of Registered Nursing when such information is requested by the Board of Registered Nursing.

STUDENT GRIEVANCE PROCEDURE (BOARD POLICY 6205)

A grievance shall mean a complaint that is non-disciplinary and is other than one dealing with civil rights discrimination,* which has been filed by a student or by a student's designee on his/her behalf. The primary purpose of the following procedure is to secure at the earliest level possible an equitable solution to a complaint.

LEVEL 1.

The student should contact in person the Vice President of Student Services (or designee appointed by the Vice President of Student Services) and present his/her complaint. If the grievance is not resolved, the student can submit to the Vice President of Student Services (or designee) a written appeal for further consideration. (Time limit: ten calendar days from the date of appointment with the Vice President of Student Services, or designee.)

LEVEL 2.

A Student Appeals Committee, made up of three faculty and three student members jointly appointed by the Vice President of Student Services (or designee), and the ASCC President, then will be convened within ten calendar days after receiving the appeal and will submit its finding to the student in writing within an additional ten days. If the complaint is not resolved, a written appeal can be filed by the student to the President/Superintendent within ten calendar days. When a grievance involves the Vice President of Student Services (or designee) (Level 1) and/or the Associated Students Cuesta College (ASCC) President and the Vice President of Student Services (or designee) (Level 2), those responsibilities listed above for these two positions at Levels 1 and 2 shall be assumed by the Superintendent/President (or designee appointed by the Superintendent/President) of the District.

LEVEL 3.

The student will appeal in writing with all supportive evidence to the President/Superintendent (or designee) who will evaluate the evidence and submit his/her finding in writing to the student within ten calendar days after receiving the appeal.

LEVEL 4.

A final written appeal may be made to the Board of Trustees within thirty calendar days of the written response of the President/Superintendent (or designee). The decision of the Board will be given within thirty calendar days of the initial meeting at which the complaint is discussed.

*When a student has a complaint which involves (1) sexual harassment, (2) civil rights discrimination on the basis of ethnicity, race, national origin, religious beliefs, age, gender, color, physical or mental disabilities, veteran status, sexual orientation or sexual identity, or marital status, or (3) retaliation for filing a sexual harassment or other unlawful discrimination complaint, referring a matter for investigation, participating in an investigation of a complaint, serving as an advocate for an alleged victim or alleged offender, or who otherwise furthers the principles of the District's unlawful discrimination policy (Policy 1565), then the matter is to be referred to the Executive Director of Human Resources and Labor Relations as such matters are to be handled pursuant to Policy 1565 (unlawful discrimination) and not as a student grievance.

SERVICE ANIMALS (BOARD POLICY 7985)

Purpose

This policy is to provide regulations regarding the use of service animals on District property, to comply with ADA Regulations; and to ensure that an individual with a verifiable disability, visual or not, who needs a service animal may participate in and benefit from District and College services, programs, and activities.

SERVICE ANIMALS (BOARD POLICY R7985)

Background

1. Service animals are animals trained to assist individuals with disabilities in the activities of normal living. The Americans with Disabilities Act (ADA) definition of a service animal is “. . . any . . . animal individually trained to do work or perform tasks and functions that a person who is disabled cannot perform for himself or herself, and for the benefit of an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals who are hearing impaired to intruders or sounds, providing minimal protection or rescue work, pulling a wheelchair, or fetching dropped items.” If an animal meets this definition, it is considered a service animal regardless of whether it has been licensed or certified by a state or local government or a training program.

2. Regulations implementing Title II of the ADA (28 C.F.R. Section 35.130(b)(7)), California law (Civil Code Section 54 et seq. and Penal Code Section 365.5), and San Luis Obispo County Community College District policy (Board Policy 7965 § VIII) allows service animals to accompany persons with verifiable disabilities onto the Cuesta College campus.
3. This policy differentiates "service animals" from "pets", describes types of service animals, denotes campus locations that are off-limits to service animals based only on issues of safety, and sets behavioral guidelines for service animals.

Definitions

1. Service Animal: Any animal individually trained to do work or perform tasks for the benefit of a person with a verifiable disability. Service animals are usually dogs. A service animal is sometimes called an assistance animal. If there is a question as to whether an animal is a service animal, contact one of the resources listed below:
   • Director of Disabled Student Programs and Services;
   • Director of Public Safety.

2. Partner/Handler: A person with a service or therapy animal. A person with a verifiable disability is called a partner; a person without a disability is called a handler.

3. Team: A person with a verifiable disability (or handler) and his or her service animal. The two work as a cohesive team in accomplishing the tasks of everyday living.

4. Trainee: An animal undergoing training to become a service animal. Trainees are permitted on District property, in accordance with regulations addressed above. A trainee will be housebroken and fully socialized. To be fully socialized means the animal will not, except under rare occasions, bark, yip, growl, howl, or make any type of disruptive noises; will have a good temperament and disposition; will not show fear; will not be upset or agitated when it sees another animal; and will not be aggressive. A trainee will be under the control of the handler at all times, who may or may not have a disability. If the trainee begins to show improper behavior, the handler will act immediately to correct the animal or will remove the animal from District property.

5. Therapy Animal: An animal with good temperament and disposition, and who has reliable, predictable behavior, selected to visit people with disabilities or people who are experiencing the frailties of aging or confinement as a therapy tool. The animal may be incorporated as an integral part of a treatment process. A therapy animal does not assist an individual with a disability in the activities of daily living. The therapy animal does not accompany a person with a disability all the time. Thus, a therapy animal is not covered by laws protecting service animals and the rights given to service animals.

6. Pet: A domestic animal kept for pleasure or companionship. Pets are not permitted in College facilities. Permission may be granted only by the Director of Public Safety for a pet to be in a college facility for a specific reason at a specific time (e.g., a pet dog or cat is used as a demonstration tool in a zoology class, speech class, etc.).

Types of Service Animals

1. Service Dog: A dog that has been specially trained as a "Guide Dog", "Hearing Dog", "Ssig Dog", "Seizure Dog", or "Assistance Dog".

2. Guide Dog: A dog carefully trained to serve as a travel tool by persons with severe visual impairments or who are blind.

3. Hearing Dog: A dog that has been trained to alert a person with significant hearing loss or who is deaf when a sound (e.g., a knock on the door) occurs.

4. Ssig Dog: A dog trained to assist a person with autism. The dog alerts the partner to distracting repetitive movements common among those with autism, allowing the person to stop the movement (e.g., hand flapping). A person with autism may have problems with sensory input and need the same support services from a dog that a dog might give to a person who is blind or deaf.

5. Seizure Dog: A dog trained to assist a person with various types of seizure disorders; how the dog serves the person depends on the person's needs. The dog may stand guard over the person during a seizure, or the dog may go for help. A very few dogs have somehow learned to predict a seizure and warn the person in advance.

6. Assistance Dog: A dog that has been specially trained to assist a person who has mobility or health impairment. Types of duties the dog may perform include carrying, fetching, opening doors, ringing doorbells, activating elevator buttons, steadying a person while walking, helping a person up after the person falls, pulling a wheelchair, etc.

Requirements for Faculty, Staff, and Students

1. Allow the service animal to accompany the partner at all times on campus, except where service animals are specifically prohibited, (Section VIII).

2. Do not pet a service animal. Petting a service animal when the animal is working distracts the animal from the task at hand.

3. Do not feed a service animal. The service animal may have specific dietary requirements. Unusual food or food at an unexpected time may cause the animal to become ill.

4. Do not deliberately startle a service animal.

5. Do not separate or attempt to separate a partner/handler from his or her service animal.

Requirements of Service Animals and Their Partner/Handler

1. Vaccinations: The animal must be immunized against diseases common to that type of animal. Dogs must have had the general maintenance vaccine series, including but not limited to vaccinations against rabies, distemper, and parvovirus. Other animals must have had the appropriate vaccination series specific for the type of animal, [County Code § 9.08.150, 9.08.170, 9.08.180, 9.08.190]. All vaccinations must be current. Though dogs in San Luis Obispo County are not required to wear or display a rabies vaccination tag, the owner must provide proof of a rabies vaccination upon request.

2. Licensing: The County of San Luis Obispo ordinance [§ 9.08.160], following state law requires all dogs be licensed by the time they reach 4 months of age. Guide dogs, hearing dogs, dogs serving mobility-impaired persons, and other service animals receive the license at no cost, [County Code Title IX, § 9.08.260].

3. Health: The animal must be in good health, displaying no skin, eye, ear, or nose irritation, infection, or discharge, unless the animal has a release from a veterinarian showing the animal free of any health risk to the public. The animal must be free of fleas and external parasites.

4. Leash and Control: The animal must be on a leash at all times. The partner/handler must be in control of the animal at all times. The care and supervision of a service animal is solely the responsibility of its partner/handler.

5. Cleanup: The partner/handler must follow District policy in cleaning up after the animal defecates. District policy requires the partner/handler to: always carry equipment sufficient to clean up the animal's feces whenever the animal and partner/handler are off the partner's property, or animal's home base.
6. Registration: A partner/handler who is a District disabled student who wishes to bring a service animal/trainee onto the campus must register his/her animal with the Disabled Student Programs and Services (DSPS) Department. Employees and other partners/handlers who wish to bring service animals onto the campus must register their animals with the Public Safety Office. Visitors with service animals must check in with the Public Safety Office. (See form attached.)

1 Due to formatting issues above noted form is not attached to this Board Policy but may be found at http://academic.cuesta.org/president/BP/BP7000/7985.doc

When a Service Animal Can Be Asked to Leave

1. Disruption: The partner/handler of an animal that is unruly or disruptive (e.g., barking other than warning or protection, running around, bringing attention to itself) may be asked to remove the animal from District property. If the improper behavior happens repeatedly, the partner/handler may be told not to bring the animal onto District property until the partner/handler takes significant steps to mitigate the behavior. Mitigation can include, but is not limited to, muzzling a barking animal, refresher training for both the animal and the partner/handler, or providing proof of additional certified training from a state licensed facility.

2. Health: Service animals that are ill should not be taken into public areas. A partner/handler with an ill animal may be asked to leave the District property.

3. Uncleanliness: Partners/handlers with animals that are unclean, noisome and/or bedraggled may be asked to leave District property. An animal that becomes wet or muddy, but is otherwise clean, should be considered a clean animal. Animals that shed in the spring sometimes may look bedraggled. If the animal in question is well groomed, consider the animal tidy even though its spring coat is uneven and messy-appearing or it has become wet from weather or weather-related incidents.

Areas Off Limits to Service Animals

1. Mechanical Rooms/Custodial Closets: Mechanical rooms, such as boiler rooms, facility equipment rooms, electric closets, elevator control rooms, and custodial closets are off-limits to service animals. The machinery and/or chemicals in these rooms may be harmful.

2. Areas Where Protective Gear is Necessary: Any room where protective gear is worn is off-limits to service animals. Examples impacting students include the foundry, glass laboratory, wood and metal shops, photographic lab, and chemistry or biology labs.

3. Areas Where There is a Danger to the Service Animal: Any room, including a classroom, where there are sharp metal cuttings or other sharp objects on the floor or protruding from a surface; where there is hot material on the floor (e.g., molten metal or glass); where there is a high level of dust; or where there is moving machinery is off-limits to all service animals.

Exceptions:

1. A Dean and Division Chair/Director, in consultation with an instructor, may authorize opening a laboratory to service animals.

2. A Dean and Division Chair/Director of a research laboratory or an instructor in a classroom or teaching laboratory with moving equipment may grant permission to an individual service animal and partner/handler team to enter the research laboratory, classroom, or teaching laboratory with moving machinery. Admission for each team will be granted or denied on a case-by-case basis. The final decision shall be made based on the nature of machinery and the best interest of the service animal. Example: The machinery in a classroom may have moving parts at a height such that the tail of a large dog could easily be caught in it; which is a valid reason for keeping large dogs out. However, a very small hearing dog may be shorter than any moving part and, therefore, considered for admission to the classroom.

3. Access to other designated off-limits areas may be granted on a case-by-case basis by the Director of Academic Support/Disabled Student Programs and Services.

4. To be granted an Exception: A student partner/handler who wants his or her service animal to be granted admission to an off-limits area should contact the Disabled Student Program and Services (DSPS) Department and any non-student partner/handler, including an employee, who wants his or her service animal to be granted admission to an off-limits area should contact the Pubic Safety Department. An employee of DSPS or Public Safety, respectively, should fill out the disability accommodation request form for the partner/handler and then the partner/handler should take the form to the appropriate Dean, Division Chair, or instructor for his/her signature. This form will remain in the student's file in DSPS or on file in Public Safety, as appropriate, for the current semester only.

5. The District will work with a partner/handler whose service animal has been excluded for an off-limits area to otherwise reasonably accommodate the partner/handler's needs.

Evaluation Procedures

1. The District's Director of Academic Support/Disabled Students Programs and Services or Director of Public Safety must determine whether the service animal meets the basic ADA definitions. This determination is based upon whether the service animal has been trained to provide the specific task or service required by the individual because of his/her disability (ies) and whether the animal can actually provide that task or service. If the animal cannot perform the identified task or service, the District may exclude the animal from its facilities and campuses.

2. The District must rigorously analyze whether the presence of the service animal would actually have a significant effect upon the service, program, or activity involved. If the District determines that the use of the service animal causes a fundamental alteration in District services, programs, or activities, the District may exclude the animal from its facilities and campuses. (28 C.F.R. § 130 (b)(7).)

3. The District must determine whether the presence of a particular service animal poses a significant risk to the health or safety of other persons that cannot be eliminated by a modification of policies, practices, or procedures, or by the provision of auxiliary aids or services. In doing so the District must make an individualized assessment based on reasonable judgment that relies on current medical knowledge or on the best available objective evidence to determine the probability that the potential injury will actually occur. If the District determines that the presence of the service animal does pose a direct threat to the health or safety of persons participating in District service, programs, or activities, the District may exclude the animal from its facilities and campuses. (28 C.F.R. § 36.208.)

4. If the District determines that the use of a particular service animal will not be permitted, the Director of Academic Support/Disabled Student Program Services will take the following steps to ensure that the individual with a disability is not discriminated against on the basis of that disability:
• Determine whether alternative modifications to District policies, practices, or procedures can be made to permit the individual to participate in District services, programs, or activities.
• Determine whether academic adjustments or auxiliary aids may be used by a student with a disability to permit his/her participation in District services, programs, or activities.

5. An individual with a disability who is denied the use of a service animal may appeal to the Vice President/Assistant Superintendent of Student Services.

Complaints

Anyone dissatisfied with a decision made concerning a service animal should refer to the Unlawful Discrimination Grievance Procedures. (Board Policy 1565)

6. Enforcement of this policy/regulation shall be in accordance with established procedures for enforcement of other regulations.

DISABLED STUDENT PROGRAMS AND SERVICES (DSPS)

Disabled Student Programs and Services (DSPS) helps to promote the full participation of students with disabilities. DSPS advocates and facilitates equal educational opportunities through appropriate support services, curricula, instruction, policies, and funding allocations. DSPS works to eliminate discrimination against students with disabilities and to promote their independence, growth, productivity, and equality.

Cuesta College provides support services and instruction to students with verified disabilities who can benefit from instruction. College facilities, courses, and programs are designed to accommodate the special needs of students with disabilities and to be in compliance with the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973, and California Education Code Title 5.

Students with verified disabilities who wish to request special accommodations through DSPS must complete an application for services and meet with a specialist to determine reasonable accommodations. A Student Educational Contract (SEC) is developed with each student, outlining the support services and/or instruction appropriate for the student.

Students with disabilities who plan to or do attend Cuesta College must meet the following levels of independence:

- The ability to negotiate campus facilities independently or with the assistance of one's own attendant; and
- The ability to take care of personal needs unassisted or to provide one's own attendant.

Disability categories served include:

- Learning Disability
- Physical Disability (visual or mobility)
- Psychological Disability
- Communication Disability (speech, language, or hearing/deafness)
- Acquired Brain Impairment
- Developmental Disability
- Other Disability that may require support services or instruction.

Support services are specialized services available to students with disabilities and are in addition to the regular services provided to all students. Such services enable students to participate in activities, programs, and classes offered by the college. Services include, but may not be limited to, alternative testing, sign language interpreters, notetakers, readers, scribes, tutors, registration assistance, academic support, disability related counseling, and evaluation of need for and access to adaptive equipment. If you have a verified disability and need college materials in an alternative format, contact DSPS or the Vice President of Student Services for assistance. Services for students with verified disabilities are available through DSPS or by contacting the Vice President of Student Services.

Special instruction in adapted physical education, adapted computer access skills, reading, writing, and mathematics is available to qualified students. Refer to the Academic Skills course descriptions in this catalog and in the current class schedule for a list of available classes and locations.

Students with personal attendants and/or service animals must register in the DSPS Office prior to attending classes. Materials will be made available in alternate format upon request. The DSPS Support Service Office will make every effort to provide services in a timely manner and to notify instructors of special needs.

Disabled Student Programs and Services (DSPS) is located on the first floor of the San Luis Obispo Campus High Tech Center Building 3300, phone (805) 546-3148 and in Room N3024 at the North County Campus phone (805) 591-6215. South County students should contact the San Luis Obispo DSPS Office.

- Financial Aid Programs: Financial aid programs are available to help students who might otherwise be unable to complete their education. Students may apply for financial aid in the form of grants, scholarships, loans, and work study.

- Financial Aid Funds: Financial aid funds are administered in accordance with a nationally established policy of financial assistance for education. The basis of this policy is the belief that students and their families have the primary responsibility for meeting educational costs. The amount of the contribution expected from students is determined by careful analysis of family financial strength, taking into consideration net income, number of dependents, allowable expenses, indebtedness, and assets. Dependent students will provide data for both themselves and their parents, while independent students will provide data for themselves and their spouse, if married. Congress has established procedures that are used in making an evaluation of how much families can be expected to contribute.

- Financial Aid Programs:
  - Board of Governor's Fee Waiver (BOGW): The California Community College Board of Governor's Enrollment Fee Waiver or BOGW, waives enrollment fees for California residents who meet one of the following criteria:
    - are eligible for any type of need-based financial aid;
    - receive CalWORKs, SSI or General Assistance payments or, if a dependent student, has a parent or Registered Domestic Partner (RDP) who receives this assistance; or
    - Has certification from the California Department of Veterans Affairs or the National Guard Adjutant General that the student is eligible for a dependent's fee waiver,
    - Is eligible as a participant of the Congressional Medal of Honor or as a child of a recipient, or a dependent of a victim of the September 11, 2001 terrorist attack
    - Is eligible as a dependent of a deceased law enforcement/fire suppression personnel killed in the line of duty.

- Federal Academic Competitiveness Grant: Freshman and sophomore students who are eligible for a Pell Grant and U.S. citizens may receive a new Federal Academic Competitiveness Grant (ACG) of up to $750 for their first year and $1,300 for the second year. To qualify, students must have successfully completed a rigorous high school program as recognized by the U.S. Secretary of Education. Second-year students must also have maintained at least a 3.0 grade point average, and all students must maintain full-time enrollment while receiving these grants.

- Federal Stafford Student Loan Program: This is a government loan commonly referred to as a guaranteed student loan. There are two types of Stafford loans: subsidized, for which the government pays the interest while students are in school, and during grace and deferment periods; and unsubsidized, for which students are responsible for paying all the interest on the loan, from the day the loan is first disbursed to when it is paid in full. Interest payments can be deferred while they are in school. If students choose to let this interest accrue, it will be capitalized at repayment. Students must attend college at least half time to receive Stafford loan funds. Generally, repayment begins six months after students graduate, withdraw from school or enroll less than half time. All students interested in applying for a Stafford Student Loan (both subsidized and/or unsubsidized) are required to attend an Entrance Loan Counseling session to initiate the loan process. Loan Workshop dates are scheduled periodically throughout each semester and are posted on the financial aid website: http://academic.cuesta.edu/finaid

- Students with an accumulated student loan debt of $12,000 may not be approved for additional student loans at the community college level.

- Federal Supplemental Educational Opportunity Grant (SEOG): A federal grant (limited funding) is awarded to students with the highest need.

- Federal Work Study (FWS): Campus employment (limited funding) is awarded to students with the highest need. Students must maintain an overall Grade Point Average of 2.0 per Board of Trustees directives and be enrolled in a minimum of 6 credits.

- State Cal Grant B and Cal Grant C: These are two state programs administered by the California Student Aid Commission. Cal Grant B provides a living allowance (and sometimes tuition/fee assistance) for very low-income/disadvantaged students with high potential. Cal Grant C assists vocational students with tuition and training costs. Students must be enrolled in a community college vocational program from four to 24 months in length. Students can apply for these Cal Grants when completing the Free Application for Federal Student Aid (FAFSA) and GPA Verification Form. The initial Cal Grant deadline is March 2 each year.

• California Chafee Grant for Foster Youth: Youth who are or were in foster care may qualify for up to $5,000 a year for college. To qualify, students must attend college at least half-time and their course of study must be at least one year long. Youth who have been in another state’s foster care program and meet the Independent Living Program requirements are also eligible to apply. Students who were in foster care any time between their 16th and 18th birthdays but were later reunited with their parents still qualify for the California Chafee Grant. To apply, students must submit both the FAFSA and the California Chafee Grant Application, which is available online at www.casc.ca.gov.
• Campus Scholarships: In addition to government funding, Cuesta has a campus scholarship program. These funds, made available through private donors, are awarded annually by the Financial Aid Committee. Requirements include an overall GPA of 2.5, two letters of recommendation, and the official application. The application deadline is March 2 each year.

Application

Financial aid funds come from appropriations made by the federal and state governments and through scholarship awards made by individuals and other public and private agencies and organizations. Hence, each of these funds MUST be administered according to different sets of policies, regulations and/or specific requirements.

Cuesta recommends use of the Free Application for Federal Student Aid (FAFSA). This application form is a tool for determining need for the BOGW, Federal Pell, Federal Academic Competitiveness grant, SEOG, FWS, and Stafford Loan, as well as the Cal Grants. FAFSA applications are available in the Financial Aid Office beginning the January preceding the academic year the student plans to attend. A student also can apply over the Internet at http://www.fafsa.ed.gov instead of using the paper form.

To apply for campus scholarships, it is necessary to complete a separate application. The scholarship applications are also available in the Financial Aid Office and at academic.cuesta.edu/finaid beginning the December preceding the academic year the student plans to attend. The annual deadline is March 2.

Student Eligibility

To receive federal financial aid, the Department of Education requires that you MUST:
• Be a citizen or eligible noncitizen of the United States;
• Have a valid Social Security Number;
• Have a high school diploma or a General Education Development (GED) certificate, pass an approved “ability to benefit” test or successfully completed 6 or more college credits that apply toward a degree or certificate;
• Enroll in an eligible program as a regular student seeking a degree or certificate;
• Register (or have registered) for Selective Service, if you are a male between the ages of 18-25;
• Be making satisfactory academic progress;
• Not owe a refund on a federal grant or be in default on a federal educational loan; and
• Complete a drug rehabilitation program for individuals convicted of any offense under federal or state law involving the possession or sale of a controlled substance.
• To be eligible for California grants, you MUST:
• Be a resident of California;
• Have “financial need” based on the criteria for the Board of Governor’s Fee Waiver or Cal Grant Program.

Ability to Benefit Testing for Non-High School Graduates

In order to qualify for financial aid, any person 18 years of age or older who has not earned a high school diploma, or has not received a satisfactory General Education Diploma (GED) test score, or has not passed a high school proficiency test will need to demonstrate evidence of the ability to benefit from college instruction by passing an exam designed for that purpose. Cuesta College administers an Ability To Benefit exam once each month during the school year. Sign-ups are conducted through the Assessment Office located in San Luis Obispo Campus Building 3400, Room 3414. Call (805) 546-3951 to sign up by telephone. To take the exam at the North County Campus, call (805) 546-6225 for an appointment.

Student Educational Plan (SEP) / Orientation

If you are a FIRST-TIME FRESHMAN and have a GED or its equivalent, you should submit an Orientation Verification form obtained by attending an in-person orientation or complete the online orientation, which can be accessed through myCuesta. This will fill the Financial Aid requirement for an SEP/Orientation for your first semester as a first-time freshman ONLY. Once you enroll in Cuesta, schedule a counseling appointment to complete your matriculation planning process.

If you are a continuing Cuesta student and you have attended no other colleges, you must submit a current SEP. Contact the Counseling Office at (805) 546-3138 to make an appointment.

If you are a Transfer Student or you have attended other schools since high school, you will need a SEP.

To obtain a SEP:

1. Request that your official academic transcripts, plus a general education pattern, from ALL previous schools you have attended be forwarded to Cuesta.
2. Verify with the Admissions and Records Office that Cuesta College has received ALL your official academic transcript(s).
3. Make an appointment with an academic counselor at the Counseling Office. You will complete your SEP with the counselor at that time.
4. Submit a copy of your SEP to the Financial Aid Office.

Selective Service Requirement

Federal law requires men, 18 through 25 years old, to be registered with the Selective Service System (SSS). Females are excluded from the requirement. The law applies to male citizens and immigrant aliens but not to foreign students who hold student visas. Men must be registered before they can receive federal or state financial aid for school, including loans and grants. Registration forms are available at any post office, at the Cuesta College Admissions and Records Office, and at the Financial Aid Office. Or, a man can register on-line by visiting the SSS home page at www.sss.gov on the World Wide Web.

Standards For Satisfactory Progress For Financial Aid Eligibility

When a student accepts a financial aid award, he/she enters into a contract. The student agrees to successfully complete the number of credits for which he/she received payment and to make satisfactory progress toward his/her educational goal. Progress will be evaluated at the end of each semester by the standards listed below.
This policy has been developed for students receiving federal financial aid to assist in academic planning and success. Federal regulations require a student to move toward the completion of a degree or certificate when receiving financial aid. Federal regulations state that academic progress standards MUST include a review of periods of enrollment in which the student did not receive aid as well as the semesters they did receive aid. For the purpose of financial aid eligibility, Cuesta College students MUST meet the following minimum standards to be applied to credits attempted at all accredited post-secondary education institutions. These standards are applied to all previous college course work, whether or not the student received financial aid, and whether or not the previous college course work is relevant to the current course of study.

- Minimum Credit Requirements: Students are required to complete a minimum number of credits per semester according to their enrollment status:
  - Full time: 12 credits
  - Three-quarter time: 9 credits
  - Half time: 6 credits
  - Less than half time: all credits attempted

Withdrawals (W), Repeats, Incompletes (I), No Credits (NC), Failing Grades (F), or credits achieved by challenging courses are not considered credits completed for financial aid purposes. All courses offered with credits of credit at Cuesta College will be considered valid credits, including basic skills courses.

- Students must maintain an overall cumulative GPA of 2.0 in all Cuesta College course work.

- Maximum number of credits attempted: The amount of financial aid a student receives is limited by the student's educational goal/ objective. A student may continue to receive financial aid provided the student has not attempted more than 150 percent of the credits required for his or her educational goal. Attempted credits are defined as credits in which the student enrolls, whether or not the student completes those credits or withdraws from them. Once a student achieves his or her goal or exceeds the number of attempted credits, he or she is no longer eligible for financial aid. For example, if a student's educational objective is to earn an associate degree, the student is required to earn 60 credits to complete that goal. Therefore, a student may earn up to 90 credits (150 percent of the credits required for the goal) and still be eligible for financial aid. Once the student earns beyond 90 credits, he or she is no longer eligible for financial aid, with the exception of the BOGW.

Note: Transfer credits from other institutions will be included in the maximum credit count if applicable toward the student's current objective.

- Students must identify a Cuesta College academic or vocational goal. Entering students are to attend a Cuesta College Orientation Workshop. All continuing students must annually complete a Student Educational Plan (SEP) with an academic counselor.

- First-time financial aid applicants with a cumulative GPA below 2.0 from course work at Cuesta College or another institution may apply for financial aid and, if eligible, will be awarded for one semester only. This initial semester will be considered a probationary period.

- Remedial Credits: Funding is limited to a maximum of 30 remedial credits. Federal regulations define “remedial” as courses that do not apply to a degree, certificate or transfer program. For clarification, students can refer to the Remedial Course Work Limitation section of this college catalog or contact their academic advisor.

Financial Aid Probation

Any student who does not maintain satisfactory academic progress in any semester shall be placed on probation for the following semester. While on probation, the student will continue to receive grants provided they agree to complete the minimum credits for which they received payment. However, loan eligibility may be affected. At the end of the probation period, the student's academic progress will be reviewed again. Probationary status will be removed if the student has met the Satisfactory Academic Progress standards. Students who do not maintain satisfactory academic progress during the probationary semester will be placed on financial aid suspension.

Financial Aid Suspension

Students who are placed on financial aid suspension are ineligible to receive financial aid. Students may request reinstatement of financial aid upon proof of completion of at least half-time status with a cumulative 2.0 GPA.

Students who have had their financial aid eligibility suspended may file an appeal with the Financial Aid Advisory Committee, if they feel they had special circumstances that prevented them from making satisfactory progress. The committee will meet in person with the student filing the appeal. If the advisory committee grants mitigating circumstances for a semester of unsatisfactory progress, financial aid eligibility will be extended for one semester. This semester will be considered a probationary period. Students may receive an approved appeal only once while at Cuesta College.

Return Of Title IV Funds

The U.S. Department of Education requires institutions and students to repay or refund unearned student aid funds. Student aid may be considered unearned if a student withdraws completely during a term in which federal Title IV money was received. Refund and repayment regulations specify, in a complex formula, exactly how much is due back to the federal programs from the institution and/or the student.

The Higher Education Act Amendments of 1998 adopted a new approach for the return of unearned federal funds. The new approach became law on October 7, 1998, and was implemented during the 2000/2001 year.

Schools have certain responsibilities if a student with Title IV funds:

- Officially withdraws,
- Drops out,
- Is expelled,
- Earns all F’s or W’s for the semester
- Takes an unapproved leave of absence, or
- Fails to return from an approved leave of absence.

When a student completely withdraws, the institution determines what percent of the term has not yet expired (determined on a day-to-day basis). That percentage becomes the amount of money that was not “earned” by the student or institution. When only 40 percent of the term remains, 100 percent of funds are considered to be earned.

The return of Title IV funds applies only to federal financial aid funds received, excluding federal work-study earnings. There is no impact on state or institutional funds.

Cuesta College complies with all refund requirements established by the federal Title IV financial aid regulations. These regulations may differ from the college’s regular refund policy. The college’s current financial aid return to Title IV policy may be obtained from the Financial Aid Office.

**Student Life & Leadership**

The purpose of the Student Life & Leadership program is to assist the student population in the development of programs that serve and actively involve a wide range of students. Opportunities for personal growth are extended to students through leadership and peer counseling courses and programs, community and elementary school internships*, clubs and organizations, and campus events produced by the students themselves.

*Depending on course availability.

**Leadership Studies Program**

The Leadership Studies program provides a variety of opportunities for students to challenge their perceptions of leadership and to guide them to a new way of critically thinking about their own leadership potential. Courses offered can be used toward earning Certificates of Completion in either Leadership Studies or Service Leadership. Many of the courses offered in this division concentrate on learning how to develop the leader within; raising self-esteem; improving critical-thinking skills; experiencing greater self-awareness; increasing self-motivation; developing mutually supportive relationships; problem-solving/decision-making techniques; and helping others. Courses are interactive and experiential, offering many hands-on opportunities for field work and practicum experiences outside the classroom. Check the current class schedule for course offerings.

**Student Activities**

Cuesta College's student government develops a broad spectrum of activities, programs, and services for the student body. Its goals are to provide social contact, entertainment, and leadership opportunities for the campus community. Extracurricular activities foster a sense of unity among individuals, as well as among student groups pursuing specialized interests.

The complete planning and production of various events provide excellent experience for student leaders and enjoyable activities for all. Lectures, film series, forums, bands, community awareness programs, and seasonal and special events are all within the scope of student government sponsorship.

The broad array of student activities involves the educational experience of all members of the Associated Students of Cuesta College. Students plan and develop them and, by taking an active role, experience a personal satisfaction and growth beyond their academic pursuits.

**Associated Students of Cuesta College**

The Associated Students of Cuesta College (ASCC) operates under regulations authorized in the California Education Code and in the policies of the Cuesta College Board of Trustees. The ASCC is the college's official student government organization. Membership is open to all students who purchase an ASCC Student ID card.

The ASCC is established to promote the general welfare of Cuesta College students; to guarantee equality of opportunity among students; to offer an experience in practice of the American democratic government; and to encourage student participation in, planning for, and involvement in a comprehensive program of student activities. It offers students opportunities to participate in social and cultural events, to share in governance activities, to interact with professionals, and to create and administer their own organizations and programs.

**Student Organizations**

The college and the ASCC grant recognition to campus organizations including honor societies, service and religious organizations, those with an ethnic/multicultural focus, and departmental and special interest groups. The varied types of clubs not only offer an opportunity for social life but also make a fine contribution to the development of student leadership. Membership and active participation in a reasonable number of these organizations are strongly recommended by the college.

**Student Center, Building 5300**

The Student Center, located on the San Luis Obispo Campus only, provides a place for comprehensive student life opportunities and activities. Students can take advantage of the various experiences offered in the Student Center, including the ASCC Social Club, which offers free movies, games, a pool table, and live music events. Free legal counseling services are available here for ASCC Student ID cardholders. Club and student government offices also are located in the Student Center. The Student Center is a great place to take a break between classes or possibly get involved beyond the classroom experience. Campus tours for prospective students and their parents are facilitated by Student Life and Leadership staff. Call (805) 546-3289 for more information.

**Cultural Center, 5104 A&B (inside the cafeteria)**

The Cultural Center, located at the San Luis Obispo campus, supports exploration and awareness of diversity through activities, films, literature, music, and human interaction for the purpose of exchanging, sharing,
and understanding all cultures. The Cultural Center’s Mission Statement reads: “The Cuesta College Cultural Center embraces and celebrates the diverse cultural heritage that all Cuesta College students, faculty, and staff bring to the campus community.” Call (805) 546-3100, extension 2194, for further information.

**TRANSFER/CAREER SERVICES**

The Transfer/Career Center is located in Room 3134, first floor of the San Luis Obispo Campus Library building. The phone number is (805) 546-3162.

**Transfer Services**

The Transfer/Career Center has a wide variety of resources available to university bound students including college and university catalogs and information, college search materials, major and career books, and study abroad brochures and catalogs. The center maintains information about university transfer requirements, the university application process, articulation agreements and transfer admission guarantee programs. In addition, the center provides internet access with links to assist students completing online admissions applications and researching colleges.

Transfer counselors are available to help students identify their educational goals, research colleges and programs, determine university admission requirements, evaluate transcripts and develop Student Educational Plans (SEPs). Appointments to meet with a counselor can be made one week in advance beginning the first working day of the week and are available from 8:30 a.m. to 4:00 p.m. Monday through Thursday and from 10:30 a.m. to 4:00 p.m. on Friday.

Transfer/Career Center staff serve as liaisons to colleges and universities and advocate for students in the admission process. Center staff also coordinate university representative visits in which university outreach staff come to campus to meet with Cuesta College students individually.

Transfer Admission Guarantee (TAG) programs are commitments that selected colleges and universities make to Cuesta College students who meet specific credit, GPA, and course requirements. A TAG serves as a contract between the student and college or university. Students who have completed a TAG with a counselor and have met contractual requirements are guaranteed admission.

**Transferring to California Polytechnic State University**

California Polytechnic State University, San Luis Obispo (Cal Poly) is a part of the California State University (CSU) system. Because admission to Cal Poly is highly competitive, the university utilizes a comprehensive strategy to determine undergraduate admission selection. Candidates are screened and ranked by major. The competitive nature of each major is based on the number of applications received, compared to the number of openings available, and to each applicant's qualifications.

Applicants for a specific term are asked to submit, by a stated deadline, a Cal Poly application for admission (via the CSU Mentor Internet site), which collects the necessary data to rank each applicant in the selection pool. Selection criteria include completion of specified coursework, grades in specified coursework and general education classes, and extracurricular activities and work experience.

The Cal Poly Admissions website provides comprehensive information on the admission selection process. Transfer students should pay special attention to the prerequisite coursework listed for their major on the Transfer Preparation Guide available on the Cal Poly Admissions website at www.css.calpoly.edu/_admiss/.

Because of the special conditions of admission to Cal Poly, it is strongly recommended that students work closely with a Cuesta College counselor to prepare a Student Educational Plan. The course articulation (course equivalency) agreement between Cal Poly and Cuesta College maximizes the number of classes that will transfer for degree credit. In addition to major-specific prerequisite courses, Cal Poly will give preference for most majors to students who complete their General Education Breadth Certification or the Intersegmental General Education Transfer Curriculum (IGETC) prior to transfer. Students applying as upper-division transfer applicants to Cal Poly with all recommended prerequisite courses completed for their major traditionally have a higher rate of acceptance to the University.

**Articulation Agreements**

Students who wish to transfer need to become familiar with the articulation agreements Cuesta College has established with four-year universities and colleges in general education and in specific majors.

Articulation agreements are available to students through counselors/academic advisors and in the Transfer Center. Most articulation agreements also can be accessed through the Internet or ASSIST.
(www.assist.org). Easy-to-follow instructions allow students access to specific course requirements for all colleges where Cuesta College has established agreements.

**ASSIST**

ASSIST (Articulation Subsystem Stimulating Inter-institutional Student Transfer) is a student-transfer information system available at www.assist.org. ASSIST displays reports describing how courses completed at a California community college will be applied to an undergraduate degree when they are transferred to a California State University or University of California campus. As the official repository of articulation for California’s public colleges and universities, ASSIST provides the most accurate and up-to-date information available about student transfer within the state of California. Students who are planning to transfer to a California State University or a University of California campus are encouraged to utilize ASSIST information (in consultation with a counselor) for important information about the transfer and articulation process.

**VETERANS**

Cuesta College is approved for the training of veterans under the various public laws of the United States and the California Veterans Program.

Any student who plans to enroll under any federal or state program must contact the Cuesta College Veterans Office, (805) 546-3142 which will supply all necessary forms and information.

Students who are children or widows of veterans who died as a result of military service, or who are dependents of veterans who are totally disabled as a result of such service or peace time military service since September 16, 1940, may be eligible for assistance from the Veterans Administration or the State of California. Satisfactory scholarship, attendance, and program progress are required for all students receiving benefits from any federal or state agency.

Rules and regulations pertaining to veterans’ training are subject to change at any time. Veterans are advised to check with the Cuesta College Veterans Office to receive a copy of the latest requirements, rules, and regulations. It is the veteran’s responsibility to inform the Veterans Office of any changes to his or her schedule and program.

**CalWORKs**

CalWORKs at Cuesta College is a comprehensive program designed to provide fast-track curriculum options, employment services, academic and career counseling, and supportive services for the welfare-to-work student. Welfare-to-work students are those who are enrolled at Cuesta College and receive cash assistance from the Department of Social Services for themselves and their children.

Services include:

- Career education and job seeking skills including vocational assessments as well as resume and interview preparation;
- Integrated job training and education programs;
- Networking with other established Cuesta programs to provide support services;
- Placement of CalWORKs students in work activities that enable them to meet work requirements, gain practical work experience, and meet educational goals, i.e., work study positions, internships, and job placement on/off campus;
- Academic counseling and student development plans that work with welfare to work plans.

In partnership with community agencies such as, the Department of Social Services, One Stop Career Centers, as well as local employers, the goal of CalWORKs is to assist the TANF student’s transition from welfare to employment and financial self-sufficiency.

CalWORKs staff are located at Career Connections, Student Center, Room 5310, (805) 546-3204.

ASSOCIATE DEGREES AND CERTIFICATES

Students wishing to receive an associate degree or certificate must complete the Cuesta College Associate Degree Application or Certificate Application in order for the Evaluations Office to perform an official final evaluation of the student’s record for completion of requirements. Students must be within two terms of completing requirements before the application will be accepted, and should consult with a counselor for verification. The applications are available on the Office of Admissions and Records’ website and in the Student Services Center at all campus locations. See “List of Degrees and Certificates” beginning on page 52.

Degrees and certificates are awarded two to three months after the completion of the term in which requirements were met. Posting dates reflect the final date of the traditional semester or session in which the requirements were completed (certain exceptions may apply to Allied Health certificate programs).

Degree candidates are encouraged to participate in the Cuesta College Commencement Ceremony which takes place each May on the San Luis Obispo campus. Commencement information is available on the Evaluations Office website or in the Commencement Channel in myCuesta.

CATALOG RIGHTS

A student who satisfies the following definition of attendance will follow the Cuesta College curriculum for degrees and certificates in effect:

• at the time the student began attendance at a California Community College, California State University, University of California, or other regionally accredited college or university; or
• as outlined in a subsequent Cuesta College catalog.

“Attendance” means attendance in at least one semester or two quarters each academic year. A student who misses two consecutive semesters, or three quarters in an academic year, excluding summer school, will lose catalog rights. In that case, the student must follow (1) the Cuesta College catalog that coincides with the student’s date of re-enrollment in a regionally accredited college or university or (2) a subsequent Cuesta College catalog. A total withdrawal in a semester does not constitute a one-semester break in enrollment when “Ws” are posted on the student record. Campus authorities may authorize or require substitutions for discontinued courses in certificate or degree programs.

RESIDENCY REQUIREMENT

Residency Requirements are met by completing coursework through Cuesta College. Credit-by-Exam, Advanced Placement credit and Military credit do not fulfill the requirement. Non-degree applicable coursework is acceptable.

• DEGREES - A minimum of 12 semester credits must be completed in residence at Cuesta College before a degree may be awarded.
• ADVANCED PLACEMENT CREDIT - A minimum of 12 semester credits must be completed in residence at Cuesta College before credit for AP exams will be applied.
• CERTIFICATE OF ACHIEVEMENT - A minimum of two of the required courses must be completed in residence at Cuesta College.
• CSU GENERAL EDUCATION CERTIFICATION - A minimum of 3 credits of general education coursework must be completed in residence at Cuesta College before certification may be granted.
• HOSPITAL DIPLOMA CREDIT - A minimum of 12 credits must be completed in residence at Cuesta College before credit can be awarded.

• MILITARY CREDIT - A minimum of 12 credits must be completed in residence at Cuesta College before military credit can be awarded.

Complete 18 credits in an “Area of Emphasis”
• Arts and Humanities
• Mathematics and Sciences
• Social and Behavioral Sciences

Where appropriate, courses in the Area of Emphasis may also be counted for a general education requirement. For depth, include a minimum of two courses from a single discipline. For breadth, include at least three disciplines.

Requires the following for graduation from Cuesta College:

GENERAL EDUCATION

General education is a coherent pattern of courses intended to serve three purposes: Taken as a whole, the program is intended to strengthen students’ essential intellectual skills; broadly introduce students to the core concepts and methods of the major disciplines; and prepare students to lead enriched lives in our multicultural society. General education courses are distinguished from those required for a major or allowed as freely chosen electives. Courses in the general education category are “general” in two senses: independently, they survey the core concepts and methods of the discipline in which they are included; and they point, where possible, to the influences and contributions of the discipline to other disciplines, culture, human history and our quest to understand our universe.

Through this program, students will acquire the ability to think and communicate clearly and effectively both orally and in writing; to use mathematics and other symbolic systems; to understand the modes of inquiry of the major disciplines; to appreciate the structures and processes of the natural environment; to be aware of other cultures and times; to achieve insights by thinking about ethical and social problems; to understand and appreciate the history of US culture and its governing institutions.

CRITERIA FOR GENERAL EDUCATION COURSES

Upon completion of the general education course pattern, in addition to the area-specific outcomes, students should be able to:
• identify, explain, and analyze the core concepts and methods of the major discipline in which the course is included;
• identify, explain, and analyze the influences and contributions of the specific discipline to other disciplines, cultures, human history, and our quest to understand the universe.
• organize, integrate, and critically analyze information within the course, using these skills to generate and evaluate alternative perspectives; and
• prepare students to live enriched lives in our multicultural society..

GENERAL EDUCATION CATEGORIES AND REQUIREMENTS

Categories of courses that fulfill general education requirements and the criteria for inclusion in each of the categories are as follows:

AREA A: PHYSICAL AND LIFE SCIENCES

After successfully completing courses in this category, students will understand the scientific method and its role in research, analyze problems in a structured way, and develop and employ strategies for solutions using scientific principles. Students will understand the empirical bases for current scientific theories, how those theories develop and change, and how they explain the natural world. ### AREA C: ARTS AND HUMANITIES

After successfully completing courses in this category, students will recognize the value of the great works of the human imagination in a broad context and understand their contribution to human culture. They will be able to analyze and appraise cultural/artistic achievements in verbal and/or non-verbal forms. Since language acquisition is a door to understanding the arts and humanities of other cultures, students who acquire second language skills also fulfill the category C requirement.

DEGREE AND CERTIFICATE GENERAL INFORMATION

COSTA COLLEGE

INSTRUCTION

Cuesta College offers two types of academic programs with occupational emphasis: programs leading to an Associate in Arts or Associate in Science degree and programs leading to a Certificate of Achievement and/or Certificate of Specialization. Both provide instruction in the skills and knowledge needed to enter or to make progress in an occupation. The student who wants to pursue a career-oriented program must be eligible to enroll at Cuesta College.

The Associate in Arts or Associate in Science degree programs require completion of 60 degree applicable credits, including general education, health education, diversity and American Institutions coursework, in addition to courses which are career-oriented. Refer to the “Associate Degrees and Certificates” section (pages 46-47).

Vocational programs are developed by the college in close cooperation with advisory committees composed of representatives from business, industry and the college. These advisory committees review course content to make certain that the instruction and curriculum provide current skills, and recommendations are made to update the curriculum. In this manner, students in these programs receive the most current information and skills to prepare them for employment in their chosen field.

Frequently a student's educational goal will change. The college recognizes the mobility within our society and the necessity of changing education needs and goals. Therefore, students can switch from a degree program to a certificate program without loss of credit. The reverse is also true.

Certificate programs require completion of a course or a series of courses. Typically, students who seek certificates wish to complete a career program as quickly as possible to obtain employment. Many students complete the requirements for the certificate, attain employment, and return to Cuesta College to complete the additional general education requirements for an associate degree or requirements for transfer.

Courses listed in this catalog may not be offered each semester. Consult with a counselor or obtain a current class schedule to determine if a needed class is being offered.

Certificate of Specialization

Cuesta College shall grant a Certificate of Specialization to those students who have completed the requirements with a minimum grade of “C” in each course in a specialized area of study, and apply for the certificate.

Certificate of Achievement

Cuesta College shall grant a Certificate of Achievement to those students who have completed the requirements with a minimum grade of “C” in each course in a specialized area of study, and apply for the certificate.

EVALUATIONS, WAIVERS AND SUBSTITUTIONS

The Evaluations Office will determine progress toward a degree or certificate at the time an application is submitted. Students may initiate a waiver/substitution petition through Counseling Services for special circumstances or when requirements change.

TRANSFER

TRANSFER TO THE CALIFORNIA STATE UNIVERSITY (CSU) SYSTEM

TRANSFER TO THE UNIVERSITY OF CALIFORNIA (UC) SYSTEM

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)
TRANSFER TO THE CALIFORNIA STATE UNIVERSITY (CSU) SYSTEM

Cuesta College offers courses to meet lower division (freshman and sophomore) General Education requirements for transfer to universities and colleges both public and private. For specific majors, consult the appropriate four-year catalog. Cuesta College Counseling Services will provide additional information in planning a specific freshman and sophomore year program for students. The California State University (CSU) General Education pattern is subject to change. Students are advised to check with Counseling Services.

GENERAL EDUCATION BREADTH PATTERN FOR THE CSU SYSTEM

To obtain a bachelor's degree from the CSU system, a student must complete a minimum of 48 term credits of General Education courses, nine of which must be upper division credits.

Cuesta College may certify a maximum of thirty-nine (39) credits as having fulfilled the CSU lower division General Education requirements. No more than thirty (30) term credits may be certified for areas B through D combined. It is required that the students complete all of Area A and B3 with grades of “C” or better prior to transfer. A class taken at another accredited institution may be included in Cuesta College's certification if the class would have been certified at the other institution. At Cuesta College, ASSIST is used to provide accurate data about articulation agreements, thus reducing the possibility of students receiving incorrect information. Visit ASSIST at http://www.assist.org.

GENERAL EDUCATION CERTIFICATION

Applications for General Education certifications can be obtained in the Admissions and Records Office. To be fully certified, students must complete 9 credits in each area of A, B, C, and D, and 3 credits in area E.

DISTRIBUTION OF COURSES

The following courses are applicable to the General Education requirements that may be certified by Cuesta College. They must be distributed as follows (* = course prerequisite).

ADMISSION AS A TRANSFER STUDENT TO THE CSU SYSTEM

Admission as a transfer student to a CSU campus is subject to change. Check with Counseling Services for confirmation.

A student will qualify for admission as a transfer student if the student has a grade point average of 2.0 or better in all transferable credits attempted, was in good standing at the last college attended, and meets the following standards:

1. Was eligible as a freshman, or
2. Was eligible as a freshman except for the college preparatory subjects in English and mathematics and has satisfied the subject deficiencies, or
3. Has completed sixty (60) transferable term credits and has satisfied any deficiencies in college preparatory English and mathematics (non-residents must have a grade point average of 2.4 or better).

The CSU campuses are:

Bakersfield
Cal Poly Pomona
Cal Poly San Luis Obispo
Channel Islands
Chico
Dominguez Hills
California Maritime Academy
Fresno
Fullerton
East Bay (formerly Hayward)
Humboldt
Long Beach
Los Angeles
Monterey Bay
Northridge
Sacramento
San Bernardino
San Diego
San Francisco
San Jose
San Marcos
Sonoma

TRANSFER TO THE UNIVERSITY OF CALIFORNIA (UC) SYSTEM

ADMISSION AS A RESIDENT STUDENT TO THE UNIVERSITY OF CALIFORNIA

Course requirements vary from one UC campus to the next. Therefore, students should work with a counselor to first select a particular UC campus to formulate a strategy for completing that campus’ admissions requirements, major requirements, and general education requirements. Students should consult the catalog of the UC campus of their choice to find out specific details regarding transfer, major, and breadth requirements.

Students in this category must:

A. Complete 60 term credits or 90 quarter units of transferable college course work with a grade point average of at least 2.40, and

B. Complete a course pattern requirement (with at least a “C” grade in each course) to include:

- Two transferable college courses (3 term or 4-5 quarter credits each) in English composition: English 201A and English 201C; and
- One transferable college course (3 term or 4-5 quarter credits) in Mathematical Concepts and Quantitative Reasoning; and
- Four transferable college courses (3 term or 4-5 quarter credits each) chosen from at least two of the following subject areas: Arts and Humanities; Social and Behavior Sciences; or Physical and Biological Sciences. The Intersegmental General Education Transfer Curriculum (IGETC) will satisfy the above new requirements.

Students who did not satisfy the Subject Requirement based on their high school record must take transferable college courses in the subjects they are missing, earn a grade of “C” or better in each course, and earn an overall “C” (2.00) average in all transferable college course work.

Students who met the Subject and Scholarship Requirements from high school, but who did not meet the Examination Requirement (SAT/ACT), must complete a minimum of 12 term (18 quarter) credits of transferable work and earn an overall “C” (2.0) average in all transferable college course work. Students need not take the examinations required of freshmen.

The UC campuses are:

- UC Berkeley
- UC Santa Barbara
- UC Davis
- UC Santa Cruz
- UC Irvine
- UC San Francisco (graduate only)
- UC Los Angeles
- UC Merced
- UC Riverside
- UC San Diego

Students are advised to contact a Cuesta counselor regarding changes to the UC admissions requirements, changes to the Intersegmental General Education Transfer Curriculum (IGETC) pattern, and changes to the “pass-along” policy.

Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University or the University of California system without the need, after transfer, to take additional lower division, general education courses to satisfy campus general education requirements. The course requirements for all areas must be completed before IGETC can be certified. Applications for IGETC certification are available in the Admissions and Records Office. Official transcripts must be on file before applying for IGETC certification. UC transfers must complete all subject areas prior to transferring to the UC system.

IGETC policy is subject to change and it is the student’s responsibility to check with Counseling Services and the Transfer/Career Center regarding the current status of IGETC. Cuesta College will “pass-along” coursework from other accredited colleges excluding UCs. See Counseling Services for details. For updates to the IGETC list visit the ASSIST web site at http://www.assist.org.

All courses must be completed with grades of “C” or better.
