COLLEGE HISTORY

The original junior or community college in San Luis Obispo County was initiated as a postgraduate division of San Luis Obispo High School in 1916 and remained in operation until the United States entered into World War I. In 1936, the San Luis Obispo High School District again formed a junior college, which remained in operation until June 1959.

On April 16, 1963, San Luis Obispo County voters approved the formation of a countywide junior college district, serving seven public high school districts. The newly-formed San Luis Obispo County Junior College District served the Arroyo Grande Union High School District, Atascadero Union High School District, Coast Joint Union High School District, Paso Robles Joint Union High School District, San Luis Obispo Union High School District, Shandon Joint Union School District and Templeton Union High School District.

During the 1964-65 college year, the San Luis Obispo County Junior College District offered a limited evening division program with 463 students registering for the fall semester and 696 enrolling for the spring semester. Temporary quarters were established at Camp San Luis Obispo, a California National Guard facility located halfway between San Luis Obispo and Morro Bay. Classes and offices were situated in refurbished barracks, recreation rooms, and mess halls.

Despite the District's modest beginnings, 917 day students and 991 evening students were enrolled in classes by the fall of 1965. Evening division classes also were conducted at three other locations in the county - Arroyo Grande, Atascadero, and Paso Robles. On October 4, 1965, the Board of Trustees of the San Luis Obispo County Junior College District named the new college "Cuesta College." In 1971, the "junior" college district was renamed to "community college."

In 1970, ground was broken for the college's first permanent buildings, located on a 150-acre campus west of Camp San Luis Obispo. During the following 40 years, classroom buildings, a library, observatory, student center, art and music lab building, art gallery, high tech learning center, children's center, performing arts center, and office spaces were constructed on the San Luis Obispo campus.

In fall 1998, the District opened the North County Campus on the 105-acre site in Paso Robles. The campus, built almost exclusively with private gift support, has grown from 1,200 students the first semester to 2,236 day and evening students in fall 2014. In the summer of 2005, the first permanent building opened to students: The Fox Family Building. This building houses Allied Health, Math, and Science. The college broke ground for a second permanent building in spring 2010: The North County Campus Learning Resource Center. The Learning Resource Center was completed in fall 2011 and began serving students in spring 2012. The building was named in honor of donors Dale and Mary Schwartz and dedicated on May 24, 2012.

The South County Center is an off-campus evening instructional site at Arroyo Grande High School, provided in cooperation with the Lucia Mar Unified School District. During the fall 2014 semester, nearly 630 evening students were served at this site.

Cuesta College now serves approximately 10,000 students at all college locations. The college has become a center for community use by individuals, families, and community groups on an extended-day and year-round basis.

In 2013, Cuesta College rolled out the "Cuesta College Promise," a scholarship for all newly graduated San Luis Obispo County high school students, providing a fee-free fall semester Cuesta to newly graduated San Luis Obispo County high school students. The scholarship is the result of a nearly \$8 million private donation that was endowed by the Cuesta College Foundation. In 2014, the scholarship was extended to include the spring semester. In its inaugural year, approximately 650 students enrolled at Cuesta College using the Promise Scholarship.

On November 4, 2014, the voters of San Luis Obispo County passed Measure L, a \$275 million general obligation bond to improve Cuesta College. With 62 percent voter approval, Measure L addresses longstanding facility, infrastructure and technology needs.

Student Success and Support Program

In September 2012, Governor Brown signed the Student Success Act of 2012 (Senate Bill 1456) into law. Now known as the Student Success and Support Program, California Community Colleges are required to provide nonexempt students with core matriculation services. Beginning fall 2014, new students receive enrollment priority based on the completion of key components: assessment, orientation, and an abbreviated student education plan. It is recommended that students meet regularly with an academic counselor and take advantage of other academic resources. Students are also directed to develop a comprehensive student education plan upon completing 15 credits, as well as to define their education goal and course of study. Students with an associate degree or higher may be exempt from these components. These services are designed to help students successfully meet their college goals. New, non-exempt students are expected to complete these activities. In addition all students should attend classes, complete assigned coursework, and maintain progress toward their college goals.

- If you do not activate the card and choose an option, your funds will be delayed by at least three weeks.
- Replacement cards can be ordered from the Cashier's Office.

STEP 3 SUBMIT TRANSCRIPTS

Resources available online, for the convenience of our students including those attending via distance education, are the following:

- Submitting transcripts to Cuesta or how to order transcripts along with FAQs to help answer basic questions can be found at: <http://www.cuesta.edu/student/aboutacad/records/index.html>
- Academic policies relating to renewal, academic standing, adding courses, admissions, repeat, drop, FERPA, enrollment verification, Cal Grant GPA verification all can be found at: http://www.cuesta.edu/student/servs_classes/admreg/records/index.html

Official transcripts from all other institutions must be submitted to the Cuesta College Records Office prior to enrollment. Lower division (freshman/sophomore level) coursework from regionally-accredited colleges and universities will be evaluated and may be transferred to Cuesta College to meet certificate requirements, degree requirements, and requirements for transfer certification. If non-native credits are from a college or university on the quarter system, these credits will be converted to semester credits (quarter credits/1.5=semester credits).

Non-native coursework will be evaluated based on regional accreditation standards using the grades received at that institution. Cuesta College considers a grade of C- as substandard and eligible for repetition.

Official (sealed) copies of transcripts from colleges, universities and high schools attended should be submitted to:

Cuesta College Records Office
PO Box 8106
San Luis Obispo, CA 93403-8106

Transcripts should be submitted ahead of registration, in time for academic advising and prerequisite clearance. Final official transcripts, showing all coursework and grades received, must be received before GE certifications and degree and certificate evaluations may be completed. Transcripts are evaluated based on the AACRAO guidelines for regionally-accredited post-secondary institutions.

Upon application for the associate degree or transfer certification, non-native coursework credits will be included and reviewed with the Cuesta College student record. Applications for the associate degree and transfer certification are available in the Admissions and Records Office or website at http://cuesta.edu/student/serv_classes/admreg/.

Transcripts submitted to Cuesta College become the property of Cuesta College and will not be released to students, other colleges, or agencies. Plan to request a personal copy from your former college or university if you need one for your records.

STEP 4 ASSESSMENT

Resources available online, for the convenience of our students including those attending via distance education, are the following:

- Test preparation resources, including sample questions and tutorials, are available to all students on the Assessment Services web site: http://www.cuesta.edu/student/getstarted/assessment_testing/resources.html
- Students may also request to take the Cuesta College assessment test remotely. For more information, email assessment@cuesta.edu.

Assessment placement results assist students with appropriate course selection and may be used to satisfy mandatory course prerequisites. The math, English, and English as a Second Language (ESL) assessments are computerized and untimed. They are given free of cost.

Assessment tests for math, English, and ESL are offered on a walk-in basis. Please visit our Assessment Services website to view available test dates and locations. Bring photo identification and your Cuesta student number with you on the day of the test. Prior to taking the assessment test, you must be a current Cuesta student or have submitted a Cuesta College admission application, and know your Cuesta student ID#. Prepare for the assessment tests by viewing the resources and study materials on the Assessment Services website.

First-Time College Student: First-time college students are expected to complete their English, ESL or math assessment tests prior to registering for courses. Placement levels are determined based upon assessment test results AND prior academic history. Final official high school transcripts should be submitted to the Cuesta College Records Office.

Disabled Student Accommodation: Special accommodations are given to students with verified disabilities according to California Education Code Title 5 regulations. Test scores may be faxed to (805) 546-3982 or mailed to the Cuesta College Assessment Office, PO Box 8106, San Luis Obispo, CA 93403-8106.

STEP 5 PREREQUISITES/ COREQUISITES

Prerequisites, corequisites, and advisories are intended to enhance a student’s chance of success in a desired course. If a student does not meet prerequisites or corequisites for a course, as listed in the class schedule, the student may not be allowed to enroll or remain enrolled in that course. Successful completion of a prerequisite or corequisite course is achieved by a final course grade of “C” or better.

Cuesta students enrolled in prerequisite courses at the time of registration for the upcoming term will be allowed to enroll in the next level course without knowing the final grade in their current course. A grade of “C” or better must be earned in the prerequisite course to meet the prerequisite requirement. Students that do not successfully complete prerequisite courses will be administratively dropped from the higher level course once grades are final and have been posted.

Transfer Students

In order to use prerequisite coursework completed at another college, students must submit a Prerequisite Clearance Request Form A along with an official transcript prior to registering for classes. Prerequisite Clearance Request forms can be found at the Counseling Department, or on the prerequisite website: <http://www.cuesta.edu/student/getstarted/prerequisites>

Submit forms in one of the following ways:

- Hand deliver: to the Counseling Department in the Student Services building (SLO Student Services Center, Building 3100 or North County Campus Building N3000, room N3011).
- FAX: to Prerequisite Specialists at (805) 546-3113.

- Mail to: Cuesta College Assessment Office - Attention: Prerequisites, P.O. Box 8106, San Luis Obispo, CA 93403-8106. If students would like to use official transcripts that were already sent to Cuesta, please note that it may take up to two weeks for official transcripts to be received and processed by Cuesta's Records Office. For most immediate clearance, please include a copy of your transcript with your clearance request.

FORM A – Prerequisite Clearance Request: to be used to clear prerequisites with coursework completed at an institution other than Cuesta.

FORM B – Prerequisite Challenge: to be used to clear prerequisites that have been met through means other than course completion (previous knowledge, work experience, licensing). Student is responsible for providing evidence to support the claim and must get signatures from the appropriate department chair before prerequisite clearances can be processed.

A student may petition to challenge a prerequisite or co-requisite based on one or more of the following:

- Student has the knowledge or ability to succeed in the course despite not meeting the prerequisite (e.g. student has prior course work, assessment levels, certification, license or work experience that satisfied the prerequisite, or by other criteria presented by the student).
- The prerequisite is discriminatory or applied in a

discriminatory manner.

- The prerequisite approval is in violation of Title 5 regulations or Cuesta College District Policy.
- The prerequisite course has not been made reasonably available (“reasonably available” as defined by the College).

FORM C – Prerequisite Clearance Request for Physics: to be used for Physics prerequisites completed at an institution other than Cuesta. Student is responsible for attaining the appropriate signatures from the Physical Science department chairperson before prerequisite clearances can be processed.

STEP 7 REGISTRATION

Resources available online, for the convenience of our students including those attending via distance education, are the following:

- Our registration page helps the student login to the myCuesta web portal with instructions on how to complete the online orientation and steps on how to add/drop your classes. <http://www.cuesta.edu/student/getstarted/register>. The website describes how the waitlist works, what's new in registration where can you register, and what does the registration error mean. We also provide when online registration is available with other forms and policies to refer for assistance.
- Registration forms and explanations of each form can be found at this page: http://www.cuesta.edu/student/getstarted/register/reg_forms/index.html.

To comply with legislative mandates, regulate the availability of limited class space, provide for fairness, and facilitate the registration process, procedures to provide priority registration for students on the basis of need are set forth in Administrative Procedures 5055 and listed under Enrollment Priority under the College Policies, Rules, and Regulations section of this catalog. Visit the Cuesta web site for priority registration dates at: <http://cuesta.edu/student/getstarted/register>.

Students add and drop classes online through myCuesta web portal at <https://my.cuesta.edu>. All students are assigned a myCuesta username and temporary password that is emailed from the Admissions Office once an admission application is processed. Login information can also be accessed at the "Student Username and Temporary Password" link on the myCuesta login page.

Course Add and Drop Policy

It is the student's responsibility to add and drop courses by the deadlines posted on the Cuesta web site, in the online Class Finder, and the enrolled student's myCuesta Class Schedule/Receipt. Summer session classes are considered short term courses for add and drop deadlines.

Adding Courses

Students may add classes online by the add deadline, which is the day prior to the census date. The census date is the date course enrollment is reported to the State for apportionment funding. Once a course begins, only the instructor may authorize enrollment by issuing the student an add code if there are seats available in the course at the first class meeting. Add codes must be entered by the student online in myCuesta within the add deadline to officially enroll in a course.

To add a course online, students login to myCuesta at my.cuesta.edu and go to the Student tab and My Web Services channel. In the Registration folder, go to "Register Add/Drop Classes" and enter the 5-digit course reference number (CRN) for the course by clicking "Submit Changes." The student may enter the 4-digit add

code in the box provided and click "Validate" to register after the course begins within the add deadline. Students may also add classes in-person at a registration center and must provide photo identification.

- Full-term course add deadline: The day prior to the posted census date, which is the end of the 2nd week of the term.
- Short-term or Summer course add deadline: Within 20% of the course or the day prior to the posted census date.

Readmit

A student who was inadvertently dropped by an instructor may be allowed to be readmitted/re-added beyond the normal add deadline with instructor approval. The deadline to be readmitted is by the end of the 12th week of the term or within 60% of a short-term or Summer course. Readmit Cards are available at any registration center.

Transfer

Instructor or department-arranged transfers will be allowed beyond the normal add deadline for students transferring from one course reference number (CRN) to another of the exact same course or to a lower or higher level class in established prerequisite levels of the same discipline. The deadline to be transferred is by the end of the 12th week of the term or within 60% of a short-term or Summer course. Transfer Cards are available at any registration center and require both instructors' signatures of approval.

Registration fees for the original CRN to be dropped will be credited while fees associated for the course to be added will be assessed to the student's account.

Dropping Courses

To drop a course online, students login to myCuesta at my.cuesta.edu and go to the Student tab and My Web Services channel. In the Registration folder, go to "Register Add/Drop Classes" and use the drop-down menu beside the course to select the drop option then click "Submit Changes." Students may also drop classes in-person at a registration center and must provide photo identification.

Dropping Course for a Full Refund

Students must drop a course by the Sunday before the start of the term or prior to the first class meeting of a short term or Summer course to receive a full refund of fees, less a \$10.00 processing fee. A written request for a refund must be submitted to the Cashier's Office by the end of the 4th week of the term or by the end of the following week after a short-term or Summer course ends. No notation (grade or symbol) will be posted on the student's academic record when a course is dropped within refund deadlines. **Students will be held financially responsible for fees related to classes not dropped within the refund deadlines.**

Dropping Course for a Partial Refund

The student will receive a partial refund for a course dropped on or after the first class meeting and within

the last day to drop for a refund deadline. The last day to drop with a refund deadline is posted in the online Class Finder by clicking on the CRN and appears on an enrolled student's myCuesta Class Schedule/Receipt. The deadline is calculated as within 10% of a short-term course or the end of the 2nd week (Sunday) for a full-term course.

A partial refund is the enrollment fee, less a \$10.00 processing fee. The student is responsible for paying all other registration fees associated with a course. See the Fees section of the schedule for more information. A written request for a refund must be submitted to the Cashier's Office by the end of the 4th week of the term or by the end of the following week after a short-term course ends (includes summer course.) No notation (grade or symbol) will be posted on the student's academic record when a course is dropped within refund deadlines.

Dropping a Course without a W for Withdrawal

No notation (grade or symbol) will be posted on a student's academic record if a course is dropped by the last day to drop without a "W" which is the end of the second week of the term for a full-term course or within 20% of a short-term or Summer course. The last day to drop without a "W" deadline is posted in the online Class Finder by clicking on the CRN and appears on an enrolled student's myCuesta Class Schedule/Receipt.

- Students who drop all courses and receive no academic grade or symbol ("W") in a term will not be eligible for priority registration as a continuing student in the next term.

Dropping Courses with a W for Withdrawal

Students may drop or withdrawal from a course through the end of the 12th week (Sunday) for a full-term course or within 60% or a short term or Summer course and receive a "W" for withdrawal symbol on their academic record. The last day to drop with a "W" deadline is posted in the online Class Finder by clicking on the CRN and appears on an enrolled student's myCuesta Class Schedule/Receipt.

- A student may earn a no more than a maximum of three (3) withdrawals ("W" symbol) in a non-repeatable course.

Administrative Withdrawal/Cancelled Classes

Students will be notified by phone, myCuesta email and/or mail if administratively dropped or if a class has been cancelled by action of the college. It is the student's responsibility to submit a refund request form to the Cashier's Office.

Petitions

Forms and petitions are available online at http://cuesta.edu/student/getstarted/register/reg_forms/ or at any registration center. All registration forms require the student's signature, identification, and may require additional approval from a college official before the student is allowed to enroll.

Pass/No Pass (P/NP) Grading Option

For courses identified as a grading option of GP in the online Class Finder or Cuesta College Catalog, the student

may change the grading option from a letter grade to Pass/No Pass grading (P/NP) within the first 20 percent of the course. Refer to the course listing for the Pass/No Pass grading policy. Students are encouraged to consult Counseling staff if they have questions regarding graded courses for degree and transfer requirements.

Credit Overload

A Credit Overload petition is to receive permission to enroll in more than 19 credits in the fall or spring term or in more than 9 credits in the summer. Approval from a Cuesta counselor is required.

Schedule Conflict

Students obtain approval by petition if enrolling in two courses whose meeting times conflict. Course meeting times and days must be clearly noted on the petition. The instructor whose class time will be missed must document how they will monitor and oversee the time to be made up.

Student must provide justification or extenuating circumstances to allow enrollment in courses that conflict. A scheduling inconvenience is not an acceptable justification or extenuating circumstances.

Registration Centers

Adds and drops by registered students will be processed at the locations below. South County Center at Arroyo Grande High School is closed during the summer and term breaks.

North County Campus Student Services

Building N3000, (805) 591-6225

San Luis Obispo Campus Student Services

Building 3100, Student Service Center, (805) 546-3955

South County Center

Arroyo Grande High School, (805) 474-3913

Waitlist

When priority registration begins for a term, students will have the opportunity to enroll, via the myCuesta web portal, in an available waitlist seat for a closed class. Students must meet all registration requirements for the course, including prerequisites and corequisites, prior to registering for a waitlist seat. If a student drops and a seat opens, the first waitlisted student will be notified via their myCuesta Student email account and will have 24 hours to register for the class. If you do not register before the notification period expires, you will be removed from the waitlist. Students should monitor their myCuesta student email twice daily, morning and evening. It is the student's responsibility to register once notified and pay applicable fees owed.

Waitlist Restrictions

Students will be blocked from enrolling in a waitlist seat under the following conditions:

- The student is enrolled in another section of the same course or enrolled in another waitlist seat for the same course.

- The class conflicts in time with other classes already on the student's schedule, which includes other wait-listed classes.
- The student has a hold.
- The student has not met prerequisite or co-requisite requirements. Courses with "Department Approval" such as PSYT, LVN, EMS that have special admission requirements.
- Cross-listed (CL) courses, such as mediated Math courses.
- The student has exceeded the repeat limits for the course. This includes work-in-progress which occurs if the student is already enrolled in the course in the prior term (spring for summer registration; summer for fall registration) and has not received a final grade.
- The class is not approved on a Permit to Enroll form for an Enrichment student.
- All waitlist seats are filled.

Auditing

Auditing is permitted in classes on a space-available basis only. Admission applications are not required. Enrichment students may not audit courses. Instructor approval is required. Students who audit earn no credits or grades. Audit Forms are available at any Cuesta campus in the Admissions and Records, Cashier or Student Services offices.

Audit fees are \$15 per credit plus any course fee listed in the class schedule. Students enrolled in 10 credits or more receive the first three audit credits free. Students wishing to audit must delay enrollment after second week for full-term courses or after 20% for short-term or summer session to add a class. Audit payments may be submitted to the Cashier's Office at the San Luis Obispo and North County campuses.

An application is available in the Financial Aid Office or you may complete the free application for Federal Student Aid (FAFSA) application online. Completed BOGW applications and documents of income sources must be submitted to the Financial Aid Office before your registration materials are submitted. Refer to the Financial Aid section for BOGW eligibility requirements. If you are a new applicant, fill out the BOGW application. You must reapply each year for consideration. See the forms section of this class schedule for the application.

Non-Resident Tuition
 The cost of tuition for international and out-of-state students is in addition to the enrollment fee. If you have questions about residency status, please contact the Admissions Office for assistance.

Health Fee
 In accordance with the California Education Code and District policy, Cuesta College has a mandatory health fee. Students, excluding those with the exceptions listed, are required to pay the Health fee each term regardless of the number of credits they are taking. This fee is nonrefundable once the term or session begins and is subject to change per local Board action. The health fee is not an eligible tax credit fee.

Health Fee Exemptions: (Education Code Section 76355)

- Students enrolled in non-credit courses.
- Students who are taking classes only at the South County Center (Arroyo Grande High School) and off-campus sites.
- Any student who depends exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization, provided that the student presents documentary evidence of an affiliation with such a bona fide religious sect, denomination, or organization to the Student Accounts/Cashier’s Office.
- Any student who is attending Cuesta under an approved Apprenticeship Program.

Student Center Fee
 The Student Center fee is designated for the sole purpose of supporting the Student Center and is charged to all students taking classes at the San Luis Obispo Campus. The fee, which is not to exceed \$10.00 per academic year, is based upon the number of credits taken during this period at the rate of \$1.00 per credit. An academic year consists of fall and spring terms.

The following are examples of Student Center fee calculation for a student taking classes on the San Luis Obispo Campus and at another Cuesta College site for one academic year:

FALL TERM

7 credits at San Luis Obispo Campus	\$7.00*
3 credits at North County Campus	\$0.00
Total	\$7.00

SPRING TERM

3 credits at San Luis Obispo Campus	\$3.00**
4 credits at North County Campus	\$0.00
Total	\$3.00

*\$7.00 paid in Fall + \$3.00 paid in Spring = \$10.00 fee paid in full for academic year.
 **Fee partially paid for year

This fee is nonrefundable unless the student drops the associated San Luis Obispo campus class on or before the Sunday prior to the start of the term/session for a full-term course or before the first class meeting for a short-term course.

- Student Center Fee Exemptions**
 The Student Center fee shall not apply to:
- A student enrolled in non-credit courses.
 - A student who is a recipient of the benefits under the TANF (Temporary Aid to Needy Families) program, the Supplemental Security Income/State Supplementary Program, or the General Assistance program. To have the fee waived, a student must provide documentation of participation in these programs through the Financial Aid Office prior to registration.
 - Students enrolled in courses at North County or South County only.

Student Representation Fee

A vote of the students during the spring 2002 semester authorized the collection of a mandatory \$1.00 student representation fee from every credit student each semester. Monies collected are used by the student government to advocate and lobby for student legislative issues such as eliminating fee hikes, advocating for adequate childcare for student parents, and increasing state funding for community colleges. Other uses include leadership training, meeting with other student leaders and elected officials, and necessary supplies to support students in their advocacy and lobbying efforts.

The fee is charged during the registration process. A student may refuse to pay the fee for religious, political, financial, or moral reasons. Students must sign a waiver prior to registration. The fee is nonrefundable once the semester begins. The student representation fee is not an eligible tax credit fee. Forms are available in the Admissions and Records Office, Cashier's Office and at the Student Life and Leadership Office at all campus locations. The form is also available on the Web at www.cuesta.edu/student/documents/admissions_records/repfeewaiver.pdf for students to print and complete. The form may be submitted to the Admissions and Records Office or faxed to (805) 546-3975.

Associated Student Governments are allowed to implement the student representation fee according to Education Code 76060.5. This per-semester fee can be utilized by the ASCC to fund only those purposes listed above.

NOTE: The student representation fee may not be used to support individual candidates or campaigns.

For further information, please contact your ASCC Representative at the San Luis Obispo Campus Student Center, Building 5300.

ASCC Student ID Card Fee

The Student ID Card provides a college picture ID for use in campus labs, the library, the bookstore, and other locations on campus. The fee helps fund student jobs, student activities, critical campus programs and services, as well as providing discounts within the community. For more information on ASCC Student ID Card benefits, please visit our website <http://cuesta.edu/student/forstudents/studentlife/studentid.html>. This optional fee is nonrefundable/nonreversible once the term or session begins. The ASCC Student ID card is to be purchased/renewed each term, even if a student has already had her or his picture taken. The ASCC card fee is not an eligible tax credit fee.

If the ASCC Student ID card is lost, stolen, or mutilated, the student will be provided, free of charge, one replacement during the student's Cuesta career. For any additional cards there is a \$2 replacement fee. Contact the Student Life and Leadership Office at (805) 546-3289 for picture ID dates, times, and information.

Parking Fee

Parking permits required for all vehicles parked on all campus property or roadways.

Term permits per vehicle are:

Automobiles/vans/trucks	\$30.00(Fall/Spring) \$15.00 (Summer)
--------------------------------	--

Each additional automobile/van/truck	\$30.00 (Fall/Spring) \$15.00 (Summer)
---	---

Motorcycles/mopeds	\$15.00 (Fall/Spring) \$ 8.00 (Summer)
---------------------------	---

Each additional motorcycle/moped	\$15.00 (Fall/Spring) \$ 8.00 (Summer)

Registered students may purchase parking permits on-line through myCuesta/my Web Services. Permits purchased two weeks prior to the start of the semester will be mailed to the address on the student record. All other online permit purchases may be picked up at the campus police office. This fee is nonrefundable once the term or session begins. The parking permit fee is not an eligible tax credit fee.

For a copy of the College parking regulations, contact the San Luis Obispo Campus Public Safety Office at (805) 546-3205, or the North County Campus Public Safety Office at (805) 591-6205, or go to http://www.cuesta.edu/student/findingway/public_safety.

Material Fees

Credit and noncredit courses with mandatory material fees are identified in the class schedule, class finder and college catalog. Materials fees are charged at the time of registration. Materials fees for classes dropped prior to the start of the term are automatically credited or reversed to student accounts. See the Cashier's Office for help with materials fees for classes dropped within the two-week drop deadlines for Spring/Fall terms and within the ten percent deadline for Summer Session.

Fee Payments

The Clery Act, passed in 1990, is basically a "student's rights" document that contains important information about emergencies, evacuations, crime definitions and statistics, how to report a crime, steps that can be taken to prevent sexual and physical assaults, what to do if you are sexually assaulted, available services, and other information relating to crime statistics for the college.

This legislation updated the Jeanne Clery Act and requires colleges and universities, both public and private to create: transparency, accountability, collaboration, guarantees victims enhanced rights, provide for standards in institutional conduct proceedings, and provide campus community wide prevention educational programming. For more information on the SaVE Act, contact us at (805) 546-3205 or pick-up a booklet at the Campus Police (6600 Bldg).

COUNSELING SERVICES

SLO Campus: Library Building 3100, Room 3131, first floor, Window 7; (805) 546-3138.

NCC Campus: Building 3000, Room 3011; (805) 591-6241

The mission of Counseling Services is to help students reach their educational and career goals. The specific goals are to assist students with the effective use of campus learning resources, student services, and educational opportunities. Counselors assist students in determining, analyzing, and understanding their interests, aptitudes, abilities, limitations, and opportunities. Counselors are also skilled in providing personal counseling assistance to students as it relates to achieving their educational objectives.

Counselors are available throughout open office hours at the drop-in windows located in Building 3100, Student Service Center, for quick consultations. Counselors provide information about certificate, degree, and transfer requirements, and college policies and procedures. Students should contact Counseling Services Office or the counseling webpage at www.cuesta.edu/student/counseling to schedule private half-hour appointments with counselors. Students should, before the time of their appointments, study this catalog, the catalog of any college or university to which they may seek transfer, and the schedule of classes for the upcoming term at Cuesta. To obtain the most benefit from the appointment, students

need to be able to discuss their long-range educational goals as well as the courses desired in the ensuing term. Students are responsible for making final decisions concerning their college programs.

New students are expected to complete the online orientation and abbreviated student educational plan (SEP) prior to registering for courses. Once an Application for Admissions has been submitted and confirmation has been received, the online orientation is available to all Cuesta College students by logging into my.cuesta.edu. The online orientation allows students to choose their goal (AA, CSU, or UC) and proceed on the appropriate path to accomplish their goal.

In-person myCuesta Monday or Welcome Wednesday follow-up orientations facilitated by Cuesta College counselors, after student have completed the online orientation, are held during the summer months. Please call the Cuesta College Assessment office at (805)546-3951 for dates and to reserve a spot. By the end of the orientation, students will have developed a plan of classes to take their first semester at Cuesta College. All students are encouraged to meet with a counselor for educational and career planning. Counselors help students write individual Student Educational Plans (SEP) that list all the courses needed and in the correct sequence to reach their educational goals.

Appointments to meet with a counselor may be made one week in advance beginning the first working day of the week and are available from 8:30 a.m. to 4:00 p.m. Monday through Thursday and from 10:30 a.m. to 4:00 p.m. on Friday.

FREQUENTLY ASKED QUESTIONS:

What is the Cuesta College Promise?

The Promise is a scholarship program for all San Luis Obispo County high school graduates, who can attend Cuesta fee-free for their first year (consecutive fall and spring semesters).

What if I received the Promise in the fall-do I need to do anything extra to get it in the spring?

No. Just register for classes and your fees will be paid.

How do I qualify for the Promise?

All graduates from San Luis Obispo County high schools, including students who receive their GED or are home-schooled, must attend Cuesta College the fall semester immediately following their completion of high school to qualify.

Are there any restrictions?

No. However, you must have applied for and received the Promise in the fall in order to have your fees paid the following spring.

What fees does the Promise pay for?

The Promise covers these costs for the fall and spring semesters:

Enrollment fees, Health Service fee, ASCC Student ID Card, Student Representation fee, Student Center fee, and Course Materials Fees (fees indicated in the course description on Class Finder; does not include books or items the instructor requires in his/her syllabus).

The Promise will pay for all credit fees, whether a student is full or part-time.

What happens if I miss the deadline?

You won't be eligible for the Promise Scholarship.

I'm not a senior this school year. Will I be able to get the Promise in the future?

Yes! The Promise is made possible by a generous gift from the Charles and Leeta Dovica Family Trust to Cuesta College Foundation. The Foundation has established an ongoing fund so that the Cuesta College Promise will be around for future generations of SLO County high school students.

Financial aid programs are available to help students who might otherwise be unable to complete their education. Students may apply for financial aid in the form of grants, fee waivers, student loans, work study and scholarships.

Congress has established policies and procedures that are used throughout the nation in determining a student's ability to pay for college. The basis of these policies is the belief that students and their families have the primary responsibility for meeting educational costs. The amount of the contribution expected from students is determined by careful analysis of the family's financial strength, taking into consideration a number of factors, including adjusted gross income, family size, the number of dependents attending college, allowable expenses, and assets.

DEPENDENCY STATUS

Dependent students are required to provide data for both themselves and their parents, while independent students are required to provide data for themselves and their spouses (if married).

In order to be considered an independent student, a student must:

- Be at least 24 years old or turn 24 during the first portion of the academic year;
- Be married on the day you file your FAFSA;
- Be a parent and be able to financially support your child;
- Have dependents other than your spouse who live with you and who receive more than half their support from you at the time you apply;
- Be an orphan (both parents have deceased);
- Be (or were until age 18) a ward or dependent of the court;

- Be currently serving on active duty in the U.S. Armed Forces for purposes other than training;
- Be a veteran of the U.S. Armed Forces;
- Be a foster child or in foster home sometime after the age of 13;
- Be an emancipated child as determined by a court judge; OR
- Be homeless or at risk of homelessness as determined by the director of a HUD approved homeless shelter, transitional program, or high school liaison.

If none of the above criteria apply to the student, then the student is considered to be a dependent student-even if the student can claim themselves on their taxes.

In unusual circumstances-such as abandonment, parent's incarceration, or an abusive family environment-the Financial Aid Office has the authority, through Section 480(d)(7) of the Higher Education Act, to change a student's status from dependent to independent. If you feel your circumstances warrant a change in dependency status, please contact the Financial Aid Office for more information.

FAFSA

Cuesta recommends use of the Free Application for Federal Student Aid (FAFSA). This single application allows aid administrators to determine your eligibility to receive the Board of Governor's fee waiver, Pell Grant, Supplemental Educational Opportunity Grants, Federal Work Study, Cal Grants, Direct Loans, and many scholarships.

A separate FAFSA must be filled out for each academic year. The upcoming academic year's application is made available online (<http://www.fafsa.ed.gov>) starting on January 1

CALIFORNIA STUDENT AID PROGRAMS

The Board of Governor's Fee Waiver (BOGW)

The BOGW waives enrollment fees for California residents who are eligible under one of the following methods:

Method A

A student is eligible under Method A if they:

- Received TANF, CalWORKS, SSI, or General Assistance payments in the last two years (2013 or 2014 for the academic year 2015-2016);
- Are a dependent student and one of their parents received such assistance;
- Have certification from the California Department of Veterans Affairs or the National Guard Adjutant General stating that the student is eligible for the waiver;
- Are a recipient—or the child of a recipient—of the Congressional Medal of Honor;
- Are a dependent of a victim of the September 11, 2001 terrorist attack; OR
- Are a dependent of deceased law enforcement or fire suppression personnel who were killed in the line of duty.

Method B

Eligibility is based on household size and total family income (adjusted gross income plus all other untaxed income).

Family Income Standards for 2015-2016

Family Size	2014 Income
1	\$17,505
2	\$23,595
3	\$29,685
4	\$35,775
5	\$41,865
6	\$47,955
7	\$54,045
8	\$60,135
Each additional family member	\$6,090

Method C

A student is eligible under Method C if the student has completed a FAFSA or California Dream Act Application for the correct academic year and they are determined to have a financial need of \$1,104 or greater. Financial need is determined by subtracting the estimated family contribution from the student's cost of attendance budget.

Cal Grants

The Cal Grant program is designed to help low-income California residents with the costs of pursuing undergraduate education at California institutions. There are two programs that are available to Cuesta College students: Cal Grant B and Cal Grant C.

- Cal Grant B provides a living allowance (and sometimes tuition/fee assistance) for low-income/disadvantaged students with high potential.
- Cal Grant C assists vocational students with tuition and training costs. Students must be enrolled in an eligible vocational program at Cuesta College from four to twenty-four months in length.

In order to apply for a Cal Grant, students must complete the FAFSA or California Dream Act Application for the upcoming year by March 2.

California Chafee Grants for Foster Youth (<https://www.chafee.csac.ca.gov/>)

Chafee grants provide up to \$5,000 a year to youth who are or were in the foster care system.

To qualify, a student must be a current or former foster youth who has not reached his/her 22nd birthday as of July 1 of the award year. Additionally, the court must have established the student's dependency status between the ages of 16 and 18.

To apply, complete both the FAFSA and the online California Chafee Grant Application available at <https://www.chafee.csac.ca.gov>.

AB-540 Students

Students who have AB-540 status are eligible for a number of financial aid programs that are ordinarily restricted to California residents:

- Board of Governor's Fee Waiver
- Cal Grant B Community College Transfer Entitlement Award
- Cal Grant C
- Extended Opportunities Programs and Services (EOPS)

To apply for these programs, students must complete the following:

- Submit the California Dream Act Application (<https://dream.csac.ca.gov>) by March 2.
- Submit the non-SSN GPA verification form to the California Student Aid Commission (if necessary) by March 2.
- Complete the EOPS application. (For application and deadline information, contact the EOPS office at 546-3144)

INSTITUTIONAL AID

In addition to government funding, Cuesta College offers two institutional sources of financial aid: the Cuesta College Scholarship program and the ASCC Book Loan program.

Cuesta College Scholarship Program (https://cuesta.academicworks.com/users/sign_in)

This program, made available through private donors, offers over 150 scholarships to current Cuesta students and incoming freshmen. Each scholarship has its own set of eligibility requirements, but most scholarships require an overall GPA of at least 2.0. When deciding who to award, the committee places the highest emphasis on the essay submitted with the application, but also considers academic performance and financial need.

To apply for the Cuesta College Scholarships, please complete both the FAFSA and the online scholarship application prior to March 2 of the award year.

ASCC Emergency Book Loan

The Associated Students of Cuesta College created this program to assist students who have not yet received financial aid but need to purchase books. Vouchers are used in the bookstore to cover up to \$300 of textbooks. This program opens the week prior to the Fall and Spring terms and closes at the end of the first week of classes.

In order to be eligible for an emergency book loan, a student must:

- Be enrolled in at least six units

- Submit a FAFSA
- Purchase an ASCC ID card for the current term
- Have the means to repay the loan without using financial aid to do so

To apply, please contact the Financial Aid office in the week prior to the Fall or Spring term.

**FEDERAL STUDENT AID PROGRAMS
General Eligibility Requirements**

In order to receive federal student aid under any of the programs listed below, a student MUST:

1. Be a U.S. citizen or an eligible noncitizen;
2. Have a valid Social Security Number;
3. Have a high school diploma or a General Education Development (GED) certificate (if you are a home school graduate, contact the financial aid office);
4. Enroll in an aid-eligible program as a regular student seeking an associate degree, transfer degree, or certificate;
5. Register with the Selective Service* (if male);
6. Make satisfactory academic progress (see our SAP policy below);
7. Not be in default or delinquency on federal education loans, or owe any federal grant money to any institution;
8. Not be ineligible due to convictions for any offense involving the possession or sale of illegal drugs while receiving Title IV federal financial aid;

*All male U.S. citizens (and eligible noncitizens) between the ages of 18 and 26 must register with the Selective Service.

Federal Pell Grant

The Pell Grant program provides aid to eligible students with financial need to cover educational expenses. The amount that one receives is based primarily on the student's expected family contribution and the number of units in which the student is enrolled. For the 2015-16 award year, the maximum annual Pell Grant award is \$5,775.

2015-16 Pell Grant Awards

Enrollment status	Maximum Pell Grant possible
Full time (12 units or more)	5775
Three-quarters time (9 – 11.5 units)	4331
Half time (6 – 8.5 units)	2888
Less than half time (less than 6 units)	1444

A student is only eligible to receive Pell Grant for the equivalent of 12 semesters at full-time enrollment status, regardless of the dollar amount of those awards.

NOTE: Pell Grants do not require repayment as long as

the student remains in the same number of units that they were at the time of the first disbursement of the year. However, students that drop classes after the time of the first disbursement may be required to pay back the difference between the amount that they were paid and the amount for which they qualify after reducing their number of units.

Federal Supplemental Educational Opportunity Grant (SEOG)

Limited funding is awarded to Pell Grant recipients with the highest need.

Federal Work Study (FWS)

Federal work study awards allow students to find jobs on campus and in the community that are paid out of a fund. Students must meet all of the eligibility requirements for federal student aid and be enrolled in at least six units.

The William D. Ford Federal Direct Loan Program

This government program offers low-interest loans to eligible students who are enrolled in at least six units. There are two types of student loans: subsidized and unsubsidized.

Subsidized Direct Loan

The federal government subsidizes (pays) any interest that student loans accrue while the students are still enrolled in school at least half-time.

Unsubsidized Direct Loan

Students are required to pay the interest while they are in school. Interest payments may be deferred while the student is in school, but the accrued interest will be capitalized.

Interest rates and loan origination fees are not published in this catalog as they are subject to change after the date the catalog will be published. Although the interest rate varies from year-to-year, the loan will be fixed at that rate once it has been originated. For the latest information on interest rates, visit this webpage: <https://studentaid.ed.gov/types/loans/interest-rates>.

Repayment begins six months after students graduate, withdraw from school, or drop below half-time enrollment status.

New legislation limits eligibility for Direct Subsidized Loans to 150 percent of the length of the student's academic program for new borrowers beginning on or after July 1, 2013. The 150 percent change means students in a two-year program will be eligible to receive subsidized student loans for the equivalent of three years. Note that the federal subsidy can be lost in some cases where a student moves from a longer academic program to a shorter academic program.

To apply for their first loan at Cuesta, students are required to attend a Student Loan Workshop as part of their entrance counseling. Students who have already taken out more than \$20,000 in loan will be required to complete a financial review process before obtaining additional student loans while attending Cuesta College.

Federal Direct Parental Loans (PLUS)

Parents of dependent students may apply for a Direct

PLUS Loan to help pay their children’s education expenses as long as certain eligibility requirements are met.

For more information, please visit: <https://studentaid.ed.gov/types/loans/plus>

SATISFACTORY ACADEMIC PROGRESS (SAP)

Cuesta College has recently revised its Satisfactory Academic Progress (SAP) Policy to promote the academic planning and success of its students with financial need. In order to receive federal financial aid, students must make satisfactory academic progress as defined in this policy. The Financial Aid Office checks your progress using the standards detailed below at the end of each term. It is your responsibility to meet these standards.

Note: All periods of enrollment will be evaluated regardless of whether or not financial aid was received. Additionally, federal regulations require that any courses excluded from GPA by an academic renewal process must be included in the SAP review.

SATISFACTORY ACADEMIC PROGRESS (SAP) STANDARDS

A student must maintain ALL of the following standards or they will be ineligible for federal student aid.

Standard	Minimum Requirement for all coursework attempted
Qualitative (GPA)	Term GPA is at least 2.0 AND cumulative GPA is at least 2.0
Quantitative (completion rate)	Student must pass 67% of units attempted each term (and cumulatively).
Maximum Time Frame (attempted units)	Attempted units may not exceed 150% of the number of units required to complete your educational objective

ATTEMPTED UNITS AND COMPLETION RATE

For the purposes of SAP calculations, attempted units include all units in which a student has enrolled regardless of whether or not they finished the class or received a grade for their work. Courses that are dropped prior to the census date will not be included, but any course that receives a grade of W or FW will be included in the calculation.

In order to retain eligibility for financial aid, a student must complete 67% of the units they attempt in a given term, as well as 67% of their overall attempted units.

Below are some examples of how completion rate is calculated:

Student A:	Attended Fall semester. Attempted 12 units, completed 7 units. Completion rate is calculated as $7/12 = 58\%$, student did not meet the 67% requirement.
Student B:	Attended Fall semester. Attempted 12 units, completed 9 units. Completion rate is calculated as $9/12 = 75\%$, student met the 67% requirement.
Student C:	Attended Fall and Spring semesters for two years. Attempted 48 units, completed 34 units. Completion rate is calculated as $34/48 = 71\%$, student met the 67% requirement.
Student D:	Attended Fall and Spring semesters for two years. Attempted 48 units, completed 31 units. Completion rate is calculated as $31/48 = 65\%$, student did not meet the 67% requirement.

Completion rate chart (example):

Enrollment status	If you enroll in this many credits...	...you must complete this number of units to meet SAP requirements for term completion rate*:
Full-time	17	12
Full-time	15	11.5
Full-time	13	9
Full-time	12	8.5
¾ time	11	7.5
¾ time	9	6.5
½ time	8	5.5
½ time	7	5
½ time	6	4.5
Less than ½ time	5	3.5
Less than ½ time	3	2.5

*Student must still meet all other SAP requirements, including overall completion rate, to be eligible for federal student aid.

GRADES

Grade symbols of A, B, C, D, or F received at Cuesta College will be used to calculate grade point average (GPA). Courses completed with CR, P, I, NC, NP, W, or WF will NOT be used in calculating a student’s GPA, but they will be used in the determination of the other SAP standards.

MAXIMUM TIME FRAME or EXCESSIVE UNITS

If a student attempts more than 150% of the units required to complete the educational goal (degree or certificate) that they have declared to the Admissions and Records office, they are ineligible for federal student aid.

<i>Educational Goal</i>	<i>Units required to complete goal</i>	<i>Maximum units allowed</i>
Associate Degree	60	90
Transfer requirements	60	90
Certificate program*	24	36

*Certain certificate programs (e.g. nursing) require more than 24 units to complete and this higher amount will be used to calculate eligibility in the SAP review process. In some cases, however, an appeal may still be requested in order to document eligibility.

DETERMINING SAP STATUS

The Financial Aid office evaluates SAP at the end of each term to determine students’ eligibility for financial aid. Based on their academic performance, a student is placed in one of the following statuses:

	Eligible for federal student aid?	Eligible for BOG fee waiver?	Description / Notes
Satisfactory (SAT)	Yes	Yes	Student is meeting all SAP standards.
Warning	Yes	Yes	Student failed to meet one or more of the SAP standards.
Suspension (UNSAT)	No	Yes	Student has failed to meet SAP standards for two consecutive terms. Students on financial aid suspension may regain eligibility for financial aid by: 1. Filing a successful SAP appeal if there are extenuating circumstances; OR 2. Attending classes without financial aid until they meet all SAP standards. This method is known as “reinstatement.”
Probation (PLAN)	Yes	Yes	Student has submitted a SAP appeal which was subsequently approved. Student must adhere strictly to the following rules or they will be disqualified: 1. Pass all attempted classes. No W, F, NC, FW or incomplete grades are allowed. 2. Earn a 2.0 GPA for the term. 3. Take only those courses listed in the student education plan submitted with the appeal. Students on probation status who follow the above rules will have their eligibility extended at subsequent reviews in the same academic year. Students must file a new appeal every academic year regardless of any prior appeal approvals.

APPEAL PROCESS

If students have experienced extenuating circumstances that affected their academic performance, they may submit a SAP appeal to the Financial Aid office. Appeal decisions are made on a case-by-case basis and may require the student to provide additional documentation for further review. There is **no guarantee** that an appeal will result in financial aid being revised and/or reinstated; the decision of the Financial Aid office is final.

Appeals may be filed in the following situations:

- Serious illness or accident, death in family, or other family emergency
- Withdrawal for military service
- Other documentable extenuating circumstances

Appeal forms for the current academic year may be requested from the Financial Aid office in person or online. Appeals may be submitted in-person or via e-mail from the student’s Cuesta e-mail address. In all cases, the appeal request must be filed by the student prior to the deadline stated on the appeal form.

All appeals must contain:

1. A complete SAP appeal form for the correct academic year and term;
2. Personal statement that explains the reasons for the student’s inability to meet SAP standards and how that situation has been resolved;
3. Official documentation of any circumstances mentioned in the personal statement, if requested;
4. Unopened official transcripts from all colleges attended, unless such transcripts are already on file with Cuesta College’s Admission and Records department;
5. A comprehensive student education plan, unless student is requesting a “reset” under the SAP reset policy (see below for details); AND
6. A student attendance and progress report, if appeal is submitted after certain point in the term (see appeal form for details).

SAP “RESET” POLICY

Students who have changed their major or program of study are able to have their SAP eligibility re-calculated solely on the basis of grades and units that are applicable to their current program. A student may receive such a “reset” only once during their time at Cuesta.

However, students that have been accepted into certain programs may be eligible for an additional reset. In order to receive an additional “reset”, a student must file a SAP appeal and be enrolled in a program that satisfies the following conditions:

- 1) The program has its own admissions process separate from that used by Cuesta College at large.
- 2) Students in the program progress through a set of mandatory coursework across multiple terms.

Examples of programs that would currently qualify for a

“reset”: Registered Nursing, Licensed Vocational Nursing, and Psychiatric Technician.

Once an additional “reset” has been granted, no further resets will be allowed.

COURSE REPETITION

For financial aid purposes, courses may be repeated consistent with district academic standards, as identified in the college catalog. However, all repeated units will count toward Maximum Time Frame. Students may receive financial aid for repeat course work which they have previously passed only once.

There is an exception for courses which require repeats. Students taking a required repeat course should work with the Financial Aid Office to ensure those credits are counted appropriately for financial aid eligibility. Students may need to provide documentation regarding the requirement to repeat.

FINANCIAL AID ELIGIBILITY FOR REMEDIAL AND ESL COURSEWORK

Students are allowed to receive financial aid for remedial units if the remedial classes are a prerequisite for entrance into a regular college program. Financial aid cannot be received for more than 30 attempted units of remedial classes. Remedial units must be taken in recommended sequence.

ESL coursework must be part of an eligible program of study to receive financial aid. ESL coursework is not an approved program in itself. A student enrolled in ESL classes, who is not in an eligible program of study, is not eligible for federal student aid.

EVALUATION OF ESL COURSEWORK IN A SAP REVIEW

Standard	ESL coursework that will be included in the SAP review
Qualitative (2.0 GPA, term and cumulative)	ESL courses that are given letter grades (A,B,C,D,F) will be included in the determination of whether students meet this standard.
Quantitative (67% completion rate, term and cumulative)	All ESL courses are included in the determination of whether students meet this standard.
Maximum Time Frame (Total attempted units)	No ESL courses are counted towards the maximum time frame standard.

TRANSFER CREDITS

All transfer credits that Cuesta evaluators have determined will count toward the student’s current program will also be included in the calculation of overall attempted and completed hours. They will not be included in the calculation of overall GPA.

Federal Return of Title IV Funds Policy

Title IV (federal student aid) recipients who withdraw completely before completing 60% of the term for which the student has been charged will be required to return a portion of the Title IV funds they received. The return amount will be calculated using the number of days the student attended in the given term and the total number of days in the given term.

Return of Overpayment

Title IV financial aid recipients who withdraw from all classes—or are administratively withdrawn from all classes—may be required to return a portion of the financial aid they received. The Financial Aid office will calculate the percent of financial aid earned and unearned for the given term. Title IV financial aid recipients who receive an overpayment resulting from changes in enrollment, cost of attendance, general eligibility, and additional financial aid award(s) will be required to return funds in the amount necessary to eliminate the overpayment. The student will be notified if they are required to return any Title IV funds. Students that fail to return Title IV funds are ineligible for federal student aid.

Order of Return of Title IV funds

All returns will be distributed to the student financial assistance programs in the order below with the following exceptions: Title IV funds required to be returned by the student will not be distributed to a

Federal Direct Loan Program and no returns shall be distributed to the Federal Work Study Program.

1. Direct Unsubsidized Loan
2. Direct Subsidized Loan
3. Direct PLUS Loan
4. Federal Pell Grants
5. Federal SEOG Program
6. Other Title IV Programs
7. Other Federal and State Programs
8. Institutional or Agency Programs

The Dean of Student Services will make available the institutional accreditation documents and the Title IV participation agreement upon student request. The Title IV school code for Cuesta College is 001192.

LIBRARIES

Location: San Luis Obispo Campus, Building 3200, Room 3200, (805) 546-3155. North County Campus, Building N3100, Room N3113, (805) 591-6200, Ext. 4410.

The Cuesta College Libraries support the educational program of the college. Books, periodical subscriptions and audiovisual materials are closely coordinated with curriculum offerings. Holdings include general education and career and technical education materials, and other resources for updating and increasing skills and knowledge.

Comparable services are provided to distance education students and students at off-site locations. The library's catalog and periodical databases are online, and accessible around the clock to all students with Internet access. An increasing portion of the library collections, including nearly 13,000 e-books and virtually all journal content, is digital and available online. A proxy server enables secure remote access via a student's myCuesta login.

To assist students and community residents with their informational and research needs, librarians are available at the Reference desk and via telephone, email, and Internet chat whenever the library is open. College librarians hold advanced degrees and as part of the college faculty teach research and information literacy skills and help students locate the best resources for their educational needs.

Library facilities include areas for studying, photocopying, computer use, viewing audio/visual materials, and library instruction. Comfortable surroundings invite leisurely browsing, reading and viewing, and provide a quiet place for contemplation and learning.

To borrow library materials, students must show photo identification. Community residents must show a current I.D. with local street address to use a courtesy library card.

Open computer labs on the San Luis Obispo and the North County campuses are provided for academic use. Workstations are equipped with most software taught at Cuesta so that students can work on class projects outside of scheduled lecture and lab times for their courses. One lab on each campus is adjacent to or in the Library. Smaller and more specialized labs are also available on the San Luis Campus on a more limited basis.

NONCREDIT (ADULT EDUCATION COURSES)

Cuesta College noncredit program offers students access to a variety of no cost courses and certificates that can assist them in reaching their educational, personal, and professional goals. Noncredit courses are intended to provide students with lifelong learning, college transfer, and career preparation opportunities.

To make the classes and programs more accessible, classes are offered throughout the district at all three campuses, as well as K-12 schools throughout the county and in rural communities, libraries, churches, and community centers.

The classes may vary in length and time to meet the needs of diverse students. Although some classes are tailored for a specific student constituency, all classes are open to the public. No enrollment fees are charged for the noncredit classes. Students who take classes on the one of the three Cuesta College campuses will be required to purchase a parking permit.

Noncredit certificates of completion are offered in Adult Basic Education, English as a Second Language, and Vocational English as a Second Language.

Books and supplies needed for a class are the responsibility of the student.

ONLINE SERVICES AND DISTANCE EDUCATION

Distance Education courses are those in which the instructor and student are separated and interact through the assistance of communication technology. They are offered as either "hybrid" courses (with limited required on-campus sessions) or "fully online" (with no required on-campus sessions.) The full definition of Distance Education, and the means by which the college verifies student identity in distance education courses, is contained in the district's Administrative Procedure 4105 (<http://academic.cuesta.org/president/BRDPOLREV08.HTM>.)

Courses offered through Cuesta College's Distance Education program are equivalent to the classroom-based version in course content, textbooks, required assignments, exams, study time, etc. The only difference is the method in which the course is delivered.

Students in Distance Education courses are able to access support services such as counseling, technology help desk, and library services remotely.

Student Activities

Cuesta College's student government develops a broad spectrum of activities, programs, and services for the student body. Its goals are to provide social contact, entertainment, and leadership opportunities for the campus community. Extracurricular activities foster a sense of unity among individuals, as well as among student groups pursuing specialized interests.

The complete planning and production of various events provide excellent experience for student leaders and enjoyable activities for all. Lectures, film series, forums, bands, community awareness programs, and seasonal and special events are all within the scope of student government sponsorship.

The broad array of student activities involves the educational experience of all members of the Associated Students of Cuesta College. Students plan and develop them and, by taking an active role, experience a personal satisfaction and growth beyond their academic pursuits.

An activities calendar may be found at: cuesta.edu/student/forstudents/studentlife/sll_calendar.html

Associated Students of Cuesta College

The Associated Students of Cuesta College (ASCC) operates under regulations authorized in the California Education Code and in the policies of the Cuesta College Board of Trustees. The ASCC is the college's official

student government organization.

The ASCC is established to promote the general welfare of Cuesta College students; to guarantee equality of opportunity among students; to offer an experience in practice of the American democratic government; and to encourage student participation in, planning for, and involvement in a comprehensive program of student activities. It offers students opportunities to participate in social and cultural events, to share in governance activities, to interact with professionals, and to create and administer their own organizations and programs.

Student Organizations

The college and the ASCC grant recognition to campus organizations including honor societies, service and religious organizations, those with an ethnic/multicultural focus, and departmental and special interest groups. The varied types of clubs not only offer an opportunity for social life but also make a fine contribution to the development of student leadership. Membership and active participation in a reasonable number of these organizations are strongly recommended by the college.

TRANSFER SERVICES

The Transfer/Career Center has a wide variety of resources available to university bound students including college and university catalogs and information, college search materials, major and career books, and study abroad brochures and catalogs. The center maintains information about university transfer requirements, the university application process, articulation agreements and transfer admission guarantee programs. In addition, the center provides internet access with links to assist students completing online admissions applications and researching colleges.

Appointments to meet with a counselor can be made one week in advance beginning the first working day of the week and are available from 8:30 a.m. to 4:00 p.m. Monday through Thursday and from 10:30 a.m. to 4:00 p.m. on Friday.

Transfer/Career Center staff serve as liaisons to colleges and universities and advocate for students in the admission process. Center staff also coordinate university representative visits in which university outreach staff come to campus to meet with Cuesta College students individually.

Transfer Admission Guarantee (TAG programs) are commitments that selected colleges and universities make to Cuesta College students who meet specific credit, GPA, and course requirements. A TAG serves as a contract between the student and college or university. Students who have completed a TAG and have met contractual requirements are guaranteed admission.

CUESTA COLLEGE NOW HAS TRANSFER ADMISSION GUARANTEES WITH THE FOLLOWING UNIVERSITIES:

- UC Santa Cruz
- UC Riverside
- UC Santa Barbara
- UC Davis
- UC Irvine
- UC Merced

Associate Degrees for Transfer (ADT). Please see page 70 for information about ADTs.

Career Services

Career services are available to assist students in exploring and clarifying their career goals, researching occupational fields, and making their educational plans accordingly. Students may make arrangements with Transfer/Career Services to attend a Career Workshop and use the Eureka Career Information System to obtain information about specific occupations.

Student wishing to do in-depth career assessment and planning are encouraged to take COUN 254, Career Exploration.

Transferring to California Polytechnic State University

Because admission to Cal Poly is highly competitive; it is strongly recommended that students work closely with a Cuesta College counselor to ensure they are well-prepared for Cal Poly's transfer selection process. Cal Poly's Transfer Selection Criteria vary by major and include completion of major-related and general education coursework, grades, and extracurricular activities and work experience. Students applying as upper-division transfers that have completed all required/desired coursework and have maintained a high GPA typically are more competitive in Cal Poly's transfer selection process. The Cal Poly Admissions website provides comprehensive information on their transfer selection process.

ASSIST

ASSIST (Articulation Subsystem Stimulating Inter-institutional Student Transfer) is a student-transfer information system available at www.assist.org. ASSIST displays reports describing how courses completed at a California community college will be applied to an undergraduate degree at a California State University or University of California campus. As the official repository of articulation for California's public colleges and universities, ASSIST provides the most accurate and up-to-date information available about student transfer within the state of California. Students who are planning to transfer to a California State University or a University of California campus are encouraged to utilize ASSIST information (in

consultation with a counselor) for important information about the transfer and articulation process.

Student Right To Know

In five decades of service to the community, Cuesta College has helped thousands of students reach a wide variety of educational goals, including improved foundational skills, transfer to a four-year institution, earned certificates or associate degrees and advancement in the work force.

In compliance with the Student-Right-to-Know (SRTK) and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the San Luis Obispo County Community College District to make available its completion and transfer rates to all current and prospective students. Beginning in fall 2009, a cohort of all certificate, degree, and transfer seeking first-time, full-time students were tracked over a three-year period. Their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at Cuesta College, nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, a completer is a student who attained a certificate or degree or became 'transfer prepared' during the three-year period from fall 2009 to spring 2012. The completion rate for Cuesta College's 2009-2012 cohort is 30.74%.

Based upon the cohort defined above, students who have completed 60 transferrable units with a GPA of 2.0 or better are considered "transfer prepared." Students who transferred to another post-secondary institution prior to attaining a degree, certificate, or becoming "transfer prepared" during a five-semester period from spring 2010 to spring 2012 are transfer students. The transfer rate for Cuesta College's 2009-2012 cohort is 19.98%.

VETERANS' SERVICES

Location: Veterans Resource Center, Building 3100, Room 3174, SLO campus; (805) 546-3142. North County Campus, Building N3200/3100, Room 3121.

Montgomery G.I. Bill Education Benefits

Cuesta College is approved by the Veterans Administration to offer eligible veterans and their dependents military service connected benefit programs leading to an associate degree or transfer to a four-year institution. The Department of Veterans Affairs (DVA) administers several educational assistance programs for which basic eligibility may vary. Generally, only the DVA can determine an applicant's eligibility for educational assistance.

All persons receiving educational benefits must personally contact the Veterans Coordinator after enrollment every semester to continue benefits. In addition, a Student Educational plan (SEP) must be on file by the end of the first semester. This plan must be developed and reviewed by an academic counselor.

Priority Registration

As our way of saying thanks for serving our country,

Veterans receive priority registration. New students to Cuesta College must meet the requirements of a new matriculated student as defined in the enrollment priority section. Any member or former member of the Armed Forces of the United States, and who is a resident of California, who has received an honorable discharge, a general discharge, or an other than honorable discharge, and to any member or former member of the State Military Reserved, for any academic term attended at one of the California State University, California Community College, or University of California for four academic years after he/she has left state or federal active duty, which he/she shall use within 15 years of leaving state or federal active duty, as established by Education Code 66025.8.

Military Credit

Veterans can receive credit up to 12 credits for education experience in the Armed Services. For more information please refer to this website: www.militaryguides.acenet.edu or see the Veterans' Resource Center.

Disabled Veterans

Veterans who qualify for educational benefits as disabled veterans may be entitled to special educational benefits. Veterans should visit the DVA Regional office, 8810 Rio San Diego, CA 92108 to determine their eligibility for disabled status. Veterans with disabilities are encouraged to investigate services offered through Cuesta College Disabled Students Programs and Services.

Veterans' Dependents – War Orphans – Missing In Action – Prisoners Of War

Students who are children or widows of veterans who died as a result of military service or are dependents of veterans who were totally disabled as a result of war service (or peacetime military service since September 16, 1940) may be eligible for assistance from the Veterans Administration or the State of California. Inquiries regarding these benefits should be made through the DVA Regional Office.

Student Liability

The veteran/dependent student assumes full liability for any overpayment of veterans education allowance benefits. **The final responsibility for monitoring the process of qualifying for educational benefits rests with the individual applicant.** FAILURE TO TAKE THE PROPER CLASSES CAN RESULT IN THE REDUCTION OR TERMINATION OF BENEFITS.

Veteran/Dependent Student Academic Standing

Students will not be certified for enrollment if placed on Academic or Progress Dismissal status. If you have previously been placed on Academic Probation and have a grade point average of less than 2.0 in the last two consecutive semesters of enrollment and are eligible for certification of Veteran Benefits, you will be dismissed at the end of each semester as a veteran student (lose veteran certification and priority registration) as required under Veterans Administration approval criteria regulations.

Students who have previously been placed on Progress Probation and have 50% or more enrollment grades of "W", "I", or "NP" recorded in the last two consecutive semesters

of enrollment will be dismissed at the end of each semester as a veteran student (lose veteran certification and priority registration) as required under Veterans Administration approval criteria regulations.

Tutorial Services

Tutorial services are available to all veterans who meet established VA criteria.

Transcripts

All official transcripts of prior college work and military schools must be on file in the Records Office before registering for classes. Certification for benefits for the second semester will be withheld if transcripts are not received. See the Veterans' Resource Center for necessary forms.

Credits Required for Entitlement of Benefits

The following number of credits is required each semester to certify students for educational and training allowances. Short-term courses are computed proportionately for payment purposes. Please see the Veterans' Resource Center for more information.

Withdrawal/Change of Classes

Veterans are required to notify the campus Veterans' Resource Center when they stop attending class, withdraw from the college or add or drop a class. Such changes should be reported immediately after filing an official withdrawal. Failure to comply with this regulation will be grounds for decertification and will be considered a fraud with the Department of Veterans Affairs.

CUESTA COLLEGE

COLLEGE POLICIES, RULES AND REGULATIONS

Students are held individually responsible for the information contained in the Cuesta College Catalog and in the Student Code of Conduct. Failure to read and comply with college Policies, Rules, and Regulations will not exempt students from whatever penalties they may incur.

The college reserves the right to make changes, additions and/or deletions to the Policies, Rules, and Regulations during the school year when deemed necessary by action of the administration and/or Board of Trustees.

Academic Probation and Dismissal

Students who earn unsatisfactory grades may jeopardize their enrollment and registration priority at Cuesta College. Academic achievement is monitored during the fall and spring semesters and summer session. A student is placed on academic probation at the end of a semester if the student's semester grade point average is less than 2.0, or "C average," on a four-point scale.

A student who earns less than a 2.0 GPA for two consecutive semesters is subject to dismissal from the college. For the purpose of this section, semesters are considered consecutive on the basis of the student's pattern of enrollment. For example, a student earning less than a 2.0 in fall 2013 and fall 2014 would be subject to dismissal if the student did not attend Cuesta during spring 2014. Dismissed students are not allowed to attend the subsequent semester.

Students are notified of their academic probation/dismissal status through their myCuesta e-mail account at the end of grade processing each semester, excluding summer session.

Students on academic probation are required to participate in academic follow-up services designed to help students persist and succeed in their courses. Students on academic probation will be notified of required academic follow-up activities. Students on academic dismissal must attend a Reinstatement Workshop and agree to their Reinstatement Contract to enroll or remain enrolled in their courses for the subsequent term.

Students, who do not attend a reinstatement workshop will be blocked from enrolling and must "sit out" the following term. Dismissed students who are enrolled in the subsequent term, will be administratively dropped from their courses. Reinstatement, or "sitting out" a semester, does not change the student's academic standing. Once a student's semester GPA is 2.0 (C) or higher the student will be removed from Academic Dismissal.

Progress Probation and Dismissal

Students who fail to complete courses in which they enroll may jeopardize their ability to enroll and their registration priority at Cuesta College. Academic progress is monitored during the fall and spring semesters and summer session. A student who has enrolled in a total of 12 or more credits at Cuesta College is placed on progress probation at the end of a semester if the percentage of all

Cuesta College credits in which a student has enrolled, for which entries of "W," "I," and "NP" are recorded, reaches or exceeds 50 percent.

A student placed on progress probation for the third consecutive semester is subject to dismissal from the college.

Students are notified of their progress probation/dismissal status through their myCuesta e-mail account at the end of grade processing each semester.

Students on progress probation are required to participate in academic follow-up services designed to help students persist and succeed in their courses. Students on progress probation will be notified of required academic follow-up activities.

Students on progress dismissal must attend a Reinstatement Workshop and agree to their Reinstatement Contract to enroll or remain enrolled in their courses for the subsequent term.

Students who do not attend a reinstatement workshop will be blocked from enrolling and must "sit out" the following term. Dismissed students who are enrolled in the subsequent term, will be administratively dropped from their courses.

Reinstatement, or "sitting out" a semester, does not change the student's academic standing. A student on progress dismissal shall be removed from probation/dismissal when the percentage of entries of "W", "I", and "NP" recorded drops below 50 percent.

Contact the Office of the Director of Admissions and Records or Director of Counseling for additional information.

Academic Renewal without Course Repetition

Previously recorded substandard academic work may be disregarded in the calculation of a student's grade point average if the work is not reflective of the student's present scholastic level of performance.

1. Academic renewal may be applied to two distinct terms/sessions of work and is a one-time irreversible option.
2. Academic renewal cannot be used to disregard prior academic credit or course work which has been applied toward an associate degree or certificate earned at Cuesta College.
3. For any term/session in which course work is to be disregarded, substandard academic work in that term/session will be disregarded, excluding satisfactory academic work.
4. If grade alleviation has already been applied two times for a course included in the requested term/session to be disregarded, the course will not be eligible for academic renewal without repetition and will remain on the academic record. No more than two substandard grades may be alleviated from the calculation of the student's grade point average for a course.
5. A period of at least two years must have elapsed since

the completion of the work to be alleviated.

6. To alleviate course work, the student must have:
 - a. Completed a minimum of 15 semester credits since the term(s) to be alleviated with at least a 3.0 grade point average; or
 - b. Completed 30 semester credits since the term(s) to be alleviated with at least a 2.5 grade point average; or
 - c. Completed 45 semester credits since the term(s) to be alleviated with at least a 2.0 grade point average.
7. Recalculation of the grade point average will be used toward qualification for graduation with honors.
8. Academic standing for the term/session(s) will be adjusted.
9. Permanent academic records will be annotated in such a manner that the record of all work remains legible, ensuring a true and complete academic history.

The student initiates the request by filing a Petition for Academic Renewal without Course Repetition in Counseling Services. The petition must be signed by the student and counselor.

- The student must submit official (sealed) transcripts from all accredited colleges or universities where course work was completed.
- The Director of Counseling will make the final determination for academic renewal without course repetition.
- The petition is forwarded to the Admissions & Records Office for a college evaluator to review all evidence pertaining to the student's petition for academic renewal without course repetition.
- If academic renewal requirements are met, eligible courses will be alleviated from the student's permanent record.
- Calculation of the student's grade point average begins following the end of the first term being alleviated under academic renewal.

Alleviated course work will be annotated on the student's transcript with an "E" for exclusion with a notation of "Academic Renewal" and the substandard grade will be excluded from the student's grade point average calculation.

Attendance

Normal progress and successful completion of scholastic work depends upon regular attendance. Students are expected to attend all classes and laboratories for which they are registered. Instructors set an attendance policy for each class, and it is the student's responsibility to know and comply with each one. Instructors may drop a student from a class for infractions of the attendance policy. (To assure a seat in the class, students are advised to attend the first class session.)

It is the student's responsibility to officially withdraw from a course which the student is no longer attending. Failure to officially withdraw from a class may result in an "F" (failing) grade.

Open Enrollment

It shall be the policy of the San Luis Obispo County Community College District that, unless specifically exempted by statute or regulation, every course, course section or class, wherever offered and maintained by the District, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such prerequisites or other limitations as may be established pursuant to Title 5, Sections 55002, 55201, 55202, 58106.

Authority of Instructor

The Board of Trustees shall establish rules and regulations for student conduct while on campus and/or engaged in any college-sponsored activity.

The Vice President of Student Services and College Centers or designee shall be responsible for enforcing rules and regulations and administering the disciplinary functions for all activities of students at times and places when students are under the District's jurisdiction; however, an individual instructor is given the power to remove a student from his or her class for good cause for the day of the removal and the next class meeting. The instructor shall immediately report the removal to the Vice President of Student Services and College Centers for appropriate action.

During the period of removal, a student shall not be returned to the class from which he or she was removed without the concurrence of the instructor of the class.

Course Load

A full-time student is a student who is enrolled in a minimum of 12 credits per semester (four credits per summer session). Students enrolled in fewer than 12 credits are considered to be less than full-time except for summer session. Students are limited to a maximum of 19 credits during the fall and spring semesters (nine credits during the summer session), including both day and evening classes. To take more than the maximum number of credits, a student must have an outstanding academic record and must obtain approval from a counselor before registering.

Course Repetition Policy

Repeatable Course

A repeatable course is identified in the college catalog and online Class Finder as repeatable more than one time.

- The student may petition to enroll in two sections of the same repeatable course if the length of the course is such that a student may enroll in two or more sections of the same course during the same period without being enrolled in more than one section at any given time.
- A student may repeat a course designated as a repeatable course including variable credit open-entry/open-exit courses up to the maximum number of allowed repetitions for that course.
- No more than two substandard grades may be alleviated within the allowable repeat limits for a repeatable course. If a course is repeated two or more times, the

first two substandard grades will be excluded in calculating the student's GPA.

- Course repetition will not be allowed in a repeatable activity course beyond the maximum number of allowed repetitions for the course, which may be no more than three (3) terms/sessions.

Non-Repeatable Course

A non-repeatable course is a course in the college catalog that is not identified as repeatable.

- Substandard Grade - a grade of "D+," "D," "D-," "F," "FW," "NP," or "NC."
- A student will be permitted to retake a non-repeatable course in which a substandard grade or "W" was earned one time without a petition.
- If a student has earned a second substandard grade or "W" in a course, the student must agree and sign a Third Enrollment Agreement to be released to register for the third repetition of a course.
- Each non-repeatable course in which a substandard grade has been earned may be repeated two times only for grade alleviation unless such repetition is provided by District policy. The repeated course must contain the equivalent credit value or higher. The previous grade and credit will be disregarded in calculation of the student's grade point average even if the previous grade was higher.
- Satisfactory Grade - a grade of "A," "A-," "B+," "B," "B-," "C+," "C," "P," or "CR."
- A course in which a satisfactory grade was received may not be repeated unless such repetition is provided for in the official course description or by District policy.

Limitations on Withdrawal ("W" symbol)

Each non-repeatable course in which a "W" has been earned may be repeated for a maximum of two times. The student may earn no more than three (3) withdrawals in the same course.

- Military withdrawals ("MW") do not count against the "W" withdrawal limit.
- A student who has previously earned a maximum of three (3) withdrawals for a course that has a petition approved to repeat may only earn a satisfactory or substandard grade for the course. The student may not earn an additional "W" symbol unless the student demonstrates extenuating circumstances to justify an additional withdrawal for the course.

Petition to Repeat

Students may submit a "Petition to Repeat a Course" under certain circumstances as provided by Title V, California Code of Regulations and Cuesta College Board Policy. Petition approvals are reviewed by the Director of Admissions & Records, the North County Campus Dean, or designee.

Significant Lapse in Time: A student may petition to repeat a course, one time, and if no less than 36 months have elapsed, where a satisfactory grade of "C" or better was earned if:

- The District has established a recency prerequisite for a course or program;
- Another institution of higher education to which the student seeks to transfer has established a recency requirement which the student will not be able to satisfy without repeating the course. Repetition may be allowed where less than 36 months have elapsed if the student documents that repetition is necessary for the student's transfer to the institute of higher education.
- When a course is repeated pursuant to this section, the previous grade and credit will be disregarded in computing the student's grade point average.

Disabled Student Accommodation

A student may repeat a special class for students with disabilities any number of times as required as a disability-related accommodation under the following circumstances:

- When the student's continuing success in other general and/or special classes is dependent on additional repetitions of a specific special class; or
- When additional repetitions of a specific special class are essential to completing a student's preparation for enrollment into other regular or special classes; or
- When the student has a student educational plan which involves a goal other than completion of the special class in question and repetition of the course will further achieve that goal.
- The previous grade and credit will not be disregarded in computing the student's grade point average each time the course is taken.

Legally Mandated Training

A student may repeat a course any number of times as required to meet a legally mandated training requirement as a condition of continued paid or volunteer employment.

- The previous grade and credit will not be disregarded in computing the student's grade point average each time the course is taken.

Significant Changes of Industry or Licensure Standards

A student may repeat a course any number of times as a result of a significant change in industry or licensure standards such that repetition of the course is necessary for employment or licensure.

- The previous grade and credit will not be disregarded in computing the student's grade point average each time the course is taken.

Extenuating Circumstance - Prior Substandard Grades

A student may petition to repeat a course, one time, based on extenuating circumstances in a prior enrollment in which three (3) substandard grades have been earned. Extenuating circumstances are cases of documented, verifiable circumstances beyond the student's control.

- The previous grade and credit will be disregarded in computing the student's grade point average if either a substandard or satisfactory grade is earned.

Extenuating Circumstance - Prior Satisfactory Grade

A student may petition to repeat a course, one time, based on extenuating circumstances in a prior enrollment in

which a satisfactory grade has been earned. Extenuating circumstances are cases of documented, verifiable circumstances beyond the student's control.

- The previous grade and credit will not be included in computing the student's grade point average each time the course is taken.

Enrollment Priorities

All courses of the District shall be open to enrollment to all eligible students, subject to an established enrollment priority. Enrollment also may be limited to students meeting properly validated prerequisites and co-requisites, or due to other, practical considerations.

To comply with legislative mandates, regulate the availability of limited class space, provide for fairness, and facilitate the registration process, procedures to provide enrollment priority for students on the basis of need are established.

Annually, each program or group granting enrollment priority will establish and publish a process to review and evaluate their program participant's "level of need" that grants program eligibility for enrollment priority.

Effective Fall 2014.

The California Community Colleges Board of Governors approved changes that will establish system-wide enrollment priorities designed to ensure classes are available for students seeking job training, degree attainment or transfer and to reward students who make progress toward their educational goals.

New students who have completed college orientation, assessment and developed education plans as well as continuing students in good academic standing who have not exceeded 100 credits (not including credits in non-degree applicable courses, basic skills and English as a Second Language) will now have priority over students who do not meet these criteria. Active military and veterans, current and former foster youth, CalWORKS, followed by students in Extended Opportunity Programs and Services (EOPS) and Disabled Students Programs and Services (DSPS) will continue to have first priority for registration if they meet the same criteria listed above.

The regulations, unanimously approved by the board of governors, will be implemented in the fall of 2014. We encourage students on probation to seek help to improve their academic standing. Students nearing 100 credits should carefully plan their remaining courses.

Enrollment Priority Groups are defined below. Students will continue to have access to register after their priority date.

- **A New Matriculated Student** is one who has completed orientation, assessment and developed a student education plan (Abbreviated or Comprehensive).
- **A Student in Good Academic Standing** is one who is not on academic or progress probation for two current consecutive primary terms.

• **A Student in High Credit Program** is a program that has more than 38 credits in the major coursework and following a current education plan.

• **A Continuing Student**, excluding special part-time (enrichment) is one who was enrolled during the immediately preceding semester and received at least one letter grade or "W." A student registered during the semester, who did not complete a course with a letter grade or "W" forfeits continuing student status.

• **A New First-time Student** is one who never attended Cuesta College prior to the application term.

• **A Returning Student** is one who attended Cuesta in the past, but was not enrolled in the term prior to the application term.

• **A Re-Entry Student** is one who is at least 25 years of age and has not attended a college or university within the past 5 years.

• **A New Transfer Student** is one who is enrolling at Cuesta for the first time after attending another post-secondary institution.

• **A Special Part-time Student (Enrichment Student)** is one who is under the age of 18, currently enrolled in grades 6-12, and eligible to attend Cuesta College. (BP 5055, BP 5010, AP 5011).

• **PRIORITY 1:** Continuing students, with the exception of eligible foster youth, in this group must be in good academic standing as defined with less than 100 Cuesta College degree applicable credits. New first-time students in this group must meet the requirements of a new matriculated student as defined. Special Part-time Students are not eligible, except noted.

- Any member or former member of the Armed Forces of the United States, and who is a resident of California, who has received an honorable discharge, a general discharge, or as an other than honorable discharge, and to any member or former member of the State Military Reserve, for any academic term attended at one of the California State University, California Community Colleges or University of California for four academic years after he/she has left state or federal active duty, which he/she shall use within 15 years of leaving state or federal active duty, as established by Education Code 66025.8.

- Foster youth and emancipated foster youth up to, and including, the age of 24 are eligible. This includes foster youth who are enrolled as special part-time students (Enrichment), as established by Education Code 66025.9.

This category is exempt from the priority regulations, except for the first-time students who must complete the matriculation requirements.

- California Work Opportunity and Responsibility to Kids (CalWORKS), as established by Education Code 66025.92.

- Disabled Student Program & Services (DSPS)

- Extended Opportunity Programs and Services (EOPS)

• **PRIORITY 2:** Degree/Transfer applicants must be a continuing student with 12 credits completed in residency; who will be completing their remaining AA, AS, Transfer (AA-T and AS-T) degree or transfer certification requirements within one semester at Cuesta. Students will need to apply for their priority according to deadlines established by Admissions and Records. Special part-time students are not eligible. Students will receive priority in this classification **one time**.

• **PRIORITY 3:** Graduating seniors from local (San Luis Obispo County Community College District) high schools who complete the admission application by the deadline established by the high school and Cuesta College and meet the definition of a New Matriculated Student. Special Part-time Students are not eligible. Fall Semester ONLY.

• **PRIORITY 4:** Continuing students in this group must be in good academic standing as defined, with less than 100 Cuesta College degree applicable credits. New first-time students in this group must meet the requirements of a new matriculated student as defined. Special Part-time Students are not eligible.

• **PRIORITY 8:** Continuing or returning students who have earned 100 or more credits at Cuesta College and/or are on academic or progress probation for two consecutive terms. Special Part-time Students are not eligible.

• **PRIORITY 9:** Special Part-Time Students (Enrichment) concurrently enrolled in grades 9-12, who have completed the admission application, permit to enroll, and have met all course prerequisites, are eligible to enroll during this time.

Enrollment Limitations

A student's ability to enroll in a course may be limited or restricted. Refer to Administrative Procedures 5075 - http://academic.cuesta.edu/president/2008BP/BP5000/AP%205075_Add-Drop.pdf

• **CONTINUING/RETURNING STUDENTS:** A continuing or returning student will lose enrollment priority if he/she earns 100 or more credits at Cuesta College (not including non-degree applicable courses, basic skills and ESL) or if he/she are on academic or progress probation for two current consecutive primary terms. Students who lose their priority due to enrollment limitations will be able to register after Priority 7.

Appeal Policy Procedures

- Students may petition to have their enrollment priority changed based on the following reasons:
 - Extenuating Circumstances (verified cases of accidents, illnesses, or other circumstances beyond the control of the student)
 - Students with disabilities who applied for but did not receive reasonable accommodations in a timely manner.
 - Students who demonstrate significant satisfactory academic improvement by earning at least 2.50 GPA in at least 6 academic credits in a subsequent term, but whose term GPA is not high enough to move the student into good standing.
 - Students who are in high credit programs and are following a current education plan.

Enrollment Priority Appeal forms are available online, and at all Cuesta College sites. Appeals are to be submitted to the Director of Admissions & Records. Extenuating circumstances must be documented. Enrollment Priority students whose appeal is approved will be reinstated to their previous priority status for one semester.

Any student who is a member of an active or reserve military service and who receives orders compelling a withdrawal from courses will be reinstated to their previous priority status upon their return.

FERPA

The Family Education Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their

education records. An “eligible student” under FERPA is a student who enters a postsecondary institution at any age.

Right to Inspect and Review Records

Section 99.10 of FERPA grants students the right to inspect and review their education records within 45 days after the day a request for access is submitted. A student should submit a written request to the Director of Admissions and Records that identifies the record(s) the student wishes to inspect. The Director of Admissions and Records will make arrangements for access and notify the student of the time and place where the records may be inspected. If the education records are not maintained by the Admissions and Records Office, the Director shall advise the student of the correct official to whom the request should be addressed.

Directory Information

FERPA provides students the right to provide written consent before the San Luis Obispo Community College District discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

In completing the admission application, students are provided the opportunity to request their directory information be maintained as confidential. Students may also submit a written request to the Admissions and Records Office at any time to become effective within 5 to 10 working days.

The District has designated the following information as directory information:

- Student’s name
- myCuesta student email address
- Photograph
- Major of study/program
- Degrees/Certificates and awards received by students (including honors, scholarship awards, athletics awards)
- Dates of attendance
- Level of enrollment (number of credits)
- Student participation in officially-recognized activities and sports including weight, height, and high school of graduation of athletic team members.

Disclosure of Education Records

FERPA permits the disclosure of Personally Identifiable Information from students’ education records, without consent of the student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student for the following conditions:

- To school officials with legitimate educational interests; A school official is a person employed by the San Luis Obispo Community College District in an administrative, supervisory, academic, research, or support staff position, including law enforcement unit personnel and health staff. A school official also may include a volunteer or contractor outside of the District who performs an institutional service or function for which the District would otherwise use its own employees and who is under the direct control of the District with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another District official in performing his or her tasks. A District official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the District. (§99.31(a)(1))
- To a person serving on the board of trustees;
- To a student serving on an official committee, such as a disciplinary or grievance committee. (§9.31(a)(1))

- To authorized representatives of the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the District’s State-supported education programs. Disclosures under this provision may be made in connection with an audit or evaluation of Federal or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§9.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§9.31(a)(4))
- To organizations conducting studies for, or on behalf of, the District, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency. (§99.31(a)(10))
- Information to the District has designated as “directory information.” (§99.31(a)(11))
- To a victim of an alleged perpetrator of a crime of vio-

lence or a non-forcible sex offense. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§99.31(a)(13))

- To the general public, the final results of a disciplinary proceeding, if the District determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the District’s rules or policies with respect to the allegation made against him or her. - To parents of a student regarding the student’s violation of any Federal, State, or local law, or of any rule or policy of the District, governing the use or possession of alcohol or a controlled substance if the District determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(a)(15))

Right to Request Amendment of Student Records

Student have the right to request the amendment of the student’s education records that the student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

A student who wishes to ask the District to amend a record should write the District official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the District decides not to amend the record as requested, the District will notify the student in writing of the decision and the student’s rights to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing as provided by Education Code Section 73232.

Right to File a Complaint with the Department of Education

Cuesta College students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
 U.S. Department of Education
 400 Maryland Avenue, SW
 Washington, DC 20202
 Phone (800) 872-5327

Final Examinations

Final examinations will be given in all courses at the end of each semester, short course, or summer session. Dates and times are listed in the schedule of classes and on the Cuesta College website.

Grading Policies

No notation (“W” or other) shall be made on the academic record of a student who withdraws during the first two weeks of a full semester course or within 20 percent of a short course, including a summer course.

Courses shall be graded using the grading symbols

established by Title 5. Effective fall 2008, faculty may use the following evaluative letter-grading symbols:

<u>Symbol</u>	<u>Definition</u>	<u>Grade Point (4-Point Scale)</u>
A		4.0 (Excellent)
A-		3.7
B+		3.3
B		3.0 (Good)
B-		2.7
C+		2.3
C		2.0 (Satisfactory)
D+		1.3 (Less than Satisfactory)
D		1.0
D-		0.7
F		0.0 (Failing)

P Passing (At least satisfactory C/2.0) – units awarded are not counted in GPA. “P” has the same meaning as “CR,” as that symbol was defined prior to fall 2008.

NP No Pass (Less than satisfactory C/2.0) – units awarded are not counted in GPA. “NP” has the same meaning as “NC,” as that symbol was defined prior to fall 2008.

I Incomplete academic work for unforeseeable, emergency and justifiable reasons at the end of the term may result in an “I” symbol being entered in the student’s record. The condition for removal of the “I” shall be stated by the instructor in a written contract. The incomplete contract shall contain the conditions for removal of the “I” and the grade assigned in lieu of its removal. A copy of the incomplete contract must be given to the student with a copy on file with the Records office. The contract remains on file until the assigned work has been completed and evaluated, or when the time limit for the completing the work has passed. The “I” must be made up before the end of the following regular semester or it will be considered as an “F” grade. The “I” symbol shall not be used in calculating units attempted nor for grade points. Students may appeal for an extension of time due to extenuating circumstances.

IP In Progress – The “IP” symbol shall be used to denote that the class extends beyond the normal end of an academic term. “IP” shall not be used in calculating grade point average. The IP symbol shall remain on the student’s permanent record in order to satisfy enrollment documentation. The appropriate evaluative AP 4230 symbol (grade) and unit credit shall be assigned and appear on the student’s record for the term in which the course is completed. If a student enrolled in an open-entry open-exit course is assigned an IP at the end of the term and does not re-enroll in that course during the subsequent term, the appropriate faculty will assign an evaluative symbol (grade).

RD Report Delayed – This symbol is assigned by the

Director of Admissions and Records only. It is used when there is a delay in reporting grades due to circumstances beyond the control of the student. This is a temporary notation and is not used in calculating GPA.

W Withdrawal – The “W” symbol is assigned when a student officially withdraws from a full semester course between the beginning of the third week and up through the end of the twelfth week of instruction. For short courses that are less than 18 weeks in length, including summer courses, a “W” symbol is assigned when a student officially withdraws between 20 percent and within 60 percent of the course. The “W” symbol shall not be used in calculating grade point averages but shall be used in determining progress probation and dismissal academic standing.

MW Military Withdrawal – The “MW” symbol is assigned when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, an “MW” may be assigned at any time after the twelfth week deadline for dropping classes. Military withdrawals shall not be counted in progress probation and dismissal calculations.

Grade Changes

The instructor of the course shall determine the grade to be awarded to each student.

The determination of the student’s grade by the instructor is final in the absence of mistake, fraud, bad faith, or incompetence on the part of the instructor.

Mistake - may include, but is not limited to errors made by an instructor in calculating a student’s grade and clerical errors.

Fraud - may include, but is not limited to, inaccurate recording or change of a grade by any person who gains access to grade records without authorization.

Bad Faith - may include, but is not limited, to a lack of honesty and trust; intent to deceive.

Incompetence - may include, but is not limited to, the instructor not possessing and demonstrating the necessary ability and skill to fulfill the instructor’s duties and responsibilities set forth in job descriptions, course outlines, District policies, procedures, and regulations, and applicable laws.

The removal or change of an incorrect grade from a student’s record shall be done pursuant to Education Code Section 76224, 76232 and Board Policy 6205 Student Grievance Procedure.

In the case of fraud, bad faith, or incompetence, the final determination concerning removal or change of grade will be made by the Vice President of Student Services and College Centers or his/her designee.

In all cases, the instructor who first awarded the grade will be given written notice of the change.

In the case of a change of grade decision, the Division

Chair will consult with faculty within the discipline of the instructor who first awarded the grade to review student material and determine the final grade the student will earn.

Course Grades

Grades are available for viewing within Cuesta College’s student portal, myCuesta, four weeks after the last day of the term. Grades are not sent to students.

Pass/No Pass

A student may select “pass/no pass” (formerly credit/no credit) through the fourth week of instruction for 18-week courses or, if the course is less than 18 weeks in duration, within the first 20 percent of the course. Students may change back to a letter grade prior to the fourth week or 20 percent deadline. After the fourth week or 20 percent deadline, students may not reverse their pass/no pass grading decision.

- Some general education, degree and certificate course work must be taken for a grade. Consult a counselor or program description. No more than 12 credits of “pass/no pass” may be applied toward the Associate in Arts or Associate in Science degree. For Associate in Transfer (ADT) degrees, P/NP is allowed.
- Courses listed in the schedule as “pass/no pass” grading option may be taken only once for “pass/no pass.” The student may, however, repeat the course for a letter grade.
- Students shall receive a “P” (pass) if, at the end of the semester, a grade of “C” (2.0) or better is earned. The “P” shall, when recorded, add credits completed but shall have no effect on the grade point average.
- Students performing unsatisfactorily (at less than C/2.0) shall receive a “NP” (no pass) which, when recorded, will not increase credits completed and will not be used to calculate the grade point average. However, credits attempted for which an “NP” is recorded shall be considered in academic progress calculations to determine probation and dismissal status.
- Students may only select one course per semester on the “pass/no pass” option. Some courses are graded only on a “pass/no pass” basis. Enrollment in these courses will not affect the student’s right to select one additional class within the guidelines listed above.
- Students repeating a course in which a substandard grade was earned may not request a repeat discount if the pass/no pass grading option was selected for the second attempt.

Library Fines

Cuesta College may withhold grades, transcripts, diplomas, and registration privileges from any student who fails to return books or materials to the library when due, has lost or damaged any books or materials or has not paid charges for late, lost or damaged materials.

Students shall have their records released when they:

- Return books or materials

- Pay charges for books or library materials.

Maintenance Allowance for Students

Students attending Cuesta College from Modoc and specific areas of Mono counties are eligible for a maintenance allowance if they maintain a permanent address in either county and all requirements are met. For information about eligibility requirements, contact the Cuesta College Registration Office at (805) 546-3100, Ext. 2325.

Nondiscrimination In-District

Unlawful Discrimination Procedures

The policy of the San Luis Obispo County Community College District is to provide an educational and employment environment in which no person shall be unlawfully denied full and equal access to the benefits of or be unlawfully subjected to discrimination on the basis of ethnic group identification, national origin, religion, age, sex, race, color, ancestry, sexual orientation, or physical or mental disability in any program or activity that is administered by, funded directly by, or that receives any financial assistance from the State Chancellor or Board of Governors of the California Community Colleges.

The policy of the San Luis Obispo County Community College District is to provide an educational and employment environment free from unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment.

Employees, students, or other persons acting on behalf of the District who engage in unlawful discrimination as defined in this policy or by state or federal law may be subject to discipline, up to and including discharge, expulsion, or termination of employment or student suspension or dismissal.

In so providing, the San Luis Obispo County Community College District hereby implements the provisions of California Government Code sections 11135 through 11139.5, the Sex Equity in Education Act (Ed. Code, § 66250 et seq.), Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d), Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794), the Americans with Disabilities Act of 1990 (42 U.S.C. § 12100 et seq.) and the Age Discrimination Act (42 U.S.C. § 6101).

Retaliation

It is unlawful for anyone to retaliate against someone who files an unlawful discrimination complaint, who refers a matter for investigation or complaint, who participates in an investigation of a complaint, who represents or serves as an advocate for an alleged victim or alleged offender, or who otherwise furthers the principles of this unlawful discrimination policy.

Academic Freedom

The San Luis Obispo County Community College District Board of Trustees reaffirms its commitment to academic

freedom, but recognizes that academic freedom does not allow any form of unlawful discrimination. It is recognized that an essential function of education is a probing of opinions and an exploration of ideas that may cause discomfort to some students. It is further recognized that academic freedom insures the faculty's right to teach and the student's right to learn. Finally, nothing in these policies and procedures shall be interpreted to prohibit bona fide academic requirements for a specific community college program, course or activity.

When investigating unlawful discrimination complaints containing issues of academic freedom, the San Luis Obispo County Community College District will consult with a faculty member appointed by the Academic Senate with respect to contemporary practices and standards for course content and delivery.

How to File a Formal Discrimination Complaint

1. A FORMAL COMPLAINT MUST BE INITIATED BY FILLING OUT THE ATTACHED FORM APPROVED BY THE STATE CHANCELLOR'S OFFICE. That form is attached as the last page of Board Policy/Regulation 1565, and has the title heading of "Unlawful Discrimination Complaint Form." YOU MUST SEND THAT COMPLETED FORM TO EITHER:

- San Luis Obispo County Community College District, Attn: Executive Director Of Human Resources And Labor Relations, Administration Building, Room 8003, San Luis Obispo, CA 93403-8106; Or
- Chancellor's Office, California Community Colleges, 1102 Q Street, Sacramento, California 95814-6511, Attention: Legal Affairs Division

2. The complaint must allege unlawful discrimination prohibited under Title 5, section 59300.

3. The complaint must be filed by one who alleges that he or she has personally suffered unlawful discrimination or by one who has learned of such unlawful discrimination in his or her official capacity as a faculty member or administrator.

4. In any complaint not involving employment, the complaint must be filed within one year of the date of the alleged unlawful discrimination or within one year of the date on which the complainant knew or should have known of the facts underlying the specific incident or incidents of alleged unlawful discrimination.

5. In any complaint alleging discrimination in employment, the complaint shall be filed within 180 days of the date the alleged unlawful discrimination occurred, except that this period will be extended by no more than 90 days following the expiration of that 180 days if the complainant first obtained knowledge of the facts of the alleged violation after the expiration of 180 days.

What Happens When a Formal Discrimination Complaint is Filed?

The District will then complete an "Administrative Determination." Within 90 days of receiving an unlawful discrimination complaint filed under Title 5, sections 59300

et seq., the District will complete the investigation and forward a copy of the investigative report (containing the administrative determination) to the State Chancellor, a copy or summary of the report to the complainant, and written notice setting forth all the following to both the complainant and the State Chancellor:

1. The determination as to whether there is probable cause to believe discrimination occurred with respect to each allegation in the complaint;
2. A description of actions taken, if any, to prevent similar problems from occurring in the future;
3. The proposed resolution of the complaint; and
4. The complainant's right to appeal to the District Board of Trustees and the State Chancellor.

Remedial Course Work Limitation

A student who has completed 30 credits of remedial course work, but who has not attained full eligibility for college-level work, shall be referred for further remedial work to appropriate adult noncredit education services provided by a college, adult school, community-based organization, or other appropriate local provider.

Remedial course work refers to non-degree applicable basic skills courses, the purpose of which is to prepare students for successful completion of associate degrees, transfer, or certificate courses. These courses are specifically designed to meet the needs of underprepared students so that the quality and rigor of the associate degree curriculum is protected.

A waiver of the limitation on remedial course work may be provided to any student who shows significant measurable progress toward the development of skills appropriate to the student's enrollment in college-level courses. Measurable progress is defined by transcripts, pre- and post-test measures, demonstrated progress toward an educational goal sustaining progress of education or social goals and objectives as documented in a Student Educational Plan (SEP). If a waiver is granted, its duration should not exceed one academic year and would normally be of one semester's duration.

Students enrolled in one or more courses of English as a Second Language (ESL) or students identified by the district as having a learning disability are exempt from the 30-semester-credit limitation (Title 5 California Code of Regulations, Section 55035).

Scholastic Honors

Academic Honor List

Students who enroll and complete 12 or more credits and earn a 3.25 grade point average with no grade lower than a "C" will be placed on the Academic Honor List. The student's academic record at Cuesta College will be annotated to reflect this achievement. The achievement is posted under the qualifying semester on the student's academic transcript.

Students in the Registered Nursing Program may make

the Academic Honor List using the criteria listed above; however, due to the number of contact hours in this program, an R.N. student will be considered when enrolled in 11 or more credits.

Graduating With Honors

Students who meet the requirements for graduation with a cumulative grade point average of 3.5 to 3.74 qualify for honors recognition.

The graduation grade point average is based on all degree applicable coursework completed at all postsecondary institutions through the term degree requirements are completed. This acknowledgement is posted on the student's diploma and on the academic transcript.

The GPA calculation for honors designation *for commencement purposes only* is based on all coursework taken at Cuesta College through fall. The Cuesta College Residency requirement must be satisfied in order to be considered for honors recognition (12.0 credits completed in residence at Cuesta College). Students receiving honors are recognized at commencement with a green cord.

Graduating With High Honors

Students who meet the requirements for graduation with a cumulative grade point average of 3.75 to 4.0 qualify for high honors recognition. The graduation grade point average is based on all degree applicable coursework completed at all postsecondary institutions through the term degree requirements are completed. This acknowledgement is posted on the student's diploma and on the academic transcript.

The GPA calculation for honors designation *for commencement purpose only* is based on all coursework taken at Cuesta College through fall. The Cuesta College Residency requirement must be satisfied in order to be considered for honors recognition (12.0 credits completed in residence at Cuesta College). Students receiving honors are recognized at commencement with a white cord.

Alpha Gamma Sigma (AGS) Honor Society

Alpha Gamma Sigma (AGS) is a state-wide community college student honor society with the purpose of fostering, promoting, maintaining, and recognizing scholarship. In addition, AGS members develop character and civic responsibility through service to AGS, the college, and the community. The Gamma chapter at Cuesta College provides its membership scholarship opportunities, social activities, and leadership-building skills. Membership is based on grade point average. More information may be obtained from the Student Life and Leadership Office. Recognition of AGS membership is posted on Cuesta transcripts. Students with AGS membership are recognized at commencement with a gold cord.

Service Animals

San Luis Obispo County Community College District Board Policy BP 3440 states the District's policy, and Administrative Procedure AP 3440 states the District's regulations regarding the use of service animals

on District property. The purpose of this policy and administrative procedure is to prevent discrimination on the basis of disability, and to allow an individual with a disability to use a service animal or miniature horse in District facilities and on District campuses in compliance with state and federal law.

For the complete Board Policy, see http://academic.cuesta.edu/president/2008BP/BP3000/BP_3440_Service%20Animals.pdf.

Sexual Assault

Cuesta College is committed to maintaining a safe campus, a campus free of violence and the threat of violence. All persons who come onto the campus or onto any facility maintained by the college are expected to treat others with respect and consideration.

Cuesta College will not tolerate any physical or sexual assault or threat of assault, including acquaintance rape, on its campus or at facilities maintained by the college. Where there is probable cause to believe that the college's regulations prohibiting sexual assault have been violated, the college will pursue vigorous investigative action through its own channels. Disciplinary actions include the possibility of suspension or dismissal from the college.

A student or employee charged with sexual assault can be prosecuted under California penal code statutes and disciplined under the college's Code of Student Conduct and board policy. Even if the criminal justice authorities choose not to prosecute, the college can pursue student disciplinary action.

Cuesta College is committed to doing everything within its power to prevent sexual assaults from occurring and disciplining assailants when rape or other assault occurs on campus property or at college-sponsored events, and to provide prompt and compassionate services to students, faculty and staff who are raped or otherwise sexually assaulted. The college is further committed to ensuring that students, faculty, and staff are not adversely affected for bringing forward a charge of rape or sexual assault.

In order to provide a safe environment for students, faculty, staff, and guests, the college has established a multifaceted program composed of response procedures, prevention and education guidelines, services for victims, and sanctions.

The Clery Act, passed in 1990, is basically a "student's rights" document that contains more thorough information regarding sexual assaults, including how to report a crime, steps that can be taken to prevent sexual and physical assaults, what to do if you are sexually assaulted, available services, and other information relating to crime statistics for the college. The Campus Sexual Violence Elimination Act is a 2013 amendment to the federal Jeanne Clery Act. SaVE was designed by advocates along with victims/survivors and championed

by a bi-partisan coalition in Congress as a companion to Title IX that will help bolster the response to and prevention of sexual violence in higher education. It seeks to address the violence men and women face on campuses. This legislation updated the Jeanne Clery Act and requires colleges and universities, both public and private to create: transparency, accountability, collaboration, guarantees victims enhanced rights, provide for standards in institutional conduct proceedings, and provide campus community wide prevention educational programming. For more information on the SaVE Act, contact us at (805) 546-3205 or pick-up a booklet at the Campus Police (6600 Bldg).

To reach the Clery Act information, use the Cuesta College Police Department website at http://cuesta.edu/student/findingway/public_safety/clery_act.html and use the "Clery Act" link.

Sexual Harassment

The policy of the San Luis Obispo County Community College District is to provide an educational and employment environment free from unwelcome sexual advances, requests for sexual favors, verbal or physical conduct or communications constituting sexual harassment. Employees, students, or other persons acting on behalf of the District who engage in sexual harassment as defined in this policy or by state or federal law shall be subject to discipline, up to and including discharge, expulsion, or termination of contract.

Definition

"Sexual harassment" means unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature, made by someone from or in the workplace or in the educational setting, and includes but is not limited to:

1. Making unsolicited written, verbal, physical, and/or visual contacts with sexual overtones. (Examples of sexual harassment which appear in a written form include, but are not limited to: suggestive or obscene letters, notes, and invitations. Examples of verbal sexual harassment include, but are not limited to: leering, gestures, display of sexually aggressive objects or pictures, cartoons, or posters.)
2. Continuing to express sexual interest after being informed that the interest is unwelcomed.
3. Making reprisals, threats of reprisal, or implied threats of reprisal following a rebuff of harassing behavior. The following are examples of this type of sexual harassment within the work place: implying or actually withholding grades earned or deserved; suggesting that a poor performance evaluation will be written; or suggesting that a scholarship recommendation or college application will be denied.
4. Engaging in explicit or implicit coercive sexual behavior within the work environment which is used to control, influence, or affect the employee's career, salary, and/or work environment.

5. Engaging in explicit or implicit coercive sexual behavior within the educational environment that is used to control, influence, or affect the educational opportunities, grades, and/or learning environment of a student.

6. Offering favors or educational or employment benefits, such as grades or promotions, favorable performance evaluations, favorable assignments, favorable duties or shifts, recommendations, reclassifications in exchange for sexual favors.

Retaliation

It is unlawful for anyone to retaliate against someone who files a sexual harassment or other unlawful discrimination complaint, who refers a matter for investigation or complaint, who participates in an investigation of a complaint, who represents or serves as an advocate for an alleged victim or alleged offender, or who otherwise furthers the principles of this unlawful discrimination policy.

Procedures

Procedures for investigating complaints shall be the same as those outlined in Board Policy 1565 Unlawful Discrimination Grievance

Summary of Your Rights to Seek an Information Resolution
(This is only a summary; please see Board Policy 1565, 1570 and 1575)

1. You have the right to request that the charges be resolved informally, at which time the District will undertake efforts to informally resolve the charges. To start the informal resolution process, please contact the Executive Director of Human Resources and Labor Relations in the administration building, room 8003, or by phone at (805) 546-3129.

2. You do not need to participate in informal resolution;

3. You have the right to file a formal complaint (see below for the procedure in doing so);

4. You will not be required to confront or work out problems with the person accused of unlawful discrimination;

5. Students may file a non-employment-based complaint with the Office for Civil Rights of the U.S. Department of Education (OCR) where such a complaint is within that agency's jurisdiction.

If your complaint is employment-related, you may file a complaint with the U.S. Equal Employment Opportunity Commission (EEOC) and/or the California Department of Fair Employment and Housing (DFEH) where such a complaint is within that agency's jurisdiction.

Purpose of the Information Resolution Process

The purpose of the informal resolution process is to allow an individual who believes she/he has been unlawfully discriminated against to resolve the issue through a mediation process rather than the formal complaint process. Typically, the informal resolution process will be invoked when there is a simple misunderstanding or the complainant does not wish to file a formal complaint. An informal resolution may require nothing more than

a clarification of the misunderstanding or an apology from the respondent and an assurance that the offending behavior will cease. You will be notified of the proposed informal resolution proposed by the District.

If you pursue the informal resolution process, you should note the following important points:

1. You will need to sign a document which indicates that you have selected the informal resolution process.

2. The District will complete its investigation within the time required by the District's Regulation 1565 unless you voluntarily rescind your complaint prior to completion.

3. Selecting the informal resolution process does not prevent you from later deciding to file a formal complaint (subject to all of the rules for filing a formal complaint). For example, if you are not satisfied with the outcome of the informal resolution process (including the District's proposed resolution), you may elect to file a formal complaint.

SPEECH, TIME, PLACE, AND MANNER

Board Policy 6200, *Speech, Time, Place, and Manner*, is under review and pending approval.

Speech and Advocacy

- General Principle: Students and the general public have the right of free expression, advocacy, and action except to the extent that it interferes with, obstructs, interrupts, or detracts from the operation of the college or the promotion of its educational or community objectives.

- Time, Place, and Manner Regulations: The time, place, and manner of exercising speech and advocacy within

the limits described in the General Statement shall be subject to prior approval by the Vice President of Student Services and College Centers or designee. To be approved, an activity will require orderly conduct, non-interference with college functions or activities, and identification of sponsoring groups or individuals, and shall provide for one or more open discussion areas. The Vice President of Student Services and College Centers or designee shall provide reasonable protection to persons on campus against practices that would make them involuntary audiences.

- **Non-college Speakers:** Registered student organizations may invite non-college speakers to address meetings on campus only upon prior notification and approval of the Superintendent/President or designee, who may deny the use of available college facilities if the meeting is deemed to be incompatible with the educational objectives and established policies of the college. Individual students or student groups which have not qualified as registered student organizations may not invite non-college speakers to address meetings on campus.

- Whenever the Vice President of Student Services and College Centers or designee considers it appropriate in furtherance of educational objectives and established policies, the following may be required:

- a. That the meeting be chaired by a person approved by the Vice President of Student Services and College Centers or designee; and/or

- b. That the speaker be subject to questions from the audience.

STUDENT CODE OF CONDUCT

Board Policy 5500

All students attending San Luis Obispo County Community College District at any campus site and when representing Cuesta College in any off-campus activity, assume an obligation to conduct themselves in an acceptable manner compatible with the Student Code of Conduct and Academic Honesty Regulations, and the Student Computer Technology Access Agreement. Specific rules and regulations, and applicable penalties for violation of the Student Code of Conduct (California Education Code Title V, sections 66300, 66301, 76030-76038), are provided in this section. Each student has the responsibility to be aware of college regulations.

Scope of Application

The rules apply to all actions of students of the District on District property and at all activities sponsored by the District or registered student organizations, whether occurring on or off the campuses or other instructional sites. Pursuant to Education Code Section 76034, no student shall be removed, suspended, or expelled unless the conduct for which the student is disciplined is related to college activity or college attendance. Student conduct

occurring off campus and not part of a District activity will subject the student to the District's jurisdiction, standards of student conduct, and student discipline process if the student's off-campus conduct is sufficiently related to college attendance, i.e., disruption of the work and discipline of the college has actually occurred from the student's off-campus conduct, or facts exist that reasonably lead to a conclusion by District officials that disruption on campus will soon follow the student's off-campus conduct. In addition, a student's conduct off campus may in certain circumstances be outside the jurisdiction of the District for purposes of the District's discipline process, yet results in adverse action within the student's pre-professional academic program if such program has requirements imposed by law as condition to admission to the profession for which the academic program is preparing the student, e.g. nursing.

The following conduct shall constitute good cause for discipline, including, but not limited to, the removal, suspension or expulsion of a student:

1. Violation of District policies, procedures, or regulations.
2. Failure to comply with directions of District officials acting in the performance of their duties; disrupting, obstructing, or interfering with the instructional, administrative, disciplinary, or other functions or activities of the District.
3. Cheating, plagiarism (including plagiarism in a student publication), or engaging in other academic dishonesty.
4. Dishonesty, forgery, alteration, or misuse of college documents, records or identification; or knowingly furnishing false information to the District.
5. Causing, attempting to cause, or threatening to cause physical injury to another person.
6. Possession, sale or otherwise furnishing any firearm, knife, explosive or other dangerous object, including but not limited to any facsimile firearm, knife, or explosive, unless, in the case of possession of any object of this type, the student has obtained written permission to possess the item from a District employee, which is concurred in by the college president.
7. Unlawful possession, use, sale, offer to sell or purchase, or furnishing, or being under the influence of any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the California Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind; or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia, as defined in California Health and Safety Code Section 11014.5.
8. Committing or attempting to commit robbery or extortion.
9. Causing or attempting to cause damage to District property or to private property on campus.
10. Unauthorized possession or use of any personal property or equipment of the District.

11. Stealing or attempting to steal District property or private property on campus, or knowingly receiving stolen District property or private property on campus.

12. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the college or the District.

13. Committing sexual harassment as defined by law or by District policies and procedures.

14. Engaging in harassing or discriminatory behavior based on disability, gender, gender identify, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other status protected by law.

15. Engaging in intimidation conduct or bullying against another student through words or actions, including direct physical contact; verbal assaults, such as teasing or name-calling; social isolation or manipulation; and or cyberbullying. "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- a. Placing a reasonable student or students in fear of harm to that student's or students' person or property;
- b. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health;
- c. Causing a reasonable student to experience substantial interference with his or her academic performance;
- d. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the District.

16. Willful misconduct which results in injury or death to a student or to college personnel or which results in cutting, defacing, or other injury to any real or personal property owned by the District or on campus.

17. Disruptive behavior, willful disobedience, habitual profanity or vulgarity, or the open and persistent defiance of the authority of, or persistent abuse of, District personnel.

18. Unauthorized entry upon or use of District facilities.

19. Lewd, indecent, or obscene conduct on District-owned or controlled property or at District-sponsored or supervised functions.

20. Engaging in expression which so incites students as to create a clear and present danger of the commission of unlawful acts on college premises, or the violation of lawful District administrative procedures, or the substantial disruption of the orderly operation of the District.

21. Persistent, serious misconduct where other means of correction have failed to bring about proper conduct.

22. Unauthorized preparation, giving, selling, transfer, distribution, or publication, for any commercial purpose, of any contemporaneous recording of an academic presentation in a classroom or equivalent site of instruction, including but not limited to handwritten or typewritten class notes, except as permitted by any District policy or administrative procedure.

23. Any act which is defined as a felony, misdemeanor or infraction under the laws of the State of California.

Non-students or persons not affiliated with the college who interfere, obstruct, interrupt, or detract from the operation of the college or the promotion of its educational or community objectives are subject to criminal action under the State of California Penal Code, Section 602.10.

ACADEMIC HONESTY

Academic Honesty is essential to the academic community. Students expect that Cuesta College faculty be fair, truthful, and trustworthy. Faculty expect that Cuesta College students share these same values. Students who violate these principles by cheating, plagiarizing, or acting in other academically dishonest ways are subject to disciplinary procedures. Below are some examples of academically dishonest behavior. If you are unclear about a specific situation, ask your instructor.

Examples of Academic Dishonesty:

- Copying from another student's exam
- Giving answers during a test to another student
- Using notes or electronic devices during an exam when prohibited
- Taking a test for someone else
- Submitting another student's work as your own, e.g. copying a computer file that contains another student's own work
- Knowingly allowing another student to copy/use your computer file(s) as his or her own work
- Completing an assignment for another student
- Plagiarizing or "kidnapping" other people's thoughts, words, speeches or artistic works by not acknowledging them through proper documentation

At the discretion of the instructor, students caught being academically dishonest may receive a failing grade on the assignments in question, be dropped from the class, or be failed in the course. Beyond this, the student may be subject to disciplinary action as determined by the Vice President of Student Services and College Centers or designee. An appeals process is available to the student through the office of the Vice President of Student Services and College Centers. It is recommended that the faculty member report any acts of academic dishonesty to the Vice President of Student Services and College Centers or designee.

Students in the Associate Degree Nursing Program Code of Conduct

The Board of Trustees determines that the following policies govern the participation of alcohol- or drug-impaired students in the Associate Degree Nursing Program.

1. The nursing program, in addition to offering an academic program, includes clinical course work. The safety of patients under the care of student nurses must be assured. The instructor and the Director of Nursing Programs may take immediate corrective action to remove a student impaired by alcoholism or drug abuse from the clinical program if the student demonstrates by his/her conduct and performance in the clinical setting that he/she is a danger to the health and safety of patients under his/her care.
2. After evaluation and due process, students considered by the Director of Nursing Programs to be impaired by drugs or alcohol will be allowed to continue their studies, including clinical course work, as long as they are adhering to the provisions of a contract between the college and the student for the student's retention.
3. Information on the student's condition is confidential and will not be disclosed except when necessary to protect the safety of patients under the care of student nurses.
4. An individual contract of retention will be developed by the student, rehabilitation therapist, and the Director of Nursing and shall specify:

- a. That the student must participate in an approved drug or alcohol treatment and rehabilitation program for the duration of his/her nursing program studies.
 - b. That evidence of satisfactory attendance and progress will be provided to the college on a regularly scheduled basis.
 - c. That the student will consent to periodic random drug screening as part of the treatment and rehabilitation program.
 - d. That the impaired student will give all medications under direct supervision and that the student will not have access to keys to medications.
 - e. That if the student fails to adhere to the conditions of the contract for retention, the same procedure will be followed as with any other student on probation; the circumstances of the violation will be reviewed by the nursing faculty as a whole; and recommendations for the retention or dismissal will be made to the Director of Nursing Programs, who will then make the decision after advising the Vice President of Student Services and College Centers.
5. Information on the student's dismissal from the nursing program will be reported to the Board of Registered Nursing when such information is requested by the Board of Registered Nursing.

The Vice President of Student Services and College Centers or designee may appoint faculty, student, individual, or committee advisors, to consider potential disciplinary action, but the Vice President of Student Services and College Centers has the final authority for administration of student discipline except that expulsion requires approval by the Superintendent/President of the college.
3. The Vice President of Student Services and College Centers or designee may impose any discipline provided herein when there is reason to believe that substantial grounds exist for such discipline.
4. During the term of any discipline which does not terminate student status, students continue to be subject to District policies, regulations, and procedures.
5. **Pre-discipline conference/notice:** Students charged with misconduct shall be provided with written notice to meet with the Vice President of Student Services and College Centers or designee regarding the basis for possible disciplinary action. The notice must be given at least twenty-four (24) hours prior to the scheduled appointment.
6. The meeting with the Vice President of Student Services and College Centers or designee should include:
 - A written statement of charges to the student(s);
 - A reasonable opportunity at the meeting for the student(s) to personally answer the charges;

Following the meeting, the student(s) shall either accept the disciplinary action, if any, or within forty-eight (48) hours (two school days) following receipt of the written notice of proposed disciplinary action, file at the office of the Vice President of Student Services and College Centers or designee a written notice of intent to appeal to the Student Conduct Appeals Committee.

C. Appeal

Level I

- The student(s) shall file with the Appeals Committee, within twenty-four (24) hours (one school day) following filing of a notice of intention to appeal, a specific written response to each of the charges. Any charge to which the student(s) does not respond shall be deemed to be true.
- The Appeals Committee shall include a hearing officer appointed by the Superintendent/President, administrator (Vice President of Student Services and College Centers may not serve), faculty member appointed by the Academic Senate, and a student representative appointed by the Associated Students of Cuesta College.
- A meeting of the Appeals Committee shall be convened not earlier than twenty-four (24) hours after submission of the student's response to the charges, to hear the appeal and to make a decision in the case.
- The hearing before the Appeals Committee is not a

judicial proceeding. The Appeals Committee recognizes the student's right to a fair opportunity to hear the charges and evidence in support thereof, the right to present oral and documentary evidence on his/ her behalf, the right to present a written argument on conclusion of the hearing, and the right to have an accurate copy of the minutes of the hearing furnished to the student.

- The Appeals Committee shall submit its decision to the student within ten (10) working days of the hearing.

Level II

- Within twenty-four (24) hours (one school day) after receiving the decision of the Appeals Committee, the student(s) may appeal the decision in writing to the Superintendent/President. Such appeal may be based only on the grounds that:
 - Required procedures have not been followed and the student(s) has/have been demonstrably damaged;
 - There is insufficient evidence to support the decision of the Appeals Committee;
 - One or more members of the Appeals Committee have, prior to the hearing, formed an opinion as to whether the student(s) has/ have or has/have not committed the acts with which charged; and must include all supportive evidence.
- The Superintendent/President will evaluate the evidence and submit findings in writing to the student within fifteen (15) working days after receiving the appeal.

Level III

- Every student has the final right of appeal to the Board of Trustees when dismissal or expulsion has been imposed.
- A final written appeal may be made to the Board of Trustees within thirty (30) working days of the written response of the Superintendent/President. The Board will evaluate the evidence and render its decision within thirty (30) days of the initial meeting of the Board at which the matter is discussed.

Students have the right to pursue their complaint after completing the above complaint process with the California Community Colleges Chancellor's Office (CCCCO). CCCCCO provides students and others with a method and process outside of the institution that takes, investigates and responds to complaints regarding the institution. The link to the CCCCCO process and form is <http://californiacommunitycolleges.cccco.edu/ComplaintsForm.aspx>. CCCCCO has provided this disclosure in compliance with the requirements of the Higher Education Act of 1965, as amended, as regulated in CFR 34, Sections 600.9 (b) (3) and 668.43(b).

STUDENT COMPLAINT PROCESS

STUDENT COMPLAINTS

Students wishing to file a complaint should initiate a complaint directly with the appropriate individual indicated on the Student Complaint Referral Grid. Please refer to myCuesta website for current referral grid: (<http://www.cuesta.edu/aboutcc/planning/vpss/StudentComplaintProcess.html>). The student complaint grid indicates the sequence of

opportunities for informally resolving student complaints. If a student is not satisfied with the solution posed through the Student Complaint Referral Grid, the student should make an appointment with the Resolution Specialist in the Vice President of Student Services and College Centers office or designee to evaluate the next steps which may be the filing of a formal grievance.

The Vice President of Student Services and College Centers or designee serve as a clearing-house for students dissatisfied with an experience on campus, who may not be knowledgeable about the appropriate steps to take, or the protocol to follow regarding a complaint. An initial meeting between the Vice President of Student Services and College Centers or designee and the student may result in a referral to the appropriate individual. The Vice President of Student Services and College Centers or designee will contact the individual to whom the student is being referred to facilitate resolution.

While it is recognized that the grid represents the ideal sequence of opportunities for resolving student complaints, it is understood that when actual situations arise, the parties involved will use their best judgment regarding complaint resolution depending upon the availability of personnel and the immediacy of the problem.

STUDENT GRIEVANCE PROCEDURE

1. The next step beyond the complaint process may be the filing of a formal grievance depending upon the nature of the complaint.
2. A complaint is grievable if it is non-disciplinary and involves the process, application, or interaction of school policy—in other words, how something was done or processed. In general, a complaint is not grievable if it involves the content of existing policy.
3. For specific information regarding the Student Grievance Procedure, refer to Cuesta College Board Policy 6205.

A grievance shall mean a complaint that is non-disciplinary and is other than one dealing with civil rights discrimination,* which has been filed by a student or by a student's designee on his/her behalf. The primary purpose of the following procedure is to secure at the earliest level possible an equitable solution to a complaint.

LEVEL 1.

The student should contact in person the Vice President of Student Services and College Centers, or designee, and present his/her grievances. If the grievance is not resolved, the student can submit to the Vice President of Student Services and College Centers, or designee, a written appeal for further consideration. (Time limit: ten calendar days from the date of appointment with the Vice President of Student Services and College Centers, or designee.)

LEVEL 2.

A Student Appeals Committee, made up of three faculty and three student members jointly appointed by the Vice President of Student Services and College Centers, or designee, and the ASCC President, then will be convened

within ten calendar days after receiving the appeal and will submit its finding to the student in writing within an additional ten days. If the complaint is not resolved, a written appeal can be filed by the student to the President/Superintendent within ten calendar days. When a grievance involves the Vice President of Student Services and College Centers, or designee, (Level 1) and/or the Associated Students Cuesta College (ASCC) President and the Vice President of Student Services and College Centers, or designee, (Level 2), those responsibilities listed above for these two positions at Levels 1 and 2 shall be assumed by the Superintendent/President (or designee appointed by the Superintendent/President) of the District.

LEVEL 3.

The student will appeal in writing with all supportive evidence to the President/Superintendent (or designee) who will evaluate the evidence and submit his/her finding in writing to the student within ten calendar days after receiving the appeal.

LEVEL 4.

A final written appeal may be made to the Board of Trustees within thirty calendar days of the written response of the Superintendent/President (or designee). The decision of the Board will be given within thirty calendar days of the initial meeting at which the complaint is discussed.

*When a student has a complaint which involves (1) sexual harassment, (2) civil rights discrimination on the basis of ethnicity, race, national origin, religious beliefs, age, gender, color, physical or mental disabilities, veteran status, sexual orientation or sexual identity, or marital status, or (3) retaliation for filing a sexual harassment or other unlawful discrimination complaint, referring a matter for investigation, participating in an investigation of a complaint, serving as an advocate for an alleged victim or alleged offender, or who otherwise furthers the principles of the District's unlawful discrimination policy (Policy 1565) and the nondiscrimination in district college programs policy (Policy 1570), then the matter is to be referred to the Executive Director of Human Resources and Labor Relations as such matters are to be handled pursuant to Policy 1565 (unlawful discrimination) and Policy 1570 (nondiscrimination in district college programs) and not as a student grievance.

Student Organizations

1. Registration of Student Organizations: An organization in which active membership is limited to students and academic and administrative staff of the college may become a registered student organization by complying with the registration procedures established by the Associated Students of Cuesta College and the Vice President of Student Services and College Centers, which shall include the name of the organization, can include the name of Cuesta College, its purposes, its officers, and such other information as may be specified in campus regulations.

2. Standard of Conduct and Discipline: Student

organizations are required to comply with college policies and campus regulations and are subject to revocation of registration or other discipline for violation of such policies or regulations.

3. Use of College Name: A student organization may use the name of Cuesta College, or abbreviations thereof, as a part of its own name approved in accordance with 1 above. A registered student organization may state that its membership is composed of students or students and staff of Cuesta College but shall not indicate or imply that it is acting on behalf of the college.

4. Use of College Facilities by Student Organizations: Registered student organizations may use college facilities for meetings and activities in accordance with Board Policy 7850 Use of College Facilities. The Vice President of Student Services and College Centers or designee may grant approval for fund raising, recruiting participants, posting and distributing literature. Registered student religious organizations shall be extended the same privileges as other registered organizations, except as limited by federal and state law.

5. Taking Positions on Issues: Registered student organizations may take and publish positions on issues, and shall make it clear in so doing that they are not representing the views of the college or of the student government or of the student association as a whole.

Transcripts from Cuesta College

A written or electronic request by the student is required to release transcripts.

Transcripts ordered electronically will be mailed within 2-4 working days from the date of request in most cases. An electronic notification will inform the student of the status of their transcript order and notify them of any holds. The fee for the electronic transcript request is \$6.00 per copy. Transcripts ordered in-person will be mailed within 2-3 weeks and cost \$3 per copy after the first two free copies. Unofficial transcripts are available for viewing and printing through myCuesta on the Cuesta College website. Access to myCuesta requires the student username and password.

Transcripts will not be produced for students who have a hold on their records.

Voter Registration

Voter registration forms are available year-round at various campus locations, including the Student Services Building and ASSC Student Government Offices. Students can also register online on the California Secretary of State's web site at <http://registertovote.ca.gov/student>.

With the passage of California Senate Bill No. 854-Chapter 481, state-funded higher education institutions - community colleges, California State University system and University of California campuses - are required to allow students to request voter registration materials online through a link in their course registration system. As a result of this

legislation, Cuesta students are able to link to the online voter registration application from the Get Started website at the same time they are applying to Cuesta. The direct link to the California Secretary of State Web site allows students to complete the voter registration process online as long as they possess a California driver license or identification card number.

DEGREES, CERTIFICATES AND TRANSFER PLANNING

ASSOCIATE DEGREES AND CERTIFICATES

Students wishing to receive an associate degree or certificate must complete the Cuesta College Associate Degree Application or Certificate Application in order for the Evaluations Office to perform an official final evaluation of the student's record for completion of requirements. Students must be within two terms of completing requirements before the application will be accepted, and should consult with a counselor for verification. The applications are available on the Office of Admissions and Records' website and in the Student Services Center at all campus locations. See "List of Degrees and Certificates".

Degrees and certificates are awarded two to three months after the completion of the term in which requirements were met. Posting dates reflect the final date of the traditional semester or session in which the requirements were completed.

Degree candidates are encouraged to participate in the Cuesta College Commencement Ceremony which takes place each May on the San Luis Obispo campus. Commencement information is available on the Evaluations Office website, in the Commencement channel in myCuesta student portal or commencement website at <http://bit.ly/cuestagrad>

Catalog Rights

A student who satisfies the following definition of attendance will follow the Cuesta College curriculum for degrees and certificates in effect:

- at the time the student began attendance at a California Community College, California State University, University of California, or other regionally accredited college or university; or
 - as outlined in a subsequent Cuesta College catalog
- "Attendance" means attendance in at least one semester or two quarters each academic year. A student who misses two consecutive semesters, or three quarters in an academic year, excluding summer school, will lose catalog rights. In that case, the student must follow (1) the Cuesta College catalog that coincides with the student's date of re-enrollment in a regionally accredited college or university or (2) a subsequent Cuesta College catalog. A total withdrawal in a semester does not constitute a one-semester break in enrollment when "Ws" are posted on the student record. Campus authorities may authorize or require substitutions for discontinued courses in certificate or degree programs.

Residency credit requirements for degree, certificate, GE certification and application of alternative education credit

Associate Degrees for Transfer (ADT)

A Degree with a Guarantee

Cuesta College offers Associate Degrees for Transfer to the CSU. This includes Associate in Arts (AA-T) and Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. Cuesta College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific or campuses, but can make you more competitive.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120 semester credits baccalaureate degree within 60 semester or 90 quarter credits.

To view the most current list of Cuesta College Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to www.adegreewithaguarantee.com. Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

Requirements:

- (1) Completion of 60 semester credits or 90 quarter credits that are eligible for transfer to the California State University, including:
 - (A) The California State University General Education

Breadth Requirements (CSU GE) or the Intersegmental General Education Transfer Curriculum (IGETC), and

Consult with the Cuesta College Transfer Center for mandatory application, evaluation and notification deadlines.

Important Information for Transfer-bound Students

Earning an associate degree may not guarantee transfer readiness into a particular CSU or UC campus or major. Consult with an academic counselor for details and a thorough evaluation of your transferable credits, grade point average, and lower division major preparation.

Required Records for Degree Evaluation

Cuesta College incorporates all associate degree applicable coursework from all regionally accredited institutions attended, into overall totals for the degree.

Official transcripts are required from all post secondary institutions attended. Incomplete or missing transcripts and other records will cause the degree to be denied.

Official documentation is required for Advanced Placement scores and other sources of alternative education.

Any foreign credentials must be independently evaluated and the official independent evaluation submitted to the Evaluations Office. Academic Credentials Evaluation Institute, Inc. (ACEI) is the preferred provider for independent evaluation of foreign credentials (<http://www.acei1.com>), and a “comprehensive” evaluation is required.

CUESTA GENERAL EDUCATION

General education is a cohesive pattern of courses intended to serve three purposes: to strengthen students’ essential intellectual skills; to broadly introduce students to the core concepts and methods of the major disciplines; and to prepare students to lead enriched lives in our multicultural society. General education courses are distinguished from those required for a major or allowed as freely chosen electives. Courses in the general education category are “general” in two senses: independently, they survey the core concepts and methods of the discipline in which they are included; and they point, where possible, to the influences and contributions of the discipline to other disciplines, culture, human history and our quest to understand our universe.

Through this program, students will acquire the ability to think and communicate clearly and effectively both orally and in writing; to use mathematics and other symbolic systems; to understand the modes of inquiry of the major disciplines; to appreciate the structures and processes of the natural environment; to be aware of other cultures and times; to achieve insights by thinking about ethical and social problems; to understand and appreciate the history of U.S. culture and its governing institutions.

OVERARCHING GENERAL EDUCATION OUTCOMES

Upon completion of the general education course pattern, in addition to the area-specific outcomes, students should be able to:

- identify, explain, and analyze the core concepts and methods of the major discipline in which the course is included;
- identify, explain, and analyze the influences and contributions of the specific discipline to other disciplines, cultures, human history, and our quest to understand the universe.
- organize, integrate, and critically analyze information within the course, using these skills to generate and evaluate alternative perspectives; and
- prepare students to live enriched lives in our multicultural society.

AREA A: PHYSICAL AND LIFE SCIENCES

After successfully completing courses in this category, students will:

- demonstrate understanding of the scientific method and its role in research, analyze problems in a structured way, and develop and employ strategies for solutions using scientific principles.
- demonstrate understanding of the empirical bases for current scientific theories, how those theories develop and change, and how they explain the natural world.
- appreciate the influence of scientific knowledge on the development of civilization.

AREA B: SOCIAL AND BEHAVIORAL STUDIES

After successfully completing courses in this category, students will:

- demonstrate understanding of the theories and be able to employ and evaluate the methods of social science inquiry.
- analyze and critically assess ideas about the individual, social groups, institutions and society, as well as their interrelationships, structure and function.

After successfully completing courses in this category, students will:

- recognize the value of the great works of the human imagination in a broad context and understand their

contribution to human culture.

Since language acquisition is a door to understanding the arts and humanities of other cultures, students who acquire second language skills also fulfill the category C requirement.

AREA D: ENGLISH AND MATH COMPETENCY REQUIREMENT

Competency in reading, written expression, and mathematics must be demonstrated. The reading and written expression competency requirement is satisfied by completing English 201A, or an equivalent college level writing course with a grade of "C" or better, from a regionally accredited institution.

(Note: Students who have been in attendance at Cuesta or any regionally accredited institution prior to Fall 2009 should see a Cuesta counselor to establish catalog rights regarding competency requirements.)

AREA D1: COMMUNICATIONS IN ENGLISH

After successfully completing this category, students will be able to:

- read and write effective expository and argumentative prose with a focus on inquiry as well as persuasion.
- read critically in order to comprehend the central ideas and rhetorical techniques in the assigned texts.
- demonstrate an ethical use of various rhetorical techniques in their written work.

AREA D2: ANALYTICAL THINKING

HEALTH REQUIREMENT

After successfully completing this requirement, students will be able to apply a breadth and depth of knowledge that is inclusive of all the dimensions of health (e.g., spiritual, environmental, social, mental, emotional, and physical). The scope and content of the health education course work in this requirement provides the student with the knowledge and problem solving skills essential to evaluate health literature, analyze personal health risks and promote lifestyle choices. This preparation empowers the student to make relevant choices applicable to their genetic, environmental, and health risk factors that ultimately optimize mind/body/spirit health over a lifetime.

- Describe and discuss content of the major chronic diseases in the United States.
- Evaluate individual risk factors for chronic diseases from a genetic, environmental, and lifestyle perspective.

CAREER AND VOCATIONAL PROGRAMS

In addition to programs that prepare students for University transfer, Cuesta also offers career and technical programs designed to prepare students for immediate employment in a specific technical or vocational area. These programs range in length from one semester to several years to complete, depending on the area of study. The curriculum for these specialized programs is monitored by an advisory committee, which includes business and industry leaders, as well as Cuesta faculty and staff from the specific occupation or profession. Cuesta's programs are evaluated and reviewed on a regular basis to make certain that the curriculum is kept up to date with current industry and licensing standards, and to ensure that students are receiving the most relevant training and education available for their chosen field.

Cuesta College offers both Associate Degrees and Certificate Programs with career and vocational emphases:

Associate in Arts and Associate in Science Degrees

Cuesta offers a variety of Associate in Arts and Associate in Science degrees in Technical and vocational subjects. An Associate Degree requires completion of a minimum of 60 semester credits of degree-applicable course work, to include major related course work, general education, and Cuesta graduation requirements in Health Education and Diversity. A minimum 2.0 overall GPA is required, and all courses required for a major must be earned with "C" grades or better. See the "Associate Degrees and Certificates" section of this catalog for additional information.

Certificate of Specialization

A Certificate of Specialization is a course (or group of courses) designed to prepare a student for work in a specific field or profession. Unlike the Associate's degrees, Certificates of Specialization do not require completion of general education or graduation requirements. Most Certificates of Specialization total 18 semester credits or less. They are awarded to students who have completed the Certificate requirements with a minimum of "C" grade in each course required for the Certificate, who have met Cuesta residency requirements, and who have applied for the Certificate through the Admissions and Records office.

Certificate of Achievement

A Certificate of Achievement is a group of courses designed to prepare a student for work in a specific field or profession. Unlike the Associate's degrees, Certificates of Achievement do not require completion of general education or graduation requirements. Certificates of Achievement must total 18 credits or more, and the completed Certificate is posted to the student's official transcript. They are awarded to students who have completed the Certificate requirements with a minimum of "C" grade in each course required for the Certificate, who have met Cuesta residency requirements, and who have applied for the Certificate through the Admissions and Records office.

Often students who have obtained employment after earning a Certificate of Achievement or a Certificate of Specialization will return to Cuesta to continue with additional requirements needed to earn an Associate in Arts or an Associate in Science degree. Counselors are available to assist students with this process.

EVALUATIONS, SUBSTITUTIONS, WAIVERS AND APPEALS

Degrees and certificates are awarded by the Evaluations Office after a student has applied for the degree or certificate, and after a formal review of the student's records has been made. Students who are planning to earn a degree or certificate should schedule regular appointments with a counselor to make sure that they are taking the right courses to meet their desired educational goal.

In certain circumstances, students may initiate a Substitution or Waiver petition through Counseling Services to request use of other coursework to meet requirements for one of Cuesta's degrees or certificates. These substitution and/or course waiver petitions must first be reviewed by a counselor, and then are forwarded to the division office for review and decision by the division chair and instructional dean. If approved, the approval form is scanned to retain a formal record of the decision.

In certain extenuating circumstances, students may submit an Evaluations Office "Policy Appeal for Extenuating Circumstances" to the Director of Admissions and Records when they have certain impediments that prevent them from completing all requirements for a degree or certificate, such as all general education course work, or all graduation requirements. The Director of Admissions has final say in the determination about whether to grant this appeal. Contact the Evaluations Office at (805) 546-3141 for further information.

CREDIT FOR ALTERNATIVE EDUCATION

Cuesta College affirms that there is merit in awarding college credit for other than the traditional classroom experiences. Therefore, Cuesta College awards credit according to the policies stated below.

Advanced Placement Examination

Cuesta College recognizes the completion of College Board Advanced Placement Exams (AP), authorized by the College Entrance Examination Board (CEEB). Credit for Educational Training in the Military

For currently enrolled students, in good standing, who have completed at least 12 semester credits of "C" average work at Cuesta College, the college may grant up to 12 elective semester credits in accordance with the recommendations of the American Council on Education (ACE) for educational training completed in the military service. Educational work completed through the United States Armed Forces Institute (USAFI) will also be

accepted with no unit maximum. For more information contact the Veterans Resource Center.

Credit by Examination (Challenge of Courses)

Credit by Examination enables students to use their acquired knowledge, abilities and competencies to challenge certain existing courses for credit.

Petitions for Credit by Examination must be submitted to the Admissions and Records Office no later than the Friday of the fourth week of the fall or spring semester or the Friday of the second week of summer session.

These requirements must be met in order to qualify for Credit by Examination:

- The course is listed in the current catalog and is included in the current list of courses that may be challenged (available on the Cuesta website).
- The student has completed all prerequisites for the course.
- The student is duly registered, in good standing, and has completed at least 12 semester credits of "C" average work at Cuesta College. The student may not be on academic probation/dismissal or progress/dismissal.

The following restrictions apply per Cuesta College Board Policy R6400:

- A course may be challenged for a letter grade or on a pass/no pass basis if the course has an either/or grade option code.
- A maximum of 15 semester credits may be challenged.
- A course may not be challenged more than once.
- Credits received through a challenge may not be used to satisfy eligibility requirements for athletics, financial aid or veterans benefits.
- For courses that involve a lab, the examination will include a lab portion, studio portfolio evaluation or a similar demonstration of ability.
- Credits received through challenge may not be used to satisfy residency requirements.

For more information, refer to the "Petition for Credit by Examination" form available in the Admissions and Records Office or on our website.

Independent Studies

The option of Independent Study at Cuesta College provides an opportunity for an in-depth study or practicum experience by an individual student in a selected topic under the direction of an instructor. In order to qualify, a student must be in good standing, must be enrolled in another class in addition to the independent study course, and must have completed the prerequisite and preparatory course work. A student may not earn more than two credits for an independent study course in any term. To initiate independent study, a student should confirm through the Admissions and Records Office eligibility to enroll in an independent study course and

should contact the appropriate academic division.

Independent Studies follows all policies pertaining to credit classes.

High School Career Education Articulation

Local high school students may receive Cuesta College credit for approved technical and vocational courses, through the San Luis Obispo County Tech Prep Articulation Agreement process. A specialized "Credit by Examination" process allows high school students to challenge the content and/or skill proficiency of specific courses, provided a valid Tech Prep articulation agreement between the student's high school and Cuesta College is maintained. Each student must fill out a Cuesta College admission application online at www.cccApply.org and a "Permit to Enroll" form, and submit a transcript to the Cuesta College Records Office.

For more information, contact the Tech Prep Office at 805-546-3100 ext 2533.

Credits Not Accepted Toward Degrees/ Certificates/Certifications

Continuing Education Units (CEU)

Continuing education courses are designed for personal enrichment or job advancement and are not applicable to degrees or certificates.

Non-Degree Applicable Credits

Non-degree applicable college courses are not applied to degrees or certificates. Degree applicability is determined according to the catalog for the term in which course was taken.

Credits from Non-Accredited Institutions

Cuesta College only accepts course work from regionally accredited institutions.

Upper Division Course Work

Course credit from colleges and universities at the upper division level is not used (certain exceptions apply).

Course Work from Religious-Affiliated Institutions

Course work taken from regionally accredited church or religious-affiliated institutions is accepted as long as the course is not specific to the application of a single doctrine.

TRANSFER TO THE CALIFORNIA STATE UNIVERSITY (CSU) SYSTEM

Cuesta College offers lower division (freshman and sophomore) courses to meet both major preparation and general education requirements for students planning to transfer to the California State University (CSU). Students are advised to check with Cuesta College Counseling Services for detailed information about specific campus, major, and general education requirements.

Minimum requirements for transfer as an upper division student to the CSU

- Complete 60 semester (90 quarter) transferable credits.
- Complete at least 30 semester (45 quarter) credits of general education courses with at least “C” grade or better including:
 - Oral Communication (Area A1 of the CSU GE-Breadth)
 - Written Communications (Area A2 of the CSU GE-Breadth)
 - Critical Thinking (Area A3 of the CSU GE Breadth)
 - Mathematics (Area B4 of the CSU GE-Breadth)
- Attain a grade point average of 2.0 or better (2.40 for non-California residents) in all transferable college units attempted. (Note that a higher GPA is required for most CSU campuses.)
- Stay in good academic standing at the last college or university attended prior to transfer (e.g. eligible to re-enroll at that college or university).

Completion of General Education (CSU GE-Breadth)

The CSU requires completion of 48 lower division credits of general education for graduation, 39 of which may be certified by Cuesta College. Courses taken to fulfill Areas A1, A2, A3, and B4 of the CSU GE pattern must be completed with grades of “C” or better, to meet minimum CSU admission requirements. It is strongly recommended that students complete all or most of their CSU GE as part of their minimum 60 credits required for transfer. Students who complete the CSU GE pattern prior to transfer will not be held to additional lower division GE requirements after transfer. The CSU also accepts the Intersegmental General Education Transfer Curriculum (IGETC) toward fulfillment of lower division general educations. Click here to view the most current CSU GE pattern:

<http://www.cuesta.edu/student/documents/counseling/CSUGE.pdf>

Preparing for a Major

In order to be best prepared for upper division coursework, students are also advised to complete

as much lower division preparation for their major as possible prior to transfer. Depending on the student’s major, some pre-major courses may also be listed as options on the CSU GE pattern, and thus can be double-counted. Major preparation information can also be found on the California statewide articulation website at www.assist.org.

Supplementary admission criteria/impacted majors

In the CSU, an undergraduate major or campus is designated as impacted when it receives more eligible applicants than either the campus or the major can accommodate. In such instances, the CSU campuses have been authorized to use supplemental admission criteria to screen applicants to these majors and/or campuses. Supplemental admission criteria may involve requiring specific course preparation in the major prior to transfer, and/or the attainment of a specific transferable GPA. Students are encouraged to meet with a counselor early to be advised about specific admission and selection requirements for their intended CSU campus.

GENERAL EDUCATION CERTIFICATION

Students must request their CSU GE Certification from Cuesta College by completing an Application for Certification, available in the Admissions and Records Office. (CSU GE certification by Cuesta is not automatic upon completion of the coursework.) To be fully certified, students must complete 9 semester credits in each of areas A, B, C, and D, and 3 semester units in Area E. Courses taken from other institutions will be included in the Certification as long as the course was appropriate for CSU GE placement at the institution at which it was taken. Counselors can assist with the CSU GE placement of courses taken from outside institutions.

Alert! The Fall 2015 CSU GE pattern will be available after May 1, 2015.

Significant changes are expected in Area C1 below. See a counselor for the most current information about choosing a course in this area.

60 transferable credits (minimum)

Please Note:

- You may transfer up to a total of 70 credits from Community College.
- 9 credits of upper division General Education will be required at the CSU.
- Areas A1, A2, A3, and B4 are considered the “Golden Four” and must be completed with grades of “C” or higher. Note: High credit programs (i.e. Engineering) may not need Area A3 “Critical Thinking” prior to transfer.

CAMPUS REQUIREMENTS

- Foreign Language:** Some campuses require foreign language for graduation. Certain programs may have a foreign language requirement. For specific requirements, consult university catalogs or a counselor.
- Multicultural/Ethnic Studies:** Most CSU campuses have such a course requirement for graduation. Some campuses require that the course be upper division.
- Additional campus specific requirements:** See counselor.

GENERAL EDUCATION CERTIFICATION

Certification refers to official notification from a community college that a transfer student has completed courses fulfilling CSU lower-division general education requirements. Certification will ensure that a CSU campus accepts all your courses in the areas in which the coursework is certified.

Full Certification is given to students who have completed all sections of the CSU General Education Pattern. Students must satisfactorily complete 39 lower-division credits, distributed as follows:

AREA A: 9 CREDITS: One course from each group: A1, A2, A3

AREA B: 9 CREDITS: One course from B1, B2 and B4. One lab course required: B3 lab must be taken with or subsequent to corresponding course from B1 or B2

AREA C: 9 CREDITS: Three courses to include at least one course from Arts (C1) and one course from Humanities (C2)

AREA D: 9 CREDITS: Three courses must be selected from at least two different disciplines

AREA E: 3 CREDITS: One course **Subject Area (partial) Certification** can be granted for one or more completed area (A-E), as outlined above, if all sections of the CSU General Education Pattern have not been completed.

US History, Constitution and American Ideals Certification- All campuses require students to complete college-level coursework in US History, American and California Government. Most campuses allow double-counting of courses taken to meet G.E. and the American Institutions requirements for applicants who are either fully or partially certified. This requirement is met by completing History 207A or 207B and Political Science 202.

You must request certification from Admissions and Records Office during your last term at Cuesta.

TRANSFER TO THE UNIVERSITY OF CALIFORNIA (UC) SYSTEM

The University of California gives highest priority to transfer students from the California Community Colleges. Cuesta College students can become eligible for admission to the UC by meeting specific course and GPA requirements, and by meeting with a counselor early to be apprised of specific campus and major requirements and selection criteria.

The requirements described below represent the minimum academic standards students must attain to be eligible for admission to the University. Meeting the minimum requirements does not guarantee admission to the University, nor does it guarantee admission to a particular campus. Admission to the campus and program of choice often requires students to meet more demanding standards. See a counselor for more detail and information.

At UC, a transfer student is defined as a student who has enrolled in at least one regular term (fall, winter, or spring) at a college or university following the summer of his/her high school graduation. Students who meet the university's definition of a transfer student are held to junior-level transfer admission requirements and not freshmen admission requirements. A student who attends college in a summer term immediately following his/her high school graduation, and/or who has completed college work while in high school is still considered a freshman applicant.

Junior-level Transfer Admission Requirements

The vast majority of transfer students come to the University at the junior level from California community colleges. In order to meet minimum UC eligibility criteria as a junior level transfer, students must fulfill the following criteria:

1. Complete 60 semester (90 quarter) units of UC transferable college credit with a GPA of at least 2.40 (higher for non-residents).
2. Complete either the Intersegmental General Education Transfer Curricula (IGETC) pattern, or, complete the following 7-course pattern, earning a grade of C or better in each course:
 - Two UC transferable college courses (3 semester or 4-5 quarter units each) in English composition.
 - One UC transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning;
 - Four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

Note that meeting minimum UC admission criteria is often not sufficient preparation to gain admission to most UC campuses.

Preparation for Transfer

1. Meet minimum eligibility for admission (see Admission Requirements listed above).
2. Prepare for upper-division study in the chosen major: transfer students should select a major and take courses that meet major requirements. In most cases, completing at least a portion of the major requirements is essential to gain admission to the major. Major preparation information is available at www.assist.org and Cuesta counselors are available to assist students in how to best prepare for their major.
3. Complete an appropriate set of general education course requirements and electives, as time allows.

Transfer students have two options for fulfilling GE preparation for the UC, depending on the campus and major selected:

- IGETC – accepted by both the UC and CSU, is most helpful for students who know they want to transfer but have not yet decided upon a particular institution, campus or major.
- or
- Campus-specific general education requirements of the college or campus they plan to attend. (see assist.org)

The UC Campuses are:

UC Berkeley
UC Davis
UC Irvine
UC Merced
UC Los Angeles
UC Riverside
UC San Diego
UC San Francisco (graduate only)
UC Santa Barbara
UC Santa Cruz

IGETC Certification

For the University of California (UC) and California State University (CSU)

Completion of the Intersegmental General Education Transfer Curriculum (IGETC) with certification will permit a student to transfer to a UC or CSU campus without the need, after transfer, to take additional lower-division general education courses to satisfy campus-specific general education requirements. All courses taken for IGETC must be completed with a grade of "C" or better (or score of 3 or higher on AP tests). Grades of "C-" are not acceptable. The IGETC Certification must be

requested by the student; applications are available in the Admissions and Records office. Pre-major courses may also count towards IGETC; see a counselor for details. Cuesta College will “pass along” courses taken from other colleges and university into the IGETC pattern, as appropriate and based on the policies outlined in the IGETC Standards.

The IGETC is well suited for students planning majors in the Arts, Humanities, or Social and Behavioral Sciences. Students who intend to transfer into majors that require extensive lower-division major preparation, such as engineering and many of the physical and natural sciences, should concentrate on completing the pre-major prerequisites ahead of completion of the IGETC, to be most competitive for admission into these majors.

General Education Requirements And IGETC (Intersegmental General Education Transfer Curriculum)

General Education courses are part of the requirements for a university degree. These are courses which are designed to give you an exposure to all major academic disciplines—natural sciences, physical sciences, social sciences, humanities, and the fine arts. Together, general education coursework and major course work make up a baccalaureate degree. Each campus within the California State University (CSU) and the University of California (UC) has its own unique general education pattern. However, students preparing to transfer to a CSU or UC often do not know which system they will attend. In order to facilitate the transfer of students from the California Community Colleges to the CSU and UC system, the IGETC was developed in 1991.

By completing the IGETC at a California Community College, you can transfer to a CSU or UC campus without the need, after transfer, to take additional lower-division, general education courses. The IGETC is most useful for students who know that they want to transfer to a CSU or UC, but who have not yet decided upon a particular system, campus, or major. It is also generally the most appropriate pattern for students who are choosing majors in the humanities, arts, or social sciences, as these majors generally have fewer lower division major requirements than majors in the sciences and engineering.

Is the IGETC required to gain admission to a CSU or a UC?

No, the IGETC is not an admissions requirement to either system. The IGETC is a way for you to complete a general education pattern that is accepted by the CSU and UC, prior to transfer. Completing the IGETC does not guarantee admission to a particular campus or major. However, for certain colleges and majors, completion of IGETC can improve your chances of admission as a transfer student. Your counselor can help you determine if completing the IGETC is a good idea for you.

The Importance of Major Preparation

Major preparation requirements specify the courses you must take to prepare for advanced (upper division) study in your particular major. Completion of major preparation should generally take precedence over completion of general education. Because transfer applicants are evaluated for admission, in part, on the basis of their performance in major preparation coursework, it is important that you investigate the requirements for your intended major as soon as possible. If your major requires mathematics and science, it is especially important that you complete those prerequisites before you transfer.

Your counselor can advise you about the specific major preparation requirements for the program you select, or you may research them in the General Catalog of the campus you plan to attend. You can visit the public articulation website at www.assist.org for information about major preparation.

You should begin coursework in your major as soon as you have selected one. Lack of pre-major work may affect your eligibility for your major, particularly, if there are many applicants and a limited number of spaces.

When is IGETC not a good choice?

Students who intend to transfer into a major that requires extensive lower division preparation, such as majors in the sciences or engineering may not be well served by completing IGETC.

Do all CSU and UC campuses accept the IGETC?

While all CSU's and most UC's do accept IGETC, there are some majors on certain UC campuses which do not accept IGETC. A list of those Colleges can be found at: www.universityofcalifornia.edu/educators/counselors/admininfo/transfer/advising/igetc.html

Is there a GPA requirement for IGETC coursework?

All courses applied to IGETC must be completed with a grade of "C" or higher. A grade of "Credit" or "Pass" may also be used if the community college's policy states that it is equivalent to a grade of C or better.

Can Advanced Placement Test Scores be applied to the IGETC?

Yes, an acceptable score ("3" or higher) on the Advanced Placement (AP) test can be applied to the IGETC. See a counselor for details.

Must all IGETC coursework be completed at the same college?

No, courses taken at more than one community college, or from an accredited college outside of the California Community College system, may be used on IGETC, as determined by a counselor.

Can a course be used to satisfy more than one IGETC subject area?

No, courses may only be used once even if they are listed in more than one subject area.

Can a course be used both for IGETC and to satisfy a major prerequisite?

Yes. The University will allow courses to count toward both the IGETC and to also satisfy a lower division major requirement.

Does the IGETC have to be fully completed prior to transfer?

It is strongly recommended that you complete IGETC in its entirety prior to transfer. Completion of IGETC (or a campus-specific general education pattern) may be a part of the transfer admission process for certain campuses and majors. However, a Partial Certification of the IGETC is allowed.

Partial certification is defined as completing all but two (2) courses on the IGETC pattern. (Keep in mind that in general, the English and Math portions of IGETC must be completed to meet minimum admission requirements to the university so a student who is missing these courses may not be eligible to a CSU or UC). It is your responsibility to request a partial certification from your community college. Your community college will send the Partial IGETC Certification to the UC or CSU that you will be attending. The CSU or UC will then instruct you as to how you can complete the remaining courses on your IGETC.

Who certifies that a student has completed the IGETC?

It is your responsibility to request an IGETC certification from your community college. Students who have completed coursework at more than one California Community College should have their coursework certified by the last college attended for a regular term (fall or spring) prior to transfer. You can request certification from a community college that is not your last school of attendance, but it is up to the discretion of that community college to certify.

The Cuesta College Paramedic Program initially became accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) and earned approval by the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP) on July 25, 2008. Our program is due for accreditation renewal in 2018.

Students interested in applying to the Paramedic Program are strongly urged to consult an academic counselor prior to registering in prerequisite coursework.

All persons who meet Cuesta College's admission requirements, additional pre-paramedic program admission criteria, and submit a paramedic program application are eligible for admission into the program.

Eligible applicants are admitted into the paramedic program by random selection from a pool of qualified applicants. The year long program starts once a year in the fall.

Entrance requirements are subject to change. For most current information please refer to the Nursing and Allied Health Division webpage at <http://academic.cuesta.edu/nursing>.

ENGINEERING

DEGREES, CERTIFICATES & AWARDS

- Associate in Science (A.S.)

DESCRIPTION

Cuesta’s Engineering program provides a foundation of mathematics, chemistry and physics courses necessary to transfer to a four-year institution and complete a bachelor’s degree in engineering. Students should consult the institution to which they wish to transfer for specific lower division requirements.

People working in the field of engineering and related technical fields “bridge the gap” between scientific principles and the application of these principles to the needs of society. An engineer uses experience and judgment, as well as advanced training in engineering, science, and mathematics, to formulate ideas and designs, and to determine standards, specifications, work orders and schedules so that projects can be economically beneficial to mankind. Engineering offers diverse and exciting job opportunities for people with mathematical, scientific, and technical skills.

ASSOCIATE DEGREE AND CERTIFICATE PROGRAMS

An **Associate Degree**, depending on the focus of study, is designed to prepare students for transfer into upper division course work in a bachelor’s degree program, or, to prepare students to enter the workforce in a particular vocational field. To qualify for an Associate’s Degree, a student must: (1) complete each major-specific course required for the degree with at least a “C” grade or better, (2) complete all Cuesta College general education, graduation and residency requirements, (3) achieve an overall grade point average of 2.0 for all courses attempted (major, general education, elective), and (4) submit an Associate’s Degree Application to Admissions and Records.

TRANSFER PREPARATION

Courses that fulfill major requirements for an associate degree may differ from those needed to prepare to transfer. Students who plan to transfer to a four-year college or university should schedule an appointment with a Cuesta College counselor to develop a student education plan (SEP) before beginning their program.

DESCRIPTION

The Cuesta College Earth and Ocean Science Program involves the study of the solid earth, ocean and atmosphere. It is the branch of science that investigates diverse geologic processes, including rock and mineral formation, tectonic and volcanic processes, and landform and seafloor development. In addition, the examination of the origins and evolution of life through the study of fossils (paleontology) and the assessment of economically important mineral deposits, fossil fuels, and geologic hazards are integral to the discipline. The chemistry and physics of the ocean and atmosphere are examined for their impact on the distribution of marine sediments, ocean circulation, weather and global climate patterns. Specific course topics fulfill the lower division requirements for majors in geology, geophysics, civil engineering, construction management, and environmental science. Students can earn an A.S. degree in Geology at Cuesta College, preparing them for transfer to four-year institutions or for employment in technical careers.

NUTRITION

DEGREES, CERTIFICATES & AWARDS

- Certificate of Specialization (C.S.)

DESCRIPTION

The Cuesta College Nutrition program offers students a variety of interesting and challenging courses for students to learn about chemicals and nutrients in food and their effects on the human body and the world. The study of nutritional science contributes to preparing students for careers as nutritionists, registered dietitians (RD), food scientists, or other dietetics professionals. Cuesta College offers a Nutrition certificate that provides a broad foundation in a practical and personally applicable exposure to a variety of scientific areas of nutrition such as chemistry, biochemistry, microbiology, anatomy, physiology, and biology. Popular topics include microbial pathogens, environmental contaminants, nutrigenomics, macronutrient balance, energy metabolism, obesity, global issues, biochemistry of exercise, and micro-nutrient and phytochemical utilization. Students in the program learn how the scientific method and process contributes to nutritional requirements and how nutrients function from a cellular to more practical level, and then apply this knowledge to their own health. The program ultimately helps students understand the role of nutrition in disease prevention throughout the lifecycle and as an impact on society as a whole. The Nutrition program offers courses that meet college requirements in GE, Liberal Arts, and Diversity and offers courses in both face-to-face and Distance Education modalities.

DEGREES, CERTIFICATES & AWARDS

- Associate in Arts for Transfer (A.A.-T)

DESCRIPTION

The Associate in Arts in Spanish for Transfer degree (AA-T in Spanish) will help individuals achieve their academic and career goals by providing a comprehensive foundation in the Spanish language in preparation for transfer to baccalaureate programs in the California State University system in Spanish or similar language programs. The Cuesta College AA-T in Spanish degree allows students to successfully complete a two-year degree program while completing the lower-division coursework required to transfer into the CSU system in a baccalaureate degree program in Spanish or a similar major.

ASSOCIATE DEGREE AND CERTIFICATE PROGRAMS

An Associate Degree, depending on the focus of study, is designed to prepare students for transfer into upper division course work in a bachelor's degree program, or, to prepare students to enter the workforce in a particular vocational field. To qualify for an Associate's Degree, a student must: (1) complete each major-specific course required for the degree with at least a "C" grade or better, (2) complete all Cuesta College general education, graduation and residency requirements, (3) achieve an overall grade point average of 2.0 for all courses attempted (major, general education, elective), and (4) submit an Associate's Degree Application to Admissions and Records.

TRANSFER PREPARATION

Courses that fulfill major requirements for an associate degree may differ from those needed to prepare to transfer. Students who plan to transfer to a four-year college or university should schedule an appointment with a Cuesta College counselor to develop a student education plan (SEP) before beginning their program.

COURSES OF INSTRUCTION

COURSES OF INSTRUCTION

In the following list of courses, the credit value of each course in semester credits is indicated by a number in parentheses after the course title.

Course descriptions followed by the notation (Transfer:...) indicate that the course is transferable to the California State University system, to the University of California system, or both. A student should contact a counselor to determine which courses are applicable to the student's educational objective.

COURSE NUMBERING

000-099 Non-Degree Applicable and Non-Transferable

100-199 Degree Applicable and Non-Transferable

200-299 Degree Applicable and Transferable

500-599 Non-Credit Courses

700-799 Non-Credit ESL and Vocational ESL Courses

Special Topics (093/193) These are course offerings designed in specific disciplines to test new curriculum before adopting it as a part of an academic program. Course credit values range from 0.5 to 4.0 credits.

Independent Study (047/147/247) These courses are academic opportunities for students who are capable of independent work and demonstrate the need or desire for additional study, beyond the regular curriculum. These courses are not intended to replace existing courses in the discipline. In this course, students will have a written contract with their instructor for activities such as: preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals.

PREREQUISITE, COREQUISITE, ADVISORIES AND LIMITATIONS ON ENROLLMENT

The San Luis Obispo Community College District has adopted a policy in order to provide for the establishing, reviewing and challenging of prerequisites, corequisites, and advisories.

Definitions:

Prerequisite means a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program. **Courses used to satisfy a prerequisite must be completed with a grade of "C" or better.**

Corequisite means a condition of enrollment consisting of a course that a student is **required** to simultaneously take in order to enroll in another course.

Advisory means a condition of enrollment that a student is **advised, but not required**, to meet before or in conjunction with enrollment in a course or educational program.

Limitations on Enrollment means a condition of enrollment which may include the following:

a. Auditions or tryouts for courses which include public

performance and intercollegiate competition, such as a band, orchestra, theater, chorus, and intercollegiate athletics.

Repeatable Courses

A repeatable course is identified in the college catalog and online Class Finder as repeatable more than one time.

A non-repeatable course is a course in the college catalog that is not identified as repeatable.

COURSE FAMILY REPEATS (see chart on page 207)

Enrollment in active participatory courses in physical education, visual arts, or performing arts that are related in content (courses where individual study or group assignments are the means by which learning objectives are obtained) is limited to no more than four times maximum. This limitation applies even if a student receives a substandard grade or "W" during one or more of such a course or petitions for repetition due to extenuating circumstances.

Cuesta identifies the following active participatory course families where enrollment is limited to a maximum of four (4) times within the repeat family group under the following conditions:

- Equivalent courses are counted in the four (4) enrollment maximum.

Example: KINA 246 was formerly PEAC 286 (Yoga) so past earned grades and "W" for PEAC 286 count toward overall 4 enrollment maximum.

- A course that is completed with a passing grade of "C" or higher may not be repeated within the family group.

- A course where a substandard grade or "W" grade is earned may be repeated to earn a passing grade.

- o A student will be blocked from enrolling for a third (3rd) attempt for a single course within a family repeat group if two (2) prior substandard grades are earned. The student will need to submit a Third Enrollment Agreement to be released to enroll for a third (3rd) attempt in the same course.

- o Substandard Grade - a grade of "D+," "D," "D-," "F," "FW," "NP," or "NC."

- A maximum of three (3) "W" symbols may be earned for a course. A student will be blocked from registering for a course where three prior "W" symbols have been earned for a single course within a family repeat group.

- In-progress courses without a final grade are counted in enrollment of family repeat group.

CUESTA COLLEGE FOUNDATION

Since 1973, the foundation has worked with generous donors to support student access and success at Cuesta College. Each year, the foundation raises millions of dollars on behalf of the college for programs, capital needs, scholarships and grants.

Because of our generous donors, over half a million dollars of scholarships are available for students for 2015-16, including the Cuesta College Promise, which provides the first year of college fee-free to new San Luis Obispo County high school graduates. For more information about applying for scholarships offered by the foundation, see the Financial Aid section of this catalog.

The foundation is led by a board of directors, representing volunteer community members from across San Luis Obispo County. Additional information about the foundation's programs and ways to give can be found on the website: <http://www.cuesta.edu/aboutccc/planning/foundation/> or by calling (805)546-3279.

MISSION

The Cuesta College Foundation ensures the greatest educational opportunities for student access and success by:

- Providing the highest level of support and philanthropic opportunities
- Serving as a liaison between the college and the community
- Enhancing the college's visibility and stature
- Advocating for community colleges
- Fostering a creative and rewarding environment for students, faculty, staff and volunteers

Architecture renderings of the new San Luis Obispo Instructional Building (top left) and North County Campus Center (bottom right) depict the future look of two structures that will be paid for with Measure L funds. Ground is scheduled to be broken on each in winter 2015. On November 4, 2014, the voters of San Luis Obispo County passed Measure L, a \$275 million facilities bond to improve the college.
