This course is offered entirely online with scheduled virtual meetings. You will need to utilize a device and maintain a reliable internet connection to access the virtual meetings and course information. Before registering, please review the Course Welcome Letter/Sample Syllabus for essential instructor specific information. If the Welcome Letter or Sample Syllabus is unavailable, contact the instructor directly for assistance. Staying informed will ensure a smooth start to your online learning experience.

Athletics

ATHL 222 - OFF-SEASON TRAINING FOR FALL ATHLETES II

Provides fall sport off-season emphasis on aerobic and anaerobic conditioning, sport-specific techniques, sports-specific strength development, play strategies, and nutrition for the fall off-season athlete. Prerequisites: Students must possess advanced intercollegiate athletics skills and knowledge to participate, which will be determined by the instructor. Transfer: CSU; UC (UC credit limit of 4 semester credits total in PEAD, KINA, and ATHL courses). Repeatable 3 times only.

San Luis Obispo Campus

50966	MW	4:30pm-6:35pm	Shiffrar R	LAB	1604	0.5	GP
-------	----	---------------	------------	-----	------	-----	----

Above section 50966 meets 6/8-7/17.

ATHL 233 - PHYSICAL CONDITIONING FOR FALL ATHLETES

This course is designed to provide a physical conditioning program for the student interested in Fall Intercollegiate Athletics Programs. Enrollment in this course is intended for those students who plan to participate on an intercollegiate sports team. Prerequisites: Students must possess advanced intercollegiate athletics skills and knowledge to participate, which will be determined by the instructor. Transfer: CSU; UC (UC credit limit of 4 semester credits total in PEAD, KINA, and ATHL courses). Repeatable 3 times only.

San Luis Obispo Campus

Above section 50691 meets 5/26-6/10.

BIO 210M

This course is co-taught by instructors Silvio Favoreto (Silvio_favoreto@cuesta.edu) and Laurie McConnico (laurie_mcconnico@cuesta.edu). THE LABORATORY PORTION OF THIS CLASS WILL TAKE PLACE ON CAMPUS AND AT AN OFF-CAMPUS LOCATION. This course will meet daily (including weekends- most class days end by 2pm) from Tuesday May 26th through Wednesday June 10th (no class meeting Saturday May 30 or Sunday May 31). Students will participate in a long-term research project on eelgrass wasting disease in the Morro Bay Estuary. The course involves significant lab and fieldwork. An overnight excursion to the Monterey Bay area to examine eelgrass habitats and explore a research facility will occur on between May 27 to May 28 (date pending). Students should be prepared for overnight camping and associated logistics, including private transportation and camping fees (\$25). Students must be in email contact with instructors before the 1st day of class.

BIO 212 - HUMAN BIOLOGY

Introduces to non-science majors and pre-allied health/Emergency Medical Services (EMS) students to fundamental structural and functional concepts of the human body systems, and their disorders and therapies. Transfer: CSU; UC. (Formerly BIO12)

Distance Learning

50052	TBA	TBA	Goeritz M	DLEC	WEB	3.0	GP
-------	-----	-----	-----------	------	-----	-----	----

Above section 50052 meets 6/8-7/17.

This course is offered entirely online with no mandatory in-person meetings. This course will have regular participation, which may require you to log in multiple days during the week. You will need to

utilize a device and maintain a reliable internet connection to access course information. Before registering, please review the Course Welcome Letter/Sample Syllabus for essential instructor specific information. If the Welcome Letter or Sample Syllabus is unavailable, contact the instructor directly for assistance. Staying informed will ensure a smooth start to your online learning experience.

BIO 212L - HUMAN BIOLOGY LABORATORY

Presents an optional laboratory course designed to complement BIO 212 (Human Biology). Provides direct participation in experiments, demonstrations, and discussions for non-biology majors and pre-allied health/Emergency Medical Services (EMS) students. Prerequisite: Completion or concurrent enrollment in BIO 212. Transfer: CSU; UC. (Formerly BIO12L)

San Luis Obispo Campus

San Luis Obispo Campus

51237	TBA	TBA	McConnico L	TLEC	TBA	3.0	GP
-------	-----	-----	-------------	------	-----	-----	----

Above section 51237 meets 6/11-7/1.

This Marine Biology course will be offered fully in person and is taught in California, US, and abroad in Baja California, Mexico. All students enrolled in the lecture portion of the course (Marine Biology 222) must also enroll in Marine Biology Lab 222L. These two courses are offered as a cohort. This fast-paced field course meets June 11 - July 1, 2026. Students will learn and live in Mexico from June 14 to June 30, 2026. Before registering for this course, all students must schedule a pre-meeting with Professors McConnico and Favoreto to discuss the course requirements and expenses. Please note: access to medical care is extremely limited in this rural region of Mexico. Participating students must disclose, in writing, to the San Luis Obispo County Community College District any medical, physical, or health condition(s) that may affect or jeopardize others or themselves. This course involves extensive fieldwork in remote regions of Mexico. Participating students must swim, travel on boats, snorkel in the ocean, live/study communally in a rural field station, respect Mexican culture, and comply with local laws and policies. Students are expected to work on field projects and research a special topic to present to the class. There will be no internet or wifi access for most of the field portion of the course. Students must supply their own wetsuit and personal supplies. There is a course fee of \$1,700, which must be paid in full by May 2026. Any student who did not pay this fee on time may be subject to an additional \$4,000 fee to participate in the course. This course fee does not include course units, passport fees, meals while in transit, nor personal expenses. A US passport valid through January 1, 2027 is required for US citizens. Non-US passport holders will need the required documents for entering Mexico and returning to the USA. All enrolled students must attend a mandatory Zoom meeting on the evening of May 5th.

BIO 222L - MARINE BIOLOGY LABORATORY

Provides a field and laboratory survey of marine biodiversity and ecology, with emphasis placed on exploring local marine life and habitats. Laboratory exercises focus on the identification and observation of marine organisms. Field labs include kayaking, nearshore habitats, tide pooling, and visits to aquaria and/or museums. This course complements and enhances Marine Biology lecture (BIO 222), through hands-on field and laboratory investigations. Prerequisite: Completion of or concurrent enrollment in BIO 222. Transfer: CSU; UC. (Formerly BIO22L)

San Luis Obispo Campus

Child Develop & Family Studies

CDFS 201 - CHILD GROWTH AND DEVELOPMENT

Examines the progression of development in the physical, cognitive, social, and emotional domains. Identifies developmental milestones, and evaluates individual differences, for children from conception through adolescence. Emphasizes interactions between biological processes and environmental factors. Applies knowledge of development and major theoretical frameworks to children at various stages in a variety of settings. Required for teachers in all early childhood education programs as a part of the 12 units for the Child Development Permit and licensing requirements for the State of California. Transfer: CSU; UC. (Formerly ECE 201)

Distance Learning

51322 TBA TBA Gordon Johnson P DLEC WEB 3.0 GP

Above section 51322 meets 6/8-7/17.

This course is offered entirely online with no mandatory in-person meetings. This course will have regular participation, which may require you to log in multiple days during the week. You will need to utilize a device and maintain a reliable internet connection to access course information. Before registering, please review the Course Welcome Letter/Sample Syllabus for essential instructor specific information. If the Welcome Letter or Sample Syllabus is unavailable, contact the instructor directly for assistance. Staying informed will ensure a smooth start to your online learning experience.

51479 TBA TBA Gordon Johnson P DLEC WEB 3.0 GP

Above section 51479 meets 6/8-7/17.

This course is offered entirely online with no mandatory in-person meetings. This course will have regular participation, which may require you to log in multiple days during the week. You will need to utilize a device and maintain a reliable internet connection to access course information. Before registering, please review the Course Welcome Letter/Sample Syllabus for essential instructor specific information. If the Welcome Letter or Sample Syllabus is unavailable, contact the instructor directly for assistance. Staying informed will ensure a smooth start to your online learning experience.

CDFS 202 - CHILD, FAMILY AND COMMUNITY

Introduces the processes of socialization focusing on the interrelationship of family, school, peers, and community. Examines the influence of multiple societal contexts. Explores the role of collaboration between family, community, and schools in supporting children's development, birth through adolescence. Required for teachers in all early childhood education programs as a part of the 12 units for the Child Development Permit and licensing requirements for the State of California. Transfer: CSU; UC. (Formerly ECE 202 and same as HDHS 202)

Distance Learning

51346 TBA TBA Buckley H DLEC WEB 3.0 GP

Above section 51346 meets 6/8-7/17.

This course is offered entirely online with no mandatory in-person meetings. This course will have regular participation, which may require you to log in multiple days during the week. You will need to utilize a device and maintain a reliable internet connection to access course information. Before registering, please review the Course Welcome Letter/Sample Syllabus for essential instructor specific information. If the Welcome Letter or Sample Syllabus is unavailable, contact the instructor directly for assistance. Staying informed will ensure a smooth start to your online learning experience.

CDFS 203 - CURRICULUM FOR YOUNG CHILDREN

Introduces developmentally appropriate curriculum and environments for children birth through age eight. Emphasizes knowledge of children's development, theories of learning and development, and examples from various models of developmentally appropriate practice in the planning of environments and curriculum in all content areas to support children's development and learning integrated throughout indoor and outdoor settings. Required for teachers in all early childhood education programs as a part of the 12 units for the Child Development Permit and licensing requirements for the State of California. All students must have proof of TB Clearance, Measles (MMR), and Pertussis (DTaP, or TDaP) required by the state of California. Transfer: CSU (Formerly ECE 203)

Distance Learning

51323 TBA TBA Chevalier M DLEC WEB 3.0 GP

Above section 51323 meets 6/8-7/17.

This course is offered entirely online with no mandatory in-person meetings. This course will have regular participation, which may require you to log in multiple days during the week. You will need to utilize a device and maintain a reliable internet connection to access course information. Before registering, please review the Course Welcome Letter/Sample Syllabus for essential instructor specific information. If the Welcome Letter or Sample Syllabus is unavailable, contact the instructor directly for assistance. Staying informed will ensure a smooth start to your online learning experience.

CDFS 205 - INTRODUCTION TO EARLY CHILDHOOD EDUCATION: PRINCIPLES AND PRACTICES

Examines historical contexts and theoretical perspectives of developmentally appropriate practice in early care and education for children birth through age eight. Explores the typical roles and expectations of early childhood educators. Identifies professional ethics, career pathways, and professional standards. Introduces best practices for developmentally appropriate learning environments, curriculum, and effective pedagogy for young children including how play contributes to children's learning, growth, and development. This class satisfies three units for the Child Development Permit and Licensing Requirements for the State of California. All students must have proof of TB Clearance, Measles (MMR), and Pertussis (DTaP, or TDaP) required by the state of California. Prerequisites: CDFS 201 and CDFS 202 Transfer: CSU. (Formerly ECE 205)

Distance Learning

51327 TBA TBA Mervin K DLEC WEB 3.0 GR

Work Experience - Cooperative

WEXP 262 - WORK EXPERIENCE

Provides opportunities to connect academic curricula to experiential learning in the workplace as an internship, Service Learning placement or general employment. Allows students to develop and work on learning objectives in workplace competencies and technical skills relevant for their course of study and career pathway. Students must work 54 hours for each unit of credit earned, in half-unit increments (27 hours), up to a maximum of 4 units. Employment can be paid or unpaid. Transfer: CSU. Repeatable 3 times only.

San Luis Obispo Campus

51534	TBA	TBA	Franklin J	CWE	TBA	3.0	GP
-------	-----	-----	------------	-----	-----	-----	----

Above section 51534 meets 6/8-7/31.

Work Experience provides opportunities for students to acquire and demonstrate employer-desired workplace competencies and skills. Learning objectives are developed that link job duties to the student's area of study and/or career goals. Any job or internship may qualify. Students must complete 54 work hours for each credit earned. There are two required virtual meetings with the Faculty Advisor. Students must have a job, internship or volunteer position as well as supervisor approval to be eligible for this course. The Employer Agreement (Form B) must be submitted prior to any work hours counting for work experience. Course materials are distributed in Canvas. Students must complete Forms A, B & Quiz prior to Census or WILL BE dropped from the course. For additional information, consult the Welcome Letter in the Schedule. You can send also an email to workexp@cuesta.edu.
