Welcome!

Instructor:

Denae Boggs MA, LMFT

Contact information

Email Address: denae_boggs@cuesta.edu

Phone Number: (805) 564-3100 ext. 2764, messages checked on M/W during Fall 17 Semester

Office Location/ Hours: Office #4040, SLO campus, M/W, 11:00 am – 12:00 pm

Instructor Contact Expectations: The best and fastest way to contact me is email. I will generally respond to your emails within 24 hours during weekdays only. During busy times of the semester, the response time may increase to 48 hours. On weekends, I will do my best to get back to you ASAP but I cannot guarantee an expeditious response.

Course Environment: This online course will be using a Web-based Learning Management System Canvas as the method to disseminate information. Canvas provides the framework for the course including PowerPoint presentations, student data files, the tools to receive and send course materials, and a grade book. Using the communication tools, you can communicate using e-mail, and you can share materials and ideas with other course participants via the discussion forums and groups.

Class opens / Accessing Canvas: Prior to the Monday class start on 8/21/17, you will receive an email to your my.Cuesta.edu address providing you with a reminder that class will be starting and log in procedures for Canvas, the learning management system (LMS) used to deliver course content. You can access Canvas by logging into MyCuesta, then clicking on the Resources Tab, then clicking on Canvas in the Online Learning Channel, or by typing <https://cuesta.instructure.com/> into your browser address bar. Do not bookmark / favorite the canvas site after your login, or you will get an error message next time you try to log in. You must access the canvas log in directly.

If you are not familiar with logging into canvas, please refer to the [Canvas Quick Reference Guide](#). Once logged into Canvas you will be directed on where to get started. Be sure to read all the direction on the course home page.

If you are having difficulty logging into Canvas after 8/21/17 and need assistance please email me or technical support at support@my.cuesta.edu.

Online Learning

If you have never taken an online class or this is your first experience with Canvas, please be patient with yourself. Online classes are not inherently easier, although they may be much more convenient for many students. You should expect to spend at least as much time, if not more on this course as you would on a course that meets face to face. Since there is no lecture component, much of this time will be self-directed and there will be a substantial amount of reading, viewing, studying, and writing required. This course is completely online using Canvas; all coursework (discussions, assignments, quizzes) is submitted online. There are no face-to-face meetings. Please be prepared to spend 8 - 12 hours per week on coursework for this class

IS an ONLINE CLASS FOR YOU?

- First of all, go to the [Online Readiness Resources](#) and take the "self assessment " and review all the resources that were designed to help you understand the basis for an online class and the skills necessary for success. (If the tutorials do **NOT** describe you, then taking this class online is **NOT** for you and I strongly suggest that you drop the online class and enroll in a traditional classroom section.)

Regular Effective Contact policy:

Regular and Effective Instructor Contact will be met through weekly instructor initiated threaded discussion forums; weekly announcements to students; timely and effective feedback on student assignments; email, phone or messaging to individuals; and office hours.

Course Description

Examines common patterns of family structure and functioning often correlated with substance abuse and addiction including the major types of family systems and dynamics. Reviews basic clinical practice including therapeutic approaches, skills, and techniques for effective intervention and treatment modalities for both individuals and the family system.

Student Learning Outcomes

1. Apply the major theories and corresponding therapeutic models to understand the chemically dependent family
2. Demonstrate strategies which assess for readiness and responsiveness to the therapeutic process, and risks of harm to self and others

3. Apply effective therapeutic intervention skills and practices necessary to promote sobriety, lifelong recovery, personal growth, and family strength

4. Discern characteristics and behaviors of professionals in the human services field that undermine the therapeutic process.
