Cuesta College Budget

Dear Community,

Welcome to Cuesta College's budget site. As we respond to federal, state and local fiscal challenges, difficult decisions must be made. Our goal is to maintain our focus on student success in the face of uncertainty and change.

We have launched this webpage as a place to communicate to our college and community information about the college's budgeting process in a transparent way.

We hope you will find the information on this page useful and encourage you to engage with us as we work together to keep the college fiscally sound for the short and long term.

In Service,

Dan Troy
Assistant Superintendent/Vice President, Administrative Services

Jill Stearns, Ph.D.
Superintendent/President
