The Board of Trustees is committed to a policy of self-evaluation in order to improve the effectiveness of the Board in carrying out its responsibilities to the citizens of the District. The Board evaluations are to clarify roles, to enhance communication and knowledge, and to improve the efficiency and effectiveness of the Board meetings. The ultimate goal is to improve District operations and policies for the benefit of the students of Cuesta College, the employees, and citizens of the San Luis Obispo County Community College District.

The Board of Trustees is committed to assessing its own performance as a Board in order to identify its strengths and areas in which it may improve its functioning.

The Board shall determine the instrument or process to be used in Board self-evaluation. The instrument shall incorporate criteria contained in these Board policies regarding Board operations, as well as criteria defining Board effectiveness promulgated by recognized practitioners in the field.

The evaluation instrument will be completed by each Board member, discussed at an annual Board retreat, and maintained in the Superintendent/President's Office. The results will be used to identify accomplishments in the past year and goals for the following year.
