Repeat as necessary. Include a minimum of two Critical Thinking examples, and a minimum of two Independent Work examples.

The screenshot shows a web application interface. At the top, there's a header bar with a 'Reset CB Codes' link. Below it, a status bar shows 'Remaining Launch Requirements: 0' and two buttons: 'Launch' and 'Delete Draft'. The main content area has a heading 'lp, instructions, and tutorials:' followed by the instruction 'imum of two Critical Thinking examples, and a minimum of two Independent'. Below this is a dark grey bar with a '+ Add' button, which is circled in orange. To the right of this bar is a red 'X Remove' button. Below these is a dropdown menu with the text '(minimum 2 examples)' and a double arrow icon. At the bottom is a large empty text input field. The background of the interface is dark grey with a 'Sandbox' watermark.
