College History

The original junior or community college in San Luis Obispo County was initiated as a postgraduate division of San Luis Obispo High School in 1916 and remained in operation until the United States entered into World War I. In 1936, the San Luis Obispo High School District again formed a junior college, which remained in operation until June 1959.

During the 1964-65 college year, the San Luis Obispo County Junior College District offered a limited evening division program with 463 students registering for the fall semester and 696 enrolling for the spring semester. Temporary quarters were established at Camp San Luis Obispo, a California National Guard facility located halfway between San Luis Obispo and Morro Bay. Classes and offices were situated in refurbished barracks, recreation rooms, and mess halls.

Despite the District’s modest beginnings, 917 day students and 991 evening students were enrolled in classes by the fall of 1965. Evening division classes also were conducted at three other locations in the county - Arroyo Grande, Atascadero, and Paso Robles. On October 4, 1965, the Board of Trustees of the San Luis Obispo County Junior College District named the new college “Cuesta College.” In 1971, the “junior” college district was renamed to “community college.”

In 1970, ground was broken for the college’s first permanent buildings, located on a 150-acre campus west of Camp San Luis Obispo. During the following 40 years, classroom buildings, a library, observatory, student center, art and music lab building, art gallery, high tech learning center, children’s center, performing arts center, and office spaces were constructed on the San Luis Obispo campus.

Cuesta College has a long history, which dates back to the late 1960s. It is a history of teaching at off-campus instructional sites. Through the years, Cuesta has taught in Cambria, Morro Bay, Atascadero, Shandon, Paso Robles, Templeton, Arroyo Grande, and Nipomo.

In fall 1998, the District opened the North County Campus on its 105-acre site in Paso Robles. The campus, built almost exclusively with private gift support, has grown from 1,200 students the first semester to 2,500 day and evening students in spring 2013. The site began with modular buildings to be used until permanent buildings were approved by the state. In the summer of 2005, the first permanent building opened to students: The Fox Family Building. This building houses Allied Health, Math, and Science. The college broke ground for a second permanent building in spring 2010: The North County Campus Learning Resource Center. The Learning Resource Center was completed in fall 2011 and began serving students in spring 2012. The building was named in honor of donors Dale and Mary Schwartz and dedicated May 24, 2012.

The South County Center is an off-campus evening instructional site at Arroyo Grande High School, provided in cooperation with the Lucia Mar Unified School District. During the spring 2013 semester, nearly 400 evening students were served at this site.

Cuesta College now serves approximately 10,000 students at all college locations. By spring 2012, the student population on the San Luis Obispo Campus decreased to 8,000 students due to severe reduction in state funding. The college has become a center for community use by individuals, families, and community groups on an extended-day and year-round basis.

Highly gifted pupils shall generally constitute not more than one percent of the K-12 pupil population.

Students under the age of 18 without a high school diploma, or equivalent, who are not currently enrolled in a secondary institution, are not eligible for admission to Cuesta College. A denied applicant may make an appeal to the Superintendent/President, or designee.

Application
All students must complete and sign an official Cuesta College Admission Application (online with electronic signature or in print) to be admitted to the college. All information provided by the applicant on the admission application must be true and accurate as required by law. Students who are enrolling at Cuesta College for the first-time and former students returning after an absence of a semester or more (not including summer) must submit an application available online at www.cccApply.org.

Applications are available beginning:

• November 1 for Fall Semester
• April 1 for Summer Session
• October 1 for Spring Semester

Residency Requirements
Admission of each student includes the determination of California State residency based on California Education Code 68017 and Title 5, Sections 54000-54072. A student who believes that their residency status is incorrect may challenge the non-resident status by completing the Statement of Legal Residence form and submitting it to the Admissions Office for review.

Resident Student: A resident student is one who has been a legal resident in California for more than one year and a day immediately preceding the beginning of the term in which the student plans to enroll, and who demonstrates the intent to remain a permanent California resident.

Students determined to be California residents are charged the California State Enrollment fee as set by the California Community College Chancellor’s office. (Education Code 68017)

Non-Resident Student: A non-resident student is one who has not had a legal residence in California for more than one year and a day immediately preceding the beginning of the term in which the student plans to enroll. Students determined to be non-residents are charged the non-resident tuition in addition to the resident enrollment fee.

A non-resident student may be eligible for an approved non-resident tuition exemption when the appropriate documentation is presented to the Admissions staff. Exemption to non-resident tuition exists when documentation is presented for any one of the following:
• Attended a California high school, or high school equivalent, for a minimum of three years and earned a California high school diploma, or equivalent;
• Full-time credentialed employee of a California public school enrolling in college for purposes of fulfilling credential-related requirements;

• Applicants, under the age of 19, who have lived under the direct care and control of an adult, other than a parent for two years immediately preceding the resident determination date; and such adult has for the year immediately preceding the resident determination date, had California residence.

Programs with Additional Admission Requirements
Admission to impacted specialized programs may require the completion of a program admission application and Chancellor’s recommended and Board-approved admission requirements. Current program admission requirements are published by the respective program and made available on the Cuesta website. The Admission criteria, process and application for specialized programs are valid for the current application cycle only.

Special Part-Time Enrichment Students
An eligible special part-time student must possess an approved Permit to Enroll to enroll in specified advanced scholastic or vocational courses. Cuesta College has defined advanced scholastic or vocational coursework as work that is transferable to a four-year institution and/or meets vocational degree or certificate requirements. The Permit to Enroll must be completed by the student’s current school Principal, or approved designee, identifying the specific course, or courses. The Permit to Enroll is approved by the student’s parent, or legal guardian, and by the student. The Permit to Enroll is then submitted to the Cuesta Registration Office for processing. Special Part-time Students, grades 9-12, may enroll in Cuesta College courses on a space available basis and will be required to meet all of the following enrollment requirements:
• Demonstrate the ability to benefit from advanced scholastic or vocational coursework as determined by the student’s principal, or designee;
• Satisfactorily meet all course prerequisites;
• Meet the age requirement of any age-restricted courses, posted on the Cuesta web site, for which the student seeks to enroll, or successfully petition for authorization to enroll;
• May enroll in up to a maximum of nine (9.0) approved semester credits during the fall and spring semesters and a maximum of five (5.0) approved semester credits during summer session;
• Special Part-time students are prohibited from auditing courses;

Special part-time students, who are determined to be California residents, are eligible for an enrollment fee waiver. Students classified as “non-residents” of California are required to pay the non-resident tuition fee, but the California resident enrollment fee is still waived. All other fees will be assessed.

Age Restricted Course Appeal Process:
An Enrichment student who does not meet the age requirement of an age restricted course may petition to enroll in the course. The petition must be completed by the student and submitted to the relevant division for approval. The instructor and division Chair signatures are required for approval. Denial of a petition is final.

International Students
International students must complete the International Admission Application, available online at http://academic.cuesta.edu/admrreg/intrinfo.htm, and the Cuesta College online admission application to receive a form I-20. A $100 processing fee must accompany the International Student Application. This fee is subject to change pending Board of Trustee’s approval.

The student may then apply to his or her embassy to obtain the F-1 visa to study at Cuesta College.

Applications periods are:
• Spring Term: October 1 – December 15
• Summer Session: April 1 – May 15
• Fall Term: April 1 - July 15

**Step 3.** Review your FAFSA Information. About one week after you submit your FAFSA, a Student Aid Report (SAR) will be sent to you via email by the Federal Processor. Review the information for accuracy and submit any changes requested online. If you do not provide an email address, correspondence will be by postal mail and will take longer.

**Important Tips:**

a. Inform the Financial Aid Office of changes in family or financial circumstances.

b. Keep your demographic information current with Student Services and the Federal Processor.

**Step 4.** Respond immediately to requests for information. You may be selected by the Federal Processor or the college for verification and be required to submit income documentation and a verification worksheet to the Financial Aid Office. All documentation must be received before the application can be processed.

**Step 5.** Email is the standard method of communication used by the Financial Aid Office at Cuesta College. We will contact you only through your myCuesta email address except for the first email regarding the results of your FAFSA. It is your responsibility to check your email.

**Step 6.** Check your Financial Aid Status frequently at https://my.cuesta.edu/cp/home/displaylogin and make sure you complete any unsatisfied requirements.

**Step 7.** Check your eligibility for good standing on your
as substandard and eligible for repetition.

Transcripts submitted prior to 1998 were not archived and will need to be resubmitted. Any additional coursework since submission will need to be resubmitted. Official (sealed) copies of transcripts from colleges, universities and high schools attended should be submitted to:

Cuesta College Records Office
PO Box 8106
San Luis Obispo, CA 93403-8106

Transcripts should be submitted ahead of registration, in time for academic advising and prerequisite clearance. Final official transcripts, showing all coursework and grades received, must be received before GE certifications and degree and certificate evaluations may be completed. Transcripts are evaluated based on the AACRAO guidelines for regionally-accredited post-secondary institutions.

Upon application for the associate degree or transfer certification (Certificate of Achievement), non-native coursework credits will be included and reviewed with the Cuesta College student record. Applications for the associate degree and transfer certification are available in the Admissions and Records Office or website at http://academic.cuesta.edu/admrreg/evaluati.htm.

Transcripts submitted to Cuesta College become the property of Cuesta College and will not be released to students, other colleges, or agencies. Plan to request a personal copy from your former college or university if you need one for your records.

STEP 4
ASSESSMENT

Assessment test placement results will assist students with appropriate course selection and may be used to satisfy mandatory course prerequisites. The math and English assessments are computerized and untimed. Both are given free of cost.

Assessment tests for math and English are offered on a walk-in basis. Please visit our Assessment Services website to view available test dates and locations. Bring photo identification and your Cuesta student number with you on the day of the test. Prior to taking the assessment test, you must be a current Cuesta student or have submitted a Cuesta College admission application. Prepare for the assessment tests by viewing the resources and study materials on the Assessment Services website.

First-Time College Student: First-time college students are expected to complete their English and math assessment tests prior to registering for courses. Placement levels are determined based upon assessment test results AND prior academic history. Final official high school transcripts should be submitted to the Cuesta College Records Office.

Disabled Student Accommodation: Special accommodations are given to students with verified disabilities according to California Education Code Title 5 regulations. Accommodations are made on an individual basis and must be made prior to testing through the Disabled Students Programs and Services Office. For more information, call Disabled Student Programs and Services (DSPS) at (805) 546-3148 (SLO campus) or (805) 591-6215 (NC campus) or visit the DSPS office on either campus. In order to receive examination accommodations for assessment testing as a qualified DSPS student, prior verification of disability is required.

Alternatives to Assessment Testing: Assessment is mandatory if results are required to meet a course prerequisite. You may be exempt from assessment testing if you meet one of the following exemptions or alternatives:

• If you are not taking courses which require math or English prerequisites.
• If you have already completed college coursework equal to our math and English course prerequisites and have submitted a prerequisite clearance request form A along with a transcript.
• If you have already taken a placement test at another California Community College, UC or CSU campus and submitted your scores (math assessment scores are only valid for 18 months).
• If you want to register directly into our Academic Skills math courses (ACSK 075, Math 003) or any of our Academic Skills English courses (ACSK 030A, 032, 036, 050, 055, 058)
• If you have met one of the following criteria and have submitted verification:

MATH
1. Earned “ready for CSU college-level math courses” status on the EAP exam;
2. Passed the AP Calculus AB exam or AP Statistics exam with a score of three or above

ENGLISH
1. Earned “ready for CSU college-level English courses” status on the EAP exam;
2. Passed the AP English Language or Literature Composition Exam with a score of three or above

Test scores may be faxed to (805) 546-3982 or mailed to the Cuesta College Assessment Office, PO Box 8106, San Luis Obispo, CA 93403-8106.

STEP 5
PREREQUISITES/CO-REQUISITES

Prerequisites, corequisites, and advisories are intended to enhance a student’s chance of success in a desired course. If a student does not meet prerequisites or corequisites for a course, as listed in the class schedule, the student may not be allowed to enroll or remain enrolled in that course.
Successful completion of a prerequisite or corequisite course is achieved by a final course grade of “C” or better.

Cuesta students enrolled in prerequisite courses at the time of registration for the upcoming term will be allowed to enroll in the next level course without knowing the final grade in their current course. A grade of “C” or better must be earned in the prerequisite course to meet the prerequisite requirement. Students that do not successfully complete prerequisite courses will be administratively dropped from the higher level course once grades are final and have been posted.

**Transfer Students**

In order to use prerequisite coursework completed at another college, students must submit a Prerequisite Clearance Request Form A along with an official transcript prior to registering for classes. Prerequisite Clearance Request forms can be found at the Counseling Department, or on the prerequisite website: http://www.cuesta.edu/student/getstarted/prerequisites

Submit forms in one of the following ways:

- Hand deliver: to the Counseling Department in the Student Services building (SLO Student Services Center, Building 3100 or North County Campus Building N3000, room N3011).
- FAX: to Prerequisite Specialists at (805) 546-3113.
- Mail to: Cuesta College Assessment Office - Attention: Prerequisites, P.O. Box 8106, San Luis Obispo, CA 93403-8106. If students would like to use official transcripts that were already sent to Cuesta, please note that it may take up to six weeks for official transcripts to be received and processed by Cuesta’s Records Office. For most immediate clearance, please include a copy of your transcript with your clearance request.

**FORM A** – Prerequisite Clearance Request: to be used to clear prerequisites with coursework completed at an institution other than Cuesta.

**FORM B** – Prerequisite Challenge: to be used to clear prerequisites that have been met through means other than course completion (previous knowledge, work experience, licensing). Student is responsible for providing evidence to support the claim and must get signatures from the appropriate department chair before

STEP 6
ORIENTATION

Online Orientation
Once an application for admission has been submitted
and confirmation has been received, the online orientation
is available to all Cuesta students at my.cuesta.edu.
Go to the Student tab and My Web Services channel to
Registration Tools and select “Online Orientation.”
The online orientation allows students to choose their
goal (AA, CSU or UC) and proceed on the appropriate
path to accomplish that goal.

myCuesta Orientation Workshop
The myCuesta Orientation workshop is a mini-orientation
facilitated by a Cuesta College counselor. Students will
complete the online orientation and choose their first term
classes. Sessions are offered directly after English and
math assessment testing. Please call the Cuesta College
Assessment Office at (805) 546-3951 for dates and to
reserve a spot. Sessions fill quickly.

ENGLISH AS A SECOND LANGUAGE (ESL)
Application/Evaluation/Orientation/Registration
New students in the English as a Second Language
(ESL) Program must take the ESL evaluation.
Students will receive their evaluation results and class
recommendations immediately after taking the tests.
Contact the ESL Office for evaluation dates and locations
as listed below.

• Sign up for the San Luis Obispo campus ESL Evalu-
  ation/Orientations in Building 3100, room 3133, or call
  (805) 546-3941.
• Sign up for the North County Campus ESL Evaluation/
  Orientations in Building N3000, Room N3030, or call
  (805) 591-6209.

STEP 7
REGISTRATION

To comply with legislative mandates, regulate the avail-
ability of limited class space, provide for fairness, and
facilitate the registration process, procedures to provide
priority registration for students on the basis of need are
established through Board Policy Administrative Proce-
dures 5055 and listed under Enrollment Priority under
Policies section of catalog. Visit the Cuesta web site for
priority registration dates at: http://academic.cuesta.edu/ad-
mirreg/regoffice.htm

Students add and drop classes online through myCuesta
web portal at https://my.cuesta.edu. All students are assigned
a myCuesta username and temporary password that is
emailed from the Admissions Office once an admission
application is processed. Login information can also be
accessed at the “Student Username and Temporary Pass-
word” link on the myCuesta login page.

It is the student’s responsibility for adding and dropping
courses by the deadlines posted on the Cuesta web site, in
the online Class Finder, and the enrolled student’s
myCuesta Class Schedule/Receipt. Summer session
classes are considered short term courses for add and
drop deadlines.

Course Add and Drop Policy
It is the student’s responsibility to add and drop courses
by the deadlines posted on the Cuesta web site, in the
online Class Finder, and the enrolled student’s myCuesta
Class Schedule/Receipt. Summer session classes are
considered short term courses for add and drop deadlines.

Adding Courses
Students may add classes online by the add deadline,
which is the day prior to the census date. The census date
is the date course enrollment is reported to the State for
apportionment funding. Once a course begins, only the
instructor may authorize enrollment by issuing the student
an add code if there are seats available in the course at
the first class meeting. Add codes must be entered by the
student online in myCuesta within the add deadline to
officially enroll in a course.

To add a course online, students login to myCuesta
at my.cuesta.edu and go to the Student tab and My
Web Services channel. In the Registration folder, go
to “Register Add/Drop Classes” and enter the 5-digit
course reference number (CRN) for the course by clicking
“Submit Changes.” The student may enter the 4-digit add
code in the box provided and click “Validate” to register
after the course begins within the add deadline. Students
may also add classes in-person at a registration center
and must provide photo identification.

• Full-term course add deadline: The day prior to the
  posted census date, which is the end of the 2nd week of
  the term.
• Short-term or Summer course add deadline: Within
  20% of the course or the day prior to the posted census
date.

Readmit
A students who was inadvertently dropped by an
instructor may be allowed to be readmitted/re-added
beyond the normal add deadline with instructor approval.
The deadline to be readmitted is by the end of the 12th
week of the term or within 60% of a short-term or Summer
course. Readmit Cards are available at any registration
center.

Transfer
Instructor or department-arranged transfers will be
allowed beyond the normal add deadline for students
transferring from one course reference number (CRN) to another of the exact same course or to a lower or higher level class in established prerequisite levels of the same discipline. The deadline to be transferred is by the end of the 12th week of the term or within 60% of a short-term or Summer course. Transfer Cards are available at any registration center and require both instructors’ signatures of approval.

Registration fees for the original CRN to be dropped will be credited while fees associated for the course to be added will be assessed to the student’s account.

Dropping Courses
To drop a course online, students login to myCuesta at my.cuesta.edu and go to the Student tab and My Web Services channel. In the Registration folder, go to “Register Add/Drop Classes” and use the drop-down menu beside the course to select the drop option then click “Submit Changes.” Students may also drop classes in-person at a registration center and must provide photo identification.

Dropping Course for a Full Refund
Students must drop a course by the Sunday before the start of the term or prior to the first class meeting of a short term or Summer course to receive a full refund of fees, less a $10.00 processing fee. A written request for a refund must be submitted to the Cashier’s Office by the end of the 4th week of the term or by the end of the following week after a short-term or Summer course ends. No notation (grade or symbol) will be posted on the student’s academic record when a course is dropped within refund deadlines. Students will be held financially responsible for fees related to classes not dropped within the refund deadlines.

Dropping Course for a Partial Refund
The student will receive a partial refund for a course dropped on or after the first class meeting and within the last day to drop for a refund deadline. The last day to drop with a refund deadline is posted in the online Class Finder by clicking on the CRN and appears on an enrolled student’s myCuesta Class Schedule/Receipt. The deadline is calculated as within 10% of a short-term course or the end of the 2nd week (Sunday) for a full-term course.

A partial refund is the enrollment fee and Associated Student’s Auditorium (Student Center) fee, less a $10.00 processing fee. The student is responsible for paying all other registration fees associated with a course. See the Fees section of the schedule for more information. A written request for a refund must be submitted to the Cashier’s Office by the end of the 4th week of the term or by the end of the following week after a short-term course ends (includes summer course.) No notation (grade or symbol) will be posted on the student’s academic record when a course is dropped within refund deadlines.

Dropping a Course without a W for Withdrawal
No notation (grade or symbol) will be posted on a student’s academic record if a course is dropped by the last day to drop without a “W” which is the end of the second week of the term for a full-term course or within 20% of a short-term or Summer course. The last day to drop without a “W” deadline is posted in the online Class Finder by clicking on the CRN and appears on an enrolled student’s myCuesta Class Schedule/Receipt.

- Students who drop all courses and receive no academic grade or symbol (“W”) in a term will not be eligible for priority registration as a continuing student in the next term.

Dropping Courses with a W for Withdrawal
Students may drop or withdrawal from a course through the end of the 12th week (Sunday) for a full-term course or within 60% or a short term or Summer course and receive a “W” for withdrawal symbol on their academic record. The last day to drop with a “W” deadline is posted in the online Class Finder by clicking on the CRN and appears on an enrolled student’s myCuesta Class Schedule/Receipt.

- A student may earn a no more than a maximum of three (3) withdrawals (“W” symbol) in a non-repeatable course.

Administrative Withdrawal/Cancelled Classes
Students will be notified by phone and/or mail if administratively dropped or if a class has been cancelled by action of the college. It is the student’s responsibility to submit a refund request form to the Cashier’s Office.

Petitions
Certain circumstances may require an approved petition be submitted before the student will be allowed to enroll in a course. For specific information on Records and Grading Policy. Forms and petitions are available online at http://academic.cuesta.edu/admrreg/polforms.htm or at any registration center. All registration forms require the student’s signature, identification, and may require additional approval from a college official.

Pass/No Pass (P/NP) Grading Option
For courses identified as a grading option of GP in the online Class Finder or Cuesta College Catalog, the student may change the grading option from a letter grade to Pass/No Pass grading (P/NP) within the first 20 percent of the course. Refer to the course listing for the Pass/No Pass grading policy. Students are encouraged to consult Counseling staff if they have questions regarding graded courses for degree and transfer requirements.

Credit Overload
A Credit Overload petition is to receive permission to enroll in more than 19 credits in the fall or spring term or in more than 9 credits in the summer. Approval from a Cuesta counselor is required.

Schedule Conflict
Students obtain approve by petition if enrolling in two courses whose meeting times overlap. Course meeting times and days must be clearly noted on the petition. The instructor whose class time will be missed must document how they will monitor and oversee the time to
be made up.

Registration Centers
Adds and drops by registered students will be processed at the locations below. South County Center at Arroyo Grande High School is closed during the summer and term breaks.

North County Campus Student Services

San Luis Obispo Campus Student Services
Building 3100, Student Service Center, (805) 546-3955
South County Center

Waitlist
When priority registration begins for a term, students will have the opportunity to enroll, via the myCuesta web portal, in an available waitlist seat for a closed class. Students must meet all registration requirements for the course, including prerequisites and co-requisites, prior to registering for a waitlist seat. If a student drops and a seat opens, the first waitlisted student will be notified via their myCuesta Student email account and will have 24 hours to register for the class. If you do not register before the notification period expires, you will be removed from the waitlist. Students should monitor their myCuesta student email twice daily, morning and evening. It is the student's responsibility to register once notified and pay applicable fees owed.

Waitlist Restrictions
Students will be blocked from enrolling in a waitlist seat under the following conditions:

- The student is enrolled in another section of the same course or enrolled in another waitlist seat for the same course.
- The class overlaps in time with other classes already on the student’s schedule, which includes other waitlisted classes.
- The student has a hold.
- The student has not met prerequisite or co-requisite requirements. Courses with “Department Approval” such as PSYT, LVN, EMS that have special admission requirements.
- Cross-listed (CL) courses, such as mediated Math courses.
- The student has exceeded the repeat limits for the course. This includes work-in-progress which occurs if the student is already enrolled in the course in the prior term (spring for summer registration; summer for fall registration) and has not received a final grade.
- The class is not approved on a Permit to Enroll form for an Enrichment student.
- All waitlist seats are filled.

Auditing
Auditing is permitted in classes on a space-available basis only. Admission applications are not required. Enrichment students may not audit courses. Instructor approval is required. Students who audit earn no credits or grades. Audit Forms are available at any Cuesta campus in the Admissions and Records, Cashier or Student Services offices.

Audit fees are $15 per credit plus any course fee listed in the class schedule. Students enrolled in 10 credits or more receive the first three audit credits free. Students wishing to audit must delay payment of fees to add a class. Audit payments may be submitted to the Cashier’s Office at the San Luis Obispo and North County campuses.

STEP 8 COUNSELING

The primary goal of Counseling Services is to provide the necessary educational, vocational, and personal support to enable students to succeed at Cuesta College. Students should come for counseling when they need help with any kind of problem that might affect their academic performance. Because course selection is important and four-year college requirements change frequently, students should consult with a counselor on a regular basis before registering for classes.

Counselors are available by appointment and on a walk-in-basis. Walk-in is best for short-term academic planning, quick questions, referral to college and community services, or emergency problem-solving. Walk-in is on a first-come, first-served basis with the counselor available at that time; it is generally no longer than 15 minutes per student.

Due to the large number of students, there are certain times of the academic year when counseling is available by walk-in only—July, August, December and early January. To avoid the lengthy waits and rushed atmosphere associated with walk-in only, students should plan ahead. To plan for fall semester, make an appointment during spring before the end of April. To plan for spring semester, make an appointment in September or early October.

Appointments
Appointments may be scheduled one week in advance, either in person or by phone, and may be made with a specific counselor. During the academic year, counseling assistance is provided for students who enroll in classes at one of the college’s other sites.

Services

Orientation
Orientation provides basic information regarding Cuesta College services and programs, as well as student rights and responsibilities. During advisement, a student and a counselor use a student’s assessment scores and previous academic history to plan a program of study appropriate to the skill level and educational goal of the student. Orientation/advisement is conducted in group settings.

The Cuesta College new student orientation is designed to help students get off to a good start, learn about the requirements for a certificate, Associate Degree and transfer, as well as policies and procedures of the college. Students may participate in a new student orientation by attending a group orientation at the Cuesta College campus or by completing an online orientation.

Financial Aid students will have completed their required first term Student Education Plan (SEP) by completing either the group orientation at a Cuesta College campus or the online orientation.

• Online Orientation: Once an application for admission has been submitted and confirmation has been received, the online orientation is available to all Cuesta College students by logging into my.cuesta.edu. The online orientation allows students to choose their goal (AA, CSU, or UC) and proceed on the appropriate path to accomplish their goal.

• myCuesta Orientation: Scheduled group orientation sessions on the Cuesta College campus are offered immediately after the English and math assessment session and are approximately two hours long. Students must submit an admission application prior to signing up for a workshop at www.cccapply.org. Students may sign up for the Great Start orientation online through the Assessment Test site or by contacting the Assessment Office at (805) 546-3951.

• Local High School Outreach: Liaisons to local high schools are provided to support the enrollment of local students at Cuesta College.

Specialized and Targeted Orientation and Counseling
Counselors also provide specialized and targeted counseling for the following groups of students:

• CalWORKS: Academic and personal counseling for qualified students.

• Career Technical Education: Academic and personal counseling for qualified students.

• Extended Opportunity Programs and Services (EOPS): Academic and personal counseling for qualified students.

• Disabled Student Programs and Services (DSPS): Academic and personal counseling for qualified students.

• International Students: Cuesta College enthusiastically welcomes international students from around the world. The international student counselor provides academic counseling and assists the student with the paperwork required for change of status, practical training, extension of stay, reinstatement to student status, and transfer to other institutions of learning.

• Reentry Students: The Reentry Program is designed to be a support system for students 25 and older, returning to school after an absence of five or more years.

• Student Athletes: Academic and personal counseling for participating students.

• AB540 Students: Academic and personal counseling for qualified students.

• Foster Youth: Academic and personal counseling for qualified students.

• Veterans: Academic and personal counseling for qualified students.

Student Educational Plan (SEP)
During a counseling appointment, students may identify their educational goals and develop a long-term academic plan. Prior to making an appointment with a counselor, verify that all official academic transcripts have been received by Cuesta.

Transfer Information (www.assist.org)
ASSIST is an online course planning system developed for prospective community college transfer students. ASSIST provides information about the applicability of community college courses toward UC and CSU General Education and major preparation requirements.

Contact the Transfer Center at (805) 546-3162 for assistance concerning articulation or major requirements.

- 4 credits at North County Campus.  $0.00
Total  $3.00

*$7.00 paid in Fall + $3.00 paid in Spring = $10.00 fee paid in full for academic year.

To have the fee waived, a student must provide documentation of participation in these programs through the Financial Aid Office prior to registration.
Students enrolled in courses at North County or South County only.

**Student Representation Fee**
A vote of the students during the spring 2002 semester authorized the collection of a mandatory $1.00 student representation fee from every credit student each semester. Monies collected will be used by the student government to advocate and lobby for student legislative issues such as eliminating fee hikes, advocating for adequate childcare for student parents, and increasing state funding for community colleges. Other uses include leadership training, meeting with other student leaders and elected officials, and necessary supplies to support students in their advocacy and lobbying efforts.

The fee is charged during the registration process. A student may refuse to pay the fee for religious, political, financial, or moral reasons. Students must sign a waiver prior to registration. The fee is nonrefundable once the semester begins. The student representation fee is not an eligible tax credit fee. Forms are available in the Admissions and Records Office, Cashier’s Office and at the Student Life and Leadership Office at all campus locations. The form is also available on the Web at http://academic.cuesta.edu/ADMReg/rep waive.pdf for students to print and complete. The form may be submitted to the Admissions and Records Office or faxed to (805) 546-3975.

Associated Student Governments are allowed to implement the student representation fee according to Education Code 76060.5. This per-semester fee can be utilized by the ASCC to fund only those purposes listed above.

**NOTE:** The student representation fee may not be used to support individual candidates or campaigns.

For further information, please contact your ASCC Representative at the San Luis Obispo Campus Student Center, Building 5300.

**ASCC Student ID Card Fee**
The Student ID Card provides a college picture ID for use in campus labs, the library, the bookstore, and other locations on campus. The fee helps fund student jobs, student activities, critical campus programs and services, as well as providing discounts within the community.

The ASCC Student ID card is to be purchased/renewed each term, even if a student has already had her or his picture taken.

The ASCC card fee is not an eligible tax credit fee.

If the ASCC Student ID card is lost, stolen, or mutilated, the student will be provided, free of charge, one replacement during the student’s Cuesta career. For any additional cards there is a $2 replacement fee. Contact the Student Life and Leadership Office at (805) 546-3289 for picture ID dates, times, and information.

EDUCATION TAX CREDIT INFORMATION
An Education Tax Credit benefit is available to Cuesta students who enrolled in credit courses and were charged eligible fees. In compliance with the Taxpayer Relief Act (TRA) of 1997, Cuesta College will provide a 1098T form to eligible students enrolled in a given calendar year (spring, summer, and fall). The 1098T form reports eligible fees charged within the given calendar year.

Eligible fees include: Enrollment Fee, Student Center Fee, Non-Resident Fee, and Material Fee. A 1098T will not be produced for students whose eligible fees were waived or who received financial aid in an amount greater than eligible charges. Each January, 1098T forms are mailed to the students' permanent addresses on file with Cuesta at that time.
Students are encouraged to keep payment receipts to confirm the amount of fees paid during each calendar year, regardless of the term of enrollment.

STUDENT SUPPORT SERVICES AND SPECIAL PROGRAMS
Financial Aid

Financial aid programs are available to help students who might otherwise be unable to complete their education. Students may apply for financial aid in the form of grants, fee waivers, student loans, work study and scholarships.

Financial aid funds are administered in accordance with a nationally established policy of financial assistance for education. The basis of this policy is the belief that students and their families have the primary responsibility for meeting educational costs. The amount of the contribution expected from students is determined by careful analysis of the family financial strength, taking into consideration adjusted gross income, family size, number of dependents, members attending college, allowable expenses and assets. Dependent students are required to provide data for both themselves and their parents, while independent students are required to provide data for themselves and their spouse (if married). Congress has established policy and procedures that are used in determining the student’s ability to pay for college costs.

Financial Aid Programs

Cuesta College participates in federal, state, and local financial aid programs. Cuesta recommends use of the Free Application for Federal Student Aid (FAFSA). This application form is a tool for determining need for the BOGW, federal Pell, SEOG, FWS, and Direct Loans, as well as the Cal Grants. FAFSA applications are available in the Financial Aid Office beginning the January preceding the academic year the student plans to attend. A student also can apply at http://www.fafsa.ed.gov

Cal Grants:
There are two state programs administered by the California Student Aid Commission Cal Grant B and Cal Grant C.

Cal Grant B provides a living allowance (and sometimes tuition/fee assistance) for low-income/disadvantaged students with high potential.

Cal Grant C assists vocational students with tuition and training costs. Students must be enrolled in an eligible vocational program at Cuesta College from four to 24 months in length. Students can apply for these Cal Grants when completing the Free Application for Federal Student Aid (FAFSA) and GPA Verification Form. The initial Cal Grant deadline is March 2 each year.

California Chafee Grant for Foster Youth:
Youth who are or were in foster care may qualify for up to $5,000 a year for college. To qualify, students must attend college at least half-time and their course of study must be at least one year long. Youth who have been in another state’s foster care program and meet the Independent Living Program requirements are also eligible to apply. Students who were in foster care any time between their 16th and 18th birthdays but were later reunited with their parents still qualify for the California Chafee Grant. To apply, students must submit both the FAFSA and the California Chafee Grant Application, which is available online at https://www.chafee.csac.ca.gov

Campus Scholarships:
In addition to government funding, Cuesta has a campus scholarship program. These funds, made available through private donors, are awarded annually by the Financial Aid Committee. Requirements include an overall GPA of 2.0, two letters of recommendation, and the official application. The application deadline is March 2 each year.
Application: Financial aid funds come from appropriations made by the federal and state governments and through scholarship awards made by individuals and other public and private agencies and organizations. Hence, each of these funds MUST be administered according to different sets of policies, regulations and/or specific requirements.

To apply for campus scholarships, it is necessary to complete a separate application. The scholarship applications are also available in the Financial Aid Office and at http://cuesta.edu/student/aboutmoney/finaid/resources/types_of_aid/cuesta_college_scholarship.html beginning the December proceeding the academic year the student plans to attend. The annual deadline is March 2.

Federal Student Aid Programs
Federal Pell Grant: The Pell Grant is the largest federal grant program and is intended to serve all needy students as determined by the FAFSA. Funds are disbursed directly to eligible students to cover educationally-related expenses.

Ability to Benefit (ATB) for 2013-14
• Students enrolling for the first time after July 1, 2012 must have a High School Diploma, GED or state equivalent to be eligible for any federal financial aid. Students will no longer have the option to pass an ATB test or to successfully complete 6 core/degree applicable units to gain eligibility for federal financial aid.

Decrease in the Maximum Lifetime Eligibility for a Pell Grant
The federal Department of Education recently established new regulations which reduce the duration of a student’s eligibility to receive a federal Pell Grant to 12 full-time semesters (or its equivalent). This provision applies to all federal Pell Grant eligible students effective July 2012.

Federal Supplemental Educational Opportunity Grant (SEOG): A federal grant (limited funding) is awarded to students with the highest need who received Pell Grant.

Federal Work Study (FWS): Campus employment (limited funding) is awarded to students with the highest need. Students must maintain meet financial Aid Satisfactory Academic Progress Policy and be enrolled in a minimum of 6 credits.

The William D. Ford federal Direct Loan Program: it is a government loan commonly referred to as a guaranteed student loan. There are two types of Direct Student Loans:

Subsidized Direct Loan: The federal government pays the interest while students are in school Unsubsidized Direct Loan: The students are responsible for paying all the interest on the loan (from the day the loan is first disbursed to when it is paid in full). Interest payments can be deferred while they are in school. If students choose to let this interest accrue, it will be capitalized at repayment.

Students must attend college at least half time to receive Federal Direct Loan funds. Generally, repayment begins six months after students graduate, withdraw from school or enroll less than half time. Students with an accumulated total subsidized and unsubsidized student loan debt of $20,000 in may not be approved for additional student loans at the community college level.

Direct Loan Changes for 2013-14:
For new subsidized loans first disbursed on or after July 1, 2013 through June 30, 2014, the federal government will no longer subsidize (pay) the student loan interest during the six month grace period. The grace period is the time between when the student graduates or drops below half-time status and the time when the student must start repaying the loan. Students are encouraged to check with their Loan Servicer for any available options to assist with their loan repayment. Direct Loans disbursed on or after July 1, 2013, will have a fixed interest rates of 6.8%.

Whether to allow the 6.8% interest rate scheduled to apply to loans disbursed on or after July 1,2013, to take effect
or to enact legislation that would establish a different interest rate or interest rate formula is an issue that may be considered during the 113th Congress.

**Federal Direct Parental Loans (PLUS):**
Parents of dependent students may apply for a Direct PLUS Loan to help pay their children’s education expenses as long as certain eligibility requirements are met.

For more information visit:

**Student Educational Plan (SEP)/Orientation Certificate**
All students receiving federal financial aid must schedule a counseling appointment in order to complete your matriculation planning process and Student Educational Plan (SEP).

Contact the San Luis Obispo Campus, (805) 546-3138, or Student Services at the North County Campus, (805) 591-6241, to make an appointment.

IF YOU ARE A TRANSFER STUDENT or you have attended other school(s) since high school, you will need to:
Request that your academic transcripts, plus a general education pattern from all previous colleges you have attended, be forwarded to the Admissions and Records Office at Cuesta College.

**Satisfactory Academic Progress (SAP) Standards**
Federal financial aid regulations mandate that a school establish satisfactory academic progress standards for students applying for, or receiving, financial aid. These regulations require that the financial aid office review all periods of a student’s enrollment history, to determine if a student is making academic progress towards an educational goal. Your progress will be evaluated at the end of the fall, spring and summer semesters by the standards listed below. Special note: All periods of enrollment for all students will be evaluated regardless of whether or not financial aid was received. Although some grades may be excluded by academic renewal, federal regulations require that all grades must be counted for federal satisfactory academic progress standards.

Failure to maintain ALL these standards may result in losing financial aid eligibility.

**Grades**
Grade symbols of A, B, C, D, or F received at Cuesta College will be used to calculate grade point average for S.A.P. purposes, a 2.0 GPA is required. Courses completed with CR, P, I, NC, NP or W will NOT be used in calculating a student’s grade point. Be advised that symbols not used to determine grade point average will be used to determine the minimum unit requirement detailed in the next section.

**Minimum Unit Requirement**
A student must complete a minimum number of units per semester and overall cumulative number of units according to their enrollment status. Students enrolled full time, ½ time or ¼ time during the semester must complete 80% of the attempted* units. Students enrolled in less than ½ time, must complete ALL units attempted. For example, a student who is enrolled at full time status will be expected to complete at least 10 units for the semester in order to satisfy this requirement (see table below).

**Maximum Time Frame**
Federal regulations require that institutions establish a maximum unit total for a student to complete an educational goal (degree or certificate) if financial aid is received. Cuesta College students MUST complete the educational goal indicated in their admissions application by the time they have attempted 150% of the total units required for the degree or certificate (see table below). Maximum Time Frame is evaluated at the end of every semester.
Students must complete their educational goals within 150% of the program length. All course work appearing on your Cuesta College District academic transcript will count toward Maximum Time Frame.

Students seeking a second degree at the same level as first degree must complete the subsequent degree within the maximum time frame (or appeal). In the appeal the student will need to explain the rationale for the pursuit of a second degree. In addition, a student seeking multiple majors must complete the primary degree within the maximum time frame (or appeal). In the appeal the student will need to explain the rationale for the pursuit of multiple majors if this causes them to exceed the maximum time frame.

Evaluation
Academic progress will be evaluated at the end of each term to determine continued eligibility. Students who fail to meet academic progress will be placed on Warning (see Warning).

ESL Courses
ESL coursework must be part of an eligible program of study to receive financial aid. ESL coursework is not an approved program in itself. A student enrolled in ESL classes, who is not in an eligible program of study, is not eligible for financial aid funds. ESL coursework will count toward the 2.0 GPA term, cumulative GPA and 80% unit completion requirements (SAP Standard). ESL units will not count towards the maximum time frame limit and will be subtracted from the total when maximum time frame but will count toward the term, cumulative 2.0 GPA and 80% unit completion requirements.

Remedial Courses
Students are allowed to receive financial aid for remedial units if the remedial classes are a prerequisite for entrance into a regular college program. Financial aid cannot be received for more than 30 attempted units of remedial classes. Remedial units must be taken in recommended sequence.

Course Repetition
For financial aid purposes, courses may be repeated consistent with district academic standards, as identified in the college catalog. However, all repeated units will count toward Maximum Time Frame. Students may receive financial aid for repeat course work which they passed only once. Refer to repeating course policy below.

Warning
Students who fail to make satisfactory progress will be placed on Financial Aid Warning. Financial aid is available to students during a Warning period; however, satisfactory progress will be evaluated at the end of the academic term for which the warning period was established. Students will only receive ONE warning period for not meeting the progress standard.

Suspension of Eligibility
SAP standards are checked and verified each semester. Students who fail to meet satisfactory academic progress standards while on warning will be placed on Suspension and will no longer be eligible to receive financial aid. Generally, a student who is disqualified from financial aid must meet SAP standards by completing at least a successful semester without financial aid, and meet all SAP eligibility criteria to regain eligibility or successfully appealed the suspension status. Students on suspension status will continue to receive the Board of Governors Fee Waiver (BOGW) if eligible.

Reinstatement
A student Suspended for failing to meet Satisfactory Academic Standards may regain eligibility by submitting an appeal form if extenuating circumstances occurred with supporting documents to the Financial Aid Office or by achieving SAP unit completion and GPA requirements during the semester(s) without financial aid eligibility. It is the students’ responsibility to notify the Financial Aid Office in writing when they have met the standards for reinstatement.

Probation
Students whose appeal was approved will be placed on financial aid probation. Financial aid is available during this probation period; however, satisfactory progress will be evaluated at the end of the probationary term. During probation, students must complete 100% of all attempted units during this term, with a term GPA of 2.00 or better and must be following their approved Academic Plan.

Appeal Process
Students who have had their financial aid Suspended have the right to appeal by submitting a Satisfactory Academic Progress Appeal Form. Appeal forms may be requested from the Financial Aid Office in person or online at http://cuesta.edu/student/aboutmoney/finaid/fa_policies/S_A_P.html. Appeal decisions are made on a case-by-case basis and may require the student to provide additional documentation for further review. The decision of the Financial Aid Appeals Committee is final. For more information visit http://www.cuesta.edu/student/aboutmoney/finaid/fa_policies/S_A_P.html

Repeating Courses Policy
Beginning July 1, 2011, a new federal regulation limits the number of times a student may repeat a course and receive financial aid for that course. Students may only receive federal financial aid for one repetition of a previously passed course. There is an exception for courses which require repeats. Students taking a required repeat course should work with the Financial Aid Office.
to ensure those credits are counted appropriately for financial aid eligibility. Students may need to provide documentation regarding the requirement to repeat.

**Federal Return of Title IV Funds Policy**
Title IV recipients who withdraw completely before completing 60% of the term for which the student has been charged, will be required to return a portion of the Title IV funds they received. The return amount will be calculated using the number of days the student attended in the given term and the total number of days in the given term.

**Return of Overpayment**
Title IV financial aid recipients who withdraw from all classes, or who are administratively withdrawn from all classes may be required to return a portion of the financial aid they received. Calculations are done to determine the percent of financial aid earned and unearned for the given term. Title IV financial aid recipients who receive an overpayment resulting from changes in enrollment, cost of attendance, general eligibility, and additional financial aid award(s) will be required to return funds in the amount necessary to eliminate the overpayment. The student will be notified if a Return of Title IV funds is due. Failure to return Title IV funds will result in the loss of eligibility for financial aid.

**Order of Return of Title IV funds**
All returns will be distributed to the student financial assistance programs in the order below with the following exceptions. Title IV funds required to be returned by the student will not be distributed to a Federal Direct Loan Program and no returns shall be distributed to the Federal Work Study Program.

- Federal Direct Unsubsidized Stafford Loan
- Federal Direct Stafford Loan Federal Direct PLUS Loan
- Federal PELL Grant Program Federal SEOG Program
- Other Title IV Programs
- Other Federal and State Programs
- Institutional or Agency Programs

The Dean of Student Services will make available the institutional accreditation documents and the Title IV participation agreement upon student request. The Title IV Code for Cuesta College is 001192.

**COUNSELING SERVICES**

**TRANSFER / CAREER SERVICES**
Location: Library Building 3100, Room 3134, first floor, SLO campus; (805) 546-3162.

**Transfer Services**
The Transfer/Career Center has a wide variety of resources available to university bound students including college and university catalogs and information, college search materials, major and career books, and study abroad brochures and catalogs. The center maintains information about university transfer requirements, the university application process, articulation agreements and transfer admission guarantee programs. In addition, the center provides internet access with links to assist students completing online admissions applications and researching colleges.

Transfer counselors are available to help students identify their educational goals, research colleges and programs, determine university admission requirements, evaluate transcripts and develop Student Educational Plans (SEPs). Appointments to meet with a counselor can be made one week in advance beginning the first working day of the week and are available from 8:30 a.m. to 4:00 p.m. Monday through Thursday and from 10:30 a.m. to 4:00 p.m. on Friday.

**Student Completion and Transfer Rates**

In four decades of service to the community, Cuesta College has helped thousands of students reach a wide variety of educational goals, including completion of associate degrees, completion of certificate programs, and successful transfer to four-year institutions.

In compliance with the Student-Right-to-Know (SRTK) and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the San Luis Obispo County Community College District and Cuesta College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 2004, a cohort of all certificate-, degree-, and transfer-seeking first-time, full-time students were tracked over a three-year period. Their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at Cuesta College, nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, 31.28% percent attained a certificate or degree or became ‘transfer-prepared’ during a three-year period, from Fall 2004 to Spring 2007. Students who are ‘transfer-prepared’ have completed 60 transferable credits with a GPA of 2.0 or better.

Based on the cohort defined above, 30.04% percent transferred to another postsecondary institution, prior to attaining a degree, certificate, or becoming ‘transfer-prepared’ during a five-semester period, from Spring 2005 to Spring 2007.

The Department of Veterans Affairs (DVA) administers several educational assistance programs for which basic eligibility may vary. Generally, only the DVA can determine an applicant’s eligibility for educational assistance.

All persons receiving educational benefits must personally contact the Veterans Coordinator after enrollment every semester to continue benefits. In addition, a Student Educational plan (SEP) must be on file by the end of the first semester. This plan must be developed and reviewed by an academic counselor.

Priority Registration
As our way of saying thanks for serving our country, veterans receive priority registration.

Military Credit
Veterans can receive credit up to 12 credits for education experience in the Armed Services. For more information please refer to this website: www.militaryguides.acenet.edu or see the veterans’ counselor.

Disabled Veterans
Veterans who qualify for educational benefits as disabled veterans may be entitled to special educational benefits. Student Life & Leadership
The purpose of the Student Life & Leadership program is to assist the student population in the development of programs that serve and actively involve a wide range of students. Opportunities for personal growth are extended to students through leadership courses and programs, clubs and organizations, and campus events produced by the students themselves.

Student Life and Leadership (located in the Student Center) coordinates campus programs and services which include:

* SLO campus only.

Student Activities
Cuesta College’s student government develops a broad spectrum of activities, programs, and services for the student body. Its goals are to provide social contact, entertainment, and leadership opportunities for the campus community. Extracurricular activities foster a sense of unity among individuals, as well as among student groups pursuing specialized interests.

The complete planning and production of various events provide excellent experience for student leaders and enjoyable activities for all. Lectures, film series, forums, bands, community awareness programs, and seasonal and special events are all within the scope of student government sponsorship.

The broad array of student activities involves the educational experience of all members of the Associated Students of Cuesta College. Students plan and develop them and, by taking an active role, experience a personal satisfaction and growth beyond their academic pursuits.

Associated Students of Cuesta College
The Associated Students of Cuesta College (ASCC) operates under regulations authorized in the California Education Code and in the policies of the Cuesta College Board of Trustees. The ASCC is the college’s official student government organization.

The ASCC is established to promote the general welfare of Cuesta College students; to guarantee equality of opportunity among students; to offer an experience in practice of the American democratic government; and to encourage student participation in, planning for, and involvement in a comprehensive program of student activities. It offers students opportunities to participate in social and cultural events, to share in governance activities, to interact with professionals, and to create and administer their own organizations and programs.

Student Organizations
The college and the ASCC grant recognition to campus organizations including honor societies, service and religious organizations, those with an ethnic/multicultural focus, and departmental and special interest groups. The varied types of clubs not only offer an opportunity for social life but also make a fine contribution to the development of student leadership. Membership and active participation in a reasonable number of these organizations are strongly recommended by the college.

Libraries
The Cuesta College Libraries support the educational program of the college. Books, periodical subscriptions and audiovisual materials are closely coordinated with curriculum offerings. Holdings include general education and career and technical education materials, and

In addition, students can search databases of periodicals, some of which include full text of the articles, and use the Internet to connect to catalogs of other libraries and other sources of information wherever they may be located.

To assist students and community residents with their informational and research needs, librarians are available at the Reference desk on the San Luis Obispo and North County campuses whenever the library is open and designated hours at South County Center. College librarians hold advanced degrees and as part of the college faculty teach research and information literacy skills and help students locate the best resources for their educational needs.

Library facilities include areas for studying, photocopying, computer use, viewing audio/visual materials and library instruction. Comfortable surroundings invite leisurely browsing, reading and viewing, and provide a quiet place for contemplation and learning.

To borrow library materials, students must show photo identification. Community residents must show a current I.D. with local street address to use a courtesy library card.

Open computer labs on the San Luis Obispo and the North County campuses are provided for academic use. Workstations are equipped with most software taught at Cuesta so that students can work on class projects outside of scheduled lecture and lab times for their courses. One lab on each campus is adjacent to or in the Library. Smaller and more specialized labs are also available on the San Luis Campus on a more limited basis.

Students are held individually responsible for the information contained in the Cuesta College Catalog and in the Student Code of Conduct. Failure to read and comply with college regulations will not exempt students from whatever penalties they may incur.

The college reserves the right to make changes, additions and/or deletions to the list of rules and regulations during the school year when deemed necessary by action of the administration and/or Board of Trustees.

**Academic Probation and Dismissal**

Students who earn unsatisfactory grades may jeopardize their enrollment and registration priority at Cuesta College. Academic achievement is monitored during the fall and spring semesters excluding summer session. A student is placed on academic probation at the end of a semester if the student’s semester grade point average is less than 2.0, or “C average,” on a four-point scale.

A student who earns less than a 2.0 GPA for two consecutive semesters is subject to dismissal from the college. For the purpose of this section, semesters are considered consecutive on the basis of the student’s pattern of enrollment. For example, a student earning less than a 2.0 in fall 2010 and fall 2011 would be subject to dismissal if the student did not attend Cuesta during spring 2011. Dismissed students are not allowed to attend the subsequent semester. They must “sit out” for one full semester before regaining eligibility for enrollment.

Students are notified of their academic progress/dismissal status through their myCuesta e-mail account at the end of grade processing each semester. Students on academic dismissal may attend a Reinstatement Workshop and agree to their Reinstatement Contract to enroll or remain enrolled in their courses for the subsequent term.

Students who do not attend a reinstatement workshop will be blocked from enrolling and must “sit out” the following term. Dismissed students who are enrolled in the subsequent term, will be administratively dropped from their courses. Students who choose to “sit-out” one or more terms will need to contact the Admissions & Records Office to be reinstated for their next term.

Reinstatement or “sitting out” a semester, does not change the student’s academic standing. A student on progress dismissal shall be removed from probation/dismissal when the percentage of entries of “W”, “I”, and “NP” recorded drops below 50 percent.

Contact the Office of the Director of Admissions and Records or Director of Counseling for additional information.

**Academic Renewal without Course Repetition**

Previously recorded substandard academic work may be disregarded in the calculation of a student’s grade point average if the work is not reflective of the student’s present scholastic level of performance.

1. Academic renewal may be applied to two distinct terms/sessions of work and is a one-time irreversible option.

2. Academic renewal cannot be used to disregard prior academic credit or course work which has been applied toward an associate degree or certificate earned at Cuesta College.

3. For any term/session in which course work is to be disregarded, substandard academic work in that term/session will be disregarded, excluding satisfactory academic work.

4. If grade alleviation has already been applied two times for a course included in the requested term/session to be disregarded, the course will not be eligible for academic renewal without repetition and will remain on the academic record. No more than two substandard grades may be alleviated from the calculation of the student’s grade point average for a course.

5. A period of at least two years must have elapsed since the completion of the work to be alleviated.

6. To alleviate course work, the student must have:
   1. Completed a minimum of 15 semester credits since the term(s) to be alleviated with at least a 3.0 grade point average; or
   2. Completed 30 semester credits since the term(s) to be alleviated with at least a 2.5 grade point average; or
3. Completed 45 semester credits since the term(s) to be alleviated with at least a 2.0 grade point average.

7. Recalculation of the grade point average will be used toward qualification for graduation with honors.

8. Academic standing for the term/session(s) will be adjusted.

9. Permanent academic records will be annotated in such a manner that the record of all work remains legible, ensuring a true and complete academic history.

The student initiates the request by filing a Petition for Academic Renewal without Course Repetition in Counseling Services. The petition must be signed by the student and counselor.

- The student must submit official (sealed) transcripts from all accredited colleges or universities where course work was completed.
- The Director of Counseling will make the final determination for academic renewal without course repetition.
- The petition is forwarded to the Admissions & Records Office for a college evaluator to review all evidence pertaining to the student’s petition for academic renewal without course repetition.
- If academic renewal requirements are met, eligible course work will be alleviated from the student’s permanent record.
- Calculation of the student’s grade point average begins at the first term being alleviated under academic renewal.

Alleviated course work will be annotated on the student’s transcript with an “E” for exclusion with a notation of “Academic Renewal” and the substandard grade will be excluded from the student’s grade point average calculation.

**Attendance**

Normal progress and successful completion of scholastic work depends upon regular attendance. Students are expected to attend all classes and laboratories for which they are registered. Instructors set an attendance policy for each class, and it is the student’s responsibility to know and comply with each one. Instructors may drop a student from a class for infractions of the attendance policy. (To assure a seat in the class, students are advised to attend the first class session.)

It is the student’s responsibility to officially withdraw from a course which the student is no longer attending. Failure to officially withdraw from a class may result in an “F” or failing grade.

**Authority of Instructor**

The Board of Trustees shall establish rules and regulations for student conduct while on campus and/or engaged in any college-sponsored activity.

The Vice President of Student Services or designee shall be responsible for enforcing rules and regulations for all activities of students at times and places when students are under college jurisdiction, except that individual instructors are given the power to suspend students for good cause for the remainder of the subject school day, plus up to one additional class meeting. The instructor shall immediately report the removal to the Vice President of Student Services or designee is responsible for appropriate action.

During the period of removal, a student shall not be returned to the class from which he or she was removed without the concurrence of the instructor of the class.

An instructor may drop a student who is neglecting the work of the course and/or has violated the terms of the class syllabus.

**Course Load**

A full-time student is a student who is enrolled in a minimum of 12 credits per semester (four credits per summer session). Students enrolled in fewer than 12 credits are considered to be less than full-time. Students are limited to a maximum of 19 credits during the fall and spring semesters (nine credits during the summer session), including both day and evening classes. To take more than the maximum number of credits, a student must have an outstanding academic record and must obtain approval from a counselor before registering.

**Course Repetition Policy**

**Repeatable Course**

A repeatable course is identified in the college catalog and online Class Finder as repeatable more than one time.

- The student may petition to enroll in two sections of the same repeatable course if the length of the course is such that a student may enroll in two or more sections of the same course during the same period without being enrolled in more than one section at any given time.
- A student may repeat a course designated as a repeatable course including variable credit open-entry/open-exit courses up to the maximum number of allowed repetitions for that course.
- No more than two substandard grades may be alleviated within the allowable repeat limits for a repeatable course. If a course is repeated two or more times, the first two substandard grades will be excluded in calculating the student’s GPA.
- Course repetition will not be allowed in a repeatable activity course beyond the maximum number of allowed repetitions for the course, which may be no more than three (3) terms/sessions.

**Non-Repeatable Course**

A non-repeatable course is a course in the college catalog that is not identified as repeatable.

- Substandard Grade - a grade of “D+,” “D,” “D-,” “F,” “FW,” “NP,” or “NC.”
- A student will be permitted to retake a non-repeatable course in which a substandard grade or “W” was earned
o If a student has earned a second substandard grade or "W" in a course, the student must agree and sign a Third Enrollment Agreement to be released to register for the third repetition of a course.

o Each non-repeatable course in which a substandard grade has been earned may be repeated two times only for grade alleviation unless such repetition is provided by District policy. The repeated course must contain the equivalent credit value or higher. The previous grade and credit will be disregarded in calculation of the student’s grade point average even if the previous grade was higher.

• Satisfactory Grade – a grade of “A,” “A-,” “B+,” “B,” “B-,” “C+,” “C,” “P,” or “CR.”

o A course in which a satisfactory grade was received may not be repeated unless such repetition is provided for in the official course description or by District policy.

Limitations on Withdrawal ("W" symbol)
Each non-repeatable course in which a "W" has earned may be repeated for a maximum of two times. The student may earn no more than three (3) withdrawals in the same course.

• Military withdrawals ("MW") do not count against the "W" withdrawal limit.

• A student who has previously earned a maximum of three (3) withdrawals for a course that has a petition approved to repeat may only earn a satisfactory or substandard grade for the course. The student may not earn an additional "W" symbol unless the student demonstrates extenuating circumstances to justify an additional withdrawal for the course.

Petition to Repeat
Students may submit a “Petition to Repeat a Course” under certain circumstances as provided by Title V, California Code of Regulations and Cuesta College Board Policy. Petition approvals are reviewed by the Director of Admissions & Records, the North County Campus Dean, or designee.

Significant Lapse in Time: A student may petition to repeat a course, one time, and if no less than 36 months have elapsed, where a satisfactory grade of “C” or better was earned if:

• the course is in a sequential series established by prerequisites such as math, science, and language courses; and an additional repetition of the course is essential for review of content in order to successfully advance to the next level;

• the District has established a recency prerequisite for a course or program;

• another institution of higher education to which the student seeks to transfer has established a recency requirement which the student will not be able to satisfy without repeating the course. Repetition may be allowed where less than 36 months have elapsed if the student documents that repetition is necessary for the student’s transfer to the institute of higher education.

• The grade and credit earned will not be included in the calculation of the student’s grade point average.

Disabled Student Accommodation
A student may repeat a special class for students with disabilities any number of times as required as a disability-related accommodation under the following circumstances:

• When continuing success of the student in other general and/or special classes is dependent on additional repetitions of a specific special class;

• When additional repetitions of a specific special class are essential to completing a student’s preparation for enrollment into other regular or special classes; or

• When the student has a student educational plan which involves a goal other than completion of the special class in question and repetition of the course will further achieve that goal.

• Authorization by Disabled Student Programs and Services (DSPS) staff or a medical professional’s recommendation will be required on the petition.

• The grade and credit earned will not be included in the calculation of the student’s grade point average each time the course is taken.

Legally Mandated Training
A student may repeat a course any number of times as required to meet a legally mandated training requirement as a condition of continued paid or volunteer employment. The grade and credit will be included in the calculation of the student’s grade point average each time the course is taken.

Significant Changes of Industry or Licensure Standards
A student may repeat a course any number of times as a result of a significant change in industry or licensure standards such that repetition of the course is necessary for employment or licensure. The grade and credit will be included in the calculation of the student’s grade point average each time the course is taken.

Extenuating Circumstance – Prior Substandard Grades
A student may petition to repeat a course, one time, based on extenuating circumstances in a prior enrollment in which three (3) substandard grades have been earned. Extenuating circumstances are extreme cases of documented, verifiable circumstances beyond the student’s control.

• The previous grade and credit earned will be disregarded in the calculation of the student’s grade point average if either a substandard or satisfactory grade is earned.

Extenuating Circumstance – Prior Satisfactory Grade
A student may petition to repeat a course, one time, based on extenuating circumstances in a prior enrollment in which a satisfactory grade has been earned. Extenuating circumstances are extreme cases of documented, verifiable circumstances beyond the student’s control.
• The grade and credit earned will not be included in the calculation of the student’s grade point average each time the course is taken.

Enrollment Priorities
All courses of the District shall be open to enrollment to all eligible students, subject to a registration priority system that may be established. Enrollment also may be limited to students meeting properly validated prerequisites and co-requisites, or due to other, practical considerations.

Definition of student enrollment statuses referenced below:

Continuing Student: was enrolled after the second week of, or received a grade, in the previous term.

New First-time Student: never attended Cuesta College prior to the application term.

Former Student: attended Cuesta in the past, but was not enrolled in the term prior to the application term.

Re-Entry Student: is at least 25 years of age and has not attended a college or university within the past 5 years.

New Transfer Student: is enrolling at Cuesta for the first time after attending another post-secondary institution.

Special Part-time Student (Enrichment Student): is under the age of 18 and currently enrolled in grades 9-12, and eligible to attend Cuesta College. (Board Policy 5085).

New Matriculated Student: has completed orientation, assessment and developed a student educational plan.

A student in “Good Academic Standing” is one who is not on academic or progress probation for two consecutive terms.

Effective Fall 2014.
The California Community Colleges Board of Governors approved changes that will establish system-wide enrollment priorities designed to ensure classes are available for students seeking job training, degree attainment or transfer and to reward students who make progress toward their educational goals.

New students who have completed college orientation, assessment and developed education plans as well as continuing students in good academic standing who have not exceeded 100 credits (not including credits in non-degree applicable courses, basic skills and English as a Second Language) will now have priority over students who do not meet these criteria. Active military and veterans, current and former foster youth, followed by students in Extended Opportunity Programs and Services (EOPS) and Disabled Students Programs and Services (DSPS) will continue to have first priority for registration if they meet the same criteria listed above.

The regulations, unanimously approved by the board of governors, will be implemented in the fall of 2014. We encourage students on probation to seek help to improve their academic standing. Students nearing 100 credits should carefully plan their remaining courses.

Registration Priority Groups are defined below. Students will continue to have access to register after their priority date.

Priority 1
Continuing students, who have completed, or are currently enrolled in a minimum of 12 semester credits for Cuesta College degree applicants and 3 semester credits for Cuesta College Certificate applicants; who will complete their remaining AA or AS degree requirements, and/or Certificate requirements within one semester (i.e. apply in fall and complete by end of spring), and have applied for their degree and/or Certificate by the application deadline. Students will receive priority in this classification one time.

Priority 2
Graduating seniors from local (San Luis Obispo County) high schools who complete the admission application by the deadline and complete one or more components of the matriculation process, which may include assessment, orientation, or the completion of the Student Education Plan (SEP) (Fall only).

Priority 3
Documented eligible new or continuing students participating in the Disabled Student Programs and Services (DSPS), Extended Opportunity Programs and Services (EOPS), all veterans, veterans’ spouses and veterans’ dependents receiving VA benefits to attend Cuesta College and who meet the criteria established by Education Code 66025.8, and individual groups identified as a requirement to meet legislative and/or grant compliance obligations.

Priority 4
New or continuing students who have met the specific eligibility criteria for each of the following: CalWORKs Program, Intercollegiate Athletics during the semester of active team participation, Re-entry Program, Pre-nursing Program, Facilitated Assisted Learning (FAL) facilitators, ASCC leaders, student employees, staff, faculty, retired faculty and staff having earned emeritus distinction, and dependent children (with the exception of special part-time students), spouses, and domestic partners of faculty or staff.

Priority 5
Continuing Cuesta College students will receive priority registration based on the total number of credits completed at Cuesta College. Credit increments:

• 5.1. Equal to or greater than 48.0 credits
• 5.2. Equal to or greater than 24.0 credits and less than 48.0 credits
• 5.3. Equal to or greater than 12.0 credits and less than 24.0 credits
• 5.4. Less than 12.0 credits
Priority 6
First-time students and new re-entry students, will receive this registration priority when they apply and complete one or more components of the matriculation process, which may include assessment, orientation or the completion of the Student Education Plan (SEP).

Priority 7
First-time, former, and transfer students who apply for admission and are not eligible for any other priority, register during the open access registration period.

Priority 8
Special Part-Time Students (Enrichment) concurrently enrolled in grades 9-12, who have completed the admission application, permit to enroll, and have met all course prerequisites, are eligible to enroll during this time.

CHALLENGE
A student may challenge their registration priority by petition with the Vice President of Student Services or designee. To be considered, the challenge must include validation of special circumstances and need.

FERPA
The Family Education Rights and Privacy Act (FERPA) affords a student certain rights with respect to their education records. These rights include:

• The right to inspect and review their own educational record.
• The right to seek to amend their own educational record.
• The student must make a written request to the Director of Admissions and Records at the San Luis Obispo Campus and provide the names of the records they wish to review or amend. The administrator will respond with the timeframe and location for the materials to be reviewed.
• The right to have some control over the disclosure of information from their educational records. One exception that permits disclosure without consent is the disclosure to school officials with legitimate educational interests. A school official is defined as a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted as its agent to provide service instead of using College employees or officials (such as an attorney, auditor or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing her or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College.
• The right to file a claim with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202-5920

Directory Information
At its discretion, Cuesta College may provide “directory information” in accordance with the provisions of the Family Education Rights and Privacy Act of 1974 (FERPA).

Directory information is defined as that information which would not generally be considered harmful or an invasion of privacy if disclosed. Personal identifiers, such as student identification numbers or social security numbers, race/ethnicity, gender, religious preference grades and GPA are not directory information. Cuesta College has identified the following elements as directory information:

• Name
• Field of Study
• Degrees and Certificates Earned
• Dates of Attendance
• Level of Enrollment (# of Credits)
• Participation in officially recognized activities and sports

Contact a registration center for information about restricting the release of directory information.

Electronic Files
The Family Educational Rights and Privacy Act does not differentiate between the medium of storage or the method of transmission. There is no legal difference between the level of protection afforded to physical files over those that are stored or transmitted electronically or in any other form.

Final Examinations
Final examinations will be given in all courses at the end of each semester, short course, or summer session. Dates and times are listed in the schedule of classes and on the Cuesta College website.

Grading Policies
Courses shall be graded using the grading symbols established by Title 5. Effective fall 2008, faculty may use the following evaluative letter-grading symbols:

Grade Changes

and dismissal calculations.

orders, an “MW” may be assigned at any time after a withdrawal from courses. Upon verification of such orders, an “MW” may be assigned at any time after the twelfth week deadline for dropping classes. Military withdrawals shall not be counted in progress probation and dismissal calculations.

After a grade has been issued, only the instructor has the authority to change the grade per California Education Code Section 76224. A student wishing to have a posted grade changed must submit appropriate documentation to the instructor who issued the grade and must request that the grade be changed. Based on an evaluation of the student’s progress in the course and the documentation, the instructor may or may not change the grade. Grade changes must be delivered to the Office of the Director of Admissions and Records by the instructor.

There is a deadline of six months from the date that the grade is posted to initiate a grade change.

Course Grades

Grades are available for viewing within Cuesta College’s student portal, myCuesta, four weeks after the last day of the term. Grades are not sent to students, but an unofficial grade report may be requested by presenting a photo identification card to an Admissions & Records service center staff member at any campus location.

Pass/No Pass

A student may select “pass/no pass” (formerly credit/no credit) through the fourth week of instruction for 18-week courses or, if the course is less than 18 weeks in duration, within the first 20 percent of the course. Students may change back to a letter grade prior to the fourth week or 20 percent deadline. After the fourth week or 20 percent deadline, students may not reverse their pass/no pass grading decision.

Grade Changes

The “MW” symbol is assigned when a student officially withdraws between the beginning of the third and end of the twelfth week of instruction for full semester courses. For courses that are less than 18 weeks in length, withdrawal must be made during the first 20 percent of the course. (During summer sessions the withdrawal period extends through the fourth week of instruction.) Students who withdraw prior to the second week of instruction for full semester courses, or prior to the completion of the first 20 percent of the course for short courses, shall have no notation (“W” or any other) on their record. The academic record of a student who remains in a class beyond the twelfth week must reflect a symbol other than a “W.”

MW Military Withdrawal – The “MW” symbol is assigned when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, an “MW” may be assigned at any time after the twelfth week deadline for dropping classes. Military withdrawals shall not be counted in progress probation and dismissal calculations.

Grade Changes

The “I” must be made up before the end of the following regular semester or it will be considered as an “F” grade or “NP” if grading option selected. The “I” symbol shall not be used in calculating credits attempted nor for grade points.

I Incomplete – Incomplete academic work for unforeseeable, emergency, and justifiable reasons. Condition for removal of the “I” shall be stated by the instructor in a written record with a copy to the student. “I” shall not be used in calculating grade point average.

RD Report Delayed – This symbol is assigned by the Director of Admissions and Records only. It is used when there is a delay in reporting grades by the instructor. This is a temporary notation and is not used in calculating GPA.

W Withdrawal – The “W” symbol is assigned when a student officially withdraws between the beginning of the third and end of the twelfth week of instruction for full semester courses. For courses that are less than 18 weeks in length, withdrawal must be made during the first 20 percent of the course. (During summer sessions the withdrawal period extends through the fourth week of instruction.) Students who withdraw prior to the second week of instruction for full semester courses, or prior to the completion of the first 20 percent of the course for short courses, shall have no notation (“W” or any other) on their record. The academic record of a student who remains in a class beyond the twelfth week must reflect a symbol other than a “W.”

NP No Pass (Less than satisfactory C/2.0) – units awarded are not counted in GPA. “NP” has the same meaning as “NC,” as that symbol was defined prior to fall 2008.

IP In Progress – The “IP” symbol shall be used to denote that the class extends beyond the normal end of an academic term. “IP” shall not be used in calculating grade points.

P Passing (At least satisfactory C/2.0) – units awarded are counted in GPA. “P” has the same meaning as “CR,” as that symbol was defined prior to fall 2008.

D+ 1.3 (Less than Satisfactory)
D 1.0
D- 0.7
F 0.0 (Failing)

Some general education, degree and certificate course work must be taken for a grade. Consult a counselor or program description. No more than 12 credits of “pass/no pass” may be applied toward the Associate in Arts or Associate in Science degree.

Courses listed in the schedule as “pass/no pass” grading option may be taken only once for “pass/no pass.” The student may, however, repeat the course for a letter grade.

Students shall receive a “P” (pass) if, at the end of the semester, a grade of “C” (2.0) or better is earned. The “P” shall, when recorded, add credits completed but shall have no effect on the grade point average.

Students performing unsatisfactorily (at less than C/2.0) shall receive a “NP” (no pass) which, when recorded, will not increase credits completed and will not be used to calculate the grade point average. However, credits attempted for which an “NP” is recorded shall be considered in academic progress calculations to determine probation and dismissal status.

Students may only select one course per semester on the “pass/no pass” option. Some courses are graded only on a “pass/no pass” basis. Enrollment in these courses will not affect the student’s right to select one additional class within the guidelines listed above.

Students repeating a course in which a substandard grade was earned may not request a repeat discount if the pass/no pass grading option was selected for the second attempt.
Library Fines
Cuesta College may withhold grades, transcripts, diplomas, and registration privileges from any student who fails to return books or materials to the library when due, has lost or damaged any books or materials or has not paid charges for late, lost or damaged materials.

Students shall have their records released when they:
- Return books or materials
- Pay charges for books or library materials.

Maintenance Allow for Students from Modoc and Mono Counties
Students attending Cuesta College from Modoc and specific areas of Mono counties are eligible for a maintenance allowance if they maintain a permanent address in either county and all requirements are met. For information about eligibility requirements, contact the Cuesta College Registration Office at (805) 546-3100, Ext. 2325.

Nondiscrimination In-District
Unlawful Discrimination Procedures
The policy of the San Luis Obispo County Community College District is to provide an educational and employment environment in which no person shall be unlawfully denied full and equal access to the benefits of or be unlawfully subjected to discrimination on the basis of ethnic group identification, national origin, religion, age, sex, race, color, ancestry, sexual orientation, or physical or mental disability in any program or activity that is administered by, funded directly by, or that receives any financial assistance from the State Chancellor or Board of Governors of the California Community Colleges.

The policy of the San Luis Obispo County Community College District is to provide an educational and employment environment free from unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment.

Employees, students, or other persons acting on behalf of the District who engage in unlawful discrimination as defined in this policy or by state or federal law may be subject to discipline, up to and including discharge, expulsion, or termination of employment or student suspension or dismissal.

Retaliation
It is unlawful for anyone to retaliate against someone who files an unlawful discrimination complaint, who refers a matter for investigation or complaint, who participates in an investigation of a complaint, who represents or serves as an advocate for an alleged victim or alleged offender, or who otherwise furthers the principles of this unlawful discrimination policy.

Academic Freedom
The San Luis Obispo County Community College District Board of Trustees reaffirms its commitment to academic freedom, but recognizes that academic freedom does not allow any form of unlawful discrimination. It is recognized that an essential function of education is a probing of opinions and an exploration of ideas that may cause discomfort to some students. It is further recognized that academic freedom insures the faculty’s right to teach and the student’s right to learn. Finally, nothing in these policies and procedures shall be interpreted to prohibit bona fide academic requirements for a specific community college program, course or activity.

When investigating unlawful discrimination complaints containing issues of academic freedom, the San Luis Obispo County Community College District will consult with a faculty member appointed by the Academic Senate with respect to contemporary practices and standards for course content and delivery.

How to File a Formal Discrimination Complaint
1. A FORMAL COMPLAINT MUST BE INITIATED BY FILLING OUT THE ATTACHED FORM APPROVED BY THE STATE CHANCELLOR’S OFFICE. That form is attached as the last page of board policy 1565, and has the title heading of “Unlawful Discrimination Complaint Form.” YOU MUST SEND THAT COMPLETED FORM TO EITHER:
   - San Luis Obispo County Community College District, Attn: Executive Director Of Human Resources And Labor Relations, Administration Building, Room 8003, San Luis Obispo, CA 93403-8106; Or
   - Chancellor’s Office, California Community Colleges, 1102 Q Street, Sacramento, California 95814-6511, Attention: Legal Affairs Division

2. The complaint must allege unlawful discrimination prohibited under Title 5, section 59300.

3. The complaint must be filed by one who alleges that he or she has personally suffered unlawful discrimination or by one who has learned of such unlawful discrimination in his or her official capacity as a faculty member or administrator.

4. In any complaint not involving employment, the complaint must be filed within one year of the date of the alleged unlawful discrimination or within one year of the date on which the complainant knew or should have known of the facts underlying the specific incident or incidents of alleged unlawful discrimination.

5. In any complaint alleging discrimination in employment, the complaint shall be filed within 180 days of the date the alleged unlawful discrimination occurred, except that this period will be extended by no more than 90 days following the expiration of that 180 days if the
complainant first obtained knowledge of the facts of the alleged violation after the expiration of 180 days.

What Happens When a Formal Discrimination Complaint is Filed?
The District will then complete an “Administrative Determination.” Within 90 days of receiving an unlawful discrimination complaint filed under Title 5, sections 59300 et seq., the District will complete the investigation and forward a copy of the investigative report (containing the administrative determination) to the State Chancellor, a copy or summary of the report to the complainant, and written notice setting forth all the following to both the complainant and the State Chancellor:

1. The determination as to whether there is probable cause to believe discrimination occurred with respect to each allegation in the complaint;
2. A description of actions taken, if any, to prevent similar problems from occurring in the future;
3. The proposed resolution of the complaint; and
4. The complainant’s right to appeal to the District Board of Trustees and the State Chancellor.

Remedial Course Work Limitation
A student who has completed 30 credits of remedial course work, but who has not attained full eligibility for college-level work, shall be dismissed from the college and referred to non-credit education courses unless a waiver has been granted.

Remedial course work refers to pre-collegiate basic skills courses designated as non-degree credit courses, the purpose of which is to prepare students for successful completion of associate degrees, transfer, or certificate courses. These courses are specifically designed to meet the needs of underprepared students so that the quality and rigor of the associate degree curriculum is protected.

A waiver of the limitation on remedial course work may be provided to any student who shows significant measurable progress toward the development of skills appropriate to the student’s enrollment in college-level courses. Measurable progress is defined by transcripts, pre- and post-test measures, demonstrated progress toward an educational goal sustaining progress of education or social goals and objectives as documented in a Student Educational Plan (SEP). If a waiver is granted, its duration should not exceed one academic year and would normally be of one semester’s duration.

Students enrolled in one or more courses of English as a Second Language (ESL) or students identified by the district as having a learning disability are exempt from the 30-semester-credit limitation (California Education Code Title 5, Section 55756.5).

Scholastic Honors

Academic Honor List
Students who enroll and complete 12 or more credits and earn a 3.25 grade point average with no grade lower than a “C” will be placed on the Academic Honor List. The student’s academic record at Cuesta College will be annotated to reflect this achievement. The achievement is posted under the qualifying semester on the student’s academic transcript.

Students in the Registered Nursing Program may make the Academic Honor List using the criteria listed above; however, due to the number of contact hours in this program, an R.N. student will be considered when enrolled in 11 or more credits.

Graduating With Honors
Students who meet the requirements for graduation with a cumulative grade point average of 3.5 to 3.74 qualify for honors recognition.

The graduation grade point average is based on all degree applicable coursework completed at all postsecondary institutions through the term degree requirements are completed. This acknowledgement is posted on the student’s diploma and on the academic transcript. Students receiving honors are recognized at commencement with a green cord.

Graduating With High Honors
Students who meet the requirements for graduation with a cumulative grade point average of 3.75 to 4.0 qualify for high honors recognition. The graduation grade point average is based on all degree applicable coursework completed at all postsecondary institutions through the term degree requirements are completed. This acknowledgement is posted on the student’s diploma and on the academic transcript. Students receiving high honors are recognized at commencement with a white cord.

Alpha Gamma Sigma (AGS) Honor Society
Alpha Gamma Sigma (AGS) is a state-wide community college student honor society with the purpose of fostering, promoting, maintaining, and recognizing scholarship. In addition, AGS members develop character and civic responsibility through service to AGS, the college, and the community. The Gamma chapter at Cuesta College provides its membership scholarship opportunities, social activities, and leadership-building skills. Membership is based on grade point average. More information may be obtained from the Student Life and Leadership Office. Recognition of AGS membership is posted on Cuesta transcripts. Students with AGS membership are recognized at commencement with a gold cord.

Service Animals
There is a San Luis Obispo County Community College District policy to provide regulations regarding the use of service animals on District property, to comply with ADA Regulations; and to ensure that an individual with a verifiable disability, visual or not, who needs a service animal may participate in and benefit from District and College services, programs, and activities. For the complete policy, see http://academic.cuesta.org/president/2008BP/BP7000/7985.pdf
Sexual Assault
Cuesta College is committed to maintaining a safe campus, a campus free of violence and the threat of violence. All persons who come onto the campus or onto any facility maintained by the college are expected to treat others with respect and consideration.

Cuesta College will not tolerate any physical or sexual assault or threat of assault, including acquaintance rape, on its campus or at facilities maintained by the college. Where there is probable cause to believe that the college’s regulations prohibiting sexual assault have been violated, the college will pursue vigorous investigative action through its own channels. Disciplinary actions include the possibility of suspension or dismissal from the college.

A student or employee charged with sexual assault can be prosecuted under California penal code statutes and disciplined under the college’s Code of Student Conduct and board policy. Even if the criminal justice authorities choose not to prosecute, the college can pursue student disciplinary action.

Cuesta College is committed to doing everything within its power to prevent sexual assaults from occurring and disciplining assailants when rape or other assault occurs on campus property or at college-sponsored events, and to provide prompt and compassionate services to students, faculty and staff who are raped or otherwise sexually assaulted. The college is further committed to ensuring that students, faculty, and staff are not adversely affected for bringing forward a charge of rape or sexual assault.

In order to provide a safe environment for students, faculty, staff, and guests, the college has established a multifaceted program composed of response procedures, prevention and education guidelines, services for victims, and sanctions.

Sexual Harassment
The policy of the San Luis Obispo County Community College District is to provide an educational and employment environment free from unwelcome sexual advances, requests for sexual favors, verbal or physical conduct or communications constituting sexual harassment. Employees, students, or other persons acting on behalf of the District who engage in sexual harassment as defined in this policy or by state or federal law shall be subject to discipline, up to and including discharge, expulsion, or termination of contract.

Definition
“Sexual harassment” means unwelcome sexual advances, requests for sexual favors, and/or physical conduct of a sexual nature, made by someone from or in the workplace or in the educational setting, and includes but is not limited to:

1. Making unsolicited written, verbal, physical, and/or visual contacts with sexual overtones. (Examples of sexual harassment which appear in a written form include, but are not limited to: suggestive or obscene letters, notes, and invitations. Examples of verbal sexual harassment include, but are not limited to: leering, gestures, display of sexually aggressive objects or pictures, cartoons, or posters.)
2. Continuing to express sexual interest after being informed that the interest is unwelcomed.
3. Making reprisals, threats of reprisal, or implied threats of reprisal following a rebuff of harassing behavior. The following are examples of this type of sexual harassment within the work place: implying or actually withholding grades earned or deserved; suggesting that a poor performance evaluation will be written; or suggesting that a scholarship recommendation or college application will be denied.
4. Engaging in explicit or implicit coercive sexual behavior within the work environment which is used to control, influence, or affect the employee’s career, salary, and/or work environment.
5. Engaging in explicit or implicit coercive sexual behavior within the educational environment that is used to control, influence, or affect the educational opportunities, grades, and/or learning environment of a student.
6. Offering favors or educational or employment benefits, such as grades or promotions, favorable performance evaluations, favorable assignments, favorable duties or shifts, recommendations, reclassifications in exchange for sexual favors.

Retaliation
It is unlawful for anyone to retaliate against someone who files a sexual harassment or other unlawful discrimination complaint, who refers a matter for investigation or complaint, who participates in an investigation of a complaint, who represents or serves as an advocate for an alleged victim or alleged offender, or who otherwise furthers the principles of this unlawful discrimination policy.

Procedures
Procedures for investigating complaints shall be the same as those outlined in Board Policy 1565 Unlawful Discrimination Grievance

Summary of Your Rights to Seek an Information Resolution
(This is only a summary; please see Board Policy 1565, 1570 and 1575)

1. You have the right to request that the charges be resolved informally, at which time the District will undertake efforts to informally resolve the charges. To start the informal resolution process, please contact the Executive Director of Human Resources and Labor Relations in the administration building, room 8003, or by phone at (805) 546-3129.
2. You do not need to participate in informal resolution;
3. You have the right to file a formal complaint (see below for the procedure in doing so);
4. You will not be required to confront or work out
problems with the person accused of unlawful discrimination;

5. Students may file a non-employment-based complaint with the Office for Civil Rights of the U.S. Department of Education (OCR) where such a complaint is within that agency’s jurisdiction.

If your complaint is employment-related, you may file a complaint with the U.S. Equal Employment Opportunity Commission (EEOC) and/or the California Department of Fair Employment and Housing (DFEH) where such a complaint is within that agency’s jurisdiction.

Purpose of the Information Resolution Process
The purpose of the informal resolution process is to allow an individual who believes she/he has been unlawfully discriminated against to resolve the issue through a mediation process rather than the formal complaint process. Typically, the informal resolution process will be invoked when there is a simple misunderstanding or the complainant does not wish to file a formal complaint. An informal resolution may require nothing more than a clarification of the misunderstanding or an apology from the respondent and an assurance that the offending behavior will cease. You will be notified of the proposed informal resolution proposed by the District.

If you pursue the informal resolution process, you should note the following important points:

1. You will need to sign a document which indicates that you have selected the informal resolution process.

2. The District will complete its investigation within the time required by Board Policy 1565 unless you voluntarily rescind your complaint prior to completion.

3. Selecting the informal resolution process does not prevent you from later deciding to file a formal complaint (subject to all of the rules for filing a formal complaint). For example, if you are not satisfied with the outcome of the informal resolution process (including the District’s proposed resolution), you may elect to file a formal complaint.

Smoking / Non-Smoking
The Board of Trustees of the San Luis Obispo County Community College District is committed to promoting a tobacco-free environment. Effective January 1, 2004, the following regulations are applicable to employees, students, and the public; and shall be implemented on District sites.

1. Smoking any form of tobacco or non-tobacco products is permitted only in designated areas of District property.

2. Designated areas shall be identified by prominent signage.

3. Smoking is prohibited in District vehicles.

4. The District shall make available to employees and students through the District Health Services a referral list of treatment centers for smokers, and other information on smoking that may assist individuals who wish to stop using tobacco products.

5. Communication of this policy/regulation shall be by means of prominently displayed “No Smoking” signs, notices in the College schedule of classes, catalog, web site, and distribution of the policy/regulation to students and employees.

6. Enforcement of this policy/regulation shall be in accordance with established procedures for enforcement of other regulations.

Speech, Time, Place, and Manner
Speech and Advocacy
• General Principle: Students and the general public have the right of free expression, advocacy, and action except to the extent that it interferes with, obstructs, interrupts, or detracts from the operation of the college or the promotion of its educational or community objectives.

• Time, Place, and Manner Regulations: The time, place, and manner of exercising speech and advocacy within the limits described in the General Statement shall be subject to prior approval by the Vice President of Student Services or designee. To be approved, an activity will require orderly conduct, non-interference with college functions or activities, and identification of sponsoring groups or individuals, and shall provide for one or more open discussion areas. The Vice President of Student Services or designee shall provide reasonable protection to persons on campus against practices that would make them involuntary audiences.

• Non-college Speakers: Registered student organizations may invite non-college speakers to address meetings on campus only upon prior notification and approval of the Superintendent/President or designee, who may deny the use of available college facilities if the meeting is deemed to be incompatible with the educational objectives and established policies of the college. Individual students or student groups which have not qualified as registered student organizations may not invite non-college speakers to address meetings on campus.

• Whenever the Vice President of Student Services or designee considers it appropriate in furtherance of educational objectives and established policies, the following may be required:
  a. That the meeting be chaired by a person approved by the Vice President of Student Services or designee; and/or
  b. That the speaker be subject to questions from the audience.

Beyond this, the student may be subject to disciplinary action as determined by the Vice President of Student Services or designee. An appeals process is available to the student through the office of the Vice President of Student Services. It is recommended that the faculty member report any acts of academic dishonesty to the Vice President of Student Services or designee.

Students in the Associate Degree Nursing Program Code of Conduct
The Board of Trustees determines that the following policies govern the participation of alcohol- or drug-impaired students in the Associate Degree Nursing Program.

1. The nursing program, in addition to offering an academic program, includes clinical course work. The safety of patients under the care of student nurses must be assured. The instructor and the Director of Nursing Programs may take immediate corrective action to remove a student impaired by alcoholism or drug abuse from the clinical program if the student demonstrates by his/her conduct and performance in the clinical setting that he/she is a danger to the health and safety of patients under his/her care.

2. After evaluation and due process, students considered by the Director of Nursing Programs to be impaired by drugs or alcohol will be allowed to continue their studies, including clinical course work, as long as they are adhering to the provisions of a contract between the college and the student for the student’s retention.

3. Information on the student’s condition is confidential and will not be disclosed except when necessary to protect the safety of patients under the care of student nurses.

4. An individual contract of retention will be developed by the student, rehabilitation therapist, and the Director of Nursing and shall specify:
   a. That the student must participate in an approved drug or alcohol treatment and rehabilitation program for the duration of his/her nursing program studies.
   b. That evidence of satisfactory attendance and progress will be provided to the college on a regularly scheduled basis.
   c. That the student will consent to periodic random drug screening as part of the treatment and rehabilitation program.
   d. That the impaired student will give all medications under direct supervision and that the student will not have access to keys to medications.
   e. That if the student fails to adhere to the conditions of the contract for retention, the same procedure will be followed as with any other student on probation; the circumstances of the violation will be reviewed by the nursing faculty as a whole; and recommendations for the retention or dismissal will be made to the Director of Nursing Programs, who will then make the decision after advising the Vice President of Student Services.

5. Information on the student’s dismissal from the nursing program will be reported to the Board of Registered Nursing when such information is requested by the Board.
of Registered Nursing.

Student Responsibility
All students attending Cuesta College, on campus or at off-campus sites and when representing Cuesta College in any off-campus activity, assume an obligation to conduct themselves in an acceptable manner compatible with the Student Code of Conduct and Academic Honesty Regulations, and the Student Computer Technology Access Agreement. Specific rules and regulations, and applicable penalties for violation of the Student Code of Conduct (California Education Code Title V, sections 66300, 76030, and 76033), are provided in this section. Each student has the responsibility to be aware of college regulations.

Scope of Application
These rules apply to all actions of students of the college on district property and at all activities sponsored by the college or registered student organizations, whether occurring on or off the campuses or other instructional sites.

2. Censure: Written reprimand for violation of specified regulation.
3. Disciplinary Probation: Exclusion from participation in privileges or extracurricular college activities as set forth in the notice of disciplinary probation for a specified period of time.

8. Expulsion: Permanent termination of student status without possibility of readmission.

B. Administration of Discipline:
1. A student(s) may be disciplined for improper conduct when such conduct is a part of any college activity.
2. The Vice President of Student Services or designee may appoint faculty, student, individual, or committee advisors, to consider potential disciplinary action, but the Vice President of Student Services has the final authority for administration of student discipline except that expulsion requires approval by the Superintendent/President of the college.
3. The Vice President of Student Services or designee may impose any discipline provided herein when there is reason to believe that substantial grounds exist for such discipline.
4. During the term of any discipline which does not terminate student status, students continue to be subject to District policies, regulations, and procedures.
5. Pre-discipline conference/notice: Students charged with misconduct shall be provided with written notice to meet with the Vice President of Student Services or designee regarding the basis for possible disciplinary action. The notice must be given at least twenty-four (24) hours prior to the scheduled appointment.
6. The meeting with the Vice President of Student Services or designee should include:
   • A written statement of charges to the student(s);
   • A reasonable opportunity at the meeting for the student(s) to personally answer the charges;
   Following the meeting, the student(s) shall either accept the disciplinary action, if any, or within forty-eight (48) hours (two school days) following receipt of the written notice of proposed disciplinary action, file at the office of the Vice President of Student Services or designee a written notice of intent to appeal to the Student Conduct Appeals Committee.

C. Appeal
Level I
   • The student(s) shall file with the Appeals Committee, within twenty-four (24) hours (one school day) following filing of a notice of intention to appeal, a specific written response to each of the charges. Any charge to which the student(s) does not respond shall be deemed to be true.
   • The Appeals Committee shall include a hearing officer appointed by the Superintendent/President, administrator (Vice President of Student Services may not serve), faculty member appointed by the Academic Senate, and a student representative appointed by the Associated Students of Cuesta College.
   • A meeting of the Appeals Committee shall be convened not earlier than twenty-four (24) hours after submission of the student’s response to the charges, to hear the appeal and to make a decision in the case.
   • The hearing before the Appeals Committee is not a judicial proceeding. The Appeals Committee recognizes the student’s right to a fair opportunity to hear the charges and evidence in support thereof, the right to present oral and documentary evidence on his/ her behalf, the right to present a written argument on conclusion of the hearing, and the right to have an accurate copy of the minutes of the hearing furnished to the student.
• The Appeals Committee shall submit its decision to the student within ten (10) working days of the hearing.

Level II
• Within twenty-four (24) hours (one school day) after receiving the decision of the Appeals Committee, the student(s) may appeal the decision in writing to the Superintendent/President. Such appeal may be based only on the grounds that:
  • Required procedures have not been followed and the student(s) has/have been demonstrably damaged;
  • There is insufficient evidence to support the decision of the Appeals Committee;
  • One or more members of the Appeals Committee have, prior to the hearing, formed an opinion as to whether the student(s) has/have or has/have not committed the acts with which charged; and must include all supportive evidence.
  • The Superintendent/President will evaluate the evidence and submit findings in writing to the student within fifteen (15) working days after receiving the appeal.

Level III
• Every student has the final right of appeal to the Board of Trustees when dismissal or expulsion has been imposed.
  • A final written appeal may be made to the Board of Trustees within thirty (30) working days of the written response of the Superintendent/President. The Board will evaluate the evidence and render its decision within thirty (30) days of the initial meeting of the Board at which the matter is discussed.

Students have the right to pursue their complaint after completing the above complaint process with the California Community Colleges Chancellor’s Office (CCCCO). CCCC0 provides students and others with a method and process outside of the institution that takes, investigates and responds to complaints regarding the institution. The link to the CCCC0 process and form is http://californiacommunitycolleges.cccco.edu/ComplaintsForm.aspx. CCCC0 has provided this disclosure in compliance with the requirements of the Higher Education Act of 1965, as amended, as regulated in CFR 34, Sections 600.9 (b) (3) and 668.43(b).

STUDENT GRIEVANCE PROCEDURE
A grievance shall mean a complaint that is non-disciplinary and is other than one dealing with civil rights discrimination,* which has been filed by a student or by a student’s designee on his/her behalf. The primary purpose of the following procedure is to secure at the earliest level possible an equitable solution to a complaint.

LEVEL 1.
The student should contact in person the Vice President of Student Services (or designee appointed by the Vice President of Student Services) and present his/her complaint. If the grievance is not resolved, the student can submit to the Vice President of Student Services (or designee) a written appeal for further consideration. (Time limit: ten calendar days from the date of appointment with the Vice President of Student Services, or designee.)

LEVEL 2.
A Student Appeals Committee, made up of three faculty and three student members jointly appointed by the Vice President of Student Services (or designee), and the ASCC President, then will be convened within ten calendar days after receiving the appeal and will submit its finding to the student in writing within an additional ten days. If the complaint is not resolved, a written appeal can be filed by the student to the President/Superintendent within ten calendar days. When a grievance involves the Vice President of Student Services (or designee) (Level 1) and/or the Associated Students Cuesta College (ASCC) President and the Vice President of Student Services (or designee) (Level 2), those responsibilities listed above for these two positions at Levels 1 and 2 shall be assumed by the Superintendent/President (or designee appointed by the Superintendent/President) of the District.

LEVEL 3.
The student will appeal in writing with all supportive evidence to the President/Superintendent (or designee) who will evaluate the evidence and submit his/her finding in writing to the student within ten calendar days after receiving the appeal.

LEVEL 4.
A final written appeal may be made to the Board of Trustees within thirty calendar days of the written response of the Superintendent/President (or designee). The decision of the Board will be given within thirty calendar days of the initial meeting at which the complaint is discussed.

*When a student has a complaint which involves (1) sexual harassment; (2) civil rights discrimination on the basis of ethnicity, race, national origin, religious beliefs, age, gender, color, physical or mental disabilities, veteran status, sexual orientation or sexual identity, or marital status, or (3) retaliation for filing a sexual harassment or other unlawful discrimination complaint, referring a matter for investigation, participating in an investigation of a complaint, serving as an advocate for an alleged victim or alleged offender, or who otherwise furthers the principles of the District’s unlawful discrimination policy (Policy 1565) and the nondiscrimination in district college programs policy (Policy 1570), then the matter is to be referred to the Executive Director of Human Resources and Labor Relations as such matters are to be handled pursuant to Policy 1565 (unlawful discrimination) and Policy 1570 (nondiscrimination in district college programs) and not as a student grievance.

STUDENT COMPLAINTS
A student should initiate a complaint directly with the appropriate individual indicated on the Student Complaint Referral Grid. Please refer to myCuesta website for current referral grid: (http://academic.cuesta.edu/vpss/Student_Complaint_Grid.pdf). The student complaint grid indicates the sequence of opportunities for resolving student
complaints. If a student is not satisfied with the solution posed through the Student Complaint Referral Grid, the student should make an appointment with the Resolution Specialist in the Vice President of Student Services office or designee to evaluate the next steps which may be the filing of a formal grievance.

The Vice President of Student Services or the Executive Dean serve as a clearing-house for students dissatisfied with an experience on campus, who may not be knowledgeable about the appropriate steps to take, or the protocol to follow regarding a complaint. An initial meeting between the Vice President of Student Services or designee and the student may result in a referral to the appropriate individual.* The Vice President of Student Services or Executive Dean will contact the individual to whom the student is being referred to facilitate resolution.

*While it is recognized that the grid represents the ideal sequence of opportunities for resolving student complaints, it is understood that when actual situations arise, the parties involved will use their best judgment regarding complaint resolution depending upon the availability of personnel and the immediacy of the problem.

Student complaint grievances

The next step beyond the complaint process may be the filing of a formal grievance depending upon the nature of the complaint.

A complaint is grievable if it is non-disciplinary and involves the process, application, or interaction of school policy—in other words, how something was done or processed. In general, a complaint is not grievable if it involves the content of existing policy.

For specific information regarding the Student Grievance Procedure, refer to Cuesta College Board Policy 6205.

Student Organizations

1. Registration of Student Organizations: An organization in which active membership is limited to students and academic and administrative staff of the college may become a registered student organization by complying with the registration procedures established by the Associated Students of Cuesta College and the Vice President of Student Services, which shall include the name of the organization, can include the name of Cuesta College, its purposes, its officers, and such other information as may be specified in campus regulations.

2. Standard of Conduct and Discipline: Student organizations are required to comply with college policies and campus regulations and are subject to revocation of registration or other discipline for violation of such policies or regulations.

3. Use of College Name: A student organization may use the name of Cuesta College, or abbreviations thereof, as a part of its own name approved in accordance with 1 above. A registered student organization may state that its membership is composed of students or students and staff of Cuesta College but shall not indicate or imply that it is acting on behalf of the college.

4. Use of College Facilities by Student Organizations: Registered student organizations may use college facilities for meetings and activities in accordance with Board Policy 7850 Use of College Facilities. The Vice President of Student Services or designee may grant approval for fund raising, recruiting participants, posting and distributing literature. Registered student religious organizations shall be extended the same privileges as other registered organizations, except as limited by federal and state law.

5. Taking Positions on Issues: Registered student organizations may take and publish positions on issues, and shall make it clear in so doing that they are not representing the views of the college or of the student government or of the student association as a whole.

Transcripts from Cuesta College

A written or electronic request by the student is required to release transcripts.

Transcripts ordered electronically will be mailed within 2-4 working days from the date of request in most cases. An electronic notification will inform the student of the status of their transcript order and notify them of any holds. The fee for the electronic transcript request is $6.00 per copy. Transcripts ordered in-person will be mailed within 2-3 weeks and cost $3 per copy after the first two free copies. Unofficial transcripts are available for viewing and printing through myCuesta on the Cuesta College website. Access to myCuesta requires the student identification number and password. Transcripts will not be produced for students who have a hold on their records.
DEGREES, CERTIFICATES AND TRANSFER PLANNING
ASSOCIATE DEGREES AND CERTIFICATES

Students wishing to receive an associate degree or certificate must complete the Cuesta College Associate Degree Application or Certificate Application in order for the Evaluations Office to perform an official final evaluation of the student's record for completion of requirements. Students must be within two terms of completing requirements before the application will be accepted, and should consult with a counselor for verification. The applications are available on the Office of Admissions and Records' website and in the Student Services Center at all campus locations. See “List of Degrees and Certificates”.

Degrees and certificates are awarded two to three months after the completion of the term in which requirements were met. Posting dates reflect the final date of the traditional semester or session in which the requirements were completed (certain exceptions may apply).

Degree candidates are encouraged to participate in the Cuesta College Commencement Ceremony which takes place each May on the San Luis Obispo campus. Commencement information is available on the Evaluations Office website or in the Commencement Channel in myCuesta.

Catalog Rights

A student who satisfies the following definition of attendance will follow the Cuesta College curriculum for degrees and certificates in effect:

- at the time the student began attendance at a California Community College, California State University, University of California, or other regionally accredited college or university; or
- as outlined in a subsequent Cuesta College catalog

“Attendance” means attendance in at least one semester or two quarters each academic year. A student who misses two consecutive semesters, or three quarters in an academic year, excluding summer school, will lose catalog rights. In that case, the student must follow (1) the Cuesta College catalog that coincides with the student’s date of re-enrollment in a regionally accredited college or university or (2) a subsequent Cuesta College catalog. A total withdrawal in a semester does not constitute a one-semester break in enrollment when “Ws” are posted on the student record. Campus authorities may authorize or require substitutions for discontinued courses in certificate or degree programs.

Residency credit requirements for degree, certificate, GE certification and application of alternative education credit

Residency credit does not refer to whether or not a student is a resident of the State of California.

Residency credit is defined as credits earned while in residence at the campus granting the degree, certificate, general education certification, or application of alternative education credit.

Credit that does not satisfy the residency credit requirement:

- Advanced Placement
- Credit-by-Exam
- Military
- Other alternative education credit

Residency credit required for the awarding of Cuesta College degrees, certificates and general education certifications:

- CSU GENERAL EDUCATION CERTIFICATION - Minimum of one course (at least three semester credits)
- IGETC (Intersegmental General Education Transfer Curriculum) – Minimum of one course (at least three semester credits)

Residency credit required for the application of alternative education credit:

- CREDIT-BY-EXAM – Minimum 12 semester credits with “C” average work
- ADVANCED PLACEMENT – Minimum 12 semester credits

A.A. for Transfer and A.S. for Transfer
California Community Colleges offer the Associate
Degrees for Transfer to the CSU. This includes Associate
in Arts (AA-T) and Associate in Science (AS-T) degrees.
These degrees are designed to provide a clear pathway
to a CSU major and baccalaureate degree. California
Community College students who are awarded an AA-T
or AS-T degree are guaranteed admission with junior
standing in the CSU system and given priority admission
consideration to their local CSU campus or to a program
that is deemed similar to their community college major.
This priority does not guarantee admission to specific
majors or campuses.

Students who have been awarded an AA-T or AS-T are
able to complete their remaining requirements for the
120-credits baccalaureate degree within 60 semester or 90
quarter credits.

To view the most current list of Cuesta College
Associate Degrees for Transfer and to find out which
CSU campuses accept each degree, please go to www.
californiacommunitycolleges.cccco.edu/Students/
AssociateDegreeforTransfer.aspx. Current and prospective
community college students are encouraged to meet with
a counselor to review their options for transfer and to
develop an educational plan that best meets their goals
and needs.

Requirements:
(1) Completion of 60 semester credits or 90 quarter
  credits that are eligible for transfer to the California
  State University, including both of the following:
  (A) The California State University General Education
      Breadth Requirements (CSU GE) or the
      Intersegmental General Education Transfer
      Curriculum (IGETC), and
  (B) A minimum of 18 semester credits or 27 quarter
      credits in a major or area of emphasis, as
determined by the community college district.
(2) A minimum overall grade point average of 2.0.
(3) A “C” or better grade in all courses required for the
    major or area of emphasis; a “P” (Pass) grade is not an
    acceptable grade for courses in the major. External
    exams such as Advanced Placement, etc. are not
    subject to this grade restriction.

Student pursuing the Associate Degree for Transfer are
also required to complete a minimum of 12.0 credits in
residence at Cuesta College.

Consult with the Cuesta College Transfer Center for
mandatory application, evaluation and notification
deadlines.

Important Information for Transfer-bound Students
Earning an associate degree may not guarantee transfer
readiness into a particular CSU or UC campus or major.
Consult with an academic counselor for details and a
thorough evaluation of your transferable credits, grade
point average, and lower division major preparation.

Required Records for Degree Evaluation
Cuesta College incorporates all associate degree
applicable coursework from all regionally accredited
institutions attended, into overall totals for the degree.
Official transcripts are required from all post secondary
institutions attended. Incomplete or missing transcripts
and other records will cause the degree to be denied.
Official documentation is required for Advanced Placement scores and other sources of alternative education.

Any foreign credentials must be independently evaluated and the official independent evaluation submitted to the Evaluations Office. Academic Credentials Evaluation Institute, Inc. (ACEI) is the preferred provider for independent evaluation of foreign credentials (http://www.acei1.com), and a “comprehensive” evaluation is required.

CUESTA GENERAL EDUCATION

General education is a coherent pattern of courses intended to serve three purposes: Taken as a whole, the program is intended to strengthen students’ essential intellectual skills; broadly introduce students to the core concepts and methods of the major disciplines; and prepare students to lead enriched lives in our multicultural society. General education courses are distinguished from those required for a major or allowed as freely chosen electives. Courses in the general education category are “general” in two senses: independently, they survey the core concepts and methods of the discipline in which they are included; and they point, where possible, to the influences and contributions of the discipline to other disciplines, culture, human history and our quest to understand our universe.

Through this program, students will acquire the ability to think and communicate clearly and effectively both orally and in writing; to use mathematics and other symbolic systems; to understand the modes of inquiry of the major disciplines; to appreciate the structures and processes of the natural environment; to be aware of other cultures and times; to achieve insights by thinking about ethical and social problems; to understand and appreciate the history of US culture and its governing institutions.

OVERARCHING GENERAL EDUCATION OUTCOMES

Upon completion of the general education course pattern, in addition to the area-specific outcomes, students should be able to:

• identify, explain, and analyze the core concepts and methods of the major discipline in which the course is included;

• identify, explain, and analyze the influences and contributions of the specific discipline to other disciplines, cultures, human history, and our quest to understand the universe.

• organize, integrate, and critically analyze information within the course, using these skills to generate and evaluate alternative perspectives; and

• prepare students to live enriched lives in our multicultural society.

AREA A: PHYSICAL AND LIFE SCIENCES

After successfully completing courses in this category, students will:

• demonstrate understanding of the scientific method and its role in research, analyze problems in a structured way, and develop and employ strategies for solutions using scientific principles.

• demonstrate understanding of the empirical bases for current scientific theories, how those theories develop and change, and how they explain the natural world.

• appreciate the influence of scientific knowledge on the development of civilization.

AREA B: SOCIAL AND BEHAVIORAL STUDIES

After successfully completing courses in this category, students will:

• demonstrate understanding of the theories and be able to employ and evaluate the methods of social science inquiry.

• use this knowledge to develop a capacity for self-understanding and to understand contemporary issues, conflicts, problems and their origins.

AREA C: ARTS AND HUMANITIES

After successfully completing courses in this category, students will:

• recognize the value of the great works of the human imagination in a broad context and understand their contribution to human culture.

• analyze and appraise cultural/artistic achievements in verbal and/or non-verbal forms.

Since language acquisition is a door to understanding the arts and humanities of other cultures, students who acquire second language skills also fulfill the category C requirement.

AREA D: ENGLISH AND MATH COMPETENCY REQUIREMENT

Competency in reading, written expression, and mathematics must be demonstrated. The reading and written expression competency requirement is satisfied by completing English 201A, or an equivalent college level writing course with a grade of “C” or better, from a regionally accredited institution.

The mathematics competency requirement is satisfied by completing Math 126B and 127 or a higher college level mathematics course, with a grade of “C” or better. Equivalent college level mathematics courses completed at regionally accredited colleges and universities are also acceptable.

(Note: Students who have been in attendance at Cuesta or any regionally accredited institution prior to Fall 2009 should see a Cuesta counselor to establish catalog rights regarding competency requirements.)

AREA D1: COMMUNICATIONS IN ENGLISH

After successfully completing this category, students will be able to:

• read and write effective expository and argumentative prose with a focus on inquiry as well as persuasion.
• read critically in order to comprehend the central ideas and rhetorical techniques in the assigned texts.
• demonstrate an ethical use of various rhetorical techniques in their written work.

HEALTH REQUIREMENT
After successfully completing this requirement, students will be able to apply a breadth & depth of knowledge that is inclusive of all the dimensions of health e.g., spiritual, environmental, social, mental & emotional, and physical. The scope and content of the health education course work this requirement provides the student with the knowledge and problem solving skills essential to evaluate health literature, analyze personal health risks and promote lifestyle choices. This preparation empowers the student to make relevant choices applicable to their genetic, environmental, and health risk factors that ultimately optimize mind/body/spirit health over a lifetime.
• Descriptive and discussion content of the major chronic diseases in the United States.

CAREER AND VOCATIONAL PROGRAMS

Cuesta College offers two types of academic programs with career and vocational emphasis: the Associate in Arts or Associate in Science degree and the Certificate of Achievement and/or Certificate of Specialization. These programs provide instruction in the skills and knowledge needed to enter or to make progress in an occupation. The student who wants to pursue a career/vocational oriented program must be eligible to enroll at Cuesta College.

The Associate in Arts or Associate in Science degree programs require completion of 60 degree applicable credits, including general education, health education, diversity and American Institutions coursework, in addition to the prescribed coursework in a specific discipline. (See A.A. for Transfer and A.S. for Transfer for certain exceptions). Refer to the “Associate Degrees and Certificates” section.

Career and vocational programs are developed by the college in close cooperation with advisory committees composed of representatives from business, industry and the college. These advisory committees review course content to make certain that the instruction and curriculum provide current skills, and recommendations are made to update the curriculum. In this manner students in these programs receive the most current information and skills to prepare them for employment in their chosen field.

Frequently a student’s educational goal will change. The college recognizes the mobility within our society and the necessity of changing education needs and goals. Therefore, students can switch between programs; without loss of credit.

Certificate programs require completion of a course or a series of courses. Typically, students who seek a certificate wish to complete a career program as quickly as possible to obtain employment. Many students complete the requirements for the certificate, attain employment, and return to Cuesta College to complete the additional requirements for an associate degree or requirements for transfer.

Courses listed in this catalog may not be offered each semester. Consult with a counselor or refer to the current class schedule.

Certificate of Specialization
Cuesta College shall grant a Certificate of Specialization to those students who have completed the requirements with a minimum grade of “C” in each course in a specialized area of study, have met residency requirements and apply for the certificate.

Certificate of Achievement
Cuesta College shall grant a Certificate of Achievement to those students who have completed the requirements with a minimum grade of “C” in each course in a specialized area of study, have met residency requirements and apply for the certificate.

EVALUATIONS, SUBSTITUTIONS, WAIVERS AND APPEALS

Degrees and certificates are awarded only after the Evaluations Office has conducted a final review of complete records and determined that all requirements have been met. Students should schedule regular appointments with a counselor to document progress, prior to submitting the degree or certificate application to the Evaluations Office.

In special circumstances, students may initiate a Substitution or Waiver petition through Counseling Services to request use of other coursework, etc. to meet major coursework requirements, or request a waiver of major coursework/credit requirements. Such petitions must receive final approval from the division chair/director and instructional dean and be on file with the Evaluations Office for final review.

Students may submit a Policy Appeal for Extenuating Circumstances to the Director of Admissions and Records when justified circumstances exist which may create an impediment to degree or certificate progress. Appeal issues range from and general education to Cuesta graduation requirements, etc. The Director’s decision is final.

Contact the Evaluations Office at (805) 546-3141 for information.

CREDIT FOR ALTERNATIVE EDUCATION

Cuesta College affirms that there is merit in awarding college credit for other than the traditional classroom experiences when those experiences represent learning that may be validated. Therefore, Cuesta College awards credit according to the policies stated below.

Advanced Placement Examination
Cuesta College recognizes the completion of College Board Advanced Placement Exams (AP), authorized by the College Entrance Examination Board (CEEB). Credit is awarded based upon the criteria established by the college. Advanced placement scores may be ordered by calling the College Board at (888) 308-0013.

Credit for Educational Training in the Military
For currently enrolled students, in good standing, who have completed at least 12 semester credits of “C” average work at Cuesta College, the college may grant up to 12 elective semester credits in accordance with the recommendations of the American Council on Education for educational training completed in the military service. Educational work completed through the United States Armed Forces Institute (USAFI) will also be accepted with no unit maximum. For more information contact the Veterans Resource Center.

Credit by Examination (Challenge of Courses)
Credit by Examination enables students to use their acquired knowledge, abilities and competencies to challenge certain existing courses for credit.

Petitions for Credit by Examination must be submitted
to the Admissions and Records Office no later than the Friday of the fourth week of the fall or spring semester or the Friday of the second week of summer session.

These requirements must be met in order to qualify for Credit by Examination:

- The course is listed in the catalog and appears on the list of classes posted on Cuesta website that may be challenged for that semester or session.
- The student has completed all prerequisites for the course.
- The student is duly registered, in good standing, and has completed at least 12 semester credits of “C” average work at Cuesta College. The student may not be on academic probation/dismissal or progress/dismissal.

The following restrictions apply per Cuesta College Board Policy R6400:

- A course may be challenged for a letter grade or on a pass/no pass basis if the course has an either/or grade option code.
- A maximum of 15 semester credits may be challenged.
- A course may not be challenged more than once.
- Credits received through a challenge may not be used to satisfy eligibility requirements for athletics, financial aid or veterans benefits.
- For courses that involve a lab, the examination will include a lab portion, studio portfolio evaluation or a similar demonstration of ability.
- Credits received through challenge may not be used to satisfy residency requirements.

For more information, refer to the “Petition for Credit by Examination” form available in the Admissions and Records Office.

Independent Studies

The option of Independent Study at Cuesta College provides an opportunity for an in-depth study or practicum experience by an individual student in a selected topic under the direction of an instructor. In order to qualify, a student must not be on academic probation, must be enrolled in another class in addition to the independent study course, and must have completed the prerequisite and preparatory course work. A student may not earn more than two credits for an independent study course in any term. To initiate independent study, a student should confirm through the Admissions and Records Office eligibility to enroll in an independent study course and should contact the appropriate academic division.

High School Career Education Articulation

Local high school students may receive Cuesta College credit for approved technical and vocational courses, through the San Luis Obispo County Tech Prep Articulation Agreement process. A specialized “Credit by Examination” process allows high school students to challenge the content and/or skill proficiency of specific courses, provided a valid Tech Prep articulation agreement between the student’s high school and Cuesta College is maintained. Each student must fill out a Cuesta College admission application online at www.cccApply.org and a “Permit to Enroll” form, and submit a transcript to the Cuesta College Records Office.

For more information, contact the Tech Prep Office at 805-546-3100 ext 2533.

Though earned at colleges and universities, continuing education courses are designed for personal enrichment or job advancement and may not be used.

College Level Examination Program (CLEP)

A passing score earned on the American Government CLEP exam is accepted by Cuesta College for credit toward Cuesta’s POLS 202, Government and Politics of the United States. Due to lab or performance requirements, Cuesta College does not accept credit for any other tests offered by the College Level Exam Program.

Non-Degree Applicable Credits

Non-degree applicable college courses are not used. Degree applicability is determined according to the catalog for the term in which course was taken.

Credits from Non-Accredited Institutions

Cuesta College only accepts course work from regionally accredited institutions.

Upper Division Course Work

Course credit from colleges and universities at the upper division level is not used (certain exceptions apply).

RELIGIOUS DOGMA COURSEWORK

Courses taken at a regionally accredited school with a religious affiliation cannot be used if the courses espouse the beliefs of that institution. Courses will be carefully reviewed.
TRANSFER TO THE CALIFORNIA STATE UNIVERSITY (CSU) SYSTEM

Cuesta College offers lower division (freshman and sophomore) courses to meet both major preparation and general education requirements for students planning to transfer to the California State University (CSU). Students are advised to check with Cuesta College Counseling Services for detailed information about specific campus, major, and general education requirements.

Minimum requirements for transfer as an upper division student to the CSU

- Complete 60 semester (90 quarter) transferable credits.
- Complete at least 30 semester (45 quarter) credits of general education courses with at least “C” grade or better:
  - Oral Communication (Area A1 of the CSU GE-Breadth)
  - Written Communications (Area A2 of the CSU GE-Breadth)
  - Critical Thinking (Area A3 of the CSU GE-Breadth)
  - Mathematics (Area B4 of the CSU GE-Breadth)
- Attain a grade point average of 2.0 or better (2.40 for non-California residents) in all transferable college units attempted. (Note that a higher GPA is required for most CSU campuses.)
- Stay in good academic standing at the last college or university attended prior to transfer (e.g. eligible to re-enroll at that college or university).

Completion of General Education (CSU GE-Breadth)

The CSU requires completion of 48 lower division credits of general education for graduation, 39 of which may be certified by Cuesta College. Courses taken to fulfill Areas A1, A2, A3, and B4 of the CSU GE pattern must be completed with grades of “C” or better, to meet minimum CSU admission requirements. It is strongly recommended that students complete all or most of their CSU GE as part of their minimum 60 credits required for transfer. Students who complete the CSU GE pattern prior to transfer will not be held to additional lower division GE requirements after transfer. The CSU also accepts the Intersegmental General Education Transfer Curriculum (IGETC) toward fulfillment of lower division general educations.

Prerequisites courses for the major

In order to be best prepared for upper division coursework, students are also advised to complete as much lower division preparation for their major as possible prior to transfer. Depending on the student’s major, some pre-major courses may also be listed as options on the CSU GE pattern, and thus can be double-counted. Major preparation information can also be found on the California statewide articulation website at www.assist.org.

Supplementary admission criteria/impacted majors

In the CSU, an undergraduate major or campus is designated as impacted when it receives more eligible applicants than either the campus or the major can accommodate. In such instances, the CSU campuses have been authorized to use supplemental admission criteria to screen applicants to these majors and/or campuses. Supplemental admission criteria may involve requiring specific course preparation in the major prior to transfer, and/or the attainments of a specific transferable GPA. Students are encouraged to meet with a counselor early to be advised about specific admission and selection requirements for their intended CSU campus.

GENERAL EDUCATION CERTIFICATION

Students must request their CSU GE Certification from Cuesta College by completing an Application for Certification, available in the Admissions and Records Office. (CSU GE certification by Cuesta is not automatic upon completion of the coursework.) To be fully certified, students must complete 9 semester credits in each of areas A, B, C, and D, and 3 semester units in Area E. Courses taken from other institutions will be included in the Certification as long as the course was appropriate for CSU GE placement at the institution at which it was taken. Counselors can assist with the CSU GE placement of courses taken from outside institutions.
## Fall 2013 CSU General Education Requirements

Courses approved for multiple areas cannot be double counted. Meet with a counselor each semester to ensure appropriate placement of courses.

CSU TRANSFER CREDITS REQUIRED

- 39 lower division General Education
- 21 program preparation (required by many campuses) or CSU transferable electives
- 60 transferable credits (minimum)

Please Note:
- You may transfer up to a total of 70 credits from Community College.
- 9 term credits of upper division General Education will be required at the CSU.
- Areas A1, A2, A3, and B4 are considered the “Golden Four” and must be completed with grades of “C” or higher. Note: High credit programs (i.e. Engineering) may not need Area A3 “Critical Thinking” prior to transfer.

CAMPUS REQUIREMENTS

- Foreign Language: Some campuses require foreign language for graduation. Certain programs may have a foreign language requirement. For specific requirements, consult university catalogs or a counselor.
- Multicultural/Ethnic Studies: Most CSU campuses have such a course requirement for graduation. Some campuses require that the course be upper division.
- Additional campus specific requirements: See counselor.

GENERAL EDUCATION CERTIFICATION

Certification refers to official notification from a community college that a transfer student has completed courses fulfilling CSU lower-division general education requirements. Certification will ensure that a CSU campus accepts all your courses in the areas in which the coursework is certified.

Full Certification is given to students who have completed all sections of the CSU General Education Pattern. Students must satisfactorily complete 39 lower-division term credits, distributed as follows:

- AREA A: 9 CREDITS: One course from each group: A1, A2, A3
- AREA B: 9 CREDITS: One course from B1, B2 and B4. One lab course required: B3 lab must be taken with or subsequent to corresponding course from B1 or B2
- AREA C: 9 CREDITS: Three courses to include at least one course from Arts (C1) and one course from Humanities (C2)
- AREA D: 9 CREDITS: Three courses must be selected from at least two different disciplines
- AREA E: 3 CREDITS: One course

Subject Area (partial) Certification can be granted for one or more completed area (A-E), as outlined above, if all sections of the CSU General Education Pattern have not been completed.

US History, Constitution and American Ideals Certification- All campuses require students to complete college-level coursework in US History, American and California Government. Most campuses allow double-counting of courses taken to meet G.E. and the American Institutions requirements for applicants who are either fully or partially certified. This requirement is met by completing History 207A or 207B and Political Science 202.

You must request certification from Admissions and Records Office during your last term at Cuesta College.
TRANSFER TO THE UNIVERSITY OF CALIFORNIA (UC) SYSTEM

The University of California gives high priority to transfer students from the California Community Colleges. Cuesta College students can become eligible for admission to the UC by meeting specific course and GPA requirements, and by meeting with a counselor early to be apprised of specific campus and major requirements and selection criteria.

The requirements described below represent the minimum academic standards students must attain to be eligible for admission to the University. Meeting the minimum requirements does not guarantee admission to a particular campus. Admission to the campus and program of choice often requires students to meet more demanding standards. See a counselor for more detail and information.

A transfer student, according to the University, is a student who has enrolled in a regular (fall, winter, or spring) session at a college or university following high school. A student who meets this definition cannot disregard his or her college record and apply as a freshman. A student who attends a college summer program immediately after graduating from high school or who has completed college work while in high school is still considered a freshman applicant.

Junior-level Transfer
The vast majority of transfer students come to the University at the junior level from California community colleges. In order to meet minimum UC eligibility criteria as a junior level transfer, students must fulfill the following criteria:

1. Complete 60 semester (90 quarter) units of UC transferable college credit with a GPA of at least 2.40 (higher for non-residents).
2. Complete either the Intersegmental General Education Transfer Curricula (IGETC) pattern, or, complete the following 7-course pattern, earning a grade of C or better in each course:
   - Two UC transferable college courses (3 semester or 4-5 quarter units each) in English composition.
   - One UC transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning;
   - Four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

Note that meeting minimum UC admission criteria is often not sufficient preparation to gain admission to most UC campuses.

Preparation for Transfer
1. Meet minimum eligibility for admission (see Admission Requirements listed above).
2. Prepare for upper-division study in the chosen major – transfer students should select a major and take courses that meet major requirements. In most cases, completing at least a portion of the major requirements is essential to gain admission to the major. Major preparation information is available at www.assist.org and Cuesta counselors are available to assist students in how to best prepare for their major.
3. Complete an appropriate set of general education course requirements and electives.

Transfer students have two options for fulfilling GE preparation for the UC, depending on the campus and major selected:

- IGETC – accepted by both the UC and CSU, is most helpful for students who know they want to transfer but have not yet decided upon a particular institution, campus or major.
- Campus-specific general education requirements of the college or campus they plan to attend. (see assist.org)

The UC Campuses are:
- UC Berkeley
- UC Davis
- UC Irvine
- UC Merced
- UC Los Angeles
- UC Riverside
- UC San Diego
- UC San Francisco (graduate only)
- UC Santa Barbara
- UC Santa Cruz

IGETC Certification Plan 2013-2014
For the University of California (UC) and California State University (CSU)

Completion of the Intersegmental General Education Transfer Curriculum (IGETC) with certification will permit a student to transfer to a UC or CSU campus without the need, after transfer, to take additional lower-division general education courses to satisfy campus-specific general education requirements. All courses taken for IGETC must be completed with a grade of “C” or better (or score of 3 or higher on AP tests). Grades of “C-” are not acceptable. The IGETC Certification must be requested by the student; applications are available in the Admissions and Records office. Pre-major courses may
also count towards IGETC; see a counselor for details. Cuesta College will “pass along” courses taken from other colleges and university into the IGETC pattern, as appropriate and based on the policies outlined in the IGETC Standards.

The IGETC is well suited for students planning majors in the Arts, Humanities, or Social and Behavioral Sciences. Students who intend to transfer into majors that require extensive lower-division major preparation, such as engineering and many of the physical and natural sciences, should concentrate on completing the pre-major prerequisites ahead of completion of the IGETC, to be most competitive for admission into these majors.

## General Education Requirements And IGETC (Interssegmental General Education Transfer Curriculum)

General Education courses are part of the requirements for a university degree. These are courses which are designed to give you an exposure to all major academic disciplines—natural sciences, physical sciences, social sciences, humanities, and the fine arts. Together, general education coursework and major course work make up a baccalaureate degree. Each campus within the California State University (CSU) and the University of California (UC) has its own unique general education pattern. However, students preparing to transfer to a CSU or UC often do not know which system they will attend. In order to facilitate the transfer of students from the California Community Colleges to the CSU and UC system, the IGETC was developed in 1991.

By completing the IGETC at a California Community College, you can transfer to a CSU or UC campus without the need, after transfer, to take additional lower-division, general education courses. The IGETC is most useful for students who know that they want to transfer to a CSU or UC, but who have not yet decided upon a particular system, campus, or major. It is also generally the most appropriate pattern for students who are choosing majors in the humanities, arts, or social sciences, as these majors generally have fewer lower division major requirements than majors in the sciences and engineering.

### Is the IGETC required to gain admission to a CSU or a UC?

No, the IGETC is not an admissions requirement to either system. The IGETC is a way for you to complete a general education pattern that is accepted by the CSU and UC, prior to transfer. Completing the IGETC does not guarantee admission to a particular campus or major. However, for certain colleges and majors, completion of IGETC can improve your chances of admission as a transfer student. Your counselor can help you determine if completing the IGETC is a good idea for you.

### The Importance of Major Preparation

Major preparation requirements specify the courses you must take to prepare for advanced (upper division) study in your particular major. Completion of major preparation should generally take precedence over completion of general education. Because transfer applicants are evaluated for admission, in part, on the basis of their performance in major preparation coursework, it is important that you investigate the requirements for your intended major as soon as possible. If your major requires mathematics and science, it is especially important that you complete those prerequisites before you transfer.

Your counselor can advise you about the specific major preparation requirements for the program you select, or you may research them in the General Catalog of the campus you plan to attend. You can visit the public articulation website at [wwwassist.org](http://wwwassist.org) for information about major preparation.

You should begin coursework in your major as soon as you have selected one. Lack of pre-major work may affect your eligibility for your major, particularly, if there are many applicants and a limited number of spaces.

### When is IGETC not a good choice?

Students who intend to transfer into a major that requires extensive lower division preparation, such as majors in the sciences or engineering may not be well served by completing IGETC.

### Do all CSU and UC campuses accept the IGETC?

While all CSU’s and most UC’s do accept IGETC, there are some majors on certain UC campuses which do not accept IGETC. A list of those Colleges can be found at: www.universityofcalifornia.edu/educators/counselors/admininfo/transfer/advising/igetc.html

### Is there a GPA requirement for IGETC coursework?

All courses applied to IGETC must be completed with a grade of "C" or higher. A grade of "Credit" or "Pass" may also be used if the community college’s policy states that it is equivalent to a grade of C or better.

### Can Advanced Placement Test Scores be applied to the IGETC?

Yes, an acceptable score ("3" or higher) on the Advanced Placement (AP) test can be applied to the IGETC. See a counselor for details.

### Must all IGETC coursework be completed at the same college?

No, courses taken at more than one community college, or from an accredited college outside of the California Community College system, may be used on IGETC, as determined by a counselor.

### Can a course be used to satisfy more than one IGETC subject area?

No, courses may only be used once even if they are listed in more than one subject area.

### Can a course be used both for IGETC and to satisfy a major prerequisite?

Yes. The University will allow courses to count toward both the IGETC and to also satisfy a lower division major requirement.

### Does the IGETC have to be fully completed prior to transfer?

It is strongly recommended that you complete IGETC in its entirety prior to transfer. Completion of IGETC (or a campus-specific general education pattern) may be a part of the transfer admission process for certain campuses and majors. However, a Partial Certification of the IGETC is allowed. Partial certification is defined as completing all but two (2) courses on the IGETC pattern. (Keep in mind that in general, the English and Math portions of IGETC must be completed to meet minimum admission requirements to the university so a student who is missing these courses may not be eligible to a CSU or UC). It is your responsibility to request a partial certification from your community college. Your community college will send the Partial IGETC Certification to the UC or CSU that you will be attending. The CSU or UC will then instruct you as to how you can complete the remaining courses on your IGETC.

### Who certifies that a student has completed the IGETC?

It is your responsibility to request an IGETC certification from your community college. Students who have completed coursework at more than one California Community College should have their coursework certified by the last college attended for a regular term (fall or spring) prior to transfer. You can request certification from a community college that is not your last school of attendance, but it is up to the discretion of that community college to certify.

ANTHROPOLOGY

DEGREES, CERTIFICATES & AWARDS
• Associate in Arts for Transfer (A.A.-T)

DESCRIPTION
Anthropology is an academic discipline that observes, describes and explains human biological and cultural variation. An undergraduate major in Anthropology prepares students for (a) graduate studies and an academic career in Anthropology, (b) graduate studies and an academic career in related disciplines within the humanities and life sciences (e.g., religious studies, biology, sociology), and (c) careers in Applied Anthropology (Contract Archaeology, Medical Anthropology, Forensic Anthropology).

ASSOCIATE DEGREE AND CERTIFICATE PROGRAMS
The Associate Degree requires satisfactory completion of a minimum of 60 semester units with a C average or higher, including grades of C in all courses required for the major, and fulfillment of all district requirements for the associate degree along with all general education requirements. The degree provides a sound basis for transfer to upper division institutions for additional degrees or for higher vocational preparation. To be eligible to receive an Associate Degree the student must complete the requirements for the major, the District requirements for an Associate Degree, and the General Education requirements. In addition, students must maintain a minimum grade point average and meet the minimum grade requirements of their program.

CAREER OPPORTUNITIES
- Contract Archaeology
- Medical Anthropology

DESCRIPTION
Fine Arts is an academic division focusing on the skills and knowledge for the studio practice and study of art. CHEMISTRY

DEGREES, CERTIFICATES & AWARDS

• Associate in Science (A.S.)

DESCRIPTION

The Cuesta College Chemistry Program provides interesting and challenging opportunities for students who seek to learn about the atoms and molecules that comprise the building blocks of our world. The study of chemistry leads to a greater understanding of materials, medicine, engineering, forensics, environmental science, geology, and other related fields. Popular topics include the chemistry of the environment, batteries, fuels, household substances, polymers, and how chemists make the molecules that we use on a daily basis. The Chemistry Program offers courses in Introductory Chemistry (Chem 210FL and Chem 211) for beginning science and nursing and allied health majors; General Chemistry (Chem 201A and 201B) for science and engineering majors; and Organic Chemistry (Chem 212 A and 212B) for science majors and students who intend to earn professional health degrees at medical, pharmacy or veterinary schools. Students can earn an A.S. degree in Chemistry at Cuesta College, preparing them for transfer to four-year institutions or for employment in technical careers.

COMPUTER INFORMATION SYSTEMS

DEGREES, CERTIFICATES & AWARDS

- Associate in Science (A.S.)

DESCRIPTION

Computer Information Systems encompasses the fields of Computer Science and Information Systems. Primary fields of study include software development, programming, and applications. Careers in today’s information systems require knowledge and hands-on experience in microcomputer applications as well as programming. Professionals in the computing field seek to advance the fundamental understanding of how information is processed, as well as the practical design of software and hardware to accomplish specific functions. The Associate in Science degree requirements are designed to satisfy core requirements for many Computer Science and Information Systems transfer patterns. However, students should consult a counselor and especially the catalog of the intended transfer institution for specific transfer requirements in the major. The program in Computer Information Systems offers students an opportunity to earn an associate’s degree as well as coursework in general CIS electives for students in other fields of study campus-wide. The program also offers courses for high-demand skill areas such as mobile device development.

ASSOCIATE DEGREE AND CERTIFICATE PROGRAMS

The Associate Degree requires satisfactory completion of a minimum of 60 semester units with a C average or higher, including grades of C in all courses required for the major, and fulfillment of all district requirements for the associate degree along with all general education requirements. The degree provides a sound basis for transfer to upper division institutions for additional degrees or for higher vocational preparation. To be eligible to receive an Associate Degree the student must complete the requirements for the major, the District requirements for an Associate Degree, and the General Education requirements. In addition, students must maintain a minimum grade point average and meet the minimum grade requirements of their program.

Paramedic Program Admission Requirements

The Paramedic Program prepares graduates to take the Paramedic National Registry Licensure Examination (NREMTP) leading to licensure as a California Paramedic.

The Central Coast Paramedic Program at Cuesta College initially became accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) and earned approval by the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP) on July 25, 2008. Our program is due for accreditation renewal in 2018.

Students interested in applying to the Paramedic Program are strongly urged to consult an academic counselor prior to registering in prerequisite coursework.

All persons who meet Cuesta College’s admission requirements, additional pre-paramedic program admission criteria, and submit a paramedic program application are eligible for admission into the program.

Eligible applicants are admitted into the paramedic program by random selection from a pool of qualified applicants. The year-long program starts once a year in the fall.

Entrance requirements are subject to change. For most current information please refer to the Nursing and Allied Health Division webpage at http://academic.cuesta.edu/nursing/.

ENGINEERING

DEGREES, CERTIFICATES & AWARDS
• Associate in Science (A.S.)

DESCRIPTION
Cuesta’s Engineering program provides a foundation of mathematics, chemistry and physics courses necessary to transfer to a four-year institution and complete a bachelor’s degree in engineering. Students should consult the institution to which they wish to transfer for specific lower division requirements.

People working in the field of engineering and related technical fields “bridge the gap” between scientific principles and the application of these principles to the needs of society. An engineer uses experience and judgment, as well as advanced training in engineering, science, and mathematics, to formulate ideas and designs, and to determine standards, specifications, work orders and schedules so that projects can be economically beneficial to mankind. Engineering offers diverse and exciting job opportunities for people with mathematical, scientific, and technical skills.

ASSOCIATE DEGREE AND CERTIFICATE PROGRAMS
The Associate Degree requires satisfactory completion of a minimum of 60 semester units with a C average or higher, including grades of C in all courses required for the major, and fulfillment of all district requirements for the associate degree along with all general education requirements. The degree provides a sound basis for transfer to upper division institutions for additional degrees or for higher vocational preparation. To be eligible to receive an Associate Degree the student must complete the requirements for the major, the District requirements for an Associate Degree, and the General Education requirements. In addition, students must maintain a minimum grade point average and meet the minimum grade requirements of their program.

ENGLISH

DEGREES, CERTIFICATES & AWARDS

• Associate in Arts for Transfer (A.A.-T)
• Associate in Arts (A.A.)

DESCRIPTION

English is a discipline that trains students to read carefully and imaginatively, ask probing questions about complex material, and then answer those questions in coherent, persuasive prose—a combination of skills vital to any number of careers. Composition courses in English will provide the necessary skills to complete reading and writing tasks for students headed for the job market and for students transferring to four year institutions. Literature courses will equip students with the skills to engage the great works of the human imagination, reason complexly about those works, and respond in clear, organized, and compelling prose.

LEGAL STUDIES

DEGREES, CERTIFICATES & AWARDS

• Associate in Arts (A.A.)

DESCRIPTION

The Legal Studies Degree Program seeks to introduce the student to the field of legal studies along with its connection to and influence over closely related areas in the social sciences and business. The Legal Studies Degree Program emphasizes not only the nature of law and legal institutions, but the impact law and legal institutions have on politics, government, business, economics, different social groups, and society as a whole.

The Legal Studies Degree Program is designed to be an interdisciplinary program where the student, along with acquiring an introduction to the field of legal studies, may choose between the Legal Studies Business Emphasis Associate of Arts (AA) degree and the Legal Studies Social Science Emphasis Associate of Arts (AA) degree. Required and elective units in either the Business Emphasis path or the Social Science Emphasis path must be successfully completed along with the general education coursework required by Cuesta College in order to receive a Legal Studies AA degree from Cuesta College.

The Legal Studies Degree Program is designed for students wishing to transfer into four-year college degree programs by satisfying lower division requirements for transfer to baccalaureate programs in business administration, business economics, business law, management, managerial economics, pre-law, law and society, legal studies, or political science programs. A legal studies degree is also an excellent first step for students considering law school or other post-baccalaureate programs in the social sciences or business.

- Certificate of Specialization (C.S.)

DESCRIPTION

Cuesta College offers a mature and robust program in Library/Information Technology. The program has been in existence for four decades. Our online offerings allow students to proceed at their own pace. Students come from all parts of California. Ambitious students have completed our required core courses in two semesters. Four semesters is more typical. Students with heavy work and family responsibilities may take even longer.

This program is designed to train students to respond to the changing needs of information management in our society. Wherever there is information there is a need to have someone available to assist in organizing it, managing it, and getting it into the hands of those who need to use the information.

ASSOCIATE DEGREE AND CERTIFICATE PROGRAMS

The Associate Degree requires satisfactory completion of a minimum of 60 semester units with a C average or higher, including grades of C in all courses required for the major, and fulfillment of all district requirements for the associate degree along with all general education requirements. The degree provides a sound basis for transfer to upper division institutions for additional degrees or for higher vocational preparation. To be eligible to receive an Associate Degree the student must complete the requirements for the major, the District requirements for an Associate Degree, and the General Education requirements. In addition, students must maintain a minimum grade point average and meet the minimum grade requirements of their program.

The Certificate Programs are designed for students with personal or occupational goals who wish early employment, promotion or lateral transfer. To qualify for Certificate of Achievement or Certificate of Specialization, a student must satisfy the following requirements: (1) complete all courses listed for a particular Certificate, (2) achieve a “C” average (2.0 GPA) for all courses used to complete the Certificate and, (3) submit a Certificate Application form with Admissions and Records by the appropriate deadline(s) identified on the application.

NUTRITION

DEGREES, CERTIFICATES & AWARDS

• Certificate of Specialization (C.S.)

DESCRIPTION

The Cuesta College Nutrition program offers students a variety of interesting and challenging courses for students to learn about chemicals and nutrients in food and their effects on the human body and the world. The study of nutritional science contributes to preparing students for careers as nutritionists, registered dietitians (RD), food scientists, or other dietetics professionals. Cuesta College offers a Nutrition certificate that provides a broad foundation in a practical and personally applicable exposure to a variety of scientific areas of nutrition such as chemistry, biochemistry, microbiology, anatomy, physiology, and biology. Popular topics include microbial pathogens, environmental contaminants, nutrigenomics, macronutrient balance, energy metabolism, obesity, global issues, biochemistry of exercise, and micronutrient and phytochemical utilization. Students in the program learn how the scientific method and process contributes to nutritional requirements and how nutrients function from a cellular to more practical level, and then apply this knowledge to their own health. The program ultimately helps students understand the role of nutrition in disease prevention throughout the lifecycle and as an impact on society as a whole. The Nutrition program offers courses that meet college requirements in GE, Liberal Arts, and Diversity and offers courses in both face-to-face and Distance Education modalities.

COURSES OF INSTRUCTION
COURSES OF INSTRUCTION

In the following list of courses, the credit value of each course in semester credits is indicated by a number in parentheses after the course title.

Course descriptions followed by the notation (Transfer:…) indicate that the course is transferable to the California State University system, to the University of California system, or both. A student should contact a counselor to determine which courses are applicable to the student’s educational objective.

COURSE NUMBERING

000-099  Non-Degree Applicable and Non-Transferable
100-199  Degree Applicable and Non-Transferable
200-299  Degree Applicable and Transferable
500-599  Non-Credit Courses
700-799  Non-Credit ESL and Vocational ESL Courses

Special Topics (093/193) These are course offerings designed in specific disciplines to test new curriculum before adopting it as a part of an academic program. Course credit values range from 0.5 to 4.0 credits.

Independent Study (047/147/247) These courses are academic opportunities for students who are capable of independent work and demonstrate the need or desire for additional study, beyond the regular curriculum. These courses are not intended to replace existing courses in the discipline. In this course, students will have a written contract with their instructor for activities such as: preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals.

PREREQUISITE, COREQUISITE, ADVISORIES AND LIMITATIONS ON ENROLLMENT

The San Luis Obispo Community College District has adopted a policy in order to provide for the establishing, reviewing and challenging of prerequisites, corequisites, and advisories.

Definitions:

Prerequisite means a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program. Courses used to satisfy a prerequisite must be completed with a grade of “C” or better.

Corequisite means a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course.

Advisory means a condition of enrollment that a student is advised, but not required, to meet before or in conjunction with enrollment in a course or educational program.

Limitations on Enrollment means a condition of enrollment which may include the following:

- Auditions or tryouts for courses which include public performance and intercollegiate competition, such as a band, orchestra, theater, chorus, and intercollegiate athletics.
- Repeatable Courses
  A repeatable course is identified in the college catalog and online Class Finder as repeatable more than one time.
  A non-repeatable course is a course in the college catalog that is not identified as repeatable.
- Course Family Repeats
  Enrollment in active participatory courses in physical education, visual arts, or performing arts that are related in content (courses where individual study or group assignments are the means by which learning objectives are obtained) is limited to no more than four times maximum. This limitation applies even if a student receives a substandard grade or “W” during one or more of such a course or petitions for repetition due to extenuating circumstances.
  Cuesta identifies the following active participatory course families where enrollment is limited to a maximum of four (4) times within the repeat family group under the following conditions:
  - Equivalent courses are counted in the four (4) enrollment maximum.
  - Example: KINA 246 was formerly PEAC 286 (Yoga) so past earned grades and “W” for PEAC 286 count toward overall 4 enrollment maximum.
  - A course that is completed with a passing grade of “C” or higher may not be repeated within the family group.
  - A course where a substandard grade or “W” grade is earned may be repeated to earn a passing grade.
    - A student will be blocked from enrolling for a third (3rd) attempt for a single course within a family repeat group if two (2) prior substandard grades are earned. The student will need to submit a Third Enrollment Agreement to be released to enroll for a third (3rd) attempt in the same course.
    - Substandard Grade - a grade of “D+,” “D,” “D-,” “F,” “FW,” “NP,” or “NC.”
    - A maximum of three (3) “W” symbols may be earned for a course. A student will be blocked from registering for a course where three prior “W” symbols have been earned for a single course within a family repeat group.
    - In-progress courses without a final grade are counted in enrollment of family repeat group.
